STEWART ENTERPRISES REPORTS RESULTS FOR FISCAL YEAR 2009

NEW ORLEANS, LA December 18, 2009 . . . Stewart Enterprises, Inc. (Nasdaq GS: STEI) reported today its results for the fourth quarter and fiscal year ended October 31, 2009.

The Company reported net earnings for fiscal year 2009 of \$35.7 million, or \$.39 per diluted share, compared to a net loss of \$3.7 million, or \$.04 per diluted share, for fiscal year 2008. For the quarter ended October 31, 2009, the Company reported net earnings of \$5.9 million, or \$.06 per diluted share, compared to a net loss of \$35.6 million, or \$.39 per diluted share for the quarter ended October 31, 2008.

The results for fiscal year 2009 included a \$20.1 million net gain on early extinguishment of debt (\$13.0 million after tax, or \$.14 per diluted share) related to the Company's purchase of \$83 million aggregate principal amount of its senior convertible notes in the open market during the year. After adjusting net earnings for the note purchases and several other unusual items, the Company had adjusted earnings of \$25.5 million, or \$.28 per diluted share, for the year ended October 31, 2009 compared to adjusted earnings of \$40.2 million, or \$.43 per diluted share, for the year ended October 31, 2008. See table under "Reconciliation of Non-GAAP Financial Measures" for further information on adjusted diluted earnings per share, adjusted net earnings and free cash flow.

Thomas J. Crawford, President and Chief Executive Officer, stated, "The current economic environment and overall industry conditions have been a challenge throughout fiscal year 2009. We have responded to the tough economy by keeping our long-term goals in mind, and we have generated momentum as the year has progressed with positive trends in many metrics in the fourth quarter over previous quarters of this year. We have continued to invest in new technology, our people and processes to position the Company to grow and become more efficient as the economy improves. We increased our common stock dividend rate by 20 percent and repurchased \$83 million principal amount of our convertible notes in the open market at a substantial discount. We generated \$85 million in operating cash flow, refinanced our revolving credit facility and reached our lowest net debt level in more than 10 years, with \$305 million outstanding as of October 31, 2009.

Highlights of the fourth quarter include:

- Increased funeral gross profit by \$1.1 million and funeral gross profit margin by 180 basis points compared to the fourth quarter of 2008 by effectively managing our costs, despite declines in average revenue;
- Same-store funeral services were essentially equal to the prior year quarter, a significant improvement from each of the previous quarters this fiscal year;
- Achieved the highest quarterly property sales and merchandise deliveries for the fiscal year;

- Improved net preneed funeral sales 11.8 percent compared to fourth quarter 2008, the highest for any quarter this fiscal year;
- Produced strong operating and free cash flow of \$21.3 million and \$16.6 million for the quarter;
- Reduced debt by an additional \$24.3 million in the fourth quarter, resulting in an 18 percent decrease in debt for fiscal year 2009; and
- Experienced improved trust returns with a total return of 3.7 percent in our preneed funeral and cemetery merchandise and services trusts (“preneed trusts”) and a total return of 3.8 percent in our perpetual care trusts in the fourth quarter, resulting in a total annual return of 15.4 percent in our preneed trusts and a total annual return of 19.9 percent in our perpetual care trusts.”

Mr. Crawford concluded, “For fiscal year 2009 we are very pleased with the amount of cash generated and by the positive trends we are experiencing. Despite the difficult market conditions in 2009, we continued to invest in our infrastructure and our people to achieve our long-term strategic vision. Our funeral homes and cemetery operations remain strong, our ‘Best in Class’ initiative is paying dividends and we look forward to producing positive results in fiscal year 2010 and beyond.”

