TI Updates Second-Quarter 2006 Business Outlook

Live Webcast at www.ti.com/ir

June 13, 2006, 2:55 p.m. EDT

DALLAS (June 7, 2006) – Texas Instruments Incorporated (TI) (NYSE:TXN) announced that Gregg Lowe, senior vice president and manager of its analog business unit, will speak at Bear Stearns 17th Annual Technology Conference in New York on Tuesday, June 13, at 2:55 p.m. EDT. Lowe will discuss TI's semiconductor strategy and outlook for the overall analog market, including high-performance analog, and how the company's analog capabilities are positioning it for growth across a range of customers.

The audio webcast can be accessed live through the Investor Relations section (<http://www.ti.com/ir>) of TI's website. Archived replays are available for 1 week.

#

Texas Instruments Incorporated provides innovative DSP and analog technologies to meet our customers' real world signal processing requirements.
