

Fortress International Group Announces Its Participation at the BOMA International Conference & The Office Building Show

BOMA International Conference & The Office Building Show, Philadelphia, PA, June 28 - June 30, 2009

COLUMBIA, MD, Jun 23, 2009 (MARKETWIRE via COMTEX News Network) -- Fortress International Group, Inc. (NASDAQ: FIGI) (NASDAQ: FIGIU) (NASDAQ: FIGIW) ("Fortress"), a leading provider of Consulting and Engineering, Construction Management and 24/7/365 Site Services for mission-critical facilities, today announced its participation in the upcoming BOMA International Conference & The Office Building Show at the Pennsylvania Convention Center in Philadelphia, PA. The annual conference is attended by many of the nation's most influential building and property managers, owners and investors, facility managers, asset managers and other top commercial real estate professionals. This year's conference is focusing on strategies to help members survive today's tough times and thrive in tomorrow's upturn.

Exhibiting in Booth 246, Fortress will offer attendees advice and solutions on how best to optimize their critical facilities for maximum uptime, performance and efficiency. The Fortress exhibit will feature a particular emphasis on the company's Site Services Division that provides facility maintenance services. A strategic and proactive maintenance program is essential to attaining and maintaining peak efficiency within a critical facility. This includes all vital infrastructures systems, including mechanical, electrical, fire protection and suppression systems, remote monitoring, building monitoring and automation systems, data center cleaning and security components, along with the building envelope.

Fortress offers the industry's most comprehensive range of mission-critical maintenance services, performed by a highly trained and experienced team of technicians. Key members of the Fortress team will be on hand to discuss how maintenance services are custom-tailored to the unique needs of each facility. These services include:

- Full-time technical site staffing
- Preventive maintenance agreements
- Method of Procedure and Standard Operation Procedure development
- 7x24 response via Fortress International's National Operations Center (NOC)
- Remote facility monitoring
- Critical infrastructure audits & assessments
- Infrastructure equipment upgrades
- Document management & cost reporting via customized Computerized Maintenance Management System (CMMS)
- Warranty coordination and spare parts management
- Commissioning services