Fourth Quarter Results

FUNERAL

- Funeral revenue decreased \$0.4 million, or 0.6 percent, to \$67.3 million, due primarily to a \$0.3 million reduction in trust earnings.
- The Company’s same-store funeral operations achieved a 0.7 percent increase in average revenue per traditional funeral service and a 1.5 percent increase in average revenue per cremation service. These increases were offset by a decrease in funeral trust earnings which resulted in an overall decrease of 0.4 percent in the same-store average revenue per funeral service.
- Same-store funeral services decreased 0.6 percent, or 79 events.
- In the fourth quarter of fiscal 2009, the Company experienced a \$1.9 million, or \$.01 per diluted share, decrease in revenue related to trust activities, of which \$0.3 million related to the funeral segment and \$1.6 million related to the cemetery segment.
- Funeral gross profit increased \$1.1 million to \$13.9 million for the fourth quarter of 2009 compared to \$12.8 million for the same period of 2008, primarily due to a \$1.5 million decrease in expenses. The decrease in expenses is due in part to a reduction in salaries and wages due to effective labor management and a reduction in direct merchandise costs. Funeral gross profit margin increased 180 basis points to 20.7 percent for the fourth quarter of 2009 from 18.9 percent for the same period of 2008.
- The cremation rate for the Company’s same-store operations increased slightly to 40.4 percent for the fourth quarter of 2009 compared to 40.0 percent for the fourth quarter of 2008.
- Net preneed funeral sales increased 11.8 percent during the fourth quarter of 2009 compared to the fourth quarter of 2008. Preneed funeral sales are deferred until the underlying contracts are performed and have no impact on current revenue.

CEMETERY

- Cemetery property sales, net of discounts, decreased \$0.5 million, or 2.0 percent, compared to the fourth quarter of 2008.
- Cemetery revenue decreased \$5.8 million, or 9.3 percent, to \$56.8 million for the fourth quarter of 2009 from \$62.6 million for the fourth quarter of 2008, primarily due to a \$3.6 million reduction in cemetery property revenue due to

the timing of revenue recognition for cemetery property sales and a \$1.6 million decrease in revenue related to trust activities, as noted above.

- Cemetery gross profit increased \$8.5 million to \$5.8 million for the fourth quarter of 2009 compared to a loss of \$2.7 million for the same period of 2008. The increase in gross profit is primarily related to the \$13.3 million charge recorded during the fourth quarter of 2008, compared to the \$0.2 million charge in the fourth quarter of 2009, for the Company's estimated probable obligation to restore the net realized losses in certain of the Company's cemetery perpetual care trusts.

OTHER

- The Company recorded a net hurricane related recovery of \$0.2 million (\$0.1 million after tax) during the fourth quarter of fiscal year 2009 compared to a net hurricane related charge of \$1.9 million (\$1.3 million after tax, or \$.01 per diluted share) for the same period of 2008.
- Interest expense decreased \$0.8 million to \$5.3 million during the fourth quarter of 2009 primarily due to the repurchase of the Company's senior convertible notes in the open market.
- Investment and other income, net, decreased \$0.7 million to less than \$0.1 million due primarily to a decrease in the average rate earned on the Company's cash balances of approximately 90 basis points. In light of economic and market conditions, the Company decided to seek stable investments in money-market funds invested in United States treasury securities. These investments realize a lower return.
- During the fourth quarter of fiscal year 2008, the Company recorded a noncash goodwill impairment charge of \$26.0 million (\$25.6 million after tax, or \$.28 per share) related to the cemetery operating segment.
- The effective tax rate for the quarter ended October 31, 2009 was 39.5 percent compared to 11.4 percent for the same period in 2008. The reduced rate in 2008 was primarily due to 1) the \$26.0 million goodwill impairment charge recorded in the fourth quarter of fiscal year 2008, of which \$25.0 million was a non-deductible permanent difference for tax purposes; and 2) the \$7.4 million valuation allowance against a deferred tax asset with respect to some of the capital losses in the Company's funeral and cemetery merchandise and services trusts recorded in the fourth quarter of fiscal year 2008.
- In the fourth quarter of fiscal year 2009, the Company purchased \$21.8 million aggregate principal amount of its 3.125 percent senior convertible notes due 2014 and \$2.5 million aggregate principal amount of its 3.375 percent senior convertible notes due 2016 in the open market, at substantial discounts. As a result, the Company recorded a \$2.9 million net gain on early extinguishment of debt.
- In September 2009, the Company's Board of Directors increased the annual cash dividend by 20 percent to \$.12 per share.

