2015 PROXY STATEMENT

**For the Annual Meeting of Shareholders
To Be Held October 16, 2015**

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. The person you designate is your “proxy,” and you give the proxy authority to vote your shares by submitting the proxy card. We have designated the following persons to serve as proxies for the annual meeting:

- Robert Glaser, Chief Executive Officer and Chairman of the Board; and
- Michael Parham, Senior Vice President, General Counsel and Corporate Secretary.

Why am I receiving these materials?

The Board of Directors of RealNetworks, Inc. is soliciting proxies for use at the Annual Meeting of Shareholders to be held on Friday, October 16, 2015 at 1:30 p.m. Pacific Time, and for any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held on the first floor of our corporate headquarters building at 1501 First Avenue South, Seattle, Washington 98134.

As a shareholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement. These proxy solicitation materials and RealNetworks’ Annual Report to Shareholders for the fiscal year ended December 31, 2014, including financial statements, were mailed on or about September 15, 2015, to all shareholders entitled to vote at the Annual Meeting.

What proposals will be voted at the Annual Meeting?

Three proposals will be voted on at the Annual Meeting:

- The election of one Class 3 director, Rob Glaser, to serve for a term of three years and until his successor is duly elected and qualified, subject to earlier resignation or removal;
- A non-binding, advisory vote on the compensation of our named executive officers for the fiscal year ended December 31, 2014; and
- The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015.

What are the recommendations of the board of directors?

The board of directors unanimously recommends that you vote:

- “FOR” election of the nominated Class 3 director (Proposal 1);
- “FOR” the proposal regarding an advisory vote on executive compensation (Proposal 2); and
- “FOR” ratification of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015 (Proposal 3).

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for shareholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment. If for any reason the nominee is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by the board of directors.

What constitutes a quorum?

As of the close of business on September 11, 2015, the record date, there were approximately 36,220,000 shares of our common stock outstanding. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock entitled to vote outstanding on the record date will constitute a quorum. Both abstentions and broker non-votes (which occur when a broker indicates on a proxy card that it is not voting on a matter) are considered as shares present at the Annual Meeting for the purpose of determining a quorum.

Who is entitled to vote?

Shareholders holding shares of our common stock at the close of business on the record date may vote at the Annual Meeting. You may vote all shares owned by you as of the record date, including (i) shares held directly in your name as the shareholder of record and (ii) shares held for you as the beneficial owner in street name through a broker, bank or other nominee. Each holder of our common stock is entitled to one vote for each share of common stock held as of the record date.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the “shareholder of record.” A shareholder of record is also referred to as a registered shareholder.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name. Your broker, bank or nominee is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares. On anything other than routine matters (such as a proposal to ratify an independent registered public accounting firm), your broker will not be able to vote your shares unless you give your broker specific voting instructions. As such, you must give your broker voting instructions in order for your vote to be counted on the proposal to elect directors (Proposal 1) and the proposal regarding an advisory vote on executive compensation (Proposal 2). We strongly encourage you to vote.

How do I vote?

Shareholders of record can vote by telephone, by the internet or by mail, as described below. If you are a beneficial owner, please refer to your proxy card or the information forwarded by your broker, bank or other holder of record to see what options are available to you.

Registered shareholders may cast their vote using any of the following methods:

- (1) Voting online by following the internet voting instructions at www.envisionreports.com/rnwk;
- (2) Calling 1-800-652-VOTE (8683) and voting by following the instructions provided on the phone line; or
- (3) Signing, dating and promptly mailing your proxy card in the enclosed postage-paid envelope;
- (4) In person at the Annual Meeting. *Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions by telephone, internet, or mail so that your vote will be counted if you later decide not to attend the Annual Meeting.*

How are votes counted?

In the election of the Class 3 directors, you may vote “FOR” the nominee or your vote may be “WITHHELD” with respect to the nominee. With respect to the advisory vote on executive compensation and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the current fiscal year, you may vote “FOR,” vote “AGAINST” or “ABSTAIN.” If you “ABSTAIN,” the abstention has no effect on the voting results, although abstentions are considered votes cast for the purpose of determining the presence of a quorum. If you provide specific instructions, your shares will be voted as you instruct.

If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors (“FOR” the Class 3 nominee to the board of directors, “FOR” the advisory vote on executive compensation, and “FOR” ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year, and in the discretion of the proxy holders on any other matters that properly come before the Annual Meeting). If you are a beneficial holder and do not return a voting instruction form, your broker, bank or nominee may only vote on the ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year.

What vote is required to approve each item?

In the election of directors (Proposal 1), the candidate for director who receives the highest number of affirmative votes will be elected if a quorum is present at the Annual Meeting. In the advisory vote on executive compensation (Proposal 2) and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the current fiscal year (Proposal 3), such proposals will be approved if the number of votes cast in favor of such proposal exceeds the number of votes cast against such proposal and a quorum is present at the Annual Meeting.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when a broker (i) has not received voting instructions from the beneficial owner with respect to a particular proposal and (ii) lacks discretionary voting power to vote those shares with respect to that particular proposal. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present, but only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with each proposal.

A broker is entitled to vote shares held for a beneficial owner on “routine” matters, such as the ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year (Proposal 3), without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain “non-routine” matters, such as the uncontested election of our directors (Proposal 1) and the advisory vote on executive compensation (Proposal 2). Thus, if you do not give your broker specific voting instructions, your shares may not be voted on these “non-routine” matters and will not be counted in determining the number of shares necessary for approval.

Can I change or revoke my proxy?

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Corporate Secretary of RealNetworks at our principal offices as set forth above in the Notice of Annual Meeting a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Is cumulative voting permitted for the election of directors?

No. Neither our charter nor our bylaws permit cumulative voting at any election of directors.

How are proxies solicited?

The costs and expenses of soliciting the proxies accompanying this proxy statement from shareholders will be borne by RealNetworks. Our employees, officers and directors may solicit proxies in person, by telephone or by electronic communication. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses. In addition, we may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of common stock. Your cooperation in promptly voting your shares and submitting your proxy by telephone, internet or by completing and returning the enclosed proxy card will help to avoid additional expense.

Who will serve as inspector of elections?

Our officers are authorized to designate an inspector of elections for the meeting. It is anticipated that the inspector of elections will be a representative from Computershare.

When is our fiscal year end?

Our fiscal year ends on December 31. This proxy statement provides information about the matters to be voted on at the Annual Meeting and additional information about us and our executive officers and directors. Some of the information is provided as of the end of our most recently completed fiscal year and some information is provided as of a more current date.

How can shareholders make a proposal for the 2016 annual meeting?

An eligible shareholder who desires to have a qualified proposal considered for inclusion in the proxy statement and form of proxy prepared in connection with our 2016 annual meeting of shareholders must deliver a copy of the proposal to our Corporate Secretary, at our principal offices, not less than 120 days prior to the first anniversary of the date that this proxy statement was released to our shareholders, or, if the date of our 2016 annual meeting has been changed by more than 30 days from the date of our 2015 annual meeting, then no later than a reasonable time before we begin to print and mail our proxy materials. To be eligible to submit a proposal for inclusion in our proxy statement, a shareholder must have continually been a record or beneficial owner of

shares of common stock having a market value of at least \$2,000 (or representing at least 1% of the shares entitled to vote on the proposal), for a period of at least one year prior to submitting the proposal, and the shareholder must continue to hold the shares through the date on which the meeting is held.

A shareholder of record who intends to submit a proposal at the 2016 annual meeting of shareholders that is not eligible or not intended for inclusion in our proxy statement must provide us with written notice, addressed to the Corporate Secretary at our principal offices, not less than 120 days prior to the first anniversary of the date that this proxy statement was released to our shareholders, or, if the date of our 2016 annual meeting has been changed by more than 30 days from the date of our 2015 annual meeting, then no later than a reasonable time before we begin to print and mail our proxy materials. The notice must also satisfy certain additional requirements specified in our bylaws, a copy of which will be sent to any shareholder upon written request to our Corporate Secretary.

How can shareholders communicate with the Board of Directors?

Shareholders who wish to communicate with our Board of Directors, or with any individual member of the Board, may do so by sending such communication in writing to the attention of our Corporate Secretary at the address of our principal executive offices with a request to forward the same to the intended recipient. Shareholder communications must include confirmation that the sender is our shareholder. All such communications will be reviewed by our Corporate Secretary or Chief Financial Officer in order to create an appropriate record of the communication, to assure director privacy, and to determine whether the communication relates to matters that are appropriate for review by our Board of Directors or by any individual director. Communications will not be forwarded to Board members that (i) are unrelated to our business, (ii) contain improper commercial solicitations, (iii) contain material that is not appropriate for review by the Board of Directors based upon our bylaws and the established practice and procedure of the Board, or (iv) contain other improper or immaterial information.

I share an address with another shareholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

If you share an address with another shareholder, each shareholder may not receive a separate copy of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials. Shareholders who do not receive a separate copy of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials, but would like to receive a separate copy or additional copies, may request these materials by calling 1-206-892-6320 or writing to: Investor Relations, RealNetworks, Inc., 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

Shareholders who share an address and receive multiple copies of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials may also request to receive a single copy by following the instructions above. Current and prospective investors can also access our Form 10-K, proxy statement and other financial information on the “Financial Information” section of our website at <http://investor.realnetworks.com>.

PROPOSAL 1 — ELECTION OF DIRECTORS

Our Amended and Restated Bylaws provide for a Board of Directors that consists of not less than two and no more than nine members. Our Amended and Restated Articles of Incorporation provide that when the Board of Directors consists of four or more members, the directors will be divided into three classes (each class being as nearly equal in number as possible), with directors serving for staggered, three-year terms. The authorized number of directors is currently set at six, with no current vacancies.

The term of our Class 3 director expires at the Annual Meeting. The board of directors' nominee for election by the shareholders is Rob Glaser. If elected, Mr. Glaser will serve as a director until our annual meeting of shareholders in 2018 and until his successor is elected and qualified, subject to earlier resignation or removal. If Mr. Glaser is elected, the board of directors will continue to have six members following the Annual Meeting.

Michael T. Galgon, Dawn G. Lepore and Dominique Trempont are Class 1 directors whose terms expire at the 2016 annual meeting of shareholders. Janice Roberts and Michael B. Slade, are Class 2 directors whose terms expire at the 2017 annual meeting of shareholders.

Mr. Glaser has been nominated by the Board of Directors, upon recommendation of the Nominating and Corporate Governance Committee of the Board of Directors, comprised of non-management directors, and recommended to the shareholders by the Board of Directors for election at the Annual Meeting. The accompanying proxy will be voted **FOR** the election of Mr. Glaser to the Board of Directors, except where authority to so vote is withheld. Proxies may not be voted for a greater number of persons than the number of nominees named. The nominee has consented to serve as a member of our board if elected. If at the time of the Annual Meeting the nominee is unable or declines to serve as a director, the discretionary authority provided in the enclosed proxy will be exercised to vote for a substitute candidate designated by the Nominating and Corporate Governance Committee of the Board of Directors. The Board of Directors has no reason to believe that the nominee will be unable, or will decline, to serve as a director.

Director Independence

The Board has determined that (i) Mr. Glaser is not independent under the Nasdaq listing standards, and (ii) all directors who are not standing for election at the Annual Meeting, except for Mr. Slade, are independent under the Nasdaq listing standards and the applicable rules promulgated by the Securities and Exchange Commission, or the SEC.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE NOMINEE NAMED IN PROPOSAL 1.

BOARD OF DIRECTORS

Our business is managed under the direction of a Board of Directors, which has responsibility for establishing broad corporate policies and for the overall performance of RealNetworks. It is not, however, involved in operating details on a day-to-day basis.

Identification, Evaluation and Qualification of Director Nominees

In general, the Nominating and Corporate Governance Committee reviews director candidates identified by Board members and any third-party search firms engaged by the Committee as part of the director nomination process. The Committee will consider candidates presented, and those candidates that the Committee determines meet the criteria for serving will be interviewed and evaluated by members of the Committee, who will review each nominee's qualifications and references and such other information as the Committee may deem relevant. The other directors and the third party search firm, if one is engaged, are also given the opportunity to meet with and interview the candidates. The Committee will then recommend to the full Board the nominees that it has determined best suit the Board's needs. The Board ultimately makes all nominations for directors to be considered and voted upon at our annual meetings of shareholders.

