PROXY STATEMENT

The Board of Directors of ViaSat, Inc. is soliciting the enclosed proxy for use at the annual meeting of stockholders to be held on September 7, 2017 at 8:30 a.m. Pacific Time at the corporate offices of ViaSat located at 6155 El Camino Real, Founders Hall, Carlsbad, California, and at any adjournments or postponements of the meeting, for the purposes set forth in the notice of annual meeting of stockholders.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving this proxy statement?

We sent you this proxy statement and the enclosed proxy card because ViaSat's Board of Directors is soliciting your proxy to vote at the 2017 annual meeting of stockholders. This proxy statement summarizes the information you need to know to vote at the annual meeting. All stockholders who find it convenient to do so are cordially invited to attend the annual meeting in person. However, you do not need to attend the meeting to vote your shares. Instead, you may simply sign, date and return the enclosed proxy card.

We intend to begin mailing this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about July 21, 2017 to all stockholders of record entitled to vote at the annual meeting. Only stockholders who owned ViaSat common stock on the record date, July 14, 2017, are entitled to vote at the annual meeting. On this record date, there were approximately 58,011,709 shares of ViaSat common stock outstanding. Common stock is our only class of stock entitled to vote. We are also sending along with this proxy statement our fiscal year 2017 annual report, which includes our financial statements.

What am I voting on?

The items of business scheduled to be voted on at the annual meeting are:

- *Proposal 1* : The election of Mark Dankberg, Varsha Rao and Harvey White to serve as Class III Directors for a three-year term to expire at the 2020 annual meeting of stockholders.
- *Proposal 2* : The ratification of the appointment of PricewaterhouseCoopers as ViaSat's independent registered public accounting firm for fiscal year 2018.
- *Proposal 3* : The advisory vote on executive compensation.
- *Proposal 4* : The advisory vote on the frequency of holding future advisory votes on executive compensation.
- *Proposal 5* : The amendment and restatement of the Employee Stock Purchase Plan.
- *Proposal 6* : The amendment and restatement of the 1996 Equity Participation Plan.

We also will consider any other business that properly comes before the annual meeting.

How does the Board recommend that I vote?

Our Board of Directors unanimously recommends that you vote:

- “FOR” the election of Mark Dankberg, Varsha Rao and Harvey White (Proposal 1);
- “FOR” the ratification of the appointment of PricewaterhouseCoopers as ViaSat’s independent registered public accounting firm for fiscal year 2018 (Proposal 2);
- “FOR” the approval of executive compensation (Proposal 3);
- “ONE YEAR” as the frequency of holding future advisory votes on executive compensation (Proposal 4);
- “FOR” the amendment and restatement of the Employee Stock Purchase Plan (Proposal 5); and
- “FOR” the amendment and restatement of the 1996 Equity Participation Plan (Proposal 6).

How many votes do I have?

You are entitled to one vote for every share of ViaSat common stock that you own as of July 14, 2017.

How do I vote by proxy?

Your vote is important. Whether or not you plan to attend the annual meeting in person, we urge you to sign, date and return the enclosed proxy card as soon as possible to ensure that your vote is recorded promptly. Returning the proxy card will not affect your right to attend the annual meeting or vote your shares in person.

If you complete and submit your proxy card, the persons named as proxies will vote your shares in accordance with your instructions. If you submit a proxy card but do not fill out the voting instructions on the proxy card, your shares will be voted as recommended by the Board of Directors.

If any other matters are properly presented for voting at the annual meeting, or any adjournments or postponements of the annual meeting, the proxy card will confer discretionary authority on the individuals named as proxies to vote your shares in accordance with their best judgment. As of the date of this proxy statement, we have not received notice of other matters that may properly be presented for voting at the annual meeting.

May I revoke my proxy?

If you give us your proxy, you may revoke it at any time before your proxy is voted at the annual meeting. You may revoke your proxy in any of the following three ways:

- you may send in another signed proxy card bearing a later date;
- you may deliver a written notice of revocation to ViaSat’s Corporate Secretary prior to the annual meeting; or
- you may notify ViaSat’s Corporate Secretary in writing before the annual meeting and vote in person at the meeting.

If your shares are held in “street name,” which means your shares are held of record by a broker, bank or other financial institution, you must contact your broker, bank or financial institution to revoke any prior instructions.

How do I vote in person?

If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot when you arrive. Even if you plan to attend the annual meeting, we recommend that you also vote by proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

What if my shares are held by a broker, bank or other financial institution?

If you are the beneficial owner of shares held by a broker, bank or other financial institution, then your shares are held in “street name” and the organization holding your shares is considered to be the stockholder of record for purposes of voting at the annual meeting. As the beneficial owner, you have the right to direct your broker, bank or other financial institution regarding how to vote your shares. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote in person at the meeting unless you bring to the meeting a “legal proxy” from the record holder of the shares (your broker, bank or other financial institution). The legal proxy will give you the right to vote the shares at the meeting.

Can I vote via the internet or by telephone?

If your shares are registered in the name of a broker, bank or other financial institution, you may be eligible to vote your shares electronically over the internet or by telephone. A large number of banks and brokerage firms offer internet and telephone voting. If the broker, bank or other financial institution holding your shares does not offer internet or telephone voting information, please complete and return your proxy card or voting instruction card in the self-addressed, postage-paid envelope provided.

How can I attend the annual meeting?

You are entitled to attend the annual meeting only if you were a ViaSat stockholder or joint holder as of the record date, July 14, 2017, or you hold a valid proxy for the annual meeting. You should be prepared to present valid government issued photo identification for admittance. If you are a stockholder of record, your name will be verified against the list of stockholders of record on the record date prior to your admission to the annual meeting. If you are not a stockholder of record but hold shares in street name, you should provide proof of beneficial ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of July 14, 2017. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting. The use of cell phones, smartphones, pagers, recording and photographic equipment and/or computers is not permitted at the annual meeting.

What constitutes a quorum?

A quorum is present when at least a majority of the outstanding shares entitled to vote are represented at the annual meeting either in person or by proxy. This year, approximately 29,005,856 shares must be represented to constitute a quorum at the meeting and permit us to conduct our business.

What vote is required to approve each proposal?

In the election of directors, the three nominees for director who receive the highest number of affirmative votes will be elected as directors. In the case of the proposal to determine the frequency of holding future advisory votes on executive compensation, the frequency that receives the highest number of votes will be deemed the frequency selected by stockholders. All other proposals require the affirmative vote of a majority of the votes cast on that proposal. Voting results will be tabulated and certified by our transfer agent, Computershare.

What will happen if I abstain from voting or fail to vote?

Shares held by persons attending the annual meeting but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal will be counted as present for purposes of determining the presence of a quorum.

Similarly, shares represented by proxies that reflect a “broker non-vote” will be counted for purposes of determining whether a quorum exists. A broker non-vote occurs when a broker, bank or other financial institution holding shares in street name for a beneficial owner has not received instructions from the beneficial owner and

[Table of Contents](#)

does not have discretionary authority to vote the shares for a particular proposal. Under the rules of various national and regional securities exchanges, the organization that holds your shares in street name has discretionary authority to vote only on routine matters and cannot vote on non-routine matters. The only proposal at the meeting that is considered a routine matter under applicable rules is the proposal to ratify the appointment of PricewaterhouseCoopers as ViaSat's independent registered public accounting firm for the 2018 fiscal year. Therefore, unless you provide voting instructions to the broker, bank or other financial institution holding shares on your behalf, they will not have discretionary authority to vote your shares on any of the other proposals described in this proxy statement. Please vote your proxy or provide voting instructions to the broker, bank or other financial institution holding your shares so your vote on the other proposals will be counted.

