Trending Schedules**

TRENDING SCHEDULES

All information included in these schedules has been derived from information contained in Viacom's 2011 Annual Report on Form 10-K, its reports on Form 10-Q and the accompanying earnings presentations for each respective period.

The financial information contained in these schedules includes GAAP and non-GAAP measures. Non-GAAP measures, including consolidated operating free cash flow, free cash flow and adjusted results that exclude restructuring charges, asset impairment, extinguishment of debt and discrete tax benefits, are relevant and useful information for investors because they clarify the Company's actual operating performance, make it easier to compare the Company's results with those of other companies and allow investors to review performance in the same way as the Company's management. Since these are not measures of performance calculated in accordance with GAAP, they should not be considered in isolation of, or as a substitute for, cash flow provided by operations, operating income, net earnings from continuing operations attributable to Viacom and diluted EPS as indicators of operating performance, and they may not be comparable to similarly titled measures employed by other companies.
