**Notice of Annual Meeting of Stockholders
Tuesday, April 22, 2010
4:30 P.M.**

TO THE STOCKHOLDERS:

I am pleased to invite you to attend the 2010 Annual Meeting of Stockholders of SVB Financial Group, a Delaware corporation (the "Company"), which will be held at the Company's offices located at 3005 Tasman Drive, Santa Clara, California 95054, on Thursday, April 22, 2010 at 4:30 p.m., local time. The purposes of the meeting are to:

1. Elect twelve (12) directors to serve for the ensuing year and until their successors are elected.
2. Approve an amendment to the Company's 1999 Employee Stock Purchase Plan to reserve an additional 1,000,000 shares of common stock for issuance thereunder.
3. Ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2010.
4. Transact such other business as may properly come before the meeting.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. To assure your representation at the meeting, you are encouraged to vote your shares as soon as possible. Voting instructions are included in: (i) for those stockholders receiving printed proxy materials, the enclosed Proxy Card, and (ii) for all other stockholders, the Notice Regarding the Availability of Proxy Materials (as further described in the Proxy Statement). Any stockholder attending the meeting may vote in person even if such stockholder has previously voted.

Only stockholders of record at the close of business on February 24, 2010 may vote at the meeting or any postponement or adjournment thereof.

BY ORDER OF THE BOARD OF DIRECTORS,

/s/ Alex W. "Pete" Hart
Alex W. "Pete" Hart
Chairman of the Board

Santa Clara, California
March 10, 2010

YOU ARE CORDIALLY INVITED TO ATTEND THE MEETING IN PERSON. WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING, PLEASE COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY CARD, OR VOTE OVER THE TELEPHONE OR THE INTERNET AS PROMPTLY AS POSSIBLE, IN ORDER TO ENSURE YOUR REPRESENTATION AT THE MEETING. IF YOU HAVE RECEIVED PRINTED PROXY MATERIALS, A RETURN ENVELOPE (WHICH IS POSTAGE PREPAID IF MAILED IN THE UNITED STATES) IS ENCLOSED FOR YOUR CONVENIENCE. EVEN IF YOU HAVE VOTED BY PROXY, YOU MAY STILL VOTE IN PERSON IF YOU ATTEND THE MEETING. WE ENCOURAGE YOU TO VOTE FOR THE ELECTION OF ALL TWELVE (12) NOMINEES FOR DIRECTOR, AS WELL AS IN FAVOR OF THE ABOVE REMAINING PROPOSALS.

**PROXY STATEMENT
OF
SVB FINANCIAL GROUP
3005 Tasman Drive
Santa Clara, California 95054**

INFORMATION CONCERNING THE PROXY SOLICITATION

General

This Proxy Statement is furnished in connection with the solicitation of the enclosed Proxy by, and on behalf of, the Board of Directors (the "Board") of SVB Financial Group (the "Company") for use at the 2010 Annual Meeting of Stockholders of the Company to be held at the Company's offices located at 3005 Tasman Drive, Santa Clara, California 95054, on Thursday, April 22, 2010 at 4:30 p.m. local time, and at all postponements or adjournments thereof (the "Meeting"). (For directions to attend the Meeting in person, please contact us at the telephone number below.) Only stockholders of record on February 24, 2010 (the "Record Date") will be entitled to vote at the Meeting. At the close of business on the Record Date, there were 41,370,611 shares of the Company's Common Stock, \$0.001 par value (the "Common Stock"), outstanding.

The Company is a Delaware corporation and financial holding company for Silicon Valley Bank (the "Bank") and its affiliates. The Company's principal executive offices are located at 3005 Tasman Drive, Santa Clara, California 95054, and its telephone number at that location is (408) 654-7400.

Important Notice Regarding the Availability of Proxy Materials for the Meeting

This Proxy Statement and our 2009 Annual Report on Form 10-K are available electronically at <http://www.svb.com/proxy>. (See also "Delivery of Proxy Materials" below.)

Voting

Common Stock

Stockholders of the Company's Common Stock are entitled to one vote for each share held on all matters covered by this Proxy Statement, except for the election of directors. With respect to the election of directors, each stockholder has the right to invoke cumulative voting, which entitles each stockholder to as many votes as shall equal the number of shares held by such stockholder multiplied by the number of directors to be elected. A stockholder may cast all of his or her votes for a single candidate or distribute such votes among as many of the candidates as he or she chooses (up to a maximum of the number of directors to be elected). However, no stockholder shall be entitled to cumulate votes for a candidate unless such candidate's name has been properly placed in nomination prior to the voting in accordance with Article Fifth of the Restated Certificate of Incorporation of the Company and the stockholder (or any other stockholder) has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any stockholder has given such notice, all stockholders may cumulate their votes for candidates properly placed in nomination. If cumulative voting is properly invoked, the Proxy holders (the individuals named on the Proxy Card) are given discretionary authority under the terms of the Proxy to cumulate votes represented by shares for which they are named Proxy holders as they see fit among the nominees in order to assure the election of as many of such nominees as possible.

Table of Contents

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a Proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting by telephone, by using the Internet or by mail are on your Proxy Card or Notice Regarding the Availability of Proxy Materials, as applicable. For shares held through a broker, bank or other nominee, follow the voting instructions included with your materials. If you provide specific voting instructions, your shares will be voted as you have instructed for any item on which you provide instructions and as the Proxy holders may determine within their discretion for any other matters, including any additional matters, which properly come before the meeting.

If you hold shares in your name and you sign and return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters set forth in this Proxy Statement and as the Proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. See “Quorum; Abstentions; Broker Non-Votes” below.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares that are voted “FOR,” “AGAINST” or “WITHHELD FROM” a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares “represented and voting” at the Meeting (the “Votes Cast”) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not give instructions. Without such voting instructions, for example, your broker or other nominee cannot vote your shares on “non-routine” matters such as the election of directors or the proposed amendment to the Company’s 1999 Employee Stock Purchase Plan. Your broker or other nominee may, however, have discretion to vote your shares on “routine” matters, including the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the 2010 fiscal year. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of Votes Cast with respect to proposals on which brokers, banks or other nominees are prohibited from exercising their discretionary authority. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast.

Revocability of Proxies

Any person giving a Proxy in the form accompanying this Proxy Statement has the power to revoke the Proxy at any time prior to its use. A Proxy is revocable prior to the Meeting by delivering either a written instrument revoking it or a duly executed Proxy bearing a later date to the Secretary of the Company. A Proxy is also automatically revoked if the stockholder is present at the Meeting and votes in person.

Solicitation

This solicitation of Proxies is made by, and on behalf of, the Board of Directors of the Company. The Company will bear the entire cost of preparing, assembling, printing, and mailing Proxy materials furnished by

Table of Contents

the Board of Directors to stockholders. Copies of Proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of the Company's Common Stock. In addition to the solicitation of Proxies by mail, some of the officers, directors and employees of the Company may (without additional compensation) solicit Proxies by telephone or personal interview, the costs of which the Company will bear.

Unless otherwise instructed, each valid returned Proxy that is not revoked will be voted:

- "FOR" each of the Company's nominees to the Board of Directors,
- "FOR" approval of an amendment to the Company's 1999 Employee Stock Purchase Plan to reserve an additional 1,000,000 shares of common stock for issuance thereunder,
- "FOR" ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010, and
- At the Proxy holders' discretion on such other matters, if any, as may properly come before the Meeting (including any proposal to adjourn the Meeting).

Delivery of Proxy Materials

In accordance with the rules adopted by the Securities and Exchange Commission (the "SEC"), commonly referred to as "Notice and Access," we have decided to provide access to our Proxy materials over the internet instead of mailing a printed copy of the materials to every stockholder. Stockholders will not receive printed copies of the Proxy materials unless they request them. Instead, a Notice Regarding the Availability of Proxy Materials (the "Notice") was mailed to stockholders of record (other than stockholders who previously requested electronic or paper delivery of proxy materials) on or about March 11, 2010. The Notice explains the process to access and review the information contained in the Proxy materials and how to vote their proxies over the internet. In addition, the Notice will provide you the option to instruct us to send our future Proxy materials to you electronically by email. All stockholders will have the ability to access the Proxy materials on a website referred to in the Notice or request to receive a printed set of the Proxy materials.

For those stockholders who will receive printed copies of the Proxy materials upon request or otherwise, you may receive more than one set of materials, including multiple copies of this Proxy Statement and multiple Proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one Proxy Card. Please follow the instructions on your Proxy Card(s) and vote accordingly.

Table of Contents

How to Obtain a Separate Set of Proxy Materials

Stockholders may request to receive Proxy materials in printed form by mail or electronically by email on an ongoing basis. Stockholders who sign up to receive Proxy materials electronically will receive an email with links to the materials, which may give them faster delivery of the materials and will help save printing and mailing costs and conserve natural resources. If you choose to receive future Proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive Proxy materials by email will remain in effect until you terminate it.

For those stockholders who share an address with another stockholder, you may receive only one set of Proxy materials (including our 2009 Annual Report on Form 10-K, Proxy Statement or Notice of Internet Availability of Proxy Materials, as applicable) unless you have provided contrary instructions. If you wish to receive a separate set of Proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

Similarly, if you share an address with another stockholder and have received multiple copies of our Proxy materials, you may write or call us at the above address and phone number to request delivery of a single copy of these materials.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to having sound corporate governance principles. These principles are important to the way in which the Company manages its business and to maintaining the Company's integrity in the marketplace. Our Corporate Governance Guidelines adopted by our Board of Directors and the charters of the Audit Committee, Compensation Committee, Directors' Loan Committee, Finance Committee and Governance Committee of our Board of Directors are available at <http://www.svb.com> under "Corporate Governance". The contents of the website are not incorporated herein by reference and the website address provided above and throughout this Proxy Statement is intended to be an inactive textual reference only.

Board Independence, Leadership and Risk Oversight

The Board has determined that, with the exception of Mr. Ken Wilcox, our President and Chief Executive Officer, all of our current directors, as well as our incumbent directors and director nominee standing for election, are "independent" within the meaning of the director independence standards set by the Nasdaq Stock Market, Inc. ("Nasdaq") and the SEC, as currently in effect. Furthermore, the Board has determined that each of the current members of the Audit Committee, Compensation Committee and Governance Committee are "independent" within the meaning of such director independence standards.

Board Leadership

The Board has determined that it is in the best interests of the Company to maintain the Board chairperson and chief executive officer positions separately. It believes that having an outside, independent director serve as chairperson is the most appropriate leadership structure for the Board, as it enhances the Board's independent oversight of management and the Company's strategic planning, reinforces the Board's ability to exercise its independent judgment to represent shareholder interests, and strengthens the objectivity and integrity of the Board. Moreover, an independent chairperson can more effectively lead the Board in objectively evaluating the performance of management, including the chief executive officer, and guide it through appropriate Board governance processes.

Mr. Pete Hart, our current Chairman of the Board, is independent within the meaning of the director independence standards described above. Subject to his election, he is expected to serve as the Board's Chairman again for the 2010-2011 term.

Risk Oversight

Oversight of risks to the Company is carried out by the Board as a whole and by each of its various committees. The Board receives periodic reporting of the Company's risk management, including, on at least an annual basis, an assessment of the Company's top risks.

The Board has expressly delegated to the Audit Committee the primary oversight responsibility for the Company's enterprise-wide risk management ("EWRM") function, which is responsible for management of the Company's credit, market/liquidity, operational, legal/regulatory, strategic/reputation and other risks related to our business. The Governance Committee has also assumed oversight responsibilities. On at least a quarterly basis, our Chief Strategy and Risk Officer reports to, and discusses with, both committees about the EWRM function, including risk assessment and risk management. Based on management's reports, the chairmen of the Audit and Governance Committees report to, and discuss with, the Board any material changes or updates to the Company's risk profile.

Additionally, each Board committee is engaged in overseeing the Company's risks as it pertains to its respective areas of oversight. For example, the Compensation Committee engages in periodic risk assessments to review and evaluate our compensation programs in relation to the Company's risks. The Finance Committee

Table of Contents

actively oversees the Company's capital, liquidity and financial management and the associated risks (whether as an ongoing matter or as it relates specifically to a transaction, such as an equity or debt securities offering). Moreover, the Directors Loan Committee routinely oversees the Company's management of credit risks. Each of the committees regularly report back to the full Board on its risk oversight activities, and the Board engages in discussions with management of the Company's risks, as it deems necessary.

Executive Sessions

The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present. Mr. Wilcox is generally not present at these executive sessions, but will from time to time, meet with the independent directors, without other members of management present, at the Board's discretion.

Audit Committee Independence and Financial Experts

The Board has determined that all of the current members of the Audit Committee, Messrs. Roger Dunbar, David Clapper and Joel Friedman and Ms. Lata Krishnan, meet all of the requirements of "independence," and that Messrs. Dunbar and Friedman meet all of the attributes of an "audit committee financial expert," as those meanings are defined for purposes of audit committee members by the applicable rules and regulations of the SEC and Nasdaq.

Board Evaluation

The Governance Committee of the Board conducts, in coordination with the full Board, an annual evaluation and review of the Board's performance and effectiveness. Each year, the Governance Committee develops and implements a process for such evaluation and review, which may involve outside consultants or advisers and may include a review of how certain aspects impact Board effectiveness, such as Board size, meeting frequency, quality and timing of information provided to the Board, director communication, director education, director skills and qualifications, director independence and Board strategy sessions. The results of the evaluation and review are discussed with the Board. The Governance Committee also conducts annually a separate evaluation and review of the performance and effectiveness of each of the Board's committees. See "Board Committees and Meeting Attendance—Committee Governance" below.

Consideration of Director Nominees

Stockholder Nominees

The Governance Committee will consider Board nominees proposed by stockholders. The Governance Committee has no formal policy with regard to stockholder nominees as it considers all nominees on their merits, as discussed below. Any stockholder nominations proposed for consideration by the Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
SVB Financial Group
3005 Tasman Drive
Santa Clara, California 95054
Fax: (408) 496-2545

In addition, the bylaws of the Company permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see "Stockholder Proposals and Director Nominations" below.

Table of Contents

Board Diversity; Selection and Evaluation of Director Candidates

While the Board has not formally adopted a policy governing board diversity, it recognizes the utmost importance of assembling a body of directors that, taken together, have the experience, qualifications, skills and attributes appropriate for functioning effectively as a board. The Governance Committee, with the participation of the full Board, is primarily responsible for the composition of the Board and for identifying candidates for membership on the Board, all in light of the Company's ongoing requirements, its assessment of the Board's performance and the input of shareholders and other key constituencies. The Governance Committee makes determinations as to whether to recommend directors for re-election or director candidates' nomination to the Board based on their skills, character, judgment and business experience, as well as their ability to diversify and add to the Board's existing strengths. The Governance Committee typically seeks an appropriate mix of individuals with diverse backgrounds and skills complementary to the Company's business and strategic direction. This assessment typically includes issues of expertise in industries important to the Company (such as technology, life sciences, and premium wine), functional expertise in areas such as banking, global markets, venture capital, private equity, law, accounting, finance and information technology, and an assessment of an individual's abilities to work constructively with the existing Board and management. The Governance Committee also seeks certain characteristics common to all Board members, such as integrity, strong professional reputation, record of achievement, collegiality and ability and commitment to devote sufficient time and energy to Board service, all in the context of an assessment of the perceived needs of the Board at that point in time.

