ABOUT THE ANNUAL MEETING

Who is soliciting my vote?

The Board of Directors of Team, Inc. (the “Board”) is soliciting your vote in connection with our Annual Meeting.

What is the purpose of the Annual Meeting?

The meeting will be our regular Annual Meeting of Shareholders. You will be voting on the following matters at our Annual Meeting:

1. Proposal One—Election of two nominees named in the Proxy Statement as Class I directors to serve a three-year term and one nominee named in the Proxy Statement as a Class III director to serve a two-year term;
2. Proposal Two—Ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for fiscal year 2015;
3. Proposal Three—Consideration of an advisory vote on Named Executive Officer compensation; and
4. Such other business as may properly come before the Annual Meeting, or any adjournment thereof.

How does the Board of Directors recommend I vote?

The Board recommends a vote:

Proposal One—For the election of Philip J. Hawk and Louis A. Waters as Class I directors and Ted W. Owen as a Class III director;

Proposal Two—For the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending May 31, 2015;

Proposal Three—For the approval of Team, Inc.’s compensation of its Named Executive Officers as disclosed in this Proxy Statement; and

Who is entitled to vote at the Annual Meeting?

The Board has set Friday, August 8, 2014 as the record date for the Annual Meeting (the “Record Date”). All shareholders who owned our Common Stock, par value \$0.30 per share (the “Common Stock”), at the close of business on the Record Date may attend and vote at the Annual Meeting.

How many votes can be cast by all shareholders?

Each share of Common Stock is entitled to one vote. There is no cumulative voting. There were 20,483,288 shares of Common Stock outstanding and entitled to vote on the Record Date.

How many votes must be present to hold the Annual Meeting?

A majority of the outstanding shares of Common Stock as of the Record Date must be present at the Annual Meeting in order to hold the Annual Meeting and to conduct business. This is called a “quorum.” Your shares are counted as present at the Annual Meeting if you are present at the Annual Meeting and vote in person, a proxy card has been properly submitted by you or on your behalf, or you have voted on the Internet or by telephone. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. A “broker non-vote” is a share of Common Stock that is beneficially owned by a person or entity and held by a broker or other nominee, but for which the broker or other nominee (i) lacks the discretionary authority to vote on certain matters and (ii) has not received voting instructions from the beneficial owner in respect of these specific matters.

How many votes are required to approve each proposal in this Proxy Statement?

Election of Directors. Directors are elected by a majority of the votes cast with respect to such director in uncontested elections, such that a nominee for director will be elected to the Board if the votes cast FOR the nominee’s election exceed the votes cast AGAINST such nominee’s election. Abstentions and broker non-votes are not counted as votes cast for purposes of the election of directors and, therefore, will have no effect on the outcome of such election. Even if a nominee is not re-elected, he or she will remain in office as a director until his or her earlier resignation or removal. Each of the current director nominees has signed a letter of resignation that will be effective if the nominee is not re-elected at the meeting and the Board accepts his or resignation following the meeting. If a nominee is not re-elected, the Board will decide whether to accept the director’s resignation in accordance with the procedures listed in the Company’s Corporate Governance Guidelines, which are available on our website at www.teamindustrialservices.com.

Appointment of KPMG. To be approved, Proposal Two requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy.

Advisory Vote on Named Executive Officer Compensation. To be approved, Proposal Three requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy. A vote on this proposal is not binding on the Board or the Company. Although the vote is non-binding, our Compensation Committee will review and consider the voting results when evaluating the compensation program for our Named Executive Officers.

Other Matters. An affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, is generally required for action of any other matters that may properly come before the Annual Meeting.

How do I vote by proxy?

You can vote your shares by completing and returning the proxy card accompanying this Proxy Statement. You also have the option of voting your shares on the Internet or by telephone. Your Internet or telephone vote authorizes the named proxies to vote shares in the same manner as if you marked, signed, and returned your proxy card or voting instruction card. Please see your proxy card or voting instruction card for more information on how to vote by proxy. If you vote by internet or telephone, do not return your proxy card. You may also vote in person by attending the Annual Meeting.

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you return your signed proxy card or voting instruction card in the enclosed envelope but do not mark selections, it will be voted in accordance with the recommendations of the Board. The Board has designated André C. Bouchard and Jay E. Kilborn to serve as proxies. If you indicate a choice with respect to any matter to be acted upon on your proxy card or voting instruction card, your shares will be voted in accordance with your instructions.

If you are a beneficial owner and hold your shares in "street name" (that is, in the name of or through a broker, bank or other nominee) and do not return the voting instruction card, the broker or other nominee will determine if it has the discretionary authority to vote on each matter voted upon at the Annual Meeting. Under applicable rules, brokers have the discretion to vote on routine matters. All of the matters scheduled to be voted on at the Annual Meeting are "non-routine" except for Proposal Two, to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for fiscal year ending May 31, 2015. Thus, your broker, bank or other nominee would not be able to vote on such "non-routine" matters. If your shares are held in street name, your broker, bank or other nominee will include a voting instruction card with this Proxy Statement. We strongly encourage you to vote your shares by following the instructions provided on the voting instruction card. Please return your proxy card to your broker, bank or other nominee and contact the person responsible for your account to ensure that a proxy card is voted on your behalf.

How are abstentions and broker non-votes counted?

In tabulating the voting result for Proposal One, Two and Three, shares that constitute broker non-votes are not considered voting power present with respect to that proposal. Thus, with respect to proposals One, Two and Three, broker non-votes will not affect the outcome, assuming a quorum is obtained. Abstentions are considered voting power present at the meeting and thus will have the same effect as votes AGAINST each of the matters scheduled to be voted on at the Annual Meeting (other than the election of directors).

Both abstentions and broker non-votes are counted as "present" for purposes of determining the existence of a quorum at the Annual Meeting.

Who pays for the proxy solicitation and how will the Company solicit votes?

We bear the expense of printing and mailing proxy materials. In addition to this solicitation of proxies by mail, our directors, officers, and other employees may solicit proxies by personal interview, telephone, facsimile, or email. These individuals will not be paid any additional compensation for any such solicitation. We will request brokers and other nominees who hold shares of Common Stock in their names to furnish proxy materials to beneficial owners of these shares. We will reimburse such brokers and other nominees for their reasonable expenses incurred in forwarding solicitation materials to these beneficial owners.

Can I change or revoke my vote after I return my proxy card or voting instruction card?

Yes. Even if you sign the proxy card or voting instruction card in the form accompanying this Proxy Statement, vote by telephone, or vote on the Internet, you retain the power to revoke your proxy or change your

vote. You can revoke your proxy or change your vote at any time before it is exercised at the Annual Meeting by providing written notice to our Corporate Secretary at: Team, Inc. Attention.: André C. Bouchard, Corporate Secretary, 13131 Dairy Ashford, Suite 600, Sugar Land, Texas 77478, specifying such revocation. You may change your vote by timely delivering a valid, later-dated proxy or a later-dated vote by telephone or on the Internet or by voting in person at the Annual Meeting. However, please note that if you would like to vote at the Annual Meeting and you are not the shareholder of record, you must request, complete, and deliver a proxy from your broker or other nominee.

PROPOSAL ONE—ELECTION OF DIRECTORS

Nominees for Election

Our Amended and Restated Certificate of Incorporation and Bylaws provide that our Board will consist of not less than five persons, the exact number to be fixed from time-to-time by the Board. Our directors are divided into three classes designated as Class I, Class II and Class III. Each class consists, as nearly as possible, of one-third of the total number of directors constituting the entire Board. The Class I directors serve for a term expiring at the 2014 Annual Meeting of Shareholders, the Class II directors serve for a term expiring at the 2015 Annual Meeting of Shareholders and the Class III directors serve for a term expiring at the 2016 Annual Meeting of Shareholders. At each annual meeting, successors to the class of directors whose term expires at that annual meeting are elected for a term expiring at the third succeeding annual meeting. Each director holds office until the annual meeting for the year in which his or her term expires and until a successor has been elected and qualified, or until such director's earlier death, resignation, retirement, disqualification or removal.

At the Annual Meeting, two (2) directors have been nominated for election to serve a three-year term expiring at the annual meeting to be held in 2017 and one (1) director has been nominated for election to serve a two-year term expiring at the annual meeting to be held in 2016. Our Board has nominated the following two persons for election as Class I directors to serve a three-year term expiring on the date of our 2017 annual meeting of shareholders or until their successors are duly elected and qualified:

- Philip J. Hawk and
- Louis A. Waters

Our Board has nominated Ted W. Owen for election as a Class III director to serve a two-year term expiring on the date of our 2016 annual meeting of shareholders or until his successor is duly elected and qualified:

Biographical information about each of the nominees is provided under "*The Board of Directors and its Committees*," below.

