CONSENT SOLICITATION STATEMENT
DECEMBER 7, 1998

INFORMATION REGARDING CONSENTS

This Consent Solicitation Statement and the accompanying form of consent are furnished in connection with the solicitation of stockholder consents (the 'Consent Solicitation') by the Board of Directors of CD Radio Inc. (the 'Company'), in lieu of a meeting of stockholders, in connection with (i) the issuance and sale by the Company of 1,350,000 shares of its 9.2% Series A Junior Cumulative Convertible Preferred Stock, par value \$.001 per share (the 'Series A Preferred Stock'), pursuant to a Stock Purchase Agreement (the 'Stock Purchase Agreement'), dated as of November 13, 1998, by and among the Company, Apollo Investment Fund IV, L.P. ('AIF IV') and Apollo Overseas Partners IV, L.P. ('AOP IV' and, together with AIF IV, and including their respective successors and permitted assigns, the 'Apollo Investors'), (ii) the issuance and sale, at the option of the Company, of 650,000 shares of its 9.2% Series B Junior Cumulative Convertible Preferred Stock, par value \$.001 per share (the 'Series B Preferred Stock' and, together with the Series A Preferred Stock, the 'Junior Preferred Stock'), pursuant to the Stock Purchase Agreement, (iii) the issuance of up to 2,950,000 shares of Series A Preferred Stock in payment of dividends that may be paid on the Series A Preferred Stock from time to time, and (iv) the issuance of up to 1,450,000 shares of Series B Preferred Stock in payment of dividends that may be paid on the Series B Preferred Stock from time to time (the 'Proposal'). Only stockholders of record on the books of the Company at the close of business on December 1, 1998 (the 'Record Date') will be entitled to submit a consent. These Consent Solicitation materials are being mailed to stockholders commencing on December 7, 1998.

The Company is incorporated in Delaware and therefore is subject to the Delaware General Corporation Law (the 'DGCL'). Section 228 of the DGCL permits the stockholders of the Company to take action without a meeting if written consents, setting forth the action so taken, are signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take action at a meeting at which all shares entitled to vote thereon were present and voted. The DGCL also provides that the minimum necessary votes must be received by the Company within 60 days of the date of the first such written consent. Accordingly, if, within 60 days following its receipt of the first written consent approving the Proposal, the Company receives executed consents approving the Proposal from the holders of a majority of the issued and outstanding shares of common stock, par value \$.001 (the 'Common Stock'), of the Company and those consents have not been revoked, the stockholders will be deemed to have approved the Proposal.

All written consents received by the Company, regardless of when dated, will expire unless valid, written, unrevoked consents constituting the necessary vote for approval of the Proposal are received by the Company within 60 days of receipt of the first such consent.

As required by the DGCL, if the Proposal is approved by the stockholders, the Company will promptly notify the stockholders from whom consent has not been received.

A consent executed by a stockholder may be revoked at any time provided that a written, dated revocation is executed and delivered to the Company on or prior to the time at which the Company receives written consents sufficient to approve the Proposal. The Company intends to consummate the transactions contemplated by the Proposal as soon as practicable following the receipt of the necessary consents and expiration of the required period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. A revocation may be in any written form validly signed by the stockholder as long as it

clearly states that the consent previously given is no longer effective. The revocation should be addressed to Patrick L. Donnelly, Secretary, CD Radio Inc., 1180 Avenue of the Americas, 14th Floor, New York, New York 10036.

DISSENTERS' RIGHT OF APPRAISAL

Neither the laws of the State of Delaware, the Amended and Restated Certificate of Incorporation nor the Amended and Restated By-laws of the Company provide a right of a stockholder to dissent and obtain appraisal of or payment for such stockholder's shares in connection with the Proposal.

INTEREST OF CERTAIN PERSONS IN OR OPPOSITION TO MATTERS TO BE ACTED UPON

No officers, directors or associates of the Company have any substantial interest, direct or indirect, in the Proposal, except insofar as such officers, directors or associates thereof may be stockholders of the Company, in which case the approval of the Proposal will affect them in the same manner as it affects all other stockholders of the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Holders of record of the Common Stock, at the close of business on December 1, 1998, will be entitled to submit a consent on the accompanying form. On November 17, 1998, the Company had outstanding 23,178,464 shares of Common Stock. Each share of stock is entitled to one vote in the Consent Solicitation. Consents evidencing a majority of the outstanding shares of the Common Stock issued and outstanding and entitled to vote are required to approve the Proposal being submitted to the stockholders of the Company for approval in the Consent Solicitation.

To be counted toward the majority for approval of the Proposal, a consent must be delivered to the Company within 60 days of the receipt by the Company of the first dated consent. Any action, other than the delivery of a properly executed consent with such 60 day period, including abstentions and broker nonvotes, will have the practical effect of voting against the Proposal.

Pursuant to a Voting Agreement dated November 13, 1998, between David Margolese, Chairman and Chief Executive Officer of the Company, and the Apollo Investors, Mr. Margolese has consented to the Proposal in respect of all shares of Common Stock owned by him or which he is entitled to vote as voting trustee. See 'Voting Trust Agreement' below.

The following table sets forth certain information regarding beneficial ownership of the Company's Common Stock as of November 17, 1998 by (i) each stockholder known by the Company to be the beneficial owner of more than 5% of the outstanding Common Stock, (ii) each director of the Company, (iii) each executive officer of the Company and (iv) all directors and executive officers as a group. Except as otherwise indicated, the Company believes that the beneficial owners of the Common Stock listed below, based on information furnished by such owners, have sole investment and voting power with respect to such shares, subject to community property laws where applicable.

VOTING TRUST AGREEMENT

The Company is a party to a Voting Trust Agreement by and among Darlene Friedland, as grantor, and David Margolese, as the voting trustee. The following summary description of the Voting Trust Agreement does not purport to be complete and is qualified in its entirety by reference to the complete text thereof.

The Voting Trust Agreement provides for the establishment of a trust (the 'Trust') into which (i) there was deposited all of the shares of Common Stock owned by Mrs. Friedland on August 26, 1997 and (ii) there shall be deposited any shares of Common Stock acquired by Mrs. Friedland, her spouse Robert Friedland, any member of either of their immediate families or any entity directly or indirectly controlled by Mrs. Friedland, her spouse or any member of their immediate families (the 'Friedland Affiliates') between the date shares of Common Stock are initially deposited and the termination of the Trust. The Trust will terminate on November 26, 2002.

The Voting Trust Agreement does not restrict the ability of Mrs. Friedland or any of the Friedland Affiliates to sell, assign, transfer or pledge any of the shares of Common Stock deposited into the Trust, nor does it prohibit Mrs. Friedland or the Friedland Affiliates from purchasing additional shares of Common Stock, provided those shares become subject to the Trust, as described above.

Under the Voting Trust Agreement, the trustee has the power to vote shares of Common Stock held in the Trust in relation to any matter upon which the holders of such Common Stock would have a right to vote, including without limitation the election of directors. For so long as David Margolese remains trustee of the Trust, he may exercise such voting rights in his discretion. Any successor trustee or trustees of the Trust must vote as follows: (i) on the election of directors, the trustee(s) must vote the entire number of shares of Common Stock held by the Trust, with the number of shares of Common

Stock voted for each director (or nominee for director) determined by multiplying the total number of votes held by the Trust by a fraction, the numerator of which is the number of votes cast for such person by other stockholders of the Company and the denominator of which is the sum of the total number of votes represented by all shares casting any votes in the election of directors; (ii) if the matter under Delaware law or the Amended and Restated Certificate of Incorporation or the Amended and Restated Bylaws of the Company requires at least an absolute majority of all outstanding shares of Common Stock of the Company in order to be approved, the trustee(s) must vote all of the shares of Common Stock in the Trust in the same manner as the majority of all votes that are cast for or against the matter by all other stockholders of the Company; and (iii) on all other matters, including without limitation any amendment of the Voting Trust Agreement for which a stockholder vote is required, the trustee(s) must vote all of the shares in the Trust for or against the matter in the same manner as all votes that are cast for or against the matter by all other stockholders of the Company.

The Voting Trust Agreement may not be amended without the prior written consent of the Company, acting by unanimous vote of the Board of Directors, and approval of the Company's stockholders, acting by the affirmative vote of two-thirds of the total voting power of the Company, except in certain limited circumstances where amendments to the Voting Trust Agreement are required to comply with applicable law.

**THE PROPOSAL:
APPROVAL OF THE ISSUANCE AND SALE
OF 1,350,000 SHARES OF**

9.2% SERIES A JUNIOR CUMULATIVE CONVERTIBLE PREFERRED STOCK AND 650,000 SHARES OF
9.2% SERIES B JUNIOR CUMULATIVE CONVERTIBLE PREFERRED STOCK

BACKGROUND

On November 11, 1998, the Board of Directors of the Company adopted resolutions approving the Stock Purchase Agreement and recommending to the holders of the Common Stock that they approve the transactions contemplated thereby. Pursuant to the Stock Purchase Agreement, the Company agreed to sell a total of 1,350,000 shares of the Series A Preferred Stock to the Apollo Investors, for an aggregate purchase price of \$135 million, and the Apollo Investors granted the Company an option to sell the Apollo Investors an additional 650,000 shares of the Series B Preferred Stock for an aggregate purchase price of \$65 million (the 'Series B Put Option'). The Company may exercise the Series B Put Option at any time prior to the earlier of ten months from the closing of the issuance and sale of the Series A Preferred Stock and September 30, 1999.

The Apollo Investors are investment partnerships managed by Apollo Management IV, L.P., a Delaware limited partnership founded by Leon Black with offices in New York and California. The Apollo investment funds have invested more than \$7 billion in over 25 companies, including Vail Resorts, Inc. and Telemundo Group, Inc.

The Junior Preferred Stock will be convertible at any time into shares of Common Stock, at a price of \$30 per share of Common Stock. Assuming the Company issues the Series A Preferred Stock but does not exercise the Series B Put Option, the Junior Preferred Stock will be convertible into an aggregate of 4,500,000 shares of Common Stock, or approximately 16.3% of the Common Stock that would be outstanding assuming full conversion of the Series A Preferred Stock. If the Company does exercise the Series B Put Option, the Junior Preferred Stock will be convertible into 6,666,667 shares of Common Stock, or approximately 22.3% of the Common Stock that would be outstanding assuming full conversion of the Junior Preferred Stock.

The issuance and sale of the Junior Preferred Stock by the Company (the 'Contemplated Transactions') is conditioned upon the satisfaction or waiver (by the party entitled to so waive) of a number of conditions set forth in the Stock Purchase Agreement, including (i) the expiration or termination of the applicable waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and (ii) the consent of the common stockholders to the Contemplated Transactions.

The Junior Preferred Stock will be callable by the Company beginning November 15, 2001 if the current market price of the Common Stock, as defined in the Certificate of Designation of the Junior Preferred Stock, exceeds \$60 per share for a period of 20 consecutive trading days, and will be callable in all events beginning November 15, 2003 at a price of 100% and must be redeemed by the Company on November 15, 2011. Dividends on the Junior Preferred Stock are payable annually either in cash or in kind by the issuance of additional shares of Junior Preferred Stock (valued at their liquidation preference of \$100 per share), at the option of the Company. The Junior Preferred Stock will have the right to vote, on an as-converted basis, on matters in which the holders of the Common Stock have the right to vote. See '-- Description of Junior Preferred Stock.'

RELATED TRANSACTIONS

In connection with the execution of the Stock Purchase Agreement, David Margolese, Chairman and Chief Executive Officer of the Company, entered into a Voting Agreement with the Apollo Investors (the 'Voting Agreement') pursuant to which he agreed to, and did, consent to the transactions contemplated by the Stock Purchase Agreement, including the issuance of the Junior

Preferred Stock, with respect to 1,600,000 shares of Common Stock of the Company owned by him and an additional 2,834,500 shares of Common Stock which he has the right to vote pursuant to the terms of the Voting Trust Agreement.

In connection with the execution of the Stock Purchase Agreement, David Margolese and the Company also entered into a Tag-Along Agreement with the Apollo Investors (the 'Tag-Along Agreement'). Pursuant to the Tag-Along Agreement, in the event that Mr. Margolese sells more than 800,000 shares of Common Stock of the Company prior to the earlier of the date that the Apollo Investors beneficially own less than 2,000,000 shares of Common Stock or the date that is six months after the nationwide commercial introduction of the Company's CD Radio service, then the Apollo Investors have certain rights to sell, on a pro rata basis with Mr. Margolese, a portion of the Common Stock owned by the Apollo Investors in any subsequent transaction in which Mr. Margolese disposes of 80,000 or more shares of Common Stock.

To induce each other to enter into the Stock Purchase Agreement and to complete the Contemplated Transactions, the Company and the Apollo Investors made certain customary representations and warranties and agreed to certain covenants, as set forth in the Stock Purchase Agreement. The Apollo Investors' covenants include an agreement to refrain from selling or otherwise disposing of any of the Junior Preferred Stock at the request of the Company and its underwriter for a period of up to 180 days if the Company is conducting a registered offering of Common Stock or securities convertible into Common Stock.

As an additional inducement to enter into the Stock Purchase Agreement and to complete the Contemplated Transactions, the Company also agreed to grant the Apollo Investors certain registration rights in respect of the Junior Preferred Stock, as described below. See ' -- Description of Junior Preferred Stock -- Registration Rights.'

On November 13, 1998, the Company amended the Rights Agreement, dated as of October 22, 1997 (the 'Rights Agreement'), between the Company and Continental Stock Transfer & Trust Company, as rights agent, to render the Rights Agreement inapplicable to the Contemplated Transactions and to permit the Apollo Investors, and any other person deemed to beneficially own the shares of Junior Preferred Stock owned by the Apollo Investors, to (i) purchase shares of Junior Preferred Stock pursuant to the Stock Purchase Agreement, (ii) acquire additional shares of Junior Preferred Stock pursuant to dividends declared on the Junior Preferred Stock, (iii) acquire additional shares of Common Stock upon the conversion of shares of Junior Preferred Stock into shares of Common Stock, or (iv) acquire up to an additional 1% of the outstanding shares of Common Stock, in each case, without the Apollo Investors becoming 'Acquiring Persons' within the meaning of the Rights Agreement.

BOARD ACTION

The Board of Directors considered the financing options available to the Company in light of current market conditions and determined that it is in the Company's best interests to consummate the issuance and sale of the Series A Preferred Stock and to have the option to sell the Series B Preferred Stock. In addition, the Board of Directors believes that the reputation and financial resources of the Apollo Investors make the Proposal an attractive financing arrangement.

If the Proposal is approved by the stockholders, the Company will promptly file the Certificates of Designations, Preferences and Relative, Participating, Optional and Other Special Rights of the Series A Preferred Stock and the Series B Preferred Stock with the Delaware Secretary of State and will promptly take all other actions necessary to consummate the issuance and sale of the Series A Preferred Stock to the Apollo Investors. The net proceeds from the sale of the Series A Preferred Stock and, if applicable, the Series B Preferred Stock, together with the Company's current working capital and the proceeds from a recently completed sale of Common Stock to Prime 66 Partners, L.P., a Texas limited partnership affiliated with Sid Bass, should enable the Company to fund planned operations and construction of its satellite system through the fourth quarter of 1999.

DILUTION

The conversion of the Series A Preferred Stock or Series B Preferred Stock into shares of Common Stock will cause dilution of the interest in the Company of existing holders of Common Stock. The Company is unable to predict the effect that sales by the Apollo Investors of the Junior Preferred Stock or shares of Common Stock into which shares of Junior Preferred Stock are converted, whether made under Rule 144, pursuant to future registration statements or otherwise, may have on any then prevailing market price for shares of the Common Stock. Nevertheless, sales of a substantial amount of Common Stock in the public market or the perception that such sales could occur, could adversely affect market prices. See ' -- Description of Junior Preferred Stock -- Conversion.'

DESCRIPTION OF JUNIOR PREFERRED STOCK

The Board of Directors is authorized, subject to any limitations prescribed by law, without further stockholder approval, to issue from time to time up to an aggregate of 50,000,000 shares of the Company's authorized class of undesignated Preferred Stock, in one or more series. Each such series of Preferred Stock shall have such number of shares, designations, preferences, powers, qualifications and special or relative rights or privileges as may be determined by the Board of Directors, which may include, among others, dividend rights, voting rights, redemption and sinking fund provisions, liquidation preferences, conversion rights and preemptive rights. The stockholders of the Company have granted the Board of Directors authority to issue Preferred Stock and to determine its rights and preferences to eliminate delays associated with a stockholder vote on specific issuances. The rights of the holders of Common Stock will be subject to the rights of any Preferred Stock issued in the future.

Initially, the Company will issue 1,350,000 shares of Series A Preferred Stock and, if it exercises the Series B Put Option, will issue 650,000 shares of Series B Preferred Stock. In order to permit the Company to issue additional shares of Series A Preferred Stock and Series B Preferred Stock in payment of dividends that may be required to be paid thereon from time to time, the Board of Directors has authorized the issuance of up to 4,300,000 shares of the Series A Preferred Stock and up to 2,100,000 shares of the Series B Preferred Stock. The following is a summary of the rights of the Junior Preferred Stock proposed to be issued.

Dividends. The annual dividend rate per share of the Junior Preferred Stock will be an amount equal to 9.2% of the sum of (x) the Liquidation Preference (as defined below) of the Junior Preferred Stock and (y) all unpaid dividends, if any, whether or not declared, from the date of issuance of such share of Junior Preferred Stock (for shares of Series A Preferred Stock, the 'Closing Date' and, for shares of Series B Preferred Stock, the 'Option Closing Date') to the applicable dividend payment date. Dividends on the shares of Junior Preferred Stock will be cumulative, accruing annually and, when and as declared by the Board of Directors of the Company, will be payable annually initially on November 15, 1999 and on each November 15 thereafter (each, a 'Dividend Payment Date'). If any dividend payable on any Dividend Payment Date is not declared or paid on such Dividend Payment Date in full, in cash or in additional shares of Junior Preferred Stock of the same series, then the amount of such unpaid dividend ('Default Dividends') will be accumulated and will accrue dividends, until paid, compounded annually at a rate equal to 15% per annum. Dividends may be paid in cash, shares of Junior Preferred Stock of the same series or any combination thereof, at the option of the Company. Default Dividends may only be paid in shares of Junior Preferred Stock of the same series.

With respect to the payment of dividends, the Series A Preferred Stock will rank on a parity with the Series B Preferred Stock. If and so long as full cumulative dividends payable on the shares of Junior Preferred Stock in respect of all prior dividend periods have not been paid or set apart for payment and proper provision has not been made such that holders of Junior Preferred Stock are offered the opportunity to make a Payout Election (as defined below) in lieu of a Conversion Price adjustment (as described below), the Company will not pay any dividends, except for dividends payable in Common Stock or capital stock of the Company ranking junior to the Junior Preferred Stock in payment of dividends ('Junior Dividend Stock') or make any distributions of assets on or redeem, purchase or otherwise acquire for consideration shares of Common Stock or Junior Dividend Stock.

If and so long as any accrued and unpaid dividends payable on any shares of capital stock of the Company ranking senior to the Junior Preferred Stock in payment of dividends have not been paid or set apart for payment, the Company will not pay any dividends in cash on shares of Junior Preferred Stock. No dividends paid in cash will be paid or declared and set apart for payment on any shares of Junior Preferred Stock or of capital stock of the Company ranking on a parity with the Junior Preferred Stock in the payment of dividends ('Parity Dividend Stock') for any period unless the Company has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for payment, on the Junior Preferred Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends; provided, however, that all dividends accrued by the Company on shares of Junior Preferred Stock or Parity Dividend Stock will be declared pro rata with respect to all shares of Junior Preferred Stock and Parity Dividend Stock then outstanding, based on the ratio of unpaid dividends on the Junior Preferred Stock to unpaid dividends on the Parity Dividend Stock. No dividends paid in cash will be paid or declared and set apart for payment on Junior Preferred Stock for any period unless the Company has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for such payment, on any shares of Parity Dividend Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends.

Redemption. Except as described below, shares of Junior Preferred Stock may not be redeemed by the Company at its option prior to November 15, 2003. From and after November 15, 2001 and prior to November 15, 2003, the Company may redeem shares of Junior Preferred Stock, in whole or in part, at any time at a redemption price of 100% of the Liquidation Preference (as defined below) of the shares of Junior Preferred Stock redeemed, plus unpaid dividends, if any, whether or not declared, to the redemption date, if the average closing price of the Common Stock as reported in The Wall Street Journal or, at the election of the Company, other reputable financial news source, for the 20 consecutive trading days prior to the notice of redemption thereof (the 'Current Market Price') equals or exceeds \$60 per share (subject to adjustments).

From and after November 15, 2003, the Company may redeem shares of Junior Preferred Stock, in whole or in part, at any time at a redemption price of 100% of the Liquidation Preference of the Junior Preferred Stock redeemed, plus unpaid dividends, if any, whether or not declared, to the redemption date.

On November 15, 2011, the Company will be required to redeem all outstanding shares of Junior Preferred Stock at a redemption price of 100% of the Liquidation Preference of the Junior Preferred Stock redeemed, plus unpaid dividends, if any, whether or not declared, to the redemption date.

The amount paid to the holders of shares of Junior Preferred Stock upon redemption that is allocable to the Liquidation Preference of the shares of Junior Preferred Stock will be paid in cash and the amount of any unpaid dividends to be paid on the shares of Junior Preferred Stock redeemed will be paid in cash, shares of Junior Preferred Stock of the same series or any combination thereof at the option of the Company.

Change of Control. Upon the occurrence of a Change of Control (as defined below), the Company must make an offer (a 'Change of Control Offer') to purchase all then outstanding shares of Junior Preferred Stock at a purchase price in cash equal to 101% of their Liquidation Preference, plus any unpaid dividends (paid in cash), if any, whether or not declared, to the date such shares are purchased; provided that if the purchase of the Junior Preferred Stock would violate or constitute a default under (i) the Company's 15% Senior Secured Discount Notes due 2007 (the 'Senior Secured Notes') or the indenture relating to the Senior Secured Notes (the 'Indenture') or (ii) the indenture or indentures or other agreement or agreements under which there may be issued or outstanding from time to time other indebtedness of the Company ('Other Agreements') in an aggregate principal amount not exceeding \$450 million (less the amount, if any, of indebtedness issued to replace, refinance or refund the Senior Secured Notes) because the Company has not satisfied all of its obligations under the Indenture and such Other Agreements arising from the Change of Control (collectively, the 'Senior Obligations'), then the Company will be required to use its best efforts to satisfy the Senior Obligations as promptly as possible or to obtain the requisite consents necessary to permit the repurchase of the Junior Preferred

Stock, and until such Senior Obligations are satisfied or such consents are obtained, the Company will not be obligated to make a Change of Control Offer.