In tabulating the voting results for each proposal, neither abstentions nor shares that constitute broker non-votes are considered votes cast on that proposal. Because abstentions and broker non-votes will not be considered votes cast, abstentions and broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

What are the costs of soliciting these proxies?

We will pay the entire cost of soliciting these proxies, including the preparation, assembly, printing and mailing of this proxy statement and any additional solicitation material that we may provide to stockholders. In addition to the mailing of the notices and these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

I share an address with another stockholder, but we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

If you share an address with another stockholder, you may receive only one set of proxy materials unless you have provided contrary instructions. The rules promulgated by the Securities and Exchange Commission, or SEC, permit companies, brokers, banks or other financial institutions to deliver a single copy of a proxy statement and annual report to households at which two or more stockholders reside. This practice, known as "householding," is designed to reduce duplicate mailings, save significant printing and postage costs, and conserve natural resources. Stockholders will receive only one copy of our proxy statement and annual report if they share an address with another stockholder, have been previously notified of householding by their broker, bank or other financial institution, and have consented to householding, either affirmatively or implicitly by not objecting to householding. If you would like to opt out of this practice for future mailings and receive separate annual reports and proxy statements for each stockholder sharing the same address, or if such stockholders currently receive multiple copies of our annual reports and proxy statements and would like to request delivery of a single copy, please contact your broker, bank or financial institution. You may also obtain a separate annual report or proxy statement without charge by sending a written request to ViaSat, Inc., Attention: Investor Relations, 6155 El Camino Real, Carlsbad, California 92009, by email at ir@viasat.com or by telephone at (760) 476-2633. We will promptly send additional copies of the annual report or proxy statement upon receipt of such request.

Important notice regarding the availability of proxy materials for the ViaSat annual meeting of stockholders to be held on September 7, 2017

Under rules adopted by the SEC, we are also furnishing proxy materials to our stockholders via the internet. This process is designed to expedite stockholders' receipt of proxy materials, lower the cost of the annual meeting and help conserve natural resources. **This proxy statement and our annual report to stockholders are available on the Investor Relations section of our website at investors.viasat.com** . If you are a stockholder of record, you can elect to access future proxy statements and annual reports electronically by marking the appropriate box on your proxy card. Choosing to receive your future proxy materials electronically will help us conserve natural resources and reduce the costs of printing and distributing our proxy materials. If you choose this option, your choice will remain in effect until you notify our transfer agent, Computershare, by mail that you wish to resume mail delivery of these documents. If you hold your shares in street name, please refer to the information provided by your broker, bank or other financial institution for instructions on how to elect this option.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are dedicated to maintaining the highest standards of business integrity. It is our belief that adherence to sound principles of corporate governance, through a system of checks, balances and personal accountability is vital to protecting ViaSat's reputation, assets, investor confidence and customer loyalty. Above all, the foundation of ViaSat's integrity is our commitment to sound corporate governance. Our corporate governance guidelines and Guide to Business Conduct can be found on the Investor Relations section of our website at investors.viasat.com.

Board Responsibilities

Primary Responsibilities. The Board of Directors is the company's governing body, responsible for overseeing ViaSat's Chief Executive Officer and other senior management in the competent and ethical operation of the company on a day-to-day basis and assuring that the long-term interests of the stockholders are being served. To satisfy its duties, directors are expected to take a proactive, focused approach to their position, and set standards to ensure that the company is committed to business success through the maintenance of high standards of responsibility and ethics.

Risk Oversight. We take a comprehensive approach to risk management which is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board to support the Board's role in oversight, approval and decision-making. Our senior management is responsible for assessing and managing the company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. The Board is responsible for overseeing management in the execution of its responsibilities and for assessing the company's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and also through the Board's committees, each of which examines various components of enterprise risk as it pertains to the committee's area of oversight. In addition, an overall review of risk is inherent in the Board's consideration of the company's long-term strategies and in the transactions and other matters presented to the Board, including capital expenditures, acquisitions and divestitures, and financial matters.

Board Leadership and Independence

Mark Dankberg, our Chief Executive Officer, serves as the Chairman of the Board. Currently, the Board believes this leadership structure provides the most efficient and effective leadership model for ViaSat by enhancing the Chairman and Chief Executive Officer's ability to provide clear insight and direction of business strategies and plans to both the Board and management. The Board regularly evaluates its leadership structure and currently believes ViaSat can most effectively execute its business strategies and plans if the Chairman is also a member of the management team. A single person, acting in the capacities of Chairman and Chief Executive Officer, promotes unity of vision and leadership, which allows for a single, clear focus for management to execute the company's business strategies and plans. While we have not currently designated a lead independent director, we believe that ViaSat's unitary leadership structure is appropriately balanced by sound corporate governance principles, the effective oversight of management by non-employee directors and the strength of ViaSat's independent directors.

The criteria established by The Nasdaq Stock Market, or Nasdaq, for director independence include various objective standards and a subjective test. The subjective test requires that each independent director not have a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Under the objective standards, a member of the Board is not considered independent if, for example, he or she is (1) an employee of ViaSat, or (2) a partner in, or a controlling shareholder or an executive officer of, an entity to which ViaSat made, or from which ViaSat received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year.

None of our existing directors were disqualified from independent status under the objective standards, other than Mr. Dankberg and Mr. Baldrige, who do not qualify as independent because they are ViaSat

[Table of Contents](#)

employees. The subjective evaluation of director independence by the Board of Directors was made in the context of the objective standards by taking into account the standards in the objective tests, and reviewing and discussing additional information provided by the directors and the company with regard to each director's business and personal activities as they may relate to ViaSat and ViaSat's management.

As a result of this evaluation, the Board of Directors affirmatively determined that each existing member of the Board other than Mr. Dankberg, Mr. Baldrige and Varsha Rao is independent under the criteria established by Nasdaq for director independence. Ms. Rao was appointed as a director on July 12, 2017, and the Board has not yet affirmatively determined her independence. In addition to the Board level standards for director independence, all members of the Audit Committee, Compensation and Human Resources Committee, and Nomination, Evaluation and Corporate Governance Committee qualify as independent directors as defined by Nasdaq.

Board Structure and Committee Composition

As of the date of this proxy statement, our Board of Directors has nine directors and the following four standing committees: (1) Audit Committee, (2) Compensation and Human Resources Committee, (3) Nomination, Evaluation and Corporate Governance Committee, and (4) Banking and Finance Committee. The membership during the last fiscal year and the function of each of the committees are described below. Each of the committees operates under a written charter which can be found on the Investor Relations section of our website at investors.viasat.com. During our fiscal year ended March 31, 2017, the Board held seven meetings, including telephonic meetings. During this period, all of the directors attended or participated in at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which each such director served, in each case during the period for which they were directors of ViaSat (except for Robert Bowman, who did not seek re-election at our 2016 annual meeting of stockholders). Although we do not have a formal policy regarding attendance by members of our Board at our annual meeting of stockholders, we encourage the attendance of our directors and director nominees at our annual meeting, and historically more than a majority have done so. Eight of our directors attended last year's annual meeting of stockholders.

Audit Committee. The Audit Committee reviews the professional services provided by our independent registered public accounting firm, the independence of such independent registered public accounting firm from our management, and our annual and quarterly financial statements. The Audit Committee also reviews such other matters with respect to our accounting, auditing and financial reporting practices and procedures as it may find appropriate or may be brought to its attention. The Board of Directors has determined that each of the

[Table of Contents](#)

members of our Audit Committee is an “audit committee financial expert” as defined by the rules of the SEC. The responsibilities and activities of the Audit Committee are described in greater detail in the Audit Committee Report.

