Offer to Exchange

up to \$75,000,000 aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022 (CUSIP No. 14574X AD6), which have been registered under the Securities Act of 1933, for any and all of \$75,000,000 aggregate principal amount of outstanding 8.00% Senior Secured Second Lien Notes due 2022 (CUSIP Nos. 14574X AE4 and U14539 AC1), which were originally issued on June 23, 2017

We are offering to exchange, upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal, up to \$75.0 million aggregate principal amount of our 8.00% Senior Secured Second Lien Notes due 2022 (CUSIP No. 14574X AD6) that have been registered under the Securities Act of 1933, as amended (the "New Exchange Notes") for our currently outstanding \$75.0 million aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022 (CUSIP Nos. 14574X AE4 and U14539 AC1) that were originally issued in a private offering (the "initial offering") on June 23, 2017 (the "outstanding New Notes" and together with the New Exchange Notes, collectively, the "2017 Notes"). The outstanding New Notes were issued as "Additional Notes" under an indenture dated April 29, 2015 (the "indenture") pursuant to which we originally issued \$200.0 million aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022 on April 29, 2015 (the "Initial Notes"), which Initial Notes were exchanged for a like principal amount of notes that had been registered under the Securities Act of 1933, as amended (the "Existing Exchange Notes" and together with the Initial Notes, collectively, the "2015 Notes"). We refer to the 2015 Notes and the 2017 Notes collectively as the "notes." We have \$275.0 million aggregate principal amount of notes outstanding, and the 2015 Notes and the 2017 Notes are all governed by the indenture and vote as one class under the indenture.

Terms of the New Exchange Notes offered in this exchange offer:

- The terms of the New Exchange Notes are identical to the terms of the outstanding New Notes (including principal amount, interest rate and maturity), except that the New Exchange Notes have been registered under the Securities Act of 1933, as amended, or the "Securities Act," are not subject to any covenant regarding registration under the Securities Act, and are freely transferable by holders thereof (except as provided in this prospectus).
- The New Exchange Notes will represent the same debt as the outstanding New Notes, and we will issue the New Exchange Notes under the same indenture.
- The outstanding New Notes were originally issued under a different CUSIP number from the 2015 Notes. The New Exchange Notes will share a single CUSIP number with the 2015 Notes, and the New Exchange Notes will be fungible with the 2015 Notes and are expected to trade with the 2015 Notes. Outstanding New Notes that are not tendered and exchanged for New Exchange Notes in this exchange offer will trade separately from the 2015 Notes.

Terms of this exchange offer:

- All outstanding New Notes that you validly tender and do not validly withdraw before this exchange offer expires will be exchanged for an equal principal amount of the relevant New Exchange Notes.
- This exchange offer expires at 5:00 p.m., New York City time, on November 21, 2017, unless extended.
- Tenders of outstanding New Notes may be withdrawn at any time prior to the expiration of this exchange offer.
- The exchange of New Exchange Notes for outstanding New Notes will not be a taxable event for U.S. federal income tax purposes.
- We will not receive any proceeds from this exchange offer.

Resales of New Exchange Notes:

- There is no existing public market for the outstanding New Notes or the New Exchange Notes. We do not intend to list the New Exchange Notes on any securities exchange or seek approval for quotation through any automated trading system. The New Exchange Notes may be sold in the over-the-counter market, in negotiated transactions or through a combination of these methods.
- If you fail to tender your outstanding New Notes for the New Exchange Notes, you will continue to hold unregistered securities, that (i) will bear a different CUSIP number from the New Exchange Notes and 2015 Notes, (ii) will trade separately from the New Exchange Notes and 2015 Notes, and (iii) may be difficult for you to transfer.

Investing in the notes involves risks. You should consider carefully the "Risk Factors" beginning on page 11 of this prospectus before participating in this exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined that this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Broker-dealers who acquired outstanding New Notes from us in the initial offering are not eligible to participate in this exchange offer with respect to such outstanding New Notes. Each broker-dealer registered as such under the Securities Exchange Act of 1934, as amended, or the "Exchange Act", that receives New Exchange Notes for its own account pursuant to this exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the New Exchange Notes. The letter of transmittal that accompanies this prospectus states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer only in connection with resales of New Exchange Notes received in exchange for outstanding New Notes where the outstanding New Notes were acquired by the broker-dealer as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date of the applicable exchange offer and ending on the close of business 180 days after the registration statement of which this prospectus forms a part is declared effective by the SEC, or such shorter period as will terminate when broker-dealers are no longer required to deliver a prospectus in connection with market-making or other trading activities, we will make this prospectus available to any broker-dealer for use in connection with any resale of New Exchange Notes received by a broker-dealer for its own account. A broker-dealer may not participate in this exchange offer with respect to outstanding New Notes acquired other than as a result of market-making activities or trading activities. See "Plan of Distribution."

The date of this prospectus is October 24, 2017.

SUMMARY

The following is a summary of material information discussed in this prospectus. This summary may not contain all the details concerning the exchange offer or other information that may be important to you. To better understand the exchange offer and our business and financial position, you should carefully review this entire prospectus.

Our Company

We are one of the largest restaurant companies in the United States and have been operating restaurants for more than 50 years. We are the largest Burger King[®] franchisee in the United States, based on number of restaurants, and have operated Burger King restaurants since 1976. As of July 2, 2017, we owned and operated 799 Burger King restaurants located in 17 Northeastern, Midwestern and Southeastern states. Burger King restaurants feature the popular flame-broiled Whopper[®] sandwich, as well as a variety of hamburgers, chicken and other specialty sandwiches, french fries, salads, breakfast items, hot dogs, snacks, smoothies, frappes and other offerings. We believe that our size, seasoned management team, extensive operating infrastructure, experience and proven operating disciplines differentiate us from many of our competitors as well as many other Burger King operators. For the fiscal year ended January 1, 2017, our restaurants generated total revenues of \$943.6 million, our comparable restaurant sales increased 2.3% and our average annual restaurant sales for all restaurants were approximately \$1.31 million per restaurant. For the fiscal quarter ended July 2, 2017, our restaurants generated total revenues of \$279.5 million and our comparable restaurant sales increased 4.6%.

Our common stock is listed on The NASDAQ Global Market under the symbol "TAST." Our acquisition of 278 Burger King restaurants from BKC on May 30, 2012, which we refer to as the "2012 acquisition", included BKC's assignment of its right of first refusal (the "ROFR") on franchise restaurant transfers in 20 states as follows: Connecticut (except Hartford county), Delaware, Indiana, Kentucky, Maine, Maryland, Massachusetts (except for Middlesex, Norfolk and Suffolk counties), Michigan, New Hampshire, New Jersey, New York (except for Bronx, Kings, Nassau, New York, Queens, Richmond, Suffolk and Westchester counties), North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, Washington DC and West Virginia (the "DMA's") pursuant to an operating agreement with BKC dated May 30, 2012, as amended on January 26, 2015 and December 17, 2015, which we refer to as the "operating agreement". In addition, pursuant to the operating agreement, BKC granted us, on a non-exclusive basis, franchise pre-approval to acquire restaurants from Burger King franchisees in the 20 states covered by the ROFR until we operate 1,000 Burger King restaurants. Newly constructed or acquired restaurants beyond 1,000 or acquisitions in states not subject to the ROFR would be subject to BKC's customary approval process. The amended operating agreement also required us to remodel 455 Burger King restaurants to BKC's "20/20" restaurant image by December 31, 2016, and at December 31, 2016 we had complied with this remodel requirement. Additionally, under the amended operating agreement with BKC, beginning on January 1, 2016 and until we exceed operating 1,000 Burger King restaurants, a minimum of 10% of our annual new restaurant growth (including acquisitions) must come from the development of new Burger King restaurants (which includes restaurants we relocate within their market area); provided that for 2016 only, any required restaurant development may be deferred and opened by the end of 2017. At July 2, 2017, we had completed the development of three restaurants towards this commitment.

On June 6, 2017, we acquired 17 Burger King restaurants in the Baltimore and Washington, D.C. markets through the acquisition of all of the outstanding capital stock of Republic Foods, Inc. and on February 28, 2017, we acquired 43 Burger King restaurants in and around the Cincinnati, Ohio market. In 2016, we acquired a total of 56 Burger King restaurants in seven separate transactions; in 2015, we acquired a total of 55 Burger King restaurants in eight separate transactions; and in 2014 we acquired a total of 123 Burger King restaurants in five separate transactions.

Burger King Restaurants

According to BKC, as of December 31, 2016 there were a total of 15,738 Burger King restaurants, almost all of which were franchised and 7,387 were located in the United States and Canada. Burger King is the second largest hamburger restaurant chain in the world (as measured by number of restaurants) and we believe that the Burger King brand is one of the world's most recognized consumer brands. Burger King restaurants have a distinctive image and are generally located in high-traffic areas throughout the United States. Burger King restaurants are designed to appeal to a broad spectrum of consumers, with multiple day-part meal segments targeted to different groups of consumers. We believe that the competitive attributes of Burger King restaurants include significant brand recognition, convenience of location, quality, speed of service and price.

BKC's marketing strategy is characterized by its HAVE IT YOUR WAY[®] service, TASTE IS KING[®] tag line, flame grilling, generous portions and competitive prices. Burger King restaurants feature flame-grilled hamburgers, the most popular of which is the Whopper[®] sandwich, a large, flame-grilled hamburger garnished with mayonnaise, lettuce, onions, pickles and tomatoes. The basic menu of all Burger King restaurants also includes a variety of hamburgers, chicken and other specialty sandwiches, french fries, soft drinks, salads, breakfast items, snacks, and other offerings. BKC and its franchisees have historically spent between 4% and 5% of their respective sales on marketing, advertising and promotion to sustain high brand awareness. BKC's marketing initiatives are designed to reach a diverse consumer base and BKC has continued to introduce a number of new and enhanced products to broaden menu offerings and drive customer traffic in all day parts.

We believe the competitive attributes of Burger King restaurants include significant brand recognition, convenience of location, quality, speed of service and price.

Industry Overview

The Restaurant Market . Restaurant sales historically have closely tracked several macroeconomic indicators and we believe that “away-from-home” food consumption will increase due to these trends in recent years. Historically, unemployment has been inversely related to restaurant sales and, as the unemployment rate decreases and disposable income increases, restaurant sales have increased. According to the U.S. Department of Agriculture, in 2016 food away from home dollars exceeded at-home dining, with 50.2% of food dollars spent on food away from home and with total expenditures increasing 8.0% from 2013.

Quick-Service Restaurants . We operate in the hamburger category of the quick-service restaurant segment of the restaurant industry. Quick-service restaurants are distinguished by high speed of service and efficiency, convenience, limited menu and service, and value pricing. According to *Nation’s Restaurant News* , 2015 U.S. foodservice sales for the Top 100 restaurant chains increased 5.9% from 2014 to \$248.3 billion. Of this amount, the hamburger category represented \$76.8 billion, or 30.9%, making it the largest category of the quick-service segment.

Our Competitive Strengths

Largest Burger King Franchisee in the United States . We are the largest Burger King franchisee in the United States based on number of restaurants, and are well positioned to leverage the scale and marketing of one of the most recognized brands in the restaurant industry. We believe the geographic dispersion of our restaurants provides us with stability and enhanced growth opportunities in many of the markets in which we operate. We also believe that our large number of restaurants increases our ability to effectively manage the awareness of the Burger King brand in certain markets through our ability to influence local advertising and promotional activities.

Operational Expertise . We have been operating Burger King restaurants since 1976 and have developed sophisticated information and operating systems that enable us to measure and monitor key metrics for operational performance, sales and profitability that may not be available to other restaurant operators. Our focus on leveraging our operational expertise, infrastructure and systems allows us to optimize the performance of our restaurants and restaurants that we may acquire. Our size and history with the Burger King brand enable us to effectively track operating metrics and leverage best practices across our organization. We believe that our experienced management team, operating culture, effective operating systems and infrastructure enable us to operate more efficiently than many other Burger King operators, resulting in higher restaurant margins and improved overall financial results.

Consistent Operating History and Financial Strength . We believe that the quality and sophistication of our restaurant operations have driven our strong restaurant level performance. Comparable restaurant sales for our restaurants have generally outperformed the Burger King system. Our strong restaurant level operations coupled with our financial management capabilities have resulted in consistent and stable cash flows. We have demonstrated our ability to prudently manage financial leverage through a variety of economic cycles. We believe that our cash flow from operations and the availability of revolving credit borrowings under our senior credit facility will be used to fund our ongoing operations and capital expenditures.

Distinct Brand with Global Recognition, Innovative Marketing and New Product Development . As a Burger King franchisee, we benefit from, and rely on, BKC’s extensive marketing, advertising and product development capabilities to drive sales and generate increased restaurant traffic. Over the years, BKC has launched innovative and creative multimedia advertising campaigns that highlight the popular relevance of the Burger King brand. BKC has also introduced promotions that leverage both value and premium menu offerings as well as providing a platform for new premium sandwich offerings. We believe these campaigns continue to positively impact the brand today as BKC focuses on a well-balanced promotional mix and remains committed to focusing on fewer but more impactful new product launches and limited time offers, both of which continue to show positive trends. BKC is also aggressively working with franchisees throughout the system to encourage the renovation and remodeling of restaurants to BKC’s “20/20” image, which we believe will continue to increase customer traffic and restaurant sales.

Strategic Relationship with Burger King Corporation . We believe that the structure of the 2012 acquisition strengthened our well-established relationship with BKC and has further aligned our common interests to grow our business. We intend to continue to expand by making acquisitions, including acquisitions resulting from the exercise of the ROFR as well as other negotiated acquisitions under our pre-approval rights. The consideration to BKC associated with the 2012 acquisition included an equity interest in Carols Restaurant Group in the form of convertible preferred stock, which currently constitutes approximately 20.6% of our outstanding common stock on an as-converted basis. Since the 2012 acquisition, two of BKC’s senior executives have served on our board of directors. Jose Cil, Executive Vice President and President, Burger King, of Restaurant Brands International Inc., the indirect parent company of BKC, and Alexandre Macedo, BKC’s President of North America, currently serve on our Board of Directors. Our restaurants represent approximately 10.2% of the Burger King locations in North America as of January 1, 2017. We believe that the combination of our rights under the operating agreement, BKC’s equity interest and its board level representation will continue to reinforce the alignment of our common interests with BKC for the long term.

Multiple Growth Levers . We believe our historical track record of acquiring, integrating and remodeling our restaurants provides multiple avenues to grow our business. With more than 50 years of restaurant operating experience, we have successfully grown our business through acquisitions. Generally, we have experienced increases in comparable restaurant sales, increased restaurant-level profitability and improved operating metrics at the restaurants. In addition, as of July 2, 2017, we had a total of 578 restaurants with BKC's 20/20 restaurant image, which includes restaurants converted prior to our acquisition.

Experienced Management Team with a Proven Track Record . We believe that our senior management team's extensive experience in the restaurant industry and its long and successful history of developing, acquiring, integrating and operating quick-service restaurants provide us with a competitive advantage. Our management team has a successful history of integrating acquired restaurants, and over the past 20 years, we have significantly increased the number of Burger King restaurants we own and operate, largely through acquisitions. Our operations are overseen by our Chief Executive Officer, Dan Accordino, who has over 40 years of Burger King and quick-service restaurant experience and nine Regional Directors that have an average of 27 years of Burger King restaurant experience. Our 107 district managers that have an average tenure of 17 years in the Burger King system support the Regional Directors. Our operations management is further supported by our infrastructure of financial, information systems, real estate, human resources and legal professionals.

Our Business Strategy

Our primary business strategies are as follows:

Selectively Acquire and Develop Additional Burger King Restaurants . As of July 2, 2017, we operated 799 Burger King restaurants, making us one of the largest Burger King franchisee in the world. We acquired the ROFR in the 2012 acquisition and were granted certain pre-approval rights to acquire additional franchised restaurants and to develop new restaurants. Due to the number of restaurants and franchisees in the Burger King system and our historical success in acquiring and integrating restaurants, we believe that there is considerable opportunity for future growth. There are more than 2,000 Burger King restaurants we do not own in states in which we have the ROFR and pre-approval rights. Furthermore, we believe there are additional Burger King restaurants in states not subject to the ROFR that could be attractive acquisition candidates, subject to BKC's customary approval. We believe that the assignment of the ROFR and the pre-approval to acquire and develop additional restaurants provide us with the opportunity to significantly expand our ownership of Burger King restaurants in the future. While we may evaluate and discuss potential acquisitions of additional restaurants from time to time, we currently have no understandings, commitments or agreements with respect to any material acquisitions. We may be required to obtain additional financing to fund future acquisitions. There can be no assurance that we will be able to obtain additional financing, if necessary, on acceptable terms or at all.

Improve Profitability of Restaurants We Acquire by Leveraging Our Existing Infrastructure and Best-Practices . For acquired restaurants, we believe we can realize benefits from economies of scale, including leveraging our existing infrastructure across a larger number of restaurants. Additionally, we believe that our skilled management team, sophisticated information technology, operating systems and training and development programs support our ability to enhance operating efficiencies at any restaurants we may acquire. We have demonstrated our ability to increase the profitability of acquired restaurants and we believe, over time, that we will improve profitability and operational efficiency at the restaurants we have and may acquire.

Increase Restaurant Sales and Customer Traffic . BKC has identified and implemented a number of strategies to increase brand awareness, increase market share, improve overall operations and drive sales. These strategies are central to our strategic objectives to deliver profitable growth.

- **Products.** The strength of the BKC menu has been built on a distinct flame-grilled cooking platform to make better tasting hamburgers. We believe that BKC intends to continue to optimize the menu by focusing on core products, such as the flagship Whopper[®] sandwich, while maintaining a balance between value promotions and premium limited time offerings to drive sales and traffic. Recent product innovation has included a multi-tier balanced marketing approach to value and premium offerings, pairing value promotions with various limited time offerings of premium products. In addition, BKC has introduced various bundled meal deals to enhance the effectiveness of its promotional offers. There have also been a number of enhancements to food preparation procedures to improve the quality of BKC's existing products. These new menu platforms and quality improvements form the backbone of BKC's strategy to appeal to a broader consumer base and to increase restaurant sales.
- **Image.** We believe that re-imaged restaurants increase curb appeal and result in increased restaurant sales. As of July 2, 2017, we had a total of 578 restaurants with the BKC "20/20" image, including restaurants converted prior to our acquisition. BKC's 20/20 restaurant image features a fresh, sleek, eye-catching design. The restaurant redesign incorporates easy-to-navigate digital menu boards in the dining room, streamlined merchandising at the drive-thru and flat screen televisions in the dining area. We believe our restaurant remodeling has improved our guests' dining experience and increased customer traffic.
- **Advertising and Promotion.** We believe that we will continue to benefit from BKC's advertising support of its menu items, product enhancement and re-imaging initiatives. BKC has established a data driven marketing process which has focused on driving restaurant sales and traffic, while targeting a broad consumer base with inclusive messaging. This

strategy uses multiple touch points to advertise our products, including digital advertising, social media and on-line video in addition to traditional television advertising. BKC has a food-centric marketing strategy which focuses consumers on the food offerings, the core asset, and balances value promotions and premium limited time offerings to drive profitable restaurant sales and traffic.

- *Operations.* We believe that improving restaurant operations and enhancing the customer experience are key components to increasing the profitability of our restaurants. We believe we will benefit from BKC's ongoing initiatives to improve food quality, simplify restaurant level execution and monitor operational performance, all of which are designed to improve the customer experience and increase customer traffic.

Strategically Remodel to Elevate Brand Profile and Increase Profit Potential . In 2017, we plan to remodel an additional 28 to 32 more locations to BKC's "20/20" image as well as rebuild 6 to 8 restaurants and construct 10 to 15 new restaurants, of which two or three restaurants will be relocated within their respective markets. We believe there are opportunities to increase profitability by remodeling additional restaurants including restaurants that we have acquired or may acquire in the future.

Summary of the Exchange Offer

The Initial Offering of Outstanding New Notes

In connection with the private placement of the outstanding New Notes on June 23, 2017, we entered into a registration rights agreement, dated June 23, 2017, with the initial purchaser of the outstanding New Notes in which we agreed, among other things, to use our reasonable best efforts to cause the exchange offer described in this prospectus to be consummated within 270 days after the date of the original issue of the original notes. You are entitled to exchange in the exchange offer your outstanding New Notes for New Exchange Notes, the terms of which are identical in all material respects to the outstanding New Notes (including principal amount, interest rate and maturity) except that the New Exchange Notes have been registered under the Securities Act of 1933, as amended, or the “Securities Act.”

The Exchange Offer

We are offering to exchange up to \$75.0 million aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022, which will be registered under the Securities Act, for up to \$75.0 million aggregate principal amount of outstanding 8.00% Senior Secured Second Lien Notes due 2022 (CUSIP Nos. 14574X AE4 and U14539AC1), which were issued in connection with a private placement on June 23, 2017. In order to be exchanged, an outstanding New Note must be properly tendered and accepted. We will issue \$1,000 principal amount of New Exchange Notes for each respective \$1,000 principal amount of outstanding New Notes validly tendered and not withdrawn pursuant to this exchange offer. We will issue New Exchange Notes promptly after the expiration of this exchange offer. The outstanding New Notes were originally issued under a different CUSIP number from the 2015 Notes. The New Exchange Notes will share a single CUSIP number with the 2015 Notes, and the New Exchange Notes will be fungible with the 2015 Notes and are expected to trade with the 2015 Notes. Outstanding New Notes that are not tendered and exchanged for New Exchange Notes in this exchange offer will trade separately from the 2015 Notes.

Expiration Date

This exchange offer expires at 5:00 p.m., New York City time, on November 21, 2017, unless we decide to extend the expiration date, in which case the term “expiration date” means the latest date and time to which we extend this exchange offer. For more information, see “The Exchange Offer—Expiration Date; Extensions; Amendments.”

Withdrawal Rights

You may withdraw the tender of your outstanding New Notes at any time prior to 5:00 p.m., New York City time, on the expiration date. - if the outstanding New Notes you own are held of record by The Depository Trust Company, or “DTC,” in book-entry form and you are making delivery by book-entry transfer, a computer-generated message transmitted by means of DTC’s Automated Tender Offer Program System, or “ATOP,” in which you acknowledge and agree to be bound by the terms of the letter of transmittal and which, when received by the exchange agent, will form a part of a confirmation of book-entry transfer, DTC will facilitate the exchange of your outstanding New Notes and update your account to reflect the issuance of the New Exchange Notes to you. ATOP allows you to electronically transmit your acceptance of this exchange offer to DTC instead of physically completing and delivering a letter of transmittal to the exchange agent.

**Special Procedures for
Beneficial

If you are the beneficial owner of book-entry interests and your name does not appear on a security position listing of DTC as the holder of the book-entry interests or if you are a beneficial owner of outstanding New Notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender the book-entry interest or outstanding New Notes in this exchange offer, you should contact the person in whose name your book-entry interests or outstanding New Notes are registered promptly and instruct that person to tender on your behalf. For more information, see “The Exchange Offer—Procedures for Tendering.”

- time will not permit your notes or other required documents to reach the exchange agent by 5:00 p.m., New York City time, on the expiration date; or
- the procedure for book-entry transfer cannot be completed on time;

you may tender your outstanding New Notes by completing a notice of guaranteed delivery and complying with the guaranteed delivery procedures. For more information, see “The Exchange Offer—Guaranteed Delivery Procedures.”

**Resales of the New Exchange
Notes**

Based on an interpretation by the staff of the Securities and Exchange Commission, or the “SEC,” set forth in no-action letters issued to third parties, we believe that the New Exchange Notes you receive in this exchange offer may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act, provided that:

See “Capitalization.”</p>

Collateral

The notes and the guarantees are secured by a second priority lien on the assets owned by us and the guarantors that also secure obligations under our senior credit facility, subject to certain exceptions. The lenders under our senior credit facility benefit from first priority liens on the collateral. Under the security agreement, we and the guarantors have, subject to certain exceptions, granted security interests in substantially all of our and their real, personal and fixture property, including all of the equity interests held by us in subsidiaries (but (a) as to the voting stock of any foreign subsidiary, not to exceed 65% of the outstanding voting stock, (b) excluding any capital stock of a subsidiary to the extent necessary for such subsidiary not to be subject to any requirement pursuant to Rule 3-16 or Rule 3-10 of Regulation S-X under the Exchange Act, due to the fact that such subsidiary's capital stock secured the notes or guarantees, to file separate financial statements with the SEC and (c) subject to other exceptions, including franchise agreements, leased real property and certain owned real property) and all proceeds and products of the foregoing. See "Description of Notes-Security."

The value of the collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers for the collateral. The liens on the collateral may be released without the consent of the holders of notes if collateral is disposed of in a transaction that complies with the indenture and related security documents or in accordance with the provisions of the intercreditor agreement. See "Risk Factors - Risks Related to the Notes" and "Description of Notes - Security" and "- Intercreditor Agreement."

Intercreditor Agreement

Pursuant to an intercreditor agreement, the liens securing the notes are second priority liens that are expressly junior in priority to the liens that secure obligations under our senior credit facility. Pursuant to the intercreditor agreement, the liens securing the notes may not be enforced for a 180 day "standstill" period. The holders of the first priority lien obligations will receive all proceeds from any realization of the collateral or from the collateral or proceeds thereof in any insolvency or liquidation proceeding, in each case until the first priority lien obligations are paid in full. See "Description of Notes - Intercreditor Agreement."

Use of Proceeds

We will not receive any cash proceeds from this exchange offer.

Optional Redemption

On or after May 1, 2018, we may redeem some or all of the notes at any time at the redemption prices specified under "Description of Notes - Optional Redemption."

In addition, at any time prior to May 1, 2018, we may redeem up to 35% of the notes with the net cash proceeds from specified equity offerings at a redemption price equal to 108.00% of the principal amount of each note to be redeemed, plus accrued and unpaid interest, if any, to the date of redemption.

- incur additional indebtedness or issue preferred stock;
- make dividend payments or restricted payments;
- create liens;
- sell assets;
- enter into transactions with affiliates; and
- enter into mergers, consolidations, or sales of all or substantially all of our assets.

The restrictive covenants set forth in the indenture are subject to important exceptions and qualifications. See "Description of Notes—Certain Covenants."

No Public Market

The outstanding New Notes and, if issued, the New Exchange Notes, are new securities and there is currently no established trading market for the outstanding New Notes or the New Exchange Notes. However, the New Exchange Notes will share a single CUSIP number with the outstanding 2015 Notes and are expected to trade along with the 2015 Notes. The initial purchaser has advised us that it presently intends to make a market in the outstanding New Notes and, if issued, the New Exchange Notes. However, you should be aware that they it is not obligated to make a market and may discontinue its market-making activities at any time without notice. As result, a liquid market for the outstanding New Notes and, if issued, the New Exchange Notes, may not be available if you try to

sell your outstanding New Notes or New Exchange Notes. We do not intend to list the outstanding New Notes or, if issued, the New Exchange Notes on any securities exchange.

Risk Factors

Potential investors in the notes should carefully consider the matters set forth under the caption “Risk Factors” prior to making an investment decision with respect to the notes.

RISK FACTORS

Any investment in the New Exchange Notes involves a high degree of risk. You should carefully consider the following risks, as well as other risk factors and information contained, or incorporated by reference, in this prospectus before making an investment decision. The risks and uncertainties described below are not the only risks and uncertainties that we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of those risks actually occurs, our business, financial condition and results of operations would suffer. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See “Forward-Looking Statements” in this prospectus.

Risks Related to the Exchange Offer

Your outstanding New Notes will not be accepted for exchange if you fail to follow the exchange offer procedures.

We will not accept your outstanding New Notes for exchange if you do not follow the exchange offer procedures. We will issue New Exchange Notes as part of this exchange offer only after a timely receipt of your outstanding New Notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you want to tender your outstanding New Notes, please allow sufficient time to ensure timely delivery. If we do not receive your outstanding New Notes, letter of transmittal and other required documents by the expiration date of this exchange offer or you do not otherwise comply with the guaranteed delivery procedures for tendering your New Notes, we may not accept your outstanding New Notes for exchange. Neither we, the trustee nor the exchange agent is under a duty to give notification of defects or irregularities with respect to the tenders of outstanding New Notes for exchange. If there are defects or irregularities with respect to your tender of outstanding New Notes, we will not accept your outstanding New Notes for exchange unless we decide in our sole discretion to waive those defects or irregularities. Each broker or dealer that receives New Exchange Notes for its own account in exchange for outstanding New Notes that were acquired in market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of the New Exchange Notes.

