**DATE, TIME AND PLACE OF MEETING**

This proxy statement is furnished in connection with the solicitation by the Board of Directors of the Corporation of proxies for use at the Annual Meeting of Shareholders to be held at 2 P.M. (Central Daylight Time), at the Corporate Offices, 1328 Racine Street, Racine, Wisconsin on Friday, October 21, 2005, or any adjournment thereof. Holders of common stock of record at the close of business on the 2nd day of September 2005, are entitled to vote at the meeting and each shareholder shall have one vote for each share of common stock registered in the shareholder's name. Shares represented by a signed proxy appointment will be voted in the manner specified in the form of proxy or, if no specification is made, in favor of each of the propositions mentioned therein. The presence of a majority of the outstanding shares of common stock of the Corporation, either in person or represented by a signed proxy appointment, will constitute a quorum at the meeting. The Corporation intends to mail this statement to shareholders on or about September 21, 2005.

Shareholders may vote by delivery, either in person, by mail or by messenger, of the enclosed proxy appointment form. The proxy appointment form must be signed. Internet and telephone voting are also available at [www.proxyvoting.com/tdi](http://www.proxyvoting.com/tdi) and 1-866-540-5760, respectively. Furthermore, appointment forms must be received by the Secretary not less than 48 hours prior to the date of the meeting. **PROXY APPOINTMENT FORMS NOT MEETING THE ABOVE REQUIREMENTS WILL BE RULED INVALID.**

The proxy appointment form must be signed in handwriting. The signature must be sufficiently legible to allow the inspector to distinguish it as representing the name of the registered shareholder, or must be accompanied by a rubber stamp facsimile or hand-printed name, including the shareholder's surname and either the shareholder's first or middle name as represented on the corporate records, and any titles, offices or words indicating agency which appear in the Corporate records.

The person giving the proxy may revoke it before it is exercised, either in person, by mail, or by messenger, by submitting a later dated proxy appointment form to the Secretary at least forty-eight (48) hours prior to the date of the meeting. The person giving the proxy may also revoke it by openly stating the revocation at the meeting, by voting at the meeting in person, or by delivering a signed written statement revoking the proxy to the Secretary prior to the date of the meeting. **ANY ATTEMPTED REVOCATIONS NOT MEETING THE ABOVE REQUIREMENTS WILL BE RULED INVALID.**

There also are 200,000 shares of no-par preferred stock authorized, of which 50,000 shares have been designated Series A Junior Preferred Stock, but none are outstanding.

**SHAREHOLDER PROPOSALS FOR 2006**

If a shareholder wishes to present a proposal for consideration for inclusion in the Notice of the Meeting and Proxy Statement for the 2006 Annual Meeting, the proposal must be received at the Corporation's principal executive offices no later than May 24, 2006. Shareholder proposals received later than July 23, 2006 will be considered untimely, and will not be considered at the Corporation's 2006 Annual Meeting.

**PERSONS MAKING THE SOLICITATION**

The proxy is being solicited by the Corporation's Board of Directors and will be voted in favor of the Directors' recommendations on each and all matters properly brought before the meeting, unless the undersigned shareholder specifically instructs the holder or holders of the proxy to the contrary.

**VOTES REQUIRED FOR APPROVAL OR ELECTION AND HOW VOTES WILL BE COUNTED**

With respect to the election of directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect. The affirmative vote of a majority of the votes cast at the annual meeting (assuming a quorum is present) shall be required for the election of directors.

Abstentions may be specified on all proposals submitted to shareholders, other than for the election of directors. Abstentions will be counted for purposes of determining the presence or absence of a quorum for the transaction

of business at the meeting, but shall not be counted as voted shares for purposes of the meeting.

In certain instances, brokers who hold shares in street name for customers may have authority to vote on certain items when they have not received instructions from the beneficial owners of the shares. With respect to routine matters, including the election of directors, brokers may vote their shares without specific instructions from the beneficial owners. However, under the rules of the New York Stock Exchange, brokers who hold shares in street name are not permitted to vote on certain non-routine matters, including the adoption of stock-based compensation plans, without specific instructions from the beneficial owners of the shares. A "broker non-vote" occurs on an item submitted for shareholder approval when the broker does not have the authority to vote on the item in the absence of instructions from the beneficial owner. Such "broker non-votes" will be counted for purposes of determining the presence or absence of a quorum.

