Recommendation of the Board and the Special Committee

The Board of Directors of STI (the "Board"), after consultation with financial and legal advisors, and based on the unanimous recommendation of a special committee of the Board (the "Special Committee") comprised entirely of independent directors, has unanimously approved the Arrangement, has unanimously determined that the Arrangement is in the best interests of the Company, and recommends that the Company's shareholders vote in favour of the Arrangement. Scotiabank has also provided the Special Committee and the Board with its opinion that the consideration to be received by holders of Company's common shares, other than the common shares owned by the Purchaser Group, is fair, from a financial point of view, to such shareholders. Each of the directors and executive officers of the Company have entered into support agreements to vote their common shares in support of the Arrangement.

The Arrangement Agreement

The Arrangement Agreement provides that the implementation of the Arrangement is subject to customary closing conditions, including court approval of the Arrangement, approval of two-thirds of the votes cast by holders of common shares in person or by proxy at a special meeting of STI's shareholders and approval under the Canadian Competition Act and U.S. HSR Act. The parties expect to close the transaction by the end of the second quarter of 2018.

The Arrangement Agreement is subject to customary non-solicitation provisions, including STI's right to consider and accept superior proposals, subject to a right to match in favour of the Purchaser. A termination payment of US\$28.4 million will be payable by STI to the Purchaser Group should the transaction not close in certain circumstances, including if the Arrangement is not completed as a result of a superior proposal.

Part of the consideration is to be funded with equity commitments from the Purchaser Group. The remainder of the consideration will be funded with committed debt financing by BMO Capital Markets. CDPQ currently owns approximately 8.4% of the outstanding common shares of the Company.

Further information regarding the Arrangement will be included in STI's management information circular, which will be mailed to STI's shareholders in due course. Copies of the Arrangement Agreement and the management information circular will be available on the SEDAR website at www.sedar.com, the SEC's EDGAR website at www.sec.gov, or through the Company's website at www.rideSTBus.com.