Some holders who exchange their outstanding New Notes may be deemed to be underwriters and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your outstanding New Notes in this exchange offer for the purpose of participating in a distribution of the New Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Although the New Exchange Notes are expected to trade along with the 2015 Notes, you may not be able to resell them.

The New Exchange Notes will be registered under the Securities Act and will share a single CUSIP number with the 2015 Notes, will be fungible with the 2015 Notes and are expected to trade along with the 2015 Notes. However, there can be no assurance as to:

- the liquidity of any trading market for the notes;
- the ability of holders to sell their New Exchange Notes; or
- the price at which the holders will be able to sell their New Exchange Notes.

We do not intend to apply for listing of the New Exchange Notes on any securities exchange or for quotation through an automated quotation system. The New Exchange Notes might trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar debentures, our financial performance and the interest of securities dealers in making a market in the New Exchange Notes.

We understand that the initial purchaser presently intends to make a market in the New Exchange Notes. However, it is not obligated to do so, and any market-making activity with respect to the notes, including the New Exchange Notes, may be discontinued at any time without notice. In addition, any market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act, and may be limited during this exchange offer or the pendency of an applicable shelf registration statement. There can be no assurance that an active market will exist for the notes, including the New Exchange Notes, or that any trading market that does develop will be liquid.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused volatility in prices. It is possible that the market for the notes, including the New Exchange Notes, will be subject to disruptions. Any such disruptions may have a negative effect on you, as a holder of the New Exchange Notes, regardless of our prospects and financial performance.

Broker-dealers may become subject to the registration and prospectus delivery requirements of the Securities Act and any profit on the resale of the New Exchange Notes may be deemed to be underwriting compensation under the Securities Act.

Any broker-dealer that acquires New Exchange Notes in the exchange offer for its own account in exchange for outstanding New Notes which it acquired through market-making or other trading activities must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that broker-dealer. Any profit on the resale of the New Exchange Notes and any commission or concessions received by a broker-dealer may be deemed to be underwriting compensation under the Securities Act.

If you do not exchange your outstanding New Notes, they may be difficult to resell.

It may be difficult for you to sell outstanding New Notes that are not exchanged in the exchange offer, since any outstanding New Notes not exchanged will continue to be subject to the restrictions on transfer described in the legend on the global security representing the outstanding New Notes. These restrictions on transfer exist because we issued the outstanding New Notes pursuant to an exemption from the registration requirements of the Securities Act and applicable state securities laws. Generally, the outstanding New Notes that are not exchanged for New Exchange Notes will remain restricted securities and will trade separately, if at all, from the outstanding 2015 Notes and the outstanding New Notes that have been exchanged in the exchange offer. Accordingly, those outstanding New Notes may not be offered or sold, unless registered under the Securities Act and applicable state securities laws, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We currently do not plan to register the outstanding New Notes under the Securities Act.

Risks Related to the Notes

Our substantial indebtedness could adversely affect our financial condition.

As a result of our substantial indebtedness, a significant portion of our cash flow will be required to pay interest and principal on our outstanding indebtedness, and we may not generate sufficient cash flow from operations, or have future borrowings available under our senior credit facility, to enable us to repay our indebtedness, including the notes, or to fund other liquidity needs. As of July 2, 2017, we had approximately \$282.7 million of total indebtedness outstanding, primarily consisting of \$275.0 million of notes (which includes \$75.0 million of outstanding New Notes and \$200.0 million of the 2015 Notes), \$1.2 million of lease financing obligations, \$6.5 million of capital leases and other debt, and \$60.2 million of availability under our senior credit facility (after reserving \$12.8 million for letters of credit issued under the senior credit facility which included amounts for anticipated claims from our renewals of workers' compensation and other insurance policies), which would effectively rank senior to the notes including the New Exchange Notes.

Our substantial indebtedness could have important consequences to you. For example, it could:

- make it more difficult for us to satisfy our obligations with respect to the notes and our other debt;
- increase our vulnerability to general adverse economic and industry conditions;
- require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness and related interest, including indebtedness we may incur in the future, thereby reducing the availability of our cash flow to fund working capital, capital expenditures (including restaurant remodeling obligations under the operating agreement) and other general corporate purposes;
- restrict our ability to acquire additional restaurants;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- increase our cost of borrowing;
- place us at a competitive disadvantage compared to our competitors that may have less debt; and
- limit our ability to obtain additional financing for working capital, capital expenditures, acquisitions, debt service requirements or general corporate purposes.

We expect to use cash flow from operations, revolving credit borrowings under our senior credit facility and a portion of the net proceeds from the issuance of the outstanding New Notes to meet our current and future financial obligations, including funding our operations, debt service, possible future acquisitions and capital expenditures (including restaurant remodeling and new restaurant development). Our ability to make these payments depends on our future performance, which will be affected by financial, business, economic and other factors, many of which we cannot control. Our business may not generate sufficient cash flow from operations in the future, which could result in our being unable to repay indebtedness, or to fund other liquidity needs. If we do not have enough money, we may be forced to reduce or delay our business activities and capital expenditures (including our restaurant remodeling and new restaurant development obligations), sell assets, obtain additional debt or equity capital or restructure or refinance all or a portion of our debt, including our senior credit facility and the notes, on or before maturity. We cannot make any assurances that we will be able to accomplish any of these alternatives on terms acceptable to us, or at all. In

addition, the terms of existing or future indebtedness, including the agreements for our senior credit facility, may limit our ability to pursue any of these alternatives.

Despite current indebtedness levels and restrictive covenants, we may still be able to incur more debt or make certain restricted payments, which could further exacerbate the risks described above.

We and our subsidiaries may be able to incur additional debt in the future, including debt that may be secured on a first lien basis or pari passu with the notes, including the New Exchange Notes. Although our senior credit facility and the indenture governing the notes contain restrictions on our ability to incur indebtedness, those restrictions are subject to a number of exceptions. In addition, if we are able to designate some of our restricted subsidiaries under the indenture governing the notes as unrestricted subsidiaries, those unrestricted subsidiaries would be permitted to borrow beyond the limitations specified in the indenture governing the notes and engage in other activities in which restricted subsidiaries may not engage. We may also consider investments in joint ventures or acquisitions, which may increase our indebtedness. Moreover, although our senior credit facility and the indenture governing the notes contain restrictions on our ability to make restricted payments, including the declaration and payment of dividends, we are able to make such restricted payments under certain circumstances. Adding new debt to current debt levels or making restricted payments could intensify the related risks that we and our subsidiaries now face. See “Capitalization.”

The agreements governing our debt agreements restrict our ability to engage in some business and financial transactions and contain certain other restrictive terms.

Our debt agreements, such as the indenture governing the notes and the agreement governing our senior credit facility, restrict our ability in certain circumstances to, among other things:

- incur additional debt;
- pay dividends and make other distributions on, redeem or repurchase, capital stock;
- make investments or other restricted payments;
- enter into transactions with affiliates;
- engage in sale and leaseback transactions;
- sell all, or substantially all, of our assets;
- create liens on assets to secure debt; or
- effect a consolidation or merger.

These covenants limit our operational flexibility and could prevent us from taking advantage of business opportunities as they arise, growing our business or competing effectively. In addition, our senior credit facility requires us to maintain specified financial ratios and satisfy other financial condition tests. Our ability to meet these financial ratios and tests can be affected by events beyond our control, and we cannot assure you that we will meet these tests.

A breach of any of these covenants or other provisions in our debt agreements could result in an event of default, which if not cured or waived, could result in such debt becoming immediately due and payable. This, in turn, could cause our other debt to become due and payable as a result of cross-acceleration provisions contained in the agreements governing such other debt. In the event that some or all of our debt is accelerated and becomes immediately due and payable, we may not have the funds to repay, or the ability to refinance, such debt. In addition, in the event that the notes become immediately due and payable, the holders of the notes, including the New Exchange Notes, would not be entitled to receive any payment in respect of the notes until all of our senior debt has been paid in full.

Our ability to make payments on the notes depends on our ability to receive dividends and other distributions from our subsidiaries.

We are a holding company and have no direct operations and depend on dividends and other payments from our subsidiaries to generate the funds necessary to meet our financial obligations, including the payment of principal and of interest on their outstanding debt. Our subsidiaries are legally distinct from us. Payment to us by our subsidiaries will be contingent upon our subsidiaries' earnings and other business considerations. The ability of our subsidiaries to pay dividends, make distributions, provide loans or make other payments to us may be restricted by applicable state and foreign laws, potentially adverse tax consequences and their agreements, including agreements governing their debt. As a result, we may not be able to access their cash flow to service our debt, including the notes, and we cannot assure you that the amount of cash and cash flow reflected on our financial statements will be fully available to us.

We may not have the funds necessary to satisfy all of our obligations under our senior credit facility, the notes, including the New Exchange Notes, or other indebtedness in connection with certain change of control events.

Upon the occurrence of specific kinds of change of control events, the indenture governing the notes requires us to make an offer to repurchase all notes that are then outstanding at 101% of the principal amount thereof, plus accrued and unpaid interest (and additional interest, if any) to the date of repurchase. However, it is possible that we will not have sufficient funds, or the ability to raise sufficient funds, at the time of the change of control to make the required repurchase of the notes. In addition, restrictions under our senior credit facility may not allow us to repurchase the notes upon a change of control. If we could not refinance such debt or otherwise obtain a waiver from the holders of such debt, we would be prohibited from repurchasing the notes, which would constitute an event of default under the indenture. Certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a “Change of Control” under the indenture. See “Description of Notes —Change of Control.”

In addition, our senior credit facility provides that certain change of control events constitute an event of default under such senior credit facility. Such an event of default entitles the lenders thereunder to, among other things, cause all outstanding debt obligations under the senior credit facility to become due and payable and to proceed against the collateral securing such senior credit facility. Any event of default or acceleration of the senior credit facility will likely also cause a default under the terms of our other indebtedness.

We may enter into transactions that would not constitute a change of control that could affect our ability to satisfy our obligations under the notes, including the New Exchange Notes.

Legal uncertainty regarding what constitutes a change of control and the provisions of the indenture may allow us to enter into transactions, such as acquisitions, refinancings or recapitalizations, that would not constitute a change of control but may increase our outstanding indebtedness or otherwise affect our ability to satisfy our obligations under the notes. The definition of change of control includes a phrase relating to the transfer of “all or substantially all” of our assets and subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, your ability to require the issuer to repurchase notes as a result of a transfer of less than all of our assets to another person may be uncertain.

Risks Related to the Collateral and Guarantees

The lien on the collateral securing the notes, including the New Exchange Notes, and the guarantees is junior and subordinate to the lien on the collateral securing our senior credit facility and certain other first lien obligations.

The notes, including the New Exchange Notes, and the guarantees are secured by second priority liens granted by us and the existing guarantors and any future guarantor on our assets and the assets of the guarantors that secure obligations under our senior credit facility and certain hedging and cash management obligations, subject to certain permitted liens, exceptions and encumbrances described in the indenture governing the notes and the security documents relating to the notes. As set out in more detail under “Description of Notes,” the lenders under our senior credit facility and holders of certain of our hedging and cash management obligations are entitled to receive all proceeds from the realization of the collateral under certain circumstances, including upon default in payment on, or the acceleration of, any obligations under our senior credit facility, or in the event of our, or any of our subsidiary guarantors', bankruptcy, insolvency, liquidation, dissolution, reorganization or similar proceeding, to repay such obligations in full before the holders of the notes will be entitled to any recovery from such collateral. In addition, the indenture governing the notes permits us and the guarantors to create additional liens under specified circumstances, including liens senior in priority to and pari passu with the liens securing the notes. Any obligations secured by such liens may further limit the recovery from the realization of the collateral available to satisfy holders of the notes, including the New Notes.

Holders of the notes will not control decisions regarding collateral.

The lenders under our senior credit facility, as holders of first priority lien obligations, control substantially all matters related to the collateral pursuant to the terms of the intercreditor agreement. The holders of the first priority lien obligations may cause the collateral agent thereunder (the “first lien agent”) to dispose of, release, or foreclose on, or take other actions with respect to, the collateral (including amendments of and waivers under the security documents) with which holders of the notes may disagree or that may be contrary to the interests of holders of the notes, even after a default under the notes. To the extent collateral is released from securing the first priority lien obligations, the intercreditor agreement provides that in certain circumstances, the second priority liens securing the notes will also be released. In addition, the security documents related to the second priority lien generally provide that, so long as the first priority lien obligations are in effect, the holders of the first priority lien obligations may change, waive, modify or vary the security documents governing such first priority liens without the consent of the holders of the notes (except under certain limited circumstances) and that the security documents governing the second priority liens will be automatically changed, waived and modified in the same manner. Further, the security documents governing the second priority liens may not be amended in any manner adverse to the holders of the first-priority obligations without the consent of the first lien agent until the first priority lien obligations are paid in full. The intercreditor agreement prohibits second priority lienholders

from foreclosing on the collateral for a 180 day “stand still” period (subject to extension for any period during which the first lien agent is exercising remedies) until payment in full of the first priority lien obligations. We cannot assure you that in the event of a foreclosure by the holders of the first priority lien obligations, the proceeds from the sale of collateral would be sufficient to satisfy all or any of the amounts outstanding under the notes, including the New Exchange Notes, after payment in full of the obligations secured by first priority liens on the collateral.

There may not be sufficient collateral to pay all or any of the notes, especially if we incur additional secured indebtedness ranking prior to or pari passu with the notes, which will dilute the value of the collateral securing the notes and guarantees.

No appraisals of any collateral have been prepared in connection with the issuance of the notes, including the New Exchange Notes. The fair market value of the collateral is subject to fluctuations based on factors that include, among others, the condition of the markets and sectors in which we operate, the ability to sell the collateral in an orderly sale, the condition of the national and local economies, the availability of buyers and similar factors. The value of the assets pledged as collateral for the notes could also be impaired in the future as a result of our failure to implement our business strategy, competition or other future trends. In the event of foreclosure, liquidation, bankruptcy or similar proceeding on the collateral, the proceeds from the sale of the collateral may not be sufficient to satisfy in full or at all our obligations under the notes and any additional indebtedness secured equally and ratably with the notes. The amount to be received upon such a sale would be dependent on numerous factors, including but not limited to the timing and the manner of the sale. In addition, the book value of the collateral should not be relied on as a measure of realizable value for such assets. By its nature, portions of the collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the collateral can be sold in a short period of time in an orderly manner. A significant portion of the collateral includes assets that may only be usable, and thus retain value, as part of our existing operating business. Accordingly, any such sale of the collateral separate from the sale of certain of our operating businesses may not be feasible or of significant value.

To the extent that pre-existing liens, liens permitted under the indenture and other rights, including liens on excluded assets (such as those securing purchase money obligations and capital lease obligations granted to other parties in addition to the holders of obligations secured by liens ranking prior to the notes, including liens under our senior credit facility) encumber any of the collateral securing the notes and the guarantees, those parties have or may exercise rights and remedies with respect to the collateral that could adversely affect the value of the collateral and the ability of the collateral agent, the trustee under the indenture or the holders of the notes to realize or foreclose on the collateral. Consequently, liquidating the collateral securing the notes may not result in proceeds in an amount sufficient to pay any amounts due under the notes after also satisfying the obligations to pay any creditors with prior liens. If the proceeds of any sale of collateral are not sufficient to repay all amounts due on the notes, the holders of the notes (to the extent not repaid from the proceeds of the sale of the collateral) would have only an unsecured, unsubordinated claim against our and the guarantors' remaining assets.

Other consequences of a finding of under-collateralization would be, among other things, a lack of entitlement on the part of the notes to receive post-petition interest and collect fees and costs. In addition, under these circumstances, the unsecured portion of the notes would not be entitled to receive “adequate protection” under federal bankruptcy laws. In addition, if any payments of post-petition interest had been made at any time prior to such a finding of under-collateralization, those payments would be recharacterized by the bankruptcy court as a reduction of the principal amount of the secured claim with respect to the notes.

We or any subsidiary guarantor may incur additional secured indebtedness under the indenture, including the issuance of additional notes or the incurrence of other forms of indebtedness secured equally and ratably with the notes and borrowings under our senior credit facility or other senior lien obligations, subject to certain specified conditions. See “Description of Notes -Certain Covenants -Limitation on Incurrence of Debt.” Any such incurrences could dilute the value of the collateral securing the notes and guarantees.

The pledge of the capital stock, other securities and similar items of our subsidiaries that secure the notes may automatically be released from the lien on them and no longer constitute collateral for so long as the pledge of such capital stock or such other securities would require the filing of separate financial statements with the SEC for that subsidiary.

The notes, including the New Exchange Notes, are secured by a pledge of the stock of some of our subsidiaries. Under the SEC regulations in effect as of the issue date of the outstanding New Notes, if the par value, book value as carried by us or market value (whichever is greatest) of the capital stock, other securities or similar items of a subsidiary pledged as part of the collateral securing our senior credit facility is greater than or equal to 20% of the aggregate principal amount of the notes then outstanding, such subsidiary would be required to provide separate financial statements to the SEC. Therefore, the indenture and the collateral documents provide that any capital stock and other securities of any of our subsidiaries will be excluded from the collateral securing the notes for so long as the pledge of such capital stock or other securities to secure the notes would cause such subsidiary to be required to file separate financial statements with the SEC pursuant to Rules 3-16 and 3-10 of Regulation S-X (as in effect from time to time). As a result, holders of the notes could lose a portion or all of their security interest in the capital stock or other securities of those subsidiaries during such period. It may be more difficult, costly and time-consuming for holders of the notes to foreclose on the assets of a subsidiary than to foreclose on its capital stock or other securities, so the proceeds realized upon

any such foreclosure could be significantly less than those that would have been received upon any sale of the capital stock or other securities of such subsidiary. In addition, in the event that the capital stock or other securities of a subsidiary is included in the collateral as described above, the collateral agent under the senior credit facility would be entitled to maintain possession of such capital stock or other securities until the payment in full of the obligations under the senior credit facility. Substantially all of our business is operated through Carrols LLC and Republic Foods, Inc. Currently, our only existing restricted subsidiaries are Carrols, Carrols LLC and Republic Foods, Inc. Because, as of the issue date of the outstanding New Notes, the book value of the capital stock of Carrols and Carrols LLC was greater than 20% of the aggregate principal amount of notes then outstanding, the pledge of capital stock of Carrols and Carrols LLC was subject to this cutback. See "Description of Notes-Collateral."

State law may limit the ability of the collateral agent, trustee under the indenture or the holders of the notes, including the New Exchange Notes, to foreclose on the real property and improvements included in the collateral.

The notes are secured by, among other things, liens on certain owned real property and improvements which we and/or the guarantors own. The laws of those states may limit the ability of collateral agent, the trustee under the indenture or the holders of the notes to foreclose on the improved real property collateral located in those states. Laws of those states govern the perfection, enforceability and foreclosure of mortgage liens against real property interests which secure debt obligations such as the notes, including the New Exchange Notes. These laws may impose procedural requirements for foreclosure different from and necessitating a longer time period for completion than the requirements for foreclosure of security interests in personal property. Debtors may have the right to reinstate defaulted debt (even after it is accelerated) before the foreclosure date by paying the past due amounts and a right of redemption after foreclosure. Governing laws may also impose security first and one form of action rules which can affect the ability to foreclose or the timing of foreclosure on real and personal property collateral regardless of the location of the collateral and may limit the right to recover a deficiency following a foreclosure.

Rights of holders of the notes in the collateral may be adversely affected by the failure to perfect liens on certain collateral acquired in the future.

Applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The trustee or the collateral agent will not monitor, or we may not inform the trustee or the collateral agent of, the future acquisition of property and rights that constitute collateral, and necessary action may not be taken to properly perfect the security interest in such after-acquired collateral. The collateral agent for the notes has no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest in favor of the notes against third-parties. Such failure may result in the loss of the security interest therein or the priority of the security interest in favor of the notes against third-parties.

Rights of holders of the notes in their collateral may be adversely affected by bankruptcy proceedings.

The right of the collateral agent for the notes to repossess and dispose of the collateral securing the notes upon acceleration is likely to be significantly impaired by federal bankruptcy law if bankruptcy proceedings are commenced by or against us. This could be true even if bankruptcy proceedings are commenced after the collateral agent has repossessed and disposed of the collateral. Under federal bankruptcy law, a secured creditor such as a collateral agent for the notes is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from a debtor, without bankruptcy court approval. Moreover, federal bankruptcy law permits the debtor to continue to retain and to use collateral, and the proceeds, products, rents, or profits of the collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given "adequate protection."

The meaning of the term "adequate protection" varies according to circumstance, but in general the doctrine of "adequate protection" requires a troubled debtor to protect the value of a secured creditor's interest in the collateral, through cash payments, the granting of an additional security interest or otherwise, if and at such time as the court in its discretion may determine during the pendency of the bankruptcy case. In view of the broad discretionary powers of a bankruptcy court, it is impossible to predict how long payments under the notes could be delayed following commencement of a bankruptcy case, whether or when the collateral agent would repossess or dispose of the collateral, or whether or to what extent holders of the notes would be compensated for any delay in payment or loss of value of the collateral through the requirements of "adequate protection." Furthermore, in the event that the value of the collateral is not sufficient to repay all amounts due on the notes, the holders of the notes would have unsecured "deficiency claims" for the balance of the principal on the notes (excluding "unmatured interest," as described above). Federal bankruptcy laws do not generally permit the payment or accrual of interest, costs, or attorneys' fees for unsecured or undersecured claims during the debtor's bankruptcy case.

Certain pledges of collateral and payments on the notes might be avoidable by a trustee in bankruptcy.

Any future pledge of collateral, or any future perfection of any other pledge, to secure the notes might be avoidable under the U.S. bankruptcy preference laws by the pledgor (as debtor in possession), by its trustee in bankruptcy or by someone else

acting on behalf of the bankruptcy estate, if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge permits the holders of the notes to receive a greater recovery than they would in a liquidation case under Chapter 7, Title 11 of the United States Code (the “Bankruptcy Code”), if the pledge had not been given, and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the later of the pledge, and perfection of the pledge, or, in certain circumstances, a longer period. If any pledges of collateral are avoided, the collateral will not be available to the holders of the notes or the guarantees to satisfy the obligations under the notes.

Certain payments on the notes might be avoidable under the U.S. bankruptcy preference laws by the issuer (as debtor in possession), by its trustee in bankruptcy or by someone else acting on behalf of the bankruptcy estate if certain events or circumstances exist or occur, including, among others, if the issuer is insolvent at the time of the payment, the payment permits the holders of the notes to receive a greater recovery than they would have received in a liquidation case under Chapter 7 of the Bankruptcy Code if the payment had not been made, and a bankruptcy proceeding in respect of the issuer is commenced within 90 days following the payment, or, in certain circumstances, a longer period.

Security interests over certain collateral were not in place by the closing of the offering and sale of the outstanding New Notes or were not perfected by the closing of the offering and sale of the outstanding New Notes.

Certain security interests, including amendments to mortgages on certain of our real properties were not in place by the closing date of the offering and sale of the outstanding New Notes or were not perfected on the closing date of the offering and sale of the outstanding New Notes. To the extent any security interest in the collateral securing the outstanding New Notes was not perfected on or prior to the closing date of the offering and sale of the outstanding New Notes, we will use our commercially reasonable efforts to have all such security interests perfected, to the extent required by the indenture governing the notes and the security documents, within 90 days following the closing date of the offering and sale of the outstanding New Notes. If we are unable to do so by such deadline, we will use commercially reasonable efforts to do so as soon as practicable thereafter.

In addition, if we or any guarantor were to become subject to a bankruptcy proceeding after the issue date of the outstanding New Notes, any mortgage or security interest in other collateral delivered after the issue date of the outstanding New Notes would face a greater risk than any mortgage or security interests in place on the issue date of being avoided by the pledgor (as debtor in possession) or by its trustee in bankruptcy as a preference under bankruptcy law if certain events or circumstances exist or occur, including if the pledgor is insolvent at the time of the pledge, the mortgage or pledge permits the holders of the notes to receive a greater recovery than if the mortgage or pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the perfection of the mortgage or pledge, or, in certain circumstances, a longer period. To the extent that the grant of any such mortgage or other security interest is avoided as a preference, the holder of the notes would lose the benefit of the mortgage or security interest.

With respect to our real properties to be mortgaged as security for the notes, no surveys, title insurance or local counsel opinions will be delivered. There will be no independent assurance therefore, that the mortgages securing the notes are enforceable under applicable state law to encumber the correct real properties or that there are no liens other than those permitted by the indenture encumbering such real properties.

In connection with the offering and sale of the outstanding New Notes, we were not required to provide surveys, title insurance or local counsel opinions with respect to our real properties intended to constitute collateral. Therefore we can provide no independent assurances that (i) the real property encumbered by each mortgage includes the property owned, leased or otherwise held by us and our subsidiaries that it was intended to include, (ii) we have the rights to the real properties that we purport to have in each mortgage and that our title to such real properties is not encumbered by liens not permitted by the indenture, and (iii) no encroachments, adverse possession claims, zoning or other restrictions exist with respect to such real properties which could result in a material adverse effect on the value or utility of such real properties. Furthermore, as local counsel opinions were not delivered in connection with the offering and sale of the outstanding New Notes, there can be no independent assurance that the mortgages, as amended, create and constitute valid and enforceable liens on the property intended to be encumbered thereby under the laws of each jurisdiction in which such property is located. Despite these representations, without surveys, title insurance or local counsel opinions, and after giving effect to the first lien priorities held by lenders under our senior credit facility, you should not rely on the value of the real property collateral securing the notes, including the New Exchange Notes.

The collateral is subject to casualty risks.

We intend to maintain insurance or otherwise insure against hazards in a manner appropriate and customary for our business. There are, however, certain losses that may be either uninsurable or not economically insurable, in whole or in part. Insurance proceeds may not compensate us fully for our losses. If there is a complete or partial loss of any of the collateral, the insurance proceeds may not be sufficient to satisfy all of the secured obligations, including the notes and the guarantees.

In the event of a total or partial loss to any of the mortgaged facilities, certain items of equipment, fixtures and other improvements may not be easily replaced. Accordingly, even though there may be insurance coverage, the extended period needed to manufacture or construct replacement of such items could cause significant delays.

We will in most cases have control over the collateral, and the sale of particular assets by us could reduce the pool of assets securing the notes and the guarantees.

The collateral documents allow us to remain in possession of, retain exclusive control over, freely operate and collect, invest and dispose of any income from, the collateral securing the notes and the guarantees.

In addition, we will not be required to comply with all or any portion of Section 314 of the Trust Indenture Act of 1939, or “Trust Indenture Act.” With respect to any release of collateral, we must deliver to the notes collateral agent, from time to time, an officer’s certificate to the effect that all releases and withdrawals during the preceding twelve-month period in which no release or consent of the notes collateral agent was obtained in the ordinary course of business were not prohibited by the indenture. See “Description of Notes.”

There are certain categories of property that are excluded from the collateral, including the franchise agreements. The imposition of certain permitted liens will cause the asset on which such liens are imposed to be excluded from the collateral securing the notes, including the New Exchange Notes, and the guarantees.

Our business consists of operating Burger King restaurants through franchise agreements. The franchise agreements are excluded from the collateral securing the notes. The exclusion of the franchise agreements from the collateral impacts the value of the collateral and the ability of the note holders or the collateral agent on their behalf to realize on the collateral securing the notes. In addition, in the event of a foreclosure, liquidation, bankruptcy or similar proceeding, the holders of the notes would be unsecured creditors with respect to the franchise agreements and their claim would rank pari passu with all other unsubordinated unsecured creditors against the proceeds from the franchise agreements. In general, pursuant to the terms of the franchise agreements, BKC would have a consent right prior to any sale, assignment, transfer or conveyance of substantially all of the assets of a Burger King restaurant, which could impact the ability to realize on the collateral.