Year to Date Results

FUNERAL

- Funeral revenue decreased \$10.3 million, or 3.6 percent, to \$276.3 million.
- The Company's same-store funeral operations achieved a 3.1 percent increase in average revenue per traditional funeral service and a 5.7 percent increase in the average revenue per cremation service. These increases were partially offset by a shift in mix to lower-priced cremation services and a decrease in funeral trust earnings which resulted in an overall increase of 2.6 percent in the same-store average revenue per funeral service.
- Same-store funeral services performed decreased 5.9 percent, or 3,479 events. The decline is primarily due to a decrease in the number of deaths in the Company's markets, when compared with the comparable prior year period. An additional 39 percent of the total decline is due to a 1,342 call decline in the Company's West Coast operations, resulting from a decrease in low-end cremation events. Finally, the Company experienced a 222 call decline, or 6 percent of the total decline, in funeral services due to an additional day in the second quarter of 2008 due to leap year.

- For fiscal year 2009, the Company realized an \$8.8 million, or \$.06 per diluted share, decrease in revenue related to trust activities, of which \$3.1 million related to the funeral segment and \$5.7 million related to the cemetery segment. This decrease is lower than the Company's previously announced estimate of an approximate \$10 million reduction.
- Funeral gross profit decreased \$3.2 million to \$65.1 million for fiscal 2009 compared to \$68.3 million for the same period of 2008, due to the decrease in trust-related revenue, as noted above.
- The cremation rate for the Company's same-store operations was 41.0 percent for fiscal 2009 compared to 40.0 percent for fiscal 2008.
- Net preneed funeral sales increased 0.3 percent during fiscal 2009 compared to fiscal 2008. Preneed funeral sales are deferred until the underlying contracts are performed and have no impact on current revenue.

CEMETERY

- Cemetery revenue decreased \$29.8 million, or 12.3 percent, to \$211.5 million for fiscal year 2009. This decrease is due primarily to a \$13.7 million, or 13.2 percent, decrease in cemetery property sales, net of discounts, a decrease in cemetery merchandise delivered and services performed primarily due to a decline in deaths in the Company's markets and a decrease in cemetery revenue related to trust activities, as noted above.
- Cemetery gross profit decreased \$9.9 million to \$22.6 million for fiscal year 2009 compared to \$32.5 million for the same period of 2008. The decrease in gross profit is primarily due to the decrease in revenue, as noted above, partially offset by a decrease in the estimated probable funding obligation to restore the net realized losses in certain of the Company's cemetery perpetual care trusts which declined from a \$13.3 million charge recorded during fiscal year 2008 to a \$3.4 million charge during fiscal year 2009.

OTHER

- Corporate general and administrative expenses decreased \$1.9 million to \$30.7 million for the year ended October 31, 2009 primarily due to \$1.8 million in fiscal year 2008 charges for professional services related to the Board's evaluation of strategic alternatives to maximize shareholder value in connection with the Company's response to an unsolicited acquisition proposal.
- Interest expense decreased \$1.8 million to \$22.3 million during fiscal year 2009 primarily due to the repurchase of the Company's senior convertible notes in the open market.
- Investment and other income, net decreased \$2.3 million to \$0.1 million due primarily to an approximate 150 basis-point decrease in the average rate earned on the Company's cash balances. In light of economic and market conditions, the Company decided to seek stable investments in money-market funds invested in United States treasury securities. These investments realize a lower return.
- During fiscal year 2008, the Company recorded a noncash goodwill impairment charge of \$26.0 million (\$25.6 million after tax, or \$.27 per share) related to the cemetery operating segment.
- The effective tax rate for fiscal year 2009 was 35.5 percent compared to 119.7 percent for the same period in 2008. The increased rate in fiscal year 2008 was primarily due to the \$26.0 million goodwill impairment charge, of which \$25.0 million was non-deductible for tax purposes. This increase was coupled with a \$7.4 million valuation allowance on the unrealized capital loss carryforward of approximately \$18.8 million, net of capital gains, attributable to the realized losses associated with investments of certain trusts which are recognized for tax purposes and deferred for book purposes.
- In fiscal year 2009, the Company purchased \$37.6 million aggregate principal amount of its 3.125 percent senior convertible notes due 2014 and \$45.0 million aggregate principal amount of its 3.375 percent senior convertible notes due 2016 in the open market, for an aggregate purchase price of \$60.8 million. As a result, the Company recorded a \$20.1 million pre-tax net gain on early extinguishment of debt in fiscal year 2009.