Qualifications required of individuals who are considered as board nominees will vary according to the particular areas of expertise being sought as a complement to our existing board composition at the time of any vacancy. All directors should possess the background, skills, expertise, and commitment necessary to make a significant contribution to RealNetworks. Relevant qualifications for our directors include: (1) exemplary personal and professional ethics and integrity; (2) the ability to engage in objective, fair and forthright deliberations; (3) operating experience at a policy-making level in business(es) relevant to our current and future plans; (4) independent judgment; (5) adequate time and personal commitment to provide guidance and insight to management; (6) a commitment to provide long-term value to our shareholders; (7) sophisticated business skills to enable rigorous and creative analysis of complex issues; and (8) understanding and experience in relevant markets, technology, operations, finance or marketing in the context of an assessment of the perceived needs of the Board as determined from time to time.

While we do not have a formal policy or guidelines regarding diversity of membership of our Board of Directors, the Board recognizes the value of having a broad range of skills, expertise, contacts, industry knowledge, and diversity of opinion on our board. Therefore, the Board gives consideration to obtaining a diversity of experience and perspective within the Board and solicits directors' views on a variety of topics, including whether directors as a whole have the appropriate mix of characteristics, attributes, business experience and background to effectively serve as one of our directors.

Shareholder Nominations and Recommendations for Director Candidates

Shareholder Nominations for Director

Pursuant to our Amended and Restated Bylaws, shareholders who wish to nominate one or more candidates for election as directors at an annual meeting of shareholders must give notice of the proposal to nominate such candidate(s) in writing to our Corporate Secretary not less than 120 days before the first anniversary of the date that our proxy statement was released to shareholders in connection with the previous year's annual meeting, or, if the date of the annual meeting at which the shareholder proposes to make such nomination is more than 30 days from the first anniversary of the date of the previous year's annual meeting, then the shareholder must give notice in a reasonable time before we begin to print and mail our proxy materials. The notice must satisfy certain requirements specified in our Amended and Restated Bylaws, a copy of which will be sent to any shareholder upon written request to our Corporate Secretary. The Nominating and Corporate Governance Committee will evaluate shareholder nominees using the same standards it uses to evaluate other nominees.

No shareholder has presented a timely notice of a proposal to nominate a director this year. Accordingly, the only director to be elected at the Annual Meeting is Mr. Glaser. No other nominations are before, or may be brought at, the Annual Meeting.

Shareholder Recommendations for Director

In addition to the general nomination rights of shareholders, the Nominating and Corporate Governance Committee of the Board of Directors will consider Board candidates recommended by qualified shareholders in accordance with a written policy adopted by the Committee. To be a qualified shareholder eligible to recommend a candidate to serve on the Board, a shareholder must have continuously held at least 2% of our outstanding securities for at least 12 months prior to the date of the submission of the recommendation.

A qualified shareholder may recommend a Board candidate for evaluation by the Committee by delivering a written notice to the Committee subject to the requirements set forth below. The notice must be received by the Committee not less than 120 days before the first anniversary of the date that our proxy statement was released to shareholders in connection with the previous year's annual meeting. If we change the date of our annual meeting by more than 30 days from the date on which the previous year's annual meeting was held, the notice must be received by the Committee no later than the close of business on the 10th day following the day on which notice of the date of the upcoming annual meeting is publicly disclosed.

Any Board candidate recommended by a shareholder must be independent of the recommending shareholder in all respects (e.g., free of material personal, professional, financial or business relationships from the proposing shareholder), as determined by the Committee or applicable law. Any Board candidate recommended by a shareholder must also qualify as an "independent director" under applicable Nasdaq rules.

The notice shall also contain or be accompanied by (i) proof of the required stock ownership (including the required holding period) of the proposing shareholder, (ii) a written statement that the qualified shareholder intends to continue to own the required percentage of shares through the date of the annual meeting with respect to which the Board candidate is proposed to be nominated, (iii) the name or names of each shareholder submitting the proposal, the name of the Board candidate, and the written consent of each such shareholder and the Board candidate to be publicly identified, (iv) the recommending shareholder's business address and contact information, and (v) all other information that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

With respect to the proposed Board candidate, the following information must be provided:

- name, age, business and residence addresses;
- principal occupation or employment;
- number of shares of RealNetworks' stock beneficially owned (if any);
- a written resume of personal and professional experiences;
- a statement from the recommending shareholder in support of the candidate, references for the candidate, and an indication of the candidate's willingness to serve, if elected;
- all other information relating to the proposed Board candidate that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to Section 14 of the Exchange Act and the regulations promulgated thereunder; and
- information, documents or affidavits demonstrating to what extent the proposed Board candidate meets the required minimum criteria established by the Committee, and the desirable qualities or skills, described in our policy regarding director nominations.

The notice must also include a written statement that the recommending shareholder and the proposed Board candidate will make available to the Committee all information reasonably requested in furtherance of the Committee's evaluation as well as the signature of each proposed Board candidate and of each shareholder submitting the recommendation.

The notice must be delivered in writing, by registered or certified, first-class mail, postage prepaid, to Chair, Nominating and Corporate Governance Committee, RealNetworks, Inc., c/o Corporate Secretary, 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

Board Leadership Structure

Effective July 28, 2014, Mr. Glaser, the Chairman of our Board, was appointed as our Chief Executive Officer; since July 2012, Mr. Glaser had served as our interim chief executive officer. In maintaining Mr. Glaser's position as Chairman, the Board has recognized the value of leveraging Mr. Glaser's longtime leadership and knowledge of RealNetworks. In appointing Mr. Glaser as Chief Executive Officer, among other things, the Board determined that Mr. Glaser is best positioned to effectively identify and execute on our strategic priorities.

Since October 18, 2012, the date of our 2012 annual meeting, Dominique Trempont has served as our lead independent director. As lead independent director, Mr. Trempont is responsible for presiding over executive sessions of the independent directors, advising as to the quality, quantity and timeliness of the flow of information from management necessary for independent directors to effectively and responsibly perform their duties, coordinating the activities of the other independent directors, and acting as principal liaison between independent directors and management.

Our Board believes that its current leadership structure consisting of a joint chairman and chief executive officer and a lead independent director gives the Board flexibility to meet varying business, personnel and organizational needs at this time, and demonstrates its commitment to good corporate governance.

The Board meets on a regularly scheduled basis during the year to review significant developments affecting RealNetworks and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between regularly scheduled meetings. The Board of Directors met eight times during our fiscal year ended December 31, 2014 and took action by unanimous written consent on two occasions. The independent members of the Board of Directors regularly met in executive session without management present. No incumbent member attended fewer than 75% of the aggregate number of meetings of the Board of Directors held during the period for which he or she has been a director. Committees of the Board

The Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. In addition, the Board has in the past and may in the future create special committees from time to time. Board Oversight of Risk

Our management team is responsible for the day-to-day management of risks faced by RealNetworks, while the Board of Directors oversees our risk management, both as a full Board of Directors and through its committees. The Board obtains information and insight on risk management from our senior executives who attend Board meetings and are available to address any questions or concerns raised by the Board on risk management-related and any other matters. The Board also gains information from presentations prepared by senior management on strategic and significant operational matters involving our business. The Board of Directors also periodically reviews and approves our strategic plans and initiatives, including the related expected opportunities and challenges facing the business and the execution of those plans.

The Board of Directors has delegated the oversight of certain risk areas to Board committees that assist the Board in fulfilling its risk oversight responsibility. For example, the Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these risks. The Audit Committee also monitors compliance with legal and regulatory requirements, reviews legal matters that could have a significant financial impact on RealNetworks and oversees the performance of our internal audit function. In addition, the Audit Committee monitors our code of ethics and oversees our procedures for handling employee complaints regarding accounting, accounting controls and auditing matters.

The Audit Committee also reviews the annual comprehensive enterprise risk assessment performed by our internal audit department that encompasses a number of significant areas of risk, including strategic, operational, compliance, investment and financial risks. This assessment process is designed to gather data regarding the most important risks that could impact our ability to achieve objectives and execute strategies and entails reviewing

critical policies and strategies as well as monitoring emerging industry trends and issues. The assessment is reviewed by our Chief Executive Officer and Chief Financial Officer and presented to the Audit Committee to facilitate discussion of any high risk areas.

The Board of Directors has also delegated to other committees the oversight of risk within their areas of responsibilities and expertise. The Compensation Committee has primary responsibility for the compensation of our chief executive officer and reviews and approves the compensation of our executive officers. The Compensation Committee also reviews the relationship of executive compensation to our corporate strategies and business plans and, in connection with these responsibilities, conducts an annual review of our risk assessment of compensation policies and practices for our employees. The Nominating and Corporate Governance Committee oversees the risk associated with our corporate governance policies and practices. Each committee of the Board is responsible for reporting its findings and recommendations, as appropriate, to the full Board of Directors.

Policy Regarding Director Attendance at Annual Meetings of Shareholders

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires RealNetworks' executive officers, directors, and persons who own more than ten percent of a registered class of RealNetworks' equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all such reports they file. Specific due dates have been established by the SEC, and we are required to disclose any failure to file by those dates.

Based solely on our review of the copies of such reports received by us, and on written representations by our executive officers and directors, we believe that during fiscal 2014, all of our executive officers and directors and all of the persons known to us to own more than ten percent of our common stock, complied with all Section 16(a) filing requirements applicable to them.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis describes the principles underlying our executive compensation program and discusses how those principles affected our policies and decisions regarding the compensation of our named executive officers.

EXECUTIVE SUMMARY FOR 2014

Overview. 2014 was a year of continued building and refinement of the transition plan that was set in motion in August of 2012. Having launched a significant new product in each of our three business units during fiscal 2013, in 2014 management assessed early results of those launches, reflected on our restructuring plan, and continued efforts to build a solid foundation for future growth and profitability. In line with the transition strategy, during 2014 our RealPlayer Cloud product was rolled out globally in February, our Mobile Entertainment business launched LISTEN in the U.S. in April, and our Games group released Slingo Adventure in August. As our teams continued to build and refine these new products, our management team was strengthened with the additions of Atul Bali in April 2014 to lead our Games business and Mike Mulica in June 2014 to head up worldwide sales and business development efforts for our RealPlayer and Mobile Entertainment businesses. In conjunction with the hiring of Mr. Mulica, Max Pellegrini's role was expanded to oversee products and marketing for both RealPlayer and Mobile Entertainment. To further stabilize our management team and support our commitment to the turnaround strategy, our founder and Chairman, Rob Glaser, was named chief executive officer in July 2014 (having served in that role on an interim basis for the prior two years). Throughout this year of building and investing in new products, we continued our efforts to streamline operations and reduce overhead expenses, and we continue to look for opportunities to operate in a more lean and efficient manner. Aligning the compensation of our management team with our overall corporate strategy and growth plans, our go-forward compensation program is substantially performance-based and aims to encourage the performance necessary to drive toward our overall goals for RealNetworks. In general, the compensation amounts to ongoing named executive officers who also were employees in 2013 (referred to as our incumbent named executive officers) were equal to or lower than in 2013, and were generally below the median of similar peer companies. The compensation provided to newly hired executive officers reflected hiring inducement levels that were larger than is expected for the future annual ongoing compensation and was consistent with the peer group market range.

Financial Results. Our financial results for 2014 were reflective of our focus on building new products and driving down costs. Consolidated revenue declined 24% from 2013, as our efforts were diverted away from certain legacy products and toward the development of innovative, new products, and gross profit declined by 30%. Although operating expenses improved over 2013, our net income suffered due to restructuring costs and legacy revenue declines. Adjusted EBITDA fell from a loss of \$23.7 million in 2013 to a loss of \$56.6 million in 2014, primarily as we increased our spending on new product development and diverted our focus from older to newer business lines. As a result of these financial results, annual cash incentives paid to our named executive officers were well below target levels; our CEO was not provided any cash bonus for 2014.

Management Team. After experiencing significant turnover in our management team during the prior three years, there was some year-over-year variation in our standard approach to executive compensation as different incentives have been required for recruitment and retention purposes. Since Mr. Glaser’s return to operational leadership in July 2012, he and our Compensation Committee have developed a more consistent compensation program designed to aggressively drive company performance by successfully executing our growth plan, strategic initiatives and restructuring efforts.

Our named executive officers for 2014 include the following executive officers:

Robert Glaser	Founder, Chairman and Chief Executive Officer
Atul Bali	President, Games
Michael Mulica	President, Worldwide Sales and Business Development
Max Pellegrini	President, Products and Marketing
Tim Wan	SVP, Chief Financial Officer and Treasurer (<i>resigned as CFO as of February 4, 2015</i>)

Pay for Performance. Our Compensation Committee supports a pay-for-performance philosophy, with the goal of having a substantial part of our executive compensation program consisting of performance-based compensation. This is reflected in our annual performance-based cash incentive plan, which we also refer to as our MBO plan, which provides eligible executives the opportunity to earn a cash bonus only upon achieving pre-established performance objectives, all of which are weighted toward financial and strategic objectives of our businesses. In 2014, two of our named executive officers participated in the MBO plan, but the two executives hired in 2014, as well as Mr. Glaser who became our long-term CEO in the middle of the year, did not participate in the plan. Further in line with this pay-for-performance philosophy, since 2012, we have relied more on performance-related equity awards, as evidenced by the performance-based stock awards granted to Mr. Glaser in 2012 and 2014 and to Mr. Pellegrini upon his hire in 2013. These awards become eligible to vest only upon achievement of significant financial goals (subject to continued service with us). Accordingly, actual compensation paid to our named executive officers varies with the company’s performance in achieving financial and strategic objectives and the executive’s individual performance. We believe that our emphasis on pay for performance provides appropriate incentive to our executives to achieve important business objectives of the company and better aligns the interests of our executives with that of our shareholders.