The indenture permits liens in favor of third-parties to secure purchase money indebtedness and capital lease obligations, and any assets subject to such liens will be automatically excluded from the collateral securing the notes and the guarantees. Our ability to incur purchase money indebtedness and capital lease obligations is subject to the limitations, as described in “Description of Notes—Certain Covenants —Limitation on Incurrence of Debt.” Other categories of excluded assets and property include substantially all of the assets and property excluded from the definition of collateral under the senior credit facility, including any rights or interest in certain intent-to-use trademark or service mark applications, any leasehold interest in real property and there are certain limited exceptions of collateral securing the senior credit facility. In addition, the security interest over our deposit and securities accounts will not be perfected by control agreements. See “Description of Notes —Security.” Excluded assets will not be available as collateral to secure the issuer’s and the guarantors’ obligations under the notes. As a result, with respect to the excluded assets, the notes and the guarantees will effectively rank equally with any other unsubordinated indebtedness of the issuer and the guarantors that is not itself secured by the excluded assets.

It may be difficult to realize the value of the collateral pledged to secure the notes, including the New Exchange Notes, and the guarantees.

The security interest of the collateral agent may be subject to practical problems generally associated with the realization of security interests in the collateral. For example, the collateral agent may need to obtain the consent of a third-party or governmental agency to obtain or enforce a security interest in a license or contract or to otherwise operate our business. We cannot assure you that the collateral agent will be able to obtain any such consent. If the trustee exercises its rights to foreclose on certain assets, transferring required government approvals to, or obtaining new approvals by, a purchaser of assets may require governmental proceedings with consequent delays. In addition, any foreclosure on the assets of a subsidiary, rather than upon its capital stock as a result of the stock of such subsidiary being an “excluded asset,” may result in delays and additional expense, as well as less proceeds than would otherwise have been the case.

In addition, the collateral agent for the notes may need to evaluate the impact of potential liabilities before determining to foreclose on the collateral, because entities that hold a security interest in real property may be held liable under environmental laws for the costs of remediating or preventing release or threatened releases of hazardous substances at the secured property. In this regard, the collateral agent may decline to foreclose on the collateral or exercise remedies available if it does not receive indemnification to its satisfaction from the holders. Finally, the collateral agent’s ability to foreclose on the collateral on behalf of the holders of the notes may be subject to lack of perfection, the consent of third-parties, prior liens and practical problems associated with the realization of the collateral agent’s lien on the collateral. In addition, the franchise agreements and our capital stock and the capital stock of our restricted subsidiaries are subject to the Burger King Rights (as such term is defined in the “Description of Notes”), which will limit our ability to dispose of such collateral.

The notes will be structurally subordinated to all liabilities of our future subsidiaries that are not guarantors of the notes.

Not all of our future subsidiaries will guarantee the notes. The notes are structurally subordinated to the indebtedness and other liabilities of our future subsidiaries that do not guarantee the notes. These future non-guarantor subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the notes, or to

make any funds available therefor, whether by dividends, loans, distributions or other payments. Any right that we or the subsidiary guarantors have to receive any assets of any of the non-guarantor subsidiaries upon the liquidation or reorganization of those subsidiaries, and the consequent rights of holders of the notes to realize proceeds from the sale of any of those subsidiaries' assets, will be effectively subordinated to the claims of those subsidiaries' creditors, including trade creditors, and holders of preferred equity interests of those subsidiaries. Accordingly, in the event of a bankruptcy, liquidation or reorganization of any of our future non-guarantor subsidiaries, absent a decision of the court, such as in the case of substantive consolidation, these future non-guarantor subsidiaries will pay all of their creditors and holders of preferred equity interests before they will be able to distribute any of their assets to us.

The amount that can be collected under the guarantees will be limited.

Each of the guarantees will be limited to the maximum amount that can be guaranteed by a particular guarantor without rendering the guarantee, as it relates to that guarantor, avoidable. See “-A court could deem the issuance of the notes or the guarantees to be a fraudulent conveyance and avoid all or a portion of the obligations represented by the notes or the guarantees.” In general, the maximum amount that can be guaranteed by a particular guarantor may be significantly less than the principal amount of the notes. This provision may not be effective to protect the guarantees from being voided under fraudulent transfer law, or may eliminate the guarantor's obligations or reduce the guarantor's obligations to an amount that effectively makes the guarantee worthless. In a Florida bankruptcy case (which was subsequently reinstated by the applicable court of appeals on other grounds), a similar provision was found to be ineffective to protect the guarantees.

A court could deem the issuance of the notes or the guarantees to be a fraudulent conveyance and avoid all or a portion of the obligations represented by the notes or the guarantees.

In a bankruptcy proceeding, a trustee, debtor in possession, or someone else acting on behalf of the bankruptcy estate may seek to recover transfers made or avoid obligations incurred prior to the bankruptcy proceeding on the basis that such transfers and obligations constituted fraudulent conveyances. Fraudulent conveyances are generally defined to include transfers made or obligations incurred for inadequate consideration when the debtor was insolvent, inadequately capitalized or in similar financial distress, or transfers made or obligations incurred with the intent of hindering, delaying or defrauding current or future creditors. Under U.S. bankruptcy law, a trustee or such other parties having standing to sue on behalf of the estate may recover such transfers and avoid such obligations made any time within two and possibly up to six years prior to the commencement of a bankruptcy proceeding. Furthermore, under certain circumstances, creditors may recover transfers or avoid obligations under state fraudulent conveyance laws, made within the applicable look-back period, which is typically four years, even if the debtor is not in bankruptcy. In bankruptcy, a representative of the estate may also assert such state law claims. If a court were to find that either an issuer issued the notes or a guarantor issued its guarantee under circumstances constituting a fraudulent conveyance, the court could avoid all or a portion of the obligations under the notes or the guarantees, or the pledge of collateral granted in connection therewith. In addition, under such circumstances, the value of any consideration holders received with respect to the notes, including upon foreclosure of the collateral, could also be subject to recovery from such holders and possibly from subsequent transferees. If the pledge of collateral to secure the notes were avoided and the issuance of the notes and/or guarantees were not avoided, holders of the notes would be unsecured creditors with claims that ranked *pari passu* with all other unsubordinated creditors of the applicable obligor, including trade creditors, but effectively subordinated to the lenders under our senior credit facility to the extent of the collateral securing our senior credit facility.

A note could be avoided, claims in respect of a note could be subordinated to all other debts of an issuer, or the pledge of collateral securing the notes could be avoided, in whole or in part, if such issuer at the time the indebtedness evidenced by the notes was incurred:

- intended to hinder, delay, or defraud any existing or future creditor or contemplated insolvency with a design to prefer one or more creditors to the exclusion in whole or in part of others;
- received less than reasonably equivalent value or fair consideration for the issuance of the notes and;
- was insolvent or rendered insolvent by reason of such issuance or incurrence;
- was engaged in a business or transaction for which such issuer's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond the ability to pay those debts as they mature.

Similar risks apply to the incurrence by each guarantor of its guarantee of the notes and its pledge of collateral to secure its guarantee of the notes.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a debtor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

We cannot assure you as to what standard a court would apply in determining whether an issuer or a guarantor would be considered to be insolvent. If a court determined that an issuer or a guarantor was insolvent after giving effect to the issuance of the notes or the applicable guarantee, it could avoid the notes or the applicable guarantees of the notes (or the pledge of collateral) and require you to return any payments received in respect of the notes or guarantees (or upon the foreclosure on collateral).

USE OF PROCEEDS

We will not receive any proceeds from the exchange of outstanding New Notes pursuant to this exchange offer. In consideration for issuing the New Exchange Notes as contemplated in this prospectus, we will receive in exchange a like principal amount of the outstanding New Notes, the terms of which are substantially identical in all material respects to the New Exchange Notes. The outstanding New Notes surrendered in exchange for the New Exchange Notes will be retired and cancelled and cannot be reissued. Accordingly, issuance of the New Exchange Notes will not result in any change in our capitalization.

THE EXCHANGE OFFER

General

We hereby offer, upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal (which together constitute this exchange offer), to exchange up to \$75.0 million aggregate principal amount of our 8.00% Senior Secured Second Lien Notes due 2022 originally issued by us in a private offering on June 23, 2017, which we refer to in this prospectus as the outstanding New Notes, for a like aggregate principal amount of our 8.00% Senior Secured Second Lien Notes due 2022 registered under the Securities Act, which we refer to in this prospectus as the New Exchange Notes, properly tendered on or prior to the expiration date and not withdrawn as permitted pursuant to the procedures described below. This exchange offer is being made with respect to all of the outstanding New Notes.

As of the date of this prospectus, \$75.0 million aggregate principal amount of the outstanding New Notes are outstanding. This prospectus, together with the letter of transmittal, is first being sent on or about October 24, 2017 to all holders of outstanding New Notes known to us. Our obligation to accept outstanding New Notes for exchange pursuant to this exchange offer is subject to certain conditions set forth under “-Conditions” below. We currently expect that each of the conditions will be satisfied and that no waivers will be necessary.

Reasons for the Exchange Offer

We and the guarantors have entered into a registration rights agreement with the initial purchaser in connection with the issuance of the outstanding New Notes. The registration rights agreement provides that we and the guarantors will take the following actions, at our expense, for the benefit of the holders of the outstanding New Notes:

- we will use our reasonable best efforts to file the registration statement, of which this prospectus forms a part, within 180 days after the date we issued the outstanding New Notes. The New Exchange Notes will have terms substantially identical in all material respects to the outstanding New Notes and the 2015 Notes, except that the New Exchange Notes will not contain terms with respect to transfer restrictions;
- we will use our reasonable best efforts to cause the registration statement to be declared effective under the Securities Act within 270 days after the date we issued the outstanding New Notes; and
- we will keep this exchange offer open for at least 30 days, or longer if required by applicable law, after the date on which notice of this exchange offer is delivered to the holders.

The holder of each outstanding New Notes surrendered in this exchange offer will receive a New Exchange Note having a principal amount equal to that of the corresponding surrendered outstanding New Note. Interest on each New Exchange Note will accrue from the later of (1) the last interest payment date on which interest was paid on the outstanding New Note surrendered or (2) if no interest has been paid on the outstanding New Note, from May 1, 2017. Each New Exchange Note will share a single CUSIP number with the \$200.0 million aggregate principal amount of outstanding 2015 Notes and the New Exchange Notes will be fungible with the outstanding 2015 Notes.

If:

- we are not required to file a registration statement in connection with the exchange offer or to consummate the exchange offer solely because the exchange offer is not permitted by applicable law or SEC policy;
- for any reason this exchange offer is not consummated within 270 days after the date we issued the outstanding New Notes; or
- prior to the date that is 270 days after the date we issued the outstanding New Notes,
 - the initial purchaser requests from us with respect to outstanding New Notes not eligible to be exchanged for New Exchange Notes in this exchange offer;
 - with respect to any holder of outstanding New Notes, such holder notifies us that
 - such holder is prohibited by applicable law or SEC policy from participating in the exchange offer;
 - such holder may not resell the New Exchange Notes acquired by it in the exchange offer to the public without delivering a prospectus and that this prospectus is not appropriate or available for such resales by such holder; or
 - such holder is a broker-dealer and holds outstanding New Notes acquired directly from us or one of our affiliates; or
 - the initial purchaser notifies us that it will not receive New Exchange Notes in exchange for outstanding New Notes constituting any portion of the initial purchaser’s unsold allotment,

then we will file with the SEC, and use our reasonable best efforts to cause to become effective as promptly as practicable, a shelf registration statement to cover resales of transfer restricted securities by those holders who satisfy various conditions relating to the provision of information in connection with the shelf registration statement.

If we fail to comply with specified obligations under the registration rights agreement, we will be required to pay additional interest to holders of the outstanding New Notes.

Each broker-dealer that receives New Exchange Notes for its own account in exchange for outstanding New Notes, where such outstanding New Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the New Exchange Notes.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all outstanding New Notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of this exchange offer. We will issue \$1,000 principal amount of New Exchange Notes in exchange for each \$1,000 principal amount of outstanding New Notes accepted in this exchange offer. Any holder may tender some or all of its outstanding New Notes pursuant to this exchange offer. However, outstanding New Notes may be tendered only in minimum denominations of \$2,000 principal amount and any integral multiples of \$1,000 in excess thereof.

The form and terms of the New Exchange Notes will be substantially identical in all material respects to the form and terms of the outstanding New Notes, except that the New Exchange Notes will have been registered under the Securities Act, will not bear legends restricting their transfer and the holders of the New Exchange Notes will not be entitled to certain rights under the registration rights agreement, including the provisions providing for an increase in the interest rate on the outstanding New Notes in certain circumstances relating to the timing of this exchange offer, all of which rights will terminate when this exchange offer is terminated.

The New Exchange Notes will evidence the same debt as the outstanding New Notes. The New Exchange Notes will be issued and entitled to the benefits of the same indenture that authorized the issuance of the outstanding New Notes. Consequently, both series will be treated as a single class of debt securities under that indenture. For a description of the indenture, see "Description of Notes."

This exchange offer is not conditioned on any minimum aggregate principal amount of outstanding New Notes being tendered for exchange.

As of the date of this prospectus, \$75.0 million aggregate principal amount of the outstanding New Notes are outstanding. Solely for reasons of administration, we have fixed the close of business on October 24, 2017 as the record date for this exchange offer for purposes of determining the persons to whom this prospectus and the letter of transmittal will be delivered initially. There will be no fixed record date for determining holders of the outstanding New Notes entitled to participate in this exchange offer.

Holders of the outstanding New Notes do not have appraisal or dissenters' rights under the General Corporation Law of the State of Delaware or the indenture governing the notes in connection with this exchange offer. We intend to conduct this exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Exchange Act and the rules and regulations of the SEC. Outstanding New Notes that are not tendered for exchange in this exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits such holders have under the indenture relating to the outstanding New Notes and the registration rights agreement.

We will be deemed to have accepted for exchange validly tendered outstanding New Notes when we have given oral or written notice of our acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving, and delivering to the tendering holders, the New Exchange Notes.

If any tendered outstanding New Notes are not accepted for exchange because of an invalid tender, the occurrence of specified other events set forth in this prospectus or otherwise, the certificates for such unaccepted outstanding New Notes will be returned, without expense, to the tendering holder as promptly as practicable after the expiration date of this exchange offer.

Holders who tender outstanding New Notes in this exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding New Notes pursuant to this exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with this exchange offer. See "-Fees and Expenses" and "-Transfer Taxes."

Expiration Date; Extensions; Amendments

This exchange offer expires at 5:00 p.m., New York City time, on November 21, 2017, unless we, in our sole discretion, extend this exchange offer, in which case the term “expiration date” will mean the latest date and time to which this exchange offer is extended.

In order to extend this exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify the registered holders of outstanding New Notes by public announcement of the extension no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

- to delay accepting for exchange any outstanding New Notes;
- to extend this exchange offer or to terminate this exchange offer and to refuse to accept outstanding New Notes not previously accepted if any of the conditions set forth below under “-Conditions” have not been satisfied, by giving oral or written notice of such delay, extension or termination to the exchange agent; or
- subject to the terms of the registration rights agreement, to amend the terms of this exchange offer in any manner.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the registered holders of outstanding New Notes. If we amend this exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment in a manner reasonably calculated to inform the holders of outstanding New Notes of such amendment.

Without limiting the manner in which we may choose to make public announcements of any delay in acceptance, extension, termination or amendment of this exchange offer, we will have no obligation to publish, advertise, or otherwise communicate any public announcement, other than by making a timely release to a financial news service.

Conditions

Notwithstanding any other term of this exchange offer, we will not be required to accept for exchange, or cause the exchange of any New Exchange Notes for, any outstanding New Notes, and may terminate or amend this exchange offer as provided in this prospectus before the acceptance of the outstanding New Notes, if in our reasonable judgment:

- the New Exchange Notes to be received will not be tradeable by the holder without restriction under the Securities Act, the Exchange Act, and without material restriction under the blue sky or securities laws of substantially all of the states of the United States; or
- any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to this exchange offer which, in our sole judgment, might materially impair our ability to proceed with this exchange offer or any material adverse development has occurred in any such existing action or proceeding with respect to us or any of our subsidiaries; or
- any law, statute, rule, regulation or interpretation by the staff of the SEC is proposed, adopted or enacted, which, in our sole judgment, might materially impair our ability to proceed with this exchange offer or materially impair the contemplated benefits of this exchange offer to us; or
- any governmental approval has not been obtained, which approval we, in our sole discretion, deem necessary for the consummation of this exchange offer as contemplated by this prospectus.

In addition, we will not be obligated to accept for exchange the outstanding New Notes of any holder that has not made to us:

- the representations described under “-Procedures for Tendering” and “Plan of Distribution”; and
- such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to an appropriate form for registration of the New Exchange Notes under the Securities Act.

We expressly reserve the right, at any time or at various times, to extend the period of time during which this exchange offer is open. Consequently, we may delay acceptance of any outstanding New Notes by giving oral or written notice of such extension to the holders. During any such extensions, all outstanding New Notes previously tendered will remain subject to this exchange offer, and we may accept them for exchange. We will return any outstanding New Notes that we do not accept for exchange for any reason without expense to the tendering holder as promptly as practicable after the expiration or termination of this exchange offer.

We expressly reserve the right to amend or terminate this exchange offer, and to reject for exchange any outstanding New Notes not previously accepted for exchange, upon the occurrence of any of the conditions of this exchange offer specified above. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding

New Notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any outstanding New Notes tendered, and will not issue New Exchange Notes in exchange for any such outstanding New Notes, if at such time any stop order will be threatened or in effect with respect to the registration statement of which this prospectus forms a part or the qualification of the indenture under the Trust Indenture Act of 1939.

If we determine in our sole discretion that any of the conditions are not satisfied, we may (1) refuse to accept any outstanding New Notes and return all tendered outstanding New Notes to the tendering holders, (2) to the extent permitted by applicable law, extend this exchange offer and retain all outstanding New Notes tendered prior to the expiration date, subject, however, to the rights of holders to withdraw the outstanding New Notes (see “-Withdrawal of Tenders”) or (3) waive the unsatisfied conditions with respect to this exchange offer and accept all properly tendered outstanding New Notes which have not been withdrawn.

Procedures for Tendering

The outstanding New Notes were issued as global securities held by direct or indirect participants in DTC. To tender in this exchange offer, a holder must:

- complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal; have the signature on the letter of transmittal guaranteed if the letter of transmittal so requires; and deliver the letter of transmittal or facsimile to the exchange agent before 5:00 p.m., New York City time, on the expiration date; or
- in lieu of delivering a letter of transmittal, instruct DTC to transmit on behalf of the holder a computer-generated message to the exchange agent in which the holder of the outstanding New Notes acknowledges and agrees to be bound by the terms of the letter of transmittal, which computer-generated message must be received by the exchange agent before 5:00 p.m., New York City time, on the expiration date.

In addition, either:

- the exchange agent must receive the outstanding New Notes along with the letter of transmittal; or
- the exchange agent must receive, before 5:00 p.m., New York City time, on the expiration date, timely confirmation of book-entry transfer of the outstanding New Notes into the exchange agent's account at DTC, according to the procedure for book-entry transfer described below; or
- the holder must comply with the guaranteed delivery procedures described below.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under the caption “-Exchange Agent” on or before the expiration date. To receive confirmation of valid tender of outstanding New Notes, a holder should contact the exchange agent at the telephone number listed under the caption “-Exchange Agent.”

The tender by a holder that is not withdrawn before the expiration date will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal. If a holder completing a letter of transmittal tenders less than all of its outstanding New Notes, the tendering holder should fill in the applicable box of the letter of transmittal. The amount of outstanding New Notes delivered to the exchange agent will be deemed to have been tendered unless otherwise indicated.

The method of delivery of outstanding New Notes, the letter of transmittal and all other required documents to the exchange agent is at the holder's election and risk. Rather than mail these items, we recommend that holders use an overnight or hand delivery service. In all cases, holders should allow sufficient time to assure delivery to the exchange agent before expiration of this exchange offer. Holders should not send the letter of transmittal or outstanding New Notes to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or other nominees to effect the above transactions for them.

Any beneficial owner whose outstanding New Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct it to tender on the owner's behalf. If the beneficial owner wishes to tender on its own behalf, it must, prior to completing and executing the letter of transmittal and delivering its outstanding New Notes, either:

- make appropriate arrangements to register ownership of the outstanding New Notes in the owner's name; or
- obtain a properly completed bond power from the registered holder of outstanding New Notes.

The transfer of registered ownership may take considerable time and may not be completed prior to the expiration date.

If the applicable letter of transmittal is signed by the registered holder(s) of the outstanding New Notes tendered, the signature must correspond with the name(s) written on the face of the outstanding New Notes without alteration, enlargement or any change whatsoever. If the applicable letter of transmittal is signed by a participant in DTC, the signature must correspond with the name as it appears on the security position listing as the holder of the outstanding New Notes.

A signature on a letter of transmittal or a notice of withdrawal must be guaranteed by an "eligible institution." Eligible institutions include banks, brokers, dealers, municipal securities dealers, municipal securities brokers, government securities dealers, government securities brokers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations. The signature need not be guaranteed by an eligible institution if the outstanding New Notes are tendered:

- by a registered holder who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal; or
- for the account of an eligible institution.

If the accompanying letter of transmittal is signed by a person other than the registered holder of any outstanding New Notes, the outstanding New Notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding New Notes and an eligible institution must guarantee the signature on the bond power.

If the accompanying letter of transmittal or any outstanding New Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing. Unless we waive this requirement, they should also submit evidence satisfactory to us of their authority to deliver the letter of transmittal.

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender. Participants in the program may, instead of physically completing and signing the accompanying letter of transmittal and delivering it to the exchange agent, transmit their acceptance of this exchange offer electronically. They may do so by causing DTC to transfer the outstanding New Notes to the exchange agent in accordance with its procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, to the effect that:

- DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding New Notes that are the subject of the book-entry confirmation;
- the participant confirms on behalf of itself and the beneficial owners of such outstanding New Notes all provisions of the letter of transmittal (including any representations and warranties) applicable to it and such beneficial owner as fully as if it had completed the information required therein and executed and transmitted the letter of transmittal to the exchange agent, or, in the case of an agent's message relating to guaranteed delivery, that the participant has received and agrees to be bound by the applicable notice of guaranteed delivery; and
- the agreement may be enforced against that participant.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered outstanding New Notes. Our determination will be final and binding. We reserve the absolute right to reject any outstanding New Notes not properly tendered or any outstanding New Notes the acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to particular outstanding New Notes. Our interpretation of the terms and conditions of this exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties.

Unless waived, any defects or irregularities in connection with tenders of outstanding New Notes must be cured within the time that we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding

New Notes, neither we, the trustee, the exchange agent nor any other person will incur any liability for failure to give notification. Tenders of outstanding New Notes will not be deemed made until those defects or irregularities have been cured or waived. Any outstanding New Notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the exchange agent without cost to the tendering holder, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

In all cases, we will issue New Exchange Notes for outstanding New Notes that we have accepted for exchange under this exchange offer only after the exchange agent timely receives:

- outstanding New Notes or a timely book-entry confirmation that outstanding New Notes have been transferred in the exchange agent's account at DTC; and
- a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

Holders should receive copies of the applicable letter of transmittal with the prospectus. A holder may obtain additional copies of the applicable letter of transmittal for the outstanding New Notes from the exchange agent at its offices listed under the caption “-Exchange Agent.” By signing the letter of transmittal, or causing DTC to transmit an agent's message to the exchange agent, each tendering holder of outstanding New Notes will represent to us that, among other things:

- any New Exchange Notes that the holder receives will be acquired in the ordinary course of its business;
- the holder has no arrangement or understanding with any person or entity to participate in the distribution of the New Exchange Notes;
- if the holder is not a broker-dealer, that it is not engaged in and does not intend to engage in the distribution of the New Exchange Notes;
- if the holder is a broker-dealer, that it will receive New Exchange Notes for its own account in exchange for outstanding New Notes that were acquired as a result of market-making activities or other trading activities and that it will deliver a prospectus, as required by law, in connection with any resale of those New Exchange Notes (see the caption “Plan of Distribution”); and

the holder is not an “affiliate,” as defined in Rule 405 of the Securities Act, of us or, if the holder is an affiliate, it will comply with any applicable registration and prospectus delivery requirements of the Securities Act.

Book-Entry Transfer

The exchange agent will make a request to establish an account with respect to the outstanding New Notes at DTC for purposes of this exchange offer promptly after the date of this prospectus. Any financial institution participating in DTC's system may make book-entry delivery of outstanding New Notes by causing DTC to transfer the outstanding New Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. Holders of outstanding New Notes who are unable to deliver confirmation of the book-entry tender of their outstanding New Notes into the exchange agent's account at DTC or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding New Notes according to the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

Holders wishing to tender their outstanding New Notes but whose outstanding New Notes are not immediately available or who cannot deliver their outstanding New Notes, the letter of transmittal or any other required documents to the exchange agent or cannot comply with the applicable procedures described above before 5:00 p.m., New York City time, on the expiration date may tender if:

- the tender is made through an eligible institution;
- before 5:00 p.m., New York City time, on the expiration date, the exchange agent receives from the eligible institution either a properly completed and duly executed notice of guaranteed delivery by facsimile transmission, mail or hand delivery, or a properly transmitted agent's message and notice of guaranteed delivery:
 - setting forth the name and address of the holder and the registered number(s) and the principal amount of outstanding New Notes tendered;
 - stating that the tender is being made by guaranteed delivery;
 - guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding New Notes or a book-entry transfer confirmation,

and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent; and

- the exchange agent receives the properly completed and executed letter of transmittal, or facsimile thereof, as well as all tendered outstanding New Notes in proper form for transfer or a book-entry transfer confirmation, and all other documents required by the letter of transmittal, within three New York Stock Exchange trading days after the expiration date.

Upon written request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their outstanding New Notes according to the guaranteed delivery procedures set forth above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, holders of outstanding New Notes may withdraw their tenders at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective, the exchange agent must receive a computer-generated notice of withdrawal transmitted by DTC on behalf of the holder in accordance with the standard operating procedures of DTC or a written notice of withdrawal, which may be by telegram, telex, facsimile transmission or letter, at one of the addresses set forth below under the caption “-Exchange Agent.”

Any notice of withdrawal must:

- specify the name of the person who tendered the outstanding New Notes to be withdrawn;
- identify the outstanding New Notes to be withdrawn, including the principal amount of the outstanding New Notes to be withdrawn; and
- where certificates for outstanding New Notes have been transmitted, specify the name in which the outstanding New Notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding New Notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of those certificates, the withdrawing holder must also submit:

- the serial numbers of the particular certificates to be withdrawn; and
- a signed notice of withdrawal with signatures guaranteed by an eligible institution, unless the withdrawing holder is an eligible institution.

If outstanding New Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC, to be credited with the withdrawn outstanding New Notes and otherwise comply with the procedures of the facility.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal, and our determination shall be final and binding on all parties. We will deem any outstanding New Notes so withdrawn not to have been validly tendered for exchange for purposes of this exchange offer. We will return any outstanding New Notes that have been tendered for exchange but that are not exchanged for any reason to their holder without cost to the holder. In the case of outstanding New Notes tendered by book-entry transfer into the exchange agent's account at DTC, according to the procedures described above, those outstanding New Notes will be credited to an account maintained with DTC, for outstanding New Notes, as soon as practicable after withdrawal, rejection of tender or termination of this exchange offer. You may retender properly withdrawn outstanding New Notes by following one of the procedures described under the caption “-Procedures for Tendering” above at any time on or before the expiration date.

A holder may obtain a form of the notice of withdrawal from the exchange agent at its offices listed under the caption “-Exchange Agent.”