Depreciation and Amortization

- Depreciation and amortization was \$7.3 million for the fourth quarter of 2009 compared to \$7.1 million for the fourth quarter of 2008.
- Depreciation and amortization was \$29.4 million for fiscal year 2009 compared to \$28.3 million for fiscal year 2008.

Cash Flow Results and Debt for Total Operations

- Cash flow provided by operating activities for the fourth quarter of fiscal year 2009 was \$21.3 million compared to \$32.3 million for the same period of last year. The decrease in operating cash flow is primarily due to \$16.0 million in tax refunds received in the fourth quarter of 2008, compared to \$10.3 million in tax refunds and reductions of income tax payments in the fourth quarter of 2009.
- Cash flow provided by operating activities for fiscal year 2009 was \$84.9 million compared to \$84.5 million for fiscal year 2008. The increase in operating cash flow is primarily due to a combination of tax refunds and reductions of income tax payments in fiscal year 2009 amounting to \$31.6 million compared to \$21.8 million received in fiscal year 2008. The increase in net cash flows from tax refunds and reductions of income tax payments was partially offset by the funding of \$2.7 million of the estimated probable funding obligation related to the Company's cemetery perpetual care trust in fiscal 2009, \$1.7 million of cash outflows related to Hurricanes Katrina and Ike in fiscal year 2009, coupled with the timing of payments to vendors and payroll payments. For additional information on the Company's taxes, see Note 18 to the consolidated financial statements in the Company's Form 10-K for the year ended October 31, 2009.
- Free cash flow was \$16.6 million during the fourth quarter of 2009 compared to \$27.3 million for the fourth quarter of 2008, primarily due to \$15.7 million in tax refunds received in the fourth quarter of fiscal year 2008, compared to \$6.2 million in tax refunds and reductions of income tax payments in the fourth quarter of fiscal year 2009.
- Free cash flow was \$71.8 million for fiscal year 2009 compared to \$67.1 million for the same period last year, primarily due to a decrease in maintenance capital expenditures.
- During the fourth quarter of 2009 the Company paid \$2.8 million, or \$.030 per share, in dividends compared to \$2.3 million, or \$.025 per share, in dividends during the fourth quarter of 2008.
- During fiscal year 2009, the Company paid \$9.7 million, or \$.105 per share, in dividends compared to \$9.4 million, or \$.10 per share, paid in fiscal year 2008.
- As of October 31, 2009, the Company had outstanding debt of \$367.5 million and cash on hand of \$62.8 million, or net debt of \$304.7 million, the lowest net debt balance in more than ten years.

Trust Performance

The following returns include realized and unrealized gains and losses:

- For the quarter ended October 31, 2009, the Company's preneed funeral and cemetery merchandise and services trusts experienced a total return of 3.7 percent, and its perpetual care trusts experienced a total return of 3.8 percent.
- For the year ended October 31, 2009, the Company's preneed funeral and cemetery merchandise and services trusts experienced a total return of 15.4 percent, and its perpetual care trusts experienced a total return of 19.9 percent.
- For the last three years ended October 31, 2009, the Company's preneed funeral and cemetery merchandise and services trusts experienced an annual total average decline in value of 4.1 percent, and its perpetual care trusts experienced an annual total average decline in value of 1.8 percent.
- For the last five years ended October 31, 2009, the Company's preneed funeral and cemetery merchandise and services trusts experienced an annual total return of 1.2 percent, and its perpetual care trusts experienced an annual total return of 1.7 percent.

The Company recorded several items during the three and twelve months ended October 31, 2009 and 2008 that impacted earnings including unusual items such as perpetual care funding obligations, goodwill impairments and tax valuation charges and non-recurring items such as gain on the early extinguishment of debt, hurricane related charges, gain on dispositions and impairment (losses), separation pay and the cost for the independent special committee in the prior year. The Company is presenting adjusted earnings in the table below to eliminate the effects of the specified items, which are not comparable from one period to the next.