A 'Change of Control' is defined as the occurrence of any of the following events: (i) any 'person' or 'group' (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the 'beneficial owner' (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a person shall be deemed to have 'beneficial ownership' of all securities that such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 40% of the total outstanding voting stock of the Company; (ii) the Company consolidates with or merges with or into another person or conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any person, or any person consolidates with or merges with or into the Company, in any such event, pursuant to a transaction in which the outstanding voting stock of the Company is converted into or exchanged for cash, securities or other property, other than, at all times when the Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture; (iii) during any consecutive two-year period, individuals who at the beginning of such period constituted the Board of Directors of the Company (together with any new directors whose election to such Board of Directors, or whose nomination for election by the stockholders of the Company, was approved by a vote of 66 2/3% of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors of the Company then in office; or (iv) the Company is liquidated or dissolved or a special resolution is passed by the stockholders of the Company approving a plan of liquidation or dissolution, other than, at all times when the Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture.

Notwithstanding the foregoing, no transaction or event will be deemed a 'Change of Control' if (i) all of the outstanding shares of Common Stock are to be converted pursuant thereto solely into the right to receive, for each share of Common Stock so converted, cash and/or shares of Qualifying Acquiror Common Stock (as defined below) (valued at its Current Market Price) together having a value in excess of \$30.30, (ii) the Company has declared and paid all dividends on the Junior Preferred Stock, whether or not theretofore declared or undeclared, to the date of the Change of Control and the holders thereof have been given reasonable opportunity to convert, prior to such Change of Control, any shares of Junior Preferred Stock so issued as a dividend, and (iii) immediately following such event the number of shares of Qualifying Acquiror Common Stock into which shares of Junior Preferred Stock have been converted (together with, if shares of Junior Preferred Stock are to remain outstanding, any shares of Qualifying Acquiror Common Stock into which all outstanding shares of Junior Preferred Stock would be convertible) represent both (A) less than 5% of the total number of shares of Qualifying Acquiror Common Stock outstanding immediately after such event and (B) less than one third of the number of shares of Qualifying Acquiror Common Stock that would be Publicly Traded immediately after such event. The term 'Qualifying Acquiror Common Stock' means the common stock of any corporation if listed on or admitted to trading on the New York Stock Exchange, American Stock Exchange or Nasdaq, and the term 'Publicly Traded' means shares of such Qualifying Acquiror Common Stock that are both (a) held by persons who are neither officers, directors or Affiliates of such corporation nor the 'beneficial owner' (as such term is defined in Rule 13d-3 under the Exchange Act) of 5% or more of the total number of shares then issued and outstanding, and (b) not 'restricted securities' (as such term is defined in Rule 144 of the Securities Act of 1933, as amended).

Conversion. Each share of Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the Liquidation Preference of the Junior Preferred Stock (without unpaid dividends) by \$30.00 (as adjusted from time to time, the 'Conversion Price'). The Conversion Price will not be adjusted at any time for unpaid dividends on the shares of Junior Preferred Stock, but will be subject to adjustment for the occurrence of certain corporate events affecting the Common Stock. Upon conversion, holders of the Junior Preferred Stock will be entitled to receive any unpaid dividends upon the shares of Junior Preferred Stock converted payable in cash, shares of Common Stock or a combination thereof, at the option of the Company.

The Conversion Price for shares of Junior Preferred Stock will be subject to adjustment in certain events, including (i) dividends and other distributions payable in Common Stock on any class of capital stock of the Company, (ii) subdivisions, combinations and reclassifications of the Common Stock, (iii) the issuance to all holders of Common Stock of rights or warrants entitling them to subscribe for or purchase Common Stock at less than fair market value, (iv) distributions to all holders of Common Stock of evidence of indebtedness of the Company or assets, (v) repurchases, redemptions or other acquisitions of the Common Stock by the Company at a price per share greater than the Current Market Price per share of Common Stock on the date of such event, (vi) issuance or sale of Common Stock by the Company at a price per share more than 15% below (or, in the case of any issuance or sale to an affiliate of the Company, any amount below) the Current Market Price per share of Common Stock on the date of such event (except for issuances to or through a nationally recognized investment banking firm in which affiliates of the Company purchase less than 25% of the shares in such offering) and (vii) a consolidation or merger to which the Company is a party or the sale or transfer of all or substantially all of the assets of the Company.

The Conversion Price for shares of Junior Preferred Stock will not be adjusted in the event that (i) such adjustment would not require an increase or decrease of at least 1% in the Conversion Price then in effect or (ii) with respect to each series of Junior Preferred Stock and in connection with an adjustment that would be made in respect of a dividend, purchase, redemption or other acquisition, holders of a majority of the outstanding shares of such series of Junior Preferred Stock elect to participate in such dividend, purchase, redemption or other acquisition (a 'Payout Election') pro rata with the holders of Common Stock or capital stock ranking junior to the Junior Preferred Stock ('Junior Stock').

Voting Rights. So long as any shares of Junior Preferred Stock are outstanding, each share of Junior Preferred Stock will entitle the holder thereof to vote, in person or by proxy, at any special or annual meeting of stockholders, on all matters entitled to be voted on by holders of Common Stock voting together as a single class with all other shares entitled to vote thereon. With respect to any such vote, each share of Junior Preferred Stock will entitle the holder thereof to cast that number of votes per share as is equal to the number of votes that such holder would be entitled to cast had such holder converted its shares of Junior Preferred Stock into shares of Common Stock on the record date for determining the stockholders of the Company eligible to vote on any such matters.

In addition to any vote or consent of stockholders required by law or by the Company's Amended and Restated Certificate of Incorporation, the consent or vote of the holders of at least a majority of the shares of a particular series of Junior Preferred Stock at any time issued and outstanding will be necessary for effecting or validating any reclassification of such series of Junior Preferred Stock or amendment, alteration or repeal of any of the provisions of the Amended and Restated Certificate of Incorporation or Amended and Restated By-laws of the Company which adversely affects the voting powers, rights or preferences of the holders of the shares of such series of Junior Preferred Stock. The consent of the holders of at least a majority of the shares of Junior Preferred Stock at the time issued and outstanding, acting as a single class, will be necessary for effecting or validating any amendment, alteration or repeal of any of the provisions of the Amended and Restated Certificate of Incorporation or Amended and Restated By-laws of the Company which affects adversely the voting powers, rights or preferences of the holders of the shares of both series of Junior Preferred Stock. Any amendment of the provisions of the Company's Amended and Restated Certificate of Incorporation so as to authorize or create, or to increase the authorized amount of, any Junior Stock will not be deemed to affect adversely the voting powers, rights or preferences of the holders of shares of Junior Preferred Stock. The consent of at least a majority of the shares of each series of Junior Preferred Stock will also be necessary for effecting or validating:

- (i) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of capital stock ranking senior to the Junior Preferred Stock ('Senior Stock') or any security convertible into shares of any class or series of Senior Stock;
- (ii) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of capital stock ranking on a parity with the Junior Preferred Stock ('Parity Stock') or any security convertible into shares of any class or series of

Parity Stock such that the aggregate liquidation preference of all outstanding shares of Parity Stock (other than (x) shares of Junior Preferred Stock issued pursuant to the Stock Purchase Agreement and (y) shares of Junior Preferred Stock issued as a dividend in respect of shares issued in respect of (x) or (y)) would exceed the sum of (A) \$135,000,000 and (B) the aggregate liquidation preference of the shares of Series B Preferred Stock issued at the Option Closing, if any;

(iii) the merger or consolidation of the Company with or into any other entity, unless the resulting corporation will thereafter have no class or series of shares and no other securities either authorized or outstanding ranking prior to, or on a parity with, shares of Junior Preferred Stock; provided, however, that no such vote or consent of the holders of Junior Preferred Stock will be required if prior to the time when such merger or consolidation is to take effect, and regardless of whether such merger or consolidation would constitute a Change of Control, a Change of Control Offer is made for all shares of Junior Preferred Stock at the time outstanding; and

(iv) the application of any funds, property or assets of the Company to the purchase, redemption, sinking fund or other retirement of any shares of any class of Junior Stock, or the declaration, payment or making of any dividend or distribution on any shares of any class of Junior Stock, other than a dividend or dividends payable solely in shares of Common Stock or Junior Stock of the same series, unless the holders of Junior Preferred Stock have been offered the opportunity to make a Payout Election with respect to such event.

In connection with the foregoing class rights to vote, each holder of shares of Junior Preferred Stock shall have one vote for each share of Junior Preferred Stock held. The above notwithstanding, and subject to their right to vote on an as-converted-basis on matters on which holders of Common Stock are entitled to vote, no consent of holders of Junior Preferred Stock will be required for the creation of any indebtedness of any kind of the Company.

Liquidation. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the Series A Preferred Stock will rank on a parity with the Series B Preferred Stock and, before any distribution of the assets of the Company to the holders of shares of Common Stock or any other class or series of Junior Stock, but after payment of the liquidation preference payable on the Company's 10 1/2% Series C Convertible Preferred Stock, par value \$.001 per share, or any other class or series of Senior Stock, the holders of shares of Junior Preferred Stock will be entitled to receive out of the assets of the Company available for distribution to its stockholders, whether from capital, surplus or earnings, an amount per share of Junior Preferred Stock equal to \$100 (the 'Liquidation Preference'), plus accrued and unpaid dividends on such share of Junior Preferred Stock, if any, to the date of final distribution.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, before any distribution of assets of the Company to the holders of shares of Junior Preferred Stock or Parity Stock, the holders of any shares of Senior Stock will be entitled to receive out of the assets of the Company available for distribution to its stockholders, whether from capital, surplus or earnings, an amount per share of such Senior Stock equal to the liquidation preference thereof, plus accrued and unpaid dividends thereon, if any, to the date of final distribution.

If, upon any liquidation, dissolution or winding up of the Company, the amounts payable with respect to the shares of Junior Preferred Stock or any Parity Stock are not paid in full, then such holders will share ratably in any such distribution of assets, or proceeds thereof, in proportion to the full respective preferential amounts to which they are entitled. Neither a consolidation nor a merger of the Company with one or more other corporations, nor a sale or a transfer of all or substantially all of the assets of the Company, will be deemed to be a voluntary or involuntary liquidation, dissolution or winding up of the Company.

Exchange. Shares of Junior Preferred Stock may be exchanged at any time and from time to time, at the Company's option, for the Company's 9.2% Convertible Debentures (the 'Convertible Debt'). The Convertible Debt will be issued pursuant to an indenture to be agreed upon by the Company and the Apollo Investors or, if no such indenture has been agreed upon as of the Closing Date, an indenture acceptable, in form and substance, to a majority of the holders of the Junior Preferred Stock immediately prior to the effectiveness of such indenture.

The Convertible Debt will have a maturity date 13 years following the Closing Date, a principal amount equal to the aggregate Liquidation Preference of the shares of Junior Preferred Stock exchanged and will provide for the payment of interest at a rate of 9.2% per annum, payable annually in cash or additional Convertible Debt, at the option of the Company. The Convertible Debt will be convertible and redeemable on terms substantially similar to those of the Junior Preferred Stock.

Registration Rights. Under the Stock Purchase Agreement, at any time after the date which is the second anniversary of the Closing Date, holders of shares of Series A Preferred Stock, or shares of Common Stock into which shares of Series A Preferred Stock have been converted, representing, in the aggregate, at least 50% of the shares of Common Stock into which shares of Series A Preferred Stock have been or may be converted (assuming conversion of the Series A Preferred Stock) ('Series A Registrable Securities') will be entitled, on two occasions, to require the Company to register the Series A Registrable Securities for sale in an underwritten public offering by a nationally recognized investment banking firm or firms reasonably acceptable to the Company. At any time after the date which is the second anniversary of the Closing Date, holders of shares of Series B Preferred Stock or shares of Common Stock into which shares of Series B Preferred Stock have been converted representing, in the aggregate, at least 50% of the shares of Common Stock into which shares of Series B Preferred Stock have been or may be converted (assuming conversion of the Series B Preferred Stock) ('Series B Registrable Securities') will be entitled, on one occasion, to require the Company to register the Series B Registrable Securities for sale in an underwritten public offering by a nationally recognized investment banking firm or firms reasonably acceptable to the Company.

In the event that a demand registration would be seriously detrimental to the Company and its stockholders, such demand registration may be deferred, at the request of the Company, twice in any 12-month period for an aggregate period of time of up to 90 days. In addition, holders of Junior Preferred Stock will be subject to customary 'lockup' agreements at the request of the managing underwriter of any public offering on behalf of the Company. In the event the Company plans to file a registration statement on behalf of one or more security holders, holders of Junior Preferred Stock also have the right, subject to customary limitations and the rights of such other security holders, to request that such registration include their Registrable Securities. Holders of Junior Preferred Stock or Registrable Securities are entitled to an unlimited number of such 'piggyback' registrations.

6.2 Lock-Up Agreement. At any time prior to the earlier of (a) November 13, 2001 and (b) the date that the Purchasers cease collectively to beneficially own 10% or more of the Common Stock, the Company and its underwriters, by written notice from the Company and its lead underwriter to the Purchasers (a 'Lock-up Request'), given as provided herein on or after the time of the initial filing with the Commission of any registration statement (other than a registration statement relating to an offering described in Section 9.1) with respect to any offering of Common Stock or securities convertible into Common Stock (the 'Offering'), may request that the Purchasers agree not to offer, sell or transfer any of the Purchased Shares and, if applicable, the Option Shares, or engage in any hedging or similar transactions with respect to the Purchased Shares and, if applicable, the Option Shares, during the 180-day period (the 'Lock-up Period') beginning on a date specified in the Lock-up Request, which date may be as early as five (5) Business Days prior to the expected effective date (but no later than the effective date) with respect to the registration statement for the Offering, and each Purchaser agrees to consent to and be bound by the restrictions specified in any such Lock-up Request; provided, however, that such a lock-up agreement with respect to any Offering shall not prevent any Purchaser from selling Purchased Shares which it is entitled to sell in such Offering pursuant to Section 9.2 if it shall have made the request specified therein. The foregoing notwithstanding, no Lock-up Request shall be effective and binding upon the Purchasers unless a similar lock-up is imposed upon all other Persons beneficially owning 10% or more of the Common Stock with respect to which the Company then has the power to request or impose such lock-up. Any such lock-up imposed upon any other Person shall be for the shorter of (i) the Lock-up Period and (ii) the maximum period the Company has the right or power to impose upon such other Person. The Lock-up Period may be terminated as to the Purchasers on written notice from either the Company or the lead underwriter of the Offering, and automatically shall be terminated immediately as to the Purchasers in the event it is terminated as to any other Person (including the Company and its Affiliates) or any other Person is otherwise released from any lock-up obligations with respect to the Offering. The Company shall specify the expected effective date of any Offering by notice to the Purchasers given not later than two (2) Business Days prior to the beginning of the Lock-up Period. Each Purchaser shall cause each Person to whom it Transfers, in one or a series of related transactions, the equivalent of 1,000,000 or more shares of Common Stock (assuming conversion of the Series A Preferred Stock and Series B Preferred Stock) to execute and deliver to the Company a letter agreement pursuant to which such transferee agrees (and to cause each other Person to whom it Transfers any shares of Common Stock if, after giving effect to such Transfer, such Person, together with its Affiliates, would beneficially own 1,000,000 or more shares of Common Stock (assuming conversion of Series A Preferred Stock and Series B Preferred Stock) to execute and deliver to the Company a similar letter agreement) to comply with the requirements of this Section 6.2 (including this sentence) to the same extent and subject to the same terms and conditions as the Purchaser.

6.3 Short Sales and Derivatives. The Purchasers represent and warrant that neither Purchaser maintains a short position in the Common Stock nor beneficially owns, directly or indirectly, any put, or any other instrument intended to have the same economic effect as a put, on the Common Stock. Each Purchaser represents that, at all times prior to the date which is the second anniversary of the Closing Date, the Purchasers shall not maintain any short position in the Common Stock or purchase any put, or any other instrument intended to have the same economic effect as a put, on the Common Stock.

6.4 Convertible Debt Indenture. The Company and the Purchasers shall cooperate in good faith to agree prior to Closing upon terms for a form of Convertible Debt Indenture (as defined in Exhibit A and Exhibit B hereto) on mutually satisfactory terms. In the event such a form is agreed upon prior to Closing, such form shall be attached as Exhibit D hereto.

ARTICLE 7

CONDITIONS PRECEDENT TO THE OBLIGATION OF THE PURCHASERS TO CLOSE

The obligations of the Purchasers to enter into and complete the Closing are subject to the fulfillment on or prior to the Closing Date of the following conditions, any one or more of which may be waived by the Purchasers:

7.1 Representations and Covenants. The representations and warranties of the Company contained in this Agreement shall be true and correct in all material respects (other than those which are qualified as to materiality, Material Adverse Effect or other similar term, which shall be true and correct in all respects) on and as of the Closing Date with the same force and effect as though made on and as of the Closing Date; the Company shall have performed and complied with all covenants and agreements required by this Agreement to be performed or complied with by the Company on or prior to the Closing Date; and the Company shall have delivered to the Purchasers a certificate, dated the date of the Closing and signed by an executive officer of the Company, to the foregoing effect.

7.2 Consents and Approvals. All Required Consents shall have been obtained and be in full force and effect, and the Purchasers shall have been furnished with evidence reasonably satisfactory to it that such Required Consents have been granted and obtained.

7.3 Filing of Certificates of Designation. The Certificate of Designation of the Series A Preferred Stock in the form attached hereto as Exhibit A and the Certificate of Designation of the Series B Preferred Stock in the form attached hereto as Exhibit B shall have been filed in the Office of the Secretary of State of Delaware in accordance with Section 242 of the Delaware GCL.

7.4 Opinion of Counsel to the Company. The Purchasers shall have received the legal opinion of Paul, Weiss, Rifkind, Wharton & Garrison, counsel to the Company, dated the Closing Date, addressed to the Purchaser, to the effect set forth in Exhibit C.

7.5 HSR Act. Any Person required in connection with the Contemplated Transactions to file a notification and report form in compliance with the HSR Act shall have filed such form and the applicable waiting period with respect to each such form (including any extension thereof by reason of a request for additional information) shall have expired or been terminated.

7.6 No Claims. (a) No Claims shall be pending before any Governmental Authority (including investigations instituted by the United States Department of Justice or the Federal Trade Commission in connection with antitrust regulations) to restrain or prohibit this Agreement or the consummation of the Contemplated Transactions.

(b) No law, order, decree, rule or injunction shall have been enacted, entered, promulgated or enforced by any Governmental Authority that prohibits or makes illegal the consummation of any of the Contemplated Transactions.

ARTICLE 8 CONDITIONS PRECEDENT TO THE OBLIGATION OF THE COMPANY TO CLOSE

The obligation of the Company to enter into and complete the Closing and the Option Closing, if applicable, is subject to the fulfillment on or prior to the Closing Date of the following conditions, any one or more of which may be waived by the Company:

8.1 Representations and Covenants. The representations and warranties of the Purchasers contained in this Agreement shall be true and correct in all material respects on and as of the Closing Date with the same force and effect as though made on and as of the Closing Date; the Purchasers shall have performed and complied with all covenants and agreements required by this Agreement to be performed or complied with by them on or prior to the Closing Date; and the Purchasers shall have delivered to the Company a certificate, dated the date of the Closing and signed by a general partner of each Purchaser, to the foregoing effect.

8.2 Consents and Approvals. All Required Consents shall have been obtained and be in full force and effect.

8.3 HSR Act. Any Person required in connection with the Contemplated Transactions to file a notification and report form in compliance with the HSR Act shall have filed such form and the applicable waiting period with respect to each such form (including any extension thereof by reason of a request for additional information) shall have expired or been terminated.

8.4 No Claims. (a) No Claims shall be pending before any Governmental Authority (including investigations instituted by the United States Department of Justice or the Federal Trade Commission in connection with antitrust regulations) to restrain or prohibit this Agreement or the consummation of the Contemplated Transactions.

(b) No law, order, decree, rule or injunction shall have been enacted, entered, promulgated or enforced by any Governmental Authority that prohibits or makes illegal the consummation of any of the Contemplated Transactions.

ARTICLE 9 REGISTRATION RIGHTS

9.1 Requested Registration. (a) If, at any time after the date which is the second anniversary of the Closing Date, the Company shall receive from holders of Series A Registrable Securities or Purchased Shares representing, in the aggregate, at least 50% of the Series A Registrable Securities (which calculation shall include all Series A Registrable Securities then outstanding and all Series A Registrable Securities into which all Purchased Shares then outstanding may be converted), a written request (which shall specify whether the distribution will be made by means of an underwriting) that the Company effect a registration (a 'Demand Notice') with respect to all or a part of the Series A Registrable Securities, which Demand Notice shall request registration of not less than 1,000,000 shares of Common Stock, the Company will, as soon as practicable, use its best efforts to effect such registration under the Securities Act (which shall be a 'shelf' Registration Statement pursuant to Rule 415 under the Securities Act (or a successor provision), if so requested by the Holders of a majority of the Series A Registrable Securities specified in the Demand Notice and if the Company is eligible therefor at such time) as may be so requested and as would permit or facilitate the sale and distribution of the Series A Registrable Securities as are specified in such request. After the Company has effected two (2) such registrations pursuant to this Section 9.1(a), the related Registration Statements have been declared effective and the distribution contemplated thereunder completed, the Company shall have no further obligation under this Section 9.1(a).

(b) If, at any time after the date which is the second anniversary of the Closing Date, the Company shall receive from holders of Series B Registrable Securities or Option Shares representing, in the aggregate, at least 50% of the Series B Registrable Securities (which calculation shall include all Series B Registrable Securities then outstanding and all Series B Registrable Securities into which all Option Shares then outstanding may be converted), a Demand Notice with respect to all or a part of the Series B Registrable Securities, which Demand Notice shall request registration of not less than 1,000,000 shares of Common Stock, the Company will, as soon as practicable, use its best efforts to effect such registration under the Securities Act (which shall be a 'shelf' Registration Statement pursuant to Rule 415 under the Securities Act (or a successor provision), if so requested by the Holders of a majority of the shares specified in the Demand Notice and if the Company is eligible therefor at such time) as may be so requested and as would permit or facilitate the sale and distribution of the Series B Registrable Securities as are specified in such request. After the Company has effected one (1) such registration pursuant to this Section 9.1(b), the related Registration Statement has been declared effective and the distribution contemplated thereunder completed, the Company shall have no further obligation under this Section 9.1(b).