Please note that we define “adjusted EBITDA” as operating income (loss) including other income (expense) net, but excluding the impact of the following: depreciation and amortization; acquisitions-related intangible asset amortization; stock-based compensation; restructuring and other charges; lease exit and related charges; and extinguishment of liability.

2014 Compensation Highlights.

Highlights relating to our named executive officers, generally:

- Of our five named executive officers for 2014, our CEO transitioned from interim to long-term status mid-year, two executives were newly hired during 2014, one took on an expanded role in the middle of 2014.
- There were no salary increases to any incumbent named executive officers.
- 2014 cash bonuses for incumbent name executive officers were between 55% and 100% lower in 2014 than in 2013. Cash bonuses for the two new hires were for recruitment purposes (i.e., sign-on bonuses) and for individual achievement during the portion of the year employed by the company. The CEO was paid no cash bonus relating to 2014 performance.
- Total cash compensation (comprised of cash salary and any cash bonuses) for the incumbent named executive officers was 25% - 35% lower in 2014 than 2013. This was slightly below the peer group median in the aggregate, with total cash compensation for 2014 for our CEO 55% below the median of total cash compensation for peer group CEOs.

- Excluding our CEO, the two incumbent named executive officers saw year-over-year reductions in total compensation of approximately 70%; in addition, they were between 25% and 78% below the median for their position in the peer group for 2014.
- Total compensation for the two executives hired in 2014, including the special inducement equity awards, were within 15% of the annual total compensation 75th percentile of our peer group for their respective positions. (It should be noted that the special inducement grants awarded upon hire in 2014 were higher than any awards expected in years following the year of hire, as is consistent with our standard compensation program.) Although we do not target the 75th percentile for ongoing executive officer incumbents who are not new hires, we view this as a reasonable one-time position for the initial year of hire as both executives were recruited externally.

Highlights relating to our CEO:

- In connection with his promotion to CEO from interim CEO, Mr. Glaser was granted a restricted stock unit valued at \$750,000 on the date of grant. This award was viewed by our Compensation Committee as a one-time promotion award outside of our regular annual compensation program and is not expected to be repeated in 2015. This one-time award resulted in an 11% increase in equity grant value from 2013 but, excluding the one-time award, the value of the annual CEO award was 28% lower year over year and is 34% below the median for peer group CEOs.
- Of the total value of equity awards granted to our CEO in 2014, including the one-time promotion award in that total, 37% was subject to performance objectives; excluding the one-time promotion award from the total, nearly 80% was subject to performance objectives. Importantly, \$300,000 of our CEO's 2014 total equity was in lieu of cash salary for both 2013 and 2014, thus making a portion of his annual salary more performance based than if his salary had been paid solely in cash. There was no premium added to the option value when replacing the cash salary (i.e., \$150,000 of salary for each of 2013 and 2014 was granted as options in 2014). Note that, going forward, the company expects that the equity portion of the salary will be granted in the compensation year in which it applies.
- Our CEO's total direct compensation for 2014 (comprised of salary, bonus and equity awards), even if the one-time promotion award is included, was 1% lower than 2013 and was 10% below the median for peer group CEOs; if the \$750,000 promotion award is excluded, CEO total direct compensation for 2014 was 30% lower than 2013 and was 36% below the median.

EXECUTIVE COMPENSATION PROGRAM PHILOSOPHY AND ELEMENTS

The overall objectives of our executive compensation program are to provide compensation at competitive levels in order to recruit and retain talented executives, motivate our executives to achieve our strategic and financial objectives, and provide incentives to help align the interests of our executives with the interests of our shareholders.

Our executive compensation program provides the following three primary elements of compensation:

- *Base salary.* Our named executive officers receive base salary so that we can recognize them for their day-to-day contributions and provide competitive pay that encourages retention and recruitment.
- *Annual performance-based cash bonus.* We establish an MBO plan on an annual basis, under which our named executive officers (other than our chief executive officer for 2013 and 2014) each have an opportunity to receive a cash bonus upon achievement of certain performance objectives derived from the internal strategic plan we establish for the company each year. The cash bonuses are intended to motivate our executives to achieve our financial and strategic objectives. Cash bonuses are not guaranteed and bonuses in 2014 were below the target opportunity provided to each eligible named executive officer.

- *Long-term equity compensation.* We provide equity-based compensation to our named executive officers to better align their interests with the interests of our shareholders as well as to motivate our officers to enhance the long-term performance of RealNetworks. Equity awards also are an important retention tool for us because the awards typically vest over a multi-year period.

These elements provide incentives to encourage our executives to appropriately balance their focus between our short-term and long-term strategic goals.

We believe that there are multiple, dynamic factors that contribute to the success of our businesses and the individuals that lead those businesses. Moreover, we recognize that our business and the industry in which we operate are constantly evolving and highly competitive in nature. Our approach to executive compensation, therefore, has been to avoid adopting a strict, formulaic structure and to instead allow for a more nuanced and customized system. Under our executive compensation program, we consider the needs of our businesses and our company as a whole; design various elements of compensation to drive our executives and their teams to meet or exceed company goals and objectives; and take into account competitive practices in order to achieve our recruiting and retention needs. Consistent with our desire to maintain competitive practices and achieve our recruiting and retention goals, in addition to our three primary elements of compensation, our executive compensation packages also contain certain severance and change in control arrangements; some targeted, one-time bonuses; and retirement and other generally available benefits. In general, we provide very limited executive perquisites, and we do not provide our executives with tax gross ups or supplemental retirement plans.

EXECUTIVE COMPENSATION DECISION-MAKING PROCESS

The Roles of our Board, Compensation Committee and Chief Executive. Our Compensation Committee's purpose is to discharge the Board of Director's responsibilities relating to the compensation of our executive officers and the adoption of policies that govern our compensation and benefit programs, other than with respect to our chief executive officer's compensation. Our Compensation Committee reviews and recommends the chief executive officer's compensation, which is subject to the approval of the Board. The Board is able to make any adjustments that it may determine are appropriate with respect to our chief executive officer's compensation. The Compensation Committee determines all compensation for our other named executive officers. At the invitation of our Compensation Committee, our chief executive officer provides input regarding the performance and appropriate compensation of the other named executive officers. The Compensation Committee gives considerable weight to the chief executive officer's assessment of the other named executive officers because of his direct knowledge of each executive's role, performance and contributions. During 2014, our chief executive officer attended all Compensation Committee meetings at the request of the Committee. However, no executive officer was present for the portion of a Compensation Committee meeting during which his own compensation was discussed or determined.

The Role of the Compensation Consultant. Our Compensation Committee has selected and directly retains the services of Frederic W. Cook & Co., Inc., an independent executive compensation consulting firm. F.W. Cook does not provide any other services to RealNetworks and works with our management only on matters for which the Compensation Committee is responsible. The Compensation Committee has assessed the independence of F.W. Cook pursuant to SEC rules and concluded that no conflict of interest exists that would prevent F.W. Cook from serving as an independent consultant to the Compensation Committee. The Compensation Committee periodically seeks input from F.W. Cook on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. F.W. Cook also provides general observations on our compensation programs, but it does not determine or recommend the amount or form of compensation for our named executive officers. A representative of F.W. Cook attends Compensation Committee meetings from time to time, when requested by the Compensation Committee.

The Role of Peer Groups, Surveys and Benchmarking. In October 2013, with the oversight of our Compensation Committee, F.W. Cook performed an executive compensation review that included identifying a peer group of companies (the "October 2013 Peer Group") to be used by us for the purpose of comparing our

executive compensation to the market. The 17 peer group companies were publicly traded, U.S.-based internet and software companies, and were selected to reflect our smaller size following recent organizational changes and, in our view, were competitors of ours for purposes of recruiting executive talent. The companies comprising the October 2013 Peer Group are:

Avid Technology, Inc.	Digital River, Inc.	Rosetta Stone Inc.
Blucora, Inc.	Harmonic Inc.	Shutterfly Inc.
Blue Nile, Inc.	Limelight Networks, Inc.	Take-Two Interactive, Inc.
Constant Contact, Inc.	LogMeIn Inc.	Travelzoo Inc.
Conversant, Inc. (f.k.a. ValueClick, Inc.)	Move Inc.	Vocus, Inc.
Dice Holdings, Inc.	OpenTable Inc.	

With the oversight of our Compensation Committee, in October 2014 F.W. Cook provided comparisons of RealNetworks' executive compensation to the benchmark pay data from the October 2013 market study. The October 2013 Peer Group was adjusted to remove Vocus, Inc. following its recapitalization as a privately held company in June 2014. (Conversant, Inc. was acquired by Alliance Data Systems on December 10, 2014, subsequent to our October 2014 compensation study update.) The compensation arrangements of our executives were analyzed and assessed in relation to the market data, including the compensation for Messrs. Bali and Mulica at the time of their hire and for Mr. Glaser in connection with his appointment as our chief executive officer. Our Compensation Committee deemed these executive arrangements to be appropriate.

We consider multiple data sources for assessing our compensation practices. Although we consider competitive market data regarding compensation in order to achieve our goals to recruit and retain our executives, we do not attempt to maintain a certain target percentile within a peer group, nor do we rely solely on such market data. Our management and the Compensation Committee strive to incorporate flexibility into our compensation programs and the assessment process so that we are able to respond to and adjust for the evolving business environment and the value delivered by our named executive officers. In addition to competitive data, we may take into account a variety of other factors, for example, general market conditions, internal equity, an individual's level of responsibilities, as well as an individual's recent or future expected contributions.

Consideration of Say-on-Pay Vote Results. We provide our shareholders with the opportunity to cast an annual advisory vote on executive compensation. At our 2014 annual meeting of shareholders, which took place in our third fiscal quarter, our shareholders approved the compensation of our named executive officers as disclosed in our 2014 proxy statement by a vote of approximately 85% of the votes cast on the proposal. By the time that this vote was conducted, most of the decisions relating to the 2014 compensation of our executive officers had been made. However, we highly value the input of our shareholders and the Compensation Committee, with input from F.W. Cook, has carefully considered the results of the 2014 say-on-pay vote and has engaged in discussions regarding shareholder outreach efforts. Specifically, during 2014, the Chair of our Compensation Committee and our Lead Independent Director engaged in discussions regarding executive compensation with representatives of certain of our largest shareholders. The Compensation Committee will continue to consider the results of the annual say-on-pay vote and specific shareholder input in determining 2015 and future compensation programs for our executive officers.

2014 COMPENSATION

Chief Executive Officer Compensation

Mr. Glaser was named chief executive officer in July 2014, after having served as our chief executive officer from the founding of RealNetworks until January 2010, and then returning as interim chief executive officer in July 2012. When Mr. Glaser accepted the role of interim chief executive officer in July 2012, the Compensation Committee engaged F.W. Cook to assist in the design of a compensation package for Mr. Glaser.

In connection with this engagement, F.W. Cook compiled a peer group, generally in line with that described above, and presented to the Compensation Committee its analysis and recommendations regarding the compensation arrangements for Mr. Glaser, which included base salary, annual performance-based cash bonus, and long-term, performance-based equity compensation. Based upon the F.W. Cook analysis, the Compensation Committee recommended, and the full Board of Directors approved, certain basic compensation arrangements that were in place on an interim basis through the first half of 2014 and then a more complete compensation package as reflected in the offer letter dated July 24, 2014 governing compensation for the second half of 2014.