The Governance Committee has not formally established any minimum qualifications for director candidates. All nominees to be considered at the Meeting were recommended by the Governance Committee.

Director Qualifications

The Board believes that each of its current directors and its director nominee possesses particular attributes which qualify him or her to serve on the Board. In addition to the attributes specifically identified for each director in his or her respective biography below, the Board believes that all of the directors possess the following attributes enabling the Board to function effectively as a collective body: integrity, collegial spirit, sound business judgment, professionalism, ability to generate public confidence, ability to act independently, and availability and commitment to serve.

Communications with the Board

Individuals who wish to communicate with the Company's Board may do so by sending an e-mail to the Company's Board at *bod@svb.com*. Any communications intended for non-management directors should be sent to the e-mail address above to the attention of the Chair of the Governance Committee.

Code of Ethics

The Company has a Code of Ethics that applies to our principal executive officer and our senior financial officers, including our principal financial officer and principal accounting officer. A copy of this Code of Ethics is available on the Company's website at <http://www.svb.com> under "Corporate Governance," or can be obtained without charge by any person requesting it. To request a copy of our Code of Ethics, please contact: Lisa Bertolet, Stock Administration, SVB Financial Group, 3003 Tasman Drive, Santa Clara, California 95054, at telephone (408) 654-7400.

The Company intends to disclose any waivers from or changes in its Code of Ethics by posting such information on our website. No waivers or substantive changes were made during fiscal year 2009.

Proposal No. 1

ELECTION OF DIRECTORS

The Board of Directors Recommends a Vote “For” All Nominees

Pursuant to the Company’s bylaws, the Board of Directors shall consist of at least eight (8), but no more than twelve (12) members, with the exact number to be fixed by the Board of Directors. As of the Record Date, the Board has fixed the number of authorized directors at twelve (12).

Additionally, under the Company’s bylaws, the Board of Directors shall not have more than two directors who do not meet the definition of an “Outside Director.” An “Outside Director” is any director who meets the independence and experience requirements of the SEC and Nasdaq and who, in the opinion of the Board, has the ability to exercise independent judgment in carrying out the responsibilities of a director of the Company. Pursuant to the Board’s director term limit policy, Outside Directors may not serve more than nine (9) consecutive one-year terms (excluding any partial term served), beginning as of April 30, 2001; provided, however, that if in any one year, more than three Outside Directors are required to end their service on the Board of Directors because of the application of this term limit, the Board of Directors may extend the term of one or more such directors for successive one year terms so as to avoid requiring more than three Outside Directors to end their service in any one year. Any Outside Director who has served the maximum term or resigned prior to serving the maximum term may be eligible to stand for election for another maximum term after a one-year waiting period, during which the director may serve as an advisory director.

At the end of the current 2009-2010 term, three Outside Directors, Messrs. Pete Hart and Jim Porter and Ms. Michaela Rodeno, will have fulfilled their term limit under the Board’s policy. Pursuant to the recommendation of the Governance Committee, the Board has determined that it would be in the best interests of the Company to permit two of the three Outside Directors to stand for re-election for the 2010-2011 term, and has waived its policy accordingly.

Nominees for Director

All Proxies will be voted “FOR” the election of the following twelve (12) nominees recommended by the Board of Directors for a term of one year, unless authority to vote for the election of directors (or for any particular nominee) is withheld. With the exception of Ms. Kate Mitchell, all of the nominees have served as directors of the Company since the last annual meeting of stockholders in May 2009. Ms. Mitchell was recommended to the Governance Committee as a nominee by our Chief Executive Officer. All incumbent directors, except Mr. Jim Porter, are nominees for re-election to the Board.

If any of the nominees should unexpectedly decline or be unable to act as a director, the Proxies may be voted for a substitute nominee designated by the Board of Directors. As of the Record Date, the Board of Directors has no reason to believe that any nominee will become unavailable and has no present intention to nominate persons in addition to or in lieu of those listed below. Directors of the Company serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier death, resignation or removal.

Table of Contents

The following information outlines the name and age of each nominee for director (as of the Record Date), his or her current principal occupation, followed by the biographical information for each such nominee:

Mr. Eric A. Benhamou is Chairman and CEO of Benhamou Global Ventures, LLC, which was formed in 2003. Benhamou Global Ventures, LLC invests and plays an active role in innovative high tech firms throughout the world. Since 1990, Mr. Benhamou has served as Chairman of the Board of Directors of 3Com Corporation, a public company networking solutions provider, and since 1993, has also served as Chairman of the Board of Directors of Cypress Semiconductor, a public semiconductor company. Currently, Mr. Benhamou serves on the Boards of Directors of the following public companies: RealNetworks, Inc., a creator of digital media services and software (since 2003) and Voltaire Ltd., a grid computing network solutions company (since 2007). Additionally, he serves on the Boards of Directors of several private companies, including ConteXtream, a carrier equipment vendor for intellectual property based media services (since 2007) and Finjan, a global provider of proactive web security solutions (since 2006). Mr. Benhamou serves on the executive committees of TechNet, Stanford University School of Engineering and Ben Gurion University of Negev. Additionally, he is a visiting professor at the INSEAD Business School and the Chairman of the Israel Venture Network, a venture philanthropy organization for a stronger Israeli society.

Mr. Benhamou's prior public company experience includes serving as Chairman of the Board of Directors of Palm, Inc., a mobile products provider (from 1999 to 2007), interim Chief Executive Officer of Palm (from 2001 to 2003), and Chief Executive Officer of 3Com Corporation, a network solutions provider (from 1990 to 2000). Prior to the assumption of these positions, Mr. Benhamou held a variety of senior management positions at 3Com. He has also served as a member of the Boards of Directors of the following private companies: Atrica, a provider of optical Ethernet solutions (from 2000 to 2008), Go Networks, a wireless network hardware provider (from 2004 to 2008), Purewave Networks, a WiMax base station vendor for wireless carriers (from 2007 to 2009) and WisdomArk, Inc., a consumer web service company (from 2005 to 2008). He also served on the executive committee of the Computer Science and Telecommunications Board (CSTB) (from 2003 to 2008). In 1981, Mr. Benhamou co-founded Bridge Communications, an early networking pioneer, and was Vice President of Engineering until its merger with 3Com in 1987. In 2003, Mr. Benhamou was appointed to the Joint High Level Advisory Panel of the U.S.-Israel Science and Technology Commission by U.S. Commerce Secretary Donald Evans.

Table of Contents

Mr. Benhamou holds a diplôme d'Ingenieur de l'École Nationale Supérieure d'Arts et Métiers in Paris, France, a master's degree in Science from the School of Engineering at Stanford University and several honorary doctorates.

The Board believes that Mr. Benhamou possesses specific attributes which qualify him to serve on the Board, including his experience with both public and private technology companies (as part of management and/or as a director and investor), as well as his experience in the global markets, particularly in Israel.

Mr. David M. Clapper is the former President and Chief Executive Officer of SurgRx, Inc., a private company medical device manufacturer, until SurgRx's acquisition by Ethicon Endo-Surgery in December 2008. Committee Governance

The Governance Committee, in coordination with the Board, implements and develops a process to conduct an annual assessment of committee performance and effectiveness, which includes a self-assessment by each committee and a performance review of each committee by non-committee members. The review includes an evaluation of various areas that may include committee sizes, committee composition, committee performance, committee coordination with one another and committee involvement of the full Board. The results of the committee performance assessment are reviewed by each respective committee, as well as by the Governance Committee, and discussed with the full Board.

Each committee’s charter addresses its purpose and responsibilities and contains other provisions relating to, among other matters, the committee’s organization and meeting requirements. Pursuant to the committee charters, all committees may, in each of their discretion, form and delegate all or a portion of its authority to subcommittees. Each committee’s charter requires the committee to annually review and assess its charter’s content and sufficiency, with final approval of any proposed changes required by the full Board. Stockholders and other interested persons may view a copy of each committee’s charter on our website, <http://www.svb.com> under “Corporate Governance”.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD

The Report of the Audit Committee of the Board shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the “Act”), or under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that the Company specifically incorporates the information contained in the report by reference, and shall not otherwise be deemed filed under such acts.

The Company’s Audit Committee (the “Audit Committee”) has prepared the following report for inclusion in this Proxy Statement. The Audit Committee is governed by a charter, which specifies, among other things, the scope of its responsibilities and how those responsibilities are performed. The Audit Committee members are “independent” as defined by Nasdaq, the listing standard applicable to the Company.

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Company’s website at <http://www.svb.com>.

The primary responsibility of the Audit Committee is to act on behalf of the Board in fulfilling the Board’s responsibility with respect to overseeing the Company’s accounting and reporting practices and the quality and integrity of the Company’s financial statements and reports, and to review the qualifications, independence, and performance of the certified public accountants engaged as the Company’s independent auditors. Management has the primary responsibility for the financial statements and the reporting process. The Company’s independent registered public accounting firm, KPMG LLP, is responsible for expressing an opinion on the conformity of the Company’s audited financial statements with U.S. generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication with Audit Committee* s. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Public Company Accounting Oversight Board Rule 3526, *Communication with Audit Committees Concerning Independence*, which supersedes Independence Standards Board Standard No.1, *Discussions with Audit Committees* , and discussed with the independent auditors the auditors’ independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company’s Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2009, for filing with the SEC.

This report is included herein at the direction of the members of the Audit Committee.

Proposal No. 2

APPROVAL OF AN AMENDMENT TO THE 1999 EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors Recommends a Vote “For” the Approval of an Amendment to the 1999 Employee Stock Purchase Plan

The stockholders are being asked to approve an amendment to the Company’s 1999 Employee Stock Purchase Plan (the “Purchase Plan”). A total of 1,000,000 shares of our common stock were initially authorized for sale under the Purchase Plan. The Purchase Plan is a significant part of our overall equity compensation strategy, especially with respect to our non-executive employees and is one of the primary programs through which our employees may achieve ownership in the Company and thereby share in the success of our Company. Therefore, the Board has approved an amendment to the Purchase Plan to increase the number of the Company’s common stock available for sale under the Purchase Plan by 1,000,000 shares to a total of 3,000,000 (as adjusted for stock splits) shares, subject to stockholder approval at the Meeting. As of February 24, 2010, without giving effect to the proposed amendment, a total of 374,449 shares were available for sale under the Purchase Plan. The Purchase Plan is not being amended in any other material respect.

Summary of the Company 1999 Employee Stock Purchase Plan

The following is a summary of the principal features of the Purchase Plan and its operation. The summary is qualified in its entirety by reference to the Purchase Plan as set forth in Appendix A.

General.

The Purchase Plan originally was adopted by the Board in January 1999 and approved by our stockholders in April 1999. The Board approved the amendment to increase the number of the Company’s common stock available for sale under the Purchase Plan by 1,000,000 shares on February 22, 2010, subject to and effective upon, stockholder approval at the Meeting. The purpose of the Purchase Plan is to provide a means by which employees of the Company and its designated affiliates may be given an opportunity to purchase common stock of the Company.

Shares Available for Issuance.

If our stockholders approve this proposal, a total of 3,000,000 (as adjusted for stock splits) shares of our common stock will be subject to the Purchase Plan. As of February 24, 2010, after giving effect to the proposed amendment, a total of 1,374,449 shares would be actually available for sale under the Purchase Plan.

Administration.

The Board administers the Purchase Plan unless and until the Board delegates administration to a committee appointed by the Board (in either case, the “Administrator”). Whether or not the Board has delegated administration, the Board has the final power to determine all questions of policy and expediency that may arise in the administration of the Purchase Plan. The Administrator has the power to construe and interpret the Purchase Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Administrator, in the exercise of this power, may correct any defect, omission or inconsistency in the Purchase Plan, in a manner and to the extent it deems necessary or expedient to make the Purchase Plan fully effective. The Administrator may amend or terminate the Purchase Plan, subject to the Purchase Plan’s provisions. Generally, the Administrator may exercise such powers and to perform such acts it deems necessary or expedient to promote the best interests of the Company and its affiliates and to carry out the intent that the Purchase Plan be treated as an “employee stock purchase plan” within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the “Code”). Any interpretation of the Plan by the Board of any decision made by it under the Plan is final and binding on all persons.

Table of Contents

Eligibility.

Employees of the Company and its designated affiliates whose customary employment is at least twenty (20) hours per week and more than five (5) months in a calendar year are eligible to participate in the Purchase Plan; except that no employee will be granted an option under the Purchase Plan to the extent that, immediately after the grant, such employee would own five (5%) or more of the total combined voting power or value of all classes of the Company's stock or the stock of any parent or subsidiary. The Administrator may require that an employee be in the employ of the Company or any affiliate for a continuous period of time preceding the grant of a right, but in no event will the required period of continuous employment be greater than two (2) years. Officers of the Company and any designated subsidiary are eligible to participate in the Purchase Plan; provided, however, that the Administrator may provide that certain employees who are highly compensated employees within the meaning of Code Section 414(q) with compensation above a certain level or who is an officer or subject to the disclosure requirements under Section 16(a) of the U.S. Securities Exchange Act of 1934, as amended, will not be eligible to participate in the Purchase Plan. The Administrator has the authority to adjust eligibility requirements consistent with the terms of the Purchase Plan.

Notwithstanding the foregoing, no employee will be granted a right to purchase stock under all of the Company's employee stock purchase plans that accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such right is granted) for each calendar year in which such rights are outstanding at any time. Subject to the limit in the previous sentence, the maximum aggregate number of shares that a participant may purchase during an offering is 3,000 shares.

Offerings.

The Purchase Plan is implemented by offerings of rights to eligible employees. Each offering will be in such form and will contain such terms and conditions as the Administrator will deem appropriate, which will comply with Code Section 423(b). The provisions of separate offerings need not be identical. The Administrator will determine the duration of an offering period, provided that no offering period can exceed twenty-seven (27) months.

If an employee has more than one (1) right outstanding under the Purchase Plan, unless he or she indicates otherwise, a right with a lower exercise price (or an earlier-granted right if two (2) rights have identical exercise prices), will be exercised to the fullest possible extent before a right with a higher exercise price (or a later-granted right if two (2) rights have identical exercise prices) will be exercised.

Contributions.

An eligible employee may become a participant in the Purchase Plan pursuant to an offering by delivering an enrollment agreement to the Company within the time period specified in the offering, in such form as the Company provides. Employees may authorize payroll deductions of up to 15% of such employee's earnings during the offering.

Purchase Price.

The purchase price for shares is the lesser of: (i) eighty-five percent (85%) of the fair market value of the common stock on the first date of the offering, or (ii) eighty-five percent (85%) of the fair market value of the common stock on the purchase date.

Payment of Purchase Price.

On each purchase date, each participant's accumulated contributions will be applied to the purchase of whole shares of Company common stock, up to the maximum number of shares permitted under the Purchase Plan and a given purchase period. No fractional shares will be issued.

Table of Contents

Withdrawal.

