**PROXY STATEMENT**  
**ANNUAL MEETING OF STOCKHOLDERS**  
**TO BE HELD ON NOVEMBER 19, 2015**

**SOLICITATION AND OTHER INFORMATION RELATED TO THE COMPANY**

**General and Revocability of Proxies**

This Proxy Statement (the "Proxy Statement") is furnished in connection with the solicitation of proxies by the Board of Directors of Sharps Compliance Corp., a Delaware corporation (referred to herein as, the "Company", "we", "us" or "our"), on behalf of the Company, to be used at the Annual Meeting of Stockholders of the Company to be held on November 19, 2015 (the "Annual Meeting") at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and adjournment(s) or postponement(s) thereof. This Proxy Statement and the attached proxy card are expected to be mailed to the stockholders of the Company on or about October 1, 2015.

The accompanying proxy is designed to permit each holder of the Company's common stock, par value \$0.01 per share (the "Common Stock"), (i) to vote for or withhold voting for, the nominees for election as directors of the Company, (ii) to cast a non-binding advisory vote for or against or abstain from voting for, the executive compensation for the officers of the Company as named in this Proxy Statement (referred to as "say-on-pay"), (iii) to ratify the selection by the Audit Committee of the Company's Board of Directors (the "Board of Directors" or the "Board") of BDO USA, LLP ("BDO") as the Company's independent registered public accounting firm for the current fiscal year and (iv) to authorize the proxies to vote in their discretion with respect to any other proposal brought before the Annual Meeting. When a stockholder's executed proxy card specifies a choice with respect to a voting matter, the shares will be voted accordingly. For items (i) and (ii), which are considered non-routine under Rule 452 of the New York Stock Exchange, which was adopted by the NASDAQ Capital Market, if you do not provide voting instruction, your shares will not be voted for these items. For item (iii), which is considered routine, abstentions and broker non-votes will not affect the outcome of the voting on the proposal. If any other matters properly come before the Annual Meeting, the proxies will vote upon such matters according to their judgment.

The Company encourages the personal attendance of its stockholders at the Annual Meeting, and execution of the accompanying proxy will not affect a stockholder's right to attend the Annual Meeting and to vote his or her shares in person. Diaz, Corporate Secretary, Sharps Compliance Corp., 9220 Kirby Drive, Suite 500, Houston, Texas 77054, at any time before the proxy is voted, by executing and delivering a later-dated proxy, or by attending the Annual Meeting and voting his or her shares in person. No such notice of revocation or later-dated proxy will be effective, however, until received by the Company at or prior to the Annual Meeting. Mere attendance at the Annual Meeting will not of itself revoke the proxy.

All expenses of the Company in connection with the solicitation of proxies will be borne by the Company. In addition to solicitation by mail, the Company's directors, officers and employees may solicit proxies by telephone or other means of communication. The Company will request brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held

of record by such persons and will reimburse such persons and their transfer agents for their reasonable out-of-pocket expenses in forwarding such material.

## VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

### General

The Board has fixed the close of business on September 21, 2015 as the record date (the “Record Date”) for the Annual Meeting. Only holders of record of the outstanding shares of Common Stock at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) thereof. At the close of business on September 21, 2015, there were 15,482,139 shares of Common Stock outstanding and entitled to be voted at the Annual Meeting. The Common Stock is the only class of stock entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote on each matter presented to the stockholders. Cumulative voting is not permitted by the stockholders of the Company’s Common Stock.

### Quorum and Vote Required

The presence, in person or by proxy, of a majority of the total shares of Common Stock issued and outstanding at the close of business on the Record Date is necessary to constitute a quorum for transaction of business at the Annual Meeting. Assuming the existence of a quorum, pursuant to our bylaws, the affirmative vote of a plurality of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to elect directors. With respect to matters other than the election of directors, our bylaws provide that, if a quorum is present, the affirmative vote of a majority of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to decide any such matter brought before such meeting, except as otherwise provided by our Certificate of Incorporation or applicable law. Accordingly, a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting must be cast in favor of the proposal for the non-binding approval of executive compensation in order for such proposal to be approved by our stockholders. If a quorum is not present in person or by proxy, the Annual Meeting may be adjourned until a quorum is obtained.

Abstentions are counted toward the calculation of a quorum and will have the same effect as a vote against a proposal. Broker non-votes occur when a broker or nominee holding shares for a beneficial owner does not vote on a non-routine proposal because the broker or nominee has not received voting instructions from the beneficial owner and does not have discretionary voting power with respect to such proposal. Rule 452 of the New York Stock Exchange, which has been adopted by the NASDAQ Capital Market (“NASDAQ”), provides that a broker or other nominee holding shares for a beneficial owner may generally vote on routine matters, but not non-routine matters, without receiving voting instructions. Under Rule 452, the uncontested election of directors (Proposal 1) and the non-binding advisory vote on executive compensation (Proposal 2) are considered non-routine matters. If your shares are held by a broker or nominee and you do not provide such voting instructions, your shares will not be voted for Proposals 1 and 2. ***Please provide instructions to your brokers or nominee on how to vote your shares.*** Under Rule 452, the ratification of the selection of the independent registered public accounting firm (Proposal 3) is considered a routine matter. Abstentions and broker non-votes will not affect the outcome of the voting on Proposal 3.

