Attendees will also have the unique opportunity to work one-on-one with Axon product developers to help design new devices and apps that are most relevant and necessary for law enforcement today.

"Accelerate is one of the most exciting and informative events of the year for Axon and our customers," says Axon CEO and founder, Rick Smith. "We want law enforcement to have the most up-to-date training and information about the technology we are developing to help their industry and improve their day-to-day jobs."