Mr. Glaser's compensation for approximately the first half of 2014 was consistent for the most part with his 2013 and 2012 compensation arrangements as approved by the Board, upon the recommendation of the Compensation Committee, in late 2012 when he became interim chief executive officer. Specifically, this interim compensation for the first half of 2014 was comprised of an annualized base salary at a rate of \$450,000, which was supplemented with \$150,000 worth of stock options specifically provided in lieu of cash salary (2013 and 2014 "salary replacement options"). The options are viewed as more performance based than the salary that they replace and more aligned with shareholder interests. In July 2014, upon recommendation of the Compensation Committee as advised by F.W. Cook and after considering the company's compensation strategy, internal factors, competitive factors and applicable regulatory requirements, the Board approved a compensation package for Mr. Glaser as non-interim chief executive officer, which included (i) an annualized base salary at a rate of \$450,000, which was supplemented with \$150,000 worth of stock options; (ii) an annual cash incentive bonus opportunity equal to 100% of his annual cash base salary, payable upon the achievement of certain performance objectives set by the Board; (iii) a promotion award of restricted stock units covering \$750,000 worth of shares of our common stock on the date of grant (this promotion award was viewed by the Compensation Committee as similar to a new-hire equity award as Mr. Glaser committed to the full-time CEO position); (iv) severance arrangements as more fully described below; (v) the reimbursement of certain personal legal fees incurred in the negotiation, preparation and execution of his offer letter and severance agreement; (vi) certain facilities-related costs attributable to his personal assistant; and (vii) generally available employee benefits.

The Compensation Committee views Mr. Glaser's 2014 annualized total compensation without the \$750,000 promotion RSU award, since it was outside of our regular compensation program and was intended to induce Mr. Glaser and recognize his transition from interim chief executive officer to full time. Using the Compensation Committee's internal view, which excludes the promotion RSU value, the annualized total compensation value targeted by the Compensation Committee for Mr. Glaser, assuming all bonus goals were achieved, was below the median for peer chief executives in F.W. Cook's October 2014 update analysis, and Mr. Glaser's actual 2014 compensation, after accounting for the fact that no bonus was paid, was 36% below the median of the take-home total compensation for chief executive officers in the October 2013 Peer Group companies. Furthermore, his total compensation was lower by 30% compared to 2013.

If the \$750,000 promotion RSU is included in Mr. Glaser's compensation, which is not how the Compensation Committee viewed 2014 compensation, then his take-home compensation after earning no bonus would have been approximately at the median of other chief executive officers in our peer group and would have been down 1% compared to 2013.

Salary Options. Although Mr. Glaser's intended base salary value was \$600,000, consistent with 2013 and 2012, the Compensation Committee determined that part of Mr. Glaser's base salary would be provided as a stock option because the Compensation Committee believed that a higher proportion of his compensation should be related to the company's performance. The stock option in lieu of salary for 2013 was granted by the Board of Directors on January 17, 2014 and, because it related to the 2013 compensation year, was fully vested at the time of grant and covered 37,025 shares of our common stock with an exercise price equal to \$7.73 per share, which was the closing price of our common stock on the date of grant. The stock option in lieu of salary for 2014 was granted on July 28, 2014 in connection with the Board's approval of his non-interim compensation arrangements. This 2014 salary option covered 39,173 shares of our common stock with an exercise price equal to \$7.79 per share, which was the closing price of our common stock on the date of grant, and because these were in lieu of

annual 2014 salary, the salary replacement options vested ratably each month over 2014, with six months of catch-up vesting upon grant and fully vested as of December 31, 2014. The Summary Compensation Table shows both awards were granted in 2014, so two years of salary replacement options for \$150,000 appear as 2014 compensation. The Compensation Committee's view is that \$150,000 is attributable to 2013 and \$150,000 to 2014. These salary replacement options were granted pursuant to the 2005 Plan.

Annual Performance-Based Cash Bonus. Due to the interim nature of Mr. Glaser's role during the first half of 2014, he was not included in the 2014 MBO Plan (discussed below) when it was adopted. Although the offer letter dated July 24, 2014 provides for an opportunity for Mr. Glaser to earn a cash bonus pursuant to the MBO Plan, there were no performance goals set for him by the Board and he was not considered for a bonus pursuant to the 2014 MBO Plan. Moreover, no standalone cash incentive plan was adopted for him and no discretionary cash bonus was paid to him in 2014.

One-Time Promotion Award. In connection with his acceptance of the chief executive officer title in July 2014, Mr. Glaser was awarded a restricted stock unit award valued at \$750,000 on the date of grant. The RSU award, approved by the Board with a grant date of July 28, 2014, comprises 96,277 shares of our common stock and vests in full on the third anniversary of the grant date, subject to Mr. Glaser's continued service to the company through the vesting date. This promotion RSU was to recognize that Mr. Glaser transitioned his role from interim CEO to full-time CEO, rather than hiring an external CEO. The award was viewed as equivalent to a CEO hire inducement award. The RSU award was granted pursuant to the 2005 Plan.

Long-Term Performance-Based Equity Award. On December 29, 2014, the Board, upon recommendation of the Compensation Committee, granted to Mr. Glaser a long-term performance-based option to purchase 400,000 shares of our common stock at an exercise price equal to \$7.21, the closing price of our common stock on the grant date. The Compensation Committee viewed this as the "annual" portion of the equity award, with 2013 and 2014 salary replacement options ($2 \times \$150,000 = \$300,000$) and a one-time promotion RSU award for \$750,000 comprising the rest. The 2014 annual performance option is eligible to vest upon the achievement, no later than the third anniversary of the grant date, of an absolute increase in total shareholder return of RealNetworks' common stock, using a trailing 90-day average stock price (as adjusted to reflect any dividends), of greater than 50% over the closing price of RealNetworks' common stock as reported on the Nasdaq Stock Market on the grant date (the "*TSR Goal*"), and if the TSR Goal is achieved and subject to Mr. Glaser's continued employment with us through the date on which the Board certifies achievement of the TSR Goal, then the performance option shall vest at a rate of 1/48th each month following the grant date for a total vesting period of four years, with retroactive vesting upon the achievement of the TSR Goal if applicable, but in each case subject to Mr. Glaser's continued employment with us. The performance option is exercisable for up to seven years from the grant date, unless earlier terminated, and was granted pursuant to the 2005 Plan.

In the event of a change in control, as defined in the severance agreement between the company and Mr. Glaser dated July 24, 2014, while the performance option is outstanding but prior to the achievement of the TSR Goal, if the TSR Goal otherwise would be deemed achieved as measured by substituting for the trailing 90-day average stock price, the fair market value of our common stock immediately prior to the change in control (as adjusted to reflect any dividends), then the TSR Goal will be deemed achieved as of such date.

Even with the promotion RSU award and the salary replacement options, Mr. Glaser's long-term incentive value for 2014 was equivalent to the peer group median. If the promotion award were removed, then his long-term incentive compensation would appear to be 34% below the median. This value, which excludes the one-time promotion award, is how the Compensation Committee viewed the annual pay rate. Further, if the promotion RSU award value were excluded, then Mr. Glaser's long-term incentive value was 28% lower than 2013, while it was 10% higher year-over-year if the promotion award is included. Finally, the Compensation Committee's view, which excludes the 2013 and 2014 salary replacement options as well as the promotion RSU award, is that Mr. Glaser's annual equity was 100% performance-based, since the options require a minimum 50% price increase to be eligible to vest.

2012 Long-Term Performance-Based Equity Award. On December 31, 2012, Mr. Glaser was granted an award of performance-based restricted stock units covering 132,275 shares of our common stock, which were to be earned and vested, if at all, based on the achievement of pre-established adjusted EBITDA goals in fiscal years 2013 and 2014. On January 22, 2015, the Board certified that the performance goals were not achieved and, therefore, this restricted stock units award expired without being earned, and the award was terminated. The Company views forfeiture of a previously granted award for failing to meet the goals to be a performance-driven outcome that is consistent with its desired philosophy.

The following table shows equity awards granted to Mr. Glaser in 2014 and 2013:

	Annual Equity Award			Grants Outside the Annual Equity Award Program			Total Equity Awards
	Performance-based Options	Time-based Options	Total Annual Equity	2013 Salary Options ⁽¹⁾	2014 Salary Options ⁽²⁾	CEO Promotion RSUs

2013	\$ 0	\$1,938,850	\$1,938,850	\$ 0	\$ 0	\$ 0	\$1,938,850

% of Peer Median ...			-47.8%				+2.2%

(1) Granted in January 2014 in lieu of \$150,000 in salary for 2013.

(2) Granted in July 2014 in lieu of \$150,000 in salary for 2014.

Stock Ownership. While he serves as our chief executive officer, Mr. Glaser is expected to hold shares of our common stock equal to at least ten times his annual base salary.

Overall CEO Compensation Package. Our Board of Directors and our Compensation Committee believe that the 2014 compensation arrangements for Mr. Glaser were appropriate, given that a significant portion of the value of his 2014 compensation is equity-based requiring positive performance in our stock price in order for Mr. Glaser to realize any value. The 2014 compensation package for Mr. Glaser resulted in total direct compensation within 2% of the median for the October 2013 Peer Group if all equity awards are included and 34% below the median if the promotion equity awards are excluded per the Compensation Committee's view of their purpose as an inducement to Mr. Glaser to become full-time CEO.

Base Salaries

Base salaries for our named executive officers are determined for each executive based on position, responsibility, experience and competitive market data. Base salaries are adjusted from time to time to recognize various levels of responsibility, promotions, individual performance, market conditions and internal equity issues. Rather than applying a formulaic approach, the Compensation Committee awards base salaries for our named executive officers within the context of our overall merit increase system considering level of responsibility, individual performance, market competitive factors, and the critical role of the executive in our future growth and strategy. With Mr. Glaser's return to operational leadership of Real in July 2012 and the hiring of each of our three president-level executives within the last two years, the base salaries of most of our executives were recently established. Mr. Wan's salary was most recently adjusted upon his promotion to chief financial officer in April 2012. In connection with F.W. Cook's market study update in October 2014, our Compensation Committee determined that the base salaries for Messrs. Glaser and Wan were below the 25th percentile, and the salaries for Messrs. Bali, Mulica and Pellegrini, who were all externally hired during the last two fiscal years, were above the median. No adjustments to salary were made following the review, as each had been set at some point within the prior two calendar years. The following table shows the annualized cash base salaries paid to our named executive officers in 2014, with a comparison to 2013.

<u>Name</u>	<u>2014 Base Salary</u>	<u>2013 Base Salary</u>	<u>Year-over-year Change</u>
Rob Glaser	\$450,000 ⁽¹⁾	\$450,000 ⁽¹⁾	0.0%

Michael Mulica	\$400,000 ⁽³⁾	—	—
Max Pellegrini	\$400,000	\$400,000 ⁽⁴⁾	0.0%

(1) Mr. Glaser also received a salary replacement option award, as described above.

(2) Hired in April 2014; amount reflects annualized salary rate (actual 2014 salary paid was \$278,974).

(3) Hired in June 2014; amount reflects annualized salary rate (actual 2014 salary paid was \$225,897).

(4) Hired in February 2013; amount reflects annualized salary rate (actual 2013 salary paid was \$344,102).

Annual Performance-Based Cash Bonuses

In March 2014, the Compensation Committee established our 2014 MBO Plan, which is our performance-based cash bonus program, in order to motivate and reward an individual's annual contribution to company performance. The MBO Plan is administered pursuant to the 2005 Plan. The MBO Plan pays an annual cash bonus to executives based on the achievement of pre-established financial and strategic objectives consistent with our internal strategic plan for 2014 previously established by the Board in consultation with management. The Compensation Committee determined that implementing an annual measurement period under the 2014 MBO Plan was ideal for aligning the plan's performance measurement period with our financial planning and budgeting period.

Each of our named executive officers was eligible to participate in the 2014 MBO Plan, with Mr. Glaser having a target bonus equal to 100% of his annual cash base salary and each of the other executives having a target bonus equal to 75% of his annual base salary. The Compensation Committee reviewed the targets and deemed them appropriate based on internal equity considerations and the desire to emphasize teamwork to achieve the company's performance objectives. As discussed above, Mr. Glaser did not participate in the 2014 MBO Plan, due to the interim nature of his position for the first half of 2014; Mr. Glaser was not paid any cash bonus for 2014. Although Mr. Wan participated in the 2014 MBO Plan, he did not receive an incentive bonus for 2014 because he departed from the company on March 1, 2015, prior to the payment of bonuses under the 2014 MBO Plan; he did, however, earn a retention bonus in 2015 equal to \$265,000 in consideration for his efforts to ensure a smooth transition of responsibilities to our new chief financial officer.

For Messrs. Bali and Mulica, because they joined RealNetworks in mid-2014, although target bonuses were set for them at the time of hire, performance objectives were not established and neither participated in the plan. For 2014, however, as more fully discussed below, Messrs. Bali and Mulica were paid discretionary cash bonuses determined in a manner consistent with actual earnout under the 2014 MBO Plan and with their partial period of service. Messrs. Bali and Mulica are eligible to participate in the 2015 MBO Plan, which is performance based.