Proxies will be voted in accordance with the specifications marked thereon, and if no voting instructions are provided, then shares will not be voted for the nominees. **The Board of Directors recommends that Stockholders vote "For" the election of the nominees for director.**

### Board's Leadership Structure and Role in Risk Oversight

**Director Independence** The Board has determined that each of Messrs. Parker, Dalton, Holmes, and Zerrillo is an "independent director" within the meaning of the applicable rules of the SEC and NASDAQ. The Audit Committee, Compensation Committee and Corporate Governance Committee of the Board are composed entirely of independent directors.

**Succession and Transition** David P. Tusa was appointed to the role of Chief Executive Officer effective September 30, 2010. Mr. Tusa has been with the Company for over 11 years and has been a key player in driving the Company's growth, strengthening the balance sheet and ensuring efficiency in operations. Mr. Tusa has been instrumental in initiating the expansion of the Company's service offerings to include a route-based pickup service via direct operations or subcontractor relationships and with the development of

new solutions including MedSafe, a patent-pending solution for the safe collection, transportation and proper disposal of unwanted and expired prescription medications, including controlled substances from ultimate users. The Board believes Mr. Tusa's primary role should be to lead and manage the day-to-day operations of the Company. Mr. Tusa has extensive knowledge of the day-to-day operations of the Company and his focus continues to be on expanding the Company's customer base, expanding relationships with existing customers, and developing strategic relationships and alliances.

F. Gardner Parker was appointed Chairman of the Board (the "Chairman") in November 2010. The Chairman is expected to organize the Board activities to enable the Board to effectively guide, oversee and hold management accountable. To fulfill that role, the Chairman is expected to create and maintain an effective working relationship with the Chief Executive Officer and other members of the Board; provide the Chief Executive Officer on-going direction as to Board needs, interests and opinions; and ensure that the Board agenda is appropriately directed to the matters of greatest importance to the Company. The Chairman is expected to preserve the distinction between management and oversight, ensuring that management develops a corporate strategy and the Board of Directors reviews and expresses its views on the corporate strategy. In addition, the Chairman's roles include but are not limited to the following: (i) advising the Chief Executive Officer as to an appropriate schedule of Board meetings, (ii) seeking to ensure that the directors can perform their duties responsibly while not interfering with on-going Company operations, (iii) approving, with the Chief Executive Officer, an agenda and the meeting schedules for the Board of Directors and Board Committee meetings, (iv) advising the Chief Executive Officer as to the quality, quantity and timeliness of the information submitted to the Board by the Company's management that is necessary or appropriate for the directors to effectively and responsibly perform their duties, (v) calling meetings of the directors, and (vi) acting as the principal liaison between the directors and the Chief Executive Officer on sensitive issues.

***Board's Role in Risk Oversight*** The Board is responsible for determining the ultimate direction of our business, determining the principles of our business strategy and policies and promoting the long-term interests of the Company. The Board possesses and exercises oversight authority over the business, subject to governing documents and applicable law, but delegates day-to-day management of the Company to the Chief Executive Officer and other executive officers. This structure requires clear and timely communication between the Chief Executive Officer and Chairman regarding management decisions that will impact the Board. Viewed from this perspective, the Board generally oversees risk management, and the Chief Executive Officer and other executive officers manage the material risks that we face. The Board focuses on the most significant risks facing the Company and the Company's general risk management strategy, and also ensures that risks undertaken by the Company are consistent with such strategy.

Risks falling within this area would include but are not limited to business ethics, general business and industry risks, operating risks and financial risks. We have not concentrated within our executive officers responsibility for all risk management in a single risk management officer, but rather rely on various executive and other management personnel to understand, assess, mitigate and generally manage material risks that we face in various areas including capital expenditure plans, liquidity, operations and health, safety and environmental. As necessary, the Chief Executive Officer and other executive officers report to the Board and its committees, as appropriate, regarding material risk and the management of risk facing the Company. The Board monitors the risk management information provided to it and provides feedback to management from time to time.

The Audit Committee assists the Board in the oversight of the integrity of the Company's financial statements and various matters relating to our publicly available financial information and our internal and independent auditors. The Audit Committee also evaluates related party transactions and potential conflicts of interest for the Company as they arise. The Audit Committee's role includes receiving information from our employees and others regarding public disclosure, our internal controls over financial reporting and material violations of law. Risks associated with retaining and incentivizing management fall within the scope of the authority of the Compensation Committee, which assists the Board in reviewing and

administering compensation, benefits, and incentive and equity-based compensation plans. These committees periodically receive reports from management regarding management's assessment of risks and report regularly to the full Board regarding such risks.

