Item 2.02 Results of Operations and Financial Condition.

On April 5, 2017, Resources Connection, Inc. (“Resources” or “the Company”) issued a press release announcing its financial results for the quarterly period ended February 25, 2017. A copy of the press release is attached hereto as Exhibit 99.1.

Within the attached press release, the Company makes reference to certain non-generally accepted accounting principles (“non-GAAP”) financial measures, including consolidated EBITDA, Adjusted EBITDA and Adjusted EBITDA Margin. The Company believes that these non-GAAP measures are useful to our investors because they are financial measures used by management to assess the core performance of our Company. Accordingly, where these non-GAAP measures are provided, it is done so that investors have the same financial data that management uses with the belief that such information will assist the investment community in assessing the underlying performance of the Company on a year-over-year and sequential basis. Whenever such information is presented, the Company has complied with the provisions of the rules under Regulation G and Item 2.02 of Form 8-K. In addition to the reasons described above, specific reasons the Company’s management believes that the presentation of certain non-GAAP financial measures provides useful information to investors regarding the Company’s financial condition, results of operations and cash flows are as follows:

The non-GAAP measures presented in the attached press release are not in accordance with, or an alternative for, GAAP and may be different from non-GAAP measures used by other companies. In addition, these non-GAAP measures are not based on any comprehensive set of accounting rules or principles. The Company believes that non-GAAP measures have limitations in that they do not reflect all of the amounts associated with the Company’s results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate the Company’s results of operations in conjunction with the corresponding GAAP measures.

For its internal budgeting process, the Company’s management uses financial statements that include Consolidated EBITDA, Adjusted EBITDA and EBITDA Margin. The Company’s management also uses the foregoing non-GAAP measures, in addition to other GAAP measures, in reviewing the financial results of the Company.

The information in Item 2.02 of this current report on Form 8-K, as well as Exhibit 99.1 hereto, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended.

Item 9.01 Financial Statements and Exhibits.

Press Release issued April 5, 2017

Resources Connection, Inc. Reports Fiscal 2017 Third Quarter Results***Revenue of \$143.8 million******Net income of \$2.9 million and adjusted EBITDA* of \$8.4 million******Announces three key strategic initiatives to enhance revenue and profitability***

IRVINE, Calif.--(BUSINESS WIRE)--April 5, 2017--Resources Connection, Inc. (NASDAQ: RECN), a multinational business consulting firm, operating as Resources Global Professionals (the "Company" or "RGP"), today announced its financial results for the fiscal 2017 third quarter ended February 25, 2017.

Revenue for the fiscal 2017 third quarter was \$143.8 million, with net income per diluted share of \$0.09. Revenue improved quarter-over-quarter in Europe (up 4.7%) and Asia Pacific (up 5.0%). Net income for the quarter was \$2.9 million (2.0% of revenue), with an adjusted EBITDA* of \$8.4 million (5.8% of revenue). The Company also paid a quarterly cash dividend of \$0.11 per share, resulting in a total dividend payment of \$3.3 million and repurchased 400,100 shares of its common stock for \$6.9 million.

"I am pleased with the improving performance that we have seen in Europe and Asia Pacific, but there is more we can do to improve results in our North American practices, where we have been adversely affected by negative trends in our financial services and oil and gas businesses," said Kate Duchene, President and Chief Executive Officer of RGP. "As a management team, we are working hard to identify new ways to drive our revenue generation across the business. In order to address head on the underlying factors that have limited our recent performance, we have developed three major strategic initiatives that will form the foundation of a go-forward strategy for RGP."

*Adjusted EBITDA is defined as earnings before interest, income taxes, depreciation, amortization and stock-based compensation

KEY STRATEGIC INITIATIVES

The Company today announced that it has implemented three strategic initiatives to help improve its performance in both cost containment and revenue generation. The initiatives include (1) reducing selling, general and administrative expenses by approximately \$7.0 million per year, which will result in the Company taking a charge of approximately \$2.0-2.5 million in the fourth quarter related primarily to severance expenses and office consolidations, (2) improving the sales culture and business development process, and (3) redesigning the business model to enhance client offerings.

The first initiative, which includes a clear and actionable plan for reducing costs in low growth markets, will streamline the Company's field and back office operations to better match current and anticipated demand in certain geographies. The implementation of this plan will result in a reduction in overhead expenses and head count, and is expected to be completed by the end of the fiscal 2017 fourth quarter.

The second priority initiative focuses on driving sales on an enterprise level to advance the account development and management activities in local markets, and will support a more sophisticated and robust sales culture. The initiative includes four major components: the implementation of Salesforce as a global Customer Relationship Management tool and the realignment of the Company's sales process, the establishment of an enterprise-wide Business Development function, the creation of a Strategic Client Program dedicated to expanding service and revenue in the Company's highest level clients, and the evolution of the incentive compensation plans to prioritize growth. These transition activities will involve multi-step changes that are expected to take approximately 12-18 months to complete.