At any time during an offering, a participant may terminate his or her contributions under the Purchase Plan and withdraw from the offering by delivering to the Company a notice of withdrawal in such form as the Company provides. The withdrawal may be elected at any time prior to the end of the offering except as provided by the Administrator. Once a participant withdraws from an offering, the Company will distribute to the participant all of his or her accumulated payroll deductions under the offering, without interest, and the participant's interest in that offering will be automatically terminated. A participant's withdrawal from an offering will have no effect upon his or her eligibility to participate in any other offerings under the Purchase Plan, but the participant will be required to deliver a new enrollment agreement in order to participate in subsequent offerings under the Purchase Plan.

Termination of Employment.

Rights granted under the Purchase Plan terminate immediately upon cessation of a participant's employment with the Company and any designated affiliate for any reason. Once a participant's employment is terminated, the Company will distribute to such terminated employee all of his or her accumulated contributions under the offering without interest.

Adjustments upon Changes in Capitalization, Dissolution or Liquidation, or Change of Control.

Changes in Capitalization. If any change is made in the stock subject to the Purchase Plan, or subject to any rights granted under the Purchase Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Purchase Plan and outstanding rights will be appropriately adjusted in the classes and maximum number of shares subject to the Purchase Plan and the classes and number of shares and price per share of stock subject to outstanding rights. Such adjustments will be made by the Administrator, whose determination will be final, binding and conclusive. The conversion of any convertible securities of the Company will not be treated as a transaction not involving the receipt of consideration by the Company.

Dissolution, Liquidation, or Change in Control. In the event of the Company's dissolution or liquidation or certain change in control transactions set forth in the Purchase Plan, then the Administrator in its sole discretion may take any of the following actions: (i) any surviving or acquiring corporation may assume outstanding rights or substitute similar rights for those under the Purchase Plan, (ii) such rights may continue in full force and effect, or (iii) all participants' accumulated payroll deductions may be used to purchase the Company's common stock immediately prior to or within a reasonable period of time following the dissolution, liquidation or transaction, and the participants' rights under the ongoing offering terminated.

Amendment and Termination of the Purchase Plan.

Amendment. The Board may, at any time and from time to time, amend the Purchase Plan or the terms of one or more offerings. Certain amendments will not be effective unless stockholder approval is obtained within twelve (12) months before or after the amendment, including increasing the number of shares reserved under the Purchase Plan, modifying the eligibility provisions, and other modifications which require stockholder approval under Code Section 423 or Rule 16b-3. The Administrator may amend the Purchase Plan or an offering in any respect the Administrator deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Purchase Plan and/or rights granted under an offering into compliance therewith. Amendments generally may not adversely affect any rights and obligations granted before the amendment, except with the consent of the affected participant, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Purchase Plan and/or rights granted under an offering comply with the requirements of Section 423 of the Code.

Table of Contents

Termination. The Administrator in its discretion may suspend or terminate the Purchase Plan at any time. The Purchase Plan will automatically terminate if all the shares subject to the Purchase Plan are issued. No rights may be granted under the Purchase Plan while the Purchase Plan is suspended or after it is terminated. Rights and obligations under any rights granted while the Purchase Plan is in effect generally will not be impaired by suspension or termination of the Purchase Plan, except as expressly provided in the Purchase Plan, or with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Purchase Plan and/or rights granted under an offering comply with the requirements of Section 423 of the Code.

Participation in Plan Benefits

Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions or other contributions. Accordingly, future purchases under the Purchase Plan are not determinable. Non-employee directors are not eligible to participate in the Purchase Plan. For illustrative purposes, the following table sets forth (i) the number of shares of our common stock that were purchased during the last fiscal year under the Purchase Plan and (ii) the weighted average price per share paid for such shares.

Certain U.S. Federal Income Tax Information

The following brief summary of the effect of U.S. federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or non-U.S. jurisdiction in which the participant may reside.

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant generally will be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two (2) years from the first day of the applicable offering and one (1) year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) the excess of the fair market value of a share on the offering date that the right was granted over the purchase price for the right. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Vote Required; Recommendation of Board of Directors

The approval of the amendment to the Purchase Plan requires the affirmative vote of the holders a majority of the Votes Cast on the proposal at the Meeting.

Our Board of Directors has approved this proposal and recommends that stockholders vote "FOR" the approval of the amendment to the Company's 1999 Employee Stock Purchase Plan.

Proposal No. 3

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**The Board of Directors Recommends a Vote “For” the Ratification of the Appointment
of KPMG LLP as the Company’s Independent Registered Public Accounting Firm**

The Audit Committee has appointed the firm of KPMG LLP to be the independent registered public accounting firm of the Company for the 2010 fiscal year. KPMG LLP has audited the Company’s financial statements since November 1994. While neither the Company’s bylaws nor other governing documents require stockholder ratification of the selection of KPMG LLP as the Company’s independent registered public accounting firm, the Board is, based on the recommendation of the Audit Committee, submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify such selection by the affirmative vote of the holders of a majority of the Votes Cast, the Audit Committee may reconsider its selection.

Representatives from the firm of KPMG LLP will be present at the Meeting and afforded the opportunity to make a statement if they desire to do so. They will also be available to respond to stockholders’ questions.

PRINCIPAL AUDIT FEES AND SERVICES

The following table sets forth fees for services billed by or expected to be billed by KPMG LLP for the fiscal years 2009 and 2008, all of which were approved by the Audit Committee in conformity with its pre-approval process:

	<u>2009</u>	<u>2008</u>
Audit fees	\$ 2,674,438	\$ 2,588,650
Audit-related fees (1)	1,052,317	902,312
Tax fees (2)	430,604	344,737
All Other Fees (3)	357,951	0
Total	<u>\$ 4,515,310</u>	<u>\$ 3,835,699</u>

- (1) Consists principally of: (i) fees billed or expected to be billed related to certain of the Company’s subsidiaries’ financial statements and business processes review, (ii) fees for services relating to the Company’s preparation and filing of certain securities registration statements, and (iii) fees relating to the Company’s offering of its debt and equity securities.
- (2) Represents fees for services provided in connection with the Company’s tax compliance, tax advice and tax planning.
- (3) Represents fees for advisory services relating to the Company’s global banking initiatives and analysis of certain accounting standards.

In accordance with its charter, the Audit Committee must explicitly approve the engagement of the independent auditor for all audit and permissible non-audit related services, as required by law. The charter also provides that, to the extent permitted by applicable law, the Audit Committee may adopt pre-approval policies and procedures, as well as delegate authority to grant approvals to one or more members of the Audit Committee. During the fiscal years 2009 and 2008, all such services provided by KPMG LLP were approved or pre-approved by the Audit Committee. Additionally, all non-audit related services provided by KPMG LLP were reviewed with the Audit Committee, which concluded that the provision of such services did not compromise KPMG LLP’s independence in the conduct of its auditing function.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company believes, based on a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company and other information known to the Company, that during fiscal year 2009 its directors, officers (as defined in the rules under Section 16 of the Exchange Act), and any greater than 10% stockholders have complied with all Section 16(a) filing requirements in a timely manner; except for one report relating to his annual equity grant in May 2009 for each of Messrs. Hart and Hardyman due to an administrative reason.

COMPENSATION COMMITTEE REPORT

This Compensation Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Act or the Exchange Act, except to the extent that the Company specifically incorporates the information contained in the report by reference, and shall not otherwise be deemed filed under such acts.

The Compensation Committee has reviewed and discussed the following Compensation Discussion and Analysis with management. Based on this review and these discussions, the Compensation Committee recommended to the Board of Directors of the Company that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and Proxy Statement.

Additionally, the Compensation Committee certifies that with respect to the period during which the Company was a participant in the U.S. Treasury's TARP Capital Purchase Program ¹:

- (1) It has reviewed with senior risk officers the senior executive officer ("SEO") ² compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company;
- (2) It has reviewed with senior risk officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and
- (3) It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee.

This report is included herein at the direction of the members of the Compensation Committee.

¹ The Company repaid its obligation in full on December 23, 2009.

² Our SEOs are our five named executive officers as discussed in the following Compensation Discussion and Analysis.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Board of Directors, acting directly or through its Compensation Committee (or the "Committee"), determines the compensation of the Company's Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers (the "named executive officers" or "NEOs"). The Compensation Committee is composed entirely of directors who are "independent" under the Nasdaq rules applicable to us. During 2009, the Compensation Committee had the following members: Ms. Michaela Rodeno (Chair), Messrs. Alex "Pete" Hart, C. Richard Kramlich, James Porter, and Ms. Kyung Yoon. During 2009, the Board of Directors did not reject or modify in any material way any action of or recommendation by the Compensation Committee.

As part of its decision-making process, the Compensation Committee has retained the firm Towers Perrin as its independent compensation consultant to serve in an advisory capacity in determining or recommending the amount or form of executive and director compensation. Their specific services to the Compensation Committee include support in the Committee's effort to periodically review and update, as appropriate, the Company's compensation philosophy; assistance with the Committee's periodic review of potential risks associated with the Company's compensation programs; analysis of NEO and director compensation levels; analysis of Company equity utilization; and periodic reports to the Committee on market compensation trends and developments.

In addition, the Compensation Committee considers recommendations submitted by our Chief Executive Officer (for the NEOs, excluding himself) as well as data and analyses provided by the Company. Our Chief Executive Officer attends some meetings of the Compensation Committee but does not participate in any deliberations relating to his own compensation.

The Overall Environment and Our Performance in 2009

2009 was another highly challenging year for the Company, as it was for most financial services firms in the U.S. We operated under a difficult economic environment with continuing credit challenges, as we did in 2008, but also under heightened regulatory oversight and focus, especially in the area of executive compensation. As a participant in the U.S. Treasury's TARP Capital Purchase Program ("CPP") during 2009, we were subject to various executive compensation limitations and increasing Compensation Committee oversight responsibilities. Amidst this environment in 2009, the Committee continued to carry out its executive compensation objectives by focusing primarily on: (i) providing our executives with total pay levels and a mix of pay that are reasonable and appropriately reflect each executive's performance and the Company's performance; and (ii) linking pay to performance without providing incentives to take unwise or inappropriate risks. Particularly, in making its executive compensation decisions for 2009, the Committee sought to balance a variety of factors, including our underlying compensation philosophy, each executive's target total compensation, applicable laws and regulations, executive retention and motivation, and the most significant of all, individual and Company performance.

While our business continued to be impacted by the effects of the economic downturn in 2008, we believe we achieved strong financial results in 2009 relative to the broader financial services industry. Despite the challenges of the economic environment during 2009, the Company maintained exceptional strength during the year due primarily to: (1) our fundamentally strong underwriting and portfolio management; (2) our ample capital and liquidity to weather the economic challenges; and (3) our resulting ability to continue lending to and meeting the needs of our clients, while also continuing to build our business.

The Company performed well during 2009 due to our focus on these areas. Highlights of the Company's results in 2009 include:

- We were profitable, achieving consolidated net income available to common stockholders for 2009 of \$22.7 million and earnings per diluted common share of \$0.66.

Table of Contents

- We improved credit quality, maintaining our already rigorous credit underwriting and portfolio management. Through persistent and consistent effort, we significantly reduced our levels of impaired loans from \$84.9 million at the end of 2008 to \$50.2 million at the end of 2009.
- We strengthened our already strong capital position through the completion of a successful \$307 million public equity offering during the fourth quarter. In December 2009, we used a portion of the net proceeds to redeem \$235 million in preferred shares from the U.S. Treasury, plus accrued dividends, satisfying our obligation under the TARP Capital Purchase Program. As of the end of 2009, we were one of the best-capitalized banks in the industry³.
- We added to our already ample liquidity position through deposit growth. We grew average deposits by almost 80%, compared to 2008.
- We increased our period end investment securities by approximately 150% compared with last year, primarily due to our investment of our excess liquidity from deposit growth.
- We continued to meet our clients' needs and gain market share among venture-backed and mature companies. We added more than 400 new loan clients, responsible for nearly \$1 billion in new borrowings. Overall, we added nearly 1,000 new clients during 2009.
- We continued to invest in our long term growth, including in particular our international expansion.
- We increased net interest income by nearly 4% during 2009 despite a low interest rate environment, as well as reduced loan demand due to efforts by some clients to deleverage their businesses.
- We maintained our expense control discipline, primarily by deferring some of our hiring.

Participation in U.S. Treasury's TARP Capital Purchase Program during 2009

We participated in the CPP in December 2008 so that we could continue to lend and support our current and prospective clients, especially during an unstable economic environment. Under the terms of our participation, we received \$235 million in exchange for the issuance of preferred stock and a warrant to purchase common stock. During the latter part of 2009, we decided to take steps to exit the CPP, and after consulting with our primary regulator, the Federal Reserve Bank of San Francisco, and the U.S. Treasury, we repaid our CPP obligation in full on December 23, 2009. While our warrant currently remains outstanding, we have redeemed all of our preferred stock previously issued to the Treasury.

While we were a participant in the CPP during 2009, we were subject to various regulatory requirements, including certain limitations and restrictions on executive compensation promulgated under the Emergency Economic Stabilization Act of 2008 ("EESA"), as amended by the American Recovery and Reinvestment Act of 2009 ("ARRA")⁴. Among other requirements: (i) our top five most highly compensated employees, including our Chief Executive Officer and Chief Financial Officer, were subject to limitations on bonuses and incentive compensation (including equity awards); (ii) our top ten most highly compensated employees were subject to prohibitions on golden parachute payments; (iii) our top 25 most highly compensated employees were subject to restrictions on tax gross up payments, as well as clawback requirements of bonus or incentive compensation paid based on financial information or performance criteria which are later determined to be materially inaccurate; and (iv) our Compensation Committee were required to review and evaluate risks associated with the Company's compensation plans. During the period in which we were a CPP participant in 2009 and based on 2008 total compensation, Messrs. Wilcox, Descheneaux, Becker and MacLennan were among our top five most highly compensated employees, and Mr. Jones was among our top 25.

In light of our repayment under the CPP, many of the requirements under the EESA and the ARRA are no longer applicable; however, certain requirements, such as certain disclosures and certifications, continue to be applicable to us as they pertain to the 2009 year.

⁴ As implemented by the Treasury's Interim Final Rules, which became effective on June 15, 2009.

Compensation Committee Review of Compensation Plans

As required under the EESA, during 2009, the Compensation Committee reviewed the Company's employee compensation plans and the associated potential risks. Specifically, the Committee discussed, evaluated and reviewed:

- Our compensation plans applicable to our SEOs to ensure that they do not encourage them to take unnecessary and excessive risks that threaten the value of the Company;
- Our employee compensation plans in light of the risks posed to the Company by these plans and how such risks are limited; and
- Our employee compensation plans to ensure that these plans do not encourage the manipulation of the reported earnings of the Company to enhance the compensation of any of the Company's employees.