DELIVERY OF THE LETTER OF TRANSMITTAL TO AN ADDRESS OTHER THAN AS SHOWN ABOVE OR TRANSMISSION VIA FACSIMILE OTHER THAN AS SET FORTH ABOVE WILL NOT CONSTITUTE A VALID DELIVERY OF THE LETTER OF TRANSMITTAL.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding New Notes under this exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

- certificates representing outstanding New Notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding New Notes tendered;
- New Exchange Notes are to be delivered to, or issued in the name of, any person other than the registered holder of the outstanding New Notes;
- tendered outstanding New Notes are registered in the name of any person other than the person signing the letter of transmittal; or
- a transfer tax is imposed for any reason other than the exchange of outstanding New Notes under this exchange offer.

If satisfactory evidence of payment of transfer taxes is not submitted with the letter of transmittal, the amount of any transfer taxes will be billed directly to the tendering holder.

Fees and Expenses

We will bear the expense of soliciting tenders. The principal solicitation is being made by mail or electronic transmission; however, additional solicitation may be made by telegraph, telecopy, telephone or in person by our and our affiliates' officers and employees.

We have not retained any dealer-manager in connection with this exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of this exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses incurred in connection with these services, including the reasonable fees and expenses of its counsel.

We will pay the cash expenses to be incurred in connection with this exchange offer. Such expenses include fees and expenses of the exchange agent and trustee, accounting and legal fees and printing costs, among others.

Accounting Treatment

The New Exchange Notes will be recorded at the same carrying value as the outstanding New Notes, which is face value, as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes as a result of this exchange offer. Expenses incurred in connection with this exchange offer will be deferred and charged to expense over the term of the New Exchange Notes.

Consequences of Failure to Exchange

Participation in this exchange offer is voluntary. Holders of the outstanding New Notes are urged to consult their financial and tax advisors in making their own decisions on what action to take.

Holders of outstanding New Notes who do not exchange their outstanding New Notes for New Exchange Notes under this exchange offer will remain subject to the restrictions on transfer of such outstanding New Notes:

- as set forth in the legend printed on the notes as a consequence of the issuance of the outstanding New Notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and
- otherwise set forth in the offering circular distributed in connection with the private offering of the outstanding New Notes.

In general, you may not offer or sell the outstanding New Notes unless they are registered under the Securities Act, or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding New Notes under the Securities Act. Based on interpretations of the SEC staff, New Exchange Notes issued pursuant to this exchange offer may be offered for resale, resold or otherwise transferred by their holders, other than any such holder that is our “affiliate” within the meaning of Rule 405 under the Securities Act, without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that the holders acquired the New Exchange Notes in the ordinary course of the holders' business and the holders have no arrangement or understanding with respect to the distribution of the New Exchange Notes to be acquired in this exchange offer. Any holder who tenders in this exchange offer for the purpose of participating in a distribution of the New Exchange Notes:

- could not rely on the applicable interpretations of the SEC; and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

Upon completion of this exchange offer, holders of the notes will not be entitled to any further registration rights agreements, except under limited circumstances.

Resale of the New Exchange Notes

Based on interpretations of the SEC staff set forth in no action letters issued to unrelated third parties, we believe that the New Exchange Notes issued under this exchange offer in exchange for outstanding New Notes may be offered for resale, resold and otherwise transferred by any exchange note holder without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

- such holder is not an “affiliate” of ours within the meaning of Rule 405 under the Securities Act;
- such New Exchange Notes are acquired in the ordinary course of the holder's business; and
- the holder does not intend to participate in the distribution of such New Exchange Notes.

Any holder who tenders in this exchange offer with the intention of participating in any manner in a distribution of the New Exchange Notes:

- cannot rely on the position of the staff of the SEC enunciated in “Exxon Capital Holdings Corporation” (available May 13, 1989), “Morgan Stanley & Co. Incorporated” (available June 5, 1991), “Shearman & Sterling” (available July 2, 1993) or similar interpretive letters; and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

This prospectus may be used for an offer to resell, resale or other retransfer of New Exchange Notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding New Notes as a result of market-making activities or other trading activities may participate in this exchange offer. Each broker-dealer that receives New Exchange Notes for its own account in exchange for outstanding New Notes pursuant to this exchange offer, where such outstanding New Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge

that it will deliver a prospectus in connection with any resale of the New Exchange Notes. Please read the section captioned “Plan of Distribution” for more details regarding the transfer of New Exchange Notes.

Other

We may in the future seek to acquire untendered outstanding New Notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding New Notes that are not tendered in this exchange offer or to file a registration statement to permit resales of any untendered outstanding New Notes.

DESCRIPTION OF NOTES

Carrolls Restaurant Group, Inc. (the “*Issuer*”) issued the outstanding New Notes (as defined below) under an indenture dated as of the Issue Date (the “*Indenture*”) among the Issuer, the Guarantors from time to time party thereto, and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “*Trustee*”) and as collateral agent (the “*Collateral Agent*”).

The statements under this caption relating to the Indenture, the Notes, the Intercreditor Agreement and the Security Documents are summaries and are not a complete description thereof, and where reference is made to particular provisions, such provisions, including the definitions of certain terms, are qualified in their entirety by reference to all of the provisions of the Indenture, the Notes, the Intercreditor Agreement and the Security Documents. The definitions of certain capitalized terms used in the following summary are set forth below under “—Certain Definitions.” Copies of the Indenture, the Intercreditor Agreement and the Security Documents are available upon request from the Issuer and certain documents are on file with the Commission. We urge you to read these documents carefully because they, and not the following description, govern your rights as a Holder of the Notes.

General

The initial offering of the outstanding New Notes was for \$75,000,000 in aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022 (the “*outstanding New Notes*”) and together with the 8.00% Senior Secured Second Lien Notes due 2022 that have been registered under the Securities Act that are being offered in this exchange offer, the “*2017 Notes*”). On April 29, 2015, the Issuer issued \$200,000,000 aggregate principal amount of 8.00% Senior Secured Second Lien Notes due 2022 (the “*Initial 144A Notes*”). On August 21, 2015, the Issuer completed an exchange of all of the Initial 144A Notes for a like principal amount of notes that had been registered under the Securities Act of 1933, as amended (the “*Securities Act*”) (the “*Existing Exchange Notes*”) and, together with the 2017 Notes, the “*Notes*”).

The 2017 Notes, including the New Exchange Notes, constitute “Additional Notes” under the Indenture. The 2017 Notes (including the New Exchange Notes) and the Existing Exchange Notes are all treated as a single class for all purposes of the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase, and, except as otherwise specified herein, all references to the “Notes” include the Existing Exchange Notes, the New Exchange Notes and any other Additional Notes the Issuer may issue in the future. The New Exchange Notes will be secured, equally and ratably, with the Existing Exchange Notes, by the Liens on the Collateral described below under the caption “- Security.” The outstanding New Notes have, and the New Exchange Notes will have, the same terms as those of the Existing Exchange Notes (other than the issue date and issue price), except that the outstanding New Notes will have registration rights, will accrue additional interest in certain circumstances if the Issuer does not consummate the exchange offer and will be subject to restrictions on transfer. Holders of the 2017 Notes (including the New Exchange Notes) and the Existing Exchange Notes will vote as one class under the Indenture. The New Exchange Notes offered hereby are expected to have the same CUSIP number as, and to trade fungibly with, the Existing Exchange Notes. The outstanding New Notes were issued under a CUSIP number that is different, and will, prior to the exchange of such outstanding New Notes for New Exchange Notes, trade separately from, the Existing Exchange Notes.

The Issuer may issue additional notes under the Indenture (the “Additional Notes”), subject to the limitations described below under the covenants “Limitation on Incurrence of Debt” and “Limitation on Liens” (including the “Permitted Additional Pari Passu Obligations” definition). The Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single class for all purposes of the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase, and, except as otherwise specified herein, all references to the “Notes” include any Additional Notes. Any Additional Notes will be secured, equally and ratably, with the Notes, by the Liens on the Collateral described below under the caption “- Security.” Additional Notes that are not fungible with the Notes for U.S. federal income tax purposes will be issued with a different CUSIP.

Interest on the Notes is payable at a rate of 8.00% per annum. References herein to interest on the Notes will be deemed to include all Additional Interest, if any. Interest on the Notes is payable semiannually in cash in arrears on May 1 and November 1 of each year, commencing on November 1, 2015. The Issuer will make each interest payment to the Holders of record of the Notes on the immediately preceding April 15 and October 15. Interest on the 2017 Notes (including the New Exchange Notes) will be deemed to have accrued from May 1, 2017 and the first interest payment date for the New Exchange Notes will be November 1, 2017. Interest will be calculated based on a 360-day year consisting of 12 months of 30 days.

Principal of and premium, if any, and interest on the Notes will be payable, and the Notes will be transferable, at the office or agency of the Issuer maintained for such purposes, which, initially, is the corporate trust office of the Trustee or an agent thereof; *provided, however*, that payment of interest may be made at the option of the Issuer by check mailed to the Person entitled thereto as shown on the security register. The Notes will be issued only in fully registered form without coupons, in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof. No service charge will be made for any registration of transfer, exchange or redemption of Notes, except in certain circumstances for any tax or other governmental charge that may be imposed in connection therewith.

Guarantees

The Existing Exchange Notes and the outstanding New Notes are, the New Exchange Notes will be, and the Issuer's Obligations under the Indenture are guaranteed (the "**Note Guarantees**"), on a joint and several basis, by each of our existing and future direct and indirect Restricted Subsidiaries (other than Foreign Subsidiaries and as set forth under "Certain Covenants—Additional Note Guarantees") (each such Person, a "**Guarantor**" and, collectively, the "**Guarantors**"). The Note Guarantees are senior secured obligations of each Guarantor and will rank equally with all existing and future senior Debt of such Guarantor and senior to all subordinated Debt of such Guarantor as described below under "—Ranking of the Note Guarantees." The obligations of a Guarantor under its Note Guarantee are limited to the maximum amount that would result in the obligations of such Guarantor under the Note Guarantee not to be deemed to constitute a fraudulent conveyance or fraudulent transfer under federal or state law. This provision may not be effective to protect the Note Guarantees from being voided under fraudulent transfer law, or may eliminate the Guarantor's obligations or reduce such obligations to an amount that effectively makes the Guarantee worthless. In a Florida bankruptcy case (which was subsequently reinstated by the applicable court of appeals on other grounds), a similar provision was found to be ineffective to protect the guarantees. The Note Guarantees are secured by Liens on the Collateral described below under "—Security."

As of the outstanding New Notes Issue Date, all of the Issuer's Subsidiaries were "Restricted Subsidiaries." Under the circumstances described below under the subheading "— Certain Covenants —Limitation on Creation of Unrestricted Subsidiaries," any of the Issuer's Subsidiaries may be designated as "Unrestricted Subsidiaries." Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the Indenture and will not guarantee the Notes. Claims of creditors of non-Guarantor Subsidiaries, including trade creditors, and claims of minority stockholders (other than the Issuer and the Guarantors) of those Subsidiaries will have priority with respect to the assets and earnings of those subsidiaries over the claims of creditors of the Issuer and the Guarantors, including Holders of the Notes.

The Indenture provides that the Note Guarantee of a Guarantor will be automatically and unconditionally released:

(a) in the event of a sale or other transfer (including by way of consolidation or merger) of Capital Interests in such Guarantor in compliance with the terms of the Indenture following which such Guarantor ceases to be a Subsidiary;

(b) upon the designation of such Guarantor as an Unrestricted Subsidiary in compliance with the provisions described under the subheading "— Certain Covenants—Limitation on Creation of Unrestricted Subsidiaries";

(c) upon a release of such Guarantor from its guarantee of, and all pledges and security interest, if any, granted under the Revolving Credit Agreement in connection with an enforcement action by the collateral agent under the Revolving Credit Agreement as described under "Security—Intercreditor Agreement"; *provided* that (x) prior to such release, such Guarantor is also a guarantor or borrower under the Revolving Credit Agreement and (y) after giving effect to such release, such Guarantor will not guarantee any indebtedness of the Issuer or any of its Restricted Subsidiaries;

(d) in connection with a satisfaction and discharge of the Indenture as set forth below under "—Satisfaction and Discharge"; or

(e) in connection with a legal defeasance or covenant defeasance of the Indenture as described below under "—Legal Defeasance and Covenant Defeasance."

Upon any release of a Guarantor from its Note Guarantee, such Guarantor will also be automatically and unconditionally released from its obligations under the Security Documents.

Ranking

Ranking of the Notes

The Notes are senior secured obligations of the Issuer and rank:

- equally in right of payment with all existing and future senior Debt of the Issuer;
- senior in right of payment to all existing and future subordinated Debt of the Issuer;
- effectively subordinated to the obligations of the Issuer under the Revolving Credit Agreement and any other First Lien Obligations to the extent of the value of the Collateral securing such obligations; and
- structurally subordinated to all obligations of any non-Guarantor Subsidiaries.

Ranking of the Note Guarantees

Each Note Guarantee is a senior secured obligation of each Guarantor. As such, each Note Guarantee ranks:

- equally in right of payment with all existing and future senior Debt of the Guarantors;
- senior in right of payment to all existing and future subordinated Debt of the Guarantors; and

- effectively subordinated to the obligations of the Guarantors under the Revolving Credit Agreement and any other First Lien Obligations to the extent of the value of the Collateral securing such obligations.

Sinking Fund

There are no mandatory sinking fund payment obligations with respect to the Notes.

Security

The Notes and the obligations under the Indenture are secured by second-priority security interests in the Collateral (subject as to priority and otherwise to certain exceptions and Permitted Liens). As a result, the Notes and the obligations under the Indenture are effectively (a) subordinate to any Debt of the Issuer and the Guarantors which either is (i) secured by the First Priority Liens or (ii) secured by assets which are not part of the Collateral securing the Notes, in each case, to the extent of the value of such assets and (b) equal in rank with any Permitted Additional Pari Passu Obligations. The Debt Incurred under the Revolving Credit Agreement is secured by a first-priority security interest in the Collateral. Accordingly, while the Notes rank equally in right of payment with the Debt Incurred under the Revolving Credit Agreement and all other liabilities not expressly subordinated by their terms to the Notes, the Notes are effectively subordinated to the Debt outstanding under the Revolving Credit Agreement, to the extent of the value of the Collateral. In addition, the ability to realize or foreclose on certain of the Collateral, including any Capital Interests of any Subsidiary of the Issuer, will be subject to, and limited by, the rights (if any) of Burger King Corporation under each Franchise Agreement pursuant to which Burger King Corporation shall be entitled to: (a) prior written notice of any sale of all or substantially all of the Capital Interests of the Issuer or any Restricted Subsidiary; (b) a right of first refusal to purchase all or substantially all of the Capital Interests of the Issuer or any Restricted Subsidiary or of all or substantially all of the assets of a restaurant subject to a Franchise Agreement in connection with a sale thereof; (c) prior approval of any sale of all or substantially all of the Capital Interests of the Issuer or any Restricted Subsidiary; and (d) prior written consent to the sale, assignment, transfer, conveyance or give-away of substantially all of the assets of any restaurant subject to a Franchise Agreement; in each case to the extent set forth in a legally binding Franchise Agreement (collectively, the “**Burger King Rights**”). See “Risk Factors—Risks Related to the Collateral and Guarantees— There are certain categories of property that are excluded from the collateral, including franchise agreements. The imposition of certain permitted liens will cause the asset on which such liens are imposed to be excluded from the collateral securing the notes and the guarantees.”

Collateral

The Collateral is pledged to (1) the collateral agent under the Revolving Credit Agreement (the “**First Lien Agent**”), on a first-priority basis, for the benefit of the holders of the First Lien Obligations to secure the First Lien Obligations and (2) the Collateral Agent, on a second-priority basis, for the benefit of the Trustee and the Holders of the Notes and the holders of any Permitted Additional Pari Passu Obligations to secure the Second Lien Obligations. The Second Lien Obligations constitute claims separate and apart from (and of a different class from) the First Lien Obligations. The Second Priority Liens are junior and subordinate to the First Priority Liens. As set out in more detail below, upon an enforcement event or Insolvency or Liquidation Proceeding, proceeds from the Collateral will be applied first to satisfy First Lien Obligations and then ratably to satisfy obligations under the Notes and any Permitted Additional Pari Passu Obligations. In addition, the Indenture permits the Issuer and the Guarantors to create additional Liens under specified circumstances. See the definition of “Permitted Liens.”

The “Collateral” consists of certain Real Property owned in fee by the Issuer and Guarantors and substantially all existing and future personal Property of the Issuer and the Guarantors other than Excluded Property.

The Indenture and the Security Documents exclude certain property from the Collateral (the “**Excluded Property**”), including:

(a) any rights or interest in any lease, contract, license or license agreement covering personal property or Real Property of the Issuer or any Guarantor, so long as under the terms of such lease, contract, license or license agreement, or applicable law with respect thereto, the grant of a security interest or lien therein to Collateral Agent is prohibited (or would render such lease, contract, license or license agreement cancelled, invalid or unenforceable) and such prohibition has not been or is not waived or the consent of the other party to such lease, contract, license or license agreement has not been or is not otherwise obtained; *provided* that, this exclusion shall in no way be construed to apply if any such prohibition is unenforceable under the UCC or other applicable law or so as to limit, impair or otherwise affect Collateral Agent's unconditional continuing security interests in and liens upon any rights or interests of the Issuer or Guarantors in or to monies due or to become due to the Issuer or Guarantor under any such lease, contract, license or license agreement (including any receivables);

(b) assets owned by Issuer or any Guarantor on the Issue Date or thereafter acquired and any proceeds thereof that are subject to a Lien securing a Purchase Money Debt or Capital Lease Obligation permitted to be incurred pursuant to the provisions of the Indenture to the extent and for so long as the contract or other agreement in which such Lien is granted (or the documentation providing for such Purchase Money Debt or Capital Lease Obligation) validly prohibits the creation of any other Lien on such assets and proceeds (other than to the extent that such prohibition would be rendered ineffective pursuant to Section 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant

jurisdiction and other than to the extent all necessary consents to creation, attachment and perfection of the Collateral Agent's Liens thereon have been obtained);

(c) any shares entitled to vote (within the meaning of Treasury Regulation Section 1.956-2) of any direct or indirect Subsidiary of the Issuer that is a "controlled foreign corporation" in excess of sixty-five (65%) percent of the total combined voting power of all of the issued and outstanding Capital Interests entitled to vote in such Subsidiary;

(d) any Capital Interests of any Subsidiary of the Issuer to the extent necessary for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 or Rule 3-10 of Regulation S-X under the Exchange Act, due to the fact that such Subsidiary's Capital Interests secures the Notes or Note Guarantees, to file separate financial statements with the Securities and Exchange Commission (the "**Commission**") (or any other governmental agency);

(e) any intent to use trademark application to the extent and for so long as creation of a security interest therein would result in the loss of any material rights therein, *provided* that upon submission and acceptance by the United States Patent and Trademark Office of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent to use trademark application shall not be considered Excluded Property;

(f) any Real Property leased by the Issuer or any Guarantor;

(g) the Real Properties located at 968 James Street, Syracuse, New York, a parcel of land adjacent to 12213 Olean Road, Yorkshire, New York, a parcel of land adjacent to 3002 East Avenue, Central Square, New York and 3055 Mahoning Avenue, Warren Ohio;

(h) any Franchise Agreements that prohibit security interests thereon without consent of the franchisor; and

(i) any cash or cash equivalents held in deposit or securities accounts designated for cash collateralizing the Revolving Credit Agreement.

The Issuer and the Guarantors are not obligated to perfect the security interest in personal property with respect to which a Lien cannot be perfected by the filing of a financing statement (other than intellectual property registered in the United States and other property over which there exists a perfected security interest), up to an aggregate book value of \$5.0 million at any time, including (A) motor vehicles and other assets subject to certificates of title, (B) letter of credit rights (other than supporting obligations) and (C) commercial tort claims. The Issuer and the Guarantors shall not be required to enter into deposit account control agreements and securities account control agreements for the benefit of the Collateral Agent with respect to checking, savings or other accounts (including securities accounts) of the Issuer and the Guarantors at any bank or other financial institution. For the avoidance of doubt, "Excluded Property" shall not include any proceeds, products, substitutions or replacements of Excluded Property (unless such proceeds, products, substitutions or replacements would otherwise constitute Excluded Property).

The security arrangements with respect to the Collateral are or will be set forth in, without limitation:

(1) one or more mortgages, assignments of rents, security agreements and fixture filings encumbering the fee interests comprising the Real Property (other than any Real Property that constitutes Excluded Property) owned by the Issuer and the Guarantors, including all additions, improvements and component parts related thereto and all rents, issues and profits therefrom (other than Excluded Property) (the "**Mortgages**");

(2) amendments to the Mortgages (the "**Mortgage Amendments** "); and

(3) the Security Agreement covering substantially all existing and future personal property of the Issuer and the Guarantors (other than Excluded Property).

For the avoidance of doubt, no assets of any Person that is not the Issuer or a Guarantor shall constitute Collateral.

Although the Mortgages and the Mortgage Amendments on all of our Real Properties required to be mortgaged were not in place at the time of issuance of the outstanding New Notes, the Issuer and the Guarantors used their commercially reasonable efforts to complete on or prior to the outstanding New Notes Issue Date all filings and other similar actions required in connection with the perfection of such security interests. If they were not able to complete such actions on or prior to the outstanding New Notes Issue Date, they will use their commercially reasonable efforts to complete such actions within 90 days of the outstanding New Notes Issue Date (as evidenced by an Officers' Certificate delivered to the Trustee). The Collateral Agent shall not be responsible for determining whether the Issuer and the Guarantors have used commercially reasonable efforts to complete such actions within such time period. Title insurance policies, surveys and local counsel opinions will not be obtained in connection with the Mortgages and Mortgage Amendments on the Real Properties required to be mortgaged. See "Risk Factors - Risks Related to the Collateral and Guarantees. With respect to our real properties mortgaged as security for the notes, no surveys, title insurance or local counsel opinions have been or will be delivered. There will be no independent assurance therefore, that the mortgages, as amended, securing the notes are enforceable under applicable state law to encumber the correct real properties or that there are no liens other than those permitted by the Indenture encumbering such real properties."

Delivery of Mortgages and Mortgage Amendments after the outstanding New Notes Issue Date increases the risk that the Mortgages, as amended, could be avoidable in bankruptcy. See “Risk Factors - Risks Related to the Collateral and Guarantees.- Security interests over certain collateral were not in place by the closing or may not be perfected by the closing.” Any issues that we are unable to resolve in connection with the issuance of such Mortgages and Mortgage Amendments may impact the value of the Collateral. There will be no independent assurance prior to issuance of the New Exchange Notes, therefore, that all properties contemplated to be mortgaged as security for the New Exchange Notes will be mortgaged, or that we hold or the real property interests we represent we hold or title thereto or that we may mortgage such interests, or that there will be no lien encumbering such real property interests other than those permitted by the Indenture. The Collateral Agent shall not be responsible for determining whether the Issuer and the Guarantors have used commercially reasonable efforts to obtain such agreements within such time period.

Limitations on Stock Collateral

The Capital Interests and other securities of a Subsidiary of the Issuer that are owned by the Issuer or any Guarantor constitute Collateral for the Notes only to the extent that such Capital Interest and other securities can secure the Notes without Rule 3-10 or Rule 3-16 of Regulation S-X under the Securities Act (or any other law, rule or regulation) requiring separate financial statements of such Subsidiary to be filed with the Commission (or any other governmental agency). In the event that Rule 3-10 or Rule 3-16 of Regulation S-X under the Securities Act requires or is amended, modified or interpreted by the Commission to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the Commission (or any other governmental agency) of separate financial statements of any Subsidiary (other than the Issuer) due to the fact that such Subsidiary's Capital Interests and other securities secure the Notes, then the Capital interests and other securities of such Subsidiary shall automatically be deemed not to be part of the Collateral for the Notes (but only to the extent necessary to not be subject to such requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder of Notes, to the extent necessary to release the second-priority security interests in the Capital Interests and other securities that are so deemed to no longer constitute part of the Collateral for the Notes. Substantially all of our business is operated through Carrols LLC. Currently, our only subsidiaries are Carrols, Carrols LLC and Republic Foods, Inc. (which was acquired by us on June 6, 2017). Since the Issue Date, the book value of the capital stock of Carrols and Carrols LLC has been greater than 20% of the aggregate principal amount of notes then outstanding, the pledge of capital stock of Carrols and Carrols LLC has been and will continue to be, as of the outstanding New Notes Issue Date, subject to this cutback.

In the event that Rule 3-10 or Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the Commission to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Capital Interests and other securities to secure the Notes in excess of the amount then pledged without the filing with the Commission (or any other governmental agency) of separate financial statements of such Subsidiary, then the Capital Interests and other securities of such Subsidiary shall automatically be deemed to be a part of the Collateral for the Notes (but only to the extent necessary to not be subject to any such financial statement requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder of Notes, to the extent necessary to subject to the Liens under the Security Documents such additional Capital Interests and other securities.

In accordance with the limitations set forth in the two immediately preceding paragraphs, the Collateral for the Notes includes Capital Interests of Subsidiaries of the Issuer only to the extent that the applicable value of such Capital Interests (on a Subsidiary-by-Subsidiary basis) is less than 20% of the aggregate principal amount of the Notes outstanding. Following the Issue Date, however, the portion of the Capital Interests of Subsidiaries constituting Collateral may decrease or increase as described above.

The Collateral securing the Obligations arising under the Revolving Credit Agreement includes the Capital Interests excluded from the Collateral for the Notes pursuant to this “Limitations on Stock Collateral” section.

Control over Collateral and Enforcement of Liens

The Intercreditor Agreement provides that, for a standstill period of 180 days (subject to extension for any period during which the First Lien Agent has commenced and is diligently pursuing remedies in good faith against all or a material portion of the Collateral or the commencement of an Insolvency or Liquidation Proceeding with respect to the Issuer or any Guarantor) commencing on the date that First Lien Agent receives notice from the Collateral Agent of the acceleration of (x) all of the Notes Obligations following an Event of Default under the Indenture or (y) any Permitted Additional Pari Passu Obligations following an event of default under the applicable documents relating thereto, the First Lien Agent will have the sole power to exercise remedies against the Collateral (subject to the right of the Collateral Agent and the Holders of Second Lien Obligations to take limited protective measures with respect to the Second Priority Liens and to take certain actions that would be permitted to be taken by unsecured creditors) and to foreclose upon and dispose of the Collateral.

Proceeds realized by the First Lien Agent or the Collateral Agent from the Collateral (including proceeds of Collateral in an Insolvency or Liquidation Proceeding) will be applied:

- *first*, to the payment in full in cash of costs and expenses of First Lien Agent in connection with an enforcement action or Insolvency or Liquidation Proceeding;

- *second* , to the payment in full in cash or cash collateralization of the First Lien Obligations in accordance with the First Lien Documents;
- *third* , to the payment in full in cash of costs and expenses of Second Lien Agent and each representative of any Permitted Additional Pari Passu Obligations in connection with an enforcement action or Insolvency or Liquidation Proceeding (to the extent such enforcement action or Insolvency or Liquidation Proceeding was permitted under the Intercreditor Agreement);
- *fourth* , to the payment in full in cash of the Second Lien Obligations in accordance with the Security Documents and the Indenture; and
- *fifth* , to the payment in full in cash of the Excess First Lien Obligations in accordance with the First Lien Documents.

None of the Collateral has been appraised in connection with the offering of the Notes. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of our industry, our ability to implement our business strategy, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would be dependent on numerous factors, including but not limited to the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Likewise, there can be no assurance that the Collateral will be saleable, or, if saleable, that there will not be substantial delays in its liquidation. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the Notes. In addition, the fact that the holders of First Lien Obligations will receive proceeds from enforcement of the Collateral before Holders of the Notes, that other Persons may have First Priority Liens in respect of Collateral subject to Permitted Liens and that the Second Priority Liens held by the Collateral Agent will secure any Permitted Additional Pari Passu Obligations in addition to the Obligations under the Notes and the Indenture could have a material adverse effect on the amount that Holders of the Notes would receive upon a sale or other disposition of the Collateral. Accordingly, there can be no assurance that proceeds of any sale of the Collateral pursuant to the Indenture and the related Security Documents following an Event of Default would be sufficient to satisfy, or would not be substantially less than, amounts due under the Notes. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

If the proceeds from a sale or other disposition of the Collateral were not sufficient to repay all amounts due on the Notes, the Holders of the Notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of the Issuer and the Guarantors. In addition, as described further below, to the extent the value of the Collateral is less than the amount of the obligations due under the Notes, under applicable U.S. bankruptcy law, the Holders of the Notes would not be entitled to receive, among other things, post-petition interest, fees, or expenses in any bankruptcy case, and would also not be entitled to adequate protection with respect to any unsecured or undersecured portion of their claims.