Compensation and Human Resources Committee . The Compensation and Human Resources Committee is responsible for designing and evaluating ViaSat’s compensation plans, policies and programs, including the compensation of executive officers. In carrying out these responsibilities, the Compensation and Human Resources Committee is responsible for advising and consulting with the officers regarding managerial personnel and development, and for reviewing and, as appropriate, recommending to the Board of Directors, policies, practices and procedures relating to the compensation of directors, officers and other managerial employees. The objectives of the Compensation and Human Resources Committee are to encourage high performance, promote accountability and assure that employee interests are aligned with the interests of our stockholders. For additional information concerning the Compensation and Human Resources Committee, see the Compensation Discussion and Analysis section of this proxy statement.

Nomination, Evaluation and Corporate Governance Committee . The Nomination, Evaluation and Corporate Governance Committee is responsible for the development and recommendation to the Board of a set of corporate governance guidelines and principles, provides oversight of the process for the self-assessment by the Board and each of its committees, reviews and recommends nominees for election as directors and committee members, conducts the evaluation of our Chief Executive Officer, and advises the Board with respect to Board and committee composition.

Banking and Finance Committee . The Banking and Finance Committee oversees certain aspects of corporate finance for the company, and reviews and makes recommendations to the Board about the company’s financial affairs and policies, including short and long-term financing plans, objectives and principles, borrowings or the issuance of debt and equity securities.

Director Nomination Process

The Nomination, Evaluation and Corporate Governance Committee is responsible for reviewing and assessing the appropriate skills and characteristics required of Board members in the context of the current size and membership of the Board. This assessment includes a consideration of personal and professional integrity, experience in corporate management, experience in our industry, experience as a board member of other publicly-held companies, diversity of expertise, demographic diversity, practical and mature business judgment, and with respect to current directors, performance on the ViaSat Board. These factors, and any other qualifications considered useful by the Nomination, Evaluation and Corporate Governance Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nomination, Evaluation and Corporate Governance Committee with regard to these factors may change from time to time to take into account changes in our business and other trends, as well as the portfolio of skills and experience of current and prospective Board members.

In recommending candidates for election to the Board of Directors, the Nomination, Evaluation and Corporate Governance Committee considers nominees recommended by directors, management and stockholders using the same criteria to evaluate all candidates. The Nomination, Evaluation and Corporate Governance Committee reviews each candidate’s qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nomination, Evaluation and Corporate Governance Committee recommends the candidate for consideration by the full Board of Directors. The Nomination, Evaluation and Corporate Governance Committee may engage consultants or third party search firms to assist in identifying and evaluating potential nominees.

The Nomination, Evaluation and Corporate Governance Committee will consider candidates recommended by any stockholder who has held our common stock for at least one year and who holds a minimum of 1% of our

[Table of Contents](#)

outstanding shares. When submitting candidates for nomination, stockholders must follow the notice procedures and provide the information specified in the section titled Other Matters. In addition, the recommendation must include the following: (1) the name and address of the stockholder and the beneficial owner (if any) on whose behalf the nomination is proposed, (2) a detailed resume of the nominee, and the signed consent of the nominee to serve if elected, (3) the stockholder's reason for making the nomination, including an explanation of why the stockholder believes the nominee is qualified for service on our Board, (4) proof of the number of shares of our common stock owned by the record owner and the beneficial owner (if any) on whose behalf the record owner is proposing the nominee, (5) a description of any arrangements or understandings between the stockholder, the nominee and any other person regarding the nomination, (6) a description of any material interest of the stockholder and the beneficial owner (if any) on whose behalf the nomination is proposed, and (7) information regarding the nominee that would be required to be included in our proxy statement by the rules of the SEC, including the nominee's age, business experience, directorships, and involvement in legal proceedings during the past ten years.

Communications with the Board

Any stockholder wishing to communicate with any of our directors regarding corporate matters may write to the director, c/o General Counsel, ViaSat, Inc., 6155 El Camino Real, Carlsbad, California 92009. The General Counsel will forward such communications to each member of our Board of Directors; provided that, if in the opinion of the General Counsel it would be inappropriate to send a particular stockholder communication to a specific director, such communication will only be sent to the remaining directors (subject to the remaining directors concurring with such opinion). Certain correspondence such as spam, junk mail, mass mailings, product complaints or inquiries, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material may be forwarded elsewhere within the company for review and possible response.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

Overview

The authorized number of directors is presently nine. In accordance with our certificate of incorporation, we divide our Board of Directors into three classes, with each class consisting, as nearly as may be possible, of one-third of the total number of directors. We elect one class of directors to serve a three-year term at each annual meeting of stockholders. At this year's annual meeting of stockholders, we will elect three Class III Directors to hold office until the 2020 annual meeting. At next year's annual meeting of stockholders, we will elect three Class I directors to hold office until the 2021 annual meeting, and the following year, we will elect three Class II Directors to hold office until the 2022 annual meeting. Thereafter, elections will continue in a similar manner at subsequent annual meetings. Each elected director will continue to serve until his or her successor is duly elected or appointed.

The Board of Directors unanimously nominated Mark Dankberg, Varsha Rao and Harvey White as Class III nominees for election to the Board. Unless proxy cards are otherwise marked, the persons named as proxies will vote all proxies received "FOR" the election of Mr. Dankberg, Ms. Rao and Mr. White. If any director nominee is unable or unwilling to serve as a nominee at the time of the annual meeting, the persons named as proxies may vote either (1) for a substitute nominee designated by the present Board to fill the vacancy or (2) for the balance of the nominees, leaving a vacancy. Alternatively, the Board may reduce the size of the Board. The Board has no reason to believe that any of the nominees will be unable or unwilling to serve if elected as a director.

The following table sets forth for each nominee to be elected at the annual meeting and for each director whose term of office will extend beyond the annual meeting, the age of each nominee or director, the positions currently held by each nominee or director with ViaSat, the year in which each nominee's or director's current term will expire, and the class of director of each nominee or director.

Recommendation of the Board

The Board of Directors unanimously recommends that you vote “**FOR**” the election of Mr. Dankberg, Ms. Rao and Mr. White.

**PROPOSAL 2:
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Overview

The Audit Committee has selected PricewaterhouseCoopers LLP as ViaSat's independent registered public accounting firm for our fiscal year ending March 31, 2018. PricewaterhouseCoopers has served as our independent registered public accounting firm since the fiscal year ended March 31, 1992. Representatives of PricewaterhouseCoopers are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers as our independent registered public accounting firm is not required by our bylaws or otherwise. However, we are submitting the selection of PricewaterhouseCoopers to the stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers, and may retain that firm or another without re-submitting the matter to the stockholders. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different firm at any time during the year if it determines that such a change would be in the best interests of the company and its stockholders.

Principal Accountant Fees and Services

The following is a summary of the fees billed by PricewaterhouseCoopers for professional services rendered for the fiscal years ended March 31, 2017 and March 31, 2016:

<u>Fee Category</u>	<u>FY 2017 Fees (\$)</u>	<u>FY 2016 Fees (\$)</u>

Tax Fees	28,356	96,778

Audit Fees. This category includes the audit of our annual consolidated financial statements and the audit of our internal control over financial reporting, review of financial statements included in our Form 10-Q quarterly reports, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. This category consists of assurance and related services provided by PricewaterhouseCoopers that are reasonably related to the performance of the audit or review of our consolidated financial statements, and are not reported above as Audit Fees. These services include accounting consultations in connection with acquisitions, and consultations concerning financial accounting and reporting standards.

Tax Fees. This category consists of professional services rendered by PricewaterhouseCoopers, primarily in connection with tax compliance, tax planning and tax advice activities. These services include assistance with the preparation of tax returns, claims for refunds, value added tax compliance, and consultations on state, local and international tax matters.

All Other Fees. This category consists of fees for products and services other than the services reported above, including fees for subscription to PricewaterhouseCoopers' online research tool.

Pre-Approval Policy of the Audit Committee

The Audit Committee has established a policy that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy, and the fees for the services performed to date. During fiscal year 2017, the fees paid to PricewaterhouseCoopers shown in the table above were pre-approved in accordance with this policy.