The Committee reviewed the SEO compensation plans in February 2009, and all of the employee compensation plans, including SEO compensation plans, in December 2009, with the Company's senior risk officers, which included Mary Dent, the Company's General Counsel, Marc Verissimo, the Company's Chief Strategy & Risk Officer, Chris Edmonds-Waters, the Company's Head of Human Resources, and other members of management, as well as with Towers Watson, the Committee's independent compensation consultant. The Committee completed its reviews concluding that the Company's compensation policies, practices and strategies support the Company's business goals and objectives, and long-term value growth. Specifically the Company's compensation programs:

- Strengthen alignment of the financial interests of executives with those of other shareholders;
- Enhance executive long-term perspective, commitment and focus on shareholder value growth;
- Balance the risk/reward profile by providing an appropriate additional basis for sharing in the Company's success (or failure), as reflected in shareholder returns, within the context of the Company's risk management system; and
- Align Company practice with market practices and with corporate governance best practices.

The Committee reviewed the following compensation plans: (For more information about these plans, please see "Elements of Compensation" below or refer to our Annual Report on Form 10-K for the year ended December 31, 2009.)

- *Plans applicable to all employees, including SEOs* : 2006 Equity Incentive Plan, 1997 Equity Incentive Plan, Incentive Compensation Plan, and 401(k) and Employee Stock Ownership Plan.
- *Plans applicable to all employees, excluding SEOs* : Direct Drive Sales Incentive Plan and Warrant Incentive Plan.
- *Plans applicable to SEOs* : Change in Control Severance Plan; SVB Capital Carried Interest Long-Term Incentive Plan (for Mr. MacLennan only); and Retention Plan and Deferred Compensation Plan (both applicable to other members of senior management)

The Committee reviewed the compensation plans applicable to SEOs and concluded that they did not encourage the SEOs to take unnecessary and excessive risks that threaten the value of the Company and that any potential risks were appropriately mitigated. The Committee focused on plans with variable performance metrics upon which compensation could be based. In particular, the Committee determined that the Company's incentive-based plans, such as the equity incentive plans and the Incentive Compensation Plan, did not encourage the SEOs to take such risks, primarily due to: (i) the broad range of target performance metrics established at the outset with the Committee's oversight (to be evaluated at the Committee's discretion and not utilized on a formulaic basis); (ii) the frequency of the Committee's oversight and monitoring of management performance against targets; (iii) the requirement of Committee approval of incentive accounting accruals; and (iv) the Committee's sole discretion in determining final incentive awards to the SEOs. The Committee also determined

Table of Contents

that the Retention Plan did not encourage such risks, primarily due to: (i) plan distributions are based on the returns of underlying investments, and are generally long term and beyond the influence of plan participants, and (ii) plan distributions are calculated on a net returns basis, inclusive of any losses. With respect to Mr. MacLennan's participation in the SVB Capital Carried Interest Long-Term Incentive Plan, the Committee reached a similar conclusion, primarily due to: (i) the long term nature of the underlying investments that generate potential distributions under the plan, and (ii) the required satisfaction of certain conditions for potential distributions, including vesting and clawback features. With respect to the Change in Control Severance Plan, the Committee determined that any event triggering a "change in control" under the plan would require review and approval from the full Board, as well as likely from shareholders, and was beyond the control of any SEO. Moreover, any distributions made under the Employee Stock Ownership Plan are approved at the Committee's sole discretion and are also beyond the control of any SEO.

The Committee reviewed the compensation plans applicable to its employees and concluded that unnecessary risks were limited by the factors described above for plans applicable to employees. In addition, with respect to the Direct Drive Sales Incentive Plan, such unnecessary risks are limited and mitigated by: (i) despite the formulaically-based accruals under the plan, the Committee and management retain complete discretion in the determination of actual awards based on a performance assessment; (ii) the rigorous underwriting standards applicable to credit extensions; and (iii) the requirement for credit approval by Credit Administration personnel, separate from our sales personnel that participate under the plan. With respect to our Warrant Incentive Plan, unnecessary risks are also limited under the plan primarily because plan distributions are based on returns of the underlying warrants, which are realized upon the warrants' exercise as determined by our Treasury personnel, separate and without influence from our sales personnel.

Further, the Committee reviewed the employee compensation plans and determined that they did not encourage the manipulation of reported earnings to enhance the compensation of the employee. Our reported earnings are subject to stringent internal and disclosure controls, as well as the review by the Audit Committee of the Board and the review and audit of KPMG LLP, our independent registered public accounting firm.

Executive Compensation Philosophy and Strategy

Our vision is to become the premier provider of innovative financial services to entrepreneurial companies of all sizes worldwide. At its core, our business focuses on providing commercial banking services to emerging, growth, and established technology companies and the life science, venture capital, and premium wine markets. We augment our commercial banking services with an array of products and services that are suited to the needs of our current clients and to later-stage technology and life sciences companies. Additional services also include specialized lines of business such as our venture capital/private equity business, SVB Capital, and SVB Analytics, which provides our clients with equity valuation and capitalization data management services. Finally, to address the reality that our clients exist in and will derive a substantial share of their future growth from the global marketplace, we are continuing to expand our global activities. Together, these lines of business provide the basis for our current financial performance and the foundation for our future growth.

Our compensation philosophy for our named executive officers reflects this vision and strategy. It is designed to align compensation with business objectives and performance, to motivate our NEOs to enhance short-term and long-term business results, and to enable us to attract, retain and reward executive officers who contribute to our current financial performance and our long-term success.

During 2009 the Compensation Committee, in consultation with the Board of Directors, continued its evaluation of our compensation philosophy as part of our efforts to ensure that our approach to executive pay appropriately reflects our business objectives, the diverse nature of our lines of business, and the relative complexity this business diversity reflects in an organization of our size, as well as comparable market practices.

Table of Contents

The key principles of our compensation philosophy for 2009 were:

- **Tie incentive compensation to Company performance.** We believe that tying a significant portion of each NEO's compensation to Company performance appropriately rewards executives for achieving positive financial performance and other business objectives. We employed two primary incentive-based compensation structures—cash and equity. Under our Incentive Compensation Plan, the Compensation Committee may award a NEO an annual discretionary cash incentive based upon the Company's performance and the NEO's individual performance. While incentives are awarded at the Committee's discretion, the Committee may assess Company performance through achievement of one or more specified performance metrics, including financial metrics, the Company's successful completion of predefined corporate initiatives, and the NEO's individual performance. The Compensation Committee typically makes stock option grants and performance-based restricted stock unit grants to each NEO through our 2006 Equity Incentive Plan. For further information regarding our incentive compensation plans, see "Compensation for Named Executive Officers—Incentive Compensation Plan" and "Compensation for Named Executive Officers—Equity Incentive Plan" below.
- **Pay competitively.** We believe that base salaries and target total compensation levels for our NEOs should be competitive relative to other financial services organizations of comparable size and/or complexity. We typically employ compensation data from various sources, including compensation surveys conducted by independent compensation consultants, and determine benchmark levels for each NEO individually. We typically evaluate base salaries and target total compensation in reference to the market median, with individual pay varying above or below market median based on each individual executive's skills, experience, and demonstrated performance.
- **Mix short-term and long-term compensation.** The Compensation Committee is committed to providing its executives a mix of pay that is reasonable, appropriately reflects performance, links pay to performance without undue risks, and takes into account applicable regulatory requirements. In setting an appropriate pay mix, the Committee takes into consideration target total compensation, potential earning opportunities, Company and individual performance, and applicable regulatory restrictions. Additionally, it considers market data and may determine position-specific target pay mix for each NEO, basing it on benchmarking data for each individual role. In utilizing this approach, the Committee may better competitively calibrate each NEO's total compensation package, which includes calibrating individual components of compensation (base salary, short-term incentives, and long-term incentives), where appropriate.
- **Balance external market competitiveness with internal parity.** In setting overall compensation levels for our NEOs, we have typically sought to balance market competitiveness with a reasonable level of internal parity. We recognize that external market data can never completely reflect the full extent to which each individual NEO demonstrates leadership, makes strategic decisions, and contributes to our business results through the execution of their responsibilities. We believe that balancing external competitiveness with a reasonable level of internal parity helps to promote a culture of peer equality among the executive team and to recognize the skills and contributions that each executive brings to the organization.
- **Promote equity ownership among our NEOs.** We believe that it is important that our NEOs have an equity ownership stake in the Company. Equity ownership helps to align the economic interests of stockholders and management. As such, equity grants are an important component of our NEOs' compensation packages. (See "Elements of Compensation—Equity Incentive Plan" below.) To encourage our NEOs to maintain equity ownership in the Company, the Compensation Committee of the Board of Directors has established stock ownership guidelines for the CEO and each of the other NEOs. For further discussion of the guidelines, see "Equity Ownership Guidelines for Executive Officers" below.

Table of Contents

- **Comply with applicable regulatory requirements regarding executive compensation.** In making compensation decisions, we observe, as required, all applicable regulatory and corporate requirements as it relates to executive compensation, including the regulations that were applicable to us under EESA during 2009.

The Compensation Committee monitors total compensation on a quarterly basis, using executive compensation “tally sheets” that summarize each element of each NEO’s total compensation, including outstanding equity incentive grants and the costs of any termination payments that would be triggered in the event of a change-in-control, position elimination or voluntary resignation. The Compensation Committee utilizes these tally sheets to evaluate changes in the individual components of each NEO’s compensation levels over a five-year period, providing a concise historic reference as they consider future changes to NEO pay. These tally sheets are also shared with the Board of Directors on a routine basis. The Compensation Committee also monitors each NEO’s performance against our equity ownership guidelines on a quarterly basis, using executive equity ownership and sales reports.

Executive Compensation Competitive Benchmarking

In establishing NEO compensation targets, the Compensation Committee considers competitive compensation market benchmark data. SVB Financial Group’s benchmarking reference peer group was comprised of 10 financial services organizations that:

- had a commercial lending (as opposed to consumer or retail lending) focus;
- had comparable net income;
- had comparable net interest income;
- had a similar portfolio of available products and services; and/or
- competed with us for executive talent.

This reference group included Bank of Hawaii, Bridge Capital Holdings, City National Corp., CME Group, Cullen/Frost Bankers, Huntington Bancshares, Irwin Financial Corp., Peoples Bancorp, Webster Financial Corp., and Zions Bancorporation. While this group of firms formed our core benchmarking reference group, the Compensation Committee typically evaluates the appropriateness of the reference group for each individual NEO position, and may refine the reference group it looks to for each position, considering factors including potential peers’ assets, number of employees, business model and complexity of the platform, scope of business, and the role played by each NEO relative to peers at comparable institutions.

During 2009 the Committee recognized that the volatility and uncertainty of the global economy had a significantly detrimental impact on the broader U.S. labor market, and that market compensation data might lag in its reflection of these extraordinary factors. Therefore, in making compensation decisions during 2009 the Committee balanced its consideration of competitive market data with other factors such as the retention, motivation, and performance of NEOs.

Elements of Compensation

For 2009, we utilized a blend of short- and long-term compensation elements to provide our NEOs with appropriately retentive compensation while ensuring that a reasonable share of compensation remained at-risk and contingent upon our achievement of successful business results. Specific elements of compensation we provided our NEOs for 2009 included:

Base Salary

We provide base salaries in order to provide each NEO with a reasonable level of fixed short-term compensation, in light of the NEO’s target total compensation package. Base salary levels for our NEOs are typically reviewed at least annually by the Compensation Committee and adjusted as appropriate. When

Table of Contents

determining any NEO base salary increases, the Compensation Committee considers an individual NEO's total compensation package, his or her performance, Company performance, applicable laws and regulations, and other relevant factors, including for example the scope of the NEO's responsibilities relative to peers and retention concerns, if any. The Committee also takes into consideration changes in the competitive market base salaries among our benchmarking reference group for the position in question.

During 2009 the Committee periodically evaluated the total compensation opportunity for each of the NEOs. Despite the significant levels of volatility and uncertainty in the economy and the financial services industry, the Committee considered the performance and accomplishments of the management team to be exceptional in the face of such challenges during 2009, leading to such distinctions as the Company being ranked as one of the five best banks in *Forbes* magazine⁵.

Based on these evaluations, the Committee approved the following increases to NEO base salaries:

- Effective October 1, 2009, the annual base salary for Mr. Wilcox increased by \$290,000 to \$1,000,000 to increase the share of total compensation paid in the form of base salary. In making this change, the Committee considered Mr. Wilcox's total compensation opportunity relative to market peers, individual performance and responsibilities, retention/motivational risk given Mr. Wilcox's critical role leading the corporation, and applicable laws and regulations.
- Effective October 1, 2009, the annual base salary for Mr. Becker increased by \$275,000 to \$700,000, to increase the share of total compensation paid in the form of base salary. In making this change, the Committee and Mr. Wilcox considered Mr. Becker's individual performance and responsibilities, retention/motivational risk given Mr. Becker's critical role in leading Silicon Valley Bank, his total compensation opportunity relative to market peers, and applicable laws and regulations.
- Effective May 1, 2009, the annual base salary for Mr. Descheneaux increased by \$100,000 to \$425,000. Effective October 1, 2009, the annual base salary for Mr. Descheneaux increased by an additional \$60,000 to \$485,000, to increase the share of total compensation paid in the form of base salary. In making these changes, the Committee and Mr. Wilcox considered retention/motivational risk given Mr. Descheneaux's critical role in leading the Company's capital/liquidity management strategies, his individual performance and responsibilities, his total compensation opportunity relative to market peers, and applicable laws and regulations.

Incentive Compensation Plan ("ICP")

Our NEOs participate in the Company's ICP, a short-term cash incentive plan that rewards performance against individual and company objectives. For each participant, we establish a target incentive, stated as a percentage of the individual's base salary. At the close of the year, the Compensation Committee determines actual incentive awards for the NEOs based upon the individual's target incentive level, the Company's performance, and the individual NEO's performance. ICP awards for NEOs may be at, above, or below the target incentive and are at the sole discretion of the Compensation Committee.

Under the ICP, the Company accrues an incentive pool each year at the discretion of the Compensation Committee. In 2009, given the uncertainty of the economic outlook, the Committee determined that the Company should utilize an incentive framework for its NEOs that emphasized the following key principles:

- Consideration of both near-term and longer-term performance metrics in evaluating the Company's overall performance and making discretionary adjustments to incentives;
- Consideration of additional Company performance metrics that would demonstrate SVB's fiscal soundness and well-being during the economic instability in the industry, such as credit quality and strength of the balance sheet;

⁵ As reported based on selected financial metrics in its January 18, 2010 issue.

Table of Contents

- Evaluation of the Company's performance relative to performance in the broader financial services industry.

Throughout the year the Committee considered a variety of quantitative and qualitative performance factors in applying its broad discretion to determine an appropriate 2009 incentive pool accrual for the NEOs. Factors that the Committee considered included our areas of strong performance such as capitalization ratios and liquidity, credit quality/portfolio management, profitability, expense control, global expansion milestones, client satisfaction, and results of regulatory examinations, as well as our areas of more challenged performance, such as the lack of loan growth due to reduced loan demand, reduced fee income, and the fiscal impact of historically low interest rates. Based on the Committee's overall assessment of Company performance, the Committee approved accruing a year-end incentive pool equal to 50% of the aggregate target incentives for the NEOs.