**CORPORATE GOVERNANCE**

The Company's business is conducted under the direction of the Board of Directors, pursuant to the laws of the State of Wisconsin and our Restated By-laws. Members of the Board of Directors are kept informed of the Company's business through discussions with the Chairman and Chief Executive Officer, and with key members of management, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

The Company reviewed its corporate governance policies and practices, particularly in light of the Sarbanes-Oxley Act of 2002 and rule changes made or proposed by the Securities and Exchange Commission and the NASDAQ Stock Market. We believe that our current policies and practices meet all applicable requirements. Our updated corporate governance policies, including updated

charters for committees of the Board, are made available to our shareholders on our website, [www.twindisc.com](http://www.twindisc.com), and/or through appropriate mailings.

### **Board Independence**

The Company requires, as set forth in its Guidelines for Corporate Governance, that a majority of the Board members be independent outside directors. However, the Company is not opposed to having members of the Company's management, including the CEO, serve as directors. "Independent Director," as used here, means a person other than an officer or employee of the Company or its subsidiaries or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. At a minimum, to qualify as "independent," a director must so qualify under governing rules, regulations and standards, including those issued by the SEC and the NASDAQ Stock Market. The Nominating and Governance Committee shall assess independence on an ongoing basis, and each director is responsible for bringing to the attention of the Nominating and Governance Committee any changes to his or her status that may affect independence. In addition, the directors shall complete, on at least an annual basis, a questionnaire prepared by the Company that is designed to elicit information that relates to the independence assessment. A majority of the Company's current directors are Independent Directors.

The Board has determined that the following directors are independent within the meaning of the SEC regulations, the listing standards of NASDAQ Stock Market and the Company's Guidelines on Corporate Governance:  
Messrs. Mellows, Rayburn, Stratton, Swift, Wardeberg and Zimmer.

### **Guidelines for Business Conduct and Ethics**

Our Guidelines for Business Conduct and Ethics (our "Guidelines") summarize the compliance and ethical standards and expectations we have for all our employees, officers and directors with respect to their conduct in furtherance of Company business. It contains procedures for reporting suspected violations of the Guidelines, including procedures for the reporting of questionable accounting or auditing matters, or other concerns regarding accounting, internal accounting controls or auditing matters. These materials are also available in print to any shareholder upon request. If we make any substantive amendment to the Guidelines, we will disclose the nature of such amendment on our website or in a current report on Form 8-K. In addition, if a waiver from the Guidelines is granted to an executive officer or director, we will disclose the nature of such waiver on our website at [www.twindisc.com](http://www.twindisc.com) or in a current report on Form 8-K.

(F1)The performance shares granted under the 1998 Incentive Compensation Plan and the 2004 Stock Incentive Plan vest on June 30, 2007 provided the Company achieves at least \$235,000,000 in consolidated annual revenue for the fiscal year ended June 30, 2007.

If prior to attaining the performance objective an employee voluntarily terminates before becoming eligible for retirement under the Company's defined benefit plan covering the employee or employment is terminated for cause, the performance stock awards shall be forfeited.

If an event constituting a change in control of the Company occurs and the employee thereafter terminates employment for any reason, then all performance stock awards granted shall immediately vest as if the performance objective had been fully achieved.

If prior to attaining the performance objective employment is terminated other than for the above the performance stock awards granted shall be paid on a prorated basis if and when the performance objective is achieved.

**Retirement Income Plan**

The Twin Disc, Inc., Retirement Plan for Salaried Employees provides non-contributory benefits based upon both years of service and the employees' highest consecutive 5-year average annual compensation during the last 10 calendar years of service. As of December 31, 1996, the then-current accrued benefits under the plan were frozen and the plan was amended to provide for future accruals under a cash-balance formula, as described below.

AVERAGE HIGH 5-YEAR ANNUAL COMPENSATION	NON-CONTRIBUTORY PENSION BASED ON YEARS OF CREDIT SERVICE				
	10 YEARS	20 YEARS	25 YEARS	30 YEARS	40 YEARS
\$ 50,000	\$ 9,265	\$16,378	\$18,000	\$19,743	\$23,075
75,000	14,465	25,702	28,419	31,143	36,234
100,000	19,664	35,026	38,838	41,103	49,393
150,000	30,065	53,674	59,676	65,343	75,711

</CAPTION>

The values reflected in the table represent the application of the Plan formula to the appropriate amounts of compensation and years of service. Benefits payable under the Plan, however, must be in compliance with the applicable guidelines or maximum prescribed in the Internal Revenue Code and in the Employee Retirement Income Security Act of 1974 (ERISA), as currently stated or as amended from time to time. As of December 31, 1996, the credited

years of service for each of the Corporation's executive officers named in the Summary Compensation Table is as follows: Mr. M. Batten 27 years and Mr. Joyce 6 years. Mr. Feiertag, Mr. Eperjesy and Mr. J. Batten are not eligible for an accrued benefit under the Plan based on pre-January 1, 1997, service.

