**PROXY STATEMENT
FOR
2002 ANNUAL MEETING OF STOCKHOLDERS**

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the "Common Stock"), of Rambus Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the annual meeting of the Company's stockholders (the "Annual Meeting") to be held on Tuesday, February 5, 2002 at 10:00 a.m., local time, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Westin Hotel, 675 El Camino Real, Palo Alto, California 94301. The telephone number at the Westin Hotel is (650) 321-4422. The Company's headquarters are located at 4440 El Camino Real, Los Altos, California 94022, and the telephone number at that location is (650) 947-5000.

This Proxy Statement and the accompanying form of proxy are first being mailed on or about December 20, 2001, together with the Company's 2001 Annual Report to Stockholders (which includes the Company's annual report on Form 10-K for its 2001 fiscal year), to all holders of Common Stock entitled to vote at the Annual Meeting. Stockholders may obtain, for the cost of copying, a copy of any exhibits to the Company's 10-K by writing to the Secretary of the Company at the Company's headquarters.

Voting at the Annual Meeting; Record Date

Only holders of record of the Company's Common Stock at the close of business on December 11, 2001 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. As of the Record Date, there were 100,536,870 shares of the Company's Common Stock outstanding and entitled to be voted at the Annual Meeting. No shares of Preferred Stock were outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Company's Common Stock, see "Security Ownership of Certain Beneficial Owners and Management." All share numbers represented in this Proxy Statement reflect a four-for-one split of the Company's Common Stock effective June 14, 2000.

Quorum

The Annual Meeting will be held if a majority of the outstanding Common Stock entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your Common Stock will be counted for purposes of determining whether there is a quorum, even if you wish to abstain from voting from some of the proposals presented at the meeting.

If you hold your Common Stock through a broker, stock exchange rules prohibit the broker from voting shares held in your brokerage account on some proposals (a "broker non-vote") unless you have given voting instructions to the broker. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

The vote of the stockholders will be tabulated by persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting.

Proxies

All shares entitled to vote and represented by properly executed proxies received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that

proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting. The Company has an advance notice Bylaw provision described in "Procedure for Submitting Stockholder Proposals" below. To date, the Company has not received from any stockholder any notice with respect to nomination for the election of directors or other business to be brought before the Annual Meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy may be revoked (i) by filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy, in either case later dated than the prior proxy relating to the same shares or (ii) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022, Attention: Secretary.

Expenses of Solicitation

All expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be borne by the Company. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, telegram, letter, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Procedure for Submitting Stockholder Proposals

Stockholders may present proper proposals for inclusion in the Company's Proxy Statement and for consideration at the next annual meeting of its stockholders by submitting their proposals in writing to the Secretary of the Company in a timely manner. In order to be included in the Company's proxy materials for the annual meeting of stockholders to be held in the year 2003, stockholder proposals must be received by the Secretary of the Company no later than August 22, 2002, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's Proxy Statement, to be brought before an annual meeting of stockholders. For nominations or other business to be properly brought before the meeting by a stockholder, such stockholder must provide written notice delivered to the Secretary of the Company 90 days in advance of the annual or special meeting, which notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters. In the event that less than 100 days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022, Attention: Secretary.

Delivery of Voting Materials

To decrease expenses associated with delivering duplicate voting materials to the Company's stockholders who may have more than one Rambus stock account, the Company is taking advantage of certain new householding rules that permit the delivery of only one set of voting materials to two or more stockholders who share an address. The Company intends to send one set of voting materials to a single address unless the Company has received instructions to deliver separate sets of voting materials. The voting materials consist of the Proxy Statement, the proxy card and the 2001 Annual Report to Stockholders (which includes the Company's annual report on Form 10-K for fiscal year 2001). Any stockholders who share an address and who have received only one set of voting materials may write or call the Company to request a separate copy of these materials. For future annual meetings, stockholders may request separate voting materials, or request that the Company send only one set of voting materials if stockholders are receiving multiple copies of those materials, by calling the Company at: (650) 947-5000 or by writing to the Company at: 4440 El Camino Real, Los Altos, California 94022, Att'n: Secretary.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

General

The Company's Board of Directors is currently comprised of seven members who are divided into two classes with overlapping two-year terms. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the two classes so that, as nearly as possible, each class will consist of an equal number of directors.

