

Regal Entertainment Group Presents Toy Story 1 & 2 Double Feature in Disney Digital 3D at 269 Locations

Advance tickets on sale now

Knoxville, Tennessee - September 25, 2009 - Regal Entertainment Group (NYSE: RGC), a leading motion picture exhibitor owning and operating the largest theatre circuit in the United States, announced today that tickets are on sale now for the double feature of *Toy Story* and *Toy Story 2* in Disney Digital 3D. Regal Entertainment Group will offer this digital 3D presentation at 269 locations across the country utilizing the RealD cinema system. This special engagement is available at Regal Entertainment Group theatres for two weeks only October 2-15.

"Regal is excited to have Woody, Buzz, Jessie and all the beloved *Toy Story* characters back in our theatres. This special double feature will provide a fun day at the movies for the entire family. The unique 3D presentations will certainly add to the enjoyment as moviegoers can experience *Toy Story* in a whole new way," stated Dick Westerling, Senior Vice President of Marketing and Advertising for Regal Entertainment Group.

Disney-Pixar's *Toy Story* takes moviegoers back to that fun-filled journey, viewed mostly through the eyes of two rival toys-Woody (voice of Tom Hanks), the lanky, likable cowboy, and Buzz Lightyear (voice of Tim Allen), the fearless space ranger. *Toy Story 2* picks up as Andy heads off to Cowboy Camp, leaving his toys to their own devices. Things shift into high gear when an obsessive toy collector named Al kidnaps Woody. At Al's apartment, Woody discovers that he is a collectible from a 1950s TV show called "Woody's Roundup," and he meets the other prized toys from that show - Jessie the cowgirl (voice of Joan Cusack), Bullseye the horse and Stinky Pete the Prospector.

Audience members will utilize comfortable, lightweight glasses to view the film's 3D effects. These glasses can be taken home as souvenirs of the movie or recycled after guests exit the presentation.