Recommendation of the Board

The Board of Directors unanimously recommends that you vote “ **FOR** ” the ratification of the appointment of PricewaterhouseCoopers as ViaSat’s independent registered public accounting firm for fiscal year 2018.

**PROPOSAL 3:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

Overview

We are providing ViaSat stockholders with an opportunity to cast an advisory vote to endorse or not endorse the compensation of our Named Executive Officers (identified in the Summary Compensation Table) as disclosed in this proxy statement in accordance with the SEC's compensation disclosure rules. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the design and effectiveness of our executive compensation program. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the compensation philosophy, policies and practices described in this proxy statement.

At our last annual meeting of stockholders held in September 2016, an overwhelming majority of the votes cast on the say-on-pay proposal were voted in favor of the proposal. We were gratified that, at our last annual meeting, approximately 97% of the votes cast by our stockholders supported our executive compensation program. Our Board of Directors believes this affirms stockholders' support of ViaSat's approach to executive compensation.

Consistent with ViaSat's compensation philosophy described more fully in the Compensation Discussion and Analysis section of this proxy statement, our executive compensation program has been designed to encourage high performance, promote accountability and align the interests of our executives with the interests of our stockholders by linking a substantial portion of compensation to the company's performance. The program is designed to reward superior performance and provide financial consequences for underperformance. The program is also designed to attract, retain and motivate a talented team of executives with superior ability, experience and leadership to grow the company's business and build stockholder value. We urge stockholders to read the Compensation Discussion and Analysis section of this proxy statement, which describes in more detail how our compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and disclosure, which provide detailed information on the compensation of our Named Executive Officers. We believe that our executive compensation program fulfills these objectives and that the compensation of our Named Executive Officers is instrumental in contributing to ViaSat's long-term success.

We request stockholder approval, on an advisory basis, of the compensation of ViaSat's Named Executive Officers, as disclosed in ViaSat's proxy statement for the 2017 annual meeting of stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related compensation tables and disclosure.

While this advisory vote is non-binding, our Board of Directors values the opinions that our stockholders express in their votes and will, as a matter of good corporate practice, take into account the outcome of the vote when considering future compensation decisions.

Recommendation of the Board

The Board of Directors unanimously recommends that you vote "FOR" the approval of the compensation of the Named Executive Officers as disclosed in this proxy statement.

**PROPOSAL 4:
ADVISORY VOTE ON THE FREQUENCY OF HOLDING
FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Overview

We are providing ViaSat stockholders with an opportunity to cast an advisory vote on whether future “say-on-pay” proposals such as the one in Proposal 3 above should occur every year, every two years or every three years. Our stockholders voted on a similar proposal in 2011, with a majority of the votes being cast to hold future advisory votes on executive compensation every year. After careful consideration of the frequency alternatives, our Board of Directors has determined that an annual frequency (i.e. every year) is the optimal frequency for continuing to conduct a say-on-pay vote.

In voting on this proposal, stockholders should be aware that they are not voting to approve or disapprove the Board’s recommendation to hold say-on-pay votes every year. Instead, stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain.

Because this advisory vote is non-binding, our Board may decide that it is in the best interests of our stockholders and the company to hold a say-on-pay vote more or less frequently than the option approved by our stockholders. However, our Board values the opinions that our stockholders express in their votes and will, as a matter of good corporate practice, take into account the outcome of the vote when considering the frequency of future say-on-pay votes.

Recommendation of the Board

The Board of Directors unanimously recommends that you vote to hold future say-on-pay votes every “ **ONE YEAR** ” (as opposed to every “two years” or every “three years”).

**PROPOSAL 5:
AMENDMENT AND RESTATEMENT OF THE
EMPLOYEE STOCK PURCHASE PLAN**

Overview

We are requesting that our stockholders approve the amendment and restatement of our existing Employee Stock Purchase Plan, or the Purchase Plan. In this proxy statement, we sometimes refer to the proposed amended and restated Employee Stock Purchase Plan as the Restated Purchase Plan. On June 20, 2017, our Board of Directors approved the Restated Purchase Plan, subject to stockholder approval at the annual meeting. The Restated Purchase Plan will become effective on the day of the annual meeting, assuming approval of this Proposal 5 by our stockholders.

If approved by the stockholders, the Restated Purchase Plan will provide for an increase of 800,000 shares over the number of shares of common stock currently authorized for issuance under the existing Purchase Plan, for a total of 3,650,000 shares. As of June 30, 2017, only 98,176 shares remained available for purchase under the existing Purchase Plan.

In general, stockholder approval of the Restated Purchase Plan will implement the foregoing share reserve increase while (1) complying with the terms of the Purchase Plan regarding amendments, (2) meeting the stockholder approval requirements of Nasdaq, and (3) allowing us to continue to grant purchase rights under the Section 423 Component of the Purchase Plan (as described below) that are intended to qualify for favorable tax treatment under Section 423 of the U.S. Internal Revenue Code of 1986, as amended, or the Code.

If this Proposal 5 is not approved, the Restated Purchase Plan will not become effective, the existing Purchase Plan will continue in full force and effect, and we may continue to grant purchase rights under the existing Purchase Plan, subject to its terms, conditions and limitations, using the shares available for issuance thereunder.

**THE BOARD RECOMMENDS THAT YOU VOTE “FOR”
THE AMENDMENT AND RESTATEMENT OF THE PURCHASE PLAN**

Why You Should Vote for the Restated Purchase Plan

The Restated Purchase Plan is a Valuable Retention Tool. We firmly believe that the Restated Purchase Plan is a necessary and powerful incentive and retention tool that benefits our stockholders. Specifically, the Restated Purchase Plan will enable us to continue to: (1) provide eligible employees with a convenient means of acquiring an equity interest in ViaSat through payroll deductions, (2) enhance such employees’ sense of participation in the performance of ViaSat, and (3) provide an incentive for continued employment. The Restated Purchase Plan will also continue to align the interests of employees with those of stockholders through increased stock ownership.

The Purchase Plan Will No Longer Have Shares Available for Purchase. As of June 30, 2017, only 98,176 shares remained available for purchase under the Purchase Plan. Based on historical usage, we estimate that these shares would only be sufficient for approximately the next offering period, after which the remaining shares would be insufficient to meet the anticipated demand for shares under the Purchase Plan during the offering period that commences on January 1, 2018. Thus, the increase in the shares available for issuance under the Purchase Plan pursuant to the amendment and restatement is necessary to allow us to continue to provide an employee stock purchase plan beyond January 1, 2018 without interruption.

Factors Considered in Determining Proposed Increase to Share Reserve. Our Board approved the Restated Purchase Plan based upon a recommendation of the Compensation and Human Resources Committee. In making its determination, the Compensation and Human Resources Committee and the Board considered

[Table of Contents](#)

various factors in determining the appropriate number of shares to be added to the share reserve under the Purchase Plan, including an analysis of certain burn rate, dilution and overhang metrics and the costs of the increase in the share reserve.

Our fiscal year 2017, 2016 and 2015 annual gross burn rates for the Purchase Plan were 0.36%, 0.35% and 0.32%, respectively (calculated by dividing the number of shares issued under the Purchase Plan during the applicable fiscal year by the weighted-average number of shares outstanding during such fiscal year). This represents a three-year average burn rate of 0.35% of common shares outstanding.

In fiscal years 2017, 2016 and 2015, our fiscal year end overhang rates for the Purchase Plan were 0.36%, 0.81% and 1.18%, respectively (calculated by dividing the number of shares remaining available for issuance under the Purchase Plan by the number of our shares outstanding at the end of the applicable fiscal year). If approved, the issuance of the additional 800,000 shares to be reserved under the Restated Purchase Plan would dilute the holdings of stockholders by an additional 1.38%, based on the number of shares of ViaSat common stock outstanding as of June 30, 2017.