Nominees for Class I Directors

Four Class I directors are to be elected at the Annual Meeting for a two-year term ending in 2004. The Board of Directors has nominated BRUCE DUNLEVIE, CHARLES GESCHKE, MARK HOROWITZ and DAVID MOORING for re-election as Class I directors. Unless otherwise instructed, the persons named in the enclosed proxy intend to vote proxies received by them for the re-election of Mr. Dunlevie, Dr. Geschke, Dr. Horowitz and Mr. Mooring. The Company expects that each of Messrs. Dunlevie and Mooring and Drs. Geschke and Horowitz will accept such nomination; however, in the event that Mr. Dunlevie, Dr. Geschke, Dr. Horowitz or Mr. Mooring is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the present Board of Directors. The term of office of each person elected as a director will continue until such director's term expires in 2004 or until such director's successor has been elected and qualified.

Directors are elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. This means that the four nominees who receive the greatest number of votes will be elected. There are no cumulative voting rights in the election of directors. Assuming a quorum is present, abstentions will have the effect of a vote "against" the election of a director, and broker non-votes will have no effect on the outcome of the vote.

The Board of Directors recommends a vote "FOR" the nominees listed above.

Board Meetings and Committees

During fiscal 2001, the Board of Directors held four meetings (including regularly scheduled and special meetings), and no incumbent director attended fewer than 75% of the total number of meetings of the Board of Directors and the committees, if any, of which he was a member. On three occasions, certain matters approved by the Board of Directors were approved by unanimous written consent.

The Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee and a Stock Option Committee. The Company has no nominating committee or committee performing a similar function. The Audit Committee and the Compensation Committee currently consist of William Davidow, Bruce Dunlevie and Charles Geschke. The Stock Option Committee currently consists of one member, Geoff Tate.

Audit Committee. The Audit Committee, which met four times during fiscal 2001, makes such examinations as are necessary to monitor the corporate financial reporting and the internal and external audits of the Company, provides to the Board the results of its examinations and recommendations derived therefrom, outlines to the Board improvements made, or to be made, in internal accounting controls, nominates independent auditors, and provides such additional information and materials as it may deem necessary to make the Board aware of significant financial matters that require Board attention. The Board of Directors adopted and approved a written charter for the Audit Committee in January 1998, a copy of which was attached in the proxy statement relating to the 2001 annual meeting of stockholders. The Board of Directors has determined that all members of the Audit Committee are "independent" as that term is defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers.

Compensation Committee. The Compensation Committee, which met once during fiscal 2001, reviews and makes recommendations to the Board of Directors regarding all forms of compensation to be provided to the executive officers and directors of the Company, including stock compensation and loans, and all bonus and stock compensation to all employees. In addition, the Stock Option Committee has the authority to administer the issuance of Common Stock Equivalents under the 1997 Stock Plan. The Stock Option Committee acted by written consent six times during fiscal 2001.