Vote Required and Board Recommendation

Directors are elected by a majority of the votes cast with respect to such director in uncontested elections, such that a nominee for director will be elected to the Board if the votes cast FOR the nominee's election exceed the votes cast AGAINST such nominee's election. Abstentions and broker non-votes are not counted as votes cast for purposes of the election of directors and, therefore, will have no effect on the outcome of such election. Even if a nominee is not re-elected, he or she will remain in office as a director until his or her earlier resignation or removal. Each of the current director nominees has signed a letter of resignation that will be effective if the nominee is not re-elected at the meeting and the Board accepts his or resignation following the meeting. If a nominee is not re-elected, the Board will decide whether to accept the director's resignation in accordance with the procedures listed in the Company's Corporate Governance Guidelines, which are available on our website at www.teamindustrialservices.com.

Shareholders may not cumulate their votes for the election of directors. Unless contrary instructions are set forth in the proxies, the persons with full power of attorney to act as proxies at the Annual Meeting will vote all shares represented by such proxies for the election of the nominees named therein as directors. Should any of the nominees become unable or unwilling to accept nomination or election, it is intended that the persons acting under the proxy will vote for the election, in the nominee's stead, of such other persons as our Board may recommend. We have no reason to believe that any of the nominees will be unable or unwilling to stand for election or to serve if elected.

The Board of Directors unanimously recommends that you vote "FOR" the election of each of the nominees named above.

PROPOSAL TWO—RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG LLP as the independent registered public accounting firm of the Company to audit its consolidated financial statements and the effectiveness of its internal controls over financial reporting for the fiscal year ending May 31, 2015, and the Board has determined that it would be desirable to request that our shareholders ratify such appointment.

KPMG LLP has served as the independent registered public accounting firm of the Company and its subsidiaries since May 2002. KPMG LLP is considered by the Audit Committee and by the management of the Company to be well-qualified. Representatives of KPMG LLP will be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions from shareholders.

Shareholder ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm is not legally required. Nevertheless, at the recommendation of the Audit Committee, our Board has directed that the appointment of KPMG LLP be submitted for shareholder ratification as a matter of good corporate practice. If our shareholders do not ratify the appointment of KPMG LLP at the Annual Meeting, the Audit Committee will reconsider whether to retain KPMG LLP. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Vote Required and Board Recommendation

The proposal to ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending May 31, 2015 requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting in person or by proxy.

The Board of Directors unanimously recommends a vote “FOR” ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending May 31, 2015.

PROPOSAL THREE—ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

We are asking you to vote, in an advisory manner, to approve the executive compensation philosophy, policies and procedures described in the “*Compensation Discussion and Analysis*” section of our 2014 Proxy Statement, and the compensation of our Named Executive Officers, as disclosed in our 2014 Proxy Statement.

In the section entitled “*Compensation Discussion and Analysis*,” you will find a description of our executive compensation practices and objectives. Please also refer to the compensation tables and narrative discussion appearing under “*Executive Compensation and Other Matters*,” which provide detailed information about the compensation of our Named Executive Officers. Our Compensation Committee and Board believe that our compensation practices are effective in achieving our executive compensation objectives and that the compensation of our Named Executive Officers as disclosed in this Proxy Statement reflects and supports the appropriateness of our executive compensation philosophy and practices.

This Proposal Three, commonly known as the “say on pay” proposal, gives the Company’s shareholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers described in this Proxy Statement.

Accordingly, we invite you to carefully review the sections in this proxy entitled “*Compensation Discussion and Analysis*” and “*Executive Compensation and Other Matters*” and cast a vote to approve the following non-binding resolution:

RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Vote Required and Board Recommendation

To be approved, Proposal Three requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting in person or by proxy.

A vote on this proposal is not binding on the Board or the Company. Although the vote is non-binding, our Compensation Committee will review and consider the voting results when evaluating the compensation program for our Named Executive Officers.

<p>The Board of Directors recommends that shareholders vote “FOR” approval of the Company’s compensation of its Named Executive Officers as disclosed in this Proxy Statement.</p>

CORPORATE GOVERNANCE

Corporate Governance Principles and Materials

We are committed to the enhancement of long-term shareholder value with the highest standards of integrity and ethics. With that in mind, our Board has adopted a set of Corporate Governance Principles that, along with our Amended and Restated Certificate of Incorporation and Bylaws, provide an effective corporate governance framework for Team that reflects our core values and provides a foundation for our governance. In support of our Corporate Governance Principles, our Board has adopted charters for each of the committees of the Board, a Code of Ethical Conduct for all of our directors, officers and employees and a Corporate Social Responsibility Policy. We believe that we have established procedures and have practices in place which are designed to enhance and protect the interests of our shareholders.

The following corporate governance materials are available and can be viewed and downloaded from our website at www.teamindustrialservices.com on the “Investors” page under “Corporate Governance”:

- (i) the Company’s Corporate Governance Principles;
- (ii) charters for the Audit Committee, the Compensation Committee, the Executive Committee and the Corporate Governance and Nominating Committee;
- (iii) the Company’s Code of Ethical Conduct; and
- (iv) the Company’s Corporate Social Responsibility Policy.

A copy of these materials is available to shareholders free of charge upon written request to the Company’s Secretary at: Team, Inc., Attention: André C. Bouchard, Corporate Secretary, 13131 Dairy Ashford, Suite 600, Sugar Land, Texas 77478.

Director Independence

Our Board believes that the interests of our shareholders are best served by having a predominate number of objective, independent representatives on the Board. Consistent with the rules of the NYSE, our Corporate Governance Principles require that a majority of our Board be composed of independent directors. A director will be considered “independent” only if the Board affirmatively determines that the director does not have any direct or indirect material relationship with Team that may impair, or appear to impair, the director’s ability to make independent judgments.

On an annual basis each member of our Board and each executive officer is required to complete a directors’ and officers’ questionnaire that includes disclosure of any transactions with the Company in which the member of the Board or executive officer, or any member of his immediate family, has a direct or indirect material interest. In addition, each member of the Board conducts an annual self-evaluation with respect to the Board and any committees on which the member serves.

The Board has evaluated all relationships between each of our directors and director nominees and has determined that, except for Messrs. Hawk and Owen, all the directors are “independent” as that term is defined in the applicable rules of the NYSE and consistent with our Corporate Governance Principles. In making this determination, the Board considered any transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported under “*Compensation Committee Interlocks and Insider Participation*” and “*Transactions with Related Persons*,” below. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. With the exception of the Chief Executive Officer (“CEO”), Mr. Hawk, and the President and Chief Financial Officer (“CFO”), Mr. Owen, no director or nominee is currently, or was within the past three years, employed by the Company, its subsidiaries or affiliates. In addition, there are no family relationships between any nominees, directors and senior executive officers of the Company. Messrs. Hawk and Owen are not independent because of their employment as the CEO and CFO of the company, respectively.

Our Audit, Compensation, and Corporate Governance and Nominating Committees are composed entirely of independent directors. In addition, our Board provides for regularly scheduled meetings of the independent directors. During fiscal 2014, the independent directors met as a group 10 times. These meetings were conducted, without any member of management or employees of Team present, to discuss matters related to the oversight and governance of Team, compliance with NYSE and SEC rules, and the performance of our senior executives.

Our Board will continue to monitor the standards for director independence established under applicable law and the NYSE listing requirements and will ensure that our Corporate Governance Principles remain consistent with those standards.

Leadership Structure

Our By-laws provide that the Board should have the flexibility to determine the appropriate leadership of the Board, and whether the roles of Chairman and Chief Executive Officer should be combined or separate. Our Board has determined that the leadership structure of our Board should include either an independent non-executive chairman of the Board or a lead director who satisfies our standards for independence. We believe our current structure, with a combined CEO and Chairman of the Board, an independent Lead Director, and independent directors as chairs and members of each committee, is in the best interests of the Company and its shareholders. The Board believes that the appointment of a Lead Independent Director achieves many of the benefits claimed to result from the separation of the Chairman of the Board and the CEO roles. The Board believes that Mr. Hawk, our current Chairman and Chief Executive Officer, with his industry expertise, financial expertise, and in-depth knowledge of Team and its business, is the correct person to fill both roles. The Board reviews its leadership structure from time to time to assess whether it continues to serve the best interests of the Company and its shareholders.

As part of the recently announced leadership transition plan discussed below in, *Succession Planning—Leadership Transition Announcement*, our current CEO, Mr. Hawk, will transition his duties as the CEO to Mr. Owen and Mr. Hawk will become our executive chairman. Following the implementation of this leadership transition, our Board will maintain the position of independent lead director, Mr. Hawk will serve as executive chairman and Mr. Owen will serve as the CEO. With the extensive industry experience and in-depth knowledge of our business possessed by Messrs. Hawk and Owen, our Board believes this new leadership structure will continue to serve the best interests of Team and its shareholders.