In determining each NEO's performance, and the appropriate incentive compensation commensurate with this performance, the Committee considered the factors it believed were most relevant, including each NEO's contributions to (i) the Company's business and financial results, each (ii) the Company's successful execution of the 2009 corporate initiatives, and (iii) broader leadership goals within the organization. For Mr. Wilcox, the Committee took into consideration the performance assessment conducted by the Governance Committee of the Board of Directors, in consultation with the full Board. For the other NEOs, the Committee considered the performance assessments conducted primarily by Mr. Wilcox. In addition to Mr. Wilcox's assessments, the Compensation Committee considered its members' direct observations and assessments of each NEO's performance.

To determine 2009 incentive compensation for the NEOs, the Committee also took into consideration the incentive limitations that were applicable during 2009 under EESA. In exercising its discretion in the determination of actual NEO incentive compensation, the Committee concluded in January 2010 that notwithstanding the incentive limitations under EESA, incentive compensation awards would be appropriate for the NEOs based on the exceptional performance of the overall Company and individual NEOs in 2009. The Committee determined that Mr. Wilcox had earned an incentive award of \$300,000 given the Company's performance during a highly challenging year for the financial services industry. Specific Company accomplishments noted by the Committee in considering Mr. Wilcox's incentive award included the Company's profitability, maintenance and strengthening of a very strong capital and liquidity position, rigorous credit underwriting and loan portfolio management, favorable regulatory examination results, growth in market share, and the strong execution of corporate initiatives including those related to client experience, employee engagement, research and development, risk management, efficiency, and global expansion.

The Committee and Mr. Wilcox determined that Mr. Becker, Mr. Descheneaux, Mr. Jones, and Mr. MacLennan, should receive an ICP award based on their individual performance against critical initiatives. For Mr. Descheneaux, specific factors considered by Mr. Wilcox and the Committee included very strong performance with regard to the execution of our capital and liquidity management strategy, as well as our \$307 million equity raise. For Mr. Becker, specific factors considered included the strong fiscal performance of our commercial bank despite the challenging economy, gains in market share among venture-backed and mature companies, as well as continued progress in our global expansion. For both Mr. Becker and Mr. Jones, Mr. Wilcox and the Compensation Committee also considered our higher credit quality, the maintenance of our already rigorous credit underwriting and loan portfolio management, and significant reduction of our levels of classified and impaired loans. For Mr. MacLennan, specific factors considered included improved net income performance of SVB Capital as well as relatively strong fundraising during 2009 given the challenging economic environment. In recognition of these significant accomplishments, the Committee approved an incentive payment of \$170,000 to Mr. Becker, \$170,000 to Mr. Descheneaux, \$170,000 to Mr. MacLennan, and \$200,000 to Mr. Jones.

Equity Incentive Plan

Each NEO is eligible to receive equity awards, including stock options, restricted stock units and/or restricted stock awards. The Company believes that equity-based awards—particularly in combination with the Company’s equity ownership guidelines, discussed below—tie each of the NEOs’ compensation to the Company’s long-term financial performance and align the interests of the NEOs and our stockholders.

The Compensation Committee typically makes equity awards to each NEO at the time the individual is hired and on an annual basis thereafter. The size of each award reflects the overall number of shares available to the Company under its equity incentive plan, the Compensation Committee’s determination of an appropriate annual equity burn rate (the percentage of total shares outstanding that the Company has issued during the year in the form of equity compensation), the NEO’s role and performance, and the market compensation data for the NEO’s external peers.

Effective on May 12, 2009, the Compensation Committee awarded the NEOs stock options. The Compensation Committee did not establish separate performance-based criteria for the stock options, as the value of an option is inherently tied to the future performance of the Company’s Common Stock. In accordance with the incentive limitations under EESA, vesting of these options for Messrs. Wilcox, Descheneaux, Becker and MacLennan was suspended from June 15, 2009 (the effective date of the Treasury’s Interim Final Rules) through December 23, 2009, the date we repaid our CPP obligation.

Also effective on May 12, 2009, the Compensation Committee awarded the NEOs performance-contingent restricted stock units (RSUs). To evaluate the performance of the NEOs throughout the year and to determine at year-end, in their sole discretion, the extent to which the NEOs had earned these performance-contingent RSUs, the Committee considered a variety of quantitative and qualitative performance factors, including our areas of strong performance such as capitalization ratios and liquidity, credit quality/portfolio management, profitability, expense control, global expansion milestones, client satisfaction, and results of regulatory examinations, as well as our areas of more challenged performance, such as the lack of loan growth due to reduced loan demand, reduced fee income, and the fiscal impact of historically low interest rates. Based on the Committee’s evaluation of the Company’s achievements despite the highly challenging economic environment, and the exceptional performance of the individual NEOs, the Committee deemed that for 2009 50% of these RSUs had been earned by each individual NEO:

- For Mr. Wilcox, the Committee determined that he had earned 4,550 RSUs out of the 9,100 RSUs originally granted in May 2009.
- For Mr. Descheneaux, the Committee determined that he had earned 2,075 RSUs out of the 4,150 RSUs originally granted.
- For Mr. Becker, the Committee determined that he had earned 2,525 RSUs out of the 5,050 RSUs originally granted.
- For Mr. MacLennan, the Committee determined that he had earned 1,550 RSUs out of the 3,100 originally granted.
- For Mr. Jones, the Committee determined that he had earned 1,750 out of the 3,500 RSUs originally granted.

To the extent earned, these restricted stock units are also subject to time-based vesting and will vest on December 31, 2011, subject to each respective NEO’s continued employment through this vesting date.

Values reported in the Summary Compensation Table reflect the aggregate grant date fair value of awards computed in accordance with the Financial Accounting Standards Board Accounting Standard Codification Topic 718. For performance-contingent awards, the grant date fair values reported in the Summary Compensation Table are based on the probable outcome of the performance conditions foreseeable as of the date of grant. Where the actual outcome differed, we have noted these outcomes accordingly.

Table of Contents

Retention Program (“RP”)

Each NEO is eligible to participate in the Company’s RP, a long-term incentive plan that allows executives and key members of senior management to share directly in the Company’s investment success. This program serves the Company’s retention goals by providing a long-term cash incentive funded by sources of income which are more highly variable, namely gains on investment funds and warrants. Its funding reflects the positive returns achieved through our venture capital and direct equity investment activities, as well as income realized from warrants obtained through our commercial lending activities.

Under the RP, a separate plan was adopted, and plan participants were designated, for each fiscal year through 2007. (In 2008, the RP was amended under a single plan as described below.) The Compensation Committee determines individual NEO allocations in the RP, which give each NEO a stated percentage interest in the future returns on the designated investments in the pool. The NEOs’ allocated interests typically are not subsequently adjusted. (The interests are not in the underlying investments themselves, but rather in future distributions or returns to the Company on such investments). Distributions received by the Company are paid to the participants over the term of the applicable plan, which is generally 10 years.

In 2008, the Compensation Committee amended the RP to construct it as a single plan comprised of designated investments the Company made in 2008 as well as those investments which the Company will make in future years. Designated investments in this amended Retention Plan made in a given year will fund the program for a period of 10 years. Any returns from these investments realized after this 10-year period will not fund the RP. For example, returns from investments designated during 2009 will fund the program until 2019. Any returns realized from these investments thereafter will not fund this program.

In January 2010, the Compensation Committee allocated an interest of 10% in the amended RP to Mr. Wilcox and an interest of 5% to each of the other NEOs with respect to distributions attributable to the RP investments made during 2008 and 2009. The Committee will evaluate these allocations annually and may adjust them upward or downward at its discretion based on its assessment of individual performance and target compensation.

Other Compensation for Specific NEOs

We have adopted certain compensation elements solely for Mr. MacLennan, President of SVB Capital, which reflect the typical pay practices utilized by private equity and venture capital firms for their comparable funds management leadership roles. Typical venture capital and private equity fund compensation practices feature a significant variable pay component, including both short-term and long-term incentives.

We provide Mr. MacLennan with short-term incentives through the ICP, as discussed above. Consistent with industry practice, we provide Mr. MacLennan with long-term incentives in the form of “carried interest” allocations. “Carried interest” is the portion of a venture capital or private equity fund’s profits that the fund’s managing entity receives as compensation from its limited partners. (For example, a fund may be entitled to retain 20% of the fund’s profits, after all capital has been returned to limited partners.) Typically, funds allocate a meaningful portion of the total carried interest to key individuals managing the fund in order to motivate these individuals to maximize the fund’s performance by giving them a personal stake in the success or failure of the fund. At this time this is not a 162(m)-qualifying incentive plan. Mr. MacLennan currently has the following carry allocations which were awarded to him in 2007:⁶

- 2 carried interest points in the SVB Capital Partners II fund

⁶ Based on Mr. MacLennan’s carried interest allocations, he will receive approximately 2% of net returns from the SVB Capital Partners II fund and approximately 0.2% of the net returns from the Strategic Investors Fund III, with payouts subject to plan vesting. Under the SVB Capital Carried Interest Long-Term Incentive Plan, Mr. MacLennan’s carry allocation in the SVB Capital Partners II fund will vest in equal increments over 6 years from fund inception. His carry allocation in the Strategic Investors Fund III fund will vest in equal increments over 5 years from fund inception.

Table of Contents

- 0.2 carried interest points in the Strategic Investors Fund III fund

Under the terms of this “carried interest” arrangement described above, Mr. MacLennan was not entitled to any cash payouts for 2009.

Employee Retirement Benefits

Our NEOs are eligible to participate in our qualified retirement plan, the SVB Financial Group 401(k) and Employee Stock Ownership Plan, which is generally available to all of the Company’s employees. ⁷The SVB Financial Group 401(k) and Employee Stock Ownership Plan is the only Company-sponsored retirement plan offered to executives. SVB Financial Group does not provide any supplemental executive retirement plan (SERP) to our NEOs.

Our employees, including our NEOs, may make voluntary 401(k) pre-tax deferrals up to the maximum provided for by Internal Revenue Service (“IRS”) regulations. The Company provides dollar-for-dollar matching contributions up to a maximum of 5% of cash compensation or the Internal Revenue Section 401(a) compensation limit, whichever is less. Company 401(k) matching contributions vest immediately upon deposit into the individual’s 401(k) account.

The plan also includes an Employee Stock Ownership Plan (ESOP), through which we make discretionary annual contributions ranging from 0% to 10% of eligible compensation under Internal Revenue Section 401(a). The Compensation Committee determines the amount of the ESOP contribution annually based upon its discretion. ESOP contributions are determined based on the Company’s performance and are not adjusted to reflect individual performance. Similar to the manner in which the Committee exercises its discretion in determining ICP accruals (as discussed above), the Committee reviews the Company’s overall performance, including quantitative and qualitative performance factors.

For 2009, the Committee determined that while the Company demonstrated strong performance in a variety of areas, due to the impact on overall financial performance of certain areas of challenged performance, such as the lack of loan growth due to reduced loan demand, reduced fee income, and the fiscal impact of historically low interest rates, no ESOP contributions be awarded to the NEOs or to any employees.

Deferred Compensation

We do not provide NEOs with any Company-funded deferred compensation benefits. However, in order to help them achieve their retirement objectives, we offer each NEO the opportunity to participate in our Deferred Compensation Plan (“DCP”). The DCP allows the executive to tax defer a portion of their income, beyond what is allowed to be deferred under IRS regulations in the Company’s qualified retirement plan. Specifically, each individual may defer 5% to 25% of their base pay and 5% to 100% of eligible incentive payments during each plan year. The DCP is an unfunded plan, and participating executives bear the risk of forfeiture in the event that we cannot fund DCP liabilities. We do not match executive deferrals to the DCP, nor do we make any other contributions to the DCP. Further information regarding the participation of our NEOs in the DCP is set forth in “Compensation for Named Executive Officers—Non-Qualified Deferred Compensation” below.

We establish and maintain a bookkeeping account for each participant which reflects compensation deferrals made by the executive along with any earnings, expenses, gains and losses credited thereto. The amount in a participant’s account is adjusted for hypothetical investment earnings or losses in an amount equivalent to the gains or losses reported by the investment options selected by the participant from among the investment options designated for this purpose by the Company. A participant may, in accordance with rules and procedures we establish, change the investments to be used for the purpose of calculating future hypothetical investment adjustments to the participant’s account. The account of each participant is adjusted each business day to reflect: (a) the hypothetical investment earnings and/or losses described above; (b) participant deferrals; and

⁷ Due to legal and taxation regulations, this benefit may not be available to all foreign-based employees.

Table of Contents

(c) distributions or withdrawals from the account. Distributions or withdrawals from the DCP shall be made in full accordance with the requirements of Internal Revenue Code Section 409A.

Among the NEOs, only Mr. Becker participates in the DCP.

Health and Welfare Benefits

Our NEOs are eligible to participate in our standard health and welfare benefits program, which provides insured medical, dental, life, accident, and disability coverage to all of our eligible U.S.-based employees. We do not provide executives with any health and welfare benefits that are not generally available to other Company employees. We provide all eligible employees with a \$190 monthly credit to purchase coverage for themselves and their eligible dependents. Those employees who choose not to enroll in our health and welfare benefits program receive these credits in cash.

Executive Termination Benefits

Our NEOs are covered by our Change in Control Severance Plan, which is applicable to executives only. The Board adopted the plan in order to ensure that the Company's executives do not have a disincentive to consider and, where determined by the Board or stockholders, as appropriate, to be in the Company's best interests, to act diligently to promote a change in control of the Company. Our NEOs are also covered by the SVB Financial Group Severance Benefit Policy, which is applicable to all employees. Both plans provide severance benefits for covered terminations of employment as defined in the plans. In the event that an executive meets the eligibility criteria for both plans, we will offset the benefits that are payable so that the total benefits paid are not duplicative. Further information regarding these benefits is set forth in "Compensation for Named Executive Officers—Other Post-Employment Payments" below.

Stock Option and Other Equity Grant Practices

Grant Practices for Executive Officers

The Compensation Committee approves all equity grants that are made to any executive officer of the Company, including the NEOs.

Typically, the Compensation Committee approves annual equity compensation grants to executives during the first or second quarters of the year, and grants are effective during an open trading window as specified in our Insider Trading Policy. The exercise price for stock option grants is equal to the closing market price on the grant's effective date and grants typically have an annual vesting period of four years, subject to continued employment or service. All 2009 grants to our NEOs were made in accordance with this practice.

For newly-hired executives, the Compensation Committee typically approves any equity grant prior to the executive's start of employment, and the grant is typically effective after any material non-public information (such as our earnings) has been released to the public and we have reopened our insider trading window. This approach ensures that the exercise price of stock options reflects a fair market price, since the exercise price for stock option grants is equal to the closing market price on the grant's effective date. During 2009 there were no newly-hired executive officers.

Grant Practices for Other Employees

The Board of Directors has delegated authority to the Stock Committee to make equity grants to non-executive employees under the 2006 Equity Incentive Plan. The Stock Committee is a committee of two, comprised of our Chief Executive Officer and the Chair of our Board of Directors. The Stock Committee has the authority to make equity grants to non-executive employees (other than employees of any level reporting directly to the Chief Executive Officer).