## **Meetings, Committees and Committee Reports**

**Board and Committee Meetings** The Board meets on a quarterly basis and holds special meetings whenever circumstances require. The Board held four regularly scheduled quarterly meetings and one special meeting during the fiscal year ended June 30, 2015. The independent Board members meet in executive sessions at each quarterly and special Board of Directors meeting. During 2015, each of the directors attended at least 75% of the aggregate number of meetings of the Board and the committees on which he or she served that were held during the period in which he or she served as a director or committee member. The Company does not have a policy regarding director attendance at the Company's Annual Meeting of Stockholders. All of the directors attended the Company's 2014 Annual Meeting of Stockholders.

**Committees of the Board** The Board currently has three standing committees: Audit, Compensation and Corporate Governance.

**Audit Committee Report.** *The information contained in this report shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the SEC, or subject to liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that we specifically request that the information be treated as soliciting material or specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act.*

The Audit Committee's purpose is to assist the Board in its oversight of the Company's internal controls and financial statements and the audit process. The Board, in its business judgment, has determined that all members of the Audit Committee are "independent," as required by applicable standards of the SEC and NASDAQ. The Audit Committee operates pursuant to a written charter adopted by the Board. The charter of the Audit Committee is available on the Company's website. The address of the Company's website is <http://www.sharpsinc.com>. Mr. Dalton, Mr. Holmes and Dr. Zerrillo (Chairman) are the current members of the Audit Committee. The Board has determined that Dr. Zerrillo is an independent director who, in light of his business experience and financial expertise detailed above, qualifies as an audit committee financial expert, as that term is defined by the SEC and the applicable listing standards of the NASDAQ. The Audit Committee is responsible for pre-approving all services provided by the Company's independent registered public accounting firm, BDO.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm, BDO, is responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting and Oversight Board (United States). In performing its oversight role, the Audit Committee has reviewed and discussed the audited financial statements with management and BDO. The Audit Committee has also discussed with BDO the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 3526. The Audit Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm is compatible with maintaining its independence and has discussed with the independent registered public accounting firm its independence.

In overseeing the preparation of the Company's financial statements and internal control over financial reporting, the Audit Committee met with both management and BDO to review and discuss all financial

statements prior to their issuance, all assessments of internal control over financial reporting and significant accounting issues. Based on the reports, review and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

The Audit Committee met four times in the fiscal year ended June 30, 2015.

The Compensation Committee currently is comprised of three outside directors, Mr. Dalton (Chairman), Mr. Holmes and Dr. Zerrillo, and administers and oversees all aspects of the Company's Executive Compensation Policy and reports its determinations to the Board. The Compensation Committee operates pursuant to a written charter adopted by the Board. The charter of the Compensation Committee is available on the Company's website and has been filed with NASDAQ. The address of the Company's website is <http://www.sharpsinc.com>. The Compensation Committee has reviewed and discussed the information under the caption "Compensation Discussion and Analysis" with management. Based on the review and discussions described in this Compensation Committee report, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

The **Corporate Governance Committee** is appointed by the Board to ensure that the Board is appropriately constituted to meet its fiduciary obligations to the Company and its stockholders. The Corporate Governance Committee assists in monitoring and shaping the corporate governance of the Company and assists the Board in connection with Board nominations matters. The Corporate Governance Committee evaluates the structure and membership of the Board and its committees and assesses the qualifications of prospective nominees to the Board. In evaluating director candidates, the Corporate Governance Committee considers factors it deems relevant, including, at a minimum, each member and nominee's general understanding of marketing, finance, accounting, or other elements relevant to the success of a publicly traded company in the current business environment, understanding of our business on an operational level, integrity, education and professional background, and willingness to devote time to the Board's duties.

In addition, the Board evaluates each individual in the context of the Board as a whole, with the objective of recommending individuals that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound business judgment using their diversity of experience in these various areas. The Board of Directors oversees Chief Executive Officer and senior management succession planning. The process focuses on building management depth, considers continuity and stability within the Company, and responds to the Company's evolving needs and changing circumstances.

The Board of Directors does not specifically consider diversity in regards to ethnicity, gender, race, or age in assessing the qualifications of director nominees nor does it have a policy regarding diversity of nominee candidates. However, as stated above, the Corporate Governance Committee does consider the diversity of professional experiences and the background of nominees, both individually, and in the context of the whole Board.

The Corporate Governance Committee periodically reviews and assesses the adequacy of the Company's Code of Ethics and makes recommendations to the Board regarding any amendments, modifications or waivers of the provisions thereof.