Free cash flow is defined as net cash provided by operating activities less maintenance capital expenditures. Management believes that free cash flow is a useful measure of the Company's ability to repay debt, make strategic investments, repurchase stock or pay dividends (subject to the restrictions in its debt agreements). The following table provides a reconciliation between net cash provided by operating activities (the GAAP financial measure that the Company believes is most directly comparable to free cash flow) and free cash flow for the three and twelve months ended October 31, 2009 and 2008:

Free Cash Flow (Dollars in millions)	Three Months Ended October 31,		Twelve Months Ended October 31,	
	2009	2008	2009	2008
Net cash provided by operating activities ⁽¹⁾	\$ 21.3	\$ 32.3	\$ 84.9	\$ 84.5
Less: Maintenance capital expenditures	(4.7)	(5.0)	(13.1)	(17.4)
Free cash flow	\$ 16.6	\$ 27.3	\$ 71.8	\$ 67.1

- (1) Cash flow provided by operating activities for the fourth quarter of fiscal year 2009 was \$21.3 million compared to \$32.3 million for the same period of last year. The decrease in operating cash flow is primarily due to \$16.0 million in tax refunds received in the fourth quarter of 2008, compared to \$10.3 million in tax refunds and reductions of income tax payments in the fourth quarter of 2009.

Cash flow provided by operating activities for fiscal year 2009 was \$84.9 million compared to \$84.5 million for fiscal year 2008. The increase in operating cash flow is primarily due to a combination of tax refunds and reductions of income tax payments in fiscal year 2009 amounting to \$31.6 million compared to \$21.8 million received in fiscal year 2008. The increase in net cash flows from tax refunds and reductions of income tax payments was partially offset by the funding of \$2.7 million of the estimated probable funding obligation related to the Company's cemetery perpetual care trust in fiscal 2009, \$1.7 million of cash outflows related to Hurricanes Katrina and Ike in fiscal year 2009, coupled with the timing of payments to vendors and payroll payments. For additional information on the Company's taxes, see Note 18 to the consolidated financial statements in the Company's Form 10-K for the year ended October 31, 2009.

CAUTIONARY STATEMENTS

This press release includes forward-looking statements that are generally identifiable through the use of words such as “believe,” “expect,” “intend,” “plan,” “estimate,” “anticipate,” “project,” “will” and similar expressions. These forward-looking statements rely on assumptions, estimates and predictions that could be inaccurate and that are subject to risks and uncertainties that could cause actual results to differ materially from our goals or forecasts. These risks and uncertainties include, but are not limited to:

- effects on our trusts and escrow accounts of changes in stock and bond prices and interest and dividend rates;
- effects of the recent substantial decline in market value of our trust assets, including:
 - decreased future cash flow and earnings as a result of reduced earnings from our trusts and trust fund management;
 - the potential to realize additional losses and additional cemetery perpetual care funding obligations and tax valuation allowances;
- effects on at-need and preneed sales of a weakening economy;
- effects on revenue due to the changes in the number of deaths in our markets and decline in funeral call volume;
- effects on cash flow and earnings as a result of increased costs, particularly supply costs related to increases in commodity prices;
- effects on our market share, prices, revenues and margins of intensified price competition or improved advertising and marketing by competitors, including low-cost casket providers and increased offerings of products or services over the Internet;
- effects on our revenue and earnings of the continuing national trend toward increased cremation and the increases in the percentage of cremations performed by us that are inexpensive direct cremations;
- risk of loss due to hurricanes and other natural disasters;
- effects of the call options the Company purchased and the warrants the Company sold on our Class A common stock and the effects of the outstanding warrants on the ownership interest of our current stockholders;
- our ability to pay future dividends on and repurchase our common stock;
- our ability to consummate significant acquisitions of or investments in death care or related businesses successfully;
- the effects on us as a result of our industry's complex accounting model;
- the effect of the change in accounting method for our senior convertible notes;

and other risks and uncertainties described in our Form 10-K for the year ended October 31, 2009, filed with the SEC. We disclaim any obligation or intent to update or revise any forward-looking statements in order to reflect events or circumstances after the date of this release.