The Stock Committee may make grants only within established individual employee and aggregate share limits and in accordance with established requirements regarding the term, vesting period, exercise price and other terms and conditions for the grant. In addition, all grants of stock options, stock appreciation rights, and restricted stock units made

Table of Contents

by the Stock Committee must be made (or become effective) on the first Monday of each month or, where the first Monday is a Company-observed U.S. holiday, on the first Tuesday of such month. The Stock Committee must approve all grants in writing on or before the date of grant, subject to the respective employee remaining an employee as of the date of grant. Finally, management must periodically update the Compensation Committee regarding all grants made by the Stock Committee and must periodically provide a certification that all grants during the reporting period were made in accordance with the limits and procedures. Any grant that does not meet the requirements established for the Stock Committee must be made by the Board of Directors or one of its authorized committees.

Equity Ownership Guidelines for Executive Officers

The Company maintains stock ownership guidelines for the Company's executive officers, including the NEOs. These stock ownership guidelines reflect the Board's belief in the importance of aligning the economic interests of stockholders and management. Under these guidelines, the Board has recommended that the Chief Executive Officer own a minimum of 50,000 shares of the Company's Common Stock, that the Chief Financial Officer, President, Silicon Valley Bank, and Chief Strategy Officer each own a minimum of 12,000 shares of the Company's Common Stock, and that all other executive officers each own a minimum of 9,500 shares of the Company's Common Stock. Each executive is given five years after assuming the stated role to reach the designated ownership level, and (subject to exceptions granted by the Compensation Committee due to personal financial reasons) must meet intermediate levels after one and three years. These intermediate levels are 12,500 and 30,000 shares, respectively, for the Chief Executive Officer; 3,000 and 8,000 shares, respectively, for the Chief Financial Officer, President, Silicon Valley Bank, and Chief Strategy and Risk Officer, and 2,500 and 6,500, respectively, for the other executive officers.

The Compensation Committee reviews executive equity holdings on a quarterly basis. In evaluating whether executives are meeting the ownership guidelines, the Compensation Committee considers the following as shares owned: (1) shares privately held, (2) shares owned through investment in the Company's stock fund in the SVB Financial Group 401(k) and Employee Stock Ownership Plan, and (3) unvested awards of restricted stock and restricted stock units. The Compensation Committee does not consider vested or unvested stock options to be shares owned for purposes of evaluating adherence to the ownership guidelines.

As of December 31, 2009, each NEO met their applicable ownership guideline. As of the date of this Proxy Statement, all of our NEOs were in compliance with the applicable ownership guidelines.

- We have reflected values for the Company's ICP incentive program under the Bonus column because the ICP program provides for the Compensation Committee's discretion to make final determinations on individual incentive payments. We therefore have classified these payments as part of a discretionary incentive plan which should appear as a Bonus (as opposed to Non-Equity Incentive Plan Compensation).
- Values indicated are: (i) for stock awards (restricted stock units), based on the awards' fair market values, and (ii) for stock option awards, based on the awards' fair values. The reported values for performance-contingent restricted stock unit awards reflect the probable outcome, as well as the target amounts for each NEO, as of the date of grant. The actual outcomes determined by the Compensation Committee were as follows: (i) for 2007, the maximum amount (150% of target) was achieved; (ii) for 2008, no performance-contingent restricted stock units were earned; and (iii) for 2009, 50% of the target amounts were earned.
- Other compensation for Mr. Wilcox in 2007 includes: (a) Retention Plan payment of \$332,021; (b) 401(k) Savings Plan matching contribution of \$11,250; (c) Employee Stock Ownership Plan contribution of \$15,730; and (d) health and welfare benefits of \$16,334 paid by the Company.
- Other compensation for Mr. Wilcox in 2008 includes: (a) Retention Plan payment of \$110,676; (b) 401(k) Savings Plan matching contribution of \$11,500; and (c) health and welfare benefits of \$17,161 paid by the Company.
- Other compensation for Mr. Wilcox in 2009 includes: (a) Retention Plan payment of \$83,564; (b) interest paid of \$132 due to delayed payment of 2008 Retention Plan; (c) 401(k) Savings Plan matching contribution of \$12,250; and (d) health and welfare benefits of \$18,455 paid by the Company.
- Other compensation for Mr. Becker in 2007 includes: (a) Retention Plan payment of \$171,461; (b) 401(k) Savings Plan matching contribution of \$11,250; (c) Employee Stock Ownership Plan contribution of \$15,730; and (d) health and welfare benefits of \$17,524 paid by the Company.
- Other compensation for Mr. Becker in 2008 includes: (a) special spot incentive of \$1,000; (b) Retention Plan payment of \$70,758; (c) 401(k) Savings Plan matching contribution of \$11,500; and (d) health and welfare benefits of \$18,011 paid by the Company.
- Other compensation for Mr. Becker in 2009 includes: (a) Retention Plan payment of \$42,662; (b) interest paid of \$84 due to delayed payment of 2008 Retention Plan; (c) 401(k) Savings Plan matching contribution of \$12,250; and (d) health and welfare benefits of \$19,361 paid by the Company.
- Other compensation for Mr. Descheneaux in 2007 includes: (a) Retention Plan payment of \$25,541; (b) 401(k) Savings Plan matching contribution of \$11,250; (c) Employee Stock Ownership Plan contribution of \$15,730; (d) health and welfare benefits of \$16,108 paid by the Company; (e) the second \$50,000 installment of his sign on bonus (the first \$50,000 installment was paid upon his hire as Chief Accounting Officer in 2006); and (f) \$38,445 in Company-paid housing provided as part of his relocation arrangement.
- Other compensation for Mr. Descheneaux in 2008 includes: (a) special spot incentive of \$1,000; (b) Retention Plan payment of \$12,747; (c) 401(k) Savings Plan matching contribution of \$11,500; (d) health and welfare benefits of \$16,869 paid by the Company; and (e) \$68,905 in Company-paid housing provided as part of his relocation arrangement.

- (1) For the performance-contingent restricted stock unit grants to the NEOs made in 2009, the performance achievement was determined as of December 31, 2009 based upon the performance criteria presented under "Compensation Discussion and Analysis—Equity Incentive Plan" above. Since the achievement under this performance-contingent restricted stock grant was determined as of December 31, 2009, there are no estimated future payouts to be disclosed in the table above. Please refer to our discussion under "Compensation Discussion and Analysis—Equity Incentive Plan" above.
- (2) The stock awards reported above reflect performance-contingent restricted stock unit awards granted to each NEO. The Compensation Committee determined in January 2010 that 50% of these awards had been earned for 2009.
- (3) The exercise price of the stock option awards only is reported in the table above.
- (4) The fair values reported above are also reported in the Summary Compensation Table under the "Stock Awards" and "Stock Option Awards" columns. With respect to the restricted stock unit awards, the fair value of the awards is calculated based upon the per share price of \$27.84, the fair market value on the date of grant.

Option Exercises and Stock Vested

The following table sets forth the number of securities underlying equity awards that vested (in the case of restricted shares) or were exercised (in the case of stock options) by the NEOs during the year ended December 31, 2009, and the value realized upon such vesting or exercise.

Outstanding stock awards are valued based upon the closing market price of the Company's stock on December 31, 2009, which was \$41.66 per share.

Pension Benefits

The Company does not maintain any defined benefit pension plans. As a result, none of the NEOs has any accumulated benefits under any Company defined benefit pension plan.

Non-Qualified Deferred Compensation

The following table sets forth information about executive contributions to, earnings from, and distributions of non-qualified deferred compensation under the Company's Deferred Compensation Plan. The Company does not maintain any other nonqualified deferred compensation program for its NEOs.

(1) Mr. Becker made no additional Deferred Compensation Plan contributions during 2009.

Other Post-Employment Payments

Our NEOs are covered by our Change in Control Severance Plan (the "Change in Control Plan") and the SVB Financial Group Severance Benefit Policy (the "Severance Policy"), both of which provide severance benefits for covered terminations of employment as defined in the plans. As discussed above, in connection with our participation in the CPP during 2009, our NEOs were subject to certain executive compensation restrictions, such as restrictions on golden parachute or severance payments and tax gross up payments. As such, we amended certain plans applicable to our NEOs, including the Change in Control Plan, to comply with such restrictions under EESA. Since we have repaid our CPP obligation, most of such limitations are no longer applicable.

Change in Control Plan; Acceleration of Vesting Under Equity Plans

Our Change in Control Plan, adopted in 2006, provides a specified severance benefit to our executive officers in the event their employment is involuntarily terminated (or they resign from such employment for a good reason, as defined by the plan) following a change in control of the Company. The Company adopted this plan in order to ensure that its executives did not have a disincentive to consider and, where determined by the Board or stockholders, as appropriate, to be in the Company's best interests, to act diligently to promote a change in the control of the Company. The Change in Control Plan superseded a broader change in control policy that the Company had adopted in August 2000.

The plan provides for a cash severance payment equal to 300% of base salary and target ICP incentive for the Chief Executive Officer, 200% of base salary and target ICP incentive for the Chief Financial Officer, the President, Silicon Valley Bank, and the Chief Strategy and Risk Officer, and 100% of base salary and target ICP incentive for the other executive officers. In addition, it provides for up to 12 months of Company-paid COBRA medical, dental and vision coverage, full vesting of Company contributions to tax-qualified retirement plans, and certain outplacement services. The plan provides for a tax gross-up to cover an individual's excise taxes if the total change-in-control benefits to an individual executive exceed the Internal Revenue Code Section 280G limit by more than 10%.

In addition to the benefits provided under the Change in Control Plan, the Company's 1997 Equity Incentive Plan and 2006 Equity Incentive Plan provide for full vesting of outstanding awards in the event of a change in control of the Company, as defined in those plans, in the event that a successor corporation does not assume or substitute an equivalent option or right for the original equity awards under the plans.

The circumstances that constitute a "Change in Control" are set forth in the Change in Control Plan. Generally speaking, a Change in Control includes a merger or consolidation, other than a merger or consolidation

Table of Contents

in which the owners of the Company's voting securities own fifty percent (50%) or more of the voting securities of the surviving entity; a liquidation or dissolution or the closing of the sale or other disposition of all or substantially all of the Company's assets; an acquisition by any person, directly or indirectly, of 50% or more of the Company's voting securities; and an acquisition by any person, directly or indirectly, of 25% or more of the Company's voting securities and, within twelve (12) months of the occurrence of such event, a change in the composition of the Board occurs as a result of which sixty percent (60%) or fewer of the directors are incumbent directors.

The Change in Control Plan includes a number of restrictive covenants that govern the executives' rights to receive benefits under the plan. Specifically, unless the Company provides otherwise in writing, the executive must not directly or indirectly engage in, have any ownership in or participate in the financing, operation, management or control of any person, firm, corporation or business that competes with the Company or its affiliates, or any customer of the Company or its affiliates, for 18 months with respect to the Chief Executive Officer, 12 months for the Chief Financial Officer, President, Silicon Valley Bank, and Chief Strategy Officer, and six months for other covered executives. In addition, unless the Company provides otherwise in writing, the executive may not directly or indirectly solicit, recruit or otherwise hire or attempt to hire any employee of the Company or cause any such person to leave his or her employment during the periods described in the previous sentence. Finally, the executive must execute a general release of claims in favor of the Company covering all claims arising out of the executive's involuntary termination of employment (as defined in the Change in Control Plan) and employment with the Company and its affiliates.

Any benefits payable to an executive under this Plan are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Group Severance Benefit Policy.

SVB Financial Group Severance Benefit Policy

The Company's Severance Benefit Policy provides severance pay and benefits to eligible employees who are involuntarily terminated from employment due to staff reduction, position elimination, closure of a business unit, organization restructuring, or such other circumstances as the Company deems appropriate for the payment of severance benefits. The policy is intended to promote the Company's ability to modify its workforce and structure while providing a reasonable level of certainty and job security to its employees. The policy covers all regular full-time or regular part-time employees, including the NEOs.

The policy provides for a cash severance payment based on level of job. For NEOs, this benefit is equal to 6 weeks' pay per year of service, with a minimum benefit of 6 months' pay and a maximum benefit of 1 year's pay. In addition, under the policy the Company continues to make co-payments for COBRA medical, dental, and vision coverage during the severance pay period and pays for certain designated outplacement services provided by a Company-selected external vendor. Any benefits payable to an executive under this Policy are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Change in Control Severance Plan.

The following tables summarize the payments which would be payable to our NEOs in the event of various termination scenarios, including voluntary resignation, involuntary termination for cause, involuntary termination (not for cause), involuntary termination after a change in control, death and disability.

Payments Upon Termination Of Employment

The tables below set forth payments upon termination of employment that each NEO would be entitled to.

Ms. Yoon also had an additional 2,050 shares of vested restricted stock units for which she elected to defer settlement until her separation from service as defined under Section 409A of the Internal Revenue Code.

The Compensation Committee establishes the compensation arrangement for directors, using a combination of annual retainer fees, meeting fees and annual equity awards. In prior years, the Company allowed its directors to participate in the Company's Retention Program. Certain directors continue to receive benefits under that Program for earlier plan years, as described below.

The current annual term for directors began on May 12, 2009, following their election by stockholders at our Annual Meeting on that date. For the year 2009, the Company paid a total of \$2,084,750 in compensation to its non-employee directors.

Table of Contents

The elements of compensation paid to each non-employee director for 2009 are as follows:

Fees . Each of the Company's non-employee directors received:

- An annual retainer fee of \$35,000; and
- A per-meeting fee of \$1,000 for each Board meeting attended in person and a per-meeting fee of \$500 for each Board meeting held entirely by telephone. (The meeting fee for the multi-day strategy session was \$2,000.)

In addition to the above:

- The chairperson of the Board of Directors received an additional annual fee of \$90,000.
- The chairperson of the Audit Committee received an additional annual fee of \$20,000, the chairperson of the Compensation Committee received an additional annual fee of \$12,500, and the chairpersons of each of the Directors' Loan Committee, Finance Committee and Governance Committee received an additional annual fee of \$10,000.
- Each member of the Audit Committee received a fee of \$2,500 for each Audit Committee meeting attended in person, \$1,250 for each Audit Committee meeting held entirely by telephone.
- For members of all other committees, each committee member received a fee of \$1,500 for each committee meeting attended in person, and \$750 for each committee meeting held entirely by telephone.

The members of the Board of Directors are also eligible for reimbursement for their reasonable expenses incurred in connection with attendance at meetings or the performance of their director duties in accordance with Company policy.

Restricted Stock . During fiscal year 2009, the Company granted 4,114 restricted stock units to the Chairman of the Board and 2,057 restricted stock units to each of the other non-employee directors elected at the annual stockholders meeting (Messrs. Benhamou, Clapper, Dunbar, Friedman, Hardymon, Kramlich, Porter, and Ms. Krishnan, Ms. Rodeno, and Ms. Yoon). The shares were granted on May 12, 2009 and will vest in full on April 22, 2010.

The Compensation Committee has previously approved a voluntary deferral arrangement and form of agreement under the 2006 Equity Incentive Plan which allows non-employee directors to elect an irrevocable deferral of the receipt of 2009 restricted stock unit awards until: (a) a specific future settlement date that meets the requirements of Internal Revenue Code 409A, (b) separation from service, (c) the date of a Change in Control, (d) death, or (e) date of disability. Elections will apply to restricted stock unit awards received during 2009. Mr. Hardymon elected to defer the receipt of his 2009 equity grants.