The Corporate Governance Committee is composed of three members of the Board, each of whom meets the independence requirements under the applicable listing standards of NASDAQ and the SEC. Messrs. Holmes (Chairman), Dalton and Zerrillo are the current members of the Corporate Governance committee. The Board has adopted a written charter for the Corporate Governance Committee. The charter of the Corporate Governance Committee is available on the Company's website. The address of the Company's website is <http://www.sharpsinc.com>. In addition to the responsibilities and functions described above, the Corporate Governance Committee also:

- recommends a slate of director nominees for approval by the Board and election by the stockholders in connection with the Company's Annual Meeting of Stockholders;
- reviews stockholder nominations for candidacy to the Board, if any, and any stockholder proposals affecting corporate governance and makes recommendations to the Board accordingly;
- periodically reviews overall corporate governance principles, procedures and practices of the Company and makes recommendations to the Board as appropriate;
- periodically reviews and reports to the Board on the effectiveness of the Company's corporate governance;
- periodically reviews the charter of the Corporate Governance Committee, the Company's certificate of incorporation, bylaws and other corporate governance documents and recommends any changes or amendments to the Board, as the Committee deems appropriate, including changes necessary to satisfy any applicable requirements of NASDAQ, the SEC and any other regulatory requirements;
- monitors the independence of directors under all applicable rules and regulations;
- reviews any potential conflicts of interest between the directors or the executive officers and the interests of the Company;
- oversees and reviews the Company's processes for providing information to the Board so that the Board obtains appropriately detailed information in a timely fashion; and
- provides a report of the Corporate Governance Committee's activities to the full Board not less than once per year.

In addition to the responsibilities listed above, the Corporate Governance Committee undertakes such other duties as the Board delegates to it and performs such other activities as are consistent with the charter of the Corporate Governance Committee.

Stockholders desiring to make recommendations for candidacy to the Board should submit such recommendations to Diana P. Diaz, Corporate Secretary, Sharps Compliance Corp., 9220 Kirby Drive, Suite 500, Houston, Texas 77054. The Corporate Governance Committee will evaluate candidates properly proposed by stockholders in the same manner as all other candidates.

The Corporate Governance Committee met one time during the fiscal year ended June 30, 2015.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This Compensation Discussion and Analysis is intended to provide context for the decisions underlying the compensation reported in the Summary Compensation Table included below in this proxy statement for the Company's Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and the four other executive officers of the Company who had the highest total compensation for fiscal 2015 as set forth in such table (these six executive officers being collectively referred to below as the "Named Executive Officers"). This Compensation Discussion and Analysis will discuss corporate and individual performance, targets and goals for senior executive officers, including the Named Executive Officers. These targets, goals and performance are disclosed in the limited context of the Company's executive compensation program. You should not interpret them as statements of the Company's expectations or as any form of guidance. We caution you not to apply the statements or disclosures in the Compensation and Discussion Analysis in any other context.

**Overview of 2015 Company Performance** Fiscal year 2015 was a pivotal year as we have transformed the Company into a leading full-service provider of comprehensive waste management services including the management of medical, pharmaceutical and hazardous waste. In July 2015, we augmented our network of medical and hazardous waste service providers with an acquisition of a route-based pickup service in the northeast serving Pennsylvania, Maryland and parts of Ohio. Additionally, we began to service parts of Texas and Louisiana with route-based pickup service. With the addition of these route-based pickup regions and the network of medical and hazardous waste service providers servicing the entire U.S., we offer customers a blended product portfolio to effectively manage multi-site and multi-sized locations, including those that generate larger quantities of waste. The network has had a significant positive impact on our pipeline of sales opportunities — over 60% of this pipeline is attributable to opportunities providing comprehensive waste management service offerings where both the mailback and pickup service are integrated into the offering. We are now positioned to address the needs of multiple markets including pharmaceutical manufacturers, home healthcare providers, assisted living/long-term care facilities, retail pharmacies and clinics and the professional market which is comprised of physicians, dentists, and veterinary practices. While medical, pharmaceutical and hazardous waste challenges continue to multiply across the country, our ability to provide complete solutions has strengthened our position in our target markets. We offer clients a blended product portfolio to effectively target current and prospective customers with multi-site and multi-sized locations including those that generate larger quantities of medical and hazardous waste. The offering includes a single point of contact, consolidated billing, regulatory support and complete integration of our Sharps Tracer System. The Company believes the comprehensive offering will continue to assist the Company in landing larger opportunities whereby the customer has both large and small quantity facilities generating medical waste, used healthcare materials and hazardous waste. We have seen continued success from the execution of this strategy during fiscal year 2015, and expect it to drive further growth and stockholder value in years to come.

The passage of new regulations for ultimate user medication disposal allows the Company to offer new solutions (MedSafe and TakeAway Medication Recovery System envelopes) that meet the regulations for ultimate user controlled substances disposal (Schedules II-V) to retail pharmacies, assisted living and hospice as well as governmental agencies that provide similar services.

**Solid Growth – Stable Performance** The Company recorded revenue of \$30.9 million in fiscal 2015, an increase of 16% compared to revenue of \$26.6 million in fiscal 2014. Customer billings increased 18% to \$31.5 million in fiscal 2015 reflecting strong growth in our key target markets including a 36% increase in Retail billings, a 255% increase in Government billings, a 30% increase in Pharmaceutical

Manufacturer billings, and a 17% increase in Professional billings. Operating income increased to \$1.2 million for fiscal year 2015 compared to \$1.0 million for fiscal year 2014. Operating income for fiscal year 2014 was positively impacted by a \$1.5 million legal settlement related to the Company's claims against the U.S. government related to a contract termination. Without the impact of the prior year legal settlement, operating income increased \$1.8 million over the prior year resulting from higher billings along with improved gross margin due to greater operating leverage gained from higher revenue.