Based on this historical usage of shares under the Purchase Plan, we estimate that the additional authorized shares being requested under the Restated Purchase Plan would be sufficient for awards for approximately seven additional six-month offering periods (or through approximately June 30, 2021, however, we reserve the right to request additional shares for issuance under the Restated Purchase Plan prior to that date). However, the actual usage rate of the Restated Purchase Plan may differ from historical usage rates and will depend on various factors, including employee participation levels, changes in our stock price and hiring activity, which we cannot predict with any degree of certainty at this time. The total aggregate equity value of the 800,000 additional shares being requested, based on the per share closing price of ViaSat common stock on June 30, 2017 (\$66.20), is approximately \$53.0 million.

Summary of the Restated Purchase Plan

The following is a summary of the Restated Purchase Plan. This summary does not purport to be complete, and is qualified in its entirety by reference to the full text of the Restated Purchase Plan, a copy of which is attached as *Appendix A* to this proxy statement.

General Nature and Purpose . The primary purpose of the Restated Purchase Plan is to provide employees an opportunity to participate in the ownership of the company by purchasing ViaSat common stock through payroll deductions. The Restated Purchase Plan is intended to benefit ViaSat as well as its stockholders and employees. The Restated Purchase Plan gives employees an opportunity to purchase shares of common stock at a discounted price. Employees make such purchases by participation in the regular offering periods under the Restated Purchase Plan. We believe that our stockholders correspondingly benefit from the increased interest on the part of participating employees in the profitability of the company. Finally, we benefit from the periodic investments of capital provided by participants in the Restated Purchase Plan.

The Restated Purchase Plan has two components in order to give us increased flexibility in the granting of purchase rights under the Restated Purchase Plan to U.S. and to non-U.S. employees. Specifically, the Restated Purchase Plan authorizes the grant of purchase rights that are intended to qualify for favorable U.S. federal tax treatment under Section 423 of the Code (which we refer to as the Section 423 Component). To facilitate participation for employees located outside of the United States in light of non-U.S. law and other considerations, the Restated Purchase Plan also provides for the grant of purchase rights that are not intended to be tax-qualified under Section 423 of the Code (which we refer to as the Non-Section 423 Component). The plan administrator will designate offerings made under the Non-Section 423 Component and, except as otherwise noted below, the Section 423 Component and the Non-Section 423 Component generally will be operated and administered in the same way.

Administration . The Restated Purchase Plan will be administered by the Compensation and Human Resources Committee. Subject to the provisions of the Restated Purchase Plan, the plan administrator determines

[Table of Contents](#)

the terms and conditions of the offerings under the Restated Purchase Plan; provided, however, that all participants granted purchase rights in an offering which are intended to comply with Section 423 of the Code will have the same rights and privileges within the meaning of Section 423 of the Code. For purposes of the Restated Purchase Plan, the plan administrator may designate separate offerings under the Restated Purchase Plan, the terms of which need not be identical, in which eligible employees of one or more participating companies will participate, even if the dates of the applicable offering periods in each such offering are identical, provided that the terms of participation are the same within each separate offering as determined under Section 423 of the Code.

The plan administrator may adopt sub-plans, appendices, rules and procedures relating to the operation and administration of the Restated Purchase Plan to facilitate participation in the Restated Purchase Plan by employees who are foreign nationals or employed outside the United States. To the extent any sub-plan is inconsistent with the requirements of Section 423 of the Code, it will be considered part of the Non-Section 423 Component. The provisions of the Restated Purchase Plan will govern any sub-plan unless superseded by the terms of such sub-plan.

Shares Subject to Restated Purchase Plan . The Purchase Plan currently provides for the issuance of up to 2,850,000 shares of our common stock (of which 98,176 shares remain available for issuance as of June 30, 2017). If this Proposal 5 is approved, the Restated Purchase Plan will provide for the issuance of up to 3,650,000 shares of our common stock. Under the terms of the Restated Purchase Plan, the shares available for issuance may be issued under either the Section 423 Component or the Non-Section 423 Component, and any such shares issued may consist of treasury shares or authorized and unissued shares or shares bought on the market for purposes of the plan.

Eligibility . Only employees may participate in the Restated Purchase Plan. For this purpose, an “employee” is any person who is regularly employed by ViaSat or any of its majority-owned subsidiaries which have been designated by the Board as participating companies under the Restated Purchase Plan and who has been employed by a participating company for not less than five calendar days prior to the beginning of an offering period. No employee will be permitted to subscribe for shares under the Restated Purchase Plan if, immediately upon purchase of the shares, the employee would own 5% or more of the total combined voting power or value of all classes of stock of ViaSat or its subsidiaries (including stock issuable upon exercise of options held by him or her), nor will any employee be granted a purchase right that would permit him or her to buy more than \$25,000 worth of stock under the Restated Purchase Plan (valued at the time such purchase right is granted) for each calendar year during which such purchase right is outstanding. An employee may purchase up to 100,000 shares during an offering period under the Restated Purchase Plan. Participation in the Section 423 Component is further subject to the eligibility requirements of Section 423 of the Code.

If the grant of a purchase right under the Restated Purchase Plan to any employee of a participating company who is a citizen or resident of a foreign jurisdiction would be prohibited under the laws of such foreign jurisdiction or the grant of a purchase right to such employee in compliance with the laws of such foreign jurisdiction would cause the Restated Purchase Plan to violate the requirements of Section 423 of the Code, as determined by the Compensation and Human Resources Committee in its sole discretion, such employee will not be permitted to participate in the Section 423 Component of the Restated Purchase Plan.

In addition, with respect to the Non-Section 423 Component, all of the foregoing rules will apply in determining who is an eligible employee, except (1) the plan administrator may limit eligibility further within a participating company so as to only designate some employees of a participating company as eligible employees, or (2) to the extent such eligibility rules are not consistent with applicable local laws.

As of June 30, 2017, there were 4,628 employees eligible to participate in the Purchase Plan, of whom 2,356 were participating.

Offering Periods . There is generally one offering period under the Restated Purchase Plan during each six-month period commencing January 1 and July 1 of each year of the Restated Purchase Plan. The current offering

[Table of Contents](#)

period will end on December 31, 2017. The first day of an offering period is referred to as the Grant Date. The last trading day of an offering period is referred to as the Exercise Date.

Purchase Price . The purchase price per share at which shares will be sold in an offering under the Restated Purchase Plan is the lower of (1) 85% of the fair market value of a share of ViaSat common stock on the Grant Date or (2) 85% of the fair market value of a share of ViaSat common stock on the Exercise Date. The fair market value per share of ViaSat common stock on a given date is the closing price as reported by Nasdaq on such date or, if shares are not traded on such date, then on the most recent trading day during which a sale occurred. On June 30, 2017, the closing price of ViaSat common stock on the Nasdaq Global Select Market was \$66.20 per share.

Payment of Purchase Price; Payroll Deductions . The purchase price of the shares is generally accumulated by payroll deductions over the offering period unless payroll deductions are not permitted in a jurisdiction outside the United States. Each participant may authorize automatic payroll deductions in any multiple of 1% (up to a maximum of 5%) of his or her eligible compensation during the offering period. All payroll deductions made for a participant are credited to the participant's account under the Restated Purchase Plan and are included with the general funds of ViaSat, unless the funds for non-U.S. participants must be segregated and held in a separate account. Funds received upon sales of stock under the Restated Purchase Plan are used for general corporate purposes. Any payroll deductions not applied to the purchase of shares during an offering period due to volume purchase limitations contained in the Restated Purchase Plan and any cash in lieu of fractional shares remaining after the purchase of whole shares during an offering period will be refunded to the participant.