Cash Payment In Lieu of Restricted Stock. The Company typically grants Directors restricted stock units each year equal to approximately \$100,000 in fair market value on the date of grant (\$200,000 for the Chairman of the Board). At the time of grant in 2009, the Committee determined that, based on the negative impact of economic and market factors on the share price for the Company's stock, granting these amounts entirely in the form of restricted stock units would adversely impact the Company's equity burn rate given the substantial number of additional shares it would take to provide this value. To address this, the Committee approved paying Directors a cash payment of \$42,733 (\$85,466 to the Board Chair) in lieu of restricted stock units, to provide the same total compensation value in combination with the fair market value of the grants of restricted stock units described above.

Retention Program . In earlier years, directors participated in the Company's Retention Program. While Messrs. Hardymon, Hart, Porter and Ms. Rodeno currently participate in the program for plan years of 2002 and earlier, no distributions were made to any director participants in 2009.

No directors participate in any plan years subsequent to 2002.

Director Equity Ownership Guidelines

During 2007, the Governance Committee of the Board of Directors adopted equity ownership guidelines for the Company's non-employee directors, which were designed to reflect equity ownership equivalent to three times the annual retainers paid to directors. The Governance Committee reviews directors' compliance with these guidelines on a quarterly basis.

Under these guidelines, the Governance Committee has recommended that, within five years of assuming the role, the Chairperson of the Board own a minimum of 7,150 shares of the Company's Common Stock, and that other non-employee directors each own a minimum of 2,000 shares of the Company's Common Stock. As of December 31, 2009, all directors met the guidelines, by ownership of the requisite number of shares or having served less than five years on the Board of Directors.

Compensation Committee Interlocks and Insider Participation

During 2009, the Compensation Committee performed all compensation functions of the Board of Directors, including administration of the Company's stock-based employee benefit plans. (See discussion above under "Board Committees and Meeting Attendance" for additional information on the Compensation Committee.) None of the members of the Compensation Committee has ever been an officer or employee of the Company. Mr. Wilcox does not participate in any Compensation Committee discussions related to the evaluation of his performance or the determination of his compensation. See descriptions of related transactions between the Company and each of members of the Compensation Committee, if any, under "Certain Relationships and Related Transactions" below.

None of the Company's executive officers serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on the Company's Board of Directors or the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy

The Company currently has in place a written policy on related party transactions (“Related Party Policy”), which governs the transactions involving the Company and certain related persons that are required to be disclosed under Item 404 of the SEC’s Regulation S-K (“S-K 404”). Under the Related Party Policy, any transaction, arrangement or relationship in which:

- the Company is a participant;
- the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; and
- a related person has or will have a direct or indirect material interest,

will be considered an interested transaction and required to be approved by the Audit Committee of the Board of Directors. Transactions not required to be disclosed under S-K 404 are excluded from this policy. Any of the following persons is considered a related person under the Related Party Policy:

- Any director or executive officer of the Company;
- Any nominee for director of the Company;
- Any holder of more than 5% of the Company’s Common Stock; and
- Any immediate family member of any of the above.

Management of the Company has primary responsibility for identifying such related party transactions, which may include, from time to time, loan transactions by the Company or the Bank, investments through SVB Capital, and other business transactions involving our subsidiaries, such as SVB Analytics or SVB Global. The Audit Committee has responsibility for reviewing these transactions for potential conflicts of interests and approving them (or denying approval, as the case may be). Under the Related Party Policy, the Audit Committee’s approval may be granted in advance, as a ratification or based on certain standing approvals previously authorized by resolution. The Audit Committee may delegate its approval authority under the Related Party Policy to the committee chairperson.

Insider Loan Policy

The Bank has in place a policy, as approved by the Directors’ Loan Committee, which permits the Bank to make loans to directors, executive officers and principal stockholders (“Insiders”) and the related interests of those Insiders (“Insider Loans”). The Insider Loan policy is designed to comply with Regulation O of the Federal Reserve Act. Insider Loans qualify for an exemption from Section 402 of the Sarbanes-Oxley Act of 2002 as they are made by the Bank and subject to the insider lending restrictions of Section 22(h) of the Federal Reserve Act.

Pursuant to Regulation O, the Insider Loan policy authorizes the Bank to make Insider Loans if such Insider Loans: (a) are approved in advance by a majority of the Board of Directors of the Bank for Insider Loans where the aggregate amount of all outstanding extensions of credit exceeds \$500,000; (b) are extended under the same terms and conditions and rates as those prevailing at the time of the Insider Loan for comparable transactions with other Bank clients; and (c) do not have more than a normal risk of failure of repayment to the Bank or other unfavorable features. The Insider whose credit extension is subject to Board approval must not participate either directly or indirectly in the voting to approve such extension of credit. Prior approval of the Board of Directors of the Bank is not required for an extension of credit made pursuant to a line of credit that was approved by the Board of Directors within 14 months of the date of the extension.

The Insider Loan policy also limits the aggregate amount of all loans to any Insider and his or her related interests. The Insider Loan policy also prohibits the Bank from paying an overdraft on a personal bank account of

Table of Contents

an Insider except if the overdraft is inadvertent, the aggregated amount of all overdrafts to the Insider at any time is \$1,000 or less and the overdraft is outstanding for less than five business days.

Loan Transactions

In October 2008, the Bank renewed a \$700,000 revolving line of credit (originally extended in 2005) to Bruce and Dee Dee Nollenberger, who are the brother-in-law and sister-in-law of Harry Kellogg, an executive officer of the Company. At the time of renewal, the loan (a) was made in the ordinary course of business, (b) was made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (c) did not involve more than the normal risk of collectibility or present other unfavorable features. The maturity date of the loan was October 14, 2009, however, during the fourth quarter of 2009, the loan became non-performing. Subject to a minimum rate of five percent, the interest rate for the loan was prime plus 0.5%. The largest aggregate amount of principal outstanding during fiscal year 2009 was \$0.7 million; as of December 31, 2009, the amount of principal outstanding remains at \$0.7 million. No payment of the principal amount was made during fiscal year 2009. The amount of interest paid during fiscal year 2009 was \$32 thousand.

Additionally, during 2009, the Bank made loans to related parties, including certain companies in which certain of our directors or their affiliated venture funds are beneficial owners of ten percent or more of the equity securities of such companies. Such loans: (a) were made in the ordinary course of business, (b) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (c) did not involve more than the normal risk of collectibility or present other unfavorable features.

Fund Investments

Managed Funds

In 2000, we formed two venture investment funds: SVB Strategic Investors Fund, LP (“SIF I”) and Silicon Valley BancVentures, LP (“SVBV”). SIF I is a \$121.8 million fund that primarily invests in venture capital/private equity funds and SVBV is a \$56.1 million direct equity investment fund that invests in privately-held companies. Both funds are managed by their respective general partners, which are wholly-owned subsidiaries of the Company and hold an interest in the respective funds. Certain of our directors have also invested in the funds and hold a noncontrolling interest: Messrs. Hardymon (through his family limited partnership) (\$0.9 million) and Porter (\$0.5 million) are limited partners of SIF I, and Messrs. Hardymon (through his family limited partnership) (\$1.5 million) and Kramlich (\$1.0 million) are limited partners of SVBV.

In 2004, we created SVB Strategic Investors Fund II, LP (“SIF II”), a \$175.0 million fund-of-funds that invests primarily in venture capital/private equity funds. SIF II is managed by its general partner, which is a wholly-owned subsidiary of the Company and holds an interest in the fund. Certain of our directors have invested in SIF II and hold a noncontrolling interest as a limited partner: Messrs. Hardymon (through his family limited partnership) (\$1.0 million) and Porter (\$0.1 million).

In 2006, we created SVB India Capital Partners I, LP (“SICP”), a \$53.9 million direct equity investment fund that invests in privately-held companies in India. SICP is managed by its general partner, which is a wholly-owned subsidiary of the Company and holds an interest in the fund. Certain of our directors have invested in SICP and hold a noncontrolling interest as a limited partner: Messrs. Benhamou (through Benhamou Global Ventures) (\$0.3 million), Friedman (through his family trust) (\$0.1 million) and Porter (\$0.2 million) and Mmes. Krishnan (through her family trust) (\$0.3 million) and Rodeno (\$0.3 million).

In 2007, we created SVB Capital Partners II, LP (“SCPII”), a \$90.1 million fund that invests in privately-held companies. SCPII is managed by its general partner, a wholly-owned subsidiary of the Company, which holds an interest in the fund. One of our directors has invested in SCPII and holds a noncontrolling interest as a limited partner: Mr. Hardymon (through his family limited partnership) (\$0.5 million).

Table of Contents

Sponsored Funds

In 2003, Gold Hill Venture Lending 03, LP, a venture debt fund, and certain affiliated funds (the “Gold Hill Funds”) were created. The total size of the Gold Hill Funds is approximately \$214.1 million. We have a majority interest in the general partner of the Gold Hill Funds, in addition to being a limited partner in one of the Gold Hill Funds. Our combined commitment total in the general partner and the Gold Hill Funds is \$20.0 million. Certain of our directors are also limited partners of the Gold Hill Funds and hold a noncontrolling interest: Mr. Hardymon (through his family limited partnership) (\$2.5 million) and Ms. Rodeno (\$0.2 million).

In 2005, Partners for Growth II, LP, a special situation debt fund (“PFG II”), was created. The total size of PFG II is approximately \$62.0 million. The general partner of PFG II is not owned or controlled by us. Certain of our directors are also limited partners in PFG II and hold a noncontrolling interest: Mr. Hardymon (\$1.0 million) and Ms. Rodeno (\$0.3 million).

In 2008, Gold Hill Capital 2008, L.P., a venture debt fund in the Gold Hill Funds family, and certain affiliated funds (the “Gold Hill II Funds”), were created. As of December 31, 2009, the total size of the Gold Hill II Funds was approximately \$126.5 million, of which we have a combined noncontrolling commitment total in the general partner and the Gold Hill II Funds of \$20.0 million. Certain of our directors are also limited partners of the Gold Hill II Funds and hold a noncontrolling interest: Mr. Hardymon (through his family limited partnership) (\$0.5 million) and Ms. Rodeno (\$0.3 million).

Employee Funds

In 2000, we created SVB Qualified Investors Fund, LLC (“QIF”), a \$7.6 million investment fund for employees that met certain eligibility requirements. To be eligible to participate in QIF, an employee must be of a certain grade level and must be an “accredited investor,” as such term is defined by the SEC. QIF was initially capitalized by commitments and contributions from certain eligible employees including our senior management. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF’s principal purpose is to invest in a select number of venture capital/private equity funds managed primarily by us or our affiliates. In 2009, the following individuals were executive officers who participated in QIF, each with individual commitment amounts ranging between \$0.1 million and \$0.5 million: Messrs. Wilcox, Becker, Jones, Kellogg, and Verissimo. QIF is also a limited partner of, and holds an interest in, each of SIF I (\$2.7 million), SIF II (\$2.1 million) and SVBV (\$2.0 million).

In 2005, we formed SVB Qualified Investors Fund II, LLC (“QIF II”), a \$5.1 million investment fund for employees that met certain eligibility requirements similar to those of QIF. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF II’s principal purpose is to invest in a select number of venture capital/private equity funds managed primarily by us or our affiliates. In 2009, the following individuals were executive officers who participated in QIF II, each with individual commitment amounts ranging between \$50 thousand and \$0.3 million: Messrs. Wilcox, Becker, Jones, Kellogg and Verissimo, and Ms. Dent. QIF II is also a limited partner of, and holds an interest in, each of SIF II (\$0.4 million), SCPII (\$0.8 million), SICP (\$0.5 million), and SVB Strategic Investors Fund III, L.P. (“SIF III”) (\$1.0 million). SIF III is a \$255.5 million fund-of-funds that invests primarily in private equity funds. SIF III is managed by its general partner, which is a wholly-owned subsidiary of the Company and holds an interest in the fund.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals

For a stockholder proposal to be considered for inclusion in the Company's Proxy Statement for the annual meeting next year, the written proposal must be received by our Corporate Secretary at our principal executive offices no later than November 11, 2010. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in the Company's Proxy Statement is instead a reasonable time before SVB Financial Group begins to print and mail its Proxy materials for the annual meeting next year. Such proposals also will need to comply with the SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in Company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
SVB Financial Group
3005 Tasman Drive
Santa Clara, California 95054
Fax: (408) 496-2545

For a stockholder proposal that is not intended to be included in the Company's Proxy Statement under Rule 14a-8, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to approve that proposal, provide the information required by our bylaws and give timely notice to our Corporate Secretary in accordance with our bylaws. In general, our bylaws require that the notice be received by our Corporate Secretary:

- Not earlier than the close of business on December 24, 2010, and
- Not later than the close of business on January 24, 2011.

However, if the date of the stockholder meeting is moved more than 30 days before or 60 days after the first anniversary of the Company's annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in the Company's Proxy Statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

- 90 days prior to the meeting, and
- 10 days after public announcement of the meeting date.

Nomination of Director Candidates

You may propose director candidates for consideration by the Board's Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to our Corporate Secretary at the address of our principal executive offices set forth above. In addition, our bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to elect such nominee and provide the information required by our bylaws, as well as a statement by the nominee acknowledging that he or she will owe a fiduciary obligation to the Company and its stockholders. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under "Stockholder Proposals."

COPY OF BYLAW PROVISIONS

You may contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Our bylaws also are available through the SEC's website at <http://www.sec.gov>.

2009 ANNUAL REPORT

Stockholders who wish to obtain copies of the Company's 2009 Annual Report on Form 10-K for the year ended December 31, 2009, without charge, should address a written request to Lisa Bertolet, Stock Administration, SVB Financial Group, 3003 Tasman Drive, Santa Clara, California 95054 (Facsimile: (408) 496-2405). The report is also available electronically at <http://www.svb.com/proxy>.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for stockholder action at the Meeting. However, if other matters do properly come before the Meeting, the Board of Directors intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

APPENDIX A
SVB FINANCIAL GROUP
1999 EMPLOYEE STOCK PURCHASE PLAN
(AS AMENDED BY THE BOARD OF DIRECTORS AS OF FEBRUARY 22, 2010,
SUBJECT TO STOCKHOLDER APPROVAL)

1. PURPOSE.

(a) The purpose of this 1999 Employee Stock Purchase Plan (the “Plan”) is to provide a means by which employees of SVB Financial Group (formerly Silicon Valley Bancshares), a Delaware corporation (the “Company”), and its Affiliates, as defined in subparagraph 1(b), which are designated as provided in subparagraph 2(b), may be given an opportunity to purchase stock of the Company. This 1999 Employee Stock Purchase Plan is intended to replace the Silicon Valley Bancshares 1988 Employee Stock Purchase Plan.

(b) The word “Affiliate” as used in the Plan means any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f), respectively, of the Internal Revenue Code of 1986, as amended (the “Code”).

(c) The Company, by means of the Plan, seeks to retain the services of its employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for the success of the Company.

