## Semtech Demonstrates Optical Networking IC Industry Leadership Internationally

### Leading-edge 1G to 400G platforms enable industry demand for Optical infrastructure; showcased at CIOE in China and ECOC in Sweden

CAMARILLO, Calif., Sept. 06, 2017 (GLOBE NEWSWIRE) -- [Semtech Corporation](#) (Nasdaq:SMTC), a leading supplier of high performance analog and mixed-signal semiconductors and advanced algorithms, is exhibiting its comprehensive platform of high-performance signal integrity integrated chips (ICs) for data centers, passive optical networks (PONs) and wireless network infrastructure globally at CIOE 2017 in Shenzhen, China on September 6-9 and at ECOC 2017 in Gothenburg, Sweden on September 18-20.

Product demonstrations will include Semtech's [ClearEdge CDR Platform for low-cost 25G SFP28 SR Modules and Active Optical Cables, which recently entered full production](#), as well as its cutting edge laser drivers, limiting amplifiers, ROSAs, signal conditioners, transceivers, and transimpedance amplifiers. Semtech is one of the leading IC suppliers to high speed optical transceiver OEMs and offers optical networking solutions that support multiple next-generation connectivity standards: Fibre Channel, InfiniBand<sup>®</sup>, Ethernet, PON, SONET/SDH, and PCI Express<sup>®</sup>.

 Semtech Attending CIOE and ECOC

Semtech demonstrating optical globally

"We offer unmatched performance that paves the way for next-generation enterprise and wireless network growth," said Timothy Vang, Senior Director of Datacom Marketing for Semtech's Signal Integrity Products Group. "We look forward to meeting with existing and potential customers in both Europe and Asia this month to discuss how our latest products can enable their faster, high bandwidth optical networking solutions, as well as demonstrate our latest ICs for 400G and beyond."

#### About Semtech's Optical Products

Semtech's optical networking product platforms provide high-performance signal integrity for optical module solutions used by leading companies in the data center/enterprise networking, wireless infrastructure and passive optical network/Fiber to the X markets. For more information, visit [www.semtech.com/optical](http://www.semtech.com/optical).

#### About Semtech

Semtech Corporation is a leading supplier of high performance analog and mixed-signal semiconductors and algorithms for high-end consumer, enterprise computing, communications, and industrial equipment. Products are designed to benefit the engineering community as well as the global community. The Company is dedicated to reducing the impact it, and its products, have on the environment. Internal green programs seek to reduce waste through material and manufacturing control, use of green technology and designing for resource reduction. Publicly traded since 1967, Semtech is listed on the Nasdaq Global Select Market under the symbol SMTC. For more information, visit [www.semtech.com](http://www.semtech.com).

#### Forward-Looking and Cautionary Statements

All statements contained herein that are not statements of historical fact, including statements that use the words "will," "designed to," or other similar words or expressions, that describe Semtech Corporation's or its management's future plans,

objectives or goals are "forward-looking statements" and are made pursuant to the Safe-Harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause the actual results of Semtech Corporation to be materially different from the historical results and/or from any future results or outcomes expressed or implied by such forward-looking statements. Such factors are further addressed in Semtech Corporation's annual and quarterly reports, and in other documents or reports, filed with the Securities and Exchange Commission ([www.sec.gov](http://www.sec.gov)) including, without limitation, information under the captions "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors." Semtech Corporation assumes no obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release, except as required by law.