Our Board designated the position of Lead Independent Director in order to clarify and centralize the work of the independent directors. To further clarify the role of the independent directors in the governance of the Company, our Board established duties and responsibilities for the position of Lead Director. Mr. Waters was appointed to this position by the independent directors and has served as our Lead Director since June 2007. The Lead Director:

- (i) presides at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors, and sets agendas for executive sessions;
- (ii) assists the Chairman in the management of Board meetings;
- (iii) monitors and responds directly to shareholder and other stakeholder questions and comments that are directed to the Lead Director or to the independent directors as a group, with consultation with the Chairman and CEO or other directors or management as the Lead Director deems appropriate;
- (iv) reviews and coordinates meeting agendas, information, number of Board meetings and schedules for the Board;
- (v) ensures personal availability for consultation and communication with independent directors and with the Chairman and CEO or management, as appropriate;
- (vi) provides guidance on director orientation; and

(vii) calls special meetings of the independent directors in accordance with our Bylaws, as the Lead Director deems appropriate.

Our Senior Vice President, Administration, General Counsel and Secretary supports the Lead Director in fulfilling the Lead Director role.

Communications with the Board of Directors

Our Board has established a process for our shareholders and other interested parties to communicate with the Lead Director, the Board as a whole, the independent directors as a group, any Board Committee, or any individual member of the Board. Such communication should be in writing, addressed to the Board or an individual director to: Team, Inc., 13131 Dairy Ashford, Suite 600, Sugar Land, Texas 77478, c/o André C. Bouchard, Corporate Secretary. All such correspondence is reviewed by our Secretary's office, which forwards the material to the applicable director.

Director Education

In accordance with our Corporate Governance Principles, each member of the Board is provided with a membership in the National Association of Corporate Directors and is encouraged to participate in continuing director education programs paid for by the Company.

Succession Planning—Leadership Transition Announcement

Our Board has the responsibility to ensure that the leadership of our Company is meeting the current and future needs of Team. The Compensation Committee and Corporate Governance and Nominating Committees annually report to the Board on succession planning and collaborate with the Board to evaluate potential successors to our CEO and other senior executives. As part of this process, the Compensation and Corporate Governance and Nominating Committees solicit views from the non-management members of the Board and from senior management of the Company.

As part of our leadership transition plan, we announced in July 2014 that Mr. Owen was promoted to President and CFO of the Company and elected to our Board of Directors. At the same time, our Chairman and CEO, Mr. Hawk, announced his intent to transition his responsibilities as our CEO to Mr. Owen within the next few months. At that time, Mr. Hawk will become Team's Executive Chairman. Mr. Owen is continuing to serve as our CFO until his CFO successor is in place.

Share Ownership Guidelines; Restrictions on Trading in Company Securities

In an effort to more closely link our non-employee directors' financial interests with those of our shareholders, our Board established share ownership guidelines for our non-management directors. Under these guidelines, our non-management directors are expected to own Common Stock of Team valued at a minimum of \$150,000. Newly appointed directors are expected to meet or exceed these guidelines within three years of joining the Board. All of our directors currently meet or exceed these share ownership guidelines.

In an effort to align the financial interests of our senior executives with those of our shareholders, our Board established share ownership guidelines for our senior executives. Under these guidelines, our CEO is expected to own Common Stock of Team valued at three times his base salary. The guideline for the rest of our senior executives is one times their base salary. Newly appointed senior executives are expected to meet or exceed these guidelines within five years of entering their respective positions. Our CEO and all of our executive officers meet or exceed these share ownership guidelines.

Because short-range speculation in our securities based on fluctuations in the market may cause conflicts of interests with our shareholders, our Insider Trading Policy and our Corporate Governance Principles, applicable to our directors and executive officers, prohibit trading in options, warrants, and puts and calls related to our securities and prohibit selling our securities short. In addition, unless approved by our General Counsel, our Insider Trading Policy and our Corporate Governance Principles prohibit our directors and executive officers from holding our securities in margin accounts or pledging our securities as collateral for a loan. In evaluating requests to hold our securities in a margin account or pledge our securities, our General Counsel considers a number of factors, including, but not limited to: the total stock holdings of the individual, the amount of Company securities to be pledged or secured, the potential impact of a margin or loan call, the position of the individual with our Company, whether the pledge is part of a loan where lender has recourse against all assets of the individual and whether the pledge excludes Company shares required to meet our share ownership guidelines. No director or executive officer of the Company holds our securities in a margin account or has our securities pledged as collateral for a loan.

Board's Role in Risk Oversight

Our Board has responsibility for the oversight of risks that could affect the Company. This oversight is conducted primarily through the Board with respect to significant matters, including the strategic direction of the Company, and by the various committees of the Board in accordance with their charters. The Board satisfies its risk oversight responsibilities through receipt of reports from each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from executives responsible for oversight and management of particular risks within Team. The Board continually works, with the input of the Company's senior executives to assess and analyze the most likely areas of future risk for Team. On an annual basis our senior management updates and reviews our enterprise risk management process with the Board. Directors also have complete and open access to all of our employees and are free to, and do, communicate directly with our management. In addition to our formal compliance programs, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations.

Overview of Risk of Company Compensation Policies and Practices

The Compensation Committee, with the assistance of the Company's other independent directors and senior management, has determined that the Company's compensation policies and practices do not motivate imprudent risk taking. This determination has taken into account the following design elements of our compensation policies and practices: mixture of cash and equity compensation, mixture of performance time horizons, use of financial metrics balanced to promote long term Company goals, avoidance of uncapped awards, executive share ownership and holding requirements, no defined benefit or special executive retirement benefit plans and a rigorous auditing, monitoring and enforcement environment. The Committee continues to monitor its compensation policies and practices to determine whether its risk management objectives are being satisfied.

Meetings and Committees of the Board

Board of Directors

Currently, our Board is comprised of seven directors, each serving a three-year term or until his successor is duly elected and qualified.

Our Board held ten (10) meetings during the fiscal year ended May 31, 2014. No director attended fewer than 75% of the meetings held during the period for which he served as a member of the Board and the committees on which he served. We do not have a formal policy regarding director attendance at our annual meetings of shareholders; however, we do encourage all directors to attend all meetings of shareholders. All directors were in attendance at our 2013 Annual Meeting of Shareholders.

Our Board has an Executive Committee, an Audit Committee, a Compensation Committee, and a Corporate Governance and Nominating Committee. Each committee maintains its own written charter, which can be viewed and downloaded from our website at www.teamindustrialservices.com on the “Investors” page under “Corporate Governance.”

Executive Committee

Our Executive Committee is currently composed of Messrs. Hawk (Chairman), Waters and Williams. The Executive Committee is responsible for assisting with the general management of the business and affairs of Team as needed during intervals between meetings of the Board. The Executive Committee had no meetings during fiscal 2014.

Audit Committee

Our Audit Committee is currently composed of Messrs. Foster (Chairman), Johnson, Waters and Williams. The Audit Committee is charged with the duties of recommending the appointment of the independent auditor; reviewing their fees and approving the services to be performed; ensuring that proper guidelines are established for the dissemination of financial information to the shareholders; meeting periodically with the independent auditors, the Board and certain officers of Team and its subsidiaries, including the General Counsel and Director of Audit Services in executive session without other members of management present, to ensure the scope and adequacy of internal and financial controls and reporting; reviewing consolidated financial statements; providing oversight to our internal audit function; and performing any other duties or functions deemed appropriate by the Board. The Board has determined that Mr. Foster is an “audit committee financial expert” within the meaning of applicable SEC regulations. In addition, the Board has determined that each member of the Audit Committee is independent and meets the financial literacy requirements as defined by the applicable listing requirements of the NYSE. The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Audit Committee met eight (8) times during fiscal 2014. Further information regarding the Audit Committee is set out in the “*Audit Committee Report*” below.

Compensation Committee

Our Compensation Committee is currently composed of Messrs. Johnson (Chairman), Lescroart, Waters and Williams. The Compensation Committee reviews management performance and reviews and approves the amounts and types of compensation to be paid to the Chairman and CEO and our other senior executives. The Compensation Committee met six (6) times during fiscal 2014. Further information regarding the Compensation Committee is set out in the “*Compensation Discussion and Analysis*” section below.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee was, during fiscal 2014, an officer or employee of Team or any of its subsidiaries, or was formerly an officer of Team or any of its subsidiaries or had any relationship requiring disclosure by Team. During fiscal 2014, no executive officer of Team served as (i) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of

whose executive officers served on the Compensation Committee of the Board, (ii) a director of another entity, one of whose executive officers served on the Compensation Committee of the Board, or (iii) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served as a director of Team.

