Larry Reinhold, Chief Executive Officer, said, “Our Industrial Products Group and France technology businesses each delivered another exceptional quarter. On a Non-GAAP basis, total revenues of these two businesses increased to \$319 million, representing organic growth of over 11% on a constant currency average daily sales basis. In the third quarter Industrial achieved another quarter of record sales, recording \$204 million in revenue, an increase of 9% on a constant currency average daily sales basis and surpassed \$20 million in operating income. Industrial showed strong leverage and improved execution across the business. In France, revenue increased over 15% on a constant currency average daily sales basis, marking its 15th consecutive quarter of double digit organic top line growth. Performance in France included continued growth across all customer segments while producing solid profitability gains.”

“We have seen strong performance and excellent execution from both of our businesses in 2017, which is directly attributable to the efforts of our management teams and employees. In Industrial and France we are strengthening customer relationships, expanding the products and services we offer and generating strong cash flows. We continue to explore strategic acquisitions to support our growth objectives and remain well positioned to drive the long-term value of our businesses.”

At September 30, 2017, the Company had total working capital of \$226.6 million, cash and cash equivalents of \$176 million and excess availability under its credit facility of approximately \$71 million. The Company has significant flexibility to return capital to shareholders, execute on its business plans, invest in strategic M&A, and continue investing in growth opportunities. The Company’s board of directors has declared a cash dividend of \$0.10 per share to common stock shareholders of record at the close of business on November 13, 2017, payable on November 20, 2017. The Company anticipates continuing a regular quarterly dividend in the future.

Forward-Looking Statements

This press release contains forward looking statements within the meaning of that term in the Private Securities Litigation Reform Act of 1995 (Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934). Additional written or oral forward looking statements may be made by the Company from time to time in filings with the Securities and Exchange Commission or otherwise. Statements contained in this press release that are not historical facts are forward looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, and are based on management's estimates, assumptions and projections and are not guarantees of future performance. The Company assumes no obligation to update these statements. Forward looking statements may include, but are not limited to, projections or estimates of revenue, income or loss, exit costs, cash flow needs and capital expenditures, statements regarding future operations, expansion or restructuring plans, including our exit from and winding down of our NATG and European operations, financing needs, compliance with financial covenants in loan agreements, plans relating to products or services of the Company, assessments of materiality, predictions of future events and the effects of pending and possible litigation, as well as assumptions relating to the foregoing. In addition, when used in this release, the words "anticipates," "believes," "estimates," "expects," "intends," and "plans" and variations thereof and similar expressions are intended to identify forward looking statements.

Other factors that may affect our future results of operations and financial condition include, but are not limited to, unanticipated developments in any one or more of the following areas, as well as other factors which may be detailed from time to time in our Securities and Exchange Commission filings: risks involved with e-commerce, including possible loss of business and customer dissatisfaction if outages or other computer-related problems should preclude customer access to our products and services; the Company's management information systems and other technology platforms supporting our sales, procurement and other operations are critical to our operations and disruptions or delays have occurred and could occur in the future, and if not timely addressed would have a material adverse effect on us; general economic conditions, will continue to impact our business; sales tax laws or government enforcement priorities may be changed which could result in ecommerce and direct mail retailers having to collect sales taxes in states where the current laws and interpretations do not require us to do so; extreme weather conditions could disrupt our product supply chain and our ability to ship or receive products, which would adversely impact sales; our international operations are subject to risks such as fluctuations in currency rates, foreign regulatory requirements, and political uncertainty; and managing various inventory risks, such as being unable to profitably resell excess or obsolete inventory and/or the loss of product return rights and price protection from our vendors.

** Systemax manages its business and reports using a 52-53 week fiscal year that ends at midnight on the Saturday closest to December 31. For clarity of presentation, fiscal years and quarters are described as if they ended on the last day of the respective calendar month. The actual fiscal quarters ended on September 30, 2017 and October 1, 2016. The third quarters of both 2017 and 2016 included 13 weeks and the nine months of both 2017 and 2016 included 39 weeks.*

*** On December 1, 2015 the Company closed on the sale of certain assets of its North American Technology Group ("NATG"). Pursuant to this transaction, the Company continues to wind down the remaining operations of NATG during 2017. In the GAAP presentation, the retail operations which were discontinued by the Company prior to the transaction, along with allocations of common distribution and back office costs, are presented as part of the Company's continuing operations for all periods; other NATG operations that were sold (as well as the remaining retail operations that existed at the time of the transaction (and were*

subsequently discontinued by the Company) are presented as discontinued operations for all periods. The non-GAAP results reflect the entire NATG segment as a discontinued operation for all periods presented as well as adjustments for non-recurring items, intangible amortization, equity compensation and a normalized effective tax rate in recurring operations. On September 2, 2016, the Company closed on the sale of certain assets of its Misco Germany operation which has been reported as part of its European Technology Products Group. Prior and current year results of Germany have been eliminated in the non-GAAP presentation. On December 31, 2016, the Company closed on the sale of its Afligo rebate processing business. Prior and current year results of the rebate processing business have been eliminated in the non-GAAP presentation. The Company believes that the non-GAAP presentation conveys additional more meaningful information to investors. On March 24, 2017, the Company closed on the sale of its European Technology Group businesses, other than its operations in France. Prior and current year results of these divested businesses, along with the associated loss on the sale, have been classified as discontinued operations in both the GAAP and non-GAAP presentation. See accompanying GAAP reconciliation tables.

*** During Q2 2017, the Company decided to amend its presentation of certain costs associated with operating our Distribution Centers as well as costs associated with our Purchasing and Product Development Teams. Historically these costs have been included as a component of costs of goods sold. We are now including those costs as a component of Selling, Distribution, and Administrative Expenses. This change is reflected in current and prior year periods and is not a restatement of any amounts, rather, an amendment to the presentation of these costs to better align with the Company's MRO-oriented peer group in North America.