Withdrawal . A participant may terminate his or her interest in a given offering by signing and delivering a notice of withdrawal from the Restated Purchase Plan at least such number of days prior to the Exercise Date of the applicable offering period as is prescribed by the plan administrator for withdrawals.

Termination of Employment . Termination of a participant's employment for any reason, including retirement, cancels his or her participation in the Restated Purchase Plan immediately. In such event, the payroll deductions credited to the participant's account will be returned without interest to such participant. A transfer of employment from one participating company to another will not constitute a termination of employment for purposes of the Restated Purchase Plan, but may result in the participant participating in a different offering under the Restated Purchase Plan. If the employment of a participant is terminated by the participant's death, the executor of such participant's will or the administrator of such participant's estate may request payment of the balance in the participant's account, in which event the payroll deductions credited to the participant's account will be returned without interest to such participant's heirs. If we do not receive such notice prior to the Exercise Date, the participant's right to purchase shares under the Restated Purchase Plan will be deemed to have been exercised on the Exercise Date.

Share Proration . Should the total number of shares of ViaSat common stock which are to be purchased under outstanding purchase rights on any Exercise Date exceed (1) the number of shares then available for issuance under the Restated Purchase Plan or (2) the number of shares available for issuance under the Restated Purchase Plan as of the commencement of that offering period, the Compensation and Human Resources Committee will make a pro rata allocation of the available shares in as nearly a uniform manner as possible, and the payroll deductions of each participant (to the extent in excess of the aggregate purchase price payable for the ViaSat common stock prorated to such individual) will be refunded to such participant.

Capital Changes . In the event of any changes in our capitalization, such as stock splits, stock dividends, recapitalizations or combinations, resulting in an increase or decrease in the number of outstanding shares of common stock, appropriate adjustments will be made in the shares subject to purchase and in the price per share under the Restated Purchase Plan.

Effect of Liquidation, Dissolution, Sale of Assets or Merger . In the event of liquidation, dissolution, merger, consolidation or sale of all or substantially all of the assets of ViaSat or 50% or more of ViaSat's then

[Table of Contents](#)

outstanding voting stock, the Exercise Date with respect to the current offering period will be the business day immediately preceding the effective date of such event (or such other prior date determined by the Compensation and Human Resources Committee), unless the Compensation and Human Resources Committee provides for the assumption or substitution of such rights to purchase shares of common stock under the Restated Purchase Plan.

Amendment and Termination of the Restated Purchase Plan . The Restated Purchase Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by our Board. However, without approval of our stockholders, the Restated Purchase Plan may not be amended to (1) change the number or type of shares of common stock reserved for issuance under the Restated Purchase Plan, (2) decrease the purchase price of common stock issued under the Restated Purchase Plan below a price computed in accordance with the applicable provisions of the Restated Purchase Plan, (3) alter the requirements for eligibility to participate in the Restated Purchase Plan, or (4) amend the Restated Purchase Plan in any manner which would cause the Section 423 Component of the Restated Purchase Plan to no longer be an “employee stock purchase plan” within the meaning of the Code.

Securities Laws . The Restated Purchase Plan is intended to conform to all provisions of the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended, and any and all regulations and rules promulgated by the SEC thereunder, including, without limitation, Rule 16b-3.

U.S. Federal Income Tax Consequences

The following is a general summary under current law of the material U.S. federal income tax consequences to an employee who participates in the Restated Purchase Plan. This summary deals with the general U.S. federal income tax principles that apply and is provided only for general information. Some kinds of taxes, such as state, local and foreign income taxes and federal employment taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. This summary also assumes that the Section 423 Component complies with Section 423 of the Code and is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below. The summary does not discuss all aspects of federal income taxation that may be relevant in light of a participant’s personal circumstances. This summarized tax information is not tax advice and a recipient of an award should rely on the advice of his or her legal and tax advisors.

As described above, the Restated Purchase Plan has a Section 423 Component and a Non-Section 423 Component. The tax consequences for a U.S. taxpayer will depend on whether he or she participates in the Section 423 Component or the Non-Section 423 Component.

Tax Consequences to U.S. Participants in the Section 423 Component . The right of participants to make purchases under the Section 423 Component are intended to qualify under the provisions of Section 423 of the Code. Under the applicable Code provisions, no income will be taxable to a participant until the sale or other disposition of the shares purchased under the Restated Purchase Plan. Upon such sale or disposition, the participant will generally be subject to tax in an amount that depends upon the length of time such shares are held by the participant prior to disposing of them. If the shares are sold or disposed of more than two years from the first day of the offering period during which the shares were purchased and one year from the date of purchase, or if the participant dies while holding the shares, the participant (or his or her estate) will recognize ordinary income measured as the lesser of (1) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price or (2) an amount equal to 15% of the fair market value of the shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares are held for the holding periods described above but are sold for a price that is less than the purchase price, there is no ordinary income and the participating employee has a long-term capital loss for the difference between the sale price and the purchase price.

If the shares are sold or otherwise disposed of before the expiration of the holding periods described above, the participant will recognize ordinary income generally measured as the excess of the fair market value of the

[Table of Contents](#)

shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares were held following the date they were purchased by the participant prior to disposing of them.

We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Tax Consequences to U.S. Participants in the Non-Section 423 Component . A U.S. participant in the Non-Section 423 Component will have compensation income equal to the value of the common stock on the day he or she purchased the common stock less the purchase price.

When a participant sells the common stock he or she purchased under the Non-Section 423 Component of the Restated Purchase Plan, he or she also will have a capital gain or loss equal to the difference between the sales proceeds and the value of the common stock on the day he or she purchased it. This capital gain or loss will be long-term if the participant held the common stock for more than one year and otherwise will be short-term.

Any compensation income that a participant receives upon the purchase of shares of common stock under the Non-Section 423 Component of the Restated Purchase Plan is subject to withholding for income, Medicare and social security taxes, as applicable. In addition, the compensation income is required to be reported as ordinary income to the participant on his or her annual Form W-2, and the participant is responsible for ensuring that this income is reported on his or her individual income tax return.

We are entitled to a deduction for amounts taxed as ordinary income to a participant to the extent of ordinary income recognized upon a purchase made under the Non-Section 423 Component.

New Plan Benefits

Because the number of shares that may be purchased under the Restated Purchase Plan will depend on each employee's voluntary election to participate and on the fair market value of our common stock at various future dates, the actual number of shares that may be purchased by any individual cannot be determined in advance. No shares of common stock have been issued with respect to the share reserve increase for which stockholder approval is sought under this Proposal 5. For illustrative purposes only, the following table sets forth (1) the number of shares of ViaSat common stock that were purchased under the Purchase Plan during the 2017 fiscal year, and (2) the aggregate purchase price paid, for the individuals and groups identified below.

Recommendation of the Board

The Board of Directors unanimously recommends that you vote “**FOR**” the amendment and restatement of the Purchase Plan.

**PROPOSAL 6:
AMENDMENT AND RESTATEMENT OF THE
1996 EQUITY PARTICIPATION PLAN**

Overview

We are requesting that our stockholders approve the amendment and restatement of our existing 1996 Equity Participation Plan, or the Equity Plan. In this proxy statement, we sometimes refer to the proposed amended and restated 1996 Equity Participation Plan as the Restated Equity Plan. On June 20, 2017, our Board of Directors approved the Restated Equity Plan, subject to stockholder approval at the annual meeting. The Restated Equity Plan will become effective on the day of the annual meeting, assuming approval of this Proposal 6 by our stockholders.