(c) Notwithstanding any other provision of this Section 9.1, if the Company shall furnish to Holders who have elected to exercise their rights under Sections 9.1(a) or 9.1(b) (each, an 'Exercising Holder') a certificate signed by the President or the Chief Executive Officer of the Company stating that, in the good faith judgment of the Board of Directors of the Company, it would be seriously detrimental to the Company and its stockholders for a Registration Statement to be filed pursuant to Section 9.1(a) or 9.1(b), as the case may be, and it is therefore desirable and in the best interests of the Company to defer the filing of such registration statement, then the Company shall have the right to defer such filing for a period of time after receipt of such request; provided, however, that the Company may not make such a request more than twice in any 12-month period and the aggregate period of time during which the Company may defer such filing shall not exceed 90 days.

(d) If the Company or any stockholder, other than an Exercising Holder, wishes to offer any of its securities in connection with any registration initiated pursuant to this Section 9.1 other than pursuant to any 'piggy back' or other similar registration rights granted by the Company prior to the date hereof, no such securities may be offered by the Company or such other stockholder without the consent of the Holders of a majority of the Series A Registrable Securities and Series B Registrable Securities (either referred to herein as 'Registrable Securities') specified in the Demand Notice related to such offering.

(e) In connection with any underwritten offering pursuant to this Section

9.1, Exercising Holders shall have the right to select the underwriter or underwriters, which shall be a nationally recognized investment banking firm or firms reasonably acceptable to the Company.

9.2 Company Registration. (a) If the Company shall determine to register any shares of Common Stock for the account of a security holder or holders or otherwise (other than a registration relating solely to employee benefit plans, or a registration relating solely to a merger, exchange offer or a transaction of the type specified in Rule 145(a) under the Securities Act), the Company will promptly deliver to each of the Holders a written notice thereof of such proposed transaction at least 20 Business Days prior to the filing of a Registration Statement and include in such registration, and in any underwriting involved therein, all the Registrable Securities specified in written requests made by Holders within ten Business Days after receipt of the written notice from the Company described above. Each Holder shall be entitled to have its shares included in an unlimited number of registrations pursuant to Section 9.2.

(b) If the registration of which the Company gives notice is for a registered public offering involving an underwriting, the Company shall so advise the Holders as a part of the written notice given pursuant to Section

9.2(a). In such event, the right of each Holder to registration pursuant to

Section 9.2(a) shall be conditioned upon such Holder's participation in such underwriting and the inclusion of the Registrable Securities in the underwriting to the extent provided herein. If the Holders shall have elected to exercise their rights under Section 9.2(a), they shall enter into an underwriting agreement in customary form with the representative of the underwriter or underwriters selected for underwriting by the Company. Notwithstanding any other provision of this Section 9.2, if the representative determines and so advises the Company in writing that marketing factors require a limitation on the number of shares to be underwritten, the Company shall so advise the Holders. In such an event, the number of Registrable Securities that may be included in the registration and underwriting by the Holders shall be reduced, on a pro rata basis (based on the number of shares of Common Stock held by each such Holder (counting shares of Series A Preferred Stock and Series B Preferred Stock on an as-converted-to-common basis) and each other Person (other than the Company) registering shares under such registration), by such minimum number of shares as is necessary to comply with such limitation. If a Holder disapproves of the terms of any such underwriting, it may elect to withdraw therefrom by written notice to the Company and the underwriter. Any Registrable Securities excluded or withdrawn from such underwriting shall be withdrawn from such registration.

9.3 Transferability. Each Transferee wishing to participate as a Holder in any registration pursuant to Section 9.1 or 9.2 shall, prior thereto, execute and deliver to the Company a letter agreement in form and substance satisfactory to the Company pursuant to which such Transferee agrees (and to cause each other Person to whom it assigns its registration rights under this Article 9 to execute and deliver to the Company a similar letter agreement) to comply with the requirements of this Article 9 (including this sentence) to the same extent and subject to the same terms and conditions as the Purchaser.

9.4 Expenses of Registration. In connection with any registration pursuant to Section 9.1 or Section 9.2, the Company shall pay all registration, filing and NASD fees, all fees and expenses of complying with securities or 'blue sky' laws; provided, however, that each Holder shall pay its pro rata share of any commissions, fees and disbursements of underwriters customarily paid by sellers of securities (based on offering proceeds to be received by it). In any registration pursuant to Section 9.1 or Section 9.2, the Company shall be responsible for the fees and disbursements of counsel for the Company, its independent public accountants and any expert retained by the Company in connection with any such registration and premiums and other costs of policies of insurance against liabilities arising out of the public offering of the Registrable Securities.

9.5 Registration Procedures. In the case of each registration effected by the Company pursuant to Article 9, the Company will:

- (a) furnish to the Exercising Holders prior to the filing of the requisite Registration Statement copies of drafts of such Registration Statement as is proposed to be filed (and give such holders and their counsel a reasonable opportunity to comment on such documents), and thereafter such number of copies of such Registration Statement, each amendment and supplement thereto (in each case including all exhibits thereto), the Prospectus included in such Registration Statement (including each preliminary prospectus) and such other documents in such quantities as the Exercising Holders may reasonably request from time to time in order to facilitate its distribution;
- (b) notify the Exercising Holders promptly of any request by the Commission for the amending or supplementing of such Registration Statement or Prospectus or for additional information and promptly deliver to the Exercising Holders and their counsel copies of any comments received by the SEC;
- (c) notify the Exercising Holders, promptly after the Company shall receive notice thereof, of the time when the Registration Statement becomes effective or when any amendment or supplement or any prospectus forming a part of the Registration Statement has been filed;
- (d) advise the Exercising Holders promptly after the Company shall receive notice or obtain knowledge of the issuance of any stop order by the Commission suspending the effectiveness of any such Registration Statement or amendment thereto or of the initiation or threatening of any proceeding for that purpose, and promptly use its best efforts to prevent the issuance of any stop order or to obtain its withdrawal promptly if such stop order should be issued;
- (e) use all reasonable efforts to register or qualify the Registrable Securities under such other securities or blue sky laws of such jurisdictions as the Exercising Holders (or the managing underwriter, in the case of underwritten offerings) reasonably request; provided that the Company shall not be required to qualify to do business or become subject to service of process or taxation in any jurisdiction in which it is not already so qualified or subject;
- (f) use all reasonable efforts to cause the Registrable Securities included in the Registration Statement to be listed on any securities exchange or authorized for quotation on any national quotation system on which any of the Common Stock is then listed;
- (g) notify the Exercising Holders, at any time when a prospectus relating to the proposed sale is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement or amendment contains an untrue statement of a material fact or omits to state any material fact required to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading, and the Company will prepare a supplement or amendment to such Prospectus so that, as thereafter delivered to the purchasers of the Registrable Securities, such Prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading;
- (h) enter into customary agreements (including without limitation, an underwriting agreement in customary form) and take such other actions as are reasonably required in order to expedite or facilitate the disposition of the Registrable Securities included in the Registration Statement;
- (i) in the case of a Registration Statement filed pursuant to Section 9.1 involving a shelf Registration Statement, prepare and file with the Commission such amendments and supplements to such shelf Registration Statement and the Prospectus used in connection therewith as may be necessary to keep such shelf Registration Statement effective until the earlier of (i) the sale of all Registrable Securities covered thereby or (ii) two years (exclusive of any period during which the distribution is postponed pursuant to Section 9.1), and to comply with the provisions of the Securities Act with respect to the sale or other disposition of all Registrable Securities covered by such Registration Statement;
- (j) make available, upon reasonable prior notice and during normal business hours in New York City, for inspection by Exercising Holders, any underwriter participating in any disposition pursuant to the Registration Statement and any attorney, accountant or other agent retained by the Exercising Holders or any such underwriter all relevant financial and other records, pertinent corporate documents

and properties of the Company and cause the Company's officers, directors and employees, upon reasonable prior notice and during normal business hours in New York City, to supply all relevant information reasonably requested by the Exercising Holders or any such underwriter, attorney, accountant or agent in connection with the Registration Statement;

(k) request the Company's independent public accountants to provide to the underwriters, if any, and the Exercising Holders, if permissible, a comfort letter in customary form and covering such matters of the type customarily covered by comfort letters to underwriters in connection with public offerings; and

(l) cooperate and assist in any filings required to be made with the NASD and in the performance of any due diligence investigation by any underwriter in an underwritten offering.

9.6 Indemnification. (a) The Company will indemnify each Exercising Holder, each of its officers and directors, and each Person controlling such Exercising Holder within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, with respect to each registration which has been effected pursuant to this Article 9, and each underwriter, if any, and each Person who controls any underwriter within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, against all claims, losses, damages and liabilities (or actions in respect thereof) arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any Prospectus or other document (including any related registration statement, notification or the like) incident to any such registration, qualification or compliance, or based on any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, qualification or compliance, and will reimburse such Exercising Holder, each of its officers and directors, and each Person controlling such Exercising Holder, each such underwriter and each Person who controls any such underwriter, for any legal and any other expenses reasonably incurred in connection with investigating and defending any such claim, loss, damage, liability or action, provided that the Company will not be liable in any such case to the extent that any such claim, loss, damage, liability or expense arises out of or is based on any untrue statement or omission based upon information furnished in writing to the Company by such Exercising Holder with respect to such Exercising Holder and stated to be specifically for use therein. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of any indemnified Exercising Holder and shall survive the transfer of the Registrable Securities by the Exercising Holder.

(b) Each Exercising Holder will, if Registrable Securities held by it are included in the securities as to which such registration, qualification or compliance is being effected, indemnify the Company, each of its directors and officers and each underwriter, if any, of the Company's securities covered by such a registration statement, each Person who controls the Company or such underwriter within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, against all claims, losses, damages and liabilities (or actions in respect thereof) arising out of or based on any untrue statement (or alleged untrue statement) of a material fact with respect to the such Exercising Holder contained in any such registration statement, prospectus or other document made by such Exercising Holder, or any omission (or alleged omission) to state therein a material fact with respect to such Exercising Holder required to be stated therein or necessary to make the statements by such Exercising Holder therein not misleading, and will reimburse the Company and such other directors, officers, partners, persons, underwriters or control Persons for any legal or any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action, in each case to the extent, but only to the extent, that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such registration statement, prospectus or other document in reliance upon and in conformity with information furnished in writing to the Company by such Exercising Holder with respect to such Exercising Holder and stated to be specifically for use therein; provided, however, that the obligations of such Exercising Holder hereunder shall be limited to an amount equal to the proceeds to such Exercising Holder of securities sold as contemplated herein.

(c) If the indemnification provided for in this Section 9.6 is held by a court of competent jurisdiction to be unavailable to an indemnified party with respect to any loss, liability, claim, damage or expense referred to herein, then the indemnifying party, in lieu of indemnifying such indemnified party hereunder, shall contribute to the amount paid or payable by such indemnified party as a result of such loss, liability, claim, damage or expense in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and of the indemnified party on the other in connection with the statements or omissions which resulted in such loss, liability, claim, damage or expense, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

9.7 Each Exercising Holder agrees that, upon receipt of any notice from the Company of the happening of any event of the kind described in Section 9.5(f) hereof, such Exercising Holder will forthwith discontinue disposition of Registrable Securities pursuant to a Registration Statement until such Holder's receipt of the copies of the supplemented or amended Prospectus contemplated by Section 9.5(f) hereof, and, if so directed by the Company, such Exercising Holder will deliver to the Company (at the Company's expense), all copies in its possession, other than permanent file copies then in such Holder's possession, of the Prospectus covering such Registrable Securities current at the time of receipt of such notice.

ARTICLE 10 TERMINATION OF AGREEMENT

10.1 Termination. This Agreement may be terminated prior to the Closing as follows:

- (a) by either the Purchasers or the Company if the Closing shall not have occurred before the Termination Date (as defined below); provided, however, that the right to terminate this Agreement under this Section 10.1(a) shall not be available to any party whose failure to perform any covenant or obligation under this Agreement or willful breach of a representation or warranty has been the cause of or resulted in the failure of the Closing to occur on or before such date. The 'Termination Date' shall be January 31, 1999, unless the failure of any condition to any party's obligation to consummate the Closing as of such date shall be caused by the failure of any Governmental Authority to grant any approval, authorization or consent required for consummation of the Contemplated Transactions or the failure to expire of the applicable waiting periods under the HSR Act, in which cases the Termination Date shall be March 31, 1999; or
- (b) at the election of the Purchaser, if prior to the Closing Date there shall have been a breach of any of the Company's representations, warranties, covenants or agreements, which breach would result in the failure to satisfy any of the conditions set forth in Section 7.1, and such breach shall be incapable of being cured or, if capable of being cured, shall not have been cured within 30 days after written notice thereof shall have been received by the Company;
- (c) at the election of the Company, if prior to the Closing Date there shall have been a breach of any of the Purchasers' representations, warranties, covenants or agreements, which breach would result in the failure to satisfy any of the conditions set forth in Section 8.1, and such breach shall be incapable of being cured or, if capable of being cured, shall not have been cured within 30 days after written notice thereof shall have been received by the Purchasers;
- (d) at the election of the Company or the Purchaser, if any legal proceeding is commenced and pending by any Governmental Authority seeking to prevent the consummation of the Closing or any other Contemplated Transaction and the Company or the Purchaser, as the case may be, reasonably and in good faith deems it impracticable or inadvisable to proceed in view of such legal proceeding; or
- (e) at any time on or prior to the Closing Date, by mutual written consent of the Company and the Purchasers.

If this Agreement so terminates, it shall become null and void and have no further force or effect, except as provided in Section 10.2.

10.2 Survival After Termination. If this Agreement terminates pursuant to Section 10.1 and the Contemplated Transactions are not consummated, this Agreement shall become null and void and have no further force or effect, except that any such termination shall be without prejudice to the rights of any party on account of the nonsatisfaction of the conditions set forth in Articles 7 and 8 resulting from the intentional or willful breach or violation of the representations, warranties, covenants or agreements of another party under this Agreement. Notwithstanding anything in this Agreement to the contrary, the provisions of Sections 5.2 and 6.1, this Section 10.2 and Sections 11.2, 11.8 and 11.10 shall survive any termination of this Agreement.

ARTICLE 11 MISCELLANEOUS

11.1 HSR Approval. Promptly upon execution and delivery (and in any event within three (3) Business Days of the date) of this Agreement, the Purchasers and the Company will prepare and file, or cause to be prepared and filed, with the appropriate Governmental Authorities, a notification with respect to the Contemplated Transactions pursuant to the HSR Act, supply all information requested by Governmental Authorities in connection with the HSR Act notification and cooperate with each other in responding to any such request.

11.5 Amendment and Waiver. (a) No failure or delay on the part of the Company or the Purchasers in exercising any right, power or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or remedy preclude any other or further exercise thereof or the exercise of any other right, power or remedy. The remedies provided for herein are cumulative and are not exclusive of any remedies that may be available to the Company or the Purchasers at law, in equity or otherwise.

(b) Any amendment, supplement or modification of or to any provision of this Agreement and any waiver of any provision of this Agreement shall be effective only if it is made or given in writing and signed by the Company and the Purchaser.

11.6 Counterparts. This Agreement may be executed in any number of counterparts and by the parties hereto in separate counterparts, all of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

11.8 GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE CONFLICTS OF LAW PRINCIPLES THEREOF WHICH WOULD REQUIRE THE APPLICATION OF THE LAWS OF ANOTHER STATE.

11.9 Severability. If any one or more of the provisions contained herein, or the application thereof in any circumstance, is held invalid, illegal or unenforceable in any respect for any reason, the validity, legality and enforceability of any such provision in every other respect and of the remaining provisions hereof shall not be in any way impaired, unless the provisions held invalid, illegal or unenforceable shall substantially impair the benefits of the remaining provisions hereof.

11.10 Entire Agreement. This Agreement, together with the schedules and exhibits hereto, is intended by the parties as a final expression of their agreement and intended to be a complete and exclusive statement of the agreement and understanding of the parties hereto in respect of the subject matter contained herein and therein. There are no restrictions, promises, warranties or undertakings, other than those set forth or referred to herein or therein. This Agreement, together with the schedules and exhibits hereto, supersedes all prior agreements and understandings between the parties with respect to such subject matter.

11.11 Further Assurances. Each of the parties shall execute such documents and take, or cause to be taken, all appropriate action, and shall do or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the Contemplated Transactions and obtaining any consents, exemptions, authorizations, or other actions by, or giving any notices to, or making any filings with, any Governmental Authority or any other Person.

11.12 Public Announcements. **PURSUANT TO SECTION 151(g) OF THE
GENERAL CORPORATION LAW OF THE STATE OF DELAWARE**

CD Radio Inc. (the 'Corporation'), a corporation organized and existing under the General Corporation Law of the State of Delaware, does hereby certify that pursuant to the provisions of Section 151 of the General Corporation Law of the State of Delaware, the Board of Directors of the Corporation (the 'Board of Directors'), in a duly convened meeting thereof on November 11, 1998, adopted the following resolution, which resolution remains in full force and effect as of the date hereof:

WHEREAS, the Board of Directors is authorized, within the limitations and restrictions stated in the Certificate of Incorporation of the Corporation, to fix by resolution or resolutions the designation of each series of Preferred Stock of the Corporation (the 'Preferred Stock') and the powers, preferences and relative, participating, optional or other special rights and the qualifications, limitations or restrictions thereof, including, without limiting the generality of the foregoing, such provisions as may be desired concerning voting, redemption, dividends, dissolution or distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolutions of the Board of Directors under the General Corporation Law of the State of Delaware; and

WHEREAS, it is the desire of the Board of Directors of the Corporation, pursuant to its authority as aforesaid, to authorize and fix the terms of a series of Preferred Stock and the number of shares constituting such series;

NOW, THEREFORE, BE IT RESOLVED, that there is hereby authorized such series of Preferred Stock on the terms and with the provisions herein set forth:

1. Number of Shares; Designation. A total of 4,300,000 shares of Preferred Stock of the Corporation are hereby designated as 9.2% Series A Junior Cumulative Convertible Preferred Stock (the 'Series A Preferred Stock').
2. Rank. The Series A Preferred Stock shall, with respect to payment of dividends, redemption payments and rights upon liquidation, dissolution or winding up of the affairs of the Corporation, (x) rank senior and prior to the Common Stock, par value \$.001 per share, of the Corporation (the 'Common Stock') and any other class or series of capital stock of the Corporation that by its terms ranks junior to the Series A Preferred Stock as to payment of dividends, redemption payments and rights upon liquidation, dissolution or winding up of the affairs of the Corporation, (y) rank on a parity with the Corporation's 9.2% Series B Junior Cumulative Convertible Preferred Stock (the 'Series B Preferred Stock') and all Parity Dividend Stock (as defined in Section 3(a)) and all Parity Liquidation Stock (as defined in Section 5(b)), and (z) rank junior to the Corporation's 10 1/2% Series C Convertible Preferred Stock ('Series C Preferred Stock') and all Senior Dividend Stock (as defined in Section 3(c)), all Senior Liquidation Stock (as defined in Section 5(b)) and to any class or series of capital stock of the Corporation (other than the Common Stock), whether currently issued or issued in the future, that does not by its terms expressly provide that it ranks on a parity with or junior to the Series A Preferred Stock as to dividends and rights upon liquidation, dissolution or winding-up of the Corporation (which shall include, for purposes of the foregoing, any entity with which the Corporation may be merged or consolidated or to which all or substantially all the assets of the Corporation may be transferred or which transfers all or substantially all of its assets to the Corporation).
3. Dividends. (a)(1) The holders of the issued and outstanding shares of the Series A Preferred Stock shall be entitled to receive, as and when declared by the Board of Directors, out of funds legally

available therefor in the case of dividends paid in cash, cumulative dividends at the annual rate per share of 9.2% of the sum of (x) the Liquidation Preference (defined in Section 5 hereof) and (y) all unpaid dividends, if any, whether or not declared, from the date of issuance of the shares of Series A Preferred Stock (the 'Closing Date') to the applicable dividend payment date. Dividends on shares of Series A Preferred Stock shall be payable annually initially on November 15, 1999 and each November 15 thereafter (each, a 'Dividend Payment Date'), except that if any Dividend Payment Date is not a business day then the Dividend Payment Date shall be on the first immediately succeeding business day (as used herein, the term 'business day' shall mean any day except a Saturday, Sunday or day on which banking institutions are legally authorized to close in The City of New York).

(2) If any Dividend payable on any Dividend Payment Date is not declared or paid on such Dividend Payment Date, as provided in Section 3(a)(1), in full in cash or in additional shares of Series A Preferred Stock, then the amount of such unpaid dividend ('Default Dividends') shall be accumulated. Any Default Dividends shall, from the Dividend Payment Date on which such dividends accrued, accrue dividends until paid, compounded annually, at a rate equal to 15% per annum. Default Dividends shall be payable in shares of Series A Preferred Stock, but not in cash.

(3) Dividends on the Series A Preferred Stock may be paid, in the sole discretion of the Board of Directors, either in (i) cash, (ii) shares of Series A Preferred Stock or (iii) any combination of cash or shares of Series A Preferred Stock, and the issuance of the requisite number of such shares of Series A Preferred Stock (such number determined as provided in the next sentence) pursuant to (ii) or (iii) shall constitute full payment of any such dividend. Series A Preferred Stock issued to pay dividends shall be valued at their Liquidation Preference. All dividend payments paid with respect to shares of Series A Preferred Stock shall be paid pro rata to the holders entitled thereto. All shares of Series A Preferred Stock issued as a dividend with respect to shares of Series A Preferred Stock shall thereupon be duly authorized, validly issued, fully paid and non-assessable. In no event shall an election by the Board of Directors to pay dividends, in full or in part, in cash or in shares of Series A Preferred Stock in lieu of payment, in full or in part, in cash preclude the Board of Directors from electing any such alternative in respect of all or any portion of any subsequent dividend. The Corporation shall not issue fractional shares of Series A Preferred Stock upon payment of any dividends in shares of Series A Preferred Stock and any amount of fractional shares of Series A Preferred Stock otherwise issuable upon the payment of any dividend in shares of Series A Preferred Stock shall be paid in cash.

(4) Dividends to be paid on a Dividend Payment Date shall be paid to the holders of record of shares of the Series A Preferred Stock as they appear on the stock register of the Corporation at the close of business on such record dates (each, a 'Dividend Payment Record Date'), which shall be not more than 40 days nor fewer than 10 days preceding each Dividend Payment Date thereof, as shall be fixed by the Board of Directors of the Corporation. Default Dividends shall be declared and paid at any time as of which funds legally available therefor are available to the Corporation, without reference to any regular Dividend Payment Date, to the holders of record on such date, not exceeding 40 days nor fewer than 10 days preceding the date on which dividends in arrears will be paid, as may be fixed by the Board of Directors of the Corporation. Holders of shares of the Series A Preferred Stock shall be entitled to receive dividends in preference to and in priority over dividends upon the Common Stock and any other series or class of the Corporation's capital stock that ranks junior as to dividends to the Series A Preferred Stock ('Junior Dividend Stock') and shall be on a parity as to dividends with the Series B Preferred Stock and any series or class of the Corporation's capital stock that does not rank senior or junior as to dividends with the Series A Preferred Stock (together with the Series B Preferred Stock, 'Parity Dividend Stock'). The holders of shares of the Series A Preferred Stock shall not be entitled to any dividends in excess of full cumulative dividends (including Default Dividends), as herein provided.