Effective January 1, 1997, the Plan was amended to add a cash balance formula for post-January 1, 1997, accruals. Benefits under the Plan are generally equal to the sum of the benefits as frozen on December 31, 1996, plus benefits that accumulate under the cash balance formula beginning on January 1, 1997. Benefits under the cash balance formula are generally stated as a lump sum amount, but may be distributed as a lump sum or an annuity. Accruals under the cash balance formula are based on a percentage of compensation, from 4.5% to 6.5% based on years of service, with interest credits at the thirty-year U.S. Treasury Bond rate, or other such rate mandated by the IRS in substitution of the 30 year Treasury rate, with a minimum guaranty of 3%. To record these pay credits and interest credits, a hypothetical account balance is maintained for each participant. The hypothetical account balance for each named executive as of June 30, 2005, is as follows: Mr. M. Batten \$126,681; Mr. Joyce \$97,303; Mr. Eperjesy \$24,948; Mr. Feiertag \$45,583 and Mr. J. Batten \$41,892. If the named executives continue in their respective positions and retire at the normal retirement age of 65, their estimated annual pension amount under cash balance portion of the Plan would be: Mr. M. Batten \$11,805; Mr. Joyce \$8,500; Mr. Eperjesy \$46,129; Mr. J. Batten \$37,505 and Mr. Feiertag \$25,765.

### **Supplemental Retirement Benefit Plan**

A supplemental retirement plan is extended to qualified management. For those who were participants in the plan before January 1, 1998 (including Messrs. Batten and Joyce), the supplemental retirement benefit is calculated as an annual benefit approximating 50% of the highest rate of pay attained during a specified period, minus amounts accrued under the Company's qualified defined benefit plan. The plan also preserved the level of benefits that had accrued prior to 1998. For those who became participants in the plan on or after January 1, 1998 (including Mr. Feiertag, Mr. Eperjesy and Mr. J. Batten), the supplemental retirement benefit is calculated as the additional benefit that the participant would have received at retirement under the Company's qualified defined benefit plan but for the limitation on compensation that is used in determining benefits under the defined benefit plan. The benefit is payable in the form of a single life annuity or two payments. Under the two lump sum payment method, payments are made on the first and second February 1 in the years following retirement. The maximum payment in any given year is \$500,000 any amounts in excess of \$500,000 will be paid in the third and subsequent years following retirement. In the event of the death of a plan participant after attaining a retirement age but prior to retirement, the surviving spouse will receive a lump sum benefit. As of June 30, 2005, the annual benefit accrued for each named executive at his respective normal retirement date is as follows: Mr. M. Batten, \$131,786; Mr. Joyce, \$103,423; Mr. Eperjesy, \$60,340; Mr. Feiertag \$18,906 and Mr. J. Batten \$15,510.

### **Retention and Non-Compete Agreement**

During fiscal 2003, Mr. Joyce and the Company entered into a Retention and Non-Compete Agreement. Under the agreement, Mr. Joyce agrees to continue as President and Chief Operating Officer until age 65 or earlier with consent of the Chief Executive Officer. In consideration for the above, Twin Disc, Incorporated will pay Mr. Joyce a retention bonus of \$300,000 upon his attaining the age of 65. The entire bonus is payable in the event of an involuntary termination and a pro-rated retention bonus is payable in the event of early voluntary termination. In addition, Mr. Joyce has agreed to a three-year non-disclosure and non-compete agreement.

### **Compensation of Directors**

Outside Directors of the Corporation are paid an annual retainer of \$12,000. In addition, outside Directors receive a \$1,500 fee for each board meeting and each committee meeting attended and \$3,000 per year for serving as a committee chairman. Directors who are officers do not receive any fees in addition to their remuneration as officers.

Outside Directors (non-Corporation employees) are eligible to participate in the 1988 Non-Qualified Stock Option Plan for Officers, Key Employees and Directors, the 1998 Stock Option Plan for Non-Employee Directors and the 2004 Stock Incentive Plan for Non-Employee Directors. Under the 2004 Plan, each outside Director receives 300 options and 300 restricted stock grants upon election or re-election at an annual meeting and each eligible Director who is continuing to serve on the Board.

