Sonus Announces Participation in the Drexel TMT Conference in New York City

WESTFORD, Mass., Aug. 23, 2017 /PRNewswire/ -- [Sonus Networks](#) (Nasdaq: SONS), [a global leader in securing cloud and real-time communications](#), today announced that Ray Dolan, Sonus president and CEO, will be presenting on behalf of the Company at the **Drexel TMT Conference** at the W Hotel in New York, NY on Wednesday, September 6 at 10:45 a.m. ET.

The presentation will be webcast live on the Sonus Networks' investor relations website at <http://investors.sonusnet.com/events.cfm>. An archived version of the broadcast will be available on the same website shortly after the conclusion of the live event and will be available for 90 days following the presentation date.

About Sonus Networks

Sonus brings intelligence and security to real-time communications. By helping the world embrace the next generation of cloud-based SIP and 4G/LTE solutions, Sonus enables and secures latency-sensitive, mission critical traffic for VoIP, video, instant messaging and online collaboration. With Sonus, enterprises can give priority to real-time communications based on smart business rules while service providers can offer reliable, comprehensive and secure on-demand network services to their customers. With solutions deployed in more than 100 countries and nearly two decades of experience, Sonus offers a complete portfolio of hardware-based and virtualized session border controllers (SBCs), diameter signaling controllers (DSCs), policy/routing servers, network intelligence applications, media and signaling gateways and network analytics tools. For more information, visit www.sonus.net or call 1-855-GO-SONUS.