The increase in Retail market billings to \$8.7 million in fiscal year 2015 is due to increases in flu shot related business. The growing trend of retail pharmacies expanding their healthcare services and the Company's estimated 75% market share in this segment drive growth for the Company.

The increase in Government market billings to \$1.8 million is primarily related to increased sales of the Company's Takeaway Medication Recovery System envelopes and MedSafe solutions to multiple government agencies.

The increase in Pharmaceutical Manufacturer market billings to \$4.9 million in fiscal year 2015 is due to continued rollout, including resupply orders, of several patient support programs including three new patient support program launches in the current year. The programs include the direct fulfillment of the Sharps Recovery System to the pharmaceutical manufacturers' program participants, which provides the proper containment, return and treatment of the needles or injection devices utilized in therapy. The Company expects to launch two additional patient support programs for new drug therapies over fiscal year 2016. We believe the Company is the leader in providing solutions of this type to this market.

The increase in Professional market billings to \$6.2 million in fiscal year 2015 is a result of continued targeted telemarketing initiatives and promotional activities to educate doctors, dentists, veterinarians and other healthcare professionals about the favorable economics and convenience of the Company's Sharps Recovery System.

***Capturing Opportunities – Creating Growth*** The Company is well positioned to benefit from the continuing changes in healthcare delivery from traditional to alternative sites, from the aging population and from increasing regulations related to the disposal of unused medications and medical waste. Likewise, we continue to build our already strong position with pharmaceutical manufacturers in providing patient medication adherence, increasing patient engagement and enhancing branding.

The Company believes that the initiatives discussed in this section and launched in fiscal year 2015 will be critical components to achieving expected revenue growth in fiscal year 2016 and beyond.

***2015 Compensation Actions Related to Named Executive Officers*** During the year ended June 30, 2015 and as detailed more in the Summary Compensation Table, the following compensation related actions occurred:

- Options to purchase the Company's stock were granted to Mr. Tusa, Ms. Diaz, Mr. Beaver, Mr. Davis, Mr. Aladwani and Mr. Halligan.
- Options to purchase the Company's stock were granted to Mr. Halligan in conjunction with his appointment as Vice President of Marketing of the Company on November 20, 2014.
- Cash bonuses of \$250,000 were awarded on a discretionary basis in August 2014.
- Cash bonuses of \$96,750 were awarded for fiscal year 2015.

***Role of the Compensation Committee*** The Compensation Committee's overall goal is to develop executive compensation policies that are consistent with, and linked to, the Company's strategic business objectives and values. The Compensation Committee approves the design of, assesses the effectiveness of and administers executive compensation programs in support of the Company's compensation policies. At least annually, the Company's Chief Executive Officer reports to the Compensation Committee an evaluation of executive performance and a recommendation regarding salary and other remuneration for executives. The Compensation Committee considers these evaluations and recommendations during its regularly scheduled sessions, and may choose to adopt the recommendations or modify them at its sole discretion. The

Compensation Committee reviews and approves all salary arrangements and other remuneration for executives, evaluates executive performance and considers related matters.

***Role of the Compensation Consultant*** Pursuant to its charter, the Compensation Committee is authorized to engage, at the expense of the Company, a compensation consultant to provide independent advice, support, and expertise to assist the Compensation Committee in overseeing and reviewing our overall executive compensation strategy, structure, policies and programs, and to assess whether our compensation structure establishes appropriate incentives for management and other key employees. AG Ferguson LLC, a Texas limited liability company (“AG Ferguson”), an independent compensation consultant to the Compensation Committee, was engaged to assist with executive pay decisions and work with the Compensation Committee to formulate the design of the executive compensation program for 2015. AG Ferguson reported directly to the Compensation Committee and provided no other remunerated services to the Company or any of its affiliates. In accordance with SEC rules and requirements, the Company affirmatively determined that no conflicts of interest exist between the Company and AG Ferguson (or any individuals working on the Company's account on AG Ferguson's behalf). Total fees paid to AG Ferguson for the fiscal year ended June 30, 2015 were \$33,000. The Company is not currently utilizing an independent compensation consultant.

***Consideration of Recent Stockholder Advisory Votes on Executive Compensation*** At the Company's most recent annual meeting of stockholders held on November 20, 2014, the Company's stockholders approved by a favorable vote of 97.2% of the shares voted on such proposal, the compensation of the Company's Named Executive Officers as described in the Company's proxy statement for such annual meeting. Although this vote is non-binding, the Compensation Committee viewed this strong endorsement of the executive compensation philosophy, policies and decisions as an additional factor supporting the Compensation Committee's conclusion that the existing approach to executive compensation is appropriate and successful for the Company.