Outside Directors (non-Corporation employees) who reach the age of 68 or who retire from full-time employment may be required to retire from the Board

of Directors effective as of the completion of their current term. Retired outside directors are entitled to an annual retirement benefit equal to the sum of:

- a) The annual retainer at the time of retirement.
- b) 6 monthly fees for Director Meetings at the rate prevailing at the time of retirement.

The benefit is payable for a term equal to the Director's years of service or life, whichever is shorter.

### **Employment Contracts and Change in Control Arrangements**

The Corporation has entered into agreements with certain of its key executives, including Messrs. M. Batten, Joyce, Eperjesy, Feiertag and J. Batten. The agreements provide for severance benefits to be paid to the executive following a change in control of the Corporation (as defined in those agreements) and a termination (as defined in those agreements) of the employment of the executive. Upon the occurrence of the events, as specified in the agreements, which would entitle the executive to the payment of severance benefits, the maximum contingent liability of the Corporation for the payment of such severance benefits would be approximately \$2,459,000. Severance benefits for an executive officer would generally consist of the sum of the executive's highest annual base salary between the change in control and the date of termination plus the executive's most recent annual bonus times the lesser of 1.50 (2.50 for Messrs. Batten and Joyce) or the number of whole and fractional years between the termination date and his normal retirement date. In addition, the executive would be entitled to the cash value of any shares of common stock subject to unexercised stock options held by the executive and a continuance of fringe benefits for 24 months following termination. The agreements are specifically designed to assure that benefits will not exceed the limitations and provisions of Sec. 280(g) of the Internal Revenue Code.

Mr. Eperjesy has also entered into restricted stock grant agreements with the Company that have certain change in control provisions. Specifically, if a change in control (as defined in the grant agreement) occurs and the employee thereafter terminates employment, all shares granted under the agreement shall become freely transferable and non-forfeitable.

### **Board Compensation Committee Report on Executive Compensation**

#### **Compensation Philosophy**

The Corporation's primary business objective is to grow shareholder value on a sustainable basis over the long term. To accomplish this objective, the Corporation has developed a comprehensive business strategy that emphasizes generating long-term positive cash flow and achieving earnings in excess of its cost of capital; maintaining leadership or becoming the leader in its markets; and providing products of the highest quality.

The Compensation Committee of the Board of Directors (the "Committee") is comprised of three independent directors, none of whom has interlocking or other relationships which might be considered conflicts of interest. The Committee establishes compensation programs which are designed to foster the Corporation's business objectives. The Committee approves the design of, assesses the effectiveness of, and administers executive compensation programs in support of compensation policies.

Committee members believe that the compensation program should target compensation levels at rates that are reflective of current market practices. Offering market-comparable pay opportunities allows the Corporation to maintain a stable, successful management team.

Competitive market data is provided by an independent compensation consultant. The data provided compares the Corporation's compensation practices to a group of comparative companies. The Corporation's market for compensation comparison purposes is comprised of a group of companies that have national and international business operations and similar sales volumes, market capitalizations, employment levels, and lines of business. In establishing a comparative group for compensation purposes, the Committee exercises its judgment and makes its decision after considering the factors it deems relevant.

The companies chosen for the comparative group used for compensation purposes are not necessarily the same companies which comprise the peer group index in the Performance Graph included in this proxy statement. The Committee believes that the Corporation's most direct competitors for executive talent

include many companies in geographical areas in which the Corporation operates as well as many of the companies that are included in the peer group established for comparing shareholders returns.

The key elements of the Corporation's executive compensation are base salary, annual incentives, long-term compensation, and benefits. These key elements are addressed separately below. In determining compensation, the Committee considers all elements of an executive's total compensation package, including severance plans, insurance, and other benefits, with the objective of being competitive but not trend setting.

### **Base Salaries**

The Committee regularly reviews each executive's base salary. Base salary ranges are targeted at market levels, based upon the Committee's analysis of marketplace practices. Base salaries for executives are initially determined by evaluating executives' levels of responsibility, prior experience, breadth of knowledge, internal equity issues, and external pay practices.

Base salaries offer stability to executives and allow the Corporation to attract competent executive talent and maintain an effective management team. They also allow executives to be rewarded for individual performance based on the Corporation's evaluation process which encourages the development of executives. Pay for individual performance rewards executives for achieving goals which may not be immediately evident in common financial measurement.