Finally, the Company's decision to redesign its operating model is expected to enhance its client offerings, providing insightful business solutions as well as industry-leading project execution. For example, the Company will build deeper capabilities in project support for M&A transactions and Data Solutions, including Data Governance, Privacy, Security & Analytics. The shift will also enable stronger inter-office collaboration and allow the Company to deliver improved solutions, expertise and talent to all of its clients around the globe, regardless of their location.

"Our focus has always been to deliver exceptional service to help our clients work differently and better," said Duchene. "To continue to do that at the highest level – and while delivering the strongest possible business results – we are committed to evolving. We will build on our strengths and adapt our services and model to the changing needs of our client base. We are confident that the three strategic initiatives we announced today will bolster our offerings for our clients and drive better productivity in our business over the long term."

FISCAL THIRD QUARTER REVIEW

Revenue for the third quarter of fiscal 2017 decreased by 2.0% (1.2% constant currency) to \$143.8 million compared to \$146.8 million in the prior year third quarter. On a sequential basis, third quarter revenue decreased by 2.5% (1.8% constant currency) compared to \$147.6 million in the second quarter of fiscal 2017. The third quarter of each fiscal year contains the Christmas, New Year's and Chinese New Year's holidays. Quarter-over-quarter constant currency revenue calculations are computed using the comparable third quarter fiscal 2016 conversion rates, and the sequential quarter constant currency is computed using the comparable second quarter fiscal 2017 conversion rates for revenue generated internationally.

Revenue in the U.S. decreased by 3.4% quarter-over-quarter and by 0.6% sequentially, primarily impacted by declines in the financial services and energy sectors. International revenue improved by 4.5% quarter-over-quarter (8.8% constant currency), reflecting RGP's improving performance overseas, while decreasing 10.0% sequentially (6.7% constant currency), primarily due to the expected impact of the holiday season.

Net income declined in the third quarter of fiscal 2017 to \$2.9 million, or \$0.09 per diluted share, compared to \$6.0 million, or \$0.16 per diluted share, in the prior year third quarter.

Gross margin was 36.3% in the third quarter of fiscal 2017, compared to 37.4% in the prior year third quarter, as a result of an unfavorable change in the bill rate/pay rate ratio and an increase in costs related to the Company's self-insured medical program. Sequentially, gross margin decreased 200 basis points from 38.3% in the second quarter of fiscal 2017, primarily due to an increase in employer payroll taxes after the reset for the new calendar year and the aforementioned increase in medical coverage costs.

Selling, general and administrative expenses ("S, G & A") for the third quarter of fiscal 2017 were \$45.4 million (31.5% of revenue) compared to \$43.3 million (29.5% of revenue) in the prior year third quarter and \$46.1 million (31.2% of revenue) in the second quarter of fiscal 2017. The quarter-over-quarter increase is related to compensation and related benefit costs attributable to investments made in our client delivery Managing Consultant program to support the solutions initiatives underway. S, G & A in the second quarter of fiscal 2017 includes \$1.5 million in severance and additional stock compensation expense for acceleration of vesting of certain options related to the resignation of a senior executive. The remaining sequential increase was driven by an increase in employer payroll taxes at the beginning of the new calendar year and increased medical coverage costs.

Revenue for the nine months ended February 25, 2017 was \$434.8 million compared to \$446.0 million for the nine months ended February 27, 2016. Net income for the nine months ended February 25, 2017 was \$14.2 million or \$0.41 per diluted share, including \$0.03 per diluted share related to severance charges. This compares to net income for the nine months ended February 27, 2016 of \$21.8 million or \$0.58 per diluted share.

Cash provided by operations and Adjusted EBITDA were \$6.9 million and \$32.9 million (7.6% of revenue), respectively, for the nine months ended February 25, 2017, compared to cash provided by operations and Adjusted EBITDA of \$7.0 million and \$45.8 million (10.3% of revenue), respectively, for the nine months ended February 27, 2016.

In the third quarter of fiscal 2017, the Company repurchased 400,100 shares of its common stock for \$6.9 million under its existing share repurchase program and paid a quarterly dividend to shareholders totaling \$3.3 million (\$0.11 per diluted share). Currently, the Company has a total of \$125.1 million available for share purchases under its existing share repurchase program. As of February 25, 2017, the Company's cash, cash equivalents and short-term investments were \$44.6 million compared to \$116.0 million at fiscal year-end May 28, 2016. The decrease reflects the use of cash to complete the Company's tender offer in November 2016, as outlined in the second quarter earnings announcement.

CONFERENCE CALL

RGP will hold a conference call for analysts and investors at 5:00 p.m., ET today, April 5, 2017. This conference call will be available for listening via a webcast on the Company's website: <http://www.rgp.com>. An audio replay of the conference call will be available through April 12, 2017 at 855-859-2056. The conference ID number for the replay is 81231408. The call will also be archived on the RGP website for 30 days.