***Compensation Philosophy*** The Company's executive compensation policies have four primary objectives: (i) to attract and retain highly competent executives to manage the Company's business, (ii) to offer executives appropriate incentives for accomplishment of the Company's business objectives and strategy, (iii) to encourage stock ownership by executives to enhance mutuality of interest with stockholders and (iv) to maximize long-term stockholder value.

***Elements of Compensation*** The key elements of the Company's executive compensation are base salary and an annual compensation pool that includes both cash bonuses (short-term) and stock options (long-term). These key elements are addressed separately below. In determining compensation, the Compensation Committee considers all elements of an executive's total compensation package.

***Base Salary*** Base salaries for executives are determined initially by evaluating the executive's level of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. Increases to base salaries are driven primarily by individual performance. Individual performance is evaluated based on sustained levels of individual contribution to the Company. When evaluating individual performance, the Compensation Committee considers the executive's efforts in promoting Company values, continuing educational and management training, improving product quality, developing relationships with customers and vendors and demonstrating leadership abilities among co-workers.

***Annual Incentives*** Each year, the Compensation Committee evaluates the performance of the Company as a whole, as well as the performance of each individual executive. Factors considered include Company performance versus expectations, as well as individual accomplishments.

On March 4, 2015, the Compensation Committee approved an Annual Incentive Plan effective for fiscal year 2015 (ending June 30, 2015) (the “AIP”). The AIP replaced in its entirety the prior executive incentive compensation plan. The AIP, which includes the Company's Named Executive Officers as participants, is

designed to provide annual incentive compensation opportunity for key executives in exchange for the Company achieving key financial and other goals (ex., annual Budget). The AIP is summarized as follows:

Eligibility – For fiscal year 2015, the AIP covers the six executive officers of the Company.

Award Opportunities - Each AIP participant was assigned a *cash* award target (expressed as percentages of salary) and a *stock option* award target.

In August 2015, after the Company’s earnings release for the 2015 fiscal year, each participant's salary rate at the end of the most recently completed fiscal year was multiplied by the actual AIP award percentage achieved to determine the total cash and stock option AIP awards earned for the most recently completed performance cycle.

Performance Measures – The AIP performance targets included the following for fiscal year 2015:

- Achievement of Annual Budgeted Revenue – weighted 50%
- Achievement of Annual Budgeted Pre-Tax Profit – weighted 25%
- Discretionary portion – weighted 25% – determined by the Committee based on achievement of personal or other goals

In addition to the AIP performance targets, the Committee and the Company’s CEO established minimum acceptable and outstanding AIP goals as follows:

- Minimum Acceptable – 90% or above of the performance target for 2015
- Target – AIP performance target (achievement of 100% of goals)
- Outstanding – Performance over 100% up to 150% will be paid at 100% to 150% of the AIP performance target

Awards – The AIP award calculations consist of (i) a percentage of annual salary to determine the cash award (ranging from 20% - 40% of salary) and (ii) equity awards in the form of stock options whereby up to 8.7% of the outstanding shares may be awarded, in aggregate, to participating executives (includes previously awarded and outstanding stock option awards). In August 2015, cash bonuses of \$96,750 were paid out and 34,890 stock options were awarded to AIP participants.

On September 10, 2015, the Compensation Committee approved a Compensation and Incentive Plan effective for fiscal year 2016 (ending June 30, 2016) (the “CIP”). The CIP replaces in its entirety the prior AIP. The CIP, which includes the Company’s Named Executive Officers as participants, is designed to provide an annual incentive compensation opportunity for key executives in exchange for the Company achieving key financial and other goals (ex., annual Budget). The CIP is summarized as follows:

Award Opportunities – Effective for the fiscal year 2016, the covered participants will be eligible for a *cash* incentive bonus pool (\$390,000 for 2016 of which 40% is applicable to the CEO and 60% is allocable to the other covered participants based on a recommendation by the CEO and approved by the Committee) and a *stock option* pool (300,000 stock options for 2016 of which 120,000 stock options are applicable to the CEO and 180,000 stock options which are allocated to other covered participants based on a recommendation by the CEO and approved by the Committee). Within 30 days after the Company’s earnings release for the most recently completed fiscal year, the actual CIP award performance will be calculated to determine the total cash and stock option CIP awards earned for the most recently completed performance cycle.

Performance Measures – The CIP performance targets include the following for fiscal 2016:

- Achievement of Annual Budgeted Revenue – weighted 50%
- Achievement of Annual Budgeted Pre-Tax Profit – weighted 25%
- Discretionary Portion – weighted 25% – recommended by the CEO and approved by the Committee based on achievement of personal or other goals

The Company must achieve at least 90% of budget for a minimum payout calculated as:

- 10% payout for performance at 90% up to 94.9% of budget
- 50% payout for performance at 95% up to 99.9% of budget
- 100% payout for performance at 100% of budget

Performance above 100% up to 150% will be paid at 100% to 150% of the CIP performance target for the cash portion of the award and an additional discretionary amount for the stock option portion of the award.

