Forward Looking Statements

Statements in this release that are not historical are forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements, which are subject to known and unknown risks, uncertainties and assumptions about us, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed

or implied by the forward-looking statements. These and other risk factors are discussed in the Company's filings with the SEC, including those under the heading entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Report on Form 10-Q for the period ended June 30, 2017.

Significant risks and uncertainties may relate to, but are not limited to, the risk that the Cristal Transaction does not close due to failure of a closing condition or termination of the Cristal Transaction Agreement in accordance with its terms, causing the Company to seek alternative financing for the Cristal Transaction; the risk that the Cristal Transaction will not close, including by failure to obtain shareholder approval, failure to obtain any necessary financing or the failure to satisfy other closing conditions under the Cristal Transaction Agreement or by the termination of the Cristal Transaction Agreement; failure to plan and manage the Cristal Transaction effectively and efficiently; the risk that a regulatory approval that may be required for the Cristal Transaction is delayed, is not obtained or is obtained subject to conditions that are not anticipated; the risk that expected synergies will not be realized or will not be realized within the expected time period; unanticipated increases in financing and other costs, including a rise in interest rates; reduced access to unrestricted cash; compliance with our bank facility covenants; the price of our shares; general market conditions; our customers potentially reducing their demand for our products; more competitive pricing from our competitors or increased supply from our competitors; operating efficiencies and other benefits expected from the Cristal Transaction.