(b) No dividends, other than dividends payable solely in Common Stock, Junior Dividend Stock, or warrants or other rights to acquire such Common Stock or Junior Dividend Stock, shall be paid or declared and set apart for payment on, and no purchase, redemption or other acquisition shall be made by the Corporation or entity directly or indirectly controlled by the Corporation of, any Common Stock or Junior Dividend Stock unless and until (i) all accrued and unpaid dividends on the Series A Preferred Stock shall have been paid and (ii) proper provision shall have been made such that holders

of shares of Series A Preferred Stock are offered the opportunity to elect (each, a 'Payout Election'), in lieu of the Conversion Price adjustment referred to in Section 6(f)(ii), Section 6(f)(iii) or Section 6(f)(iv), as the case may be, to participate in such dividend, purchase, redemption or other acquisition pro rata with the holders of Common Stock or Junior Dividend Stock, as the case may be, as if each share of Series A Preferred Stock had been converted as of the record date for such dividend or immediately prior to such purchase, redemption or other acquisition, as the case may be, at the Conversion Price then in effect (without any requirement that any such shares of Series A Preferred Stock actually be so converted). Each Payout Election shall be made upon the affirmative vote or consent of holders of a majority of the total number of shares of Series A Preferred Stock then outstanding and shall be effective as to and binding upon all such shares. So long as a sufficient amount of cash, assets, evidences of indebtedness or securities are set aside for payment to the holders of Series A Preferred Stock as of the payment date for such dividend or the date for such purchase, redemption or acquisition, payment need not be made to the holders of Series A Preferred Stock on such date but may be made at any time up to the tenth Business Day following such date.

(c) If at any time the Corporation issues any class or series of capital stock ranking senior and prior to the Series A Preferred Stock with respect to the payment of dividends ('Senior Dividend Stock') and fails to pay or declare and set apart for payment accrued and unpaid dividends on such Senior Dividend Stock, in whole or in part, then (except to the extent allowed by the terms of the Senior Dividend Stock) no dividend paid in cash shall be paid or declared and set apart for payment on the Series A Preferred Stock unless and until all accrued and unpaid dividends with respect to the Senior Dividend Stock shall have been paid or declared and set apart for payment, without interest. Except as provided in Section 3(d) below, no dividends paid in cash shall be paid or declared and set apart for payment on any Parity Dividend Stock for any period unless the Corporation has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for payment, on the Series A Preferred Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends. Except as provided in Section 3(d) below, no dividends paid in cash shall be paid or declared and set apart for payment on the Series A Preferred Stock for any period unless the Corporation has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for such payment, on any Parity Dividend Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends.

(d) If at any time the Corporation has failed to pay accrued dividends on any shares of Series A Preferred Stock on any Dividend Payment Date or any Parity Dividend Stock on a stated payment date, as the case may be, the Corporation shall not:

(i) purchase any shares of the Series A Preferred Stock or Parity Dividend Stock (except for a consideration payable in Common Stock or Junior Dividend Stock) or redeem fewer than all of the shares of the Series A Preferred Stock and Parity Dividend Stock then outstanding except for (x) the repurchase or redemption of shares of the Series A Preferred Stock made pro rata among the holders of the shares of the Series A Preferred Stock then outstanding and (y) the repurchase or redemption made pro rata with respect to all shares of the Series A Preferred Stock and Parity Dividend Stock then outstanding so that the amounts repurchased or redeemed shall in all cases bear to each other the same ratio that, at the time of the repurchase or redemption, the required redemption payments on the shares of the Series A Preferred Stock and the other Parity Dividend Stock then outstanding, respectively, bear to each other, or

(ii) permit any corporation or other entity directly or indirectly controlled by the Corporation to purchase any Common Stock, Junior Dividend Stock, shares of the Series A Preferred Stock or Parity Dividend Stock, except to the same extent that the Corporation could purchase such shares.

Unless and until all dividends unpaid in respect of prior dividend payment periods on shares of the Series A Preferred Stock and any Parity Dividend Stock at the time outstanding have been paid in full or a sum sufficient for such payment is declared and set apart, as provided in the paragraph (c), all dividends accrued by the Corporation upon shares of the Series A Preferred Stock or Parity Dividend Stock shall be declared pro rata with respect to all shares of the Series A Preferred Stock and Parity Dividend Stock then outstanding, so that the amounts of any dividends declared on shares of the

Series A Preferred Stock and on the Parity Dividend Stock shall in all cases bear to each other the same ratio that, at the time of the declaration, all unpaid dividends in respect of prior dividend payment periods on shares of the Series A Preferred Stock and the other Parity Dividend Stock, respectively, bear to each other.

4. Redemption. (a)(1) Optional Redemption. Except as provided in subsection

(a)(2) of this Section 4 or in Section 9, shares of the Series A Preferred Stock shall not be redeemable prior to November 15, 2003. From and after November 15, 2003, subject to the restrictions in Section 3 above, the Corporation may redeem shares of Series A Preferred Stock, in whole or in part, at the option of the Corporation, to the extent it has funds legally available therefor at a redemption price of 100% of the Liquidation Preference thereof plus accrued and unpaid dividends, if any, whether or not declared, to the date of redemption.

(2) Special Redemption. From and after November 15, 2001 and prior to November 15, 2003, the Corporation, at its option, may redeem shares of Series A Preferred Stock, in whole or in part, in the sole discretion of the Board of Directors, to the extent it has funds legally available therefor, at the redemption price of 100% of the Liquidation Preference thereof, plus an amount equal to the dividends unpaid thereon, if any, whether or not declared, to the redemption date, if the Current Market Price of the Common Stock on the date of the notice of redemption (described below) equals or exceeds \$60.00 per share. As used herein, the 'Current Market Price' for a given date shall mean the average Closing Price of the Common Stock as reported in The Wall Street Journal or, at the election of the Corporation, other reputable financial news source, for the 20 consecutive trading days immediately preceding such date. The \$60.00 per share benchmark shall be subject to adjustment upon the occurrence of certain events in the same manner as the Conversion Price (defined herein) shall be subject to adjustment as set forth in Section 6(f) hereof. For purposes of this paragraph, the Current Market Price shall be deemed to be less than \$60 per share at any time during which the Common Stock is not listed, quoted or admitted to trading on either the New York Stock Exchange, Inc. (the 'NYSE'), the American Stock Exchange ('AMEX') or The Nasdaq Stock Market, Inc.'s National Market ('Nasdaq'). As used herein, the 'Closing Price' of any security on any day means the last reported sale price regular way on such day or, in the case no such sale takes place on such day, the average of the reported closing bid and asked prices regular way of the Common Stock, in each case on the NYSE or, if not listed or admitted to trading on such exchange, as quoted on AMEX or Nasdaq.

(3) Mandatory Redemption. On November 15, 2011, the Corporation shall redeem all outstanding shares of Series A Preferred Stock, to the extent it has funds legally available therefor, at the redemption price of 100% of the Liquidation Preference thereof, plus an amount equal to the dividends unpaid thereon, if any, whether or not declared, to the redemption date.

(4) Payment of Redemption Price. (a) The amount of the redemption price on any shares of Series A Preferred Stock redeemed, on any redemption set forth herein, that is allocable to the Liquidation Preference thereon shall be paid in cash (to the extent funds are legally available therefor) and any unpaid dividends to be paid on the shares of Series A Preferred Stock redeemed on such redemption date may be paid in cash (to the extent funds are legally available therefor) or shares of Series A Preferred Stock, or any combination thereof, in the sole discretion of the Board of Directors as provided in Section 3(a)(3) hereof.

(b) Not less than 15 days nor more than 45 days (such date as fixed by the Board of Directors of the Corporation is referred to herein as the 'Redemption Record Date') prior to the date fixed for any redemption of shares of the Series A Preferred Stock pursuant to this Section 4, a notice specifying the time and place of the redemption and the number of shares to be redeemed shall be given by first class mail, postage prepaid, to the holders of record on the Redemption Record Date of the shares of the Series A Preferred Stock to be redeemed at their respective addresses as the same shall appear on the books of the Corporation, calling upon each holder of record to surrender to the Corporation on the redemption date at the place designated in the notice such holder's certificate or certificates representing the number of shares specified in the notice of redemption. Neither failure to mail such notice, nor any defect therein or in the mailing thereof, to any particular holder shall affect the sufficiency of the notice or the validity of the proceedings for redemption with respect to the other holders. Any notice mailed in the manner herein provided shall be conclusively presumed to have been

duly given whether or not the holder receives the notice. On or after the redemption date, each holder of shares of Series A Preferred Stock to be redeemed shall present and surrender such holder's certificate or certificates for such shares to the Corporation at the place designated in the redemption notice and thereupon the redemption price of the shares, and any unpaid dividends thereon to the redemption date, shall be paid to or on the order of the person whose name appears on such certificate or certificates as the owner thereof, and each surrendered certificate shall be canceled. In case fewer than all the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares.

(c) If a notice of redemption has been given pursuant to this Section 4 and if, on or before the redemption date, the funds (or shares of Series A Preferred Stock if any dividends are to be paid in shares of Series A Preferred Stock), necessary for such redemption (including all dividends on the shares of Series A Preferred Stock to be redeemed that will accrue to the redemption date) shall have been set aside by the Corporation, separate and apart from its other funds (or reserved and authorized for issuance if any dividends are to be paid in shares of Series A Preferred Stock), in trust for the pro rata benefit of the holders of the shares of Series A Preferred Stock so called for redemption, then, notwithstanding that any certificates for such shares of Series A Preferred Stock have not been surrendered for cancellation, on the redemption date dividends shall cease to accrue on the shares of the Series A Preferred Stock to be redeemed, and at the close of business on the date on which such funds have been segregated and set aside by the Corporation as provided in this

Section 4(c), the holders of such shares shall cease to be stockholders with respect to those shares, shall have no interest in or claims against the Corporation by virtue thereof and shall have no voting or other rights with respect thereto, except the conversion rights provided in subsection (d) of this

Section 4 and Section 6 below and the right to receive the moneys payable (or shares of Series A Preferred Stock issued if any dividends are to be paid in shares of Series A Preferred Stock) upon such redemption, without interest thereon, upon surrender (and endorsement, if required by the Corporation) of their certificates, and the shares of Series A Preferred Stock evidenced thereby shall no longer be outstanding. Subject to applicable escheat laws, any moneys so set aside (or shares of Series A Preferred Stock authorized and reserved if any dividends are to be paid in shares of Series A Preferred Stock) by the Corporation and unclaimed at the end of two years from the redemption date shall revert to the general funds of the Corporation (or be released from the reservation thereof in the case of shares of Series A Preferred Stock), after which reversion the holders of such shares so called for redemption shall look only to the general funds of the Corporation for the payment of the redemption price, without interest. Any interest accrued on funds so deposited shall belong to the Corporation and be paid thereto from time to time.

(d) If a notice of redemption has been given pursuant to this Section 4 and any holder of shares of Series A Preferred Stock shall, prior to the close of business on the business day immediately preceding the redemption date, give written notice to the Corporation pursuant to Section 6 below of the conversion of any or all of the shares to be redeemed held by the holder (accompanied by a certificate or certificates for such shares, duly endorsed or assigned to the Corporation, and any necessary transfer tax payment, as required by Section 6 below), then such redemption shall not become effective as to such shares to be converted and such conversion shall become effective as provided in Section 6 below, whereupon any funds deposited by the Corporation for the redemption of such shares shall (subject to any right of the holder of such shares to receive the dividend payable thereon as provided in Section 6 below) immediately upon such conversion be returned to the Corporation or, if then held in trust by the Corporation, shall automatically and without further corporate action or notice be discharged from the trust.

(e) In every case of redemption of fewer than all of the outstanding shares of the Series A Preferred Stock pursuant to this Section 4, the shares to be redeemed shall be selected pro rata, provided that only whole shares shall be selected for redemption.

5. Liquidation. (a) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of the Series A Preferred Stock shall be entitled to receive \$100.00 per share (the 'Liquidation Preference'), plus an amount equal to the accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date.

(b) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of shares of Series A Preferred Stock (i) shall not be entitled to receive the Liquidation Preference of the shares held by them until payment in full or provision has been made for the payment of all claims of creditors of the Corporation and the liquidation preference of any class or series of capital stock ranking senior to the Series A Preferred Stock with respect to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Senior Liquidation Stock' and together with the Senior Dividend Stock, the 'Senior Stock'), plus accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date, shall have been paid in full and (ii) shall be entitled to receive the Liquidation Preference of such shares held by them, plus accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date, in preference to and in priority over any distributions upon the Common Stock and any other series or class of the Corporation's capital stock that ranks junior to the Series A Preferred Stock as to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Junior Liquidation Stock' and together with the Junior Dividend Stock, the 'Junior Stock'). Upon payment in full of the Liquidation Preference to which the holders of shares of the Series A Preferred Stock are entitled, the holders of shares of the Series A Preferred Stock shall not be entitled to any further participation in any distribution of assets by the Corporation. Subject to clause (i) above, if the assets of the Corporation are not sufficient to pay in full the Liquidation Preference payable to the holders of shares of the Series A Preferred Stock and the liquidation preference payable to the holders of any series or class of the Corporation's capital stock, outstanding on the date hereof or hereafter issued, that ranks on a parity with the Series A Preferred Stock as to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Parity Liquidation Stock' and together with the Parity Dividend Stock, the 'Parity Stock'), the holders of all such shares shall share ratably in proportion to the full respective preferential amounts payable on such shares in any distribution.

(c) For the purposes of this Section 5, neither the sale of all or substantially all of the assets of the Corporation nor the consolidation or merger of the Corporation with or into any other entity shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, unless such sale, consolidation or merger shall be in connection with a plan of liquidation, dissolution or winding up of the Corporation.

6. Optional Conversion. (a) Holders of shares of Series A Preferred Stock may, at any time, convert shares of Series A Preferred Stock, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the Liquidation Preference (without unpaid dividends) by \$30.00, subject to adjustment as described below in Section 6(f) (the 'Conversion Price'). If more than one share of Series A Preferred Stock shall be surrendered for conversion at one time by the same record holder, the number of full shares of Common Stock issuable upon conversion thereof shall be computed on the basis of the aggregate number of shares of Series A Preferred Stock so surrendered. In the case of shares of Series A Preferred Stock called for redemption, conversion rights shall expire at the close of business on the business day immediately preceding the redemption date. The holders of shares of Series A Preferred Stock that convert such shares into shares of Common Stock shall be entitled to receive any unpaid dividends thereon, if any, whether or not declared, and such dividends shall be payable in cash or shares of Common Stock, or any combination thereof, in the sole discretion of the Board of Directors.

(b) Any holder of shares of Series A Preferred Stock electing to convert the shares or any portion thereof in accordance with Section 6(a) above shall give written notice to the Corporation (which notice may be given by facsimile transmission) that such holder elects to convert the same and shall state therein the number of shares of Series A Preferred Stock to be converted and the name or names in which such holder wishes the certificate or certificates for shares of Common Stock to be issued. Promptly thereafter, the holder shall surrender the certificate or certificates of shares of Series A Preferred Stock to be converted, duly endorsed, at the office of the Corporation or any transfer agent for such shares, or at such other place designated by the Corporation, provided that the Corporation shall at all times maintain an office or agency in The City of New York for such purposes. The Corporation shall, immediately upon receipt of such notice, issue and deliver to or upon the order of such holder, against delivery of the certificates representing the shares of Series A Preferred Stock that

have been converted, a certificate or certificates for the number of shares of Common Stock to which such holder shall be entitled (in the number(s) and denomination(s) designated by such holder), and the Corporation shall deliver to such holder a certificate or certificates for the number of shares of Series A Preferred Stock that such holder has not elected to convert. The conversion right with respect to any shares of Series A Preferred Stock shall be deemed to have been exercised at the date upon which the certificates therefor (and the payment required by Section 6(d), if applicable), shall have been so delivered, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock upon that date.

(c) No fractional shares of Common Stock shall be issued upon conversion of shares of Series A Preferred Stock. Instead of any fractional share of Common Stock otherwise issuable upon conversion of any shares of Series A Preferred Stock, the Corporation shall pay a cash adjustment in respect of such fraction in an amount equal to the same fraction of the Closing Price of the Common Stock at the close of business on the day of conversion. In the absence of a Closing Price, the Board of Directors shall in good faith determine the current market price on such basis as it reasonably considers appropriate and such current market price shall be used to calculate the cash adjustment; provided that in no case shall the Closing Price be less than the Conversion Price then in effect.

(d) If a holder converts shares of Series A Preferred Stock, the Corporation shall pay any documentary, stamp or similar issue or transfer tax due on the issue of Common Stock upon the conversion or due upon the issuance of a new certificate or certificates for any shares of Series A Preferred Stock not converted. The holder, however, shall pay any such tax that is due because any such shares of the Common Stock or of the Series A Preferred Stock are issued in a name other than the name of the holder.

(e) The Corporation shall reserve out of its authorized but unissued Common Stock held in treasury enough shares of Common Stock to permit the conversion of all of the then-outstanding shares of Series A Preferred Stock. For the purposes of this Section 6(e), the full number of shares of Common Stock then issuable upon the conversion of all then-outstanding shares of Series A Preferred Stock shall be computed as if at the time of computation all outstanding shares of Series A Preferred Stock were held by a single holder. The Corporation shall from time to time, in accordance with the laws of the State of Delaware and its certificate of incorporation, increase the authorized amount of its Common Stock if at any time the authorized amount of its Common Stock remaining unissued shall not be sufficient to permit the conversion of all shares of Series A Preferred Stock at the time outstanding. All shares of Common Stock issued upon conversion of the shares of Series A Preferred Stock shall be validly issued, fully paid and nonassessable.

(f) The Conversion Price shall be subject to adjustment as follows:

(i) In case the Corporation shall (A) pay a dividend on any class of its capital stock in shares of its Common Stock, (B) subdivide its outstanding shares of Common Stock into a greater number of shares or (C) combine its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior thereto shall be adjusted (as provided below) so that the holders of any shares of Series A Preferred Stock thereafter surrendered for conversion shall be entitled to receive the number of shares of Common Stock which such holder would have owned or have been entitled to receive immediately following such action had such shares of Series A Preferred Stock been converted immediately prior to such time. The Conversion Price as adjusted shall be determined by multiplying the Conversion Price at which the shares of Series A Preferred Stock were theretofore convertible by a fraction of which the denominator shall be the number of shares of Common Stock outstanding immediately following such action and of which the numerator shall be the number of shares of Common Stock outstanding immediately prior thereto. Such adjustment shall be made whenever any event listed above shall occur and shall become effective retroactively immediately after the record date in the case of a dividend and immediately after the effective date in the case of a subdivision or combination.

(ii) In case the Corporation shall issue rights or warrants to any Person (including holders of its Common Stock) entitling such Person or Persons to subscribe for or purchase shares of Common Stock at a price per share less than the Current Market Price per share of Common Stock at the record date therefor, or in case the Corporation shall issue to any Person (including holders

of its Common Stock) other securities convertible into or exchangeable for Common Stock for a consideration per share of Common Stock deliverable upon conversion or exchange thereof less than the Current Market Price at the record date therefore, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series A Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance of the convertible or exchangeable securities, rights or warrants and (2) the number of additional shares of Common Stock offered for subscription or purchase, or issuable upon such conversion or exchange, and (y) the numerator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance of such convertible or exchangeable securities, rights or warrants and (2) the number of additional shares of Common Stock which the aggregate offering price of the number of shares of Common Stock so offered would purchase at the Current Market Price per share of Common Stock. Such adjustment shall be made whenever such convertible or exchangeable securities, rights or warrants are issued, and shall become effective immediately after the record date for the determination of stockholders entitled to receive such securities. However, upon the expiration of any right or warrant to purchase Common Stock, the issuance of which resulted in an adjustment in the Conversion Price pursuant to this Section 6(f)(ii), if any such right or warrant shall expire and shall not have been exercised, the Conversion Price shall be recomputed immediately upon such expiration and effective immediately upon such expiration shall be increased to the price it would have been (but reflecting any other adjustments to the Conversion Price made pursuant to the provisions of this Section 6(f) after the issuance of such rights or warrants) had the adjustment of the Conversion Price made upon the issuance of such rights or warrants been made on the basis of offering for subscription or purchase only that number of shares of Common Stock actually purchased upon the exercise of such rights or warrants. No further adjustment shall be made upon exercise of any right, warrant, convertible security or exchangeable security if any adjustment shall have been made upon issuance of such security. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (ii) with respect to any particular dividend or other event with respect to which a Payout Election is made.

(iii) In case the Corporation shall pay a dividend to all holders of its Common Stock (including any dividend paid in connection with a consolidation or merger in which the Corporation is the continuing corporation) of any shares of capital stock of the Corporation or its subsidiaries (other than Common Stock) or evidences of its indebtedness or assets or cash (excluding dividends or distributions in connection with the liquidation, dissolution or winding up of the Corporation) or rights or warrants to subscribe for or purchase any of its securities or those of its subsidiaries or securities convertible or exchangeable for Common Stock (excluding those securities referred to in Section 6(f)(ii) above), then in each such case the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price thereafter shall be equal to the price determined by multiplying (A) the Conversion Price in effect on the record date mentioned below by (B) a fraction, the numerator of which shall be the Current Market Price per share of Common Stock on the record date mentioned below less the then fair market value (as determined by the Board of Directors, whose good faith determination shall be conclusive) as of such record date of the cash, assets, evidences of indebtedness or securities so paid with respect to one share of Common Stock, and the denominator of which shall be the Current Market Price per share of Common Stock on such record date; provided, however, that in the event the then fair market value (as so determined) so paid with respect to one share of Common Stock is equal to or greater than the Current Market Price per share of Common Stock on the record date mentioned above, in lieu of the foregoing adjustment, adequate provision shall be made so that each holder of shares of the Series A Preferred Stock shall have the right to receive the amount and kind of assets, evidences of indebtedness, or securities such holder would have received had such holder converted each such share of Series A Preferred Stock immediately prior to the record date for such dividend. Such adjustment shall be made whenever any such payment is made, and shall become effective retroactively immediately after the record date for the determination of stockholders entitled to

receive the payment. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (iii) with respect to any particular dividend or other event with respect to which a Payout Election is made.