Increases to base salaries are driven primarily by individual performance. Individual performance is evaluated based on sustained levels of individual contribution to the Corporation. When evaluating individual performance, the Committee considers the executive's effort in promoting Corporate values; improving product quality; developing relationships with customers, suppliers, and employees; demonstrating leadership abilities among coworkers; and other goals. Generally, executive salaries are increased at rates comparable to the increases provided at other companies and are near market levels.

Generally, in order to determine Mr. Batten's base salary, the Committee considers the Company's financial performance for the year, Mr. Batten's individual performance, and his long-term contributions to the success of the Corporation. The Committee also compares Mr. Batten's base salary to the base salaries of CEOs at comparative companies. As reflected in the Summary Compensation Table on page 10, Mr. Batten's base salary was restored to \$395,000 in fiscal 2005, after the temporary corporate-wide wage cost reduction program of fiscal 2004.

### **Annual Incentives**

The Twin Disc Corporate Incentive Plan promotes the Corporation's pay-for-performance philosophy by providing executives with direct financial incentives in the form of annual cash bonuses for achieving corporate, business unit, and individual performance goals. The Corporate Incentive Plan allows the Corporation to communicate specific goals that are of primary importance during the coming year and motivate executives to achieve these goals. The Plan emphasizes the achievement of earnings returns in excess of the Company's cost of capital as well as other financial and non-financial objectives.

Eligibility to participate in the Corporate Incentive Plan, as well as the individual payout percentages assigned to each eligible executive's position, are determined annually by Mr. Batten, as chief executive officer, subject to the approval of the Committee.

Each year, the Committee approves specific goals relating to each executive's bonus opportunity. Eligible executives are assigned threshold, target and maximum bonus levels based on a percentage of base salary. Executives earn bonuses to the extent to which pre-established performance goals are achieved.

Target bonus awards have been established at levels approximating the 75th percentile of marketplace practices for each executive. Targets are considered by the Committee to be achievable, but to require above average performance for each of the executives.

For fiscal year 2005, Mr. Batten received a bonus of \$282,425 as a result of the Corporation's achievement of designated economic profit and inventory reduction goals.

### **Long-Term Incentives**

Long-term incentive opportunities are provided pursuant to the Corporation's 1988 Non-Qualified Stock Option Plan for Officers, Key Employees

and Directors, the 1988 Incentive Stock Option Plan, the 1998 Incentive Compensation Plan, the 1998 Stock Option Plan for Non-Employee Directors, the 2004 Stock Incentive Plan and the 2004 Stock Incentive Plan for Non-Employee Directors.

In keeping with the Corporation's commitment to provide a total compensation package which includes at-risk components of pay, the Committee makes annual decisions regarding appropriate stock options, performance shares, and restricted stock grants for each executive. When awarding stock incentives, the Committee considers executives' levels of responsibility, prior experience, historical award data, various performance criteria, and compensation practices at comparator companies. Mr. Batten received 7,200 performance shares for FY2005, with vesting subject to the achievement of a specified level of consolidated revenue in fiscal 2007.

The plan design focuses executives on the creation of shareholder value over the long term and encourages equity ownership in the Corporation. Stock incentives are granted at a price not less than the fair market value of the Corporation's common stock on the date of grant. Accordingly, stock options have value only if the stock price appreciates from the date the options are granted; performance shares have value only if specific objectives are achieved; and restricted stock serves retention and equity ownership goals.

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Company's CEO and four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The compensation of the Corporation's CEO and the four other most highly compensated executive officers are currently below the disqualifying threshold. In the future, in the event the disqualifying threshold becomes an issue, the Committee will weigh all the facts and circumstances in existence at the time.

#### **Audit Committee Report**

The charter reflects standards set forth in SEC regulations and NASDAQ Stock Market rules. All members of the Audit Committee are independent, as defined in Rules 4200 and 4350 of the listing standards of the NASDAQ Stock Market.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. To carry out its responsibilities, the Committee met four times during fiscal 2005.

As part of its responsibilities, and as set forth in its charter, the Audit Committee met with both management and the Corporation's independent accountants to review and discuss the audited financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the independent accountants. The Committee's review included discussion with the independent accountants of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committee).

The Committee received the written disclosures and the letter required from the independent accountants as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee). The Committee also discussed with PricewaterhouseCoopers LLP matters relating to its independence.

On the basis of these reviews and discussions, the Committee recommended

to the Board of Directors that the Board approve the inclusion of the Corporation's audited financial statements in the Corporation's Annual Report on Form 10-K for the fiscal year ended June 30, 2005, for filing with the Securities and Exchange Commission.