Director Compensation

Board members do not receive any cash fees for their service on the Board or any Board committee, but they are entitled to reimbursement of all reasonable out-of-pocket expenses incurred in connection with their attendance at Board and Board committee meetings. All Board members are eligible to receive stock options pursuant to the discretionary option grant program in effect under the 1997 Stock Plan. The 1997 Stock Plan also provides for an automatic grant of an option to purchase 40,000 shares of Common Stock (the "First Option") to each non-employee, non-founder director who becomes a non-employee, non-founder director after the effective date of the 1997 Stock Plan provided that an employee director who becomes a non-employee, non-founder director is not eligible for the First Option. In addition, each non-employee, non-founder director is automatically granted an option to purchase 20,000 shares (a "Subsequent Option") effective October 1 of each year provided he or she is then a non-employee, non-founder director and, provided further, that on such date he or she has served on the Board for at least six months. On October 1, 2001, Dr. Davidow, Mr. Dunlevie and Dr. Geschke were each granted a Subsequent Option to purchase 20,000 shares of Common Stock with an exercise price equal to the closing price of the Company's Common Stock on the Nasdaq Stock Market.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended September 30, 2001, which include the consolidated balance sheets of the Company as of September 30, 2001 and 2000, and the related consolidated statements of operations, stockholders' equity and comprehensive income, and cash flows for each of the three years in the period ended September 30, 2001, and the notes thereto. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

Review with Management

The Audit Committee has reviewed and discussed the Company's audited financial statements with management.

Review and Discussions with Independent Accountants

The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent accountants, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards) which includes, among other items, matters related to the conduct of the audit of the Company's financial statements.

The Audit Committee has also received written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (which relates to the accountants' independence from the Company and its related entities) and has discussed with PricewaterhouseCoopers LLP its independence from the Company.

Conclusion

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's annual report on Form 10-K for the fiscal year ended September 30, 2001.

SUBMITTED BY THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Board of Directors has appointed PricewaterhouseCoopers LLP as independent accountants of the Company to audit the consolidated financial statements of the Company for the fiscal year ending September 30, 2002, and has determined that it would be desirable to request that the stockholders ratify such appointment.

PricewaterhouseCoopers LLP (or its predecessor, Coopers & Lybrand L.L.P.) has audited the Company's financial statements since 1991. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

Audit Fees

In connection with the audit of the Company's annual financial statements for the fiscal year ended September 30, 2001, the Company was billed an aggregate of \$100,500 for professional services by PricewaterhouseCoopers LLP, its independent accountants. In addition, the Company was billed an aggregate of \$34,500 in connection with the independent accountants' review of financial statements contained in the Company's 10-Qs for the fiscal year ended September 30, 2001.

Financial Information Systems Design and Implementation Fees

The Company did not incur any fees for financial information systems design or implementation during the fiscal year ended September 30, 2001.

All Other Fees

During the fiscal year ended September 30, 2001, the Company was billed \$57,937 for tax and other services rendered by PricewaterhouseCoopers LLP, its independent accountants.

The Audit Committee has considered the effect of the provision of non-audit services on the independence of PricewaterhouseCoopers LLP. The Audit Committee has determined that the provision of non-audit services provided by PricewaterhouseCoopers LLP is compatible with maintaining the firm's independence as provided by the Independence Standards Board Standard No. 1.

The Board of Directors recommends a vote "FOR" this proposal.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Under the proxy rules of the Securities and Exchange Commission, a person who directly or indirectly has or shares voting power or investment power with respect to a security is considered a beneficial owner of the security. Voting power is the power to vote or direct the voting of shares, and investment power is the power to dispose of or direct the disposition of shares. Shares as to which voting power or investment power may be acquired within 60 days are also considered as beneficially owned under the proxy rules.

The following table sets forth certain information as of November 1, 2001, regarding beneficial ownership of the Company's Common Stock by (i) each person who is known to the Company to own beneficially more than five percent of the Company's Common Stock, (ii) each director and each nominee for election as a director of the Company, (iii) each executive officer named in the Summary Compensation Table set forth in this Proxy Statement, and (iv) all current directors and officers of the Company as a group. The information on beneficial ownership in the table and the footnotes thereto is based upon the Company's records and the most recent Schedule 13D or 13G filed by each such person or entity and information supplied to the Company by such person or entity. Unless otherwise indicated, each person has sole voting power and sole investment power with respect to the shares shown.

