

Castle Brands Announces Fourth Quarter and Fiscal 2016 Results

Net Sales Increase 25.7% Driven by Strong Growth of Whiskeys, Goslings Rum and Goslings Stormy Ginger Beer

NEW YORK, June 14, 2016 /PRNewswire/ -- Castle Brands Inc. (NYSE-MKT: ROX), a developer and international marketer of premium and super-premium branded spirits, today reported financial results for the quarter and year ended March 31, 2016.

Operating highlights for the fiscal year ended March 31, 2016:

- Net sales increased 25.7% to \$72.2 million for fiscal 2016, as compared to \$57.5 million in the prior fiscal year.
- Total gross profit increased 32.4% to \$28.6 million, as compared to \$21.6 million for the prior fiscal year.
- EBITDA, as adjusted, improved by 215.3% to \$3.6 million, as compared to \$1.1 million in fiscal 2015.
- Whiskey revenues increased 35.8% from the prior year due to continued strong performance of Jefferson's bourbons and Knappogue and Clontarf Irish whiskeys.
- Goslings Rum revenue increased 10.9% from the prior year due to strong sales in both the U.S. and international markets.
- Goslings Stormy Ginger Beer case sales increased 55.9% to approximately 1,115,000 cases from approximately 715,000 in the prior year.
- The Company increased its reserves of aged bourbon and entered into two long-term new-fill agreements to augment its supplies of aged bourbon for its Jefferson's brand.
- The Company introduced new, upgraded packaging for its Goslings rums and Knappogue Castle Irish whiskeys.

"This was an outstanding year for Castle Brands. Continued strong growth of our more profitable brands, such as Jefferson's Bourbon, Goslings Rum and our Irish Whiskeys, resulted in substantial revenue growth and even greater growth in gross profit. It also drove improved margins, decreased G&A as a percent of revenue, significantly reduced net loss and increased EBITDA, as adjusted. We expect that these growth trends and improving financial performance will continue," stated Richard J. Lampen, President and Chief Executive Officer of Castle Brands.

"Jefferson's is now one of the top five selling premium small batch bourbons, Goslings Black Seal is now one of the top ten selling premium imported rums and Goslings Stormy Ginger Beer is now the largest selling premium ginger beer in the U.S.," Mr. Lampen added.

"We used our aged bourbon reserves to support increased sales of Jefferson's and its brand extensions, such as Jefferson's Ocean Aged at Sea. We also continue to add innovative expressions to increase sales and enhance the Jefferson's brand. Our whiskey portfolio has also benefitted from additions to our Irish whiskey offerings and the initiation of a barrel program for Knappogue Castle Whiskey. We expect strong growth in whiskey sales to continue. Goslings' sponsorship of the 35th America's Cup Challenge continues to drive the visibility of Goslings rum and ginger beer," said John Glover, Chief Operating Officer of Castle Brands.

In the fourth quarter of fiscal 2016, the Company had net sales of \$20.0 million, a 23.6% increase from net sales of \$16.2 million in the comparable prior-year period. Net income attributable to common shareholders was \$0.4 million, or \$0.00 per basic and diluted share, in the fourth quarter of fiscal 2016, as compared to a loss of (\$0.6) million, or (\$0.00) per basic and diluted share, in the prior-year period.

EBITDA, as adjusted, for the fourth quarter of fiscal 2016 improved to \$1.4 million as compared to \$0.4 million for the comparable prior-year period.

The Company had net sales of \$72.2 million for fiscal 2016, an increase of 25.7% from net sales of \$57.5 million in fiscal 2015. This sales growth was driven by the overall growth of Jefferson's and Jefferson's Reserve, Clontarf Irish whiskey and Goslings Stormy Ginger Beer. Net loss attributable to common shareholders was (\$2.5) million, or (\$0.02) per basic and

diluted share, in fiscal 2016. This compares to a net loss attributable to common shareholders of (\$3.8) million, or (\$0.02) per basic and diluted share, in fiscal 2015.

EBITDA, as adjusted, for fiscal 2016 improved to \$3.6 million as compared to \$1.1 million for the prior-year.

Non-GAAP Financial Measures

Within the information above, Castle Brands provides information regarding EBITDA, as adjusted, which is not a recognized term under GAAP (Generally Accepted Accounting Principles) and does not purport to be an alternative to income (loss) from operations or net income (loss) as a measure of operating performance. Earnings before interest, taxes, depreciation and amortization, or EBITDA, adjusted for allowances for doubtful accounts and obsolete inventory, stock-based compensation expense, other (income) expense, net, loss from equity investment in non-consolidated affiliate, foreign exchange (gain) loss, net change in fair value of warrant liability, net income attributable to noncontrolling interests and dividend to preferred shareholders is a key metric the Company uses in evaluating its financial performance on a consistent basis across various periods. EBITDA, as adjusted, is considered a non-GAAP financial measure as defined by Regulation G promulgated by the SEC under the Securities Act of 1933, as amended. Due to the significance of non-cash and nonrecurring items, EBITDA, as adjusted, enables the Company's Board of Directors and management to monitor and evaluate the business on a consistent basis. The Company uses EBITDA, as adjusted, as a primary measure, among others, to analyze and evaluate financial and strategic planning decisions regarding future operating investments and allocation of capital resources. The Company believes that EBITDA, as adjusted, eliminates items that are not indicative of its core operating performance or are based on management's estimates, such as allowance accounts, are due to changes in valuation, such as the effects of changes in foreign exchange or fair value of warrant liability, or do not involve a cash outlay, such as stock-based compensation expense. EBITDA, as adjusted, should be considered in addition to, rather than as a substitute for, income from operations, net income and cash flows from operating activities. A reconciliation of net loss attributable to common shareholders to EBITDA, as adjusted, is presented below.