(iv) In case the Corporation shall purchase, redeem or otherwise acquire any shares of Common Stock at a price per share greater than the Current Market Price per share of Common Stock on the date of such event, or in case the Corporation shall purchase, redeem or otherwise acquire other securities convertible into or exchangeable for Common Stock for a consideration per share of Common Stock into which such security is convertible or exchangeable greater than the per share Current Market Price on the date of such event, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series A Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the Current Market Price per share on the date of such event, and

(y) the numerator shall be the Current Market Price per share on the date of such event less the difference between (1) the consideration paid by the Corporation per share of Common Stock (or, in the case of securities convertible into or exchangeable for Common Stock, the consideration per share of Common Stock into which such security is convertible or exchangeable) purchased, redeemed or acquired in such event and (2) the Current Market Price per share on the date of such event. Such adjustment shall be made whenever such Common Stock is issued or sold, and shall become effective immediately after the issuance or sale of such securities. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (iv) with respect to any particular purchase, redemption or acquisition with respect to which a Payout Election is made.

(v) In case the Corporation shall issue or sell any shares of Common Stock at a price per share more than 15% below (or, in the case of any issuance or sale to an affiliate (as defined in the rules of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended) of the Corporation, any amount below) the Current Market Price per share of Common Stock on the date the Corporation commits or agrees to such sale or issuance, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series A Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance or sale of such shares of Common Stock and (2) the number of additional shares of Common Stock offered for sale or subject to issuance, and (y) the numerator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance or sale of such shares of Common Stock and (2) the number of additional shares of Common Stock which the aggregate offering price of the number of shares of Common Stock so offered or issued would purchase at the Current Market Price per share of Common Stock. Such adjustment shall be made whenever such Common Stock is issued or sold, and shall become effective immediately after the issuance or sale of such securities; provided, however, that the provisions of this subparagraph shall not apply to (1) shares of Common Stock issued upon conversion of shares of Series A Preferred Stock or Series B Preferred Stock, or (2) shares of Common Stock issued upon conversion, exercise or exchange of any security with respect to which an adjustment to the Conversion Price was made in accordance with clause (ii) above at the time of issuance of such security, or (3) shares of Common Stock issued in a bona fide public offering to or through a nationally recognized investment banking firm in which affiliates (as defined in the rules of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended) of the Corporation purchase less than 25% of the shares in such offering.

(vi) No adjustment in the Conversion Price shall be required unless the adjustment would require an increase or decrease of at least 1% in the Conversion Price then in effect; provided, however, that any adjustments that by reason of this Section 6(f)(vi) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 6(f) shall be made to the nearest cent.

(vii) In the event that, at any time as a result of an adjustment made pursuant to Section 6(f)(i) through 6(f)(vi) above, the holder of any share of Series A Preferred Stock thereafter surrendered for conversion shall become entitled to receive any shares of the Corporation other than shares of the Common Stock, thereafter the number of such other shares so receivable upon conversion of any share of Series A Preferred Stock shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Common Stock contained in Section 6(f)(i) through 6(f)(vi) above, and the other provisions of this Section 6 with respect to the Common Stock shall apply on like terms to any such other shares.

(viii) Whenever the Conversion Price is adjusted, as herein provided, the Corporation shall promptly file with the transfer agent for the Series A Preferred Stock, or, if there is no transfer agent, the Corporation shall promptly send to each holder of record by first class mail, postage pre-paid, a certificate of an officer of the Corporation setting forth the Conversion Price after the adjustment and setting forth a brief statement of the facts requiring such adjustment and a computation thereof. The certificate shall be conclusive evidence of the correctness of the adjustment. The Corporation shall promptly cause a notice of the adjusted Conversion Price to be mailed to each registered holder of shares of Series A Preferred Stock.

(ix) In case of any reclassification of the Common Stock, any consolidation of the Corporation with, or merger of the Corporation into, any other entity, any merger of another entity into the Corporation (other than a merger that does not result in any reclassification, conversion, exchange or cancellation of outstanding shares of Common Stock of the Corporation), any sale or transfer of all or substantially all of the assets of the Corporation or any compulsory share exchange pursuant to which share exchange the Common Stock is converted into other securities, cash or other property, then lawful provision shall be made as part of the terms of such transaction whereby the holder of each share of Series A Preferred Stock then outstanding shall have the right thereafter, during the period such share of Series A Preferred Stock shall be convertible, to convert such share only into the kind and amount of securities, cash and other property receivable upon the reclassification, consolidation, merger, sale, transfer or share exchange by a holder of the number of shares of Common Stock of the Corporation into which a share of Series A Preferred Stock would have been convertible immediately prior to the reclassification, consolidation, merger, sale, transfer or share exchange. The Corporation, the person formed by the consolidation or resulting from the merger or which acquires such assets or which acquires the Corporation's shares, as the case may be, shall make provisions in its certificate or articles of incorporation or other constituent document to establish such rights and such rights shall be clearly provided for in the definitive transaction documents relating to such transaction. The certificate or articles of incorporation or other constituent document shall provide for adjustments, which, for events subsequent to the effective date of the certificate or articles of incorporation or other constituent document, shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The provisions of this Section 6(f)(ix) shall similarly apply to successive reclassifications, consolidations, mergers, sales, transfers or share exchanges.

(g) The Corporation from time to time may reduce the Conversion Price by any amount for any period of time if the period is at least 20 days and if the reduction is irrevocable during the period. Whenever the Conversion Price is so reduced, the Corporation shall mail to holders of record of the Series A Preferred Stock a notice of the reduction at least 15 days before the date the reduced Conversion Price takes effect, stating the reduced Conversion Price and the period it will be in effect. A voluntary reduction of the Conversion Price does not change or adjust the Conversion Price otherwise in effect for purposes of paragraph 6(f) above.

7. Status of Shares. All shares of the Series A Preferred Stock that are at any time redeemed pursuant to Section 4 above or converted or exchanged pursuant to Section 6 above and all shares of the Series A Preferred Stock that are otherwise reacquired by the Corporation and subsequently canceled by the Board of Directors of the Corporation shall have the status of authorized but unissued shares of Preferred Stock, without designation as to series, subject to reissuance by the Board of Directors of the Corporation as shares of any one or more other series.

8. Voting Rights. Except as set forth below or otherwise required by law, holders of shares of the Series A Preferred Stock shall have no voting rights.

(a) So long as any shares of the Series A Preferred Stock are outstanding, each share of Series A Preferred Stock shall entitle the holder thereof to notice of and to vote, in person or by proxy, at any special or annual meeting of stockholders, on all matters entitled to be voted on by holders of Common Stock and any other series or class of Voting Stock voting together as a single class with all other shares entitled to vote thereon. With respect to any such vote, each share of Series A Preferred Stock shall entitle the holder thereof to cast that number of votes per share as is equal to the number of votes that such holder would be entitled to cast had such holder converted its shares of Series A Preferred Stock into shares of Common Stock as of the record date for determining the stockholders of the Corporation eligible to vote on any such matters.

(b) So long as any shares of the Series A Preferred Stock are outstanding, in addition to any vote or consent of stockholders required by law or by the Corporation's Certificate of Incorporation, the affirmative vote or consent of the holders of at least a majority of the shares of Series A Preferred Stock at any time issued and outstanding, acting as a single class, given in person or by proxy at any meeting called for such purpose, shall be necessary for effecting or validating

(i) any reclassification of the Series A Preferred Stock or any amendment, alteration or repeal (including as a result of a merger or consolidation involving the Corporation or otherwise by operation of law) of any of the provisions of the Certificate of Incorporation or By-laws of the Corporation which adversely affects the voting powers, rights or preferences of the holders of the shares of Series A Preferred Stock; provided that the consent of the holders of at least a majority of the shares of Series A Preferred Stock and Series B Preferred Stock at the time issued and outstanding, acting as a single class, given in person or by proxy by vote at any meeting called for such purpose, shall be necessary for effecting or validating any reclassification or any amendment, alteration or repeal of any of the provisions of the Corporation's Certificate of Incorporation or By-laws of the Corporation which affects adversely the voting powers, rights or preferences of the holders of the shares of Series A Preferred Stock and Series B Preferred Stock; and provided, further, that any amendment of the provisions of the Corporation's Certificate of Incorporation so as to authorize or create, or to increase the authorized amount of, the Junior Stock shall not be deemed to affect adversely the voting powers, rights or preferences of the holders of shares of Series A Preferred Stock or Series B Preferred Stock;

(ii) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of Senior Stock or any security convertible into shares of any class or series of Senior Stock;

(iii) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of Parity Stock or any security convertible into shares of any class or series of Parity Stock such that the aggregate liquidation preference of all outstanding shares of Parity Stock (other than (x) shares of Series A Preferred Stock or Series B Preferred Stock issued pursuant to the Stock Purchase Agreement, dated as of November 13, 1998, by and among Apollo Investment Fund IV, L.P., Apollo Overseas Partners IV, L.P. and the Corporation (the 'Stock Purchase Agreement') and (y) any shares of Series A Preferred Stock or Series B Preferred Stock issued as a dividend in respect of shares referred to in clause (x) or in respect of shares referred to in this clause (y)) would exceed the sum of (1) \$135,000,000 and (2) the aggregate liquidation preference of the shares of Series B Preferred Stock issued at the Option Closing (as such term is defined in the Stock Purchase Agreement), if any;

(iv) the merger or consolidation of the Corporation with or into any other entity, unless the resulting corporation will thereafter have no class or series of shares and no other securities either authorized or outstanding ranking prior to, or on a parity with, shares of Series A Preferred Stock in the payment of dividends or the distribution of its assets on liquidation, dissolution or winding up; provided, however, that no such vote or consent of the holders of Series A Preferred Stock shall be required if prior to the time when such merger or consolidation is to take effect, and regardless of whether such merger or consolidation would constitute a Change of Control (as defined in

Section 9), a Change of Control Offer (as defined in Section 9) is made for all shares of Series A Preferred Stock at the time outstanding in accordance with Section 9; and

(v) the application of any funds, property or assets of the Corporation or any of its subsidiaries to the purchase, redemption, sinking fund or other retirement of any shares of any class of Junior Stock, or the declaration, payment or making of any dividend or distribution (in cash, property or obligations) on any shares of any class of Junior Stock, other than a dividend or dividends payable solely in Common Stock or Junior Stock, unless the holders of Series A Preferred Stock shall have been offered the opportunity to make a Payout Election with respect to such event.

In connection with any right to vote pursuant to Section 8(b), each holder of shares of Series A Preferred Stock shall have one vote for each share held. The above notwithstanding, and subject to Section 8(a), no consent of holders of Series A Preferred Stock or Series B Preferred Stock shall be required for the creation of any indebtedness of any kind of the Corporation.

(c) The term 'Voting Stock' means any class or classes of capital stock, or securities convertible into or exchangeable for any class of capital stock, of the Corporation pursuant to which the holders thereof have the general power under ordinary circumstances to vote with respect to the election of at least a majority of the Board of Directors of the Corporation, irrespective of whether or not, at the time, stock of any other class or classes shall have, or might have, voting power by reason of the happening of any contingency.

9. Change of Control. (a) In the event of a Change of Control (the date of such event being the 'Change of Control Date'), the Corporation shall notify the holders of the Series A Preferred Stock in writing of such event promptly upon the Corporation becoming aware that a Change of Control is expected to occur or has occurred and shall, pursuant to Section 9(b), make an offer to purchase (the 'Change of Control Offer') all of the then outstanding shares of Series A Preferred Stock at a purchase price of 101% of the Liquidation Preference thereof, payable in cash, plus any unpaid dividends thereon, if any, whether or not declared, to the date such shares are purchased, payable in cash.

(b) Subject to the provisions of Section 9(e), within 30 days following the Change of Control Date, the Corporation shall send, by first class mail, postage prepaid, a notice to each holder of Series A Preferred Stock at such holder's address as it appears on the stock books of the Corporation, which notice shall govern the terms of the Change of Control Offer. The notice to the holders shall contain all instructions and materials necessary to enable such holders to tender their shares of Series A Preferred Stock pursuant to the Change of Control Offer. Such notice shall state:

(i) that a Change of Control has occurred, that the Change of Control Offer is being made pursuant to this Section 9 and that all shares of Series A Preferred Stock validly tendered and not withdrawn will be accepted for payment;

(ii) the purchase price (plus the amount of unpaid dividends, if any) and the purchase date (the 'Change of Control Payment Date') which shall be a date no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the 'Initial Date') or, if any of the Corporation's 15% Senior Secured Discount Notes due 2007 ('Senior Secured Notes') or Senior Obligations remain outstanding, the later of the Initial Date and a date that is not more than 30 days following the date the Corporation sends notice pursuant to Section 9(e) that it has satisfied all of the Senior Obligations;

(iii) that any shares of Series A Preferred Stock not tendered will remain outstanding on the same terms and will continue to accrue dividends;

(iv) that, unless the Corporation defaults in making payment therefor, any share of Series A Preferred Stock tendered and accepted for payment pursuant to the Change of Control Offer shall cease to accrue dividends after the Change of Control Payment Date;

(v) that holders electing to have any shares of Series A Preferred Stock purchased pursuant to a Change of Control Offer will be required to surrender the certificate or certificates representing such shares, properly endorsed for transfer together with such customary documents as the Corporation and the transfer agent may reasonably require, in the manner and at the place

specified in the notice prior to the close of business on the business day prior to the Change of Control Payment Date;

(vi) that holders shall be entitled to withdraw their election if the Corporation receives, not later than five business days prior to the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the holder, the number of shares of Series A Preferred Stock the holder delivered for purchase and a statement that such holder is withdrawing his election to have such shares of Series A Preferred Stock purchased;

(vii) that holders whose shares of Series A Preferred Stock are purchased only in part will be issued a new certificate representing the unpurchased shares of Series A Preferred Stock; and

(viii) the circumstances and relevant facts regarding such Change of Control.

(c) The Corporation shall comply with any securities laws and regulations, to the extent such laws and regulations are applicable to the repurchase of the Series A Preferred Stock in connection with a Change of Control Offer.

(d) On the Change of Control Payment Date, the Corporation shall (x) accept for payment the shares of Series A Preferred Stock validly tendered pursuant to the Change of Control Offer, (y) pay to the holders of shares so accepted the purchase price therefor (plus the amount of unpaid dividends, if any) and (z) cancel and retire each surrendered certificate (subject to issuing a new certificate representing the unpurchased shares of Series A Preferred Stock). Unless the Corporation defaults in the payment for the shares of Series A Preferred Stock tendered pursuant to the Change of Control Offer, dividends shall cease to accrue with respect to the shares of Series A Preferred Stock tendered and all rights of holders of such tendered shares shall terminate, except for the right to receive payment therefor, on the Change of Control Payment Date.

(e) If the purchase of Series A Preferred Stock under this Section 9 would violate or constitute a default under (i) the Senior Secured Notes or the indenture relating thereto (the 'Indenture'), or (ii) the indenture or indentures or other agreement or agreements under which there may be issued or outstanding from time to time other indebtedness of the Company ('Other Agreements') in an aggregate principal amount not exceeding \$450 million (less the amount, if any, of indebtedness issued to replace, refinance or refund the Senior Secured Notes) because the Corporation has not satisfied all of its obligations under such Other Agreements arising from the Change of Control (collectively, 'Senior Obligations'), then, notwithstanding anything to the contrary contained above, prior to complying with the foregoing provisions, the Corporation shall use its best efforts to satisfy the Senior Obligations as promptly as possible or to obtain the requisite consents under the Indenture and the Other Agreements necessary to permit the repurchase of the Series A Preferred Stock required by this Section 9. Until the requirements of the immediately preceding sentence are satisfied, the Corporation shall not be obligated to make any Change of Control Offer. Within 15 days following the date the Corporation has satisfied all of the Senior Obligations or obtained such requisite consents or waivers, the Corporation shall send, by first class mail, postage prepaid, a notice to each holder of Series A Preferred Stock at such holder's address as it appears on the stock books of the Corporation that the Corporation has satisfied all of the Senior Obligations or obtained such requisite consents or waivers, and such notice shall state the date the Senior Obligations were satisfied or waived and the Change of Control Payment Date.

(f) For the purposes of this Section 9, 'Change of Control' means the occurrence of any of the following events: (i) any 'person' or 'group' (as such terms are used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934 (the 'Exchange Act')) is or becomes the 'beneficial owner' (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a person shall be deemed to have 'beneficial ownership' of all securities that such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 40% of the total outstanding Voting Stock of the Corporation; (ii) the Corporation consolidates with or merges with or into another person or conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any person, or any person consolidates with or merges with or into the Corporation, in any such event, pursuant to a transaction in which the outstanding voting stock of the Corporation is converted into or exchanged for cash, securities or other property, other than, at all times when the

Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture; (iii) during any consecutive two-year period, individuals who at the beginning of such period constituted the Board of Directors of the Corporation (together with any new directors whose election to such Board of Directors, or whose nomination for election by the stockholders of the Corporation, was approved by a vote of 66 2/3% of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors of the Corporation then in office; or (iv) the Corporation is liquidated or dissolved or a special resolution is passed by the stockholders of the Corporation approving the plan of liquidation or dissolution, other than, at all times when the Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture; provided, however, that no transaction or event shall be deemed to be a 'Change of Control' for purposes of this Section 9 if (1) all of the outstanding shares of Common Stock are to be converted pursuant thereto solely into the right to receive, for each share of Common Stock so converted, cash and/or shares of Qualifying Acquiror Common Stock (as defined below) (valued at its Current Market Price) together having a value in excess of \$30.30, (2) the Corporation shall have declared and paid all dividends on the Series A Preferred Stock and Series B Preferred Stock, whether or not theretofore declared or undeclared, to the date of the Change of Control and the holders thereof shall have been given reasonable opportunity to convert, prior to such Change of Control, any shares of Series A Preferred Stock or Series B Preferred Stock so issued as a dividend, and (3) immediately following such event the number of shares of Qualifying Acquiror Common Stock into which shares of Series A Preferred Stock and Series B Preferred Stock shall have been converted (together with, if shares of Series A Preferred Stock and/or Series B Preferred Stock are to remain outstanding, any shares of Qualifying Acquiror Common Stock into which all outstanding Shares of Series A Preferred Stock and Series B Preferred Stock would be convertible) would represent both (A) less than 5% of the total number of shares of Qualifying Acquiror Common Stock outstanding immediately after such event and (B) less than one third of the number of shares of Qualifying Acquiror Common Stock that would be Publicly Traded immediately after such event. For purposes of this Section 9, the term 'Qualifying Acquiror Common Stock' means the common stock of any corporation if listed on or admitted to trading on the NYSE, AMEX or Nasdaq, and the term 'Publicly Traded' means shares of such Qualifying Acquiror Common Stock that are both (1) held by persons who are neither officers, directors or Affiliates of such corporation nor the 'beneficial owner' (as such term is defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended) of 5% or more of the total number of shares then issued and outstanding, and (2) not 'restricted securities' (as such term is defined in Rule 144 of the Securities Act of 1933, as amended).

(g) The Corporation shall not engage in any transaction of the type referred to in clause (ii) of paragraph (f) above (other than one which is not a 'Change of Control' by virtue of application of the proviso to paragraph (f) above) unless (i) if the Corporation shall be the surviving or continuing entity of such transaction, the Corporation shall, after consummation thereof, have sufficient funds to perform its obligations under this Section 9, and (ii) if the Corporation shall not be the surviving or continuing entity of such transaction, proper and adequate provision shall be made, in the definitive documentation providing for such transaction or otherwise, to ensure that the surviving or continuing corporation of such transaction shall expressly assume the Corporation's obligations under this Section 9 and shall have sufficient funds to perform its obligations under this Section 9.

10. Sinking Fund Redemption. The shares of the Series A Preferred Stock are not subject to sinking fund requirements.

11. Exchange. (a) Shares of Series A Preferred Stock shall be exchangeable for Convertible Debt, in whole or in part, out of surplus of the Corporation legally available for such exchange, at any time and from time to time at the option of the Corporation. All accrued and unpaid dividends on the shares of Series A Preferred Stock, including Default Dividends and dividends accrued from the last preceding Dividend Payment Date through the date fixed for such exchange, shall be declared and paid prior to or on the same date as the date of any exchange pursuant to this Section 11. The Corporation shall cause the Convertible Debt to be issued on and dated the date which coincides with the date of exchange of the Series A Preferred Stock.

(b) Any notice of any exchange of the Series A Preferred Stock given by the Corporation shall be mailed to each holder of shares of Series A Preferred Stock to be exchanged at such Holder's address as it appears on the books of the Corporation. Such notice shall set forth the procedures for exchanging certificates representing Series A Preferred Stock for Convertible Debt with a principal amount equal to 100% of the aggregate Liquidation Preference of the shares of Series A Preferred Stock being exchanged. The Corporation shall as promptly as practicable thereafter mail to each such holder a notice setting forth the procedures for exchanging certificates representing Series A Preferred Stock for Convertible Debt. Upon such exchange, the rights of the holders of Series A Preferred Stock to be exchanged as stockholders of the Corporation shall cease, and the person or persons entitled to receive the Convertible Debt issuable upon such exchange shall be treated for all purposes as the registered holder or holders of such Convertible Debt.

(c) The shares of Series A Preferred Stock which have been exchanged shall no longer be deemed to be outstanding and shall be retired and all rights with respect to such shares, including, without limitation, the rights, if any, to receive dividends (and interest thereon) and to receive notices and to vote or consent (except for the right of the holders to receive accrued and unpaid dividends, if any, and Convertible Debt and Common Stock, as provided herein, in exchange therefor) shall forthwith cease.

(d) Upon any exchange of shares of Series A Preferred Stock into Convertible Debt, as provided herein, in accordance with this Section 11, the Corporation will pay any documentary, stamp or similar issue or transfer taxes which may be due with respect to the transfer and exchange of such exchanged shares, if any; provided, however, that if the Convertible Debt into which the shares of Series A Preferred Stock is exchangeable pursuant to this Section 11 is to be issued in the name of any person other than the holder of the shares of Series A Preferred Stock to be so exchanged, the amount of any transfer taxes (whether imposed on the Corporation, the holder or such other person) payable on account of the transfer to such person will be payable by the holder.

(e) Unless otherwise agreed by the Corporation and each holder of shares of Series A Preferred Stock, any shares exchanged at the Corporation's election shall be called for exchange on a pro rata basis from all holders of Series A Preferred Stock. Any exchange for which shares are called for exchange on a pro rata basis (whether or not some of such shares so called are subsequently converted pursuant to Section 11) shall comply with this Section 11. Any fractional share of Series A Preferred Stock which would otherwise be issuable as a result of any exchange of less than all shares held shall be included in the shares exchanged.