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee is composed of Messrs. Williams (Chairman), Foster and Waters. The Corporate Governance and Nominating Committee, which met three (3) times during fiscal 2014, is charged with recommending director nominees to the Board; evaluating the contribution and performance of members and committees of the Board; administering the annual self-evaluation of Board performance; developing appropriate corporate governance principles for Team; and ensuring the processes of the Board are sufficient and consistent with its oversight role of Team. Each member of the Corporate Governance and Nominating Committee is independent, as defined by the applicable listing requirements of the NYSE.

In considering whether to recommend directors who are eligible to stand for re-election, the Corporate Governance and Nominating Committee may consider a variety of factors, including a director's contribution to the Board and the ability to continue to contribute productively, attendance at Board and committee meetings and compliance with our Corporate Governance Principles, as well as whether the director continues to possess the attributes, capabilities and qualifications considered necessary or desirable for board service, the results of the annual board self-evaluation, the independence of the director and the nature and extent of the director's non-Company activities. Team does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Board strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills, and expertise to oversee the Company's businesses.

The Board regularly evaluates the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. Whenever a vacancy occurs in the Board, either because of a newly-created director position or the resignation or retirement of an existing director, the Board, acting on the recommendation of the Corporate Governance and Nominating Committee, may select a person to fill the vacancy and that person shall serve as a director until the next annual meeting, at which time such person (or another Board nominee) shall be submitted to our shareholders for election to the Board. The Corporate Governance and Nominating Committee will consider director nominees who the Committee believes have demonstrated a high level of personal and professional integrity and exceptional ability and judgment. The Corporate Governance and Nominating Committee is authorized to use any method it deems appropriate for identifying candidates for Board membership, including recommendations from current directors, management, our shareholders and others. The Corporate Governance and Nominating Committee may engage outside search firms to identify suitable candidates. The Corporate Governance and Nominating Committee is also authorized to engage in whatever investigation and evaluation process it deems appropriate, including a thorough review of the candidate's background, characteristics, qualities and qualifications and personal interviews with the Committee as a whole, one or more members of the Committee, or one or more other Board members. The Corporate Governance and Nominating Committee will examine whether a director nominee is likely to be effective, in conjunction with other nominees and the continuing directors, in serving the long-term interest of our shareholders. The Corporate Governance and Nominating Committee will also examine other qualifications of a director nominee as listed in our Corporate Governance Principles, including experience in formulating policy in areas relevant to Team's activities as well as skills and business experience that complement the other directors on the Board.

The Corporate Governance and Nominating Committee and the Board will consider nominees for the Board that are recommended by any of our shareholders entitled to vote for the election of directors in the same manner as other candidates. A nominating shareholder must submit any recommendation in writing in conformity with the requirements of our Bylaws as summarized in the *Shareholder Proposals* section of this Proxy Statement.

Such recommendation must be accompanied by a description of each nominee's qualifications, experience and background, as well as a statement signed by each such nominee consenting to being nominated and, if elected, to serving as director. In addition, any nominee for election as Director must complete a questionnaire, in a form provided by the Company that inquires as to, among other issues, the proposed nominee's independence. In particular, candidates must represent that they do not have, nor will they have, any undisclosed voting commitments or other arrangements with respect to their actions as a director.

Periodic Performance Evaluations of Directors

The Corporate Governance and Nominating Committee conducts periodic individual director performance reviews, particularly when a director is standing for re-election.

COMPENSATION OF DIRECTORS

In setting non-employee director compensation, our Compensation Committee considers factors it deems appropriate, including market data, and recommends the form and amount of compensation to the Board for approval. Our directors are compensated with a mix of cash and stock-based compensation. The stock-based compensation is awarded under our Restated Non-Employee Directors Stock Plan (“Non-Employee Director Plan”). The purpose of our Non-Employee Director Plan is to attract and retain the services of experienced and knowledgeable independent individuals as directors, to provide them with a proprietary interest in Team so that the directors will have the financial incentive to apply their best efforts for the benefit of Team and our shareholders, and to provide directors with an additional incentive to continue in their positions.

In fiscal 2014, all of our non-employee directors received a base annual cash fee of \$45,000. In addition to the base annual cash fee, the Chairman of the Audit Committee receives an additional \$15,000, the Chairman of the Compensation Committee receives an additional \$7,500, the Chairman of the Corporate Governance and Nominating Committee receives an additional \$5,000 and other members of the Audit Committee receive an additional \$5,000 in annual cash fees. The annual cash fees were paid in four equal quarterly installments. Non-employee directors do not receive meeting fee payments.

In addition to the annual cash fees, all non-employee directors receive an additional \$70,000 in annual stock-based compensation under our Non-Employee Director Plan. During fiscal 2014, each non-employee director received the annual stock award in Common Stock valued at \$70,000 (1,790 shares) on September 27, 2013. See the “*Director Compensation*” table below. No stock options were issued under the Non-Employee Director Plan in fiscal 2014.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our executive compensation policies are designed to provide aggregate compensation opportunities for our senior executives, including the Named Executive Officers (identified below under “*Executive Compensation and Other Matters*”), that are competitive in the business marketplace and that are based upon Company and individual performance. Our foremost objectives are to:

- attract, motivate, reward, and retain the broad-based management talent required to achieve our corporate objectives and
- align executive pay and benefits with the performance of Team.

Role of the Compensation Committee

The Compensation Committee, composed entirely of independent directors, reviews and approves our executive compensation program for all senior executive officers, including the Named Executive Officers, to ensure that our compensation program is adequate to attract, motivate, and retain well-qualified senior executives and that it is directly and materially related to the short-term and long-term objectives of Team and our shareholders and to Team’s operating performance. The Compensation Committee annually reviews and evaluates our executive compensation program to ensure that the program is aligned with our compensation philosophy. To carry out its role, among other things, the Compensation Committee:

- reviews the major compensation and benefit practices, policies, and programs with respect to our senior executives;
- reviews appropriate criteria for establishing performance targets for senior executive compensation;
- determines appropriate levels of senior executive compensation;
- administers and makes recommendations to the Board with respect to severance and change in control arrangements pertaining to our senior executives (described below under “*Senior Management Compensation and Benefit Continuation Policy*”);
- administers and determines equity awards to be granted under our stock incentive plan; and
- reviews and recommends to the Board any changes to director compensation.

The Compensation Committee is authorized to act on behalf of the Board on all issues pertaining to the compensation of our senior executive officers, including individual components of total compensation, goals and performance criteria for incentive compensation plans, the grant of equity awards, and short and long-term incentive plan design. However, it is the practice of the Compensation Committee to fully review its activities and recommendations with the full Board.

Compensation Philosophy and Process

Our compensation philosophy, as implemented through the Compensation Committee, is to match executive compensation with the performance of Team and the individual by using several compensation components for our senior executives. The Compensation Committee endeavors to support our commitment to generating increases in shareholder value. In addition, the Compensation Committee reviews each senior executive’s ownership interest in Team in compliance with our share ownership guidelines for senior executives (described above under “*Corporate Governance—Share Ownership Guidelines; Restrictions on Trading in Company Securities*”). Our compensation and related programs are designed to reward and motivate our senior executives for the accomplishment of specific goals established by our Compensation Committee, for demonstrated commitment to our shareholders by increasing shareholder value and to recruit and retain key executives. The components of the compensation program for our senior executives consists of:

- annual base salaries;

- annual performance-based incentives paid in cash;
- long-term performance-based incentives issued as equity awards in accordance with Team’s stock incentive program; and
- benefits.

We offer no special executive perquisites. Our senior executive officers participate in the same benefit plans as our other employees. We do not provide supplemental executive retirement plans, deferred compensation programs, special allowances, or special medical or insurance plans. While committed to maintaining a competitive overall executive compensation program, the Compensation Committee prefers this streamlined approach with minimal special executive benefits.

Our overall compensation philosophy is to target base compensation for our senior executives at approximately the market median for similarly situated executives, adjusted to support Company objectives, and to provide opportunities to exceed the targeted median incentive compensation levels through annual performance-based incentives paid in cash and through long-term performance-based incentives. In certain circumstances, we may target base and incentive compensation above or below the competitive median to help attract or retain senior executives, as necessary, or to recognize differences in their qualifications, responsibilities, role criticality and/or potential. In evaluating senior executive performance for establishing the components of our compensation program, on an annual basis we consider a variety of factors including: the economic environment, Company operating and financial performance, subjective evaluations of the performance of the senior executive officers, retention, past contributions and future potential. In evaluating the subjective performance, past contributions and future potential of our senior executives, we consider a variety of criteria, including, job knowledge and technical skills, key decision-making abilities, management of the Company’s risk profile, achievement of strategic goals of the Company, advancement in role and responsibility, management of personnel and departments, achievement and contribution to special projects and transactions, communication effectiveness, and planning and organizational ability. We believe these targeted levels are appropriate in order to motivate, reward, and retain our senior executives, each of whom has leadership talents and expertise that make him attractive to other companies.