The following table shows the actual bonuses earned by our named executive officers for 2014, with a comparison to 2013:

<u>Name</u>	<u>2014 Actual Incentive Bonus</u>	<u>2014 Sign-on Bonus</u>	<u>2014 Total Actual Bonus</u>	<u>2013 Total Actual Bonus</u>	<u>Year- over-year Change</u>
Rob Glaser	\$ 0	\$ 0	\$ 0	\$244,492	-100.0%
Tim Wan	\$ 0	\$ 0	\$ 0	\$125,047	-100.0%
Atul Bali	\$ 80,000	\$225,000	\$305,000	—	—
Michael Mulica	\$100,000	\$200,000	\$300,000	—	—
Max Pellegrini	\$191,000	\$ 0	\$191,000	\$441,067 ⁽¹⁾	-56.7%

(1) Includes 2013 sign-on bonus for \$275,000.

The following elements were applicable to our 2014 MBO Plan. Unless otherwise noted, the terms of the 2014 MBO Plan were also used to determine the discretionary cash bonuses paid to Messrs. Bali and Mulica.

- Performance Criteria* — The performance criteria used to determine the annual bonuses for the participating named executive officers were revenue and adjusted EBITDA for either divisional results or corporate results, or both, depending upon whether the executive had divisional responsibility. The Compensation Committee’s philosophy is to establish performance goals for executives that reflect our strategy of producing financial results that (a) are in the interests of our company and shareholders, (b) have a degree of difficulty that the Compensation Committee considers to be challenging but achievable with significant effort and skill, and (c) require a high level of financial performance in the context of the present state of our business and the annual budget. Consistent with this strategy, the Compensation Committee established revenue as a performance metric under the 2014 MBO Plan because it was a key element of our 2014 business plan and we consider revenue to be a key driver of our growth and success. The Compensation Committee also established adjusted EBITDA as a performance metric under the 2014 MBO Plan in order to reward our executives for maintaining fiscal responsibility, implementing our cost reduction program, and achieving short-term profitability and therefore, like revenue, aligning the interests of plan participants with those of the company and its shareholders. Performance criteria for our participating named executive officers also included individualized non-financial strategic goals intended to specifically motivate each executive to accomplish specific goals that would drive our growth and strong financial performance. The 2014 cash bonuses for Messrs. Bali and Mulica were calculated based on only the revenue objectives (at 60%, comprised of 40% divisional and 20% corporate) and adjusted EBITDA objectives (at 20%, all divisional), as were applicable to the other executives participating in the 2014 MBO Plan. No individual strategic goals were established or applied to Messrs. Bali and Mulica’s bonuses. The following table indicates the 2014 performance goals for each named executive officer, other than Mr. Glaser since he received no 2014 bonus, as well as the weightings of the goals:

<u>Name</u>	<u>Revenue Goals</u>	<u>Adjusted EBITDA Goals</u>	<u>Individual Strategic Goals</u>
Tim Wan (1)	Company Revenue (weighted at 60%)	Company Adjusted EBITDA (weighted at 20%)	Develop plans regarding operating expense savings and support strategic goals relating to the businesses (weighted at 20%)

<u>Name</u>	<u>Revenue Goals</u>	<u>Adjusted EBITDA Goals</u>	<u>Individual Strategic Goals</u>
Atul Bali	Games Division Revenue (2) (weighted at 40%) Company Revenue (weighted at 20%)	Games Division Adjusted EBITDA (2) (weighted at 20%)	<i>None</i>
Michael Mulica	Mobile Entertainment & RealPlayer Division Revenue (2) (weighted at 40%) Company Revenue (weighted at 20%)	Mobile Entertainment & RealPlayer Division Adjusted EBITDA (2) (weighted at 20%)	<i>None</i>
Max Pellegrini	Mobile Entertainment & RealPlayer Division Revenue (2) (weighted at 40%) Company Revenue (weighted at 20%)	Mobile Entertainment & RealPlayer Division Adjusted EBITDA (2) (weighted at 20%)	Develop plans regarding operating expense savings; product launch and KPI goals relating to the business (weighted at 20%)

(1) Although Mr. Wan participated in the 2014 MBO Plan, he departed from the company on March 1, 2015, prior to the payment of bonuses pursuant to the plan. As a result, the Compensation Committee did not determine the achievement of the applicable performance goals for him and he did not receive a bonus under the 2014 MBO Plan.

(2) Excludes the results of certain corporate-directed product initiatives not within the purview of the named executive officer.

- *Performance Targets and Actual Performance* — Target performance goals for the financial criteria were set based on objectives in our internal strategic plan for 2014, including a mid-year assessment of such plan by our Board. The initial strategic plan for 2014 served as the basis for company revenue and adjusted EBITDA targets and for Mobile Entertainment revenue and adjusted EBITDA targets for Mr. Pellegrini under the MBO Plan. Because Mr. Bali and Mr. Mulica joined the company after adoption of the initial 2014 strategic plan, the Games division revenue and adjusted EBITDA targets applicable to Mr. Bali and the revenue and adjusted EBITDA targets for both the Mobile Entertainment and RealPlayer divisions applicable to Mr. Mulica were based upon the second half forecast set after they joined the company. Similarly, because Mr. Pellegrini's role was expanded to include the RealPlayer division in June, his target revenue and adjusted EBITDA targets for that division were adjusted by the second half forecast for his role under the expanded set of responsibilities as well. The following table shows the target and actual revenue and adjusted EBITDA goals that applied to the specified named executive officer:

	<u>Target</u>	<u>2014 Actual</u>
Revenue Goals:		
Company Revenue (all)	\$ 171.6M	\$ 156.2M
Games Division Revenue (Mr. Bali)	\$ 41.1M	\$ 37.1M
Mobile Entertainment Revenue (Mr. Mulica)	\$ 74.7M	\$ 75.4M
Mobile Entertainment Revenue (Mr. Pellegrini)	\$ 76.2M	\$ 75.4M
RealPlayer Group Revenue (Messrs. Mulica & Pellegrini)	\$ 49.9M	\$ 39.2M
Adjusted EBITDA Goals:		
Company Adj EBITDA (Mr. Wan)	(\$ 54.0M)	(\$ 56.6M)
Games Division Adj EBITDA (Mr. Bali)	(\$ 10.5M)	(\$ 8.7M)
Mobile Entertainment Adj EBITDA (Mr. Mulica)	(\$ 0.6M)	\$ 2.2M
Mobile Entertainment Adj EBITDA (Mr. Pellegrini)	(\$ 0.2M)	\$ 2.2M
RealPlayer Group Adj EBITDA (Messrs. Mulica & Pellegrini)	(\$ 18.3M)	(\$ 28.5M)

Mr. Pellegrini was determined to have partially achieved his individual strategic goals for 2014 and his bonus payment was commensurate and formulaic based on the achievement level. As discussed above, Messrs. Bali and Mulica were not subject to individual strategic goals for 2014 because they were hired mid-year, after the establishment of the 2014 MBO Plan. Both Messrs. Bali and Mulica will participate in the 2015 MBO Plan.

- *Payout Structure* — The overall payout structure ensured that there was no ability for participants in the 2014 MBO Plan to earn awards greater than target for adjusted EBITDA or revenue performance unless revenue or adjusted EBITDA performance, respectively, was at least at target, the rationale for which was to emphasize the need for both growth and operational discipline.

The payout mechanics of the 2014 MBO Plan based on financial metrics were as follows:

<u>Revenue</u>			
<u>Attainment</u>		<u>Incentive Payout(1)</u>	
<90%		No payout	
90% - 100%		50 - 100%	
100% - 120%+		100% - 200%	

<u>Adjusted EBITDA - Divisional</u>		<u>Adjusted EBITDA - Corporate</u>	
<u>Attainment</u>	<u>Incentive Payout(2)</u>	<u>Attainment</u>	<u>Incentive Payout(3)</u>
>\$500k below budget	No payout	>\$2M below budget	No payout
\$500k below, up to budget	50 - 100%	\$2M below, up to budget	50 - 100%
Budget, up to \$2M over	100% - 200%		

(1) Payout based on revenue goals was capped at 100% unless the adjusted EBITDA attainment reached 100%.

(2) Payout based on adjusted EBITDA goals was capped at 100% unless the revenue attainment reached 100%.

(3) Payout based on adjusted EBITDA corporate goals was capped at 100%

The 2014 MBO Plan included a discretionary modifier to adjust the calculated payout for an individual executive officer upward or downward by up to 25%, based on such factors as shareholder value creation, revenue growth, cash flow generation, use of capital, or other considerations that the Compensation Committee deemed relevant. Notwithstanding the performance and payout targets established under the 2014 MBO Plan, the Compensation Committee reserved the right to adjust performance and payout targets based on acquisitions or dispositions of assets and also decrease or eliminate an executive officer's award before it was paid. However, under the 2014 MBO Plan, no upward adjustments in bonus payouts were permitted with respect to certain participants, including the company's chief financial officer or any president. Executive officers were required to be employed on the date award payments were made in order to be eligible to receive payment under the 2014 MBO Plan, except in the case of death or disability.

Under the 2014 MBO Plan, the actual payouts as a percentage of target and of base salary for each of our named executive officers, except the chief executive officer, was made pursuant to the formula based on goal achievement. The payments calculated for Messrs. Bali and Mulica were generally based on the formulaic achievement of the corporate goals, prorated for service since they were mid-year new hires. The payments earned for performance under the 2014 MBO Plan were as follows:

<u>Name and Title</u>	<u>Target Payout under 2014 MBO Plan (as a percentage of base salary)</u>	<u>Actual Payout under 2014 MBO Plan (as a percentage of base salary)</u>	<u>Actual Payout Amount under 2014 MBO Plan</u>
Tim Wan	75%	0%(1)	\$ 0(1)
Atul Bali (2)	75%	28.7%(3)	\$ 80,000
Michael Mulica (2)	75%	44.3%(3)	\$100,000
Max Pellegrini	75%	47.8%	\$191,000

- (1) Mr. Wan was not paid a bonus pursuant to the 2014 MBO Plan because he terminated his employment with the company prior to the payout of bonuses in March 2015.
- (2) As discussed above, Messrs. Bali and Mulica did not formally participate in the 2014 MBO Plan. The Compensation Committee did, however, approve a discretionary payout based on a 75% target bonus opportunity for each of these executives in accordance with the structure of the plan, except that no individual goals were applied, as described above. Since both executives joined mid-2014, discretionary bonus payouts were prorated based on the executive's employment during 2014.
- (3) Percentage is calculated based on the actual, prorated cash salary earned in 2014.

Special Cash Bonus Awards

From time to time, we utilize discretionary signing, promotion, retention or other bonus awards as compensation tools that provide incentives for executives to accept employment offers, to reward outstanding performance by executives and to retain key executives. We believe that these bonus awards are consistent with our overall executive compensation philosophy to achieve our recruiting and retention objectives as well as to allow discretion to address the needs of our businesses, which operate in a constantly evolving and highly competitive environment.

Signing Bonus. Pursuant to our offer letter to Mr. Bali, dated February 21, 2014, he was paid a signing bonus of \$225,000, of which \$150,000 was paid within 30 days of his April 21 start date with RealNetworks and \$75,000 was paid within 30 days of his family's relocation to Seattle. Mr. Mulica was paid a signing bonus of \$200,000 within 30 days of his June 6 start date pursuant to his offer letter, dated May 31, 2014, from the company. These bonuses were subject to repayment in full if the executive voluntarily left his employment with RealNetworks other than for good reason (as defined in the offer letter) within 18 months of his start date. The Compensation Committee believed that these signing bonuses were necessary to recruit these executives to the company.

Discretionary Bonus. As discussed above, Messrs. Bali and Mulica were paid discretionary bonuses because they did not participate in the 2014 MBO Plan and no standalone formal cash incentive plan was adopted for them. These discretionary bonuses were, however, based on the 2014 MBO Plan framework and such bonuses were calculated ratably based on the full months of service applicable to each executive for 2014. See table above and related discussion in the section entitled, "Annual Performance-Based Cash Bonuses." Accordingly, although the bonuses are disclosed as discretionary, that discretion was applied using pre-established corporate goals and formulae in place for our other MBO Plan participants. The Compensation Committee determined that this approach was appropriate for purposes of internal equity and consistency in the application of our executive compensation program.

The following table shows total actual cash compensation earned by our named executive officers in 2014, with a comparison to 2013:

<u>Name</u>	<u>2014 Actual Total Cash</u>	<u>2013 Actual Total Cash</u>	<u>Year-over-year Change</u>

The Role of Long-Term Equity Awards

Because the value of an equity award is dependent on our stock price, our equity compensation program is designed to align executive compensation with the interests of our shareholders and also with the long-term performance of RealNetworks. Equity compensation awards are also an important employee retention tool as they generally vest over a multi-year period, subject to continued service by the award recipient.