(f) The Convertible Debt shall have a maturity date 13 years following the Closing Date; a principal amount as described in Section 11(a) thereof (and a proportionate principal amount for any fractional share exchanged); and shall provide for payment of interest at the rate of 9.2% per annum, payable annually in cash; shall be convertible and redeemable on terms substantially the same as those of the Series A Preferred Stock; in each case, on the terms and conditions set forth in the Convertible Debt Indenture and shall otherwise be on the terms set forth in the Convertible Debt Indenture.

(g) Definitions. (i) 'Convertible Debt' means the 9.2% Convertible Debentures of the Corporation issued pursuant to the Convertible Debt Indenture, as amended, modified, supplemented, restructured, replaced, extended or refinanced from time to time in accordance with the terms hereof and thereof.

(ii) 'Convertible Debt Indenture' means the indenture pursuant to which the Convertible Debt is to be issued, in the form attached as Exhibit D to that certain Stock Purchase Agreement, dated as of November 13, 1998, among the Corporation and the Purchasers prior to the Closing (as defined therein), or, if no such form is agreed upon as of the Closing, in form and substance acceptable to holders of a majority of Series A Preferred Stock immediately prior to the effectiveness of such indenture.

GENERAL CORPORATION LAW OF THE STATE OF DELAWARE**

CD RADIO INC. (the 'Corporation'), a corporation organized and existing under the General Corporation Law of the State of Delaware, does hereby certify that pursuant to the provisions of Section 151 of the General Corporation Law of the State of Delaware, the Board of Directors of the Corporation (the 'Board of Directors'), in a duly convened meeting thereof on November 11, 1998, adopted the following resolution, which resolution remains in full force and effect as of the date hereof:

WHEREAS, the Board of Directors is authorized, within the limitations and restrictions stated in the Certificate of Incorporation of the Corporation, to fix by resolution or resolutions the designation of each series of Preferred Stock of the Corporation (the 'Preferred Stock') and the powers, preferences and relative, participating, optional or other special rights and the qualifications, limitations or restrictions thereof, including, without limiting the generality of the foregoing, such provisions as may be desired concerning voting, redemption, dividends, dissolution or distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolutions of the Board of Directors under the General Corporation Law of the State of Delaware; and

WHEREAS, it is the desire of the Board of Directors of the Corporation, pursuant to its authority as aforesaid, to authorize and fix the terms of a series of Preferred Stock and the number of shares constituting such series;

NOW, THEREFORE, BE IT RESOLVED, that there is hereby authorized such series of Preferred Stock on the terms and with the provisions herein set forth:

1. Number of Shares; Designation. A total of 2,100,000 shares of Preferred Stock of the Corporation are hereby designated as 9.2% Series B Junior Cumulative Convertible Preferred Stock (the 'Series B Preferred Stock').
2. Rank. The Series B Preferred Stock shall, with respect to payment of dividends, redemption payments and rights upon liquidation, dissolution or winding up of the affairs of the Corporation, (x) rank senior and prior to the Common Stock, par value \$.001 per share, of the Corporation (the 'Common Stock') and any other class or series of capital stock of the Corporation that by its terms ranks junior to the Series B Preferred Stock as to payment of dividends, redemption payments and rights upon liquidation, dissolution or winding up of the affairs of the Corporation, (y) rank on a parity with the Corporation's 9.2% Series A Junior Cumulative Convertible Preferred Stock (the 'Series A Preferred Stock') and all Parity Dividend Stock (as defined in Section 3(a)) and all Parity Liquidation Stock (as defined in Section 5(b)), and (z) rank junior to the Corporation's 10 1/2% Series C Convertible Preferred Stock ('Series C Preferred Stock') and all Senior Dividend Stock (as defined in Section 3(c)), all Senior Liquidation Stock (as defined in Section 5(b)) and to any class or series of capital stock of the Corporation (other than the Common Stock), whether currently issued or issued in the future, that does not by its terms expressly provide that it ranks on a parity with or junior to the Series B Preferred Stock as to dividends and rights upon liquidation, dissolution or winding-up of the Corporation (which shall include, for purposes of the foregoing, any entity with which the Corporation may be merged or consolidated or to which all or substantially all the assets of the Corporation may be transferred or which transfers all or substantially all of its assets to the Corporation).
3. Dividends. (a)(1) The holders of the issued and outstanding shares of the Series B Preferred Stock shall be entitled to receive, as and when declared by the Board of Directors, out of funds

legally available therefor in the case of dividends paid in cash, cumulative dividends at the annual rate per share of 9.2% of the sum of (x) the Liquidation Preference (defined in Section 5 hereof) and (y) all unpaid dividends, if any, whether or not declared, from the date of issuance of the shares of Series B Preferred Stock (the 'Closing Date') to the applicable dividend payment date. Dividends on shares of Series B Preferred Stock shall be payable annually initially on November 15, 1999 and each November 15 thereafter (each, a 'Dividend Payment Date'), except that if any Dividend Payment Date is not a business day then the Dividend Payment Date shall be on the first immediately succeeding business day (as used herein, the term 'business day' shall mean any day except a Saturday, Sunday or day on which banking institutions are legally authorized to close in The City of New York).

(2) If any Dividend payable on any Dividend Payment Date is not declared or paid on such Dividend Payment Date, as provided in Section 3(a)(1), in full in cash or in additional shares of Series B Preferred Stock, then the amount of such unpaid dividend ('Default Dividends') shall be accumulated. Any Default Dividends shall, from the Dividend Payment Date on which such dividends accrued, accrue dividends until paid, compounded annually, at a rate equal to 15% per annum. Default Dividends shall be payable in shares of Series B Preferred Stock, but not in cash.

(3) Dividends on the Series B Preferred Stock may be paid, in the sole discretion of the Board of Directors, either in (i) cash, (ii) shares of Series B Preferred Stock or (iii) any combination of cash or shares of Series B Preferred Stock, and the issuance of the requisite number of such shares of Series B Preferred Stock (such number determined as provided in the next sentence) pursuant to (ii) or (iii) shall constitute full payment of any such dividend. Series B Preferred Stock issued to pay dividends shall be valued at their Liquidation Preference. All dividend payments paid with respect to shares of Series B Preferred Stock shall be paid pro rata to the holders entitled thereto. All shares of Series B Preferred Stock issued as a dividend with respect to shares of Series B Preferred Stock shall thereupon be duly authorized, validly issued, fully paid and non-assessable. In no event shall an election by the Board of Directors to pay dividends, in full or in part, in cash or in shares of Series B Preferred Stock in lieu of payment, in full or in part, in cash preclude the Board of Directors from electing any such alternative in respect of all or any portion of any subsequent dividend. The Corporation shall not issue fractional shares of Series B Preferred Stock upon payment of any dividends in shares of Series B Preferred Stock and any amount of fractional shares of Series B Preferred Stock otherwise issuable upon the payment of any dividend in shares of Series B Preferred Stock shall be paid in cash.

(4) Dividends to be paid on a Dividend Payment Date shall be paid to the holders of record of shares of the Series B Preferred Stock as they appear on the stock register of the Corporation at the close of business on such record dates (each, a 'Dividend Payment Record Date'), which shall be not more than 40 days nor fewer than 10 days preceding each Dividend Payment Date thereof, as shall be fixed by the Board of Directors of the Corporation. Default Dividends shall be declared and paid at any time as of which funds legally available therefor are available to the Corporation, without reference to any regular Dividend Payment Date, to the holders of record on such date, not exceeding 40 days nor fewer than 10 days preceding the date on which dividends in arrears will be paid, as may be fixed by the Board of Directors of the Corporation. Holders of shares of the Series B Preferred Stock shall be entitled to receive dividends in preference to and in priority over dividends upon the Common Stock and any other series or class of the Corporation's capital stock that ranks junior as to dividends to the Series B Preferred Stock ('Junior Dividend Stock') and shall be on a parity as to dividends with the Series A Preferred Stock and any series or class of the Corporation's capital stock that does not rank senior or junior as to dividends with the Series B Preferred Stock (together with the Series A Preferred Stock, 'Parity Dividend Stock'). The holders of shares of the Series B Preferred Stock shall not be entitled to any dividends in excess of full cumulative dividends (including Default Dividends), as herein provided.

(b) No dividends, other than dividends payable solely in Common Stock, Junior Dividend Stock, or warrants or other rights to acquire such Common Stock or Junior Dividend Stock, shall be paid or declared and set apart for payment on, and no purchase, redemption or other acquisition shall be made by the Corporation or entity directly or indirectly controlled by the Corporation of,

any Common Stock or Junior Dividend Stock unless and until (i) all accrued and unpaid dividends on the Series B Preferred Stock shall have been paid and (ii) proper provision shall have been made such that holders of shares of Series B Preferred Stock are offered the opportunity to elect (each, a 'Payout Election'), in lieu of the Conversion Price adjustment referred to in Section 6(f)(ii), Section 6(f)(iii) or Section 6(f)(iv), as the case may be, to participate in such dividend, purchase, redemption or other acquisition pro rata with the holders of Common Stock or Junior Dividend Stock, as the case may be, as if each share of Series B Preferred Stock had been converted as of the record date for such dividend or immediately prior to such purchase, redemption or other acquisition, as the case may be, at the Conversion Price then in effect (without any requirement that any such shares of Series B Preferred Stock actually be so converted). Each Payout Election shall be made upon the affirmative vote or consent of holders of a majority of the total number of shares of Series B Preferred Stock then outstanding and shall be effective as to and binding upon all such shares. So long as a sufficient amount of cash, assets, evidences of indebtedness or securities are set aside for payment to the holders of Series B Preferred Stock as of the payment date for such dividend or the date for such purchase, redemption or acquisition, payment need not be made to the holders of Series B Preferred Stock on such date but may be made at any time up to the tenth Business Day following such date.

(c) If at any time the Corporation issues any class or series of capital stock ranking senior and prior to the Series B Preferred Stock with respect to the payment of dividends ('Senior Dividend Stock') and fails to pay or declare and set apart for payment accrued and unpaid dividends on such Senior Dividend Stock, in whole or in part, then (except to the extent allowed by the terms of the Senior Dividend Stock) no dividend paid in cash shall be paid or declared and set apart for payment on the Series B Preferred Stock unless and until all accrued and unpaid dividends with respect to the Senior Dividend Stock shall have been paid or declared and set apart for payment, without interest. Except as provided in Section 3(d) below, no dividends paid in cash shall be paid or declared and set apart for payment on any Parity Dividend Stock for any period unless the Corporation has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for payment, on the Series B Preferred Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends. Except as provided in Section 3(d) below, no dividends paid in cash shall be paid or declared and set apart for payment on the Series B Preferred Stock for any period unless the Corporation has paid or declared and set apart for payment, or contemporaneously pays or declares and sets apart for such payment, on any Parity Dividend Stock all accrued and unpaid dividends for all dividend payment periods terminating on or prior to the date of payment of such dividends.

(d) If at any time the Corporation has failed to pay accrued dividends on any shares of Series B Preferred Stock on any Dividend Payment Date or any Parity Dividend Stock on a stated payment date, as the case may be, the Corporation shall not:

(i) purchase any shares of the Series B Preferred Stock or Parity Dividend Stock (except for a consideration payable in Common Stock or Junior Dividend Stock) or redeem fewer than all of the shares of the Series B Preferred Stock and Parity Dividend Stock then outstanding except for (x) the repurchase or redemption of shares of the Series B Preferred Stock made pro rata among the holders of the shares of the Series B Preferred Stock then outstanding and (y) the repurchase or redemption made pro rata with respect to all shares of the Series B Preferred Stock and Parity Dividend Stock then outstanding so that the amounts repurchased or redeemed shall in all cases bear to each other the same ratio that, at the time of the repurchase or redemption, the required redemption payments on the shares of the Series B Preferred Stock and the other Parity Dividend Stock then outstanding, respectively, bear to each other, or

(ii) permit any corporation or other entity directly or indirectly controlled by the Corporation to purchase any Common Stock, Junior Dividend Stock, shares of the Series B Preferred Stock or Parity Dividend Stock, except to the same extent that the Corporation could purchase such shares.

Unless and until all dividends unpaid in respect of prior dividend payment periods on shares of the Series B Preferred Stock and any Parity Dividend Stock at the time outstanding have been paid in full or a sum sufficient for such payment is declared and set apart, as provided in the paragraph (c), all dividends accrued by the Corporation upon shares of the Series B Preferred Stock or Parity Dividend Stock shall be declared pro rata with respect to all shares of the Series B Preferred Stock and Parity Dividend Stock then outstanding, so that the amounts of any dividends declared on shares of the Series B Preferred Stock and on the Parity Dividend Stock shall in all cases bear to each other the same ratio that, at the time of the declaration, all unpaid dividends in respect of prior dividend payment periods on shares of the Series B Preferred Stock and the other Parity Dividend Stock, respectively, bear to each other.

4. Redemption. (a)(1) Optional Redemption. Except as provided in subsection (a)(2) of this Section 4 or in Section 9, shares of the Series B Preferred Stock shall not be redeemable prior to November 15, 2003. From and after November 15, 2003, subject to the restrictions in Section 3 above, the Corporation may redeem shares of Series B Preferred Stock, in whole or in part, at the option of the Corporation, to the extent it has funds legally available therefor at a redemption price of 100% of the Liquidation Preference thereof plus accrued and unpaid dividends, if any, whether or not declared, to the date of redemption.

(2) Special Redemption. From and after November 15, 2001 and prior to November 15, 2003, the Corporation, at its option, may redeem shares of Series B Preferred Stock, in whole or in part, in the sole discretion of the Board of Directors, to the extent it has funds legally available therefor, at the redemption price of 100% of the Liquidation Preference thereof, plus an amount equal to the dividends unpaid thereon, if any, whether or not declared, to the redemption date, if the Current Market Price of the Common Stock on the date of the notice of redemption (described below) equals or exceeds \$60.00 per share. As used herein, the 'Current Market Price' for a given date shall mean the average Closing Price of the Common Stock as reported in The Wall Street Journal or, at the election of the Corporation, other reputable financial news source, for the 20 consecutive trading days immediately preceding such date. The \$60.00 per share benchmark shall be subject to adjustment upon the occurrence of certain events in the same manner as the Conversion Price (defined herein) shall be subject to adjustment as set forth in Section 6(f) hereof. For purposes of this paragraph, the Current Market Price shall be deemed to be less than \$60 per share at any time during which the Common Stock is not listed, quoted or admitted to trading on either the New York Stock Exchange, Inc. (the 'NYSE'), the American Stock Exchange ('AMEX') or The Nasdaq Stock Market, Inc.'s National Market ('Nasdaq'). As used herein, the 'Closing Price' of any security on any day means the last reported sale price regular way on such day or, in the case no such sale takes place on such day, the average of the reported closing bid and asked prices regular way of the Common Stock, in each case on the NYSE or, if not listed or admitted to trading on such exchange, as quoted on AMEX or Nasdaq.

(3) Mandatory Redemption. On November 15, 2011, the Corporation shall redeem all outstanding shares of Series A Preferred Stock, to the extent it has funds legally available therefor, at the redemption price of 100% of the Liquidation Preference thereof, plus an amount equal to the dividends unpaid thereon, if any, whether or not declared, to the redemption date.

(4) Payment of Redemption Price. (a) The amount of the redemption price on any shares of Series B Preferred Stock redeemed, on any redemption set forth herein, that is allocable to the Liquidation Preference thereon shall be paid in cash (to the extent funds are legally available therefor) and any unpaid dividends to be paid on the shares of Series B Preferred Stock redeemed on such redemption date may be paid in cash (to the extent funds are legally available therefor) or shares of Series B Preferred Stock, or any combination thereof, in the sole discretion of the Board of Directors as provided in Section 3(a)(3) hereof.

(b) Not less than 15 days nor more than 45 days (such date as fixed by the Board of Directors of the Corporation is referred to herein as the 'Redemption Record Date') prior to the date fixed for any redemption of shares of the Series B Preferred Stock pursuant to this Section 4, a notice specifying the time and place of the redemption and the number of shares to be redeemed shall be given by first class mail, postage prepaid, to the holders of record on the Redemption Record Date

of the shares of the Series B Preferred Stock to be redeemed at their respective addresses as the same shall appear on the books of the Corporation, calling upon each holder of record to surrender to the Corporation on the redemption date at the place designated in the notice such holder's certificate or certificates representing the number of shares specified in the notice of redemption. Neither failure to mail such notice, nor any defect therein or in the mailing thereof, to any particular holder shall affect the sufficiency of the notice or the validity of the proceedings for redemption with respect to the other holders. Any notice mailed in the manner herein provided shall be conclusively presumed to have been duly given whether or not the holder receives the notice. On or after the redemption date, each holder of shares of Series B Preferred Stock to be redeemed shall present and surrender such holder's certificate or certificates for such shares to the Corporation at the place designated in the redemption notice and thereupon the redemption price of the shares, and any unpaid dividends thereon to the redemption date, shall be paid to or on the order of the person whose name appears on such certificate or certificates as the owner thereof, and each surrendered certificate shall be canceled. In case fewer than all the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares.

(c) If a notice of redemption has been given pursuant to this Section 4 and if, on or before the redemption date, the funds (or shares of Series B Preferred Stock if any dividends are to be paid in shares of Series B Preferred Stock), necessary for such redemption (including all dividends on the shares of Series B Preferred Stock to be redeemed that will accrue to the redemption date) shall have been set aside by the Corporation, separate and apart from its other funds (or reserved and authorized for issuance if any dividends are to be paid in shares of Series B Preferred Stock), in trust for the pro rata benefit of the holders of the shares of Series B Preferred Stock so called for redemption, then, notwithstanding that any certificates for such shares of Series B Preferred Stock have not been surrendered for cancellation, on the redemption date dividends shall cease to accrue on the shares of the Series B Preferred Stock to be redeemed, and at the close of business on the date on which such funds have been segregated and set aside by the Corporation as provided in this Section

4(c), the holders of such shares shall cease to be stockholders with respect to those shares, shall have no interest in or claims against the Corporation by virtue thereof and shall have no voting or other rights with respect thereto, except the conversion rights provided in subsection (d) of this Section 4 and Section 6 below and the right to receive the moneys payable (or shares of Series B Preferred Stock issued if any dividends are to be paid in shares of Series B Preferred Stock) upon such redemption, without interest thereon, upon surrender (and endorsement, if required by the Corporation) of their certificates, and the shares of Series B Preferred Stock evidenced thereby shall no longer be outstanding. Subject to applicable escheat laws, any moneys so set aside (or shares of Series B Preferred Stock authorized and reserved if any dividends are to be paid in shares of Series B Preferred Stock) by the Corporation and unclaimed at the end of two years from the redemption date shall revert to the general funds of the Corporation (or be released from the reservation thereof in the case of shares of Series B Preferred Stock), after which reversion the holders of such shares so called for redemption shall look only to the general funds of the Corporation for the payment of the redemption price, without interest. Any interest accrued on funds so deposited shall belong to the Corporation and be paid thereto from time to time.

(d) If a notice of redemption has been given pursuant to this Section 4 and any holder of shares of Series B Preferred Stock shall, prior to the close of business on the business day immediately preceding the redemption date, give written notice to the Corporation pursuant to Section 6 below of the conversion of any or all of the shares to be redeemed held by the holder (accompanied by a certificate or certificates for such shares, duly endorsed or assigned to the Corporation, and any necessary transfer tax payment, as required by Section 6 below), then such redemption shall not become effective as to such shares to be converted and such conversion shall become effective as provided in Section 6 below, whereupon any funds deposited by the Corporation for the redemption of such shares shall (subject to any right of the holder of such shares to receive the dividend payable thereon as provided in Section 6 below) immediately upon such conversion be returned to the Corporation or, if then held in trust by the Corporation, shall automatically and without further corporate action or notice be discharged from the trust.

(e) In every case of redemption of fewer than all of the outstanding shares of the Series B Preferred Stock pursuant to this Section 4, the shares to be redeemed shall be selected pro rata, provided that only whole shares shall be selected for redemption.

5. Liquidation. (a) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of the Series B Preferred Stock shall be entitled to receive \$100.00 per share (the 'Liquidation Preference'), plus an amount equal to the accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date.

(b) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of shares of Series B Preferred Stock (i) shall not be entitled to receive the Liquidation Preference of the shares held by them until payment in full or provision has been made for the payment of all claims of creditors of the Corporation and the liquidation preference of any class or series of capital stock ranking senior to the Series B Preferred Stock with respect to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Senior Liquidation Stock' and together with the Senior Dividend Stock, the 'Senior Stock'), plus accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date, shall have been paid in full and (ii) shall be entitled to receive the Liquidation Preference of such shares held by them, plus accrued and unpaid dividends thereon, if any, whether or not declared, to the payment date, in preference to and in priority over any distributions upon the Common Stock and any other series or class of the Corporation's capital stock that ranks junior to the Series B Preferred Stock as to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Junior Liquidation Stock' and together with the Junior Dividend Stock, the 'Junior Stock'). Upon payment in full of the Liquidation Preference to which the holders of shares of the Series B Preferred Stock are entitled, the holders of shares of the Series B Preferred Stock shall not be entitled to any further participation in any distribution of assets by the Corporation. Subject to clause (i) above, if the assets of the Corporation are not sufficient to pay in full the Liquidation Preference payable to the holders of shares of the Series B Preferred Stock and the liquidation preference payable to the holders of any series or class of the Corporation's capital stock, outstanding on the date hereof or hereafter issued, that ranks on a parity with the Series B Preferred Stock as to redemption rights and rights upon liquidation, dissolution or winding up of the affairs of the Corporation ('Parity Liquidation Stock' and together with the Parity Dividend Stock, the 'Parity Stock'), the holders of all such shares shall share ratably in proportion to the full respective preferential amounts payable on such shares in any distribution.

(c) For the purposes of this Section 5, neither the sale of all or substantially all of the assets of the Corporation nor the consolidation or merger of the Corporation with or into any other entity shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, unless such sale, consolidation or merger shall be in connection with a plan of liquidation, dissolution or winding up of the Corporation.

6. Optional Conversion. (a) Holders of shares of Series B Preferred Stock may, at any time, convert shares of Series B Preferred Stock, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the Liquidation Preference (without unpaid dividends) by \$30.00, subject to adjustment as described below in Section 6(f) (the 'Conversion Price'). If more than one share of Series B Preferred Stock shall be surrendered for conversion at one time by the same record holder, the number of full shares of Common Stock issuable upon conversion thereof shall be computed on the basis of the aggregate number of shares of Series B Preferred Stock so surrendered. In the case of shares of Series B Preferred Stock called for redemption, conversion rights shall expire at the close of business on the business day immediately preceding the redemption date. The holders of shares of Series B Preferred Stock that convert such shares into shares of Common Stock shall be entitled to receive any unpaid dividends thereon, if any, whether or not declared, and such dividends shall be payable in cash or shares of Common Stock, or any combination thereof, in the sole discretion of the Board of Directors.