Additionally, we believe our compensation program is designed to encourage executives not to take unreasonable risks that may harm shareholder value. This is achieved by striking an appropriate balance between short-term and long-term incentives, by placing caps on our incentive award payout opportunities, and by maintaining Company stock ownership requirements.

The Compensation Committee directs the preparation by management of detailed compensation tally sheets for each of our senior executives. The tally sheets serve as an informational tool designed to provide the Committee with details concerning each of the material elements of compensation awarded to our most senior officers, to provide an evaluation of internal equity, and to highlight the individual compensation items in relation to the total compensation for each senior executive. The Committee does not directly use the tally sheets as a basis to determine or modify the compensation of any of the Named Executive Officers.

From time to time, the Compensation Committee has retained third party independent consultants and other experts it deems necessary to provide advice as to market levels of compensation, compensation program design and compensation trends. The last time the Compensation Committee engaged a compensation consultant to review our executive compensation program was in 2011 when the Compensation Committee commissioned an executive compensation study by Longnecker & Associates (“Longnecker”) that was completed in the spring of 2011 to provide benchmarking data and recommendations for senior executive compensation for fiscal 2012. No independent compensation consultant was retained by the Compensation Committee in 2012, 2013 or 2014.

Advisory Vote on Executive Compensation

In making executive compensation determinations, the Compensation Committee considered the results of the non-binding, advisory proposal on our executive compensation program set forth in our 2013 Proxy

Statement. At our 2013 Annual Meeting of shareholders, 99% of our shareholders who voted (excluding broker non-votes) approved our executive compensation program and approximately 92% of the votes cast (including broker non-votes) voted for approval of the say-on-pay advisory vote. Although non-binding, the Compensation Committee will continue to consider the results from this year's and future advisory shareholder votes regarding our executive compensation program along with the other factors listed in this "*Compensation Discussion and Analysis*" section.

Benchmarking Tools

In reviewing the appropriate range of overall compensation and the appropriate ranges of the components of compensation, the Compensation Committee also considers, from time to time, the competitiveness of our compensation program against our peer companies, generally when a compensation consultant is utilized, in order to attract and retain highly qualified executives. To facilitate this objective, the Compensation Committee may consider various compensation surveys and proxy statement compensation information for companies of comparable size and complexity to us and with whom we compete for talent.

Role of the External Compensation Advisor

In June 2013, the Compensation Committee revised and restated its charter and, among other things, adopted new requirements related to retaining or seeking advice from compensation consultants, outside counsel and other advisors (other than the Company's in-house counsel). Under the recently adopted requirements, the Committee must take into consideration the factors affecting independence as specified by the SEC and the New York Stock Exchange.

The last peer group analysis was conducted in the spring of 2011, when the Compensation Committee engaged Longnecker as its external compensation advisor. Longnecker's primary tasks included advising the Compensation Committee in its evaluation of the Company's overall compensation program for senior executives as benchmarked against industry peer organizations and to provide benchmarking data for non-management director compensation.

In May 2011, Longnecker presented the Compensation Committee with an evaluation of the Company's overall compensation program for its senior executives and made recommendations with respect to value ranges of long-term incentive grants as well as the form of such equity compensation. Longnecker's analysis was utilized by the Compensation Committee in their consideration of all aspects of the Company's compensation programs and to establish base salaries, short-term cash incentives and long term equity incentive awards for our senior executive officers and to determine non-employee director compensation for fiscal 2012. Longnecker was engaged by, and reported directly to, the Compensation Committee. Longnecker was selected by the Compensation Committee in 2011 after the Compensation Committee requested proposals from three compensation consulting firms and the Chairman of the Compensation Committee conducted interviews with each of the consulting firms. Both Longnecker and the Compensation Committee acknowledged that, in order to perform the services requested by the Compensation Committee, Longnecker needed to obtain information and data from, and otherwise interact with management. Management did not, however, direct Longnecker's activities. Other than previous services provided for the Compensation Committee, Longnecker has not performed any other services for the Company.

Peer Analysis

In addition to such factors as Company and individual performance, the Compensation Committee from time to time also considers the competitiveness of the Company's compensation programs as compared to its "peer group." No peer groups were evaluated or reviewed in fiscal 2012, 2013 or 2014.

Annual Base Salaries

The Compensation Committee considers adjustments to base salary for our senior executives on an annual basis and may do so more frequently upon a change in circumstances. The annual base salary of our CEO is

decided solely by the Compensation Committee in executive session without management present. The annual base salaries of other Named Executive Officers are determined by the Compensation Committee with input or recommendations from our CEO. None of the Named Executive Officers have employment agreements. The Compensation Committee believes that salary levels should generally be targeted at the median level for the competitive market, with consideration for internal equity and the unique qualifications, expertise and experience of the individual executives, because it believes that level is appropriate to motivate and retain our Named Executive Officers.

Fiscal 2014 Salary Decisions

For fiscal 2014, Mr. Hawk received no base salary increase and Messrs. Owen, Wallace, Victorson and Ott received a base salary increase as part of the Compensation Committee's annual merit review that was made fully effective in August 2013. In awarding these salary adjustments, the Committee considered the promotions and resulting increase in individual performance and responsibilities of some of the Named Executive Officers and as discussed in the above section entitled "*Compensation Philosophy and Process.*" Mr. Hawk's base salary for fiscal 2014 remained at \$578,000. In August 2013, the Committee elected to increase the fiscal 2014 base salaries of each of our other Named Executive Officers. The annual base salaries of Messrs. Owen and Wallace were increased 3% and, in recognition of their promotions, Messrs. Victorson's and Ott's base salaries were increased by 10% and 28%, respectively. The fiscal 2014 base salaries for the Named Executive Officers were increased to the following amounts: Mr. Owen \$354,000, Mr. Wallace \$339,000, Mr. Victorson \$345,000 and Mr. Ott \$300,000. This increased amount is included in the base salary amounts described above. Due to timing of pay increases and other payroll processes, the actual base salaries paid in a fiscal year can vary from those described. Information on the amounts actually earned by the Named Executive Officers in fiscal 2012, 2013 and 2014 can be found in the "*Summary Compensation Table*" below.

Annual Performance Based Incentives Paid in Cash

We use annual performance-based incentives paid in cash to focus our senior executives on financial and operational objectives that the Compensation Committee believes are primary drivers of our Common Stock price over time and to reward the achievement of short-term financial and operational performance, the execution of strategic objectives, individual contributions to Team results and to provide timely recognition of performance and accomplishments. The Compensation Committee believes that overall levels of annual performance-based incentives paid in cash should be consistent with the overall strategic, financial and operational performance of Team. The annual performance-based incentive plan for senior executives is approved by the Compensation Committee and our shareholders (the "Executive Bonus Plan"). In addition to the Executive Bonus Plan, Mr. Ott also participates in a bonus plan for the Quest Integrity business unit based upon the performance of his business unit as described in this section below.

Our Executive Bonus Plan is an annual performance-based incentive plan for our senior executives based upon our annual operating plan and budget approved by our Board. The performance goals established by the Compensation Committee under the Executive Bonus Plan for fiscal 2014 were based upon financial measures which made up 80% of the goal and operational measures which made up 20% of the goal. The performance goals are set forth below under "*Fiscal 2014 Performance-Based Incentives Paid in Cash.*" For the Executive Bonus Plan performance measures, the Compensation Committee annually establishes and approves the performance metrics, levels and relevant weighting of each metric based upon their assessment of the probability of achieving the metrics at different thresholds. The Compensation Committee establishes performance metrics for the financial portion of the Executive Bonus Plan based on the level of financial achievement of the Company as measured against our annual budget for fully diluted earnings per share ("FDEPS") and operating profit for each of our Mechanical Services and Inspection and Heat Treating business units. For the operational portion of the Executive Bonus Plan, the Compensation Committee establishes performance metrics based upon the level of achievement of the Company as measured against operational targets established by the Compensation Committee. In establishing operational measures, the Compensation Committee may give consideration to a

broad range of operational metrics such as: achievement of defined safety performance metrics; achievement of defined operational goals; achievement of strategic aims and targets; achievement and contribution to special projects and transactions; management of the Company's risk profile; and key decision-making. For each performance metric, the Compensation Committee sets target, threshold and maximum performance levels. A participating senior executive would be eligible to receive 100%, 50% or 150% to 200% of their target annual cash incentive compensation, respectively, based on overall performance at the corresponding performance levels.