To the extent that Liens (including Permitted Liens), rights or easements granted to third parties encumber assets located on property owned by the Issuer or the Guarantors, including the Collateral, such third parties may exercise rights and remedies with respect to the property subject to such Liens that could adversely affect the value of the Collateral and the ability of the Collateral Agent, the Trustee or the Holders of the Notes to realize or foreclose on Collateral.

In addition, the ability to realize or foreclose on certain of the Collateral, including, without limitation, any Capital Interests of any Subsidiary of the Issuer, will be subject to, and limited by, the Burger King Rights.

Exercise of Remedies under the Security Documents

Subject to the Intercreditor Agreement, after the incurrence of any Permitted Additional Pari Passu Obligations (other than the issuance of Additional Notes), the holders of a majority in principal amount of the Second Lien Obligations (other than holders of Hedging Obligations) will have the right to direct the Collateral Agent, following the occurrence of an Event of Default under the Indenture or an event of default under any agreement or instrument representing such Permitted Additional Pari Passu Obligations, to foreclose on, or exercise its other rights with respect to, the Collateral (or exercise other remedies with respect to the Collateral). Any action taken or not taken without the vote of any holder of Second Lien Obligations will nevertheless be binding on such holder.

Except as provided in the succeeding sentence, in the case of an Event of Default under the Indenture, or an event of default under any agreement or instrument representing additional Second Lien Obligations where such remedies arise, the Collateral Agent will only be permitted, subject to applicable law, to exercise remedies and sell Collateral at the written direction of the applicable holders of Second Lien Obligations as set forth above. If the Collateral Agent has asked the holders of Second Lien Obligations for instruction and the applicable holders have not yet responded to such request, the Collateral Agent will be authorized to take, but will not be required to take, and will in no event have any liability for taking, any delay in taking or the failure to take, such actions with regard to a default or event which the Collateral Agent, in good faith, believes to be reasonably required to promote and protect the interests of the holders of the Second Lien Obligations and to preserve the value of the Collateral; provided that once instructions from the applicable holders of the Second Lien Obligations have been received by the Collateral Agent, the

actions of the Collateral Agent will be governed thereby and the Collateral Agent will not take any further action which would be contrary thereto.

In the event of any determination by a court of competent jurisdiction with respect to any series of Permitted Additional Pari Passu Obligations that (i) such series of Permitted Additional Pari Passu Obligations is unenforceable under applicable law or are subordinated to any other obligations (other than the Notes or another series of Permitted Additional Pari Passu Obligations), (ii) such series of Permitted Additional Pari Passu Obligations does not have an enforceable security interest in any of the Collateral and/or (iii) any intervening security interest exists securing any other obligations (other than the Notes or other series of Permitted Additional Pari Passu Obligations) on a basis ranking prior to the security interest of such series of Permitted Additional Pari Passu Obligations but junior to the security interest of the Notes or other series of Permitted Additional Pari Passu Obligations (any such condition referred to in the foregoing clauses (i), (ii) or (iii) with respect to any series of Permitted Additional Pari Passu Obligations, an “**Impairment**” of such series of Permitted Additional Pari Passu Obligations), the results of such Impairment shall be borne solely by the holders of such series of Permitted Additional Pari Passu Obligations, and the rights of the holders of such series of Permitted Additional Pari Passu Obligations (including, without limitation, the right to receive distributions in respect of such series of Permitted Additional Pari Passu Obligations) set forth herein shall be modified to the extent necessary so that the effects of such Impairment are borne solely by the holders of such series of Permitted Additional Pari Passu Obligations subject to such Impairment. Notwithstanding the foregoing, with respect to any Collateral for which a third party (other than a holder of the Notes or series of Permitted Additional Pari Passu Obligations) has a lien or security interest that is junior in priority to the security interest of the holders of the Notes or any series of Permitted Additional Pari Passu Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of the holder of any other series of Permitted Additional Pari Passu Obligations (such third party, an “**Intervening Creditor**”), the value of any Collateral or proceeds which are allocated by such court to such Intervening Creditor shall be deducted on a ratable basis (in the event of a dispute, in accordance with a final non-appealable order of a court of competent jurisdiction) solely from the Collateral or proceeds to be distributed in respect of the series of Permitted Additional Pari Passu Obligations with respect to which such Impairment exists.

Certain Bankruptcy Limitations

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired (and at a minimum delayed) by bankruptcy law in the event that a bankruptcy case were to be commenced by or against the Issuer or any Guarantor prior to the Collateral Agent's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under Title 11 of the United States Code, as amended (the “**Bankruptcy Code**”), a secured creditor such as the Collateral Agent is prohibited from foreclosing upon or repossessing its security from a debtor in a bankruptcy case, or from disposing of security, in each case without prior bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, as well as the lack of a precise definition of the term “adequate protection,” it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral (through the receipt of adequate protection or otherwise). The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs, expenses and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall. The holders of the Notes would not be entitled to adequate protection with respect to any such unsecured or undersecured portion of their claims.

Release of Liens

The Security Documents and the Indenture provide that the Second Priority Liens securing the Note Guarantee of any Guarantor will be automatically released when such Guarantor's Note Guarantee is released in accordance with the terms of the Indenture. In addition, the Second Priority Liens securing the Obligations under the Notes and the Indenture will be released (a) in whole, upon a legal defeasance or a covenant defeasance of the Notes as set forth below under “—Legal Defeasance and Covenant Defeasance,” (b) in whole, upon satisfaction and discharge of the Indenture, (c), in whole, upon payment in full of principal, interest and all other Obligations on the Notes issued under the Indenture, (d) in whole or in part, with the consent of the requisite Holders of the Notes in accordance with the provisions under “—Amendment, Supplement and Waiver,” including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Notes, (e) in whole or in part and in accordance with the Intercreditor Agreement, in connection with a sale or other disposition of the Collateral (A) in connection with an enforcement action by the First Lien Agent, (B) any disposition of Collateral to a person other than the Issuer or a Guarantor permitted under the First Lien Documents as in effect on the Issue Date, other than in connection with a Discharge of First Lien Obligations or after and during the continuance of any Event of Default or (C) consented to by the First Lien Agent after the occurrence of an event of default under the First Lien Credit Documents in connection with good faith efforts by First Lien Agent

to collect the First Lien Obligations through the disposition of Collateral with the net cash proceeds of such disposition being used to permanently retire First Lien Obligations and cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so repaid; *provided* that, in each case, the First Lien Agent has released its Liens on the applicable Collateral and (f) in part, as to any asset constituting Collateral (A) that is sold or otherwise disposed of by the Issuer or any of the Guarantors (other than to the Issuer or another Guarantor) in a transaction that does not violate “—Certain Covenants — Limitation on Asset Sales” and by the Security Documents (to the extent of the interest sold or disposed of) or otherwise permitted by the Indenture and the Security Documents, if all other Liens on that asset securing the First Lien Obligations and any Permitted Additional Pari Passu Obligations then secured by that asset (including all commitments thereunder) are released, (B) that is cash withdrawn from deposit accounts for the benefit of a person other than the Issuer or a Guarantor for any purpose not prohibited under the Indenture or the Security Documents, (C) that is a Capital Interest of a Subsidiary of the Issuer to the extent necessary for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 or Rule 3-10 of Regulation S-X under the Securities Act, due to the fact that such Subsidiary's Capital Interest secures the Notes or Guarantees, to file separate financial statements with the Securities and Exchange Commission (or any other governmental agency); (D) that is used to make a Restricted Payment or Permitted Investment permitted by the Indenture to the extent such Collateral is transferred to a person other than the Issuer or a Guarantor; (E) that becomes Excluded Property; or (F) that is otherwise released in accordance with, and as expressly provided for in accordance with, the Indenture and the Security Documents.

To the extent applicable, the Issuer will comply with Section 313(b) of the TIA, relating to reports, and, following qualification of the Indenture under the TIA (if required), Section 314(d) of the TIA, relating to the release of property and to the substitution therefor of any property to be pledged as Collateral for the Notes. Any certificate or opinion required by Section 314(d) of the TIA may be made by an officer of the Issuer except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the Trustee. We will not be required to qualify the Indenture under the TIA if we are not required to consummate the exchange offer pursuant to the provisions described under “Exchange Offer.” So long as we do not qualify the Indenture under the TIA, Section 314(d) of the TIA will not apply to the Indenture. In every instance that the Trustee or the Collateral Agent is asked to acknowledge a release, the Issuer shall deliver an opinion and Officer's Certificate to the Trustee and the Collateral Agent stating that all conditions to the release in the Indenture, the Security Documents and the Intercreditor Agreement have been satisfied.

Intercreditor Agreement

The Collateral Agent and the First Lien Agent have entered into the Intercreditor Agreement, which established the second-priority status of the Second Priority Liens relative to the First Priority Liens. In addition to the provisions described above with respect to control of remedies, release of Collateral and amendments to the Security Documents, the Intercreditor Agreement also imposes certain other restrictions and agreements, including the restrictions and agreements described below.

- Pursuant to the Intercreditor Agreement, the Collateral Agent, the Trustee, the Holders of the Notes and the holders of any Permitted Additional Pari Passu Obligations agree that the First Lien Agent has no fiduciary duties to them in respect of the maintenance or preservation of the Collateral. The First Lien Agent agreed in the Intercreditor Agreement to hold, as bailee and non-fiduciary agent of the Collateral Agent, until the Discharge of First Lien Obligations, certain possessory collateral also for the benefit of the Trustee, the Collateral Agent and the holders of the Second Lien Obligations.
- In addition, the Collateral Agent, the Trustee and the Holders of the Notes and the holders of any Permitted Additional Pari Passu Obligations waive any claim against the First Lien Agent and the First Lien Lenders in connection with any actions they may take under the Credit Agreement or with respect to the Collateral. They further waive any right to assert, or request the benefit of, until the Discharge of the First Lien Obligations any marshalling or similar rights that may otherwise be available to them with respect to the Collateral.
- The Intercreditor Agreement provides for the right of the Collateral Agent and the holders of Second Lien Obligations to exercise rights and remedies as unsecured creditors against the Issuer or any Guarantor, subject to certain terms, conditions, waivers and limitations as more fully set forth in the Intercreditor Agreement.
- Pursuant to the Intercreditor Agreement, until the Discharge of the First Lien Obligations the Collateral Agent and the Trustee, for itself and on behalf of the Holders of the Notes and the holders of any Permitted Additional Pari Passu Obligations, irrevocably constitute and appoint the First Lien Agent and any officer or agent of the First Lien Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place of the Trustee, Collateral Agent, Holder of the Notes, holders of any Permitted Additional Pari Passu Obligations or in the First Lien Agent's own name, from time to time in the First Lien Agent's discretion, for the purpose of carrying out the terms of certain sections of the Intercreditor Agreement (including those relating to the release of the Second Priority Liens as permitted thereby, including releases upon sales due to enforcement of remedies or otherwise provided for in the Intercreditor Agreement), to take any and all appropriate action and to execute any and all releases, documents and instruments which may be necessary or desirable to accomplish the purposes of such section of the Intercreditor Agreement, including any financing statements, mortgage releases, intellectual property releases, endorsements or other instruments or transfer or release of such liens.

- Notwithstanding the time, manner, order or method of grant, creation, attachment or perfection of any First Priority Liens or Second Priority Liens, the First Priority Liens will rank senior to any Second Priority Liens on the Collateral. The Collateral for the First Priority Liens, the Second Priority Liens and the Permitted Additional Pari Passu Obligations are intended at all times to be the same; *provided* that Capital Interests of any Subsidiary of the Issuer may secure First Lien Obligations without concurrently securing the Notes and Permitted Additional Pari Passu Obligations to the extent necessary for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 or Rule 3-10 of Regulation S-X under the Exchange Act, due to the fact that such Subsidiary's Capital Interests secure the Notes or Note Guarantees, to file separate financial statements with the Securities and Exchange Commission (or any other governmental agency) as described under "Limitations on Stock Collateral" above and any cash or cash equivalents held in deposit accounts designated for cash collateralizing the Revolving Credit Agreement may also secure First Lien Obligations without concurrently securing the Notes and Permitted Additional Pari Passu Obligations; *provided further* that to the extent that First Lien Agent or the Collateral Agent obtains a Lien in an asset (of a type that is not included in the types of assets included in the Collateral as of the Issue Date or which would not constitute Collateral without a grant of a security interest or Lien separate from the First Lien Documents or Security Documents, as applicable, as in effect immediately prior to obtaining such Lien on such asset) which the other party or parties to the Intercreditor Agreement elects not to obtain after receiving prior written notice thereof in accordance with the Intercreditor Agreement, the Collateral securing the First Lien Obligations and the Second Lien Obligations will not be identical.
- The Trustee, the Collateral Agent, the Holders and the holders of any Permitted Additional Pari Passu Obligations agree that (i) in certain circumstances the holders under the Revolving Credit Agreement are required by the terms thereof to be repaid with proceeds of dispositions of Collateral prior to repayment of the Indenture (subject to certain reinvestment provisions) and (ii) they will not accept payments from such dispositions of Collateral until applied to repayment of the Revolving Credit Agreement as so required. The Trustee, the Collateral Agent, the Holders and the holders of any Permitted Additional Pari Passu Obligations agree that if they receive payments at any time from the Collateral in contravention of the Intercreditor Agreement, they will promptly turn such payments over to First Lien Obligation holders (through the First Lien Agent).
- The Intercreditor Agreement permits that First Lien Obligations and the Second Lien Obligations to be amended or refinanced subject to certain limitations, including, with respect to the Second Lien Obligations, certain restrictions in the Intercreditor Agreement on amendments to the Indenture and the Security Documents without the consent of the First Lien Agent (with the First Lien Agent only authorized to give such consent upon an affirmative vote of holders of three-fourths of the First Lien Obligations), and to the continuing rights of holders of such Refinancing Debt under the Intercreditor Agreement.

In addition, if the Issuer or any Guarantor is subject to any Insolvency or Liquidation Proceeding, the Trustee, the Collateral Agent, the Holders and the holders of any Permitted Additional Pari Passu Obligations agree that:

- they will not object to or otherwise contest (and, as necessary, will consent to) the Issuer's or such Guarantor's use of cash collateral if the requisite First Lien Obligation holders consent to such usage (provided they receive adequate protection in connection therewith in accordance with the terms of the Intercreditor Agreement);
- if, in connection with the use of Collateral constituting cash collateral by the Issuer and the Guarantors or debtor-in-possession (" *DIP* ") financing provided to the Issuer and the Guarantors, the First Lien Obligation holders are granted adequate protection in the form of a Lien on additional or replacement collateral, then the Trustee may seek or request adequate protection in the form of a Lien on such additional or replacement collateral and the First Lien Obligation holders will not object to or otherwise contest (and, as necessary will consent to) such adequate protection, so long as all such replacement or additional Liens are subordinate both to the existing Liens securing the First Lien Obligations (and are subject to the terms of the Intercreditor Agreement) and to the Liens providing adequate protection for the First Lien Obligations;
- if, in connection with any *DIP* financing or use of cash Collateral the holders of the First Lien Obligations are granted adequate protection in the form of a superpriority or other administrative expense claim, then the Trustee may seek, without objection from the holders of the First Lien Obligations, adequate protection in the form of a superpriority or other administrative expense claim (as applicable), which super priority or other administrative expense claim, if obtained, will be subordinate to the superpriority or administrative expense claim (as applicable) of the holders of the First Lien Obligations;
- if, in connection with any *DIP* financing or use of cash Collateral the holders of the First Lien Obligations are granted adequate protection in the form of cash payments for current post-petition fees or expenses, then the Trustee may also seek and retain adequate protection in the form of cash payments in the amount of accrued post-petition fees and expenses, subject to the right of the holders of First Lien Obligations to object to the reasonableness of the amounts so sought;
- if First Lien Obligation holders consent to a *DIP* financing, the Trustee and the holders of the Second Lien Obligations will be deemed to have consented to, and will not object to, such *DIP* financing and to the priming of their Liens in

connection therewith to the Liens securing such DIP Financing, all adequate protection Liens granted to the First Lien Agent, and to any “carve out” from the Collateral for U.S. Trustee or professional fees approved by the First Lien Agent, in the event that the Liens in favor of the First Lien Obligation holders are primed in connection with or *pari passu* with such DIP financing (*provided* that the holders of the Second Lien Obligations retain their Liens on the Collateral and the aggregate principal amount of the DIP financing, *plus* the aggregate principal amount of First Lien Obligations, does not exceed the sum of (i) the amount permitted under clause (i) of the definition of “Permitted Debt” *plus* (ii) the First Lien DIP Amount);

- if the proposed DIP financing (a) is in an aggregate principal amount not in excess of the amount set forth in the parenthetical of the bullet point above, (b) includes interest rates and fees that are commercially reasonable under the circumstances, (c) does not compel Issuer or any Guarantor to seek confirmation of a specific plan of reorganization for which all or substantially all of the material terms are set forth in the DIP financing documentation, and (d) does not expressly require the liquidation of the Collateral prior to a default under the DIP financing documentation, the Trustee, the Collateral Agent, the Holders and the holders of any Permitted Additional *Pari Passu* Obligations will not, directly or indirectly, provide, offer to provide, or support any other DIP financing secured by a Lien senior to or *pari passu* with the Liens securing the First Lien Obligations;
- prior to the Discharge of First Lien Obligations, without the prior written consent of the First Lien Agent and the requisite First Lien Obligation holders, they will not seek relief from the automatic stay or any other stay in any Insolvency or Liquidation Proceeding with respect to the Collateral;
- they will not oppose any sale or other disposition of the Collateral consented to by the requisite First Lien Obligation holders and shall be deemed to have consented to and released the Liens securing the Second Lien Obligations (*provided* that (i) pursuant to the applicable court order, the Liens of the Second Lien Obligation holders attach to the net proceeds of the disposition with the same priority and validity as the Liens held by the Second Lien Obligation holders on such Collateral, and the Liens remain subject to the terms of the Intercreditor Agreement or (ii) (x) the Liens securing the First Lien Obligations are simultaneously being released and (y) the net proceeds of such sale or other disposition of the Collateral are being used to repay First Lien Obligations, and to the extent paid in full, Second Lien Obligations);
- none of the Trustee, the Collateral Agent nor any holder of any Second Lien Obligations may vote for or otherwise support any plan of reorganization in any Insolvency or Liquidation Proceeding unless such plan (i) pays off in cash in full the First Lien Obligations or (ii) is otherwise voted in favor of by the class of holders of the First Lien Obligations voting thereon in accordance with the terms of Section 1126(c) of the Bankruptcy Code or other applicable law;
- if it is held in any Insolvency or Liquidation Proceeding that the respective claims of the holders of First Lien Obligations, the holders of Second Lien Obligations, or the holders of any Permitted Additional *Pari Passu* Obligations in respect of the Collateral constitute claims in the same class (rather than separate classes of secured claims with the relative priorities described in the Intercreditor Agreement), then the Trustee, the holders of Second Lien Obligations, and the holders of any Permitted Additional *Pari Passu* Obligations will agree that all distributions from the Collateral will be made as if there were separate classes of First Lien Obligations, on the one hand, and Second Lien Obligations and Permitted Additional *Pari Passu* Obligations, on the other, with the effect being that, to the extent that (i) the aggregate value of the Collateral is sufficient (for this purpose ignoring all claims held by the holders of Second Lien Obligations or any Permitted Additional *Pari Passu* Obligations thereon), the holders of the First Lien Obligations shall be entitled to receive, in addition to amounts distributed to them in respect of principal, pre-petition interest, and other claims, all amounts owing in respect of post-petition interest, fees, or expenses that is available from the Collateral (regardless of whether any such claims may or may not be allowed or allowable in whole or in part as against the Issuer or any Guarantor in the applicable Insolvency or Liquidation Proceeding(s) pursuant to Section 506(b) of the Bankruptcy Code or otherwise), before any distribution is made in respect of the Second Lien Obligations or any Permitted Additional *Pari Passu* Obligations from the Collateral, with each holder of Second Lien Obligations and any Permitted Additional *Pari Passu* Obligations acknowledging and agreeing to turn over to the First Lien Agent amounts otherwise received or receivable by them from the Collateral to the extent necessary to effectuate the intent of this sentence, even if such turnover has the effect of reducing the aggregate recoveries of the holders of the Second Lien Obligations or the holders of any Permitted Additional *Pari Passu* Obligations;
- if debt obligations of the reorganized debtor secured by Liens upon any property of the reorganized debtor are distributed pursuant to a confirmed plan of reorganization or similar dispositive restructuring plan, both on account of First Lien Obligations and on account of Second Lien Obligations, then, to the extent the debt obligations distributed on account of the First Lien Obligations and on account of the Second Lien Obligations are secured by Liens upon the same property, the provisions of the Intercreditor Agreement will survive the distribution of such debt obligations pursuant to such plan and will apply with like effect to the Liens securing such debt obligations;
- until the Discharge of First Lien Obligations, neither the Trustee nor the Collateral Agent, on behalf of itself and the Holders of the Notes or the holders of any Permitted Additional *Pari Passu* Obligations, will assert or support any claim

under Section 506(c) of the Bankruptcy Code senior to or on a parity with the Liens securing the First Lien Obligations for costs and expenses of preserving or disposing of any Collateral (*provided* that this clause will not preclude the Trustee, the Collateral, the Holders of the Notes or the holders of any Permitted Additional Pari Passu Obligations from supporting a plan of reorganization permitted by the preceding bullet point);

- the Collateral Agent will not object to, oppose, support any objection, or take any other action to impede, the right of any holder of any First Lien Obligation to make an election under Section 1111(b)(2) of the Bankruptcy Code with respect to the Collateral, and the Collateral Agent waives any claim it may have against any holder of any First Lien Obligation arising out of the election by any holder of any First Lien Obligation of the application of Section 1111(b)(2) of the Bankruptcy Code with respect to the Collateral; and
- in the event it becomes necessary for First Lien Agent on behalf of the holders of the First Lien Obligations or the Collateral Agent on behalf of the noteholders to commence or become a party to any proceeding or action to enforce the provisions of the Intercreditor Agreement, the court or body before which the same shall be tried shall award to the prevailing party all costs and expenses thereof, including reasonable attorney's fees, the usual and customary and lawfully recoverable court costs, and all other expenses in connection therewith.

No Impairment of the Security Interests

Neither the Issuer nor any of the Guarantors are permitted to take any action, or knowingly or negligently omit to take any action, which action or omission might or would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the Trustee, the Collateral Agent and the Holders of the Notes (for the avoidance of doubt, (i) Permitted Collateral Liens, as permitted by “—Limitations on Liens,” and (ii) the entry by the Issuer or its Subsidiaries into Franchise Agreements that provide for the Burger King Rights shall not, in each case, be deemed to materially impair the security interest).

Sufficiency of Collateral

There can be no assurance that the proceeds from the sale of the Collateral in whole or in part pursuant to the Security Documents following an Event of Default would be sufficient to satisfy payments due on the First Lien Obligations. No appraisal of the value of the Collateral has been made. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the restaurant industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral will also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described above. The Collateral was pledged pursuant to the Security Documents, which contain provisions relating to the administration, preservation and disposition of the Collateral. A significant portion of the Collateral includes assets or properties that may only be usable, and thus retain value, as part of the operations of the Issuer, and the ability to realize or foreclose on certain of the Collateral will be subject to, and limited by, the Burger King Rights. Accordingly, any sale of such Collateral separate from the sale of the operations of the Issuer may not be feasible or of significant value.

In addition, the fact that the lenders under the First Lien Obligations will receive proceeds from enforcement of the Collateral before Holders of the Notes and that other Persons may have second-priority Liens in respect of Collateral pursuant to Permitted Liens, could have a material adverse effect on the amount that Holders of the Notes would receive upon a sale or other disposition of the Collateral. There can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. If the proceeds from a sale or other disposition of the Collateral were not sufficient to repay all amounts due on the Notes, the Holders of the Notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of the Issuer and the Guarantors. See “Risk Factors —Risks Related to the Collateral and Guarantees —There may not be sufficient collateral to pay all or any of the notes, especially if we incur additional secured indebtedness ranking prior to or pari passu with the notes, which may dilute the value of the collateral securing the notes and guarantees.”

To the extent that third parties hold Liens, such third parties will have rights and remedies with respect to the assets subject to such Liens that, if exercised, could adversely affect the value of the Collateral or the ability of the Collateral Agent to realize or foreclose on the Collateral. The ability of the Collateral Agent to realize on the Collateral may be subject to certain bankruptcy law limitations in the event of a bankruptcy. In the event of foreclosure on the Collateral, the proceeds from the sale of the Collateral may not be sufficient to satisfy the Issuer's and Guarantors' obligations under the Notes, either in whole or in part.

Further Assurances; After-Acquired Collateral

The Issuer and the Guarantors shall execute any and all further documents, financing statements (including amendments and continuation statements), agreements and instruments, and take all further action that may be required under applicable law, or that the Collateral Agent may reasonably request, in order to grant, preserve, protect and perfect the validity and priority of the security interests created or intended to be created by the Security Documents in the Collateral. In addition, from time to time, the

Issuer will reasonably promptly secure the Obligations under the Indenture, Security Documents and Intercreditor Agreement by pledging or creating, or causing to be pledged or created, perfected security interests and Liens with respect to the Collateral. Such security interests and Liens will be created under the Security Documents and other security agreements, Mortgages and other instruments and documents.

Upon the acquisition by the Issuer or any Guarantor after the Issue Date of (1) any after-acquired assets, including, but not limited to, any after-acquired Real Property or any equipment or fixtures which constitute accretions, additions or technological upgrades to the equipment or fixtures or any working capital assets that, in any such case, form part of the Collateral, or (2) any replacement assets in compliance with the covenant described below under “—Repurchase at the Option of Holders—Asset Sales; Event of Loss,” the Issuer or such Guarantor shall execute and deliver, (i) with regard to any Real Property that is acquired for the purpose of serving as a restaurant, mortgages and related documentation and opinions as specified in the Indenture within 365 days of the date of acquisition, (ii) with regard to any other Real Property, mortgages and related documentation and opinions as specified in the Indenture within 180 days of the date of acquisition (or such later date as any applicable regulatory approvals have been obtained) and (iii) to the extent required by the Security Documents, any information, documentation, financing statements or other certificates as may be necessary to vest in the Collateral Agent a perfected security interest, subject only to Permitted Liens and the Burger King Rights, in such after-acquired Property (other than Excluded Property and Collateral that the Issuer or such Guarantor is not required to take actions to perfect as described under “—Security”) and to have such after-acquired Property added to the Collateral, and thereupon all provisions of the Indenture, the Security Documents and the Intercreditor Agreement relating to the Collateral shall be deemed to relate to such after-acquired Property to the same extent and with the same force and effect.

Optional Redemption

The Notes may be redeemed, in whole or in part, at any time prior to May 1, 2018, at the option of the Issuer upon not less than 30 nor more than 60 days' prior notice delivered to each Holder's registered address, at a redemption price equal to 100% of the principal amount of the Notes redeemed *plus* the Applicable Premium as of, and accrued and unpaid interest, if any, to but not including, the applicable redemption date (subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date).

