

Sangamo BioSciences Announces Presentation at the Lazard Capital Markets 8th Annual Healthcare Conference

RICHMOND, Calif., Nov. 8, 2011 /PRNewswire/ -- Sangamo BioSciences, Inc. (Nasdaq: SGMO) announced today that Edward Lanphier, Sangamo's president and CEO, will provide an update on the progress of Sangamo's ZFP Therapeutic® development programs and an overview of the company's business strategy at 11:00 am ET on Tuesday, November 15, 2011 at the Lazard Capital Markets 8th Annual Healthcare Conference which will be held in New York City.

The presentation will be webcast live and may be accessed via a link on the Sangamo BioSciences website in the Investor Relations section <http://investor.sangamo.com/index.cfm> under Events and Presentations. The presentation will be archived on the Sangamo website for two weeks after the event.

About Sangamo

Sangamo BioSciences, Inc. is focused on research and development of novel DNA-binding proteins for therapeutic gene regulation and modification. Sangamo has a Phase 1/2 clinical trial and two ongoing Phase 1 clinical trials to evaluate safety and clinical effect of a treatment for HIV/AIDS as well as a Phase 1 trial of a treatment for recurrent glioblastoma multiforme. Other therapeutic development programs are focused on Parkinson's disease, monogenic diseases, neuropathic pain and nerve regeneration. Sangamo's core competencies enable the engineering of a class of DNA-binding proteins called zinc finger DNA-binding proteins (ZFPs). By engineering ZFPs that recognize a specific DNA sequence, Sangamo has created ZFP transcription factors (ZFP TFs) that can control gene expression and, consequently, cell function. Sangamo is also developing sequence-specific ZFP Nucleases (ZFNs) for gene modification. Sangamo has established strategic partnerships with companies in non-therapeutic applications of its technology including Dow AgroSciences and Sigma-Aldrich Corporation. For more information about Sangamo, visit the company's website at www.sangamo.com.

ZFP Therapeutic® is a registered trademark of Sangamo BioSciences, Inc.