### *Sharps Compliance Corp. 2010 Stock Plan*

**General.** The 2010 Stock Plan, approved by the stockholders of the Company, is intended to advance the best interests of the Company and its stockholders by providing those persons who have substantial responsibility for the management and growth of the Company with additional performance incentives and an opportunity to obtain or increase their proprietary interest in the Company, thereby

encouraging them to continue in their employment or affiliation with the Company. The 2010 Stock Plan permits the grant of incentive stock options (“ISOs”), nonqualified stock options (“NQSOs”), restricted stock, restricted stock unit awards (“RSUs”), other stock-based awards and cash-based awards (individually or collectively, the “Awards”). Grants of ISOs are intended to satisfy the requirements of Section 422 of the Internal Revenue Code of 1986 as amended. The 2010 Stock Plan includes a forfeiture provision which allows the Administrator (as defined below), under certain circumstances, to cancel unexercised stock awards previously granted to a participant.

***Shares Subject to the 2010 Stock Plan.*** The 2010 Stock Plan provides for the issuance of up to 3,000,000 shares of the Company’s common stock, of which 1,597,030 are available for issuance under the 2010 Stock Plan.

***Administration.*** The 2010 Stock Plan is administered by the Compensation Committee, except in the case of awards issued to directors, which are administered by the Board (individually or collectively, the “Administrator”). Subject to the terms of the 2010 Stock Plan, the Administrator has the authority to determine the persons to whom Awards will be granted; the number and exercise price of shares of stock covered in each Award; the terms, provisions and conditions of each Award; acceleration of vesting; and all other determinations and actions necessary to properly administer the plan. The Administrator may authorize one or more officers of the Company to designate employees to receive Awards as well as the size of such Awards, subject to certain limitations.

***Eligibility.*** Awards may be granted to employees and directors of the Company, except for ISOs which can only be awarded to key employees. Awards other than ISOs may also be granted to persons who are expected to become key employees within six months.

***Awards.*** Options and Restricted Stock Awards may be granted under the 2010 Stock Plan at the discretion of the Administrator. The Administrator specifies the terms and any restrictions on the awards. Other Awards may be granted under the 2010 Stock Plan at the discretion of the Administrator including RSUs and cash based awards. However, these have not been awarded in the past and are not expected to be used under existing incentive plans.

***Change in Capital Structure.*** The existence of outstanding Awards shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of bonds, debentures, preferred or prior preference shares ahead of or affecting the Company’s Common Stock or stock rights, the dissolution or liquidation of the Company, any sale or transfer of all or any part of its assets or business or any other corporate act or proceeding, whether of a similar character or otherwise.

***Change in Control.*** In the event of an occurrence of a change in control of the Company as defined in the 2010 Stock Plan, all outstanding ISOs and NQSOs and Restricted Stock Awards granted under the Plan will become fully vested and exercisable and all risk of forfeiture restrictions applicable thereto shall lapse. The effect, if any, of a change in control of the Company on any other Award granted under the Plan will be determined in accordance with the award agreement applicable to such award.

***Federal Income Tax Consequences.*** The following discussion summarizes certain federal income tax consequences of the issuance and receipt of options and awards pursuant to the Plan under the law as in effect on the date of this proxy statement. The rules governing the tax treatment of such options and awards are quite technical, so the following discussion of tax consequences is necessarily general in nature and is not complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. This summary does not purport to cover all federal employment tax or other federal tax consequences associated with the Plan, nor does it address state, local, or non-U.S. taxes.

A participant generally is not required to recognize income on the grant of an Award other than a cash-based award. Instead, ordinary income generally is recognized on the date the option is exercised, or in the case of restricted stock awards, upon the issuance of shares and/or the payment of cash pursuant to the terms of the awards. In general, the amount of ordinary income required to be recognized is (a) in the case of an option, an amount equal to the excess, if any, of the fair market value of shares on the exercise date over the exercise price and (b) in the case of restricted stock awards, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts. Upon payment of a cash-based award, a participant is required to recognize ordinary income in the amount of the award.

***Termination and Amendment of the 2010 Stock Plan.*** The Board of Directors may terminate or amend the 2010 Stock Plan in any respect or at any time, except that no amendment requiring stockholder approval will be effective without approval of the stockholders as required by applicable law or stock exchange rules.

***Sharps Compliance Corp. 1993 Stock Plan.*** In November 2010, the stockholders of the Company approved the 2010 Stock Plan which replaced the 1993 Stock Plan. As of September 21, 2015, there are 246,258 stock options issued previously under the 1993 Stock Plan which remain outstanding subsequent to the replacement of the 1993 Stock Plan with the 2010 Stock Plan. These stock options have a weighted average exercise price of \$6.04 per share.

#### **Non-Binding Advisory Vote on Executive Compensation - PROPOSAL TWO (2)**

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act required the SEC to adopt rules requiring the Company to seek a non-binding advisory vote from our stockholders to approve the compensation awarded to our executive officers disclosed pursuant to Section 14A of the Exchange Act and Item 402 of Regulation S-K.