In August 2012, following a review of our equity compensation program and practices in light of our overall compensation program objectives and upon the recommendation of management, the Compensation Committee determined that, going forward, awards of stock options would serve as our primary equity vehicle. The rationale for this decision was to motivate executives to focus on increasing shareholder value. In addition, having approved significant performance-based equity awards to Mr. Glaser in late 2012 and to Mr. Pellegrini upon his hire in early 2013, the Compensation Committee has emphasized performance-based awards in order to focus our executives on improving company performance.

2014 Option Awards. On April 21, 2014, in connection with the commencement of his employment with us, the Compensation Committee granted a time-based stock option to Mr. Bali to acquire 400,000 shares of common stock with an exercise price equal to \$7.735, the closing price of our common stock on the grant date. The option vests 25% on the one-year anniversary, subject to continued employment, then vests an additional 12.5% at the expiration of each successive six months of continued employment. This award is larger than a typical annual award for the role and includes an inducement portion to attract and align, which is not expected to be continued at the same level in the future. The Compensation Committee believed that the award was appropriate as part of the compensation package necessary to recruit Mr. Bali to the company.

On June 6, 2014, in connection with the commencement of his employment with us, the Compensation Committee granted a time-based stock option to Mr. Mulica to acquire 500,000 shares of common stock with an exercise price equal to \$7.50, the closing price of our common stock on the grant date. The option vests 25% on the one-year anniversary, subject to continued employment, then vests an additional 12.5% at the expiration of each successive six months of continued employment. This award is larger than a typical annual award for the role and includes an inducement portion to attract and align, which is not expected to be continued at the same level in the future. The Compensation Committee believed that the award was appropriate as part of the compensation package necessary to recruit Mr. Mulica to the company.

Also on June 6, 2014, upon Mr. Glaser's recommendation, the Compensation Committee granted a time-based stock option to Mr. Pellegrini to acquire 100,000 shares of common stock with an exercise price equal to \$7.50, the closing price of our common stock on the grant date. The option was granted in connection with the expansion of Mr. Pellegrini's duties and related change in his title from President, Mobile Entertainment to President, Products and Marketing, overseeing the product and marketing functions in both the Mobile Entertainment and RealPlayer divisions. The option vests in accordance with our standard four-year vesting schedule of 12.5% on each of the successive six-month periods following the grant date, subject to the executive's continued employment with the company.

Mr. Wan was not granted any equity awards in 2014.

See the section entitled "*Chief Executive Officer Compensation*" for a discussion of Mr. Glaser's options. As discussed, he was granted \$300,000 in option value to replace \$150,000 in 2013 and 2014 salary, plus a \$750,000 promotion RSU grant that was viewed as equivalent to a hiring inducement award. Excluding these special awards that are outside of the regular compensation program, Mr. Glaser's annual options were 100%

performance based and require price appreciation of at least 50% above the grant price within three years of the grant date in order to be eligible to vest. These performance options granted in December 2014 reflected the “annual” long-term incentive portion of Mr. Glaser’s 2014 compensation and 100% of it was performance contingent.

2013 Performance-Based Option Award. Previously, in connection with his hire in February 2013, pursuant to his offer letter, Mr. Pellegrini was granted an option to purchase 350,000 shares of common stock that were to be earned and vested, if at all, upon the achievement of pre-established goals related to fiscal years 2013, 2014, 2015 and 2016. These goals were based on revenue, adjusted EBITDA, and key performance indicators relating to the company’s Mobile Entertainment business. The Compensation Committee deemed the achievement of these goals to be very challenging such that significant effort would be required for attainment. This performance-based option award allows for the acceleration of the vesting of a limited number of awards each year in the event of earlier achievement. On February 7, 2014, the Compensation Committee determined that the revenue and adjusted EBITDA goals for 2013 had been achieved (revenue of \$81.2 million compared to a target of \$74.7 million; adjusted EBITDA of \$5.8 million compared to a target of \$5.3 million), although the subscriber goal had not been achieved. As a result, the Compensation Committee determined that 43,750 shares subject to Mr. Pellegrini’s performance-based option award had vested and been earned as of December 31, 2013. The exercise price relating to those vested shares is equal to \$7.79, the closing price of our common stock on the vesting date. The Compensation Committee determined that no additional shares subject the option had vested as of December 31, 2014, as none of the performance goals were achieved as of such date. There has been no discretion used in scoring the performance equity awards and all earnouts and forfeitures under these performance equity awards to date have been pursuant to the pre-established performance goals.

Benefits, Perquisites, Severance and Certain Benefits in Connection with a Change in Control

Benefits. Benefits are part of a competitive compensation package to attract and retain employees, including executives. Our executive officers are eligible to participate in all of the benefit programs offered to employees in the geographic region in which their customary employment is based. These programs include medical, dental, vision, group life and disability insurance, a medical reimbursement plan, a transportation subsidy and an employee stock purchase plan that permits employees to purchase our common stock at a 15% discount from the closing sale price of our common stock as reported on the Nasdaq Stock Market on the last trading day of each offering period.

Our employees, including our named executive officers, are also eligible to participate in our 401(k) savings plan, a tax-qualified retirement savings plan pursuant to which all U.S.-based employees are able to contribute the lesser of up to 50% of their cash compensation (including base salary, bonuses, commissions and overtime pay) or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. RealNetworks will match 50% of the first 3% of pay that is contributed to the 401(k) savings plan. All employee contributions to the 401(k) savings plan are fully vested upon contribution. Matching contributions by RealNetworks become fully vested after three years. Our executive officers are eligible to participate in the benefit programs described above on the same basis as our other employees.

Perquisites. We may offer other benefits to our employees and executive officers from time to time, including relocation packages, which benefits are typically offered to help us compete more effectively to attract or retain an executive officer. In 2014, we (i) reimbursed Mr. Glaser for legal fees that he incurred in connection with the negotiation of his offer letter and severance agreement with us, and (ii) imputed the costs associated with the occupancy of office space and parking in our headquarters building by Mr. Glaser’s personal assistant; all of these amounts have been reported as taxable income to Mr. Glaser. For Mr. Bali, as negotiated at the time of his hire and reflected in his offer letter, we reimbursed him \$8,344 for costs relating to the relocation of his family to Seattle. The relocation benefit is subject to prorated repayment if the executive voluntarily leaves his employment with RealNetworks other than for good reason (as defined in his offer letter) within 12 months of his start date. Mr. Bali’s offer letter provided that the company would reimburse up to \$100,000 for reasonable expenses incurred in his and his family’s relocation, plus the reimbursement of closing costs in connection with

the sale of his previous home and the purchase of a new home in the Seattle area. Mr. Bali's relocation benefits expire on August 31, 2015. For Mr. Pellegrini, as negotiated at the time of his hire and reflected in his offer letter, he is entitled to receive an annual allowance of up to 25,000 Euros for one family trip from New York to Italy. In 2014, we reimbursed Mr. Pellegrini \$10,160 relating to this travel benefit. These amounts have been reported as taxable income to Messrs. Bali and Pellegrini. There were no other special benefits or perquisites provided to any other named executive officer in 2014.

Severance Benefits. We have entered into arrangements with each of our named executive officers pursuant to which the executive may become entitled to receive severance benefits upon a qualifying termination of employment. Additionally, Mr. Glaser's arrangements provide that if his employment terminates, but Mr. Glaser remains as Chairman of the Board, then he will remain eligible to participate in our group health plans or we may provide him with an annual cash payment equivalent to our premium cost for his participation in our group health plan. The terms of the severance benefits that each named executive officer is eligible to receive were negotiated with the executive at the time of his hire. The Compensation Committee believes that these severance benefits are appropriate in order to provide competitive compensation and enable the company to recruit and retain talented executives.

Historically our practice was to pay modest severance upon a voluntary termination, if an executive provided notice to us of at least 90 days, in order to encourage our executives to provide us with sufficient notice in advance of a departure to allow for an orderly transition period. In August 2012, the Compensation Committee, upon recommendation of Mr. Glaser, ended this practice going forward. Mr. Wan, however, has a severance arrangement that was entered into before this practice was ended. Accordingly, upon three months' notice of a voluntary termination, the company is obligated to pay Mr. Wan three months of his base salary.

Severance and Change in Control Benefits. We entered into a severance agreement with Mr. Glaser pursuant to which he is eligible to receive certain severance benefits upon a qualifying termination in connection with a change in control. With all of our other named executive officers, we have agreed to "double-trigger" change in control and severance arrangements (the "CIC Agreements"). These agreements were entered into in order to encourage the retention and commitment of these executives during times of leadership transition and restructuring activities. Each of Messrs. Bali and Mulica entered into a CIC Agreement in 2014 in connection with his hire. The Compensation Committee last reviewed our change in control severance practices as compared to our peers, including the results of a study of peer practices compiled by F.W. Cook in August 2012. The Compensation Committee determined that our practices in this regard were in line with those of our peers, but that certain adjustments would be considered.

Our CIC Agreements provide for severance benefits if the employment of the executive is terminated without "cause" or such executive resigns for "good reason" (as such terms are defined in the CIC Agreement) during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control. Mr. Bali's CIC Agreement also provides for a special payment in the event of a divestiture of certain portions of the company's business prior to the fourth anniversary of such agreement. In addition, under our equity incentive plans, our executive officers may be eligible to receive certain benefits with respect to outstanding awards granted under our equity incentive plans in the event of a change in control of RealNetworks. A change in control of a corporation is often accompanied by changes in the corporate culture and job losses due to redundancy, especially at the executive levels. If a change in control of RealNetworks were under consideration, we expect that our executives could be faced with personal uncertainties and distractions about how the transaction may affect their continued employment with us. By granting awards under our equity incentive plans that include change in control benefits before any such transaction is contemplated, we hope to focus our executive's full attention and dedication to our shareholders' best interests in the event of a threatened or pending change in control, and to encourage the executive to remain employed by RealNetworks through the completion of any such transaction.

The severance and change in control arrangements are described in further detail in the section below entitled, "2014 Potential Payments Upon Termination of Employment of Change-in-Control."

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the federal corporate income tax deduction for compensation paid by a public company to its chief executive officer and certain other executive officers to \$1 million in the year the compensation becomes taxable to the executive, unless the compensation is “performance-based compensation” or qualifies under certain other exceptions. Our Compensation Committee seeks to balance its objective of ensuring an effective compensation package with the need to maximize the deductibility of executive compensation, and intends to seek to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of RealNetworks. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is possible that from time to time we may enter into compensation arrangements under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of Accounting Standards Codification Topic 718, Compensation—Stock Compensation. Under the fair value provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award.

- (1) The amounts shown for Mr. Bali and Mr. Mulica reflect the portion of his respective annualized 2014 base salary of \$400,000 that was earned from the commencement of his employment with RealNetworks, which was April 21, 2014 for Mr. Bali and June 6, 2014 for Mr. Mulica, through the end of fiscal year 2014.
- (2) The 2014 bonus amounts reported for Mr. Bali and Mr. Mulica represent (i) a one-time signing bonus of \$225,000 and \$200,000, respectively, and (ii) a discretionary bonus of \$80,000 and \$100,000, respectively, approved by the Compensation Committee based on the achievement of certain individual performance metrics. See the section of the Compensation Discussion and Analysis entitled “2014 Compensation — Special Cash Bonus Awards.”
- (3) The amounts reported reflect the aggregate grant date fair value, excluding the effect of estimated forfeitures, of awards granted in the year shown pursuant to our 2005 Plan, determined in accordance with financial accounting rules, rather than an amount paid to or realized by the executive officer. (1) The amounts reported in these columns represent the threshold, target and maximum amounts of annual performance-based cash incentive compensation that might have been paid to each named executive officer for 2014 performance. The actual amounts paid for 2014 are shown in the “Non-Equity Incentive Plan Compensation” column of the “Summary Compensation Table.” These awards are described in further detail in the Compensation Discussion and Analysis in the section entitled “2014 Compensation — Annual Performance-Based Cash Bonuses.”

(2) The amounts reported in these columns represent the threshold, target and maximum amounts of a performance-based option that was granted to Mr. Glaser in 2014. The option will vest, if at all, upon the attainment of certain target total shareholder return objectives within three years of the grant date. Upon achievement of such TSR objectives, the option vests in equal monthly installments over four years from the grant date, with retroactive vesting upon achievement of the TSR objectives. The award is described in further detail in the Compensation Discussion and Analysis in the section entitled “2014 Compensation — The Role of Long-Term Equity Awards — 2014 Performance-Based Option Award.”