In addition, the Notes are subject to redemption, at the option of the Issuer, in whole or in part, at any time on or after May 1, 2018, upon not less than 30 nor more than 60 days' notice at the redemption prices (expressed as percentages of the principal amount to be redeemed) set forth below, *plus* accrued and unpaid interest, if any, to, but not including, the redemption date (subject to the right of Holders of record on the relevant regular record date to receive interest due on an interest payment date), if redeemed during the 12-month period beginning on May 1 of the years indicated:

<u>Year</u>	<u>Redemption Price</u>
2018	104.000%
2019	102.000%
2020 and thereafter	100.000%

In addition to the optional redemption of the Notes in accordance with the provisions of the preceding paragraphs, prior to May 1, 2018, the Issuer may with the net proceeds of one or more Equity Offerings, redeem up to 35% of the aggregate principal amount of the outstanding Notes (including Additional Notes) at a redemption price equal to 108.00% of the principal amount thereof, *plus* accrued and unpaid interest thereon, if any, to but not including the date of redemption; *provided* that at least 65% of the principal amount of Notes then outstanding (including Additional Notes) remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Issuer or its Subsidiaries) and that any such redemption occurs within 90 days following the closing of any such Equity Offering.

If less than all of the Notes are to be redeemed, the Trustee will select the Notes or portions thereof to be redeemed by lot, pro rata or by any other method the Trustee shall deem appropriate (subject to The Depository Trust Company's procedures as applicable).

No Notes of \$2,000 or less shall be redeemed in part. Notices of redemption shall be mailed by first-class mail (and, to the extent permitted by applicable procedures or regulations, electronically) at least 30 days before the redemption date to each Holder of Notes to be redeemed at its registered address. Notwithstanding any of the foregoing, notices of redemption may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a satisfaction and discharge of the Indenture. If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

The Issuer and any Subsidiaries may at any time, and from time to time, purchase Notes in the open market or otherwise, subject to compliance with applicable securities laws.

The Issuer may provide in any notice delivered in connection with any such redemption that payment of the redemption price and performance of the Issuer's obligations may be performed by another Person; *provided* that the Issuer shall not be relieved of its obligations thereby.

Change of Control

Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require the Issuer to repurchase all or any part of the outstanding Notes at a purchase price (the "**Purchase Price**") in cash equal to 101% of the principal amount tendered, together with accrued interest, if any, to but not including the Purchase Date pursuant to an Offer to Purchase. For purposes of the foregoing, an Offer to Purchase shall be deemed to have been made if (i) within 60 days following the date of the consummation of a transaction or series of transactions that constitutes a Change of Control, the Issuer commences an Offer to Purchase all outstanding Notes at the Purchase Price and (ii) all Notes properly tendered pursuant to the Offer to Purchase are purchased on the terms of such offer to Purchase.

The phrase "all or substantially all," as used in the definition of "Change of Control," has not been interpreted under New York law (which is the governing law of the Indenture) to represent a specific quantitative test. As a consequence, in the event the Holders of the Notes elected to exercise their rights under the Indenture and the Issuer elects to contest such election, there could be no assurance how a court interpreting New York law would interpret such phrase. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an Offer to Purchase the Notes as described above. In addition, under a recent Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder nominated directors without endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit our board to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such dissident slate would not constitute a "Change of Control" that would trigger a Holder's right to require the Issuer to make an Offer to Purchase the Notes as described above.

The provisions of the Indenture may not afford Holders protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction affecting the Issuer that may adversely affect Holders, if such transaction is not the type of transaction included within the definition of Change of Control. A transaction involving the management of the Issuer or its Affiliates, or a transaction involving a recapitalization of the Issuer, will result in a Change of Control only if it is the type of transaction specified in such definition. The definition of Change of Control may be amended or modified with the written consent of a majority in aggregate principal amount of outstanding Notes. See "—Amendment, Supplement and Waiver."

The Issuer will be required to comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws or regulations in connection with any Offer to Purchase as described above. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will be deemed to have complied with its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

The Issuer will not be required to make an Offer to Purchase upon a Change of Control if (i) a third party makes such offer to Purchase contemporaneously with or upon a Change of Control in the manner, at the times and otherwise in compliance with the requirements of the Indenture and purchases all Notes validly tendered and not withdrawn under such Offer to Purchase or (ii) a notice of redemption has been given pursuant to the Indenture as described above under the caption "—Optional Redemption."

In addition, an Offer to Purchase may be made in advance of a Change of Control (an "**Advanced Change of Control Offer**"), conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Offer to Purchase. The Issuer will not be required to make another Offer to Purchase upon such Change of Control if an Advanced Change of Control Offer has already been made.

In the event that Holders of not less than 90% of the aggregate principal amount of the outstanding Notes accept an Offer to Purchase upon a Change of Control and the Issuer purchases all of the Notes held by such Holders, within 90 days of such purchase, the Issuer will have the right, upon not less than 30 days' nor more than 60 days' prior notice, to redeem all of the Notes that remain outstanding following such purchase at the Purchase Price plus, to the extent not included in the Purchase Price, accrued and unpaid interest on the Notes to the date of redemption (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date).

The Issuer's ability to pay cash to the Holders of Notes upon a Change of Control may be limited by the Issuer's then existing financial resources. Further, the agreements governing the Issuer's other Debt contain, and future agreements of the Issuer may contain, prohibitions of certain events, including events that would constitute a Change of Control. If the exercise by the Holders of Notes of their right to require the Issuer to repurchase the Notes upon a Change of Control occurred at the same time as a change of control event under one or more of either of the Issuer's other debt agreements, the Issuer's ability to pay cash to the Holders

of Notes upon a repurchase may be further limited by the Issuer's then existing financial resources. See "Risk Factors —Risks Related to the Notes."

Even if sufficient funds were otherwise available, the terms of the Revolving Credit Agreement (and other Debt) may prohibit the Issuer's prepayment of Notes before their scheduled maturity. Consequently, if the Issuer is not able to prepay the Revolving Credit Agreement or other Debt containing such restrictions or obtain requisite consents, the Issuer may be unable to fulfill its repurchase obligations, resulting in a default under the Indenture.

Certain Covenants

Set forth below are certain covenants contained in the Indenture. Following the first day:

- (a) the Notes have achieved Investment Grade Status; and
- (b) no Default or Event of Default has occurred and is continuing under the Indenture, then, beginning on that day and continuing until the Reversion Date (as defined below), the Issuer and its Restricted Subsidiaries will not be subject to the provisions of the Indenture summarized under the following headings (collectively, the "**Suspended Covenants** "):

- "—Limitation on Incurrence of Debt;"
- "—Limitation on Restricted Payments;"
- "—Limitation on Dividends and Other Payments Affecting Restricted Subsidiaries;"
- "—Limitation on Asset Sales;"
- "—Limitation on Transactions with Affiliates;"
- "—Additional Note Guarantees;" and
- the provisions of clause (iii) of the first paragraph of "—Consolidation, Merger, Conveyance, Transfer or Lease."

During any Suspension Period (as defined below), the Issuer may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant described below under "—Limitation on Creation of Unrestricted Subsidiaries."

If at any time the Notes cease to have such Investment Grade Status or if a Default or Event of Default occurs and is continuing, then the Suspended Covenants will thereafter be reinstated as if such covenants had never been suspended (the "**Reversion Date** ") and be applicable pursuant to the terms of the Indenture (including in connection with performing any calculation or assessment to determine compliance with the terms of the Indenture), unless and until the Notes subsequently attain Investment Grade Status and no Default or Event of Default is in existence (in which event the Suspended Covenants shall no longer be in effect for such time that the Notes maintain an Investment Grade Status and no Default or Event of Default is in existence); *provided, however*, that no Default, Event of Default or breach of any kind shall be deemed to exist under the Indenture, the Notes or the Note Guarantees with respect to the Suspended Covenants based on, and none of the Issuer or any of its Subsidiaries shall bear any liability under the Indenture or the Notes for, any actions taken or events occurring during the Suspension Period (as defined below), or any actions taken at any time pursuant to any contractual obligation entered into during the Suspension Period and not in contemplation of an impending Reversion Date, regardless of whether such actions or events would have been permitted if the applicable Suspended Covenants remained in effect during such period. The period of time between the date of suspension of the covenants and the Reversion Date is referred to as the "**Suspension Period** ." The Issuer shall notify the Trustee in writing promptly following the occurrence of events resulting in Suspended Covenants or a Reversion Date, as applicable.

On the Reversion Date, all Debt Incurred during the Suspension Period will be classified to have been Incurred pursuant to the first paragraph of "—Limitation on Incurrence of Debt" (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to the Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Debt would not be so permitted to be Incurred pursuant to the first paragraph of "—Limitation on Incurrence of Debt," such Debt will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of the definition of "Permitted Debt"; *provided*, that all Debt outstanding on the Reversion Date under the Credit Facility shall be deemed incurred or issued pursuant to clause (i) of the definition of "Permitted Debt" (up to the maximum amount of such Debt that would be permitted to be incurred thereunder as of the Reversion Date and after giving effect to Debt incurred prior to the Suspension Period and outstanding on the Reversion Date). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under "—Limitation on Restricted Payments" will be made as though the covenants described under "—Limitation on Restricted Payments" had been in effect since the Issue Date and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under the first paragraph of "—Limitation on Restricted Payments." During the Suspension Period, any future obligation to grant further Note Guarantees shall be suspended. All such further obligation to grant Note Guarantees shall be reinstated upon the Reversion Date.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Status.

Limitation on Incurrence of Debt

The Issuer will not, and will not permit any of the Restricted Subsidiaries to, incur any Debt (including Acquired Debt); *provided* that the Issuer and any of the Restricted Subsidiaries may incur Debt (including Acquired Debt) if, immediately after giving effect to the Incurrence of such Debt and the receipt and application of the proceeds therefrom, (a) the Consolidated Fixed Charge Coverage Ratio of the Issuer and its Restricted Subsidiaries would be greater than 2.0:1.0 and (b) no Default or Event of Default shall have occurred and be continuing at the time or as a consequence of the Incurrence of such Debt; *provided further* that the aggregate principal amount of Debt that may be Incurred by Restricted Subsidiaries that are not Guarantors pursuant to this paragraph may not exceed \$10.0 million in the aggregate.

Notwithstanding the first paragraph above, the Issuer and the Restricted Subsidiaries may incur "Permitted Debt" as follows:

(i) Debt incurred pursuant to, and the issuance or creation of letters of credit and bankers' acceptances under or in connection with (with letters of credit and bankers' acceptances being deemed to have a principal amount equal to the maximum potential liability of the Issuer and its Restricted Subsidiaries thereunder), any Credit Facility in an aggregate principal amount outstanding under this clause (i) at any time not to exceed the greater of (x) \$55.0 million and (y) 75% of Consolidated EBITDA of the Issuer and its Restricted Subsidiaries for the Four-Quarter Period most recently ended prior to the date of such Incurrence; *provided* that with respect to any revolving credit commitments under any Credit Facility, any Debt thereunder will be deemed to be Incurred on the date the Issuer obtains such revolving credit commitments for the purposes of this clause (i) regardless of when any borrowings, repayments or reborrowings under such commitments are made;

(ii) Debt outstanding under the Notes (excluding the 2017 Notes and any other Additional Notes) and Guarantees of the Notes and contribution, indemnification and reimbursement obligations owed by the Issuer or any Guarantor to any of the other of them in respect of amounts paid or payable on such Notes;

(iii) Debt of the Issuer or any Restricted Subsidiary outstanding at the time of the Issue Date (other than clauses (i) or (ii) above);

(iv) Debt Incurred following the Issue Date that is owed to and held by the Issuer or a Restricted Subsidiary; *provided* that if such Debt is owed by the Issuer or a Guarantor to a Restricted Subsidiary that is not a Guarantor, such Debt shall be subordinated to the prior payment in full of the Obligations;

(v) Guarantees Incurred by the Issuer or a Restricted Subsidiary of Debt or of other obligations of the Issuer or a Restricted Subsidiary; *provided* that (a) such Debt is Permitted Debt or is otherwise Incurred in accordance with the covenant described under "—Certain Covenants —Limitation on Incurrence of Debt" and (b) such Guarantees are subordinated to the Notes to the same extent as the Debt being guaranteed;

(vi) Debt Incurred in respect of workers' compensation claims, self-insurance obligations, indemnity, bid, performance, warranty, release, appeal, surety and similar bonds, letters of credit for operating purposes and completion guarantees provided or Incurred (including Guarantees thereof) by the Issuer or a Restricted Subsidiary in the ordinary course of business;

(vii) Debt under Hedging Obligations entered into to manage fluctuations in interest rates, commodity prices and currency exchange rates (and not for speculative purposes);

(viii) Debt of the Issuer or any Restricted Subsidiary pursuant to Capital Lease Obligations and Purchase Money Debt; *provided* that the aggregate principal amount of such Debt outstanding at any time under this clause (viii) may not exceed \$20.0 million in the aggregate;

(ix) the issuance by any of the Restricted Subsidiaries to the Issuer or to any of the Restricted Subsidiaries of shares of preferred stock; *provided*, *however*, that:

(a) any subsequent issuance or transfer of Capital Interests that results in any such preferred stock being held by a Person other than the Issuer or Restricted Subsidiaries; and

(b) any sale or other transfer of any such preferred stock to a Person that is not either the Issuer or a Restricted Subsidiary;

shall be deemed, in each case, to constitute an issuance of such preferred stock by such Restricted Subsidiary that was not permitted by this clause (ix);

(x) Debt arising from (x) customary cash management services and automated clearing house transactions, (y) any Bank Product or (z) the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business; *provided*, *however*, that any such Debt Incurred pursuant to clause (z) is extinguished within five business days of the Incurrence;

(xi) Debt of the Issuer or any Restricted Subsidiary not otherwise permitted pursuant to this definition, in an aggregate principal amount not to exceed \$15.0 million at any time outstanding;

(xii) Debt of a Person incurred and outstanding on or prior to the date on which such Person was acquired by the Issuer or any Restricted Subsidiary or consolidated or merged with or into the Issuer or a Restricted Subsidiary in accordance with the terms of the Indenture; *provided* that such Debt is not incurred in connection with or in contemplation of, or to provide all or any portion of the funds or credit support utilized to consummate, such acquisition or merger; and *provided, further*, that after giving pro forma effect to such incurrence of Debt and such acquisition, consolidation or merger (i) the Issuer would have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph under “- Certain Covenants - Limitation on Incurrence of Debt” or (ii) the Consolidated Fixed Charge Coverage Ratio of the Issuer would on a pro forma basis at least be equal to the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction;

(xiii) Refinancing Debt in respect of any Debt permitted by clauses (ii), (iii) and (xii) above, this clause (xiii) or Debt Incurred in accordance with the first paragraph under “—Certain Covenants —Limitation on Incurrence of Debt”;

(xiv) Debt of the Issuer or any Restricted Subsidiary consisting of take-or-pay obligations contained in supply arrangements in the ordinary course of business; and

(xv) Debt consisting of Debt issued by the Issuer or any of its Restricted Subsidiaries to current or former officers, directors, employees and consultants thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent pursuant to clause (iv) of the second paragraph under the caption “—Limitation on Restricted Payments.”

For purposes of determining compliance with this covenant, (x) the outstanding principal amount of any Debt shall be counted only once such that (without limitation) any obligation arising under any Guarantees or obligations with respect to letters of credit supporting Debt otherwise included in the determination of such particular amount shall not be included and (y) except as provided above, in the event that an item of Debt meets the criteria of more than one of the types of Debt described above, including categories of Permitted Debt and the first paragraph of this covenant, the Issuer, in its sole discretion, shall classify, and from time to time may reclassify, all or any portion of such item of Debt.

The accrual of interest, the accretion or amortization of original issue discount and the payment of interest on Debt in the forms of additional Debt or payment of dividends on Capital Interests in the forms of additional shares of Capital Interests with the same terms and change in the amount outstanding due solely to the result of fluctuations in the exchange rates of currencies will not be deemed to be an Incurrence of Debt or issuance of Capital Interests for purposes of this covenant.

Notwithstanding anything to the contrary herein, the maximum amount of Debt that may be outstanding pursuant to the “Limitation on Incurrence of Debt” covenant will not be deemed exceeded due to the results of fluctuations in exchange rates or currency values. For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred.

None of the Issuer and Guarantors will Incur any Debt that pursuant to its terms is subordinate or junior in right of payment to any Debt unless such Debt is subordinated in right of payment to the Notes and the Note Guarantees to the same extent; *provided* that Debt will not be considered subordinate or junior in right of payment to any other Debt solely by virtue of being unsecured or secured to a greater or lesser extent or with greater or lower priority.

Limitation on Restricted Payments

The Issuer will not, and will not permit any of the Restricted Subsidiaries to, directly or indirectly, make any Restricted Payment unless, at the time of the proposed Restricted Payment:

- (a) no Event of Default shall have occurred and be continuing or will occur as a consequence thereof;
- (b) after giving effect to such Restricted Payment, the Issuer would be permitted to Incur at least \$1.00 of additional Debt (other than Permitted Debt) pursuant to the provisions described in the first paragraph under the “Limitation on Incurrence of Debt” covenant; and
- (c) after giving effect to such Restricted Payment, the aggregate amount expended or declared for all Restricted Payments made on or after May 30, 2012 (excluding Restricted Payments permitted by clauses (ii), (iii), (iv), (v), (vi), (vii), (viii), (ix) and (x) of the next succeeding paragraph), shall not exceed the sum (without duplication) of
 - (1) 50% of the Consolidated Net Income (or if Consolidated Net Income shall be a deficit, 100% of such deficit) of the Issuer and its Restricted Subsidiaries for the period (taken as one accounting period) from July 2, 2012 to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, *plus*
 - (2) 100% of the aggregate Net Cash Proceeds received by the Issuer subsequent to May 30, 2012 either (i) as a contribution to its common equity capital or (ii) from the issuance and sale (other than to a Restricted Subsidiary) of its Qualified Capital Interests, including Qualified Capital Interests issued upon the conversion of Debt or

Redeemable Capital Interests of the Issuer, and from the exercise of options, warrants or other rights to purchase such Qualified Capital Interests (other than, in each case, Capital Interests or Debt sold to a Subsidiary of the Issuer), *plus*

(3) 100% of the amount by which Debt of the Issuer is reduced on the Issuer's consolidated balance sheet upon the conversion or exchange (other than by a Subsidiary of the Issuer) subsequent to May 30, 2012 of any Debt for Qualified Capital Interests of the Issuer (less the amount of any cash, or the fair value of any other property, distributed by the Issuer upon such conversion or exchange), *plus*

(4) 100% of the net reduction in Investments (other than Permitted Investments), subsequent to May 30, 2012, in any Person, resulting from (x) payments of interest on Debt, dividends, distributions, redemption, repurchases, repayments of loans or advances, or other transfers of assets (but only to the extent such interest, dividends, distributions, redemptions, repurchases, repayments or other transfers were made in (i) cash or (ii) assets (valued at Fair Market Value) other than cash (other than pay-in-kind dividends or interest)), in each case to the Issuer or any Restricted Subsidiary from any Person (including, without limitation, an Unrestricted Subsidiary), (y) the sale or other disposition (other than to the Issuer or a Restricted Subsidiary) thereof made by the Issuer and the Restricted Subsidiaries or (z) the redesignation of any Unrestricted Subsidiary as a Restricted Subsidiary, in each case, not to exceed in the case of any Person the amount of Investments (other than Permitted Investments) previously made by the Issuer or any Restricted Subsidiary in such Person.

As of April 2, 2017, the amount available to make Restricted Payments pursuant to this paragraph would have been approximately \$60.83 million.

Notwithstanding the foregoing provisions, the Issuer and the Restricted Subsidiaries may take the following actions; *provided* that, in the cases of clauses (iv) and (x) below, no Event of Default has occurred and is continuing unless, in the case of clause (iv), the Issuer or any Restricted Subsidiary is contractually required to make a payment as described in such clause (iv):

(i) the payment of any dividend or other distribution or the consummation of any irrevocable redemption on Capital Interests in the Issuer or a Restricted Subsidiary within 60 days after declaration or setting the record date for redemption thereof, as applicable, if at such date such payment would not have been prohibited by the foregoing provisions of this covenant;

(ii) the retirement of any Capital Interests of the Issuer by conversion into, or by or in exchange for, Qualified Capital Interests, or out of net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of the Issuer) of other Qualified Capital Interests of the Issuer;

(iii) the redemption, defeasance, repurchase or acquisition or retirement for value of any Debt of the Issuer or a Guarantor that is subordinate in right of payment to the Notes or the applicable Note Guarantee out of the net cash proceeds of a substantially concurrent issue and sale (other than to a Subsidiary of the Issuer) subsequent to May 30, 2012 of (x) new Refinancing Debt Incurred in accordance with the Indenture or (y) of Qualified Capital Interests of the Issuer;

(iv) the purchase, redemption, retirement or other acquisition for value of Capital Interests in the Issuer held by employees, officers or directors or by former employees, officers or directors of the Issuer or any Restricted Subsidiary (or their estates or beneficiaries under their estates) upon death, disability, retirement or termination of employment; *provided* that the aggregate consideration paid for such purchase, redemption, retirement or other acquisition of such Capital Interests does not exceed the sum of (A) \$2.5 million in any fiscal year (*provided* that if less than \$2.5 million is used for such purposes in any fiscal year, any unused amounts may be carried forward for use in one or more future periods; *provided*, *further*, that the aggregate amount of repurchases made pursuant to this clause (iv) (A) may not exceed \$5.0 million in any fiscal year); *plus* (B) the cash proceeds of key man life insurance policies received by the Issuer and its Restricted Subsidiaries after May 30, 2012 (it being understood that the Issuer may elect to apply all or any portion of the aggregate increase contemplated by this clause (B) in any calendar year);

(v) repurchase of Capital Interests in the Issuer deemed to occur upon the exercise of stock options, warrants or other convertible or exchangeable securities to the extent such Capital Interests represent a portion of the exercise price of those stock options, warrants or other convertible or exchangeable securities or repurchase of such Capital Interests to the extent the proceeds of such repurchase are used to pay taxes incurred by the holder thereof as a result of the issuance or grant thereof;

(vi) the prepayment of intercompany Debt, the Incurrence of which was permitted pursuant to the covenant described under “—Limitation on Incurrence of Debt”;

(vii) cash payment, in lieu of issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for the Capital Interests of the Issuer or a Restricted Subsidiary;

(viii) the declaration and payment of dividends to holders of any class or series of Redeemable Capital Interests of the Issuer or any Restricted Subsidiary issued or Incurred in compliance with the covenant described above under “—Limitation on Incurrence of Debt”;

(ix) upon the occurrence of a Change of Control or an Asset Sale, the defeasance, redemption, repurchase or other acquisition of any subordinated Debt pursuant to provisions substantially similar to those described under “—Change of Control” and “—Limitation on Asset Sales” in accordance with the terms of such subordinated Debt; *provided* that prior to or contemporaneously with such defeasance, redemption, repurchase or other acquisition, the Issuer has made an Offer to Purchase with respect to the Notes and has repurchased all Notes validly tendered for payment and not withdrawn in connection therewith; and

(x) other Restricted Payments in an aggregate amount since the Issue Date not in excess of \$20.0 million.

For purposes of the covenant described above, if any Investment or Restricted Payment would be permitted pursuant to one or more provisions described above and/or one or more of the exceptions contained in the definition of “Permitted Investments,” the Issuer may classify such Investment or Restricted Payment in any manner that complies with this covenant and may later reclassify any such Investment or Restricted Payment so long as the Investment or Restricted Payment (as so reclassified) would be permitted to be made in reliance on the applicable exception as of the date of such reclassification.

If any Person in which an Investment is made, which Investment constitutes a Restricted Payment when made, thereafter becomes a Restricted Subsidiary in accordance with the Indenture, all such Investments previously made in such Person shall no longer be counted as Restricted Payments for purposes of calculating the aggregate amount of Restricted Payments pursuant to clause (c) of the first paragraph under this covenant, or clause (x) above, in each case to the extent such Investments would otherwise be so counted.

If the Issuer or a Restricted Subsidiary transfers, conveys, sells, leases or otherwise disposes of an Investment in accordance with the covenant described under “—Limitation on Asset Sales,” which investment was originally included in the aggregate amount expended or declared for all Restricted Payments pursuant to clause (c) of the first paragraph under this covenant, the aggregate amount expended or declared for all Restricted Payments shall be reduced by the lesser of (i) the Net Cash Proceeds from the transfer, conveyance, sale, lease or other disposition of such Investment or (ii) the amount of the original Investment, in each case, to the extent originally included in the aggregate amount expended or declared for all Restricted Payments pursuant to clause (c) of the first paragraph under this covenant.

For purposes of this covenant, if a particular Restricted Payment involves a non-cash payment, including a distribution of assets, then such Restricted Payment shall be deemed to be an amount equal to the cash portion of such Restricted Payment, if any, plus an amount equal to the Fair Market Value of the non-cash portion of such Restricted Payment.

Limitation on Liens

The Issuer will not, and will not permit any of the Restricted Subsidiaries, directly or indirectly, to, enter into, create, incur, assume or suffer to exist any Liens of any kind, on or with respect to the Collateral except Permitted Collateral Liens. Subject to the immediately preceding sentence, the Issuer will not, and will not permit any of the Restricted Subsidiaries, directly or indirectly, to enter into, create, incur, assume or suffer to exist any Liens of any kind, other than Permitted Liens, on or with respect to any of its property or assets now owned or hereafter acquired or any interest therein or any income or profits therefrom other than the Collateral without securing the Notes and all other amounts due under the Indenture and the Security Documents (for so long as such Lien exists) equally and ratably with (or prior to) the obligation or liability secured by such Lien.

Limitation on Dividends and Other Payments Affecting Restricted Subsidiaries

The Issuer will not, and will not permit any of the Restricted Subsidiaries to, directly or indirectly, cause or suffer to exist or become effective or enter into any encumbrance or restriction (other than pursuant to the Indenture, law, rules or regulation) on the ability of any Restricted Subsidiary to (i) pay dividends or make any other distributions on its Capital Interests owned by any of the Issuer or Restricted Subsidiaries or pay any Debt or other obligation owed to any of the Issuer or Restricted Subsidiaries, (ii) make loans or advances to any of the Issuer or Restricted Subsidiaries thereof or (iii) transfer any of its property or assets to the Issuer or any Restricted Subsidiaries.

However, the preceding restrictions will not apply to the following encumbrances or restrictions existing under or by reason of:

(a) any encumbrance or restriction in existence on the Issue Date and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings, in the good faith judgment of the Issuer, are not materially more restrictive, taken as a whole, with respect to such dividend or other payment restrictions than those contained in these agreements on the Issue Date or refinancings thereof;

(b) any encumbrance or restriction pursuant to an agreement relating to an acquisition of property, so long as the encumbrances or restrictions in any such agreement relate solely to the property so acquired (and are not or were not created in anticipation of the acquisition thereof by the Issuer or a Restricted Subsidiary);

(c) any encumbrance or restriction which exists with respect to a Person that becomes a Restricted Subsidiary after the Issue Date, which is in existence at the time such Person becomes a Restricted Subsidiary, but not created in connection with or in anticipation of such Person becoming a Restricted Subsidiary; and which is not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person becoming a Restricted Subsidiary;

(d) any encumbrance or restriction pursuant to an agreement effecting a permitted renewal, refunding, replacement, refinancing or extension of Debt issued pursuant to an agreement containing any encumbrance or restriction referred to in the foregoing clauses (a) through (c), so long as the encumbrances and restrictions contained in any such refinancing agreement are no less favorable in any material respect to the Holders than the encumbrances and restrictions contained in the agreements governing the Debt being renewed, refunded, replaced, refinanced or extended in the good faith judgment of the Board of Directors of the Issuer;

(e) customary provisions restricting subletting or assignment of any lease, contract, or license of the Issuer or any Restricted Subsidiary or provisions in agreements that restrict the assignment of such agreement or any rights thereunder;

(f) any restriction on the sale or other disposition of assets or property securing Debt as a result of a Permitted Lien on such assets or property;

(g) any encumbrance or restriction by reason of applicable law, rule, regulation or order;

(h) any encumbrance or restriction under the Indenture, the Notes and the Note Guarantees;

(i) restrictions on cash and other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(j) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business;

(k) any instrument governing Debt or Capital Interests of a Person acquired by the Issuer or any of the Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Debt or Capital Interests was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired;

(l) Liens securing Debt otherwise permitted to be incurred under the Indenture, including the provisions of the covenant described above under the caption “—Limitation on Liens” that limit the right of the debtor to dispose of the assets subject to such Liens;

(m) provisions of the Credit Facility as in effect on the Issue Date and provisions of any other Credit Facility that, as determined by management of the Issuer in its reasonable and good faith judgment, (i) will not materially impair the Issuer's ability to make payments required under the Notes and (ii) are not materially more restrictive, taken as a whole, than the provisions under the Credit Facility as in effect on the Issue Date;

(n) provisions of any agreement evidencing Debt incurred pursuant to the covenant described above under “— Limitation on Incurrence of Debt” that, as determined by management of the Issuer in its reasonable and good faith judgment, (i) will not materially impair the Issuer's ability to make payments required under the Notes and (ii) are not materially more restrictive, taken as a whole, than customary for financings of this type; and

(o) solely with respect to clause (iii) above, encumbrances and restrictions under the Franchise Agreements (including, without limitation, the Burger King Rights) and in leases and subleases of restaurant locations entered into by the Issuer or any of its Subsidiaries with Burger King Corporation, in each case, in the ordinary course of business.