(d) The Company intends that the rights to purchase stock of the Company granted under the Plan be considered options issued under an “employee stock purchase plan” as that term is defined in Section 423(b) of the Code.

2. ADMINISTRATION.

(a) The Plan shall be administered by the Board of Directors (the “Board”) of the Company unless and until the Board delegates administration to a Committee, as provided in subparagraph 2(c). Whether or not the Board has delegated administration, the Board shall have the final power to determine all questions of policy and expediency that may arise in the administration of the Plan.

(b) The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine when and how rights to purchase stock of the Company shall be granted and the provisions of each offering of such rights (which need not be identical).

(ii) To designate from time to time which Affiliates of the Company shall be eligible to participate in the Plan and any particular Offering.

(iii) To construe and interpret the Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(iv) To amend the Plan as provided in paragraph 13.

(v) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and its Affiliates and to carry out the intent that the Plan be treated as an “employee stock purchase plan” within the meaning of Section 423 of the Code.

(c) The Board may delegate administration of the Plan to a Committee composed of one (1) or more members of the Board (the “Committee”). If administration is delegated to a Committee, the Committee shall

Table of Contents

have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and reconstitute the Board the administration of the Plan.

(d) Any interpretation of the Plan by the Board of any decision made by it under the Plan shall be final and binding on all persons.

3. SHARES SUBJECT TO THE PLAN.

(a) Subject to the provisions of paragraph 12 relating to adjustments upon changes in stock, the stock that may be sold pursuant to rights granted under the Plan shall not exceed in the aggregate three million (3,000,000) shares of the Company's common stock (the "Common Stock"). If any right granted under the Plan shall for any reason terminate without having been exercised, the Common Stock not purchased under such right shall again become available for the Plan.

(b) The Common Stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

4. GRANT OF RIGHTS; OFFERING.

(a) The Board or the Committee may from time to time grant or provide for the grant of rights to purchase Common Stock of the Company under the Plan to eligible employees (an "Offering") on a date or dates (the "Offering Date(s)") selected by the Board or the Committee. Each Offering shall be in such form and shall contain such terms and conditions as the Board or the Committee shall deem appropriate, which shall comply with the requirements of Section 423(b)(5) of the Code that all employees granted rights to purchase stock pursuant to the Offering shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in paragraphs 5 through 8, inclusive.

(b) If an employee has more than one (1) right outstanding under the Plan, unless he or she otherwise indicates in agreements or notices delivered hereunder, a right with a lower exercise price (or an earlier-granted right if two (2) rights have identical exercise prices), will be exercised to the fullest possible extent before a right with a higher exercise price (or a later-granted right if two (2) rights have identical exercise prices) will be exercised.

5. ELIGIBILITY.

(a) Rights may be granted only to employees of the Company or, as the Board or the Committee may designate as provided in subparagraph 2(b), to employees of any Affiliate of the Company. Except as provided in subparagraph 5(b), an employee of the Company or any Affiliate shall not be eligible to be granted rights under the Plan unless, on the Offering Date, such employee has been in the employ of the Company or any Affiliate for such continuous period preceding such grant as the Board or the Committee may require, but in no event shall the required period of continuous employment be greater than two (2) years. In addition, unless otherwise determined by the Board or the Committee and set forth in the terms of the applicable Offering, no employee of the Company or any Affiliate shall be eligible to be granted rights under the Plan unless, on the Offering Date, such employee's customary employment with the Company or such Affiliate is for at least twenty (20) hours per week and at least five (5) months per calendar year.

(b) The Board or the Committee may provide that each person who, during the course of an Offering, first becomes an eligible employee of the Company or designated Affiliate will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an eligible employee or occurs thereafter, receive a right under that Offering, which right shall thereafter be deemed to be a part of that Offering. Such right shall have the same characteristics as any rights originally granted under that Offering, as described herein, except that:

(i) the date on which such right is granted shall be the “Offering Date” of such right for all purposes, including determination of the exercise price of such right;

(ii) the period of the Offering with respect to such right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board or the Committee may provide that if such person first becomes an eligible employee within a specified period of time before the end of the Offering, he or she will not receive any right under that Offering.

(c) No employee shall be eligible for the grant of any rights under the Plan if, immediately after any such rights are granted, such employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Affiliate. For purposes of this subparagraph 5(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any employee, and stock which such employee may purchase under all outstanding rights and options shall be treated as stock owned by such employee.

(d) An eligible employee may be granted rights under the Plan only if such rights, together with any other rights granted under “employee stock purchase plans” of the Company and any Affiliates, as specified by Section 423(b)(8) of the Code, do not permit such employee’s rights to purchase stock of the Company or any Affiliate to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of fair market value of such stock (determined at the time such rights are granted) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any designated Affiliate shall be eligible to participate in Offerings under the Plan; provided, however, that the Board or the Committee may provide in an Offering that highly compensated employees within the meaning of Section 414(q) of the Code shall not be eligible to participate. In this respect, the Board or the Committee may exclude highly compensated employees with compensation above a certain level or who are officers or subject to the disclosure requirements of Section 16(a) of the Securities Act of 1934, as amended, provided the exclusion is applied with respect to each particular Offering in an identical manner to all highly compensated employees the Company and every Affiliate whose employees are participating in that Offering.

6. RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each eligible employee, pursuant to an Offering made under the Plan, shall be granted the right to purchase up to the number of shares of Common Stock of the Company purchasable with a percentage designated by the Board or the Committee not exceeding fifteen percent (15%) of such employee’s Earnings (as defined in subparagraph 7(a)) during the period which begins on the Offering Date (or such later date as the Board or the Committee determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering. The Board or the Committee shall establish one (1) or more dates during an Offering (the “Purchase Date(s)”) on which rights granted under the Plan shall be exercised and purchases of Common Stock carried out in accordance with such Offering.

(b) In connection with each Offering made under the Plan, the Board or the Committee may specify a maximum number of shares that may be purchased by any employee as well as a maximum aggregate number of

Table of Contents

shares that may be purchased by all eligible employees pursuant to such Offering. Unless the Board or the Committee provide otherwise prior to the commencement of an Offering, no employee will be permitted to purchase more than 3,000 shares of Common Stock during an Offering. In addition, in connection with each Offering that contains more than one (1) Purchase Date, the Board or the Committee may specify a maximum aggregate number of shares which may be purchased by all eligible employees on any given Purchase Date under the Offering. If the aggregate purchase of shares upon exercise of rights granted under the Offering would exceed any such maximum aggregate number, the Board or the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

- (c) The purchase price of stock acquired pursuant to rights granted under the Plan shall be not less than the lesser of:
 - (i) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Offering Date; or
 - (ii) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An eligible employee may become a participant in the Plan pursuant to an Offering by delivering an enrollment agreement to the Company within the time specified in the Offering, in such form as the Company provides. Each such agreement shall authorize payroll deductions of up to the maximum percentage specified by the Board or the Committee of such employee's Earnings during the Offering. "Earnings" is defined as an employee's regular salary or wages (including amounts thereof elected to be deferred by the employee, that would otherwise have been paid, under any arrangement established by the Company that is intended to comply with Section 125, Section 401(k), Section 402(e)(3), Section 402(h) or section 403(b) of the Code, and also including any deferrals under a non-qualified deferred compensation plan or arrangement established by the Company), and also, if determined by the Board or the Committee and set forth in the terms of the Offering, may include any or all of the following: (i) overtime pay, (ii) commissions, (iii) bonuses, incentive pay, profit sharing and other remuneration paid directly to the employee, and/or (iv) other items of remuneration not specifically excluded pursuant to the Plan. Earnings shall not include the cost of employee benefits paid for by the Company or an Affiliate, education or tuition reimbursements, imputed income arising under any group insurance or benefit program, traveling expenses, business and moving expense reimbursements, income received in connection with stock options or other equity awards, contributions made by the Company or an Affiliate under any employee benefit plan, and similar items of compensation, as determined by the Board or the Committee. Notwithstanding the foregoing, the Board or Committee may modify the definition of "Earnings" with respect to one or more Offerings as the Board or Committee determines appropriate. The payroll deductions made for each participant shall be credited to an account for such participant under the Plan and shall be deposited with the general funds of the Company. A participant may reduce (including to zero) or increase such payroll deductions, and an eligible employee may begin such payroll deductions, after the beginning of any Offering only as provided for in the Offering. A participant may make additional payments into his or her account only if specifically provided for in the Offering and only if the participant has not had the maximum amount withheld during the Offering.

(b) At any time during an Offering, a participant may terminate his or her payroll deductions under the Plan and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company provides. Such withdrawal may be elected at any time prior to the end of the Offering except as provided by the Board or the Committee in the Offering. Upon such withdrawal from the Offering by a participant, the Company shall distribute to such participant all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the participant) under the Offering, without interest, and such participant's interest in that Offering shall be automatically terminated. A participant's withdrawal from an Offering will have no effect upon such participant's eligibility to participate in

Table of Contents

any other Offerings under the Plan but such participant will be required to deliver a new enrollment agreement in order to participate in subsequent Offerings under the Plan.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon cessation of any participating employee's employment with the Company and any designated Affiliate, for any reason, and the Company shall distribute to such terminated employee all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the terminated employee), under the Offering, without interest.

(d) Rights granted under the Plan shall not be transferable by a participant other than by will or the laws of descent and distribution, or by a beneficiary designation as provided in paragraph 14, and during a participant's lifetime, shall be exercisable only by such participant.

8. EXERCISE.

(a) On each Purchase Date specified therefor in the relevant Offering, each participant's accumulated payroll deductions and other additional payments specifically provided for in the Offering (without any increase for interest) will be applied to the purchase of whole shares of stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of rights granted under the Plan. The amount, if any, of accumulated payroll deductions remaining in each participant's account after the purchase of shares which is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering shall be held in each such participant's account for the purchase of shares under the next Offering under the Plan, unless such participant withdraws from such next Offering, as provided in subparagraph 7(b), or is no longer eligible to be granted rights under the Plan, as provided in paragraph 5, in which case such amount shall be distributed to the participant after such final Purchase Date, without interest. The amount, if any, of accumulated payroll deductions remaining in any participant's account after the purchase of shares which is equal to the amount required to purchase one or more whole shares of Common Stock on the final Purchase Date of an Offering shall be distributed in full to the participant after such Purchase Date, without interest.

(b) No rights granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan (including rights granted thereunder) are covered by an effective registration statement pursuant to the Securities Act of 1933, as amended (the "Securities Act") and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering hereunder the Plan is not so registered or in such compliance, no rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, no rights granted under the Plan or any Offering shall be exercised and all payroll deductions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire stock) shall be distributed to the participants, without interest.

9. COVENANTS OF THE COMPANY.

(a) During the terms of the rights granted under the Plan, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such rights.

(b) The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of stock upon exercise of the rights granted under the Plan. If, after reasonable efforts, the Company is unable to obtain from

Table of Contents

any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell stock upon exercise of such rights unless and until such authority is obtained.

10. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of stock pursuant to rights granted under the Plan shall constitute general funds of the Company.

11. RIGHTS AS A STOCKHOLDER.

A participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to rights granted under the Plan unless and until the participant's shareholdings acquired upon exercise of rights under the Plan are recorded in the books of the Company (or its transfer agent).

12. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) If any change is made in the stock subject to the Plan, or subject to any rights granted under the Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan and outstanding rights will be appropriately adjusted in the class(es) and maximum number of shares subject to the Plan and the class(es) and number of shares and price per share of stock subject to outstanding rights. Such adjustments shall be made by the Board or the Committee, the determination of which shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a "transaction not involving the receipt of consideration by the Company.")

(b) In the event of: (1) a dissolution or liquidation of the Company; (2) a sale of all or substantially all of the assets of the Company; (3) a merger or consolidation in which the Company is not the surviving corporation; (4) a reverse merger in which the Company is the surviving corporation but the shares of the Company's Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; (5) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or any comparable successor provisions (excluding any employee benefit plan, or related trust, sponsored or maintained by the Company or any Affiliate of the Company) of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors; or (6) the individuals who, as of the date of the adoption of this Plan, are members of the Board (the "Incumbent Board"; (if the election, or nomination for election by the Company's stockholders, of a new director was approved by a vote of at least fifty percent (50%) of the members of the Board then comprising the Incumbent Board, such new director shall upon his or her election be considered a member of the Incumbent Board) cease for any reason to constitute at least fifty percent (50%) of the Board; then the Board in its sole discretion may take any action or arrange for the taking of any action among the following: (i) any surviving or acquiring corporation may assume outstanding rights or substitute similar rights for those under the Plan, (ii) such rights may continue in full force and effect, or (iii) all participants' accumulated payroll deductions may be used to purchase Common Stock immediately prior to or within a reasonable period of time following the transaction described above and the participants' rights under the ongoing Offering terminated.

13. AMENDMENT OF THE PLAN OR OFFERINGS.

(a) The Board at any time, and from time to time, may amend the Plan or the terms of one or more Offerings. However, except as provided in paragraph 12 relating to adjustments upon changes in stock, no

Table of Contents

amendment shall be effective unless approved by the stockholders of the Company within twelve (12) months before or after the adoption of the amendment, where the amendment will:

- (i) Increase the number of shares reserved for rights under the Plan;
- (ii) Modify the provisions as to eligibility for participation in the Plan or an Offering (to the extent such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3 promulgated under the Exchange Act, or any comparable successor rule (“Rule 16b-3”); or
- (iii) Modify the Plan or an Offering in any other way if such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3.

It is expressly contemplated that the Board or the Committee may amend the Plan or an Offering in any respect the Board or the Committee deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Plan and/or rights granted under an Offering into compliance therewith.

(b) The Board may, in its sole discretion, submit any amendment to the Plan or an Offering for stockholder approval.

(c) Rights and obligations under any rights granted before amendment of the Plan or Offering shall not be impaired by any amendment of the Plan, except with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Plan and/or rights granted under an Offering comply with the requirements of Section 423 of the Code.

14. DESIGNATION OF BENEFICIARY.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if applicable, from the participant’s account under the Plan in the event of such participant’s death subsequent to the end of an Offering but prior to delivery to the participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant’s account under the Plan in the event of such participant’s death during an Offering.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice in the form prescribed by the Company. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living (or if an entity, is otherwise in existence) at the time of such participant’s death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares and/or cash to the spouse or to any one (1) or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may determine.

15. TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board or the Committee in its discretion may suspend or terminate the Plan at any time. The Plan shall automatically terminate if all the shares subject to the Plan pursuant to subparagraph 3(a) are issued. No rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Rights and obligations under any rights granted while the Plan is in effect shall not be impaired by suspension or termination of the Plan, except as expressly provided in the Plan or with the consent of the person

to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Plan and/or rights granted under an Offering comply with the requirements of Section 423 of the Code.

16. EFFECTIVE DATE OF PLAN.

The Plan shall become effective on the same day on which the Company's shareholders approve the Plan pursuant to vote of the shareholders held at the duly noticed Annual Shareholders Meeting in 1999.

17. CHOICE OF LAW.

All questions concerning the construction, validity and interpretation of this Plan shall be governed by the law of the State of California, without regard to such state's conflict of laws rules.