Our CEO provides the Compensation Committee with performance-based incentive recommendations for each senior executive, other than himself, as well as a proposed total performance-based incentives pool for all of our employees. The Compensation Committee assesses the performance recommendations for all of our senior executives and determines the appropriate performance-based incentive recommendation for each of our senior executives, including the CEO, in view of Team's overall performance, the individual performance of the senior executives, and the resulting size of the overall performance-based incentive pool relative to Team's earnings.

In addition to the quantitative measures, the Compensation Committee has discretion to approve payouts for performance above or below (as part of, or separately from, the Executive Bonus Plan) any of the performance metrics in order to take into account extraordinary, special or unexpected market, business or individual performance events. In assessing any discretionary amounts to award, the Compensation Committee may give consideration to a broad range of performance and contribution criteria, along with assessments of external benchmarking, overall role and responsibilities and internal equity as more fully described above under "*Compensation Philosophy and Process.*"

In addition, to the Executive Bonus Plan, one of our senior executives, Mr. Ott, participates in the Quest Integrity Bonus Plan. The plan is an annual incentive-based, bonus plan for all employees of our Quest Integrity business unit. Mr. Ott participates in this annual bonus plan on the same basis as the other plan participants. Under the Quest Integrity Bonus Plan a bonus pool is earned based upon the financial performance of the Quest Integrity business unit during the fiscal year. As with all our annual employee bonus plans, the Compensation Committee reviews and approves all of these bonus pools, including the Quest Integrity Bonus Plan pool. Participant payouts are discretionary based upon an analysis of the leadership and other contributions made to the performance by the various business groups and individual plan participants. Mr. Ott makes recommendations for payouts under the plan to our CEO. Our CEO then makes recommendation to our Compensation Committee, including a recommendation for Mr. Ott, which approves any award to Mr. Ott under the Quest Integrity Bonus Plan.

Fiscal 2014 Performance-Based Incentives Paid in Cash

For fiscal 2014, our senior executives participated in an annual bonus program based upon the Executive Bonus Plan approved by our shareholders at the 2012 Annual Meeting of Shareholders. In addition, Mr. Ott participated with other Quest Integrity employees in the Quest Integrity Bonus Plan. For fiscal 2014, the performance goals established by the Compensation Committee under the Executive Bonus Plan were based on financial measures accounting for 80% of the goal and operational measures accounting for 20% of the goal. For fiscal 2014, the financial measure used for Messrs. Hawk, Owen and Ott under the Executive Bonus Plan was FDEPS, because for fiscal 2014 Messrs. Hawk, and Owen had overall corporate responsibility. Mr. Ott's incentive compensation opportunities were divided between the Executive Bonus Plan and the Quest Integrity Bonus Plan based upon his role as President of our Quest Integrity business unit and as a corporate officer. The Quest Integrity Bonus Plan does not have individual performance goals. The bonus pool and any payments to Mr. Ott under the Quest Integrity Bonus Plan are reviewed and approved by the Compensation Committee. The Compensation Committee believes FDEPS is the best measure reflecting appropriate growth of the Company and our stock price performance for assessing overall corporate performance. For fiscal 2014, the financial measures adopted for Messrs. Victorson and Wallace was based 50% on FDEPS and 50% on the operating profits achieved by the Mechanical Services and Inspection and Heat Treating business units, respectively. In establishing these performance measures, the Compensation Committee determined that, as the senior managers for the business units, Messrs. Victorson and Wallace should have a significant portion of their annual cash incentive

compensation directly tied to the operating results of the business unit they operate and a portion tied to overall Team performance. For fiscal 2014, due to the importance of strong safety performance to the Company and to our employees, the Compensation Committee established an operational goal of achievement of a specified safety objective target established by the Compensation Committee based upon the Company's global total recordable incident rate ("TRIR"). Additional information regarding the threshold, target and maximum performance objectives is reported in footnote 1 under the "*Grants of Plan-Based Awards*" table.

For fiscal 2014, the Compensation Committee established the target FDEPS performance objective for the Executive Bonus Plan at \$2.00, the operating profits target for the Inspection and Heat Treating business unit at \$50.14 million and the operating profits target for the Mechanical Services business unit at \$37.36 million (collectively the "Operating Profits Target") and the target safety performance measure as achievement of a global TRIR for the Company of 0.45. Our actual fiscal 2014 adjusted FDEPS was \$1.48, the fiscal 2014 operating profit for the Inspection and Heat Treating business unit was \$45.6 million, the operating profit for the Mechanical Services business unit was \$26.2 million and the Global TRIR for the Company was 0.58.

Based on the Company's fiscal 2014 performance objectives established under the Executive Bonus Plan: (i) we did not achieve our threshold FDEPS performance objective, (ii) our Inspection and Heat Treating business unit achieved 91% of its operating profits target, (iii) our Mechanical Services business unit did not achieve its minimum operating profits target, and (iv) we achieved 75% of our safety performance target for the year.

In accordance with the Executive Bonus Plan, Messrs. Hawk, Owen, Wallace and Ott were paid 0% of their financial performance goal and 75% of their operational goal or at 15% of their overall target annual cash incentive compensation. Mr. Victorson was paid 31% of his financial performance goal and 75% of the Company operational goal, or at 47% of his overall target annual cash incentive compensation. For Fiscal 2014, the Compensation Committee approved awards of annual bonuses of \$60,000 to Mr. Hawk, \$36,000 to Mr. Owen, \$36,000 to Mr. Wallace, and \$110,000 to Mr. Victorson. The Compensation Committee awarded Mr. Ott a bonus of \$105,000, consisting of \$90,000 under the Quest Integrity Bonus Plan and \$15,000 earned under the Executive Bonus Plan. The Compensation Committee determined that these bonus awards are consistent with our compensation philosophy for the Executive Bonus Plan and the Quest Integrity Bonus Plan because they strike an appropriate balance between the incentive for achievement of short-term financial and operational performance with the incentive for the execution of strategic objectives, individual contributions to Company results and to pay annual incentives consistent with the overall performance of Team. Additional Information on the amounts earned by the Named Executive Officers under the Executive Bonus Plan in fiscal 2012, 2013 and 2014 can be found in the "*Summary Compensation Table*" below.

Long-Term Incentive Compensation

Our Compensation Committee believes that long-term incentive awards should strengthen alignment with our shareholders, provide incentives tied to our performance and serve as a retention vehicle. The Compensation Committee designs its long-term incentive award programs to directly align rewards with our shareholder returns and share performance, to create a significant retention mechanism for our key employees, to provide a unifying reward structure across our Company and to support entrepreneurial and long-term strategic perspectives. The Compensation Committee determines and approves all long-term incentive awards, subject to our shareholder-approved stock incentive plans.

The Compensation Committee believes that restricted stock units with time-based vesting will act as a retention tool, because the stock will retain some value regardless of our stock price, and create alignment with shareholder interests because the restricted stock value changes as our stock price changes. Additionally, the Compensation Committee has awarded restricted stock units with performance and time-based vesting for the purpose of preserving the tax deductibility of such compensation as described below.

Our shareholders approved the Stock Incentive Plan at our 2006 Annual Meeting of Shareholders that allows the Compensation Committee greater flexibility in the structure of specific awards and approved various amendments in 2007, 2008 and 2009. In August 2011, our shareholders approved an amendment to the Stock Incentive Plan to increase the number of authorized shares available to grant under the Stock Incentive Plan. We currently maintain the following processes relating to the granting of equity awards:

- all equity grants require the approval of the Compensation Committee;
- we do not grant equity awards retroactively; and
- we do not purposefully schedule equity awards prior to disclosure of favorable information or after the announcement of unfavorable information.

Our CEO makes recommendations to the Compensation Committee regarding the annual long-term incentive awards for our other executives, as well as other Team employees. The Compensation Committee independently reviews the data, considers the CEO's proposals, consults with outside experts as needed, and makes its own determinations for the granting of any equity-based awards. In awarding long term incentives, the Compensation Committee considers the level of responsibility, prior experience and achievement of individual performance criteria, as well as peer company comparisons and other factors which are described more fully in the discussion of our "*Compensation Philosophy and Process*" presented above. In addition, the Compensation Committee also considers past grants of long-term incentive awards, as well as current equity holdings of our executives.

Fiscal 2014 Long-Term Incentive Awards

In fiscal 2014, the Compensation Committee established annual long-term equity incentive opportunities for each eligible Named Executive Officer in either restricted stock units or performance-based awards based on their estimated value at grant date. Such grants are determined by taking into consideration market data, individual and Company performance, internal equity considerations, retention concerns and expenses related to the grant. To determine the number of restricted stock units an executive officer receives, the grant value determined by the Compensation Committee is divided by the closing price of Company stock on the NYSE on the date of grant.