ABOUT RGP

RGP, the operating subsidiary of Resources Connection, Inc. (NASDAQ: RECN), is a multinational business consulting firm that helps leaders execute internal initiatives. Partnering with business leaders, we drive internal change across all parts of a global enterprise – accounting; finance; governance, risk and compliance management; corporate advisory, strategic communications and restructuring; information management; human capital; supply chain management; and legal and regulatory.

RGP was founded in 1996 within a Big Four accounting firm. Today, we are a publicly traded company with over 3,300 professionals, annually serving over 1,800 clients around the world from 66 practice offices.

Headquartered in Irvine, California, RGP has served 86 of the Fortune 100 companies.

The Company is listed on the NASDAQ Global Select Market, the exchange's highest tier by listing standards. More information about RGP is available at <http://www.rgp.com>. (RECN-F)

Certain statements in this press release are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements may be identified by words such as "anticipates," "believes," "can," "continue," "could," "estimates," "expects," "intends," "may," "plans," "potential," "predicts," "remain," "should" or "will" or the negative of these terms or other comparable terminology. In this press release, such statements include the Company's expectations regarding strategic initiatives to enhance revenue and profitability. Such statements and all phases of the Company's operations are subject to known and unknown risks, uncertainties and other factors that could cause our actual results, levels of activity, performance or achievements and those of our industry to differ materially from those expressed or implied by these forward-looking statements. Risks and uncertainties include seasonality, overall economic conditions and other factors and uncertainties as are identified in our most recent Quarterly Report on Form 10-Q and our other public filings made with the Securities and Exchange Commission (File No. 0-32113). Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business or operating results. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company does not intend, and undertakes no obligation, to update the forward-looking statements in this press release to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, unless required by law to do so.

Cash dividends declared per common share	\$ 0.11	\$ 0.10	\$ 0.33	\$ 0.30

EXPLANATORY NOTES

- (1) Selling, general and administrative expenses include non-cash compensation expense for employee stock option grants, restricted share grants and employee stock purchases of \$1.5 million for both the three months ended February 25, 2017 and February 27, 2016, and \$4.7 million and \$5.0 million for the nine months ended February 25, 2017 and February 27, 2016, respectively. The expense for the nine months ended February 25, 2017 includes approximately \$400,000, or \$0.01 per share, related to accelerated vesting of stock options as part of the agreement with a departing senior executive. The expense for the nine months ended February 27, 2016 includes approximately \$900,000, or \$0.01 per share, related to accelerated vesting of stock options related to Don Murray's transition from Executive Chairman to non-employee Chairman of the Board.
- (2) The Company's effective tax rate was approximately 49% and approximately 44% for the three months ended February 25, 2017 and February 27, 2016, respectively, and approximately 44% and 43% for the nine months ended February 25, 2017 and February 27, 2016, respectively. The nine months ended February 25, 2017 include the reversal of approximately \$200,000 of tax valuation allowances and the nine months ended February 27, 2016 include the reversal of approximately \$290,000 of tax valuation allowances. For all periods presented, the Company is unable to benefit from, or has limitations on the benefit of, tax losses in certain foreign jurisdictions. To a lesser extent, the accounting treatment under GAAP for the cost associated with incentive stock options and shares purchased through the Employee Stock Purchase Plan has caused volatility in the Company's effective tax rate.

EXPLANATORY NOTE

The Company utilizes certain financial measures and key performance indicators that are not defined by, or calculated in accordance with, GAAP to assess our financial and operating performance. A non-GAAP financial measure is defined as a numerical measure of a company's financial performance that (i) excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the comparable measure calculated and presented in accordance with GAAP in the statement of operations; or (ii) includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the comparable measure so calculated and presented.

EBITDA, Adjusted EBITDA and Adjusted EBITDA Margin are non-GAAP financial measures. EBITDA is calculated as net income before amortization of intangible assets, depreciation expense, interest income and income taxes. Adjusted EBITDA is calculated as EBITDA plus stock-based compensation expense. Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by revenue. We believe that EBITDA, Adjusted EBITDA and Adjusted EBITDA Margin, which are used by management to assess the core performance of our Company, also provide useful information to our investors because they are alternative financial measures that investors can also use to assess the core performance of our Company and compare it to the Company's peers. EBITDA, Adjusted EBITDA and Adjusted EBITDA Margin are not measurements of financial performance or liquidity under GAAP and should not be considered in isolation or construed as substitutes for net income or other cash flow data prepared in accordance with GAAP for purposes of analyzing our profitability or liquidity. These measures should be considered in addition to, and not as a substitute for, net income, earnings per share, cash flows or other measures of financial performance prepared in accordance with GAAP.