- (3) The numbers of securities reported in this column represent non-qualified stock options granted under the 2005 Plan and are described in further detail above in the “*Compensation Discussion and Analysis*” and below in the “*Outstanding Equity Awards at December 31, 2014*” table. The exercise price of the stock options is equal to the closing price of RealNetworks’ common stock on the date of grant. If a named executive officer’s employment terminates for any reason other than death, disability, upon a change of control, or upon the termination of employment by RealNetworks without cause (provided that the named executive officer delivers a settlement agreement and release upon such termination), the unvested portion of the stock options will not vest and all rights to the unvested portion will terminate.
- (4) The amounts reported in this column reflect the aggregate grant date fair value, excluding the effect of estimated forfeitures, of the awards granted in 2014 pursuant to the 2005 Plan, determined in accordance with financial accounting rules rather than an amount paid to or realized by the executive officer. For a discussion of valuation assumptions, see *Note 1 and Note 13* to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the year ended December 31, 2014.

The option exercise price has not been deducted from the amounts indicated above. Regardless of the value placed on a stock option on the grant date, the actual value of the option will depend on the market value of RealNetworks’ common stock at such date in the future when the option is exercised. The proceeds to be paid to the individual following the exercise of the option do not include the option exercise price.

Outstanding Equity Awards at December 31, 2014

The following table provides information regarding the holdings of stock options and RSUs by the named executive officers as of December 31, 2014. The market value of the RSUs is based on the closing price of RealNetworks common stock on the NASDAQ Stock Market on December 31, 2014, which was \$7.04.

- (2) The options were vested in full on the grant date.
- (3) Options vested monthly over the fiscal year subject to continued employment, and were fully vested on December 31 of such year.
- (4) Options vest at the rate of 12.5% on the six-month anniversary of the vesting commencement date and 12.5% every six months thereafter, such that the award becomes fully vested on the four-year anniversary of the vesting commencement date subject to continued employment.
- (5) The option becomes exercisable only in the event of attainment of certain target total shareholder return objectives within three years of the grant date. Upon achievement of such TSR objectives, the option vests in equal monthly installments over four years from the grant date, with retroactive vesting upon achievement of the TSR objectives.
- (6) Options became fully vested on December 17, 2010 in accordance with the terms of the December 17, 2009 option exchange.
- (7) Options became fully vested on June 1, 2011 in accordance with the terms of the December 17, 2009 option exchange.

- (8) Options vest at the rate of 25% on the one-year anniversary of the vesting commencement date and 12.5% every six months thereafter, such that the award becomes fully vested on the four-year anniversary of the vesting commencement date.
- (9) Represents performance-based options that are eligible for vesting over a four-year period, based upon the achievement of certain performance objectives and the recipient's continued employment with RealNetworks.
- (10) Represents restricted stock units that are scheduled to vest as to 100% of the shares subject to the award on the third anniversary of the grant date, or July 28, 2017, subject to the recipient's continued service to the company through the vesting date.

2014 Potential Payments Upon Termination of Employment or Change-in-Control

The following table reflects the amount of compensation that would have been payable to each of our named executive officers in the event of the termination of such executive's employment under certain circumstances, assuming that (1) the triggering event took place on December 31, 2014, (2) the price per share of our common stock was \$7.04, which was the closing market price on December 31, 2014, and (3) that all cash payments are made in a lump sum.

(1) Mr. Wan voluntarily terminated his employment with RealNetworks effective March 1, 2015. Although he was paid no severance in connection with his termination, in 2015, he earned and was paid a retention bonus equal to \$265,000.

Benefits Not In Connection With A Change in Control

Pursuant to his CEO severance agreement, in the event that, other than during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control, either his employment is terminated without cause or he resigns for good reason, Mr. Glaser is eligible to receive (i) a lump sum payment equal to 200% of the sum of his then-current annual cash base salary and his then-current target annual bonus, (ii) a payment equal to the amount of bonus that he otherwise would have received pursuant to the bonus plan in which he participated at the time of his termination based on actual performance, had he remained employed through the end of the performance period, (iii) full acceleration of the vesting of his promotion RSU awarded July 28, 2014 (but not of any other equity awards), and (iv) up to 18 months of COBRA coverage. These severance benefits are subject to Mr. Glaser entering into a separation agreement and release of claims in favor of the company and his compliance with non-disparagement, no-hire, non-solicitation and non-competition covenants for a period of 24 months following the termination of his employment.

Pursuant to his offer letter, Mr. Wan is eligible to receive 12 months of salary plus 12 months of COBRA coverage in the event that his employment is terminated without cause other than in connection with a change in control event. These severance benefits are subject to the individual entering into a customary separation agreement and release of claims in favor of the company.

Pursuant to his offer letter, Mr. Pellegrini is eligible to receive 18 months of salary and prorated bonus (in lump sum or monthly payments as determined by the company), plus an equivalent period of COBRA coverage, in the event that, prior to the three-year anniversary of his start date, his employment is terminated without cause other than in connection with a change in control event. Pursuant to their offer letters, Messrs. Bali and Mulica are eligible to receive 15 months and 12 months, respectively, of salary (in lump sum or monthly payments as determined by the company) and prorated bonus in lump sum, plus an equivalent period of COBRA coverage, in the event that his employment is terminated without cause other than in connection with a change in control event. For each of Messrs. Bali and Mulica, the prorated bonus severance would be in an amount equal to actual performance (but in any case not less than 37.5% of base salary) prorated to reflect his period of employment during the year in which the termination of his employment occurs.

In addition, each of Messrs. Bali and Pellegrini's offer letters provides that upon a termination without cause other than in connection with a change in control, the executive will receive one year of accelerated vesting of any unvested, non-performance-based stock options. If Mr. Mulica's employment is terminated without cause within his first year of employment, Mr. Mulica will receive one year of accelerated vesting of his then-unvested options. If Mr. Mulica's employment is terminated without cause within the first four years of his employment, his initial option to acquire 500,000 shares of common stock will accelerate based on the higher of (i) the 30-day average closing price of the company's stock preceding the date of employment termination or (ii) the 30-day average closing price of the company's stock beginning on the date of employment termination. An average closing price that is (x) at least 200% of the option's exercise price will result in 100% accelerated vesting of the option; (y) less than 200% but at least 150% of the option's exercise price will result in accelerated vesting of the greater of 50% of the then-unvested portion of the option or 1 year of acceleration; and (z) less than 150% of the option's exercise price will result in 1 year of accelerated vesting.

The severance benefits for Messrs. Bali, Mulica and Pellegrini described above are subject to the individual entering into a customary separation agreement and release of claims in favor of the company.

Certain equity awards held by Mr. Wan provide for partial vesting acceleration upon his termination by us without cause. Specifically, for awards granted prior to November 30, 2012, if we terminate the employment of the named executive officer for any reason other than for cause, and any of his outstanding stock options or RSUs are not fully vested, the next vesting installment of such stock options or RSUs will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the options or RSUs commenced or the last anniversary thereof, expressed in full months, provided that the executive executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination.

Mr. Glaser's severance agreement provides that, if his employment terminates but Mr. Glaser remains as Chairman of the Board, then he will remain eligible to participate in our group health plans or we may provide him with an annual cash payment equivalent to our premium cost for his participation in our group health plan.

Benefits In Connection With A Change in Control

The CEO severance agreement provides that if, during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control, Mr. Glaser's employment is terminated without cause or he resigns for good reason, then he will receive (i) a lump sum payment equal to 200% of the sum of his then-current annual cash base salary and his then-current target annual bonus, (ii) a lump sum payment equal to his then-current target bonus, prorated to reflect his period of employment during the applicable performance period, (iii) full acceleration of the vesting of any unvested, non-performance-based

equity awards, and (iv) up to 18 months of COBRA coverage. These severance benefits are subject to Mr. Glaser entering into a release of claims in favor of the company and his compliance with non-disparagement, no-hire, non-solicitation and non-competition covenants for a period of 24 months following the termination of his employment.

Mr. Glaser's performance-based option that was granted to him in December 2014, provides that in the event of a change in control, as defined in Mr. Glaser's severance agreement, while the performance option is outstanding but prior to the achievement of the TSR Goal, if the TSR Goal otherwise would be deemed achieved as measured by substituting for the trailing 90-day average stock price, the fair market value of our common stock immediately prior to the change in control (as adjusted to reflect any dividends), then the TSR Goal will be deemed achieved as of such date. If a change in control had occurred on December 31, 2014, and the price per share of our common stock was \$7.04, which was the closing market price on December 31, 2014, none of the shares subject to the performance-based option would have become vested.

The CIC Agreements between RealNetworks and each of our named executive officers, except Mr. Glaser, provide that the executive would receive certain payments in the event of his termination of employment under certain circumstances. Specifically, if Mr. Wan's employment is terminated without cause or he resigns for good reason and the termination occurs during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control, then he is entitled to receive 125% of his base salary, 125% of his target bonus, his prorated target bonus for any partial bonus period, full acceleration of equity awards granted after February 1, 2010, extension of post-termination exercisability period of outstanding vested options for up to 12 months, and up to 18 months of reimbursement of COBRA coverage. In the case of performance-based RSUs, the termination without cause or resignation for good reason of a named executive officer would result in full acceleration of such award. If any of Messrs. Bali, Mulica or Pellegrini's employment is terminated without cause or he resigns for good reason and the termination occurs during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control, then he is entitled to receive 150% of his base salary, 150% of his target bonus, 150% of his prorated target bonus for any partial bonus period, 12 months of acceleration of equity awards, extension of post-termination exercisability period of outstanding vested options for up to 12 months, and up to 18 months of reimbursement of COBRA coverage. These severance benefits are subject to (1) the individual entering into a customary separation agreement and release of claims in favor of the company, (2) a non-disparagement obligation, and (3) non-solicitation and no-hire obligations for a period of 12 months (for Mr. Wan) or 18 months (for Messrs. Bali, Mulica and Pellegrini) following employment termination. Mr. Bali's CIC Agreement provides for a special payment in the event of a divestiture of certain portions of the company's business prior to the fourth anniversary of such agreement.

Benefits Upon Voluntary Termination, Death and Disability

Upon Voluntary Termination. It has been our practice to pay a modest severance upon a voluntary termination if the executive provides advance notice to us of at least 90 days. This practice is intended to allow for a more orderly transition period. Pursuant to agreements in effect at December 31, 2014, Mr. Wan is eligible for severance equal to three months of his base salary if he provides at least three months' advance notice. Severance amounts shown in the above table under the caption "*Voluntary Termination*" assume that each named executive officer has provided the required advance notice prior to voluntarily terminating his employment on December 31, 2014. Upon his voluntary termination in March of 2015, Mr. Wan did not receive any severance benefits.

Upon Death or Disability. If the employment of a named executive officer had terminated on December 31, 2014 due to death or disability, the executive or his beneficiary would have been entitled to receive the portion of the performance-based cash incentive or discretionary bonus compensation earned in 2014 but not paid as of December 31, 2014.

If the employment of a named executive officer terminates due to his death, any stock options or RSUs that are unvested as of the date of his death will fully vest on such date and any options may be exercised by his estate or legal representative for a period of one year following such date, but not later than the expiration date of such stock options. If the employment of a named executive officer terminates due to disability, and any of his outstanding stock options or RSUs are not fully vested, the next vesting installment of such stock options or RSUs will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the options or RSUs commenced or the last anniversary thereof, expressed in full months. In the case of performance-based RSUs, the death or disability of a named executive officer would result in full acceleration of such award.

Certain Defined Terms

For purposes of Mr. Glaser's severance agreement and the CIC Agreements, the term "Change in Control" generally means the occurrence of any of the following: (1) during any 24-month period, individuals who, at the

beginning of the period constitute the Board (the “Incumbent Directors”) cease to constitute at least a majority of the Board, provided that any directors whose election or nomination for election was approved by a majority vote of the Incumbent Directors will be considered an Incumbent Director (but not any director who was initially elected or nominated as a result of an actual or threatened election contest or as a result of any other actual or threatened solicitation of proxies by or on behalf of any person other than the Board); or (2) any person is or becomes a beneficial owner of securities of the company representing 50% or more of the combined voting power of the company’s then outstanding securities eligible to vote for the election of the Board, excluding any of the following acquisitions: (A) by the Company or any subsidiary, (B) by any employee benefit plan sponsored or maintained by the company or any subsidiary, (C) by any underwriter temporarily holding securities pursuant to an offering of such securities, or (D) pursuant to a Non-Qualifying Transaction (as defined in clause (3) below); or (3) a merger, consolidation, statutory share exchange, reorganization or similar form of corporate transaction involving the company or its subsidiaries that requires the approval of the company’s shareholders, unless immediately following such corporate transaction: (A) more than 50% of the total voting power of (x) the surviving corporation resulting from such transaction, or (y) if applicable, the ultimate parent corporation that directly or indirectly has beneficial ownership of 100% of the voting securities eligible to elect directors of the surviving corporation, is represented by company voting securities that were outstanding immediately prior to such the corporate transaction (or, if applicable, is represented by shares into which such company voting securities were converted pursuant to such corporate transaction), and the voting power among the holders thereof is in substantially the same proportion as the voting power of such company voting securities among the holders thereof immediately prior to the corporate transaction, (B) no person is or becomes the beneficial owner of 50% or more of the total voting power of the outstanding voting securities eligible to elect directors of the parent corporation or surviving corporation and (C) at least half of the members of the board of directors of the parent corporation or surviving corporation following the corporate transaction were Incumbent Directors at the time of the Board’s approval of the execution of the initial agreement providing for such corporate transaction (any corporate transaction which satisfies all of the criteria specified in (A), (B) and (C) above will be deemed to be a “Non-Qualifying Transaction”); or (4) a change in the ownership of a substantial portion of the company’s assets which occurs on the date that any person, or group of persons acquires or has acquired during a 12-month period assets from the company with a total gross fair market value equal to or more than 50% of the total gross fair market value of all of the assets of the company. Under Mr. Glaser’s severance agreement, the transaction also must constitute a change in control within the meaning of Internal Revenue Code Section 409A in order to be considered a “Change in Control.”