The Company's overall goal is to develop executive compensation policies that are consistent with, and linked to, the Company's strategic business objectives and values. The Company's executive compensation policies have four primary objectives: to attract and retain highly competent executives to manage the Company's business, to offer executives appropriate incentives for accomplishment of the Company's business objectives and strategy, to encourage stock ownership by executives to enhance mutuality of interest with stockholders and to maximize long-term stockholder value. The key elements of the Company's executive compensation are base salary and an annual compensation pool that includes both cash bonuses (short-term) and stock options (long-term).

A detailed discussion of the Company's executive compensation in 2015 is set forth under the captions "Executive Compensation" and "Compensation Discussion and Analysis." Stockholders are encouraged to read this material in its entirety to obtain an informed understanding of our executive compensation program.

This proposal, commonly referred to as "say-on-pay," enables stockholders the opportunity to express their views regarding the Company's executive compensation program in general and not of any one or more particular elements of that program. Stockholders have the opportunity to vote for, against, or abstain from voting on approval of 2015 executive compensation. This vote is a non-binding advisory vote on 2015 executive compensation. Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

RESOLVED, that the stockholders of Sharps Compliance Corp. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the Proxy Statement pursuant to Item 402 of Securities Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures.

**The Board of Directors recommends that Stockholders vote “For” approval, on an advisory basis, of 2015 executive compensation.** The Compensation Committee and the full Board intend to consider and take into account the outcome of this non-binding advisory vote in making future executive compensation decisions.

**Ratification of Independent Registered Public Accountants – PROPOSAL THREE (3)**

**Independent Registered Public Accountants** UHY LLP (“UHY”) served as our independent registered public accounting firm and audited the financial statements of the Company for the fiscal years ended June 30, 2014 and 2013. The Audit Committee of the Company’s Board of Directors selected UHY to serve as the Company’s independent registered public accounting firm for the fiscal year ending June 30, 2015, which was ratified by shareholders in November 2014. On December 1, 2014, UHY informed the Company that effective on that date, its Texas practice had been acquired by BDO. As a result of this transaction, on December 1, 2014, UHY resigned as the Company’s independent registered public accounting firm for the fiscal year ending June 30, 2015.

The audit reports of UHY on the Company’s consolidated financial statements for the years ended June 30, 2014 and 2013 did not contain an adverse opinion or disclaimer of opinion, and these statements were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended June 30, 2014 and 2013, and the subsequent interim period through December 1, 2014, there were no disagreements with UHY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, had it not been resolved to the satisfaction of UHY, would have caused UHY to make reference thereto in its reports on the financial statements for such periods. During this time, there have been no “reportable events,” as that term is described in Item 304(a)(1)(v) of Regulation S-K.

As a result of the transaction discussed above, the Audit Committee of the Company’s Board of Directors appointed BDO as the successor independent registered public accounting firm on December 1, 2014. Prior to such appointment, the Company had not consulted with BDO with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s consolidated financial statements, or any other matter or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K. BDO has advised the Company that it will have in attendance at the Annual Meeting a representative who will respond to appropriate questions presented at such meeting regarding the Company’s financial results and condition at the close of its most recent fiscal year. ***Pre-Approval Policies and Procedures*** In accordance with its charter, the Audit Committee pre-approves all audit services and permissible non-audit services to be performed for us by the Company's independent registered public accountants. Under this policy, services are pre-approved as follows:

- Annually, the Company's independent auditors and management present to the Audit Committee the audit and non-audit services to be provided during the upcoming fiscal year and the estimated fees associated with each such service. The Audit Committee pre-approves or rejects the proposed services and fees as it deems appropriate.
- If additional audit or non-audit services are presented for pre-approval during the year, the Audit Committee pre-approves or rejects such additional services and the fees associated with such services as it deems appropriate.
- In deciding whether to pre-approve any proposed services, the Audit Committee considers, (i) potential conflicts of the proposed services with SEC and PCAOB rules on auditor independence, (ii) whether the independent registered public accountants are qualified to perform the proposed services, (iii) the benefits of the proposed services to the Company and (iv) the relationship between fees for audit and non-audit services. The Audit Committee will not approve proposed services that it believes, individually or in the aggregate, may impair the independence of the independent registered public accountants.
- The independent registered public accountants provide updates regularly with respect to, and the Audit Committee reviews, the services actually provided by the independent registered public accountants and the fees incurred with respect to those services.

Although stockholder ratification of the Audit Committee's selection of the independent registered public accounting firm is not required by law or the procedures adopted by the Company's Board of Directors, the Committee's selection of BDO as the Company's independent registered public accounting firm for the current fiscal year is being submitted for ratification by the stockholders at the annual meeting because the Company's Board of Directors has determined that such ratification is a matter of good corporate governance practice. If this proposal is not approved at the annual meeting, the Audit Committee may reconsider its selection of BDO. Even if the selection of BDO is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders. **The Board of Directors recommends that Stockholders vote "For" the ratification of BDO as the Company's independent registered public accountants for the current fiscal year.**