(b) Any holder of shares of Series B Preferred Stock electing to convert the shares or any portion thereof in accordance with Section 6(a) above shall give written notice to the Corporation

(which notice may be given by facsimile transmission) that such holder elects to convert the same and shall state therein the number of shares of Series B Preferred Stock to be converted and the name or names in which such holder wishes the certificate or certificates for shares of Common Stock to be issued. Promptly thereafter, the holder shall surrender the certificate or certificates of shares of Series B Preferred Stock to be converted, duly endorsed, at the office of the Corporation or any transfer agent for such shares, or at such other place designated by the Corporation, provided that the Corporation shall at all times maintain an office or agency in The City of New York for such purposes. The Corporation shall, immediately upon receipt of such notice, issue and deliver to or upon the order of such holder, against delivery of the certificates representing the shares of Series B Preferred Stock that have been converted, a certificate or certificates for the number of shares of Common Stock to which such holder shall be entitled (in the number(s) and denomination(s) designated by such holder), and the Corporation shall deliver to such holder a certificate or certificates for the number of shares of Series B Preferred Stock that such holder has not elected to convert. The conversion right with respect to any shares of Series B Preferred Stock shall be deemed to have been exercised at the date upon which the certificates therefor (and the payment required by Section 6(d), if applicable), shall have been so delivered, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock upon that date.

(c) No fractional shares of Common Stock shall be issued upon conversion of shares of Series B Preferred Stock. Instead of any fractional share of Common Stock otherwise issuable upon conversion of any shares of Series B Preferred Stock, the Corporation shall pay a cash adjustment in respect of such fraction in an amount equal to the same fraction of the Closing Price of the Common Stock at the close of business on the day of conversion. In the absence of a Closing Price, the Board of Directors shall in good faith determine the current market price on such basis as it reasonably considers appropriate and such current market price shall be used to calculate the cash adjustment; provided that in no case shall the Closing Price be less than the Conversion Price then in effect.

(d) If a holder converts shares of Series B Preferred Stock, the Corporation shall pay any documentary, stamp or similar issue or transfer tax due on the issue of Common Stock upon the conversion or due upon the issuance of a new certificate or certificates for any shares of Series B Preferred Stock not converted. The holder, however, shall pay any such tax that is due because any such shares of the Common Stock or of the Series B Preferred Stock are issued in a name other than the name of the holder.

(e) The Corporation shall reserve out of its authorized but unissued Common Stock held in treasury enough shares of Common Stock to permit the conversion of all of the then-outstanding shares of Series B Preferred Stock. For the purposes of this Section 6(e), the full number of shares of Common Stock then issuable upon the conversion of all then-outstanding shares of Series B Preferred Stock shall be computed as if at the time of computation all outstanding shares of Series B Preferred Stock were held by a single holder. The Corporation shall from time to time, in accordance with the laws of the State of Delaware and its certificate of incorporation, increase the authorized amount of its Common Stock if at any time the authorized amount of its Common Stock remaining unissued shall not be sufficient to permit the conversion of all shares of Series B Preferred Stock at the time outstanding. All shares of Common Stock issued upon conversion of the shares of Series B Preferred Stock shall be validly issued, fully paid and nonassessable.

(f) The Conversion Price shall be subject to adjustment as follows:

(i) In case the Corporation shall (A) pay a dividend on any class of its capital stock in shares of its Common Stock, (B) subdivide its outstanding shares of Common Stock into a greater number of shares or (C) combine its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior thereto shall be adjusted (as provided below) so that the holders of any shares of Series B Preferred Stock thereafter surrendered for conversion shall be entitled to receive the number of shares of Common Stock which such holder would have owned or have been entitled to receive immediately following such action had such shares of Series B Preferred Stock been converted

immediately prior to such time. The Conversion Price as adjusted shall be determined by multiplying the Conversion Price at which the shares of Series B Preferred Stock were theretofore convertible by a fraction of which the denominator shall be the number of shares of Common Stock outstanding immediately following such action and of which the numerator shall be the number of shares of Common Stock outstanding immediately prior thereto. Such adjustment shall be made whenever any event listed above shall occur and shall become effective retroactively immediately after the record date in the case of a dividend and immediately after the effective date in the case of a subdivision or combination.

(ii) In case the Corporation shall issue rights or warrants to any Person (including holders of its Common Stock) entitling such Person or Persons to subscribe for or purchase shares of Common Stock at a price per share less than the Current Market Price per share of Common Stock at the record date therefor, or in case the Corporation shall issue to any Person (including holders of its Common Stock) other securities convertible into or exchangeable for Common Stock for a consideration per share of Common Stock deliverable upon conversion or exchange thereof less than the Current Market Price at the record date therefore, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series B Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance of the convertible or exchangeable securities, rights or warrants and (2) the number of additional shares of Common Stock offered for subscription or purchase, or issuable upon such conversion or exchange, and (y) the numerator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance of such convertible or exchangeable securities, rights or warrants and (2) the number of additional shares of Common Stock which the aggregate offering price of the number of shares of Common Stock so offered would purchase at the Current Market Price per share of Common Stock. Such adjustment shall be made whenever such convertible or exchangeable securities, rights or warrants are issued, and shall become effective immediately after the record date for the determination of stockholders entitled to receive such securities. However, upon the expiration of any right or warrant to purchase Common Stock, the issuance of which resulted in an adjustment in the Conversion Price pursuant to this Section 6(f)(ii), if any such right or warrant shall expire and shall not have been exercised, the Conversion Price shall be recomputed immediately upon such expiration and effective immediately upon such expiration shall be increased to the price it would have been (but reflecting any other adjustments to the Conversion Price made pursuant to the provisions of this Section 6(f) after the issuance of such rights or warrants) had the adjustment of the Conversion Price made upon the issuance of such rights or warrants been made on the basis of offering for subscription or purchase only that number of shares of Common Stock actually purchased upon the exercise of such rights or warrants. No further adjustment shall be made upon exercise of any right, warrant, convertible security or exchangeable security if any adjustment shall have been made upon issuance of such security. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (ii) with respect to any particular dividend or other event with respect to which a Payout Election is made.

(iii) In case the Corporation shall pay a dividend to all holders of its Common Stock (including any dividend paid in connection with a consolidation or merger in which the Corporation is the continuing corporation) of any shares of capital stock of the Corporation or its subsidiaries (other than Common Stock) or evidences of its indebtedness or assets or cash (excluding dividends or distributions in connection with the liquidation, dissolution or winding up of the Corporation) or rights or warrants to subscribe for or purchase any of its securities or those of its subsidiaries or securities convertible or exchangeable for Common Stock (excluding those securities referred to in Section 6(f)(ii) above), then in each such case the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price thereafter shall be equal to the price determined by multiplying (A) the Conversion Price in effect on the record date mentioned below by (B) a fraction, the

numerator of which shall be the Current Market Price per share of Common Stock on the record date mentioned below less the then fair market value (as determined by the Board of Directors, whose good faith determination shall be conclusive) as of such record date of the cash, assets, evidences of indebtedness or securities so paid with respect to one share of Common Stock, and the denominator of which shall be the Current Market Price per share of Common Stock on such record date; provided, however, that in the event the then fair market value (as so determined) so paid with respect to one share of Common Stock is equal to or greater than the Current Market Price per share of Common Stock on the record date mentioned above, in lieu of the foregoing adjustment, adequate provision shall be made so that each holder of shares of the Series B Preferred Stock shall have the right to receive the amount and kind of assets, evidences of indebtedness, or securities such holder would have received had such holder converted each such share of Series B Preferred Stock immediately prior to the record date for such dividend. Such adjustment shall be made whenever any such payment is made, and shall become effective retroactively immediately after the record date for the determination of stockholders entitled to receive the payment. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (iii) with respect to any particular dividend or other event with respect to which a Payout Election is made.

(iv) In case the Corporation shall purchase, redeem or otherwise acquire any shares of Common Stock at a price per share greater than the Current Market Price per share of Common Stock on the date of such event, or in case the Corporation shall purchase, redeem or otherwise acquire other securities convertible into or exchangeable for Common Stock for a consideration per share of Common Stock into which such security is convertible or exchangeable greater than the per share Current Market Price on the date of such event, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series A Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the Current Market Price per share on the date of such event, and (y) the numerator shall be the Current Market Price per share on the date of such event less the difference between (1) the consideration paid by the Corporation per share of Common Stock (or, in the case of securities convertible into or exchangeable for Common Stock, the consideration per share of Common Stock into which such security is convertible or exchangeable) purchased, redeemed or acquired in such event and (2) the Current Market Price per share on the date of such event. Such adjustment shall be made whenever such Common Stock is issued or sold, and shall become effective immediately after the issuance or sale of such securities. The foregoing notwithstanding, no adjustment shall be made pursuant to this subparagraph (iv) with respect to any particular purchase, redemption or acquisition with respect to which a Payout Election is made.

(v) In case the Corporation shall issue or sell any shares of Common Stock at a price per share more than 15% below (or, in the case of any issuance or sale to an affiliate (as defined in the rules of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended) of the Corporation, any amount below) the Current Market Price per share of Common Stock on the date the Corporation commits or agrees to such sale or issuance, then the Conversion Price in effect immediately prior thereto shall be adjusted as provided below so that the Conversion Price therefor shall be equal to the price determined by multiplying (A) the Conversion Price at which shares of Series A Preferred Stock were theretofore convertible by (B) a fraction of which (x) the denominator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance or sale of such shares of Common Stock and (2) the number of additional shares of Common Stock offered for sale or subject to issuance, and (y) the numerator shall be the sum of (1) the number of shares of Common Stock outstanding on the date of issuance or sale of such shares of Common Stock and (2) the number of additional shares of Common Stock which the aggregate offering price of the number of shares of Common Stock so offered or issued would purchase at the Current Market Price per share of Common Stock. Such adjustment shall be made whenever such Common Stock is issued or sold, and shall become effective immediately

after the issuance or sale of such securities; provided, however, that the provisions of this subparagraph shall not apply to (1) shares of Common Stock issued upon conversion of shares of Series A Preferred Stock or Series B Preferred Stock, or (2) shares of Common Stock issued upon conversion, exercise or exchange of any security with respect to which an adjustment to the Conversion Price was made in accordance with clause (ii) above at the time of issuance of such security, or (3) shares of Common Stock issued in a bona fide public offering to or through a nationally recognized investment banking firm in which affiliates (as defined in the rules of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended) of the Corporation purchase less than 25% of the shares in such offering.

(vi) No adjustment in the Conversion Price shall be required unless the adjustment would require an increase or decrease of at least 1% in the Conversion Price then in effect; provided, however, that any adjustments that by reason of this Section 6(f)(vi) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 6(f) shall be made to the nearest cent.

(vii) In the event that, at any time as a result of an adjustment made pursuant to Section 6(f)(i) through 6(f)(vi) above, the holder of any share of Series B Preferred Stock thereafter surrendered for conversion shall become entitled to receive any shares of the Corporation other than shares of the Common Stock, thereafter the number of such other shares so receivable upon conversion of any share of Series B Preferred Stock shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Common Stock contained in Section 6(f)(i) through 6(f)(vi) above, and the other provisions of this Section 6 with respect to the Common Stock shall apply on like terms to any such other shares.

(viii) Whenever the Conversion Price is adjusted, as herein provided, the Corporation shall promptly file with the transfer agent for the Series B Preferred Stock, or, if there is no transfer agent, the Corporation shall promptly send to each holder of record by first class mail, postage pre-paid, a certificate of an officer of the Corporation setting forth the Conversion Price after the adjustment and setting forth a brief statement of the facts requiring such adjustment and a computation thereof. The certificate shall be conclusive evidence of the correctness of the adjustment. The Corporation shall promptly cause a notice of the adjusted Conversion Price to be mailed to each registered holder of shares of Series B Preferred Stock.

(ix) In case of any reclassification of the Common Stock, any consolidation of the Corporation with, or merger of the Corporation into, any other entity, any merger of another entity into the Corporation (other than a merger that does not result in any reclassification, conversion, exchange or cancellation of outstanding shares of Common Stock of the Corporation), any sale or transfer of all or substantially all of the assets of the Corporation or any compulsory share exchange pursuant to which share exchange the Common Stock is converted into other securities, cash or other property, then lawful provision shall be made as part of the terms of such transaction whereby the holder of each share of Series B Preferred Stock then outstanding shall have the right thereafter, during the period such share of Series B Preferred Stock shall be convertible, to convert such share only into the kind and amount of securities, cash and other property receivable upon the reclassification, consolidation, merger, sale, transfer or share exchange by a holder of the number of shares of Common Stock of the Corporation into which a share of Series B Preferred Stock would have been convertible immediately prior to the reclassification, consolidation, merger, sale, transfer or share exchange. The Corporation, the person formed by the consolidation or resulting from the merger or which acquires such assets or which acquires the Corporation's shares, as the case may be, shall make provisions in its certificate or articles of incorporation or other constituent document to establish such rights and such rights shall be clearly provided for in the definitive transaction documents relating to such transaction. The certificate or articles of incorporation or other constituent document shall provide for adjustments, which, for events subsequent to the effective date of the certificate or articles of incorporation or other constituent document,

shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The provisions of this Section 6(f)(ix) shall similarly apply to successive reclassifications, consolidations, mergers, sales, transfers or share exchanges.

(g) The Corporation from time to time may reduce the Conversion Price by any amount for any period of time if the period is at least 20 days and if the reduction is irrevocable during the period. Whenever the Conversion Price is so reduced, the Corporation shall mail to holders of record of the Series B Preferred Stock a notice of the reduction at least 15 days before the date the reduced Conversion Price takes effect, stating the reduced Conversion Price and the period it will be in effect. A voluntary reduction of the Conversion Price does not change or adjust the Conversion Price otherwise in effect for purposes of paragraph 6(f) above.

7. Status of Shares. All shares of the Series B Preferred Stock that are at any time redeemed pursuant to Section 4 above or converted or exchanged pursuant to Section 6 above and all shares of the Series B Preferred Stock that are otherwise reacquired by the Corporation and subsequently canceled by the Board of Directors of the Corporation shall have the status of authorized but unissued shares of Preferred Stock, without designation as to series, subject to reissuance by the Board of Directors of the Corporation as shares of any one or more other series.

8. Voting Rights. Except as set forth below or otherwise required by law, holders of shares of the Series B Preferred Stock shall have no voting rights.

(a) So long as any shares of the Series B Preferred Stock are outstanding, each share of Series B Preferred Stock shall entitle the holder thereof to notice of and to vote, in person or by proxy, at any special or annual meeting of stockholders, on all matters entitled to be voted on by holders of Common Stock and any other series or class of Voting Stock voting together as a single class with all other shares entitled to vote thereon. With respect to any such vote, each share of Series B Preferred Stock shall entitle the holder thereof to cast that number of votes per share as is equal to the number of votes that such holder would be entitled to cast had such holder converted its shares of Series B Preferred Stock into shares of Common Stock as of the record date for determining the stockholders of the Corporation eligible to vote on any such matters.

(b) So long as any shares of the Series B Preferred Stock are outstanding, in addition to any vote or consent of stockholders required by law or by the Corporation's Certificate of Incorporation, the affirmative vote or consent of the holders of at least a majority of the shares of Series B Preferred Stock at any time issued and outstanding, acting as a single class, given in person or by proxy at any meeting called for such purpose, shall be necessary for effecting or validating

(i) any reclassification of the Series B Preferred Stock or any amendment, alteration or repeal (including as a result of a merger or consolidation involving the Corporation or otherwise by operation of law) of any of the provisions of the Certificate of Incorporation or By-laws of the Corporation which adversely affects the voting powers, rights or preferences of the holders of the shares of Series B Preferred Stock; provided that the consent of the holders of at least a majority of the shares of Series B Preferred Stock and Series A Preferred Stock at the time issued and outstanding, acting as a single class, given in person or by proxy by vote at any meeting called for such purpose, shall be necessary for effecting or validating any reclassification or any amendment, alteration or repeal of any of the provisions of the Corporation's Certificate of Incorporation or By-laws of the Corporation which affects adversely the voting powers, rights or preferences of the holders of the shares of Series B Preferred Stock and Series A Preferred Stock; and provided, further, that any amendment of the provisions of the Corporation's Certificate of Incorporation so as to authorize or create, or to increase the authorized amount of, the Junior Stock shall not be deemed to affect adversely the voting powers, rights or preferences of the holders of shares of Series B Preferred Stock or Series A Preferred Stock;

(ii) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of Senior Stock or any security convertible into shares of any class or series of Senior Stock;

(iii) the authorization or creation of, or the increase in the authorized amount of, or the issuance of any shares of any class or series of Parity Stock or any security convertible into shares

of any class or series of Parity Stock such that the aggregate liquidation preference of all outstanding shares of Parity Stock (other than (x) shares of Series B Preferred Stock or Series A Preferred Stock issued pursuant to the Stock Purchase Agreement, dated as of November 13, 1998, by and among Apollo Investment Fund IV, L.P., Apollo Overseas Partners IV, L.P. and the Corporation (the 'Stock Purchase Agreement') and (y) any shares of Series B Preferred Stock or Series A Preferred Stock issued as a dividend in respect of shares referred to in clause (x) or in respect of shares referred to in this clause (y)) would exceed the sum of (1) \$135,000,000 and (2) the aggregate liquidation preference of the shares of Series B Preferred Stock issued at the Option Closing (as such term is defined in the Stock Purchase Agreement), if any;

(iv) the merger or consolidation of the Corporation with or into any other entity, unless the resulting corporation will thereafter have no class or series of shares and no other securities either authorized or outstanding ranking prior to, or on a parity with, shares of Series B Preferred Stock in the payment of dividends or the distribution of its assets on liquidation, dissolution or winding up; provided, however, that no such vote or consent of the holders of Series B Preferred Stock shall be required if prior to the time when such merger or consolidation is to take effect, and regardless of whether such merger or consolidation would constitute a Change of Control (as defined in Section 9), a Change of Control Offer (as defined in Section 9) is made for all shares of Series B Preferred Stock at the time outstanding in accordance with Section 9; and

(v) the application of any funds, property or assets of the Corporation or any of its subsidiaries to the purchase, redemption, sinking fund or other retirement of any shares of any class of Junior Stock, or the declaration, payment or making of any dividend or distribution (in cash, property or obligations) on any shares of any class of Junior Stock, other than a dividend or dividends payable solely in Common Stock or Junior Stock, unless the holders of Series B Preferred Stock shall have been offered the opportunity to make a Payout Election with respect to such event.

In connection with any right to vote pursuant to Section 8(b), each holder of shares of Series B Preferred Stock shall have one vote for each share held. The above notwithstanding, and subject to Section 8(a), no consent of holders of Series B Preferred Stock or Series A Preferred Stock shall be required for the creation of any indebtedness of any kind of the Corporation.

(c) The term 'Voting Stock' means any class or classes of capital stock, or securities convertible into or exchangeable for any class of capital stock, of the Corporation pursuant to which the holders thereof have the general power under ordinary circumstances to vote with respect to the election of at least a majority of the Board of Directors of the Corporation, irrespective of whether or not, at the time, stock of any other class or classes shall have, or might have, voting power by reason of the happening of any contingency.

9. Change of Control. (a) In the event of a Change of Control (the date of such event being the 'Change of Control Date'), the Corporation shall notify the holders of the Series B Preferred Stock in writing of such event promptly upon the Corporation becoming aware that a Change of Control is expected to occur or has occurred and shall, pursuant to Section 9(b), make an offer to purchase (the 'Change of Control Offer') all of the then outstanding shares of Series B Preferred Stock at a purchase price of 101% of the Liquidation Preference thereof, payable in cash, plus any unpaid dividends thereon, if any, whether or not declared, to the date such shares are purchased, payable in cash.

(b) Subject to the provisions of Section 9(e), within 30 days following the Change of Control Date, the Corporation shall send, by first class mail, postage prepaid, a notice to each holder of Series B Preferred Stock at such holder's address as it appears on the stock books of the Corporation, which notice shall govern the terms of the Change of Control Offer. The notice to the holders shall contain all instructions and materials necessary to enable such holders to tender their shares of Series B Preferred Stock pursuant to the Change of Control Offer. Such notice shall state:

(i) that a Change of Control has occurred, that the Change of Control Offer is being made pursuant to this Section 9 and that all shares of Series B Preferred Stock validly tendered and not withdrawn will be accepted for payment;

(ii) the purchase price (plus the amount of unpaid dividends, if any) and the purchase date (the 'Change of Control Payment Date') which shall be a date no earlier than 30 days nor later than 60

days from the date such notice is mailed, other than as may be required by law (the 'Initial Date') or, if any of the Corporation's 15% Senior Secured Discount Notes due 2007 ('Senior Secured Notes') or Senior Obligations remain outstanding, the later of the Initial Date and a date that is not more than 30 days following the date the Corporation sends notice pursuant to Section 9(e) that it has satisfied all of the Senior Obligations;

(iii) that any shares of Series B Preferred Stock not tendered will remain outstanding on the same terms and will continue to accrue dividends;

(iv) that, unless the Corporation defaults in making payment therefor, any share of Series B Preferred Stock tendered and accepted for payment pursuant to the Change of Control Offer shall cease to accrue dividends after the Change of Control Payment Date;

(v) that holders electing to have any shares of Series B Preferred Stock purchased pursuant to a Change of Control Offer will be required to surrender the certificate or certificates representing such shares, properly endorsed for transfer together with such customary documents as the Corporation and the transfer agent may reasonably require, in the manner and at the place specified in the notice prior to the close of business on the business day prior to the Change of Control Payment Date;

(vi) that holders shall be entitled to withdraw their election if the Corporation receives, not later than five business days prior to the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the holder, the number of shares of Series B Preferred Stock the holder delivered for purchase and a statement that such holder is withdrawing his election to have such shares of Series B Preferred Stock purchased;

(vii) that holders whose shares of Series B Preferred Stock are purchased only in part will be issued a new certificate representing the unpurchased shares of Series B Preferred Stock; and

(viii) the circumstances and relevant facts regarding such Change of Control.

(c) The Corporation shall comply with any securities laws and regulations, to the extent such laws and regulations are applicable to the repurchase of the Series B Preferred Stock in connection with a Change of Control Offer.

(d) On the Change of Control Payment Date, the Corporation shall (x) accept for payment the shares of Series B Preferred Stock validly tendered pursuant to the Change of Control Offer, (y) pay to the holders of shares so accepted the purchase price therefor (plus the amount of unpaid dividends, if any) and (z) cancel and retire each surrendered certificate (subject to issuing a new certificate representing the unpurchased shares of Series B Preferred Stock). Unless the Corporation defaults in the payment for the shares of Series B Preferred Stock tendered pursuant to the Change of Control Offer, dividends shall cease to accrue with respect to the shares of Series B Preferred Stock tendered and all rights of holders of such tendered shares shall terminate, except for the right to receive payment therefor, on the Change of Control Payment Date.