Limitation on Asset Sales

(a) The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly consummate an Asset Sale, unless:

(1) other than in the case of an Event of Loss, the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of;

(2) other than in the case of an Event of Loss, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash, Eligible Cash Equivalents or Additional Assets (as defined below);

(3) to the extent that any consideration received by the Issuer or a Restricted Subsidiary in such Asset Sale constitute securities or other assets that constitute Collateral, such securities or other assets, including the assets of any Person that becomes a Guarantor as a result of such transaction, are promptly following their acquisition added to the Collateral securing the Notes; and

(4) no Default or Event of Default shall have occurred and be continuing at the time of, or would occur after giving effect, on a pro forma basis, to, such Asset Sale.

Within 365 days after the Issuer's or a Restricted Subsidiary's receipt of the Net Cash Proceeds of any Asset Sale covered by this clause (a) (or within 540 days of receipt if a binding commitment to reinvest is entered into within 365 days of receipt), the Issuer or such Restricted Subsidiary, at its option, may apply the Net Cash Proceeds from such Asset Sale:

(i) to prepay, repay or otherwise purchase First Lien Obligations; *provided, however*, that in connection with any prepayment, repayment or purchase of Debt pursuant to this clause (i), the Issuer or such Restricted Subsidiary shall permanently retire such Debt and shall cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased;

(ii) to make one or more offers to the holders of the Notes (and, at the option of the Issuer, the holders of Permitted Additional Pari Passu Obligations) to purchase Notes (and such Permitted Additional Pari Passu Obligations) pursuant to and subject to the conditions contained in the Indenture (each, an "**Asset Sale Offer**"); *provided, however*, that in connection with any prepayment, repayment or purchase of Debt pursuant to this clause (ii), the Issuer or such Restricted Subsidiary shall permanently retire such Debt and shall cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased; *provided further* that if the Issuer or such Restricted Subsidiary shall so reduce any Permitted Additional Pari Passu Obligations, the Issuer will equally and ratably reduce Debt under the Notes by making an offer to all Holders of Notes to purchase at a purchase price equal to 100% of the principal amount thereof, *plus* accrued and unpaid interest, the pro rata principal amount of the Notes, such offer to be conducted in accordance with the procedures set forth below for an Asset Sale Offer but without any further limitation in amount; or

(iii) to an investment in (a) any one or more businesses; *provided* that such investment in any business is in the form of the acquisition of Capital Interests and results in the Issuer or a Restricted Subsidiary, as the case may be, owning an amount of the Capital Interests of such business such that it constitutes a Restricted Subsidiary, (b) properties, (c) capital expenditures or (d) other assets that, in each of (a), (b), (c) and (d), replace the businesses, properties and assets that are the subject of such Asset Sale or are used or useful in a Permitted Business (clauses (a), (b), (c) and (d) together, the "**Additional Assets**"); *provided* that to the extent that the assets that were subject to the Asset Sale constituted Collateral, such Additional Assets shall also constitute Collateral; *provided, further*, that the Issuer or such Restricted Subsidiary, as the case may be, promptly takes such action (if any) as may be required to cause that portion of such investment constituting Collateral to be added to the Collateral securing the Notes.

Any Net Cash Proceeds from the Asset Sales covered by this clause (a) that are not invested or applied as provided and within the time period set forth in the preceding paragraph will be deemed to constitute "**Excess Proceeds**." Within 15 business days after the aggregate amount of Excess Proceeds exceeds \$20.0 million, the Issuer shall make an Asset Sale Offer to all holders of the Notes, and, if required by the terms of any Permitted Additional Pari Passu Obligations, to the holders of such Permitted Additional Pari Passu Obligations, to purchase the maximum principal amount of Notes and such Permitted Additional Pari Passu Obligations that is \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, *plus* accrued and unpaid interest to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. To the extent that the aggregate amount of Notes and such Permitted Additional Pari Passu Obligations tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes or the Permitted Additional Pari Passu Obligations surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Issuer shall select the Notes and such Permitted Additional Pari Passu Obligations to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Permitted Additional Pari Passu Obligations tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. After the Issuer or any Restricted Subsidiary has applied the Net Cash Proceeds from any Asset Sale of any Collateral as provided in, and within the time periods required by, this paragraph (a), the balance of such Net Cash Proceeds, if any, from such Asset Sale of Collateral shall be released by the Collateral Agent to the Issuer or such Restricted Subsidiary for use by the Issuer or such Restricted Subsidiary for any purpose not prohibited by the terms of the Indenture.

(b) For purposes of this covenant, the following are deemed to be cash or Eligible Cash Equivalents:

(1) any liabilities (as shown on the Issuer's, or such Restricted Subsidiary's, most recent balance sheet or in the notes thereto) of the Issuer or any Restricted Subsidiary that are assumed by the transferee of any such assets and for which the Issuer and all Restricted Subsidiaries have been validly released by all creditors in writing;

(2) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale; and

(3) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in the Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (3) that is at that time outstanding, not in excess of \$5.0 million at the time of receipt of such outstanding Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value).

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Offer to Purchase. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

Limitation on Transactions with Affiliates

The Issuer will not, and will not permit any of the Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of related transactions, contract, agreement, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuer (each of the foregoing, an “***Affiliate Transaction***”), unless:

(i) such Affiliate Transaction is on terms that are not materially less favorable to the Issuer, taken as a whole, or the relevant Restricted Subsidiary than those that could reasonably have been obtained in a comparable arm's-length transaction by the Issuer or such Restricted Subsidiary with an unaffiliated party; and

(ii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, the Issuer delivers to the Trustee a resolution adopted in good faith by the majority of the Board of Directors of the Issuer approving such Affiliate Transaction and set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with clause (i) above.

The foregoing limitation does not limit, and shall not apply to:

(1) Restricted Payments that are permitted by the provisions of the Indenture described above under “—Limitation on Restricted Payments” or Permitted Investments;

(2) the payment of reasonable and customary fees and indemnities to members of the Board of Directors of the Issuer or a Restricted Subsidiary;

(3) the payment (and any agreement, plan or arrangement relating thereto) of reasonable and customary compensation and other benefits (including retirement, health, option, deferred compensation and other benefit plans) and indemnities to officers and employees of the Issuer or any Restricted Subsidiary;

(4) transactions between or among the Issuer and/or the Restricted Subsidiaries;

(5) the issuance of Capital Interests (other than Redeemable Capital Interests) of the Issuer otherwise permitted hereunder and the granting of registration and other customary rights in connection therewith;

(6) any agreement or arrangement as in effect on the Issue Date and any amendment, extension or modification thereto so long as such amendment, extension or modification is not more disadvantageous to the Holders of the Notes in any material respect;

(7) any agreement between any Person and an Affiliate of such Person existing at the time such Person is acquired by or merged into the Issuer or a Restricted Subsidiary; *provided* that such agreement was not entered into in contemplation of such acquisition or merger, or any amendment thereto (so long as any such amendment is not disadvantageous to the Holders in the good faith judgment of the board of directors of the Issuer when taken as a whole as compared to the applicable agreement as in effect on the date of such acquisition or merger);

(8) transactions in which the Issuer delivers to the Trustee a written opinion from a nationally recognized investment banking, accounting or appraisal firm (an “Independent Financial Advisor”) to the effect that the transaction is fair, from a financial point of view, to the Issuer and any relevant Restricted Subsidiaries;

(9) any contribution of capital to the Issuer;

(10) the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of its obligations under the terms of, any stockholders agreement (including any registration rights agreement) to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter; *provided, however*, that the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of obligations under, any future amendment to any such

existing agreement or any similar agreement entered into after the Issue Date shall only be permitted by this clause (10) to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous in any material respect to the Holders when taken as a whole as compared to the original agreement in effect on the Issue Date;

(11) transactions with Burger King Corporation in the ordinary course of business and otherwise in compliance with the terms of the Indenture which, in the good faith determination of the Issuer, are fair to the Issuer and its Restricted Subsidiaries or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party; and

(12) the payment of all fees and expenses related to the Transactions.

Provision of Financial Information

Whether or not required by the Commission, so long as any Notes are outstanding, the Issuer will furnish without cost to the Trustee and the Holders of Notes, or file electronically with the Commission through the Commission's Electronic Data Gathering, Analysis and Retrieval System (or any successor system), within 15 days after the time periods specified in the Commission's rules and regulations:

(1) all quarterly and annual reports, including financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuer were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuer's certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuer were required to file such reports.

Notwithstanding the foregoing, (a) the Issuer may satisfy its obligations to deliver the information and reports referred to in clauses (1) and (2) above by filing the same with the Commission for public availability within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing) and make such information available to prospective investors (b) unless required by the rules and regulations of the Commission, no certifications or attestations concerning disclosure controls and procedures or internal controls, and no certifications, that would otherwise be required pursuant to the Sarbanes-Oxley Act of 2002 will be required at any time when it would not otherwise be subject to such statute and (c) nothing contained in the Indenture shall otherwise require the Issuer to comply with the terms of the Sarbanes-Oxley Act of 2002 at any time when it would not otherwise be subject to such statute. In addition, the Issuer and the Guarantors have agreed that, for so long as any Notes remain outstanding, they will furnish to the Holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

If the Issuer has designated any of its Subsidiaries as Unrestricted Subsidiaries, then, to the extent such Unrestricted Subsidiaries constitute in the aggregate in excess of either 5.0% of the Issuer's Consolidated Net Tangible Assets or 5.0% of the Issuer's consolidated revenues, the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in "Management's Discussion and Analysis of Financial Condition and Results of Operations," of the financial condition and results of operations of the Issuer and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Issuer.

Additional Note Guarantees

After the Issue Date, the Issuer will cause each of the Restricted Subsidiaries (other than (x) any Foreign Subsidiary and (y) any Restricted Subsidiary that is prohibited by law from guaranteeing the Notes or that would experience adverse regulatory consequences as a result of providing a guarantee of the Notes (so long as, in the case of this clause (y), such Restricted Subsidiary has not provided a guarantee of any other Debt of the Issuer or any of the Guarantors)) to guarantee the Notes and the Issuer's other obligations under the Indenture.

Each Note Guarantee by a Guarantor will be limited to an amount not to exceed the maximum amount that can be guaranteed by that Restricted Subsidiary without rendering the Guarantee, as it relates to such Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. See "Risk Factors — Risks Related to the Notes — A court could deem the issuance of the notes or the guarantees to be a fraudulent conveyance and void all or a portion of the obligations represented by the notes or the guarantees." The Obligations under the Notes, the Note Guarantees and the Indenture and any Permitted Additional Pari Passu Obligations of any Person that is or becomes a Guarantor after the Issue Date will be secured equally and ratably by a Lien in the Collateral granted to the Collateral Agent for the benefit of the Holders of the Notes and the holders of Permitted Additional Pari Passu Obligations. Such Guarantor will within thirty (30) days of becoming such Restricted Subsidiary enter into a joinder agreement to the applicable Security Documents or new Security Documents defining the terms of the security interests that secure payment and performance when due of the Notes and take all actions advisable in the opinion of the Issuer, as set forth in an Officers' Certificate accompanied by an opinion of counsel of the Issuer delivered to the Trustee and Collateral Agent, to cause the Liens created by the Security Documents to be duly

perfected to the extent required by such documents in accordance with all applicable law, including the filing of financing statements in the jurisdictions of incorporation or formation of the Issuer and the Guarantors. The Note Guarantees will be released as set forth under “—Guarantees.”

Limitation on Creation of Unrestricted Subsidiaries

The Issuer may designate any Subsidiary of the Issuer to be an “Unrestricted Subsidiary” as provided below, in which event such Subsidiary and each other Person that is a Subsidiary of such Subsidiary will be deemed to be an Unrestricted Subsidiary.

The Issuer may designate any Subsidiary (including any newly formed or newly acquired Subsidiary) of the Issuer as an Unrestricted Subsidiary under the Indenture (a “**Designation**”) only if:

- (1) no Default shall be continuing after giving effect to such Designation; and
- (2) the Issuer would be permitted to make, at the time of such Designation, (i) a Permitted Investment or (ii) an Investment pursuant to the first paragraph of “—Limitations on Restricted Payments” above, in either case, in an amount (the “**Designation Amount**”) equal to the Fair Market Value of the Issuer's proportionate interest in such Subsidiary on such date.

No Subsidiary shall be Designated as an Unrestricted Subsidiary unless such Subsidiary:

- (1) to the extent the Debt of the Subsidiary is not Non-Recourse Debt, any guarantee or other credit support thereof by the Issuer or a Restricted Subsidiary is permitted under the covenant described under “—Limitation on Incurrence of Debt”; and
- (2) is a Person with respect to which neither the Issuer nor any Restricted Subsidiary has any direct or indirect obligation (a) to subscribe for additional Capital Interests or (b) to maintain or preserve the Person's financial condition or to cause the Person to achieve any specified levels of operating results, unless such obligation is a Permitted Investment or is otherwise permitted under the covenant described under “—Limitation on Restricted Payments.”

If, at any time, any Unrestricted Subsidiary fails to meet the preceding requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Debt of the Subsidiary and any Liens on assets of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary as of the date and, if the Debt is not permitted to be incurred under the covenant described under “—Limitation on Incurrence of Debt,” or the Lien is not permitted under the covenant described under “—Limitation on Liens,” the Issuer shall be in default of the applicable covenant.

An Unrestricted Subsidiary may be designated as a Restricted Subsidiary if (i) all the Debt of such Unrestricted Subsidiary could be Incurred under the covenant described under “—Certain Covenants—Limitation on Incurrence of Debt” and (ii) all the Liens on the property and assets of such Unrestricted Subsidiary could be incurred pursuant to the covenant described under “—Limitation on Liens.”

All Designations must be evidenced by an Officers' Certificate delivered to the Trustee certifying compliance with the foregoing provisions.

Consolidation, Merger, Conveyance, Transfer or Lease

The Issuer will not, in any transaction or series of transactions, consolidate with or merge into any other Person (other than a merger of a Restricted Subsidiary into the Issuer in which the Issuer is the continuing Person), or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of the assets of the Issuer and its Subsidiaries (determined on a consolidated basis), taken as a whole, to any other Person, unless:

- (i) either: (a) the Issuer shall be the continuing Person or (b) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged, or the Person that acquires, by sale, assignment, conveyance, transfer, lease or other disposition, all or substantially all of the property and assets of the Issuer (such Person, the “**Surviving Entity**”), (1) shall be a corporation organized and validly existing under the laws of the United States, any political subdivision thereof or any state thereof or the District of Columbia, (2) shall expressly assume, by a supplemental indenture, the due and punctual payment of all amounts due in respect of the principal of (and premium, if any) and interest on all the Notes and the performance of the covenants and obligations of the Issuer under the Indenture and (3) shall expressly assume the due and punctual performance of the covenants and obligations of the Issuer under the Security Documents; *provided, however*, that the Issuer may not consolidate or merge with or into any Person other than a corporation satisfying such requirement;
- (ii) immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Debt Incurred in connection with or in respect of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing or would result therefrom;
- (iii) in the case of a transaction involving the Issuer, immediately after giving effect to any such transaction or series of transactions on a pro forma basis (including, without limitation, any Debt Incurred or anticipated to be Incurred in connection with or in respect of such transaction or series of transactions) as if such transaction or series of transactions had

occurred on the first day of the determination period, the Issuer (or the Surviving Entity if the Issuer is not the continuing Person), (x) could Incur \$1.00 of additional Debt (other than Permitted Debt) under the first paragraph of the covenant described under “—Limitation on Incurrence of Debt” or (y) would have a Consolidated Fixed Charge Coverage Ratio on a pro forma basis that is at least equal to the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction;

(iv) the Issuer delivers, or causes to be delivered, to the Trustee, an Officers' Certificate and an opinion of counsel, each stating that such consolidation, merger, sale, conveyance, assignment, transfer, lease or other disposition complies with the requirements of the Indenture;

(v) the Surviving Entity causes such amendments, supplements or other instruments to be executed, delivered, filed and recorded, as applicable, in such jurisdictions as may be required by applicable law to preserve and protect the Lien of the Security Documents on the Collateral owned by or transferred to the Surviving Entity;

(vi) the Collateral owned by or transferred to the Surviving Entity shall (a) continue to constitute Collateral under the Indenture and the Security Documents, (b) be subject to the Lien in favor of the Collateral Agent for the benefit of the Trustee and the Holders of the Notes and (c) not be subject to any Lien other than Permitted Collateral Liens; and

(vii) the property and assets of the Person which is merged or consolidated with or into the Surviving Entity, to the extent that they are property or assets of the types which would constitute Collateral under the Security Documents, shall be treated as after-acquired property and the Surviving Entity shall take such action as may be reasonably necessary to cause such property and assets to be made subject to the Lien of the Security Documents in the manner and to the extent required in the Indenture.

The preceding clause (iii) will not prohibit:

(a) a merger between the Issuer and a Restricted Subsidiary; or

(b) a merger between the Issuer and an Affiliate incorporated solely for the purpose of converting the Issuer into a corporation organized under the laws of the United States or any political subdivision or state thereof; so long as, in each case, the amount of Debt of the Issuer and the Restricted Subsidiaries is not increased thereby, except for Debt incurred in the ordinary course of business to pay fees, expenses and other costs associated with such transaction.

No Guarantor may sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person other than the Issuer or a Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either (a) the Person acquiring the property in any such sale or disposition of the Person formed by or surviving any such consolidated or merger assumes all the obligations of such Guarantor pursuant to a supplemental indenture or (b) the Net Cash Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the Indenture.

For all purposes of the Indenture and the Notes, Subsidiaries of any Surviving Entity will, upon such transaction or series of transactions, become Restricted Subsidiaries or Unrestricted Subsidiaries as provided pursuant to the Indenture and all Debt, and all Liens on property or assets, of the Surviving Entity and its Subsidiaries that was not Debt, or were not Liens on property or assets, of the Issuer and its Subsidiaries immediately prior to such transaction or series of transactions shall be deemed to have been Incurred upon such transaction or series of transactions.

Upon any transaction or series of transactions that are of the type described in, and are effected in accordance with, conditions described in the immediately preceding paragraphs, the Surviving Entity shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer or Guarantors, as applicable, under the Indenture with the same effect as if such Surviving Entity had been named as the Issuer or Guarantors therein, as applicable; and when a Surviving Person duly assumes all of the obligations and covenants of the Issuer or Guarantors, as applicable, pursuant to the Indenture and the Notes, except in the case of a lease, the predecessor Person shall be relieved of all such obligations.

Events of Default

Each of the following is an “***Event of Default***” under the Indenture:

(1) default in the payment in respect of the principal of (or premium, if any, on) any Note at its maturity (whether at Stated Maturity or upon repurchase, acceleration, optional redemption or otherwise);

(2) default in the payment of any interest upon any Note when it becomes due and payable, and continuance of such default for a period of 30 days;

(3) the Issuer fails to accept and pay for Notes tendered when and as required pursuant to a Change of Control Offer as described under the caption “—Change of Control”;

(4) except as permitted by the Indenture, (i) any Note Guarantee of any Significant Subsidiary (or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary), shall for any reason cease to be, in full force and effect and enforceable in accordance with its terms (except as specifically provided in the Indenture) for a period of 30 days after written notice thereof by the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes or (ii) the Note Guarantee of any Significant Subsidiary (or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary) shall for any reason be asserted by any of the Guarantors or the Issuer not to be in full force and effect and enforceable in accordance with its terms;

(5) default in the performance, or breach, of (i) any covenant or agreement of the Issuer or any Guarantor in the Indenture (other than a covenant or agreement a default in whose performance or whose breach is specifically dealt with in clauses (1), (2), (3) or (4) above), and continuance of such default or breach for a period of 60 days after written notice thereof has been given to the Issuer by the Trustee or to the Issuer and the Trustee by the Holders of at least 25% in aggregate principal amount of the outstanding Notes;

(6) a default or defaults under any bonds, debentures, notes or other evidences of Debt (other than the Notes) by the Issuer or any Restricted Subsidiary having, individually or in the aggregate, a principal or similar amount outstanding of at least \$20.0 million, whether such Debt now exists or shall hereafter be created, which default or defaults shall have resulted in the acceleration of the maturity of such Debt prior to its express maturity or shall constitute a failure to pay at least \$20.0 million of principal amount of such Debt when due and payable after the expiration of any applicable grace period with respect thereto;

(7) the entry against the Issuer or any Restricted Subsidiary that is a Significant Subsidiary (or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary) of a final judgment or final judgments for the payment of money in an aggregate amount in excess of \$20.0 million and not covered by insurance (not disputed), by a court or courts of competent jurisdiction, which judgments remain undischarged, unwaived, unstayed, unbonded or unsatisfied for a period of 60 consecutive days;

(8) certain events in bankruptcy, insolvency or reorganization affecting the Issuer or any Significant Subsidiary (or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary); or

(9) (x) with respect to any Collateral having a fair market value in excess of \$20.0 million, individually or in the aggregate, (a) any default or breach by the Issuer or any Guarantor in the performance of its obligations under the Security Documents or the Indenture which adversely affects the condition or value of such Collateral or the enforceability, validity, perfection or priority of the Liens in such Collateral, in each case taken as a whole in any material respect, and continuance of such default or breach for a period of 60 days after written notice thereof by the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes, or (b) any security interest created under the Security Documents or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction or (y) the Issuer or any of the Guarantors asserts, in any pleading in any court of competent jurisdiction, that any security interest in any Collateral is invalid or unenforceable.

If an Event of Default (other than an Event of Default specified in clause (8) above with respect to the Issuer) occurs and is continuing, then and in every such case the Trustee or the Holders of not less than 25% in aggregate principal amount of the outstanding Notes may declare the principal of the Notes and any accrued interest on the Notes to be due and payable immediately by a notice in writing to the Issuer (and to the Trustee if given by Holders); *provided, however*, that after such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of the outstanding Notes may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal of or interest on the Notes, have been cured or waived as provided in the Indenture.

In the event of a declaration of acceleration of the Notes solely because an Event of Default described in clause (6) above has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically rescinded and annulled if the event of default or payment default triggering such Event of Default pursuant to clause (6) shall be remedied or cured by the Issuer or a Restricted Subsidiary or waived by the holders of the relevant Debt within 20 business days after the declaration of acceleration with respect thereto and if the rescission and annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction obtained by the Trustee for the payment of amounts due on the Notes.

If an Event of Default specified in clause (8) above occurs with respect to the Issuer, the principal of and any accrued interest on the Notes then outstanding shall *ipso facto* become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder. For further information as to waiver of defaults, see “—Amendment, Supplement and Waiver.” The Trustee may withhold from Holders notice of any Default (except Default in payment of principal of, premium, if any, and interest) if a responsible committee of the Trustee determines that withholding notice is in the interests of the Holders to do so.

No Holder of any Note will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default and unless also the Holders of at least 25% in aggregate principal amount of the outstanding Notes shall have made written request to

the Trustee, and provided indemnity reasonably satisfactory to the Trustee, to institute such proceeding as Trustee, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of the outstanding Notes a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. Such limitations do not apply, however, to a suit instituted by a Holder of a Note directly (as opposed to through the Trustee) for enforcement of payment of the principal of (and premium, if any) or interest on such Note on or after the respective due dates expressed in such Note.

The Issuer is required to furnish to the Trustee annually a statement as to the performance of certain obligations under the Indenture and as to any default in such performance. The Issuer also is required to notify the Trustee if it becomes aware of the occurrence of any Default or Event of Default.

Amendment, Supplement and Waiver

Without the consent of any Holders, the Issuer, the Guarantors, the Trustee and the Collateral Agent, at any time and from time to time, may enter into one or more indentures supplemental to the Indenture, the Guarantees and the Security Documents for any of the following purposes:

With the consent of (i) the Holders of not less than a majority in aggregate principal amount of the outstanding Notes, the Issuer, the Guarantors and the Trustee may enter into an indenture or indentures supplemental to the Indenture (together with the other consents required thereby) for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Indenture or the Notes or of modifying in any manner the rights of the Holders of the Notes under the Indenture, including the definitions therein and (ii) the holders of not less than a majority in aggregate principal amount of the outstanding Notes and the Permitted Additional Pari Passu Obligations, the Issuer, the Guarantors, the Trustee and the Collateral Agent may amend or otherwise modify in any manner the Security Documents or the obligations thereunder, including, without limitation, as to property that constitutes less than all or substantially all of the Collateral, release the Lien on such Collateral; in connection with any amendment or modification of Security Documents contemplated by clause (ii), each series of Second Lien Obligations

will cast its votes in accordance with the documents governing such series of Second Lien Obligations; the amount of Second Lien Obligations to be voted by a series of Second Lien Obligations will equal the aggregate principal amount of Second Lien Obligations held by such series of Second Lien Obligations; following and in accordance with the outcome of the applicable vote under its documents, the representative of each series of Second Lien Obligations will cast all of its votes under that series of Second Lien Obligations as a block in respect of any vote under the Security Documents; the Collateral Agent may conclusively rely on the information with respect to the amount of the relevant Second Lien Obligations and the outcome of the applicable vote supplied to it by the Trustee or any representative of Permitted Additional Pari Passu Obligations with respect to the applicable Second Lien Obligations; *provided, however*, that no such supplemental indenture, modification or amendment shall, without the consent of the Holder of each outstanding Note affected thereby:

(1) change the Stated Maturity of any Note or of any installment of interest on any Note, or reduce the amount payable in respect of the principal thereof or the rate of interest thereon or any premium payable thereon, or reduce the amount that would be due and payable on acceleration of the maturity thereof, or change the place of payment where, or the coin or currency in which, any Note or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof, or change the date on which any Notes may be subject to redemption or reduce the redemption price therefor,

(2) reduce the percentage in aggregate principal amount of the outstanding Notes, the consent of whose Holders is required for any such supplemental indenture or amendment, or the consent of whose Holders is required for any waiver (of compliance with certain provisions of the Indenture or certain defaults thereunder and their consequences) provided for in the Indenture,

(3) modify the obligations of the Issuer to make Offers to Purchase upon a Change of Control or from the Excess Proceeds of Asset Sales or Excess Proceeds from an Event of Loss if such modification was done after the occurrence of such Change of Control or after the obligation to make an Asset Sale Offer has arisen, as applicable; *provided* that prior to the occurrence of a Change Control, the Holders of a majority in aggregate principal amount of the Notes then outstanding may waive the requirement to make or complete an Offer to Purchase,

(4) subordinate, in right of payment, the Notes to any other Debt of the Issuer,

(5) modify any of the provisions of this paragraph or provisions relating to waivers of past payment defaults or the rights of Holders of Notes to receive payments of principal or premium, if any, on the Notes, except to increase any such percentage required for such actions or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the Holder of each outstanding Note affected thereby, or

(6) release any Guarantees required to be maintained under the Indenture (other than in accordance with the terms of the Indenture).

In addition, any amendment to, or waiver of, the provisions of the Indenture or any Security Document that has the effect of releasing all or substantially all of the Collateral from the Liens securing the Notes other than in accordance with the Indenture and the Security Documents or modifying the Intercreditor Agreement in any manner adverse in any material respect to the Holders of the Notes will require the consent of the holders of at least $66\frac{2}{3}\%$ in aggregate principal amount of the Notes (including, for the avoidance of doubt, Additional Notes) then outstanding, voting as one class.