Name or Group of Beneficial Owners	Number of Shares Beneficially Owned(1)	Percentage of Shares Beneficially Owned(1)
Geoff Tate(2)	3,805,955	3.8
David Mooring(3)	832,393	*
Robert K. Eulau(4)	70,737	*
Gary Harmon(5)	814,489	*
Ed Larsen(6)	97,569	*
William Davidow(7)	1,059,055	1.1
Bruce Dunlevie(8)	4,251,523	4.2
P. Michael Farmwald	4,040,936	4.0
Charles Geschke(9)	319,999	*
Mark Horowitz(10)	2,103,716	2.1
All current directors and officers as a group (11 persons) (11)	16,708,932	16.4

* Less than 1 percent.

(1) Percentage of shares beneficially owned is based on 100,528,334 shares outstanding as of November 1, 2001. Unless otherwise indicated below, the persons and entities named in the table have sole voting and investment power with respect to all shares beneficially owned, subject to community property laws where applicable. Shares subject to options which are exercisable within 60 days of November 1, 2001 are deemed to be outstanding and to be beneficially owned by the person holding such options for the purpose of computing the percentage ownership of such person, but are not deemed to be outstanding and to be beneficially owned for the purpose of computing the percentage ownership of any other person.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In February 1994, the Company licensed its interface technology to Chromatic Research, Inc. ("Chromatic"), a multimedia processor design company. Under the terms of the license, Rambus received 626,053 shares of Chromatic Series B Preferred Stock. In December 1997, the Company received an additional 142,857 shares of Chromatic Series I Preferred Stock in return for an investment in Chromatic of \$1,000,000. As of the Series I financing, Rambus' ownership interest represented approximately 2.7% of the outstanding shares of Chromatic. In November 1998, Chromatic was acquired by ATI Technologies Inc. and the Company received a total of \$782,221 in payment for its shares. Chromatic was formed in May 1993 by, among others, Dr. Farmwald, who served as a director of, and consultant to, Chromatic. Investors in Chromatic included affiliates of Mohr, Davidow Ventures, Merrill, Pickard, Anderson & Eyre and Kleiner Perkins, Caufield & Byers. Dr. Davidow and Mr. Dunlevie also served on the Board of Directors of Chromatic.

The Company believes that all related-party transactions described above were on terms no less favorable than could have been otherwise obtained from unrelated third parties. All future transactions between the Company and its executive officers, directors and principal stockholders will be approved by a majority of the independent and disinterested members of the Board of Directors and will be on terms no less favorable than could be obtained from unrelated third parties.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors (the "Committee") consists of directors William Davidow, Bruce Dunlevie and Charles Geschke, none of whom are employees or officers of the Company. The Committee sets policy and administers the Company's cash and equity incentive programs for the purpose of attracting and retaining highly skilled executives and key employees who will promote the Company's business goals and build long-term stockholder value. The Committee is also responsible for reviewing and making recommendations to the Board of Directors regarding all forms of compensation to be provided to the executive officers of the Company.

Compensation Philosophy and Policies

The policy of the Committee is to attract and retain key personnel through the payment of competitive base salaries and to encourage and reward performance through bonuses and stock ownership. The Committee's objectives are to:

- o ensure that there is an appropriate relationship between executive compensation and the creation of stockholder value;
- o ensure that the total compensation program will motivate, retain and attract executives of outstanding abilities; and
- o ensure that current cash and equity incentive opportunities are competitive with comparable companies.

Elements of Compensation

Compensation for officers and key employees includes both cash and equity elements.

Cash compensation consists of base salary, which is determined on the basis of the level of responsibility, expertise and experience of the employee and competitive conditions in the industry. In addition, cash bonuses may be awarded to officers and other key employees.