In October 2013, our Compensation Committee approved and awarded a performance-based award of restricted stock units to Mr. Hawk and grants of restricted stock units to our other Named Executive Officers, other than Mr. Hawk. These long-term incentive awards are set forth in the "*Grants of Plan-Based Awards*" table under "*Executive Compensation and Other Matters*" below. There were no awards of stock options made to any Named Executive Officer during the fiscal year ended May 31, 2014. The Compensation Committee engaged the services of Longnecker in 2008, when it first began awarding performance-based stock units to Mr. Hawk, to evaluate and advise the Compensation Committee as to the amount and structure of the performance-based stock unit awards for Mr. Hawk.

The Compensation Committee elected to provide Mr. Hawk with performance-based restricted stock units in order to be compliant with the deduction limitation of Section 162(m) of the Code, which limits the amount of remuneration that the Company may deduct for its CEO. The grant of 17,171 performance-based restricted stock units to Mr. Hawk on October 15, 2013 contains a performance feature that provides that no shares of Company stock are delivered to Mr. Hawk if the Company does not meet a minimum annual net income requirement (the "Performance Goal"). The performance-based restricted stock grant target and the award for Mr. Hawk were approved by the Compensation Committee in October 2013. All performance-based restricted stock unit grants were made in the number of shares equal to the approved award dollar value divided by the closing market price of our Common Stock on October 15, 2013, rounded up to the nearest whole share. Under the terms of the performance-based stock unit awards, Mr. Hawk will be awarded performance stock units designated as the number of stock units that may be paid out in shares of Common Stock if the Company achieves the Performance Goal(s). Upon achievement of the annual Performance Goal(s) and the passage of the time vesting requirement,

the restrictions will expire in equal annual installments on the first, second, third, fourth, and, if necessary, fifth anniversaries of the grant date, unless earlier terminated in accordance with the Stock Incentive Plan. In the event an annual Performance Goal(s) is not achieved within the performance cycle(s), the Performance Goal(s) may be achieved in subsequent performance cycles upon achievement of the cumulative Performance Goal established by the Compensation Committee. In the event of a change of control (as such term is defined in the performance-based stock unit agreement and the Stock Incentive Plan) of the Company or in the event of Mr. Hawk's death, any outstanding performance stock units will be accelerated and paid out in Common Stock.

Similar to the October 2013 performance-based award to Mr. Hawk, the Compensation Committee chose net income as the measure of performance necessary for the achievement of the Performance Goals under the performance-based stock unit awards granted to Mr. Hawk in prior years. In determining net income for purposes of the Performance Goal for each of the performance based awards, the Committee utilizes net income as reported in the Company's quarterly and annual reports filed with the SEC which may be adjusted by the Committee to take into account income charges for restructuring, extraordinary, unusual or non-recurring items, discontinued operations and cumulative effect of accounting changes, each as defined by generally accepted accounting principles in the United States or changes in tax laws, as identified on the face of the income statements or in the footnotes thereto, or in the Management's Discussion and Analysis section of the Company's annual report.

Consistent with the terms of the performance-based awards in prior years, under Mr. Hawk's October 2013 performance-based award, for each Performance Cycle (as defined below) during which the Company achieves the net income goal (the "2013 Performance Goal"), 25% of the stock units awarded will vest annually over a period of four years beginning in October 2014 through October 2017, and, if necessary, for catch-up vesting in October 2018. The October 2013 award defines "Performance Cycle" as the 12 month period beginning September 1, 2013 and ending August 31, 2014 and, thereafter, each of the Company's fiscal years ending May 31, 2015, 2016, 2017, and, if necessary for purposes of catch-up vesting, fiscal year 2018. In the event the 2013 Performance Goal is not achieved for any Performance Cycle the shares from that Performance Cycle may be vested on the next vesting date if the sum of the net income achieved by the Company for the unearned Performance Cycle and the current Performance Cycle equals or exceeds the cumulative annual net income goal for the combined Performance Cycles.

For his performance-based awards in prior years, the Compensation Committee determined that Mr. Hawk had achieved the 2009, 2010, 2011 and 2012 Performance Goals for the annual Performance Cycles and the restriction lapsed for a portion of the award and the applicable number of stock units, less applicable tax withholding, were converted to Common Stock in accordance with the terms of each of the awards. The Compensation Committee will meet later this year to determine achievement of the performance goals for the annual Performance Cycles ending in 2014 under the terms of the 2010, 2011, 2012 and 2013 performance-based awards granted to Mr. Hawk. Additional information regarding the grant date fair value of the awards made to Mr. Hawk is reported in the "*Summary Compensation Table*" and the "*Grants of Plan-Based Awards*" table.

Consistent with the Company's annual long term incentive program for senior executives, on October 15, 2013, the Compensation Committee awarded 6,374 restricted stock units to each of Messrs. Owen, Victorson and Wallace and 5,083 restricted stock units to Mr. Ott, which permit each of them to receive, upon expiration of the time-based restrictions, shares in an amount equal to a specified number of shares of Common Stock. The restrictions on the awards expire in equal annual installments on the first, second, third and fourth anniversaries of the date of grant, unless earlier terminated in accordance with the Stock Incentive Plan. All restricted stock unit grants were made in the number of shares equal to the approved award dollar value divided by the closing market price of our shares on October 14, 2013, rounded up to the nearest whole share. In the event of a change of control (as such term is defined in the stock unit agreement and the Stock Incentive Plan) of the Company or in the event of a participant's death, any outstanding performance stock units will be accelerated and paid out in Common Stock. Additional information regarding the grant date fair value of the equity awards is reported in the "*Summary Compensation Table*" and the "*Grants of Plan-Based Awards*" table.

It is the Compensation Committee’s intention that equity awards be considered annually in the Company’s 2nd fiscal quarter, although such awards are not guaranteed. The eligible employee population, exact timing of grants and the specific form of awards may vary from year to year. The Compensation Committee will continue to monitor and consider the types of awards, vesting requirements, eligible employee pool and applicable accounting, tax and regulatory impacts of long-term incentive awards on an annual basis.

Compensation Practices—Tax Considerations

In establishing total compensation for our senior executive officers, the Compensation Committee considers the accounting treatment and tax treatment of its compensation decisions, including Section 162(m) of the Code, which limits the deductibility of compensation paid to each covered employee. Generally, Section 162(m) of the Code prevents a company from receiving a federal income tax deduction for compensation paid to a “Named Executive Officer” in excess of \$1 million for any year, unless that compensation is “performance-based.” One of the requirements of performance-based compensation for purposes of Section 162(m) is that the compensation be paid in accordance with a plan that has been approved by a company’s shareholders. To the extent practical, the Compensation Committee intends to preserve deductibility, but may choose to provide compensation that is not deductible if the Compensation Committee determines it is necessary to attract, retain and reward Company executives.

Employment Agreements

None of the Named Executive Officers have employment agreements. Please see “*Executive Compensation and Other Matters—Senior Management Compensation and Benefit Continuation Policy*” and “*—Potential Payments Upon Termination or Change in Control,*” for a discussion of severance and change of control benefits in accordance with our policies.

Retirement Plans

Unlike many other companies our size, we do not provide supplemental executive retirement plans or defined benefit pension plans. We offer a defined contribution, or 401(k), plan to all of our employees based in the United States, including the Named Executive Officers, which provides an employer match of 50% of up to 6% of the employee’s contribution.

Perquisites and Personal Benefits

We offer no special executive perquisites to our senior executive officers. We offer medical benefits and life and disability insurance to all of our employees based in the United States, including the Named Executive Officers, on the same basis. Personal benefit and perquisite amounts are not considered annual salary for calculation of bonuses, deferred compensation purposes, or 401(k) contribution purposes.

EXECUTIVE COMPENSATION AND OTHER MATTERS

The table below summarizes the total compensation paid or earned by the Named Executive Officers for each fiscal year for the three year period ended May 31, 2014. When setting total compensation for each of the Named Executive Officers, the Committee reviews tally sheets which show the executive's current compensation, including equity and non-equity based compensation.