The Holders of not less than a majority in aggregate principal amount of the outstanding Notes may on behalf of the Holders of all the Notes waive any past default under the Indenture and its consequences, except a default:

(1) in any payment in respect of the principal of (or premium, if any) or interest on any Notes (including any Note which is required to have been purchased pursuant to an Offer to Purchase which has been made by the Issuer), or

(2) in respect of a covenant or provision hereof which under the Indenture cannot be modified or amended without the consent of the Holder of each outstanding Note affected.

Satisfaction and Discharge of the Indenture; Defeasance

The Issuer and the Guarantors may terminate the obligations under the Indenture and the Security Documents (a “*Discharge*”) when:

(1) either: (A) all Notes theretofore authenticated and delivered have been delivered to the Trustee for cancellation, or (B) all such Notes not theretofore delivered to the Trustee for cancellation (i) have become due and payable or (ii) will become due and payable within one year or are to be called for redemption within one year under irrevocable arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the Notes, not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest to the Stated Maturity or date of redemption;

(2) the Issuer has paid or caused to be paid all other sums then due and payable under the Indenture by the Issuer; *provided*, that upon any redemption that requires the payment of the Applicable Premium, the amount deposited shall be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with any deficit as of the date of redemption (any such amount, the “*Applicable Premium Deficit*”) only required to be deposited with the Trustee on or prior to the date of redemption; any Applicable Premium Deficit shall be set forth in an Officer’s Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption);

(3) the deposit will not result in a breach or violation of, or constitute a default under, any other material instrument (other than the Indenture) to which the Issuer or any of the Guarantors is a party or by which the Issuer or any of the Guarantors is bound;

(4) the Issuer has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or on the redemption date, as the case may be; and

(5) the Issuer has delivered to the Trustee an Officers’ Certificate and an opinion of counsel reasonably acceptable to the Trustee, each stating that all conditions precedent under the Indenture relating to the Discharge and any redemption, if applicable, have been complied with.

The Issuer may elect, at its option, to have its obligations discharged with respect to the outstanding Notes (“*legal defeasance*”). Such defeasance means that the Issuer will be deemed to have paid and discharged the entire indebtedness represented by the outstanding Notes, except for:

(1) the rights of Holders of such Notes to receive payments in respect of the principal of and any premium and interest on such Notes when payments are due,

(2) the Issuer’s obligations with respect to such Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust,

(3) the rights, powers, trusts, duties and immunities of the Trustee,

(4) the Issuer’s right of optional redemption, and

(5) the defeasance provisions of the Indenture.

In addition, the Issuer and the Guarantors may elect, at their option, to have their obligations released with respect to the Guarantees and the Security Documents and certain covenants, including, without limitation, the obligation to make Offers to Purchase in connection with Asset Sales and any Change of Control, in the Indenture (“*covenant defeasance*”) and any omission to comply with such obligation shall not constitute a Default or an Event of Default with respect to the Notes. In the event covenant defeasance occurs, certain events (not including nonpayment, bankruptcy and insolvency events) described under “Events of Default” will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding Notes:

(1) the Issuer must irrevocably have deposited or caused to be deposited with the Trustee as trust funds in trust for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the Holders of such Notes: (A) money in an amount, or (B) U.S. government obligations, which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide, not later than the due date of any payment, money in an amount or (C) a combination thereof, in each case sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, to pay and discharge, and which shall be applied by the Trustee to pay and discharge, the entire indebtedness in respect of the principal of and premium, if any, and interest on such Notes on the Stated Maturity thereof or (if the Issuer has made irrevocable arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name and at the expense of the Issuer) the redemption date thereof, as the case may be, in accordance with the terms of the Indenture and such Notes; *provided*, that upon any redemption that requires the payment of the Applicable Premium, the amount deposited shall be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with any Applicable Premium Deficit only required to be deposited with the Trustee on or prior to the date of redemption; any Applicable Premium Deficit shall be set forth in an Officer’s Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption);

(2) in the case of legal defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel stating that (A) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the date of the Indenture, there has been a change in the applicable United States federal income tax law, in either case (A) or (B) to the effect that, and based thereon such opinion shall confirm that, the Holders of such Notes will not recognize gain or loss

for United States federal income tax purposes as a result of the deposit, defeasance and discharge to be effected with respect to such Notes and will be subject to United States federal income tax on the same amount, in the same manner and at the same times as would be the case if such deposit, defeasance and discharge were not to occur;

(3) in the case of covenant defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel to the effect that the Holders of such outstanding Notes will not recognize gain or loss for United States federal income tax purposes as a result of the deposit and covenant defeasance to be effected with respect to such Notes and will be subject to federal income tax on the same amount, in the same manner and at the same times as would be the case if such deposit and covenant defeasance were not to occur;

(4) no Default or Event of Default with respect to the outstanding Notes shall have occurred and be continuing at the time of such deposit after giving effect thereto (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien to secure such borrowing);

(5) such legal defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a default under, any material agreement or material instrument (other than the Indenture) to which either Issuer is a party or by which either Issuer is bound; and

(6) the Issuer shall have delivered to the Trustee an Officers' Certificate and an opinion of counsel, each stating that all conditions precedent with respect to such legal defeasance or covenant defeasance have been complied with.

In connection with a Discharge, in the event the Issuer becomes insolvent within the applicable preference period after the date of deposit, monies held for the payment of the Notes may be part of the bankruptcy estate of the Issuer, disbursement of such monies may be subject to the automatic stay of the bankruptcy code and monies disbursed to Holders may be subject to disgorgement in favor of the Issuer's estate. Similar results may apply upon the insolvency of the Issuer during the applicable preference period following the deposit of monies in connection with legal defeasance.

The Trustee

The Bank of New York Mellon Trust Company, N.A., the Trustee under the Indenture, is the initial paying agent and registrar for the Notes. Except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise.

The Holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. Subject to such provisions, the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the Holders pursuant to the Indenture, unless such Holders shall have provided to the Trustee security and/or indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.

The Indenture provides that neither the Trustee nor the Collateral Agent shall be responsible for the existence, genuineness, value or protection of any Collateral (except for the safe custody of Collateral in its possession), for the legality, effectiveness or sufficiency of any Security Document, or for the creation, perfection, priority, sufficiency or protection of any Lien in the Collateral.

No Personal Liability of Stockholders, Partners, Officers or Directors

No director, officer, employee, stockholder, general or limited partner or incorporator, past, present or future, of the Issuer or any of its Subsidiaries, as such or in such capacity, shall have any personal liability for any obligations of the Issuer under the Notes, any Note Guarantee or the Indenture by reason of his, her or its status as such director, officer, employee, stockholder, general or limited partner or incorporator. Each Holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes.

Governing Law

The Indenture, the Notes, the Intercreditor Agreement and the Security Agreement are governed by, and will be construed in accordance with, the laws of the State of New York.

In addition to and without limitation of the foregoing, for purposes of this definition, “Consolidated Fixed Charges” shall be calculated after giving effect, on a pro forma basis for the period of such calculation, to any Asset Sales or Asset Acquisitions, investments and discontinued operations (as determined in accordance with GAAP) and designations of any Restricted Subsidiary to be an Unrestricted Subsidiary or any Unrestricted Subsidiary to be a Restricted Subsidiary occurring during the Four-Quarter Period or any time subsequent to the last day of the Four-Quarter Period and on or prior to the Transaction Date (as hereinafter defined), as if such Asset Sale (including any associated repayment of Debt) or Asset Acquisition (including the incurrence or assumption of any associated Acquired Debt), investment (including the 2014 Acquisitions), disposed operation or designation occurred on the

“**Treasury Rate**” means, as obtained by the Issuer, with respect to the Notes, as of the applicable redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two business days prior to such redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from such redemption date to May 1, 2018; *provided, however*, that if the period from such redemption date to May 1, 2018 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

“**UCC**” means the Uniform Commercial Code as in effect from time to time in the State of New York or, as the context requires in determining whether or not an asset is Excluded Collateral, the law governing the interpretation of any such agreement; *provided, however*, that, at any time, if by reason of mandatory provisions of law, any or all of the perfection or priority of the Collateral Agent's security interest in any item or portion of the Collateral is governed by the Uniform Commercial Code as in effect in a jurisdiction other than the State of New York, the term “UCC” shall mean the Uniform Commercial Code as in effect, at such time, in such other jurisdiction for purposes of the provisions hereof relating to such perfection or priority and for purposes of definitions relating to such provisions.

“**Unrestricted Subsidiary**” means:

- (1) any Subsidiary designated as such by the Board of Directors of the Issuer as set forth in “- Certain Covenants - Limitation on Creation of Unrestricted Subsidiaries”; and

BOOK ENTRY, DELIVERY AND FORM

The New Exchange Notes will be represented by one or more global notes in registered, global form without interest coupons (collectively, the “Global Exchange Notes”). The Global Exchange Note initially will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (“DTC”), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below, the Global Exchange Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Exchange Notes may not be exchanged for definitive notes in registered certificated form (“Certificated Notes”) except in the limited circumstances described below. See “—Exchange of Global Exchange Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the Global Exchange Notes will not be entitled to receive physical delivery of notes in certificated form.

In addition, transfers of beneficial interests in the Global Exchange Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”), and Clearstream Banking, Société Anonyme (“Clearstream, Luxembourg”), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream, Luxembourg is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company organized under the laws of the State of New York, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchaser), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- upon deposit of the Global Exchange Notes, DTC will credit the accounts of the Participants designated by the initial purchaser with portions of the principal amount of the Global Exchange Notes; and
- ownership of these interests in the Global Exchange Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Exchange Notes).

Investors in the Global Exchange Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Exchange Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream, Luxembourg) that are Participants. All interests in a Global Exchange Note, including those held through Euroclear or Clearstream, Luxembourg, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream, Luxembourg may also be subject to the procedures and requirements of such systems. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Exchange Note to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Exchange Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Exchange Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or “holders” thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Exchange Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, we and the trustee will treat the persons in whose names the notes, including the Global Exchange Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither we, the trustee nor any agent of ours or the trustee has or will have any responsibility or liability for:

- any aspect of DTC's records or any Participant's or Indirect Participant's records relating to, or payments made on account of, beneficial ownership interests in the Global Exchange Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Exchange Notes; or
- any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be our responsibility or the responsibility of DTC or the trustee. Neither we nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and we and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream, Luxembourg participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its respective depository. However, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, Luxembourg, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Exchange Note from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream, Luxembourg participants may not deliver instructions directly to the depositories for Euroclear or Clearstream, Luxembourg.

DTC has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Exchange Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the notes, DTC reserves the right to exchange the Global Exchange Notes for legended notes in certificated form and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures to facilitate transfers of interests in the Global Exchange Notes and the Regulation S Global Notes among participants in DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither we nor the trustee nor any of our or its agents will have any responsibility for the performance by DTC, Euroclear or Clearstream, Luxembourg or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Exchange Notes for Certificated Notes

A Global Exchange Note is exchangeable for Certificated Notes if:

- DTC (1) notifies us that it is unwilling or unable to continue as depository for the Global Exchange Notes or (2) has ceased to be a clearing agency registered under the Exchange Act and, in either case, we fail to appoint a successor depository; or
- there has occurred and is continuing an event of default with respect to the notes.

In addition, beneficial interests in a Global Exchange Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in

exchange for any Global Exchange Note or beneficial interests in Global Exchange Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend set forth in the indenture, unless that legend is not required by applicable law.

Exchange of Certificated Notes for Global Exchange Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Exchange Note unless the transferor first delivers to the trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes.

Same Day Settlement and Payment

We will make payments in respect of the notes represented by the Global Exchange Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. We will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Exchange Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time-zone differences, credits of interests in the Global Exchange Notes received in Clearstream, Luxembourg or Euroclear as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions involving interests in such Global Exchange Notes settled during such processing will be reported to the relevant Clearstream, Luxembourg or Euroclear participants on such business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of interests in the Global Exchange Notes by or through a Clearstream, Luxembourg participant or a Euroclear Participant to a DTC Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash account only as of the business day following settlement in DTC.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of certain U.S. federal income tax consequences of the exchange, purchase, ownership and disposition of the New Exchange Notes. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), the Treasury Department regulations promulgated thereunder and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis.

The discussion generally applies only to beneficial owners that purchased outstanding New Notes in the initial offering at their issue price (the first price at which a substantial amount of the outstanding New Notes were sold for cash to investors other than to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) and held the outstanding New Notes and will hold the New Exchange Notes as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). The discussion does not address all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances or the U.S. federal income tax consequences applicable to special classes of taxpayers such as banks and certain other financial institutions, insurance companies, tax-exempt entities, holders of New Exchange Notes that are pass-through entities or the investors in such pass-through entities, dealers in securities or foreign currency, regulated investment companies, real estate investment trusts, investors whose “functional currency” is not the U.S. Dollar, traders in securities that elect a mark-to-market method of accounting, investors liable for the alternative minimum tax, U.S. Holders (as defined below) that hold their New Exchange Notes through non-U.S. brokers or other non-U.S. intermediaries, controlled foreign corporations, passive foreign investment companies, U.S. expatriates and persons holding New Exchange Notes as a hedge or as part of a straddle, constructive sale or conversion transaction. The discussion does not address any consequences under any U.S. federal tax laws other than income tax laws (such as estate and gift tax considerations) or any foreign, state or local tax consequences.

As used herein, a U.S. Holder means a beneficial owner of a New Exchange Note that is, for U.S. federal income tax purposes (a) a citizen or individual resident of the United States, (b) a corporation created or organized under the laws of the United States, any state thereof, or the District of Columbia, (c) an estate whose income is subject to U.S. federal income taxation regardless of source, or (d) a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) the trust has a valid election in place to be treated as a U.S. person. A Non-U.S. Holder is a beneficial owner of the New Exchange Notes (other than an entity treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder.

If an entity treated as a partnership for U.S. federal income tax purposes owns any New Exchange Notes, the tax treatment of a partner or other equity interest owner in such entity will generally depend upon the status of the person and the activities of the entity. Entities treated as partnerships for U.S. federal income tax purposes, and partners or equity interest owners in such entities, should consult their own tax advisors.

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY. HOLDERS OF THE NEW NOTES AND NEW EXCHANGE NOTES ARE URGED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME AND OTHER TAX CONSEQUENCES TO THEM OF EXCHANGING, OWNING AND DISPOSING OF THE NEW NOTES AND NEW EXCHANGE NOTES, AS WELL AS THE APPLICATION OF STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS.

Contingent Interest, Optional Redemption and Change of Control Put

We may be required to pay additional interest on a New Exchange Note in certain circumstances described below, e.g., under the heading “- U.S. Holders - Exchange Offer ” and there exists the possibility of a redemption of the New Exchange Notes as described under “ *Description of Notes* ” at a price greater than the principal amount of the New Exchange Notes. Because we believe that the likelihood that we will be obligated to make such additional payments on the New Exchange Notes is remote or certain other exceptions apply, we are taking the position (and this discussion assumes) that the rules governing contingent payment debt instruments do not apply to the New Exchange Notes. Our determination that the contingent payment debt instrument rules do not apply to the New Exchange Notes is binding on holders unless they disclose their contrary position to the Internal Revenue Service in the manner required by applicable Treasury Department regulations. However, our determination that the contingent payment debt instrument rules do not apply to the New Exchange Notes is not binding on the Internal Revenue Service. If the Internal Revenue Service were successfully to challenge our determination and the contingent payment debt instrument rules were to apply to the New Exchange Notes, holders would be required, among other things, to accrue ordinary interest in excess of the stated interest and, to treat as interest income (rather than capital gain) any gain recognized on a sale, exchange, redemption or other taxable disposition of a New Exchange Note. Holders should consult their own tax advisors regarding the application of the contingent payment debt instrument rules and consequences thereof.

U.S. Holders

The following is a summary of certain U.S. federal income tax consequences to U.S. Holders of New Exchange Notes.

Exchange Offer

The exchange of a New Note for a New Exchange Note pursuant to this exchange offer will not result in a taxable exchange to a U.S. Holder. As a result, a U.S. Holder will not recognize taxable gain or loss upon receipt of a New Exchange Note, and a U.S. Holder generally will continue to be taxed in the manner described herein. A U.S. Holder's holding period for a New Exchange Note includes the holding period for the outstanding New Notes so exchanged and a U.S. Holder's adjusted tax basis in a New Exchange Note immediately after the exchange will be the same as the U.S. Holder's adjusted tax basis in the New Note so exchanged immediately before the exchange.

Pre-Issuance Accrued Interest

The initial offering price for the outstanding New Notes included amounts attributable to interest accrued from May 1, 2017, which we will call "pre-issuance accrued interest." Pre-issuance accrued interest will be included in the accrued interest to be paid on the New Exchange Notes that are acquired in an exchange pursuant to the Exchange Offer on the first interest payment date after the issuance of the New Exchange Notes. In accordance with applicable Treasury Department regulations, for U.S. federal income tax purposes, we will treat the outstanding New Notes as having been purchased for a price that does not include any pre-issuance accrued interest and such treatment would extend to the New Exchange Notes that are acquired in an exchange pursuant to the Exchange Offer. If the outstanding New Notes and New Exchange Notes are so treated, the portion of the first interest payment equal to the pre-issuance accrued interest will be treated as a nontaxable return of such pre-issuance accrued interest and, accordingly, will not be taxable as interest on the New Exchange Notes.

Payments of Interest

Interest on the New Exchange Notes (other than any pre-issuance accrued interest excluded from the purchase price of a New Note and New Exchange Note, as discussed above under the heading "- U.S. Holders - *Pre-Issuance Accrued Interest*") generally will be taxable to a U.S. Holder as ordinary income at the time such interest payments are accrued or received, depending on the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Amortizable Bond Premium

If a U.S. Holder purchases or acquires in an exchange pursuant to the Exchange Offer a New Exchange Note for an amount (excluding any pre-issuance accrued interest excluded from the purchase price of a New Note and New Exchange Note as discussed above under the heading "- U.S. Holders - *Pre-Issuance Accrued Interest*") in excess of the stated principal amount of such New Exchange Note, such excess will constitute bond premium. A U.S. Holder generally may elect to amortize the bond premium over the remaining term of the New Exchange Note on a constant yield method as an offset to interest when includible in income under the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. However, because we may redeem the New Exchange Notes prior to maturity, special rules apply that may reduce or eliminate the amount of bond premium that a U.S. Holder may amortize with respect to the New Exchange Notes. U.S. Holders should consult their own tax advisors about these special rules. If a U.S. Holder elects to amortize bond premium with respect to a New Exchange Note, such U.S. Holder will be required to reduce its adjusted tax basis in such New Exchange Note by the amount of the bond premium amortized. If a U.S. Holder does not elect to amortize the bond premium, that bond premium will decrease any gain (or increase any loss) such U.S. Holder would otherwise recognize on disposition of the New Exchange Note. An election by a U.S. Holder to amortize bond premium with respect to a New Exchange Note will also apply with respect to all debt obligations held or subsequently acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies. A U.S. Holder may not revoke the election without the consent of the Internal Revenue Service. U.S. Holders should consult their own tax advisors regarding the availability of the amortization of any bond premium.

Sale, Exchange, Retirement, Redemption or Other Taxable Disposition of the New Exchange Notes

Upon the sale, exchange, retirement, redemption or other taxable disposition of the New Exchange Notes, a U.S. Holder generally will recognize gain or loss equal to the difference, if any, between the sum of all cash plus the fair market value of all other property received on such disposition (other than amounts properly attributable to accrued and unpaid interest, which will be treated as described above under the heading "U.S. Holders - *Payments of Interest*"), and such holder's adjusted tax basis in the New Exchange Notes. A U.S. Holder's adjusted tax basis in the New Exchange Notes generally will equal the cost of the New Exchange Notes to such U.S. Holder (less any amount attributable to pre-issuance accrued interest, as discussed above), reduced by any bond premium previously amortized).

Any gain or loss recognized on the disposition of a New Exchange Note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of the disposition, the U.S. Holder held the New Exchange Note for a period of more than one year. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

A U.S. Holder will be subject to U.S. federal backup withholding (currently at a rate of 28%) on payments of stated interest and the proceeds of a sale or other disposition (including a redemption) of the New Exchange Notes, if such holder fails to provide its correct taxpayer identification number and comply with certain certification procedures or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or allowed as a credit against the U.S. Holder's U.S. federal income tax liability, provided that the required information is furnished to the Internal Revenue Service in a timely manner. U.S. Holders should consult their own tax advisors regarding their qualification for an exemption from backup withholding, and the procedures for establishing such exemption, if applicable.

In addition, information reporting generally will apply to these payments to a U.S. Holder unless such holder is an exempt recipient.

Medicare Tax

Certain U.S. Holders who are individuals, estates or trusts also will be subject to the 3.8% Medicare contribution tax on interest on and capital gains from the sale or other disposition of New Exchange Notes. U.S. Holders should consult their own tax advisors regarding this tax.

Non-U.S. Holders

The following is a summary of certain U.S. federal income tax consequences to Non-U.S. Holders of New Exchange Notes. For purposes of this discussion, interest does not include any pre-issuance accrued interest, as discussed above under the heading “- U.S. Holders - *Pre Issuance Accrued Interest*.” However, to the extent any interest is subject to U.S. federal withholding tax as described below, the applicable withholding agent may withhold on all payments of interest, including payment of pre-issuance accrued interest, if the withholding agent is unable to determine which portion of the payments is attributable to pre-issuance accrued interest.

Exchange Offer

As discussed above with respect to U.S. Holders, the exchange of a New Note for a New Exchange Note under circumstances described under the heading “- U.S. Holders - *Exchange Offer*” will not result in a taxable exchange to a Non-U.S. Holder.

Payments of Interest

Subject to the discussions of backup withholding and the Foreign Account Tax Compliance Act (“FATCA”) described under the headings “- Non-U.S. Holders - *Backup Withholding and Information Reporting*” and “- Non-U.S. Holders - *FATCA*” respectively below, payments of interest on the New Exchange Notes to a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax so long as that interest is not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (or, if an applicable income tax treaty so provides, is not attributable to a U.S. permanent establishment (or, in the case of an individual, fixed base) maintained by the Non-U.S. Holder in the United States) and:

- the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all of our stock;
- the Non-U.S. Holder is not a “controlled foreign corporation” with respect to which we are a “related person” within the meaning of the Code; and
- the Non-U.S. Holder is not a bank receiving the interest pursuant to a loan agreement entered into in the ordinary course of its trade or business.

In addition, for the exemption from U.S. federal withholding tax to apply, a Non-U.S. Holder must provide a properly completed and executed Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable, or other applicable form, as provided for in the Treasury Department regulations, certifying that it is not a U.S. person.

A Non-U.S. Holder may also be entitled to the benefits of an income tax treaty under which interest on the New Exchange Notes is exempt from or subject to a reduced rate of U.S. federal withholding tax, provided such Non-U.S. Holder provides a properly completed and executed Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable, claiming the exemption from or reduction in withholding and complies with certain applicable procedures.

If a Non-U.S. Holder cannot satisfy the requirements described above, payments of interest made to such Non-U.S. Holder will be subject to a 30% U.S. federal withholding tax, unless such holder provides a properly completed and executed Internal Revenue Service Form W-8ECI stating that the interest is not subject to withholding tax because it is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (in which case such interest will be subject to tax as discussed below).

Sale, Exchange or Redemption of the New Exchange Notes

Generally, any gain realized on the sale, exchange, redemption or other taxable disposition of a New Exchange Note (other than amounts properly attributable to accrued and unpaid interest, which will be treated as described above under the heading “ - Non-U.S. Holders - *Payments of Interest* ”) will be exempt from U.S. federal income and withholding tax, unless:

- the gain is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (and, if an applicable income tax treaty so provides, is attributable to a U.S. permanent establishment (or, in the case of an individual, a fixed base) maintained by the Non-U.S. Holder in the United States); or
- if the Non-U.S. Holder is an individual, such Non-U.S. Holder is present in the United States for a period of 183 days or more during the taxable year of the disposition, in which case the Non-U.S. Holder will generally be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which such Non-U.S. Holder’s capital gains allocable to U.S. sources (including any gain from the sale of New Exchange Notes) exceed its capital losses allocable to U.S. sources.

Effectively Connected Income

If interest, gain or other income recognized on a New Exchange Note is effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States (or, if an applicable income tax treaty so provides, is attributable to a U.S. permanent establishment (or, in the case of an individual, a fixed base) maintained by the Non-U.S. Holder in the United States), then such interest, gain or other income will be exempt from the U.S. federal withholding tax discussed above if the Non-U.S. Holder provides a properly completed and executed Internal Revenue Service Form W-8ECI, but such interest, gain or other income generally will be subject to U.S. federal income tax in the same manner as a U.S. Holder. In addition to regular U.S. federal income tax, a Non-U.S. Holder that is a corporation may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits, as adjusted for certain items, unless such holder qualifies for a lower rate under an applicable income tax treaty.

Backup Withholding and Information Reporting

A Non-U.S. Holder may be subject to annual information reporting and U.S. federal backup withholding (currently at a rate of 28%) on payments of interest and proceeds of a sale or other disposition of the New Exchange Notes unless such Non-U.S. Holder provides the certification described above under either the heading “-Non-U.S. Holders - *Payments of Interest* ” or “- Non-U.S. Holders - *Effectively Connected Income* ” or otherwise establishes an exemption from backup withholding. Backup withholding is not an additional tax and may be refunded or allowed as a credit against the Non-U.S. Holder’s U.S. federal income tax liability (if any), provided the required information is furnished to the Internal Revenue Service in a timely manner. In any event, we generally will be required to file information returns with the Internal Revenue Service reporting our payments on the New Exchange Notes. Copies of the information returns may also be made available to the tax authorities in the country in which a Non-U.S. Holder resides under the provisions of an applicable income tax treaty or tax information exchange agreement.

FATCA

Provisions of the Foreign Account Tax Compliance Act, commonly referred to as “FATCA,” impose withholding of 30% on payments of interest on the New Exchange Notes, and (for dispositions after December 31, 2018) of proceeds of sales, redemptions or other taxable dispositions of the New Exchange Notes, to “foreign financial institutions” (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities, including where such institutions or entities receive such payments as intermediaries, unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied, or an exemption applies. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. U.S. Holders should consult their own tax advisors regarding the effects of FATCA upon an investment in the New Exchange Notes.

PLAN OF DISTRIBUTION

Any broker-dealer who holds outstanding New Notes that were acquired for its own account as a result of market-making activities or other trading activities (other than outstanding New Notes acquired directly from us), may exchange such outstanding New Notes pursuant to this exchange offer; however, such broker-dealer may be deemed to be an “underwriter” within the meaning of the Securities Act and must, therefore, deliver a prospectus meeting the requirements of the Securities Act in connection with any resales of the New Exchange Notes received by such broker-dealer in this exchange offer, which prospectus delivery requirement may be satisfied by the delivery by such broker-dealer of this prospectus. We have agreed that, for a period of 180 days after the date on which the registration statement of which this prospectus forms a part is declared effective by the SEC or such shorter period as will terminate when broker-dealers are no longer required to deliver a prospectus in connection with market-making or other trading activities, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until December 3, 2017, all dealers effecting transactions in the New Exchange Notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of New Exchange Notes by broker-dealers. New Exchange Notes received by broker-dealers for their own accounts pursuant to this exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such New Exchange Notes. Any broker-dealer that resells New Exchange Notes that were received by it for its own account pursuant to this exchange offer and any broker or dealer that participates in a distribution of such New Exchange Notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any such resale of New Exchange Notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of 180 days after the date on which the registration statement of which this prospectus forms a part is declared effective by the SEC or such shorter period as will terminate when broker-dealers are no longer required to deliver a prospectus in connection with market-making or other trading activities, we will provide sufficient copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer promptly upon request. We have agreed to pay all expenses incident to this exchange offer (including the expenses of one counsel for the holders) other than underwriting discounts and commissions and transfer taxes, if any, and will indemnify the holders (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