Summary of Material Amendments . The Restated Equity Plan will implement the following material changes:

- *Increase in Share Reserve.* If approved by the stockholders, the Restated Equity Plan will provide for an increase of 3.85 million shares over the number of shares of common stock currently available for issuance under the Equity Plan. As of June 30, 2017, approximately 757,904 shares remained available for issuance under the Equity Plan, which is insufficient to meet our forecasted needs during the next year. After carefully forecasting our anticipated employee growth rate for the next few years, we believe that this increase will be sufficient for approximately two years' worth of equity-based grants under our current compensation program.
- *Extension of Time Period for Granting Incentive Stock Options.* The Restated Equity Plan will permit the granting of stock options that are intended to qualify as incentive stock options, or ISOs, as defined under Section 422 of the Code, through June 20, 2027.
- *Addition of Minimum Vesting Provision.* The Restated Equity Plan adds a minimum vesting period such that awards granted under the Restated Equity Plan will not vest earlier than the first anniversary of the applicable grant date (subject to limited exceptions).
- *Limitations on Dividend and Dividend Equivalent Payments on Unvested Awards.* The Restated Equity Plan provides that dividends and dividend equivalents may not be paid on awards subject to vesting conditions unless and until such conditions are met.
- *Approval of Material Terms of Performance Goals.* We are also seeking stockholder approval of the material terms of performance goals under the Restated Equity Plan. Stockholder approval of such terms would preserve our ability to deduct compensation associated with future performance-based awards made under the Restated Equity Plan to certain executives. Section 162(m) of the Code limits the deductions a publicly-held company can claim for compensation in excess of \$1 million paid in a given year to its chief executive officer and its three other most highly-compensated executive officers (other than its chief financial officer) (these officers are generally referred to as the "covered employees"). "Performance-based" compensation that meets certain requirements is not counted against the \$1 million deductibility cap. One of the requirements of "performance-based" compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by our public stockholders. For purposes of Section 162(m), the material terms include (1) the employees eligible to receive compensation, (2) a description of the business criteria on which the performance goals may be based and (3) the maximum amount of compensation that can be paid to an employee under the performance goals. Each of these aspects of the Restated Equity Plan is discussed below, and stockholder approval of this Proposal 6 will be deemed to constitute approval of the material terms of the performance goals under the Restated Equity Plan for purposes of the stockholder approval requirements of Section 162(m).

Stockholder approval of the material terms of the performance goals under the Restated Equity Plan is only one of several requirements under Section 162(m) that must be satisfied for amounts paid under the

Restated Equity Plan to qualify for the “performance-based” compensation exemption under Section 162(m), and submission of the material terms of the Restated Equity Plan’s performance goals for stockholder approval should not be viewed as a guarantee that we will be able to deduct any or all compensation under the Restated Equity Plan. Nothing in this Proposal 6 precludes us or our Compensation and Human Resources Committee from making any payment or granting awards that are not intended to qualify for tax deductibility under Section 162(m).

Stockholder Approval Requirement. In general, stockholder approval of the Restated Equity Plan will implement the foregoing changes while (1) complying with the terms of the Equity Plan regarding amendments, (2) meeting the stockholder approval requirements of Nasdaq, (3) preserving our ability to grant stock options under the Restated Equity Plan that are intended to qualify as ISOs, and (4) extending the period of time during which we may be able to take tax deductions for certain compensation resulting from awards granted under the Restated Equity Plan and qualifying as performance-based compensation under Section 162(m) of the Code.

If this Proposal 6 is not approved, the Restated Equity Plan will not become effective, the existing Equity Plan will continue in full force and effect, and we may continue to grant awards under the Equity Plan, subject to its terms, conditions and limitations, using the shares available for issuance thereunder.

**THE BOARD RECOMMENDS THAT YOU VOTE “FOR”
THE AMENDMENT AND RESTATEMENT OF THE EQUITY PLAN**

Why You Should Vote for the Restated Equity Plan

Equity Incentive Awards Are an Important Part of Our Compensation Philosophy. Our equity compensation plans are critical to our ongoing effort to build stockholder value. As discussed in the Compensation Discussion and Analysis section of this proxy statement, equity incentive awards are central to our compensation program. Our Board of Directors and its Compensation and Human Resources Committee believe that our ability to grant equity incentive awards, including stock options and restricted stock units, to new and existing employees, directors and eligible consultants has helped us attract, retain and motivate world-class talent. Historically, we have primarily issued stock options and restricted stock units because these forms of equity compensation provide a strong retention value and incentive for employees to work to grow the business and build stockholder value, and are attractive to employees who share the entrepreneurial spirit that has made ViaSat a success.

We believe our strategy is working. During the last two years, our employee turnover rate, inclusive of both voluntary and involuntary turnover, has averaged 8.8%, which is much lower than the annual 18.8% employee turnover rate for similar industries as reported in the 2017 Radford Trends Report.

Also, our equity incentive program is broad-based. The equity incentive programs ViaSat has in place have worked to build stockholder value by attracting and retaining extraordinarily talented employees. We believe we must continue to offer a competitive equity compensation plan in order to attract and motivate the world-class talent necessary for our continued growth and success. As of June 30, 2017, 43.9% of our employees held outstanding equity awards and all six of our non-employee directors as of that date held outstanding equity awards.

The Equity Plan Will No Longer Have Shares Available for Grant. Under our current forecasts, the Equity Plan will run out of shares available for grant in less than one year, and we will not be able to continue to issue equity to our employees, directors and consultants unless our stockholders approve the Restated Equity Plan. This assumes we continue to grant awards consistent with our historical usage and current practices, as reflected in our historical burn rate discussed below. While we could increase cash compensation if we are unable to grant equity incentives, we anticipate that we will have difficulty attracting, retaining and motivating our employees if we are unable to make equity grants to them. Equity-based grants are a more effective compensation vehicle than cash at a growth-oriented, entrepreneurial company because they align employee and stockholder interests with a smaller impact on current income and cash flow.

[Table of Contents](#)

We Manage Our Equity Incentive Award Use Carefully. We manage our long-term stockholder dilution by limiting the number of equity awards granted annually. The Compensation and Human Resources Committee carefully monitors our total dilution and equity expense to ensure that we maximize stockholder value by granting only the appropriate number of equity awards necessary to attract, reward and retain employees. The following table summarizes the awards outstanding and shares available for grant under our existing Equity Plan as of June 30, 2017, and the proposed increase in shares authorized for issuance under the Restated Equity Plan:

Equity Compensation Plan as of June 30, 2017 (1)

	<u>Number of Shares</u>	<u>As a % of Shares Outstanding (2)</u>	<u>Dollar Value (3)</u>
Options outstanding	1,971,137	3.4%	\$130,489,269
Weighted average exercise price of outstanding options	\$ 59.23		
Weighted average remaining term of outstanding options	3.34 years		
Restricted stock units outstanding	2,610,982	4.5%	\$172,847,008
Shares available for grant	757,904	1.3%	\$ 50,173,271
Proposed increase in shares available for future issuance under Restated Equity Plan (over existing share reserve under Equity Plan)	3,850,000	6.6%	\$254,870,000

- (1) Excludes the shares available for grant under the ViaSat, Inc. Employee Stock Purchase Plan, which are discussed in detail under Proposal 5 above.
- (2) Based on 58,011,009 shares of ViaSat common stock outstanding as of June 30, 2017.
- (3) Based on the closing price of ViaSat common stock on June 30, 2017 (\$66.20).

In fiscal years 2017, 2016 and 2015, our annual gross burn rates under the Equity Plan were 3.17%, 3.29% and 2.48%, respectively (calculated by dividing the number of shares subject to equity awards granted during the applicable fiscal year by the weighted-average number of shares outstanding during such fiscal year). If we multiply each “full-value award” by a multiplier of 2.50 (consistent with the methodology employed by certain proxy advisory firms), the “adjusted” annual gross burn rates under the Equity Plan would be 6.60%, 6.86% and 5.07% for fiscal years 2017, 2016 and 2015, respectively. Our three-year average “adjusted” gross burn rate of 6.18% during this period approximates the applicable ISS burn rate limit of 6.13% for non-S&P 500, Russell 3000 Technology Hardware and Equipment companies.