- (1) The fiscal 2014 Annual Executive Bonus Plan was based upon achievement of the fully diluted earnings per share goal in a range of \$1.60 to \$2.90, the threshold and maximum performance targets, respectively, with a target of \$2.00, the operating profits target goal for the Inspection and Heat Treating business unit of \$50.14 million, for the Mechanical Services business unit of \$37.36 million and the safety performance target goal of a 0.45 TRIR. At the threshold earnings level, payouts would generally be 50% of target and at the maximum earnings level payouts would generally be 200% of target. The Committee reviews financial and individual objectives in determining the actual bonus as reported in the “*Summary Compensation Table.*” Approved maximum represents the maximum in compliance with Section 162(m) of the Code. Threshold represents the minimum level of performance for which payouts are authorized under the quantitative portion of our Annual Executive Bonus Plan, although the minimum payout is zero. For Named Executive Officers, the Committee may use its discretion to award more or less than the threshold or target award regardless of whether the threshold operating targets or safety performance targets are met. The actual amount of incentive bonus paid to each Named Executive Officer with respect to fiscal 2014 performance is reported under the non-equity incentive plan compensation column in the “*Summary Compensation Table.*”

Senior Management Compensation and Benefit Continuation Policy

Our Board adopted a Senior Management Compensation and Benefits Continuation Policy (the “Executive Severance Policy”) that recognizes the leadership roles that are critical to our success and provides our executive management with reasonable assurances of continued compensation in the event of a separation from the Company for any reason other than “for cause.”

The Executive Severance Policy provides generally that upon (i) involuntary termination by the Company without cause and (ii) employee voluntary termination for good reason, the terminated executive would receive:

- a continued salary for a stated period (18 months for the CEO and 15 months for Presidents and Executive Vice Presidents), a portion of which may be paid in a single lump sum if necessary to satisfy Section 409A exception requirements;

- a single lump sum payment (\$19,000 for the CEO and \$15,500 for Presidents and Executive Vice Presidents) to compensate the executives for health and welfare benefits; and
- access to outplacement assistance paid by the Company for six months.

In exchange for such benefits, the executive must enter into a general release agreement and one-year non-competition agreement with the Company. If the employee breaches the non-competition agreement prior to its expiration, we have the right to suspend all subsequent severance payments and to seek restitution for payments already made.

Severance benefits are also triggered when an involuntary termination without cause or voluntary termination for good reason occurs within 90 days before or within 360 days after a change of control. In such event, the terminated executive would generally receive:

- a supplemental single lump sum salary payment equivalent to 36 months for the CEO and 30 months for Presidents and Executive Vice Presidents, payable on the 91st day following termination;
- a supplemental single sum compensation payment representing annual bonus opportunities, calculated as the higher of the most recent year's paid bonus or the average bonus paid for the last three years (three times annual bonus opportunity for the CEO and two and one-half times annual bonus opportunity for Presidents and Executive Vice Presidents), payable on the 91st day following termination;
- a single lump sum payment (\$66,000 for the CEO and \$55,000 for Presidents and Executive Vice Presidents) to compensate the executives for health and welfare benefits paid on 91st day following termination; and
- access to outplacement assistance paid by the Company for six months.

These enhanced severance benefits are generally payable 91 days after termination from employment and are only available where both a change in control and an involuntary separation without cause or a voluntary separation for good reason occur. In exchange for such benefits, the executive must enter into a general release agreement with the Company. For purposes of the Executive Severance Policy, the following definitions apply:

A "change in control" is any "change in control event" referred to in Treasury Regulation Section 1.409A-3(i)(5)(i).

A "voluntary separation for good reason" means the termination of employment by the executive upon the occurrence of any of the following events without the consent of the executive:

- a material diminution in the base compensation of the executive;
- a material change in geographic work location for an executive to a location more than 50 miles from the executive's current work location; or
- a material diminution in the executive's authorities, duties or responsibilities, and position within the leadership team; provided, however, that a "voluntary separation for good reason" shall not be considered to occur solely because an executive's authorities, duties or responsibilities, and position are reallocated to other senior executives based on a good faith determination by the Board that such reallocation is necessary in order for the Company adequately to address material growth and/or expansion of the business.

An "involuntary termination of employment without cause" means a termination from employment that is not the result of:

- a good faith determination by the Board that the executive knowingly committed material acts involving fraud, dishonesty or violations of criminal or other statutes; or

- a good faith determination by the Board that the executive knowingly violated the Company’s Code of Ethical Conduct.

The Board administers this policy consistent with Section 409A of the Code and makes the final good faith determination on whether or not an involuntary termination is for cause or without cause; whether or not a voluntary termination is for good reason; and whether or not a change of control event has occurred and is objectively determinable.

Potential Payments Upon Termination or Change of Control

As discussed above under “—*Senior Management Compensation and Benefit Continuation Policy*,” the Board adopted a policy that recognizes the leadership roles that are critical to our success and provides our executive management with reasonable assurances of compensation in the event of a separation from the Company for any reason other than “for cause.” Based on the terms of the Executive Severance Policy, the amount of compensation payable to each Named Executive Officer in each situation is listed below. The following information assumes the involuntary termination by the Company without cause, the voluntary termination by the employee for good reason or the change of control and executive termination occurred on May 31, 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Based upon a review of reports and written representations furnished to us, we believe that, during fiscal 2014, all filings with the SEC by our senior executive officers and directors complied with requirements for reporting ownership and changes in ownership of Team’s Common Stock in accordance with Section 16(a) of the Exchange Act.

TRANSACTIONS WITH RELATED PERSONS

The Board reviews all relationships and transactions in which the Company and its directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. As matters come up, we rely on our corporate legal counsel to obtain information from our directors and executive officers with respect to related person transactions and for then determining, based upon the facts and circumstances, whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in our Proxy Statement.

The Company maintains policies and procedures for the review, approval or ratification of certain transactions between directors or members of their immediate families and the Company. Our policy, contained in our Code of Ethical Conduct and the Charter of the Corporate Governance and Nominating Committee, requires that any transaction in which a director or executive officer (or an immediate family member) has an interest that is in conflict or potential conflict with the interests of the Company shall be prohibited, unless unanimously approved by the Corporate Governance and Nominating Committee and the full Board.

AUDIT COMMITTEE REPORT

The Audit Committee consists of the four members of our Board identified below. Each Audit Committee member is independent, as defined by the applicable listing requirements of the NYSE. The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended May 31, 2014 with senior management and has discussed with KPMG LLP (“KPMG”), the independent auditors for Team, the matters required to be discussed with the committee under auditing standards generally accepted in the United States, including Auditing Standard No. 16, “Communications with Audit Committees.”

The Audit Committee has also received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG’s communications with the Audit Committee concerning independence, and has discussed KPMG’s independence from Team and its management with KPMG.

The Board has adopted a written charter for the Audit Committee, a copy of which is posted on our website at www.teamindustrialservices.com on the “Investors” page under “Governance.”

The Audit Committee has discussed with our internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee meets regularly with the internal auditors and KPMG, with and without representatives of management, to discuss the results of their examinations, the evaluations of Team’s internal controls and the overall quality of Team’s accounting principles.

In performing all of these functions, the Audit Committee acts in an oversight capacity and necessarily relies on the work and assurances of Team’s management and KPMG which, in its report, expresses an opinion on whether or not Team’s annual financial statements conform, in all material respects, with accounting principles generally accepted in the United States and on management’s assessment of the effectiveness of the Team’s internal control over financial reporting. In reliance on the opinions and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended May 31, 2014 filed with the Securities and Exchange Commission.

INFORMATION ON INDEPENDENT PUBLIC ACCOUNTANTS

A representative of KPMG is expected to attend the Annual Meeting with the opportunity to make a statement if such representative desires to do so and to respond to appropriate questions presented at the meeting.

Principal Accountant Fees and Services

The following table sets forth the fees billed by KPMG in each of the past two fiscal years:

	<u>FY 2014</u>	<u>FY 2013</u>
Audit Fees	\$ 1,162,550	\$ 979,300
Audit-Related Fees	—	53,050
Tax Fees	—	5,000
All Other Fees	—	—
Total	<u>\$ 1,162,550</u>	<u>\$ 1,037,350</u>

Audit-Related Fees consist of fees associated with the audit of our 401(k) Plan. *Tax Fees* consist of fees associated with the preparation of our Federal and state income tax returns for the subject years. *All Other Fees* consist of fees associated with services provided to our foreign operations.

The Audit Committee's charter provides for review and pre-approval by the Audit Committee of all audit services, permissible non-audit services and related fees conducted by our independent auditor. The Audit Committee meets annually to approve audit and tax fees for the ensuing year. The Audit Committee has authorized the Chief Financial Officer to engage KPMG on matters not exceeding \$10,000; provided that KPMG is more efficient or uniquely qualified to perform the work for which it is engaged and that such engagement is reported to the full Audit Committee in a timely manner. All of the fees and services described above under "Audit Fees," "Audit-Related Fees," and "Tax Fees" were approved by the Audit Committee and the Audit Committee concluded that the provision of such services by KPMG did not impact KPMG's independence in the conduct of their auditing functions.

Under its charter, the Audit Committee has the duty and responsibility for ensuring the rotation of audit partners as required by law as well as periodically evaluating whether to rotate our independent auditors.