(e) If the purchase of Series B Preferred Stock under this Section 9 would violate or constitute a default under (i) the Senior Secured Notes or the indenture relating thereto (the 'Indenture'), or (ii) the indenture or indentures or other agreement or agreements under which there may be issued or outstanding from time to time other indebtedness of the Company ('Other Agreements') in an aggregate principal amount not exceeding \$450 million (less the amount, if any, of indebtedness issued to replace, refinance or refund the Senior Secured Notes) because the Corporation has not satisfied all of its obligations under such Other Agreements arising from the Change of Control (collectively, 'Senior Obligations'), then, notwithstanding anything to the contrary contained above, prior to complying with the foregoing provisions, the Corporation shall use its best efforts to satisfy the Senior Obligations as promptly as possible or to obtain the requisite consents under the Indenture and the Other Agreements necessary to permit the repurchase of the Series B Preferred Stock required by this Section 9. Until the requirements of the immediately preceding sentence are satisfied, the Corporation shall not be obligated to make any Change of Control Offer. Within 15 days following the date the Corporation has satisfied all of the Senior Obligations or obtained such requisite consents or waivers, the Corporation shall send, by first class mail, postage prepaid, a notice to each holder of Series B Preferred Stock at such holder's address as it appears on the stock books of the Corporation that the

Corporation has satisfied all of the Senior Obligations or obtained such requisite consents or waivers, and such notice shall state the date the Senior Obligations were satisfied or waived and the Change of Control Payment Date.

(f) For the purposes of this Section 9, 'Change of Control' means the occurrence of any of the following events: (i) any 'person' or 'group' (as such terms are used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934 (the 'Exchange Act')) is or becomes the 'beneficial owner' (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a person shall be deemed to have 'beneficial ownership' of all securities that such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 40% of the total outstanding Voting Stock of the Corporation; (ii) the Corporation consolidates with or merges with or into another person or conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any person, or any person consolidates with or merges with or into the Corporation, in any such event, pursuant to a transaction in which the outstanding voting stock of the Corporation is converted into or exchanged for cash, securities or other property, other than, at all times when the Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture; (iii) during any consecutive two-year period, individuals who at the beginning of such period constituted the Board of Directors of the Corporation (together with any new directors whose election to such Board of Directors, or whose nomination for election by the stockholders of the Corporation, was approved by a vote of 66 2/3% of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors of the Corporation then in office; or (iv) the Corporation is liquidated or dissolved or a special resolution is passed by the stockholders of the Corporation approving the plan of liquidation or dissolution, other than, at all times when the Senior Secured Notes are outstanding, those transactions that are not deemed a 'Change of Control' under the terms of the Indenture; provided, however, that no transaction or event shall be deemed to be a 'Change of Control' for purposes of this Section 9 if (1) all of the outstanding shares of Common Stock are to be converted pursuant thereto solely into the right to receive, for each share of Common Stock so converted, cash and/or shares of Qualifying Acquiror Common Stock (as defined below) (valued at its Current Market Price) together having a value in excess of \$30.30, (2) the Corporation shall have declared and paid all dividends on the Series B Preferred Stock and Series A Preferred Stock, whether or not theretofore declared or undeclared, to the date of the Change of Control and the holders thereof shall have been given reasonable opportunity to convert, prior to such Change of Control, any shares of Series B Preferred Stock or Series A Preferred Stock so issued as a dividend, and (3) immediately following such event the number of shares of Qualifying Acquiror Common Stock into which shares of Series B Preferred Stock and Series A Preferred Stock shall have been converted (together with, if shares of Series B Preferred Stock and/or Series A Preferred Stock are to remain outstanding, any shares of Qualifying Acquiror Common Stock into which all outstanding Shares of Series B Preferred Stock and Series A Preferred Stock would be convertible) would represent both (A) less than 5% of the total number of shares of Qualifying Acquiror Common Stock outstanding immediately after such event and (B) less than one third of the number of shares of Qualifying Acquiror Common Stock that would be Publicly Traded immediately after such event. For purposes of this Section 9, the term 'Qualifying Acquiror Common Stock' means the common stock of any corporation if listed on or admitted to trading on the NYSE, AMEX or Nasdaq, and the term 'Publicly Traded' means shares of such Qualifying Acquiror Common Stock that are both (1) held by persons who are neither officers, directors or Affiliates of such corporation nor the 'beneficial owner' (as such term is defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended) of 5% or more of the total number of shares then issued and outstanding, and (2) not 'restricted securities' (as such term is defined in Rule 144 of the Securities Act of 1933, as amended).

(g) The Corporation shall not engage in any transaction of the type referred to in clause (ii) of paragraph (f) above (other than one which is not a 'Change of Control' by virtue of application of the proviso to paragraph (f) above) unless (i) if the Corporation shall be the surviving or continuing entity of such transaction, the Corporation shall, after consummation thereof, have sufficient funds to perform its obligations under this Section 9, and (ii) if the Corporation shall not be the surviving or continuing entity of such transaction, proper and adequate provision shall be made, in the definitive documentation

providing for such transaction or otherwise, to ensure that the surviving or continuing corporation of such transaction shall expressly assume the Corporation's obligations under this Section 9 and shall have sufficient funds to perform its obligations under this Section 9.

10. Sinking Fund Redemption. The shares of the Series B Preferred Stock are not subject to sinking fund requirements.

11. Exchange. (a) Shares of Series B Preferred Stock shall be exchangeable for Convertible Debt, in whole or in part, out of surplus of the Corporation legally available for such exchange, at any time and from time to time at the option of the Corporation. All accrued and unpaid dividends on the shares of Series B Preferred Stock, including Default Dividends and dividends accrued from the last preceding Dividend Payment Date through the date fixed for such exchange, shall be declared and paid prior to or on the same date as the date of any exchange pursuant to this Section 11. The Corporation shall cause the Convertible Debt to be issued on and dated the date which coincides with the date of exchange of the Series B Preferred Stock.

(b) Any notice of any exchange of the Series B Preferred Stock given by the Corporation shall be mailed to each holder of shares of Series B Preferred Stock to be exchanged at such Holder's address as it appears on the books of the Corporation. Such notice shall set forth the procedures for exchanging certificates representing Series B Preferred Stock for Convertible Debt with a principal amount equal to 100% of the aggregate Liquidation Preference of the shares of Series B Preferred Stock being exchanged. The Corporation shall as promptly as practicable thereafter mail to each such holder a notice setting forth the procedures for exchanging certificates representing Series B Preferred Stock for Convertible Debt. Upon such exchange, the rights of the holders of Series B Preferred Stock to be exchanged as stockholders of the Corporation shall cease, and the person or persons entitled to receive the Convertible Debt issuable upon such exchange shall be treated for all purposes as the registered holder or holders of such Convertible Debt.

(c) The shares of Series B Preferred Stock which have been exchanged shall no longer be deemed to be outstanding and shall be retired and all rights with respect to such shares, including, without limitation, the rights, if any, to receive dividends (and interest thereon) and to receive notices and to vote or consent (except for the right of the holders to receive accrued and unpaid dividends, if any, and Convertible Debt and Common Stock, as provided herein, in exchange therefor) shall forthwith cease.

(d) Upon any exchange of shares of Series B Preferred Stock into Convertible Debt, as provided herein, in accordance with this Section 11, the Corporation will pay any documentary, stamp or similar issue or transfer taxes which may be due with respect to the transfer and exchange of such exchanged shares, if any; provided, however, that if the Convertible Debt into which the shares of Series B Preferred Stock is exchangeable pursuant to this Section 11 is to be issued in the name of any person other than the holder of the shares of Series B Preferred Stock to be so exchanged, the amount of any transfer taxes (whether imposed on the Corporation, the holder or such other person) payable on account of the transfer to such person will be payable by the holder.

(e) Unless otherwise agreed by the Corporation and each holder of shares of Series A Preferred Stock, any shares exchanged at the Corporation's election shall be called for exchange on a pro rata basis from all holders of Series B Preferred Stock. Any exchange for which shares are called for exchange on a pro rata basis (whether or not some of such shares so called are subsequently converted pursuant to Section 11) shall comply with this Section 11. Any fractional share of Series B Preferred Stock which would otherwise be issuable as a result of any exchange of less than all shares held shall be included in the shares exchanged.

(f) The Convertible Debt shall have a maturity date 13 years following the Closing Date; a principal amount as described in Section 11(a) thereof (and a proportionate principal amount for any fractional share exchanged); and shall provide for payment of interest at the rate of 9.2% per annum, payable annually in cash; shall be convertible and redeemable on terms substantially the same as those of the Series B Preferred Stock; in each case, on the terms and conditions set forth in the Convertible Debt Indenture and shall otherwise be on the terms set forth in the Convertible Debt Indenture.

(g) Definitions. (i) 'Convertible Debt' means the 9.2% Convertible Debentures of the Corporation issued pursuant to the Convertible Debt Indenture, as amended, modified, supplemented, restructured, replaced, extended or refinanced from time to time in accordance with the terms hereof and thereof.

(ii) 'Convertible Debt Indenture' means the indenture pursuant to which the Convertible Debt is to be issued, in the form attached as Exhibit D to that certain Stock Purchase Agreement, dated as of November 13, 1998, among the Corporation and the Purchasers prior to the Closing (as defined therein), or, if no such form is agreed upon as of the Closing, in form and substance acceptable to holders of a majority of Series B Preferred Stock immediately prior to the effectiveness of such indenture.

ANNEX 3

TAG-ALONG AGREEMENT

TAG-ALONG AGREEMENT, dated as of November 13, 1998, by and among APOLLO INVESTMENT FUND IV, L.P., a Delaware limited partnership ('AIF IV'), APOLLO OVERSEAS PARTNERS IV, L.P., a Cayman Islands limited partnership ('AOP IV'), and together with AIF IV, and including their respective successors and permitted assigns, the 'Purchasers'), CD RADIO INC., a Delaware corporation (the 'Company') and DAVID MARGOLESE (the 'Stockholder').

WHEREAS, concurrently herewith, the Purchasers and the Company are entering into a Stock Purchase Agreement pursuant to which the Company will issue to the Purchasers shares of one or more series of preferred stock of the Company having an aggregate liquidation preference of up to \$200,000,000 (the 'Purchase Agreement'); capitalized terms used in this agreement and not otherwise defined shall have the meanings ascribed to them in the Purchase Agreement;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and agreements set forth herein, and as an inducement to the Purchasers to enter into the Purchase Agreement, the parties hereto agree as follows:

SECTION 1. Tag-Along Right. During the Tag-Along Period (as defined in Section 5), in the event the Margolese Sellers (or any of them) propose to make a Tag-Along Sale (as defined in Section 5), each of the Purchasers shall have the right to participate (a 'Tag-Along Right') in such sale with respect to any shares of Common Stock (including shares obtainable upon the conversion of shares of Series A Preferred Stock and Series B Preferred Stock) held by them, on a pro rata basis (based on the ratio of the aggregate number of shares of Common Stock (or Common Stock equivalents) to be sold by Margolese Sellers (as defined in Section 5) to the aggregate number of shares of Common Stock beneficially owned by the Margolese Sellers participating in such sale immediately prior to such sale), for the greatest consideration per share of Common Stock and otherwise on the best terms by which any Margolese Seller sells its shares of Common Stock (or Common Stock equivalent).

SECTION 2. Notice and Procedure for Public Offerings. In the case of a Tag-Along Sale involving registration under the Securities Act of 1933, as amended (the 'Securities Act'), by the Company of the Margolese Shares to be sold in the Tag-Along Sale, then if circumstances occur which give rise to the Tag-Along Right, the Purchasers shall have the right to participate therein as provided for in Sections 9.2 through 9.7 of the Purchase Agreement (without regard to the amount of time that that shall have elapsed from the Closing Date to the proposed date of the Tag-Along Sale); provided, however, that in the event the number of shares to be underwritten in any such offering is limited or 'cut-back' pursuant to Section 9.2(b) of the Purchase Agreement, the parties hereto agree that the Margolese Sellers and the Purchasers shall be cut-back proportionally to preserve the ratio of (x) the number of shares of Common Stock (or Common Stock equivalents) the Margolese Sellers desire to have included in such sale over (y) the number of shares the Purchasers desire to have included in such sale (the 'Relative Ratio'), and each of the Margolese Sellers agree to voluntarily reduce the number of Margolese Shares to be included in such registration in order to preserve the Relative Ratio.

SECTION 3. Notice and Procedure for Private Transactions. In the case of a Tag-Along Sale that does not involve registration under the Securities Act by the Company of the Margolese Shares to be sold in the Tag-Along Sale, then if circumstances occur which give rise to the Tag-Along Right, the participating Margolese Sellers shall give written notice to each of the Purchasers not less than 20 days prior to such proposed sale providing a summary of the terms of the proposed sale to the buyer and advising each such Purchaser of their Tag-Along Rights. Each Purchaser may exercise its Tag-Along Right (each, an 'Apollo Tagging Stockholder') by written notice to any of the Margolese Sellers participating in the Tag-Along Sale stating the number of shares of Common Stock that it wishes to sell. If the prospective purchaser or purchasers of the shares to be sold in such Tag-Along Sale declines to purchase the aggregate number of shares sought to be sold by the participating Margolese Sellers and participating Purchasers, the Margolese Sellers and the Purchasers agree to reduce the number of shares of each participating party to be included in such sale on a proportionate basis that preserves the Relative Ratio. If an Apollo Tagging Stockholder gives written notice indicating that such Apollo

Tagging Stockholder wishes to sell shares in the Tag-Along Sale, such Apollo Tagging Stockholder shall be obligated to sell that number of shares specified in such Apollo Tagging Stockholder's written acceptance notice (as such number may be reduced pursuant to the immediately preceding sentence) for the greatest consideration and upon the best terms by which any Margolese Seller is selling to the buyer, such obligation to be conditioned upon and contemporaneous with completion of the transaction of purchase and sale with the buyer and, if any Apollo Tagging Stockholder intends to sell shares of Common Stock issuable upon conversion of shares of Series A Preferred Stock or Series B Preferred Stock, upon the Company satisfying its conversion obligations with respect thereto (as set forth in the certificate of designations relating to the relevant series of preferred stock).

SECTION 4. Effectiveness and Termination. This Agreement shall terminate automatically after the later of (1) the expiration of the Tag-Along Period and

(2) the first date after which the Stockholder, each Permitted Transferee (as defined in Section 5) and the Company shall have satisfied and fulfilled any and all of their respective obligations arising hereunder (including any obligations arising under the Purchase Agreement as a result of this Agreement) prior to the expiration of the Tag-Along Period. In the event the Purchase Agreement is terminated in accordance with its terms prior to the Closing Date, this Agreement shall automatically terminate and be of no further force or effect. Upon any such termination, except for any rights any party may have in respect of any breach by any other party of its obligations hereunder, none of the parties hereto shall have any further obligation or liability hereunder.

SECTION 5. Definitions. (a) The term 'Tag Along Sale' means the sale or disposition, directly or indirectly, by David Margolese, any Permitted Transferee of David Margolese, or any Person having power to sell or dispose of Margolese Shares (or any of them) (collectively, 'Margolese Sellers'), in one or more transactions (other than a transfer from a Margolese Seller to a Permitted Transferee) of any Margolese Shares if (i) immediately following such sale the Margolese Sellers collectively would have sold in the aggregate from the date hereof 800,000 or more shares of Common Stock (as such number may be adjusted for stock splits, dividends paid in Common Stock, reclassifications of the Common Stock, and other similar events), and (ii) the number of shares of Common Stock proposed to be sold or disposed of in the Tag-Along Sale in the aggregate by the Margolese Sellers is equal to or greater than 80,000 (as such number may be adjusted for stock splits, dividends paid in Common Stock, reclassifications of the Common Stock, and other similar events).

(b) The term 'Margolese Shares' means all shares of Common Stock beneficially owned at any time by David Margolese and any Permitted Transferee of David Margolese.

(c) The term 'Permitted Transferees' means any of the following who, prior to receiving, accepting or acquiring any shares of Common Stock (or any options, warrants or other securities convertible into shares of Common Stock) from David Margolese or any other Permitted Transferee, agrees in writing to be bound by and to be a 'Permitted Transferee' pursuant to this Agreement: (1) the spouse, parents, children, grandchildren or siblings of David Margolese, (2) a trust or similar entity of David Margolese, the beneficiaries of which, include only David Margolese and any of David Margolese's spouse, parents, children or grandchildren or (3) a charitable trust or similar entity of David Margolese established for charitable or educational purposes with respect to which David Margolese has the power to direct the voting and/or disposition of any shares of Common Stock transferred to or acquired by such trust or similar entity.

(d) The term 'Tag-Along Period' means the period from the Closing Date to the earlier of (i) the first date on which the Purchasers beneficially own less than 2,000,000 shares of Common Stock in the aggregate (as such number may be adjusted for stock splits, dividends paid in Common Stock, reclassifications of the Common Stock, and other similar events), and (ii) the date that is six months from the first date after nationwide commercial introduction of the Company's service as described in the SEC Reports (as defined in the Purchase Agreement) filed as of the date of this Agreement, including the following: (1) the service is available for subscription on a nationwide, non-test basis, (2) satellite signals carrying the Company's programming can be received nationwide, and (3) radios and/or adaptors to existing radios capable of receiving the Company's satellite signals are available for purchase on a nationwide basis.

(e) A person 'beneficially owns' any shares of any security with respect to which such person would be a beneficial owner pursuant to Rule 13d-3 promulgated under the Securities and Exchange

Act of 1934, as amended; provided, however, that for purposes of this Agreement, the Stockholder shall not be deemed to beneficially own any shares solely by virtue of his power to vote or direct the voting thereof pursuant to that certain Voting Trust Agreement, dated August 26, 1997, by and among Darlene Friedland, as Grantor, David Margoese, as Trustee, and the Company.

SECTION 6. Authority; Binding Effect. (a) Each party hereto hereby represents and warrants to each other party hereto that:

(b) such party has full power and authority to enter into, execute and deliver and perform his obligations under this Agreement and to make the representations and warranties made herein and, in the case of any party that is not a natural person, no further corporate or trust action or approval is required in connection herewith;

(c) Assuming due execution and delivery by each other party hereto, this Agreement constitutes the valid and binding agreement of such party, enforceable against such party in accordance with its terms.

SECTION 7. Miscellaneous. (a) Notices, Etc. All notices or other communications required or permitted hereunder shall be in writing and shall be delivered personally, telecopied or sent by certified, registered or express mail, postage prepaid. AMENDMENT TO RIGHTS AGREEMENT

AMENDMENT, dated November 13, 1998 (this 'Amendment'), by and between CD RADIO INC., a Delaware corporation (the 'Company'), and CONTINENTAL STOCK TRANSFER & TRUST COMPANY (the 'Rights Agent').

RECITALS

WHEREAS, the Company and the Rights Agent are parties to a Rights Agreement, dated as of October 22, 1997 (the 'Rights Agreement');

WHEREAS, the Company proposes to issue and sell up to 1,350,000 shares of its 9.2% Series A Junior Cumulative Convertible Preferred Stock, par value \$.001 per share ('Series A Preferred Stock'), and up to 650,000 shares of its 9.2% Series B Junior Cumulative Convertible Preferred Stock, par value \$.001 per share ('Series B Preferred Stock' and, together with the Series A Preferred Stock, the 'Junior Preferred Stock') to Apollo Investment Fund IV, L.P. ('AIF IV'), a Delaware limited partnership, and Apollo Overseas Partners IV, L.P., a Cayman Islands limited partnership ('AOP IV' and together with AIF IV, the 'Purchasers'), pursuant to a Stock Purchase Agreement, dated as of November 13, 1998 (the 'Stock Purchase Agreement'), by and among the Company and the Purchasers; and

WHEREAS, the Company may issue up to an additional 1,950,000 shares of Series A Preferred Stock as dividends on outstanding shares of Series A Preferred Stock and may issue up to an additional 1,450,000 shares of Series B Preferred Stock as dividends on outstanding shares of Series B Preferred Stock, in each case in lieu of paying dividends in cash on such shares;

WHEREAS, under the terms of the Rights Agreement, unless the Rights Agreement is amended, the Purchasers would become 'Acquiring Persons,' as defined in Section 1(a) of the Rights Agreement, upon the purchase of the Junior Preferred Stock pursuant to the Stock Purchase Agreement; and

WHEREAS, the Board of Directors of the Company deems it desirable and in the best interests of the Company and its stockholders to amend the Rights Agreement to exclude the Purchasers and any of the Purchasers' Affiliates and Associates who would otherwise be deemed Beneficial Owners (as defined in the Rights Agreement) as a result of such transaction from such definition of 'Acquiring Person.'

Accordingly, the parties agree as follows:

1. Amendment of Section 1(a). The definition of 'Acquiring Person' set forth in paragraph 1(a) of the Rights Agreement is amended by adding the following clause at the end of such Section 1(a):

'; provided, further, that Apollo Investment Fund IV, L.P., a Delaware limited partnership (hereinafter referred to as 'AIF IV'), and Apollo Overseas Partners IV, L.P., a Cayman Islands limited partnership (hereinafter referred to as 'AOP IV'), and any of the Affiliates or Associates of AIF IV or AOP IV that would otherwise be deemed to be Beneficial Owners of the Company's 9.2% Series A Junior Cumulative Convertible Preferred Stock (hereinafter referred to as the 'Series A Preferred Stock') or the Company's 9.2% Series B Junior Cumulative Convertible Preferred Stock (hereinafter referred to as the 'Series B Preferred Stock' and, together with the Series A Preferred Stock, the 'Junior Preferred Stock') (such Affiliates and Associates, together with AIF IV and AOP IV, are hereinafter referred to as the 'Apollo Investors') shall not be, or be deemed to be, an Acquiring Person solely by reason of (w) the purchase by the Apollo Investors of shares of the Junior Preferred Stock pursuant to the Stock Purchase Agreement dated as of November 13, 1998 by and among the Company, AIF IV and AOP IV, (x) the acquisition by the Apollo Investors of additional shares of Junior Preferred Stock pursuant to dividends declared on the Junior Preferred Stock, (y) the acquisition by the Apollo Investors of Common Shares upon the exercise of conversion rights set forth in the Certificates of Designations, Preferences and Relative, Participating, Optional and Other Special Rights of the Junior Preferred Stock or (z) the acquisition by the Apollo

Investors of the Beneficial Ownership, collectively, of an additional one percent (1%) or more of the outstanding Common Shares.'

2. Miscellaneous. This Amendment shall be deemed to be a contract made under the laws of the State of Delaware and for all purposes shall be governed by and construed in accordance with the laws of such state applicable to contracts to be made and performed entirely within such state. This Amendment may be executed in any number of counterparts, each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.
