## **TSS, Inc. Recognized As 2015 Dell Global Enterprise Technology Services Partner Of The Year**

ROUND ROCK, Texas, Sept. 14, 2015 /PRNewswire/ -- TSS, Inc. (OTCQB: TSSI), a data center and mission critical facilities and technology services company, is proud to announce it has been recognized as Dell's Global Enterprise Technology Services Partner of the Year, Americas Region for 2015.

The company was recognized for its industry-leading expertise and quality in delivering end-to-end data center lifecycle services including, white glove on premise and factory customer solutions reducing risk, complexity and cost for Dell customers.

The annual awards honor Dell service partners for delivering exemplary solutions for their customers during the past year. Award winners are selected from a group of nominations based on their commitment to broaden and enhance Dell's reach and operational excellence in expertly delivering end to end solutions that solve complex business issues. Overall, Dell has more than 180,000 partners worldwide.

"We are honored to receive the annual Partner of the Year Award, the second consecutive award from our longstanding partner, Dell. Delivering an unmatched suite of integrated capabilities across the data center lifecycle, reducing risk, complexity and cost in mission critical environments is a core mission of our organization," Anthony Angelini, Chief Executive Officer of TSS, stated. "I am proud of the efforts of our team. As we continue to move the company forward as a leading service organization in the rapidly evolving data center market, this type of recognition validates our ability to deliver superior value," Mr. Angelini continued.

The services and solutions delivered by TSS serve some of the most compute and data intensive customer operations in the OEM, Large Enterprise, Federal and High Performance Compute space requiring unparalleled industry experience and excellence in execution from the components on the server to the environment in which it resides.

About TSS, Inc.

Forward Looking Statements

This press release may contain "forward-looking statements" -- that is, statements related to future -- not past -- events, plans, and prospects. In this context, forward-looking statements may address matters such as our expected future business and financial performance, and often contain words such as "guidance," "expects," "anticipates," "intends," "plans," "believes," "seeks," "should," or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. Particular uncertainties that could adversely or positively affect the Company's future results include: the Company's reliance on a significant portion of its revenues from a limited number of customers; risks relating to operating in a highly competitive industry; risks relating to rapid technological, structural, and competitive changes affecting the industries the Company serves; risks involved in properly managing complex projects; risks relating the possible cancellation of customer contracts on short notice; risks relating our ability to continue to implement our strategy, including having sufficient financial resources to carry out that strategy; risks relating to our ability to meet all of the terms and conditions of our debt obligations; uncertainty related to current economic conditions and the related impact on demand for our services; and other risks and uncertainties disclosed in the Company's filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the fiscal year ended December 31, 2014. These uncertainties may cause the Company's actual future results to be materially different than those expressed in the Company's forward-looking statements. The Company does not undertake to update its forward-looking statements.