Ownership of the Company's Common Stock is a key element of executive compensation. Officers and other employees of the Company are eligible to participate in the 1997 Stock Plan and the 1997 Employee Stock Purchase Plan (the "Purchase Plan"). Non-executive officer employees are also eligible to participate in the 1999 Stock Plan. The 1997 Stock Plan permits the Board of Directors or the Committee to grant stock options, stock purchase rights and Common Stock Equivalents to employees on such terms as the Board or the

Committee may determine. The 1999 Stock Plan permits the Board of Directors or the Committee to grant stock options to employees on such terms as the Board or the Committee may determine. The Committee has authority to grant and administer stock options to all employees of the Company. In determining the size of a stock option grant to a new officer or other key employee, the Committee takes into account equity participation by comparable employees within the company, external competitive circumstances and other relevant factors. These options typically vest over 48 months or 60 months and thus require the employee's continuing services to the Company. Additional options may be granted to current employees to reward exceptional performance or to provide additional unvested equity incentives. The vesting of these additional stock options usually will not begin until previous option grants have become fully vested. The Purchase Plan permits employees to acquire Common Stock of the Company through payroll deductions and promotes broad-based equity participation throughout the Company. The Committee believes that such stock plans align the interests of the employees with the long-term interests of the stockholders.

The Company also maintains a 401(k) Plan to provide retirement benefits through tax deferred salary deductions for all its employees. The Company contributes an additional 10% of each employee's contributions on a quarterly basis. The Company contribution is immediately vested.

The Committee has considered the potential future effects of Section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of such \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met. None of the Company's executive officers approached the \$1 million limit in fiscal 2001 nor is any expected to approach such limit in fiscal 2002. However, the provisions of Section 162(m) merit current consideration because, under certain circumstances, the difference between the fair market value and the exercise price of options granted in the present time period, measured at the time of exercise, could be included in the calculation under Section 162(m) of the executive officers' compensation in the time period in which the exercise occurs. This result can be avoided if the plans under which such options are granted comply with certain requirements at the time of grant, including administration by a committee consisting solely of two or more outside directors and stockholder approval of the terms of the plan, including approval of an annual limit stated in the plan on the number of shares with respect to which options may be granted to any employee. The Company's 1997 Stock Plan has been designed and administered to meet such requirements. The Company has not attempted to structure other elements of executive compensation to qualify as performance-based compensation for purposes of Section 162(m).

Fiscal 2001 Executive Compensation

The Company's executive compensation philosophy is that base salary and cash bonuses should reflect the overall financial and non-financial performance of the Company and that non-cash compensation should be closely aligned with stockholder interests. No executive officer of the Company has an employment or severance agreement with the Company. Executive compensation for 2001 included base salary and cash bonuses. Cash bonuses for executive officers were based on the following measures of the Company's performance: operating income, earnings per share and other performance goals. Executive officers, like other employees, were eligible for option grants under the 1997 Stock Plan and to participate in the Purchase Plan. In the first quarter of fiscal 2001, the Company granted to its executive officers 300,000 options to purchase Rambus Common Stock for \$54.625 per share. In general, the options vest ratably over 12-month periods in 2004 and 2005. In the third quarter of fiscal 2001, the Company granted to an executive officer 500,000 options for \$9.07 per share. The options vest ratably over the next five years. In addition, 50,000 options were granted to an executive officer for \$2.50 per share. Vesting of these options is contingent on the achievement of certain business milestones. In the fourth quarter of fiscal 2001, the Company granted to its executive officers 885,000 options for \$4.86 per share. The options vest ratably over 24- and 36-month periods over the next five years.

Fiscal 2001 Chief Executive Officer Compensation

Geoff Tate joined the Company as President and Chief Executive Officer in 1990 and currently serves as Chief Executive Officer. Mr. Tate does not have an employment or severance agreement with the Company. In setting Mr. Tate's compensation, the Compensation Committee, in addition to considering the factors for all executive officers described above, also considers data reflecting comparative compensation information from other companies. In fiscal 2001, Mr. Tate's compensation was based on the Company's overall performance in

relation to goals set in the beginning of the year. In fiscal 2001 the Company granted Mr. Tate options to purchase 840,000 shares of Common Stock. The options vest generally in installments over the next five years and are designed to increase Mr. Tate's incentive to remain with the Company in the future and to closely align Mr. Tate's interests with those of the Company's stockholders.