For purposes of the equity award agreements, the term “Disability” generally means a permanent and total disability as defined in Section 22(e)(3) of the Internal Revenue Code of 1986, as amended.

For purposes of Mr. Glaser’s severance agreement and the CIC Agreements and Messrs. Bali, Mulica and Pellegrini’s offer letters, the term “Good Reason” generally means the executive’s resignation within 30 days (or 60 days, for Mr. Glaser) after the expiration of any company cure period following the occurrence of one or more of the following, without his written consent: (1) a material reduction in the executive’s duties, authorities or responsibilities relative to the executive’s duties, authorities or responsibilities as in effect immediately prior to the Change in Control; (2) a material reduction in the executive’s annual base compensation; (3) a material reduction in the executive’s annual target bonus opportunity; and (4) a material change in the geographic location at which the executive must perform services. The executive must first provide the company with written notice within 90 days of the event that the executive believes constitutes “Good Reason” specifically identifying the acts or omissions constituting the grounds for Good Reason and a reasonable cure period of not less than 30 days following the date of such notice.

Compensation of Non-Employee Directors

In 2014, each director who was not an employee of RealNetworks was paid \$8,750 per quarter for his or her services as a director. Non-employee directors were also paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, including our standing committees and

certain special committees, and (iii) \$5,000 per quarter for serving as chairperson of the Audit Committee, \$3,125 per quarter for serving as chairperson of the Compensation Committee and \$2,500 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director was paid an additional retainer of \$5,000 per quarter. Directors were also reimbursed for their reasonable expenses incurred in attending Board of Directors or Committee meetings.

Pursuant to the RealNetworks, Inc. 2007 Director Compensation Stock Plan, a sub-plan administered under our 2005 Plan, a non-employee director may make an irrevocable election prior to the commencement of each plan year to receive all or a portion of the cash compensation payable to such director for the coming year in shares of our common stock. No director elected to receive shares in lieu of cash compensation in 2014.

Non-employee directors other than our Chairman receive equity awards under the 2005 Plan on the third business day following each annual meeting of shareholders. The 2014 equity awards consisted of (i) nonqualified stock options to purchase 15,000 shares of our common stock that, once vested, will remain exercisable for three years following the director's separation from the Board or until the option's earlier expiration, and (ii) RSUs valued at \$45,000 on the grant date. These options and RSUs vest monthly in equal increments over a 12-month period following the award's grant date assuming continued service as a director, with the RSU share distribution date occurring on the first anniversary of the grant date. Non-employee directors may make an annual irrevocable election to defer the RSU share distribution date to a date that is (i) five years following the RSU grant date, or (ii) concurrent with the Director's separation from the Board. Our Board has adopted stock ownership guidelines applicable to non-employee directors designed to achieve long-term alignment between non-employee directors and our shareholders. Under these guidelines, each non-employee director is required to own a number of shares of our common stock equal to three times such director's annual retainer fee within five years of service on the Board.

On September 22, 2014, our non-employee directors were each granted RSUs for 6,224 shares and an option to acquire 15,000 shares of our common stock having an exercise price of \$7.23 per share, which RSUs and options vest as described above.

While Mr. Glaser is serving as our Chief Executive Officer, he will not receive compensation as a director. See the "Summary Compensation Table" for Mr. Glaser's compensation for services provided as Chief Executive Officer in 2014.

Policies and Procedures With Respect to Related Person Transactions

It is the policy of RealNetworks not to enter into any related person transaction unless the Audit Committee of the Board of Directors reviews and approves such transaction in accordance with guidelines set forth in the RealNetworks, Inc. Policy Regarding Related Party Transactions, or the transaction is approved by a majority of RealNetworks’ disinterested directors. In reviewing and approving any related person transaction, the Audit Committee will satisfy itself that it has been fully informed as to the related person’s relationship and interest including all material facts of the proposed transaction, and determine that the transaction is fair to RealNetworks.

All related person transactions of which RealNetworks’ management is aware will be disclosed to the Audit Committee. At least annually, management will elicit information from our executive officers and directors as to existing and potential related person transactions, and will seek to obtain such information from 5% shareholders who do not file reports with the SEC on Schedule 13G. An executive officer or director will promptly inform the Chair of the Audit Committee when the officer or director becomes aware of a potential related person transaction in which the officer or director would be a related person.

Certain Relationships and Related Transactions

Under a voting agreement entered into in September 1997 among RealNetworks, Accel IV, L.P., Mitchell Kapor, Bruce Jacobsen and Robert Glaser, each of Accel IV and Messrs. Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. The obligations under the voting agreement terminate with respect to shares transferred by the parties when such shares are transferred. The voting agreement terminates on the death of Mr. Glaser.

Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of common stock.

In August 2012, we entered into a strategic advisory agreement with Michael Slade, a director, whereby Mr. Slade would provide consulting services relating to strategic initiatives of the company and our business

units. During 2013, Mr. Slade was paid \$20,000 per month for his services rendered pursuant to this agreement. Effective January 23, 2014, the scope of services provided by Mr. Slade pursuant to this agreement was expanded and the related fee was increased to \$30,000 per month. Effective January 1, 2015, the arrangement was again amended to further expand the services and to provide for compensation for the 6-month period ended June 30, 2015 as follows: (i) a monthly cash fee equal to \$33,333; (ii) the grant of an option to acquire RealNetworks common stock valued at \$100,000 on the grant date to vest 50% on the first anniversary of the grant date and 50% on the second anniversary of the grant date; (iii) the award of restricted stock units valued at \$50,000 on the grant date to vest 50% on the first anniversary of the grant date and 50% on the second anniversary of the grant date; (iv) reimbursement of the monthly equivalent of the \$100,000-per-year cost of an executive assistant; and (v) a guaranteed bonus equal to \$150,000. As amended, the engagement ends on June 30, 2015 but, unless otherwise terminated, automatically renews each month through December 31, 2015. To the extent that the agreement is extended beyond December 31, 2015, the agreement requires the annual approval of the Audit Committee pursuant to the RealNetworks, Inc. Policy Regarding Related Party Transactions. In the event that the arrangement is extended beyond June 30, 2015, Mr. Slade will be eligible to earn a performance bonus of up to \$150,000 for the six-month period based upon the achievement of certain financial targets and/or milestones relating to the second half of 2015; any such bonus shall be prorated if Mr. Slade ceases to provide services to the company prior to December 31, 2015. Beginning January 1, 2015, Mr. Slade will be paid no fees related to his service on the RealNetworks Board of Directors or any committee thereof during the term of the amended services agreement.

PROPOSAL 2 — ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act, we are providing our shareholders with the opportunity to cast an advisory vote on executive compensation as more fully described below. As an advisory vote, this proposal is not binding on RealNetworks or its Board of Directors. However, the Board of Directors and its Compensation Committee, which is responsible for designing and administering RealNetworks' executive compensation program, value the opinions expressed by shareholders in their vote on this proposal and will review and consider the results of this vote when making future decisions regarding the compensation of our named executive officers.

As described in more detail in the "Compensation Discussion and Analysis" section of this proxy statement, our executive compensation program is designed to attract, motivate and retain executive officers critical to the long-term success of RealNetworks and the creation of shareholder value. Our executive compensation program links competitive levels of compensation to company performance as compared to performance goals to ensure accountability and to motivate executives to achieve a higher level of performance.

The Compensation Discussion and Analysis describes our executive compensation program and the decisions made by our Compensation Committee regarding 2014 compensation in more detail. The Compensation Committee has implemented practices that it believes are indicative of its executive compensation philosophy and its desire to maintain good corporate governance, including:

- Establishing executive compensation that is competitive and linked to both company and individual performance;
- Providing for a substantial portion of executive compensation to be in the form of incentive compensation that is "at risk" and dependent upon RealNetworks' business results;
- Providing pay incentives that closely align the interests of executives with the long-term interests of our shareholders;
- Formalizing an annual process to assess risks associated with our compensation policies and programs; and

- Hiring independent compensation consultants to assist the Compensation Committee with its compensation decisions.

We request shareholder approval of the compensation of our named executive officers as disclosed pursuant to the SEC’s compensation disclosure rules as set forth in the Compensation Discussion and Analysis, the executive compensation tables and the narrative disclosures that accompany the compensation tables. We currently plan to hold an advisory vote annually, so the next such shareholder advisory vote will occur at our 2016 annual meeting.

Accordingly, we ask that you vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the shareholders of RealNetworks, Inc. approve, on an advisory basis, the compensation of the named executive officers, as disclosed in RealNetworks, Inc.’s proxy statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table, and the other related tables and disclosure within this proxy statement.”

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL 2.

PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed the firm of KPMG LLP as the independent registered public accounting firm for RealNetworks’ fiscal year ending December 31, 2014, and the Board of Directors recommends that shareholders vote for the ratification of such appointment. Although ratification by our shareholders is not required by law, RealNetworks has determined that it is desirable to request shareholder approval of this appointment. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such change would be in the best interests of RealNetworks and its shareholders. If the shareholders do not ratify the appointment of KPMG LLP, the Audit Committee may reconsider its selection.

KPMG LLP has audited the consolidated financial statements of RealNetworks since 1994, including performing audit services in connection with the audit of our consolidated financial statements for our most recently completed fiscal year. In addition, KPMG LLP has rendered other services, including the review of financial statements and related information in various registration statements and filings with the SEC.

Fees Billed by KPMG LLP During 2013 and 2014

The following table presents fees for professional audit services rendered by KPMG LLP, an independent registered public accounting firm, for the audit of our annual financial statements for 2013 and 2014, and fees billed for other services rendered by KPMG LLP.

Tax Fees(2)	78,897	56,293
All Other Fees	0	0
Total Fees	<u>\$1,328,897</u>	<u>\$1,328,893</u>

-
- (1) Fees in connection with the audit of RealNetworks' annual financial statements for the fiscal years ended December 31, 2013 and 2014, reviews of the financial statements included in RealNetworks' quarterly reports on Form 10-Q during those fiscal years, Sarbanes-Oxley Section 404 attestation services and statutory and other audits for subsidiaries of RealNetworks.
 - (2) Fees in connection with professional services for tax return preparation and consultation on matters related to certain of our subsidiaries.

Pre-Approval Policies and Procedures

The Audit Committee approves in advance all audit and non-audit services to be performed by our independent auditors. As part of its pre-approval procedures, the Audit Committee considers whether the provision of any proposed non-audit services is consistent with the SEC's rules on auditor independence. In accordance with its pre-approval procedures, the Audit Committee has pre-approved all specified audit and non-audit services to be provided by KPMG LLP for up to twelve months from the date of the pre-approval. If there are any additional services to be provided, a request for pre-approval must be submitted by management to the Audit Committee for its consideration. In 2013 and 2014, the Audit Committee approved all services and fees of KPMG LLP identified in the above table in accordance with SEC requirements.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2015.

Report of the Audit Committee of the Board of Directors

The following is the report of the Audit Committee with respect to RealNetworks' audited financial statements, which include the consolidated balance sheets of RealNetworks as of December 31, 2013 and 2014, and the related consolidated statements of operations, shareholders' equity and comprehensive income (loss), and cash flows for each of the three years in the period ended December 31, 2014, and the notes thereto.

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for fiscal 2014 with management and has discussed those matters required by Auditing Standard No. 16, "Communications with Audit Committees," as adopted by the Public Company Accounting Oversight Board, with KPMG LLP. The Audit Committee received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence from RealNetworks.

Based on the Audit Committee's review of the audited consolidated financial statements and its discussions with management, the internal audit function and KPMG LLP, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for fiscal 2014 be included in the RealNetworks Annual Report on Form 10-K for the fiscal year ended December 31, 2014.