In fiscal years 2017, 2016 and 2015, our end of year equity overhang rates for the Equity Plan were 9.36%, 14.25% and 10.15%, respectively (calculated by dividing (1) the number of shares subject to equity awards outstanding at the end of the applicable fiscal year plus the number of shares remaining available for issuance under the Equity Plan at the end of such fiscal year by (2) the number of our shares outstanding at the end of such fiscal year). If approved, the issuance of the additional 3.85 million shares to be reserved under the Restated Equity Plan would dilute the holdings of stockholders by an additional 6.64%, based on the number of shares of ViaSat common stock outstanding as of June 30, 2017.

In requesting approval of the Restated Equity Plan, we are asking stockholders for an approximately two year pool of shares to provide a predictable but competitive amount of equity for attracting, retaining and motivating employees, directors and consultants as we continue to grow. We cannot predict our future equity grant practices, the future price of our shares or future hiring activity with any degree of certainty at this time, and the share reserve under the Restated Equity Plan could last for a shorter or longer time. The Board of Directors will not create a subcommittee to evaluate the risks and benefits for issuing the additional authorized shares requested.

The Restated Equity Plan Combines Compensation and Governance Best Practices . The Restated Equity Plan includes provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

- *Continued broad-based eligibility for equity awards.* We grant equity awards to a significant number of our employees. By doing so, we link employee interests with stockholder interests throughout the organization and motivate our employees to act as owners of the business.
- *Stockholder approval is required for additional shares.* The Restated Equity Plan does not contain an annual "evergreen" provision. The Restated Equity Plan authorizes a fixed number of shares, so that stockholder approval is required to increase the maximum number of shares of our common stock which may be issued under the Restated Equity Plan.
- *No discount stock options or stock appreciation rights.* All stock options and stock appreciation rights will have an exercise price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted. To date we have not granted any stock appreciation rights.
- *Minimum Vesting Provision.* The Restated Equity Plan imposes a minimum one-year vesting requirement on all equity grants, with limited exceptions.
- *No single-trigger vesting of awards.* The Restated Equity Plan does not have single-trigger accelerated vesting provisions for changes in control.
- *Limitations on awards.* Not more than 500,000 shares may be subject to options or stock appreciation rights for any one individual per fiscal year. The Restated Equity Plan also has an individual award limit of 150,000 shares per fiscal year for grants of restricted stock, performance awards, dividend equivalents, restricted stock units and stock payments (except for grants made upon initial service of an employee, which have an award limit of 300,000 shares). In addition, the maximum aggregate amount of cash that may be paid in cash to any one person during any fiscal year with respect to one or more awards initially payable in cash shall be \$1,000,000.
- *Repricing is not allowed.* The Restated Equity Plan prohibits the repricing or other exchange of underwater stock options and stock appreciation rights for new awards or cash without prior stockholder approval.
- *Reasonable limit on full value awards.* For purposes of calculating the shares that remain available for issuance under the Restated Equity Plan, grants of options and stock appreciation rights will be counted as the grant of one share for each one share actually granted, as described above. However, to protect our stockholders from potentially greater dilutive effect of full value awards, all grants of full value awards will be counted against the Restated Equity Plan's share reserve as 2 shares for each share subject to full value awards granted prior to September 22, 2010 and subsequent to September 19, 2012, and as 2.65 shares for each share subject to full value awards granted during the period beginning on September 22, 2010 and ending on September 19, 2012.
- *Reasonable share counting provisions.* In general, when awards granted under the Restated Equity Plan expire or are canceled, or are settled in cash, or when the shares subject to a full value award are forfeited by the holder or withheld or repurchased by us, including to satisfy any tax withholding obligation with respect to such full value award, the shares reserved for those awards will be returned to the share reserve and be available for future awards in an amount corresponding to the reduction in the share reserve previously made with respect to such award (provided that shares tendered by the holder or withheld by us to satisfy any tax withholding obligation with respect to a full value award at a tax withholding rate in excess of the minimum tax withholding obligation shall not be added back to the share reserve to the extent in excess of such minimum tax withholding obligation). However, the following shares will not be returned to the share reserve under the Restated Equity Plan: shares of common stock that are delivered by the grantee or withheld by us as payment of the exercise price in connection with the exercise of an option or payment of the tax withholding obligation in connection with any option or stock appreciation right; shares purchased on the open market with the cash proceeds from the exercise of options; and

[Table of Contents](#)

shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on its exercise.

- *Limitations on dividend and dividend equivalent payments on unvested awards.* Dividends and dividend equivalents may not be paid on awards subject to vesting conditions unless and until such conditions are met.
- *No tax gross-ups.* The Restated Equity Plan does not provide for any tax gross-ups.

Summary of the Restated Equity Plan

The following is a summary of the Restated Equity Plan. This summary does not purport to be complete and is qualified in its entirety by reference to the full text of the Restated Equity Plan, a copy of which is attached as *Appendix B* to this proxy statement.

General Nature and Purpose. The Restated Equity Plan was adopted (1) to further our growth, development and financial success by providing additional incentives to some of our key employees who have been or will be given responsibility for the management or administration of our business affairs, by assisting them to become owners of our capital stock and thus to benefit directly from our growth, development and financial success, and (2) to enable us to retain the services of the type of professional, technical and managerial employees considered essential to our long-range success, by providing and offering them the opportunity to become owners of our capital stock. The Restated Equity Plan provides for the grant to our executive officers, other key employees, consultants and non-employee directors of a broad variety of stock-based compensation alternatives such as non-qualified stock options, incentive stock options, restricted stock, restricted stock units, dividend equivalents, stock payments, stock appreciation rights and performance awards.

Administration. The Compensation and Human Resources Committee of the Board of Directors will administer the Restated Equity Plan. The full Board of Directors will administer the Restated Equity Plan with respect to awards to non-employee directors. The Compensation and Human Resources Committee and the Board of Directors, as applicable, are referred to in this summary as the plan administrator. In addition to administering the Restated Equity Plan, the plan administrator is also authorized to adopt, amend and rescind rules relating to the administration of the Restated Equity Plan.

Shares Subject to Restated Equity Plan. The Equity Plan currently provides for the issuance of up to 25,200,000 shares of our common stock (of which 757,904 shares remain available for issuance as of June 30, 2017) and, if this Proposal 6 is approved, the Restated Equity Plan will provide for the issuance of up to 29,050,000 shares of our common stock. Under the terms of the Restated Equity Plan, the shares available for issuance may be used for all types of awards under a fungible pool formula. Pursuant to this fungible pool formula, the authorized share limit will be reduced by one share for every one share subject to an option or a stock appreciation right. Full value awards will be counted against the Restated Equity Plan's authorized share limit as 2 shares for each share subject to full value awards granted prior to September 22, 2010 and subsequent to September 19, 2012, and as 2.65 shares for each share subject to full value awards granted during the period beginning on September 22, 2010 and ending on September 19, 2012. The payment of dividend equivalents in cash in conjunction with any outstanding awards will not be counted against the shares available for issuance under the Restated Equity Plan.

If (1) any award under the Restated Equity Plan expires or is cancelled without having been fully exercised or paid or such award is settled for cash, (2) any shares subject to a full value award are forfeited by the holder or repurchased by us, or (3) any shares are tendered by the holder or withheld by us to satisfy any tax withholding obligation with respect to a full value award, then the shares subject to such award may, to the extent of such expiration, cancellation, cash settlement, forfeiture or repurchase, be used again for new grants under the Restated Equity Plan in an amount corresponding to the reduction in the share reserve previously made with respect to such award, provided that shares tendered by the holder or withheld by us to satisfy any tax withholding obligation with respect to a full value award at a tax withholding rate in excess of the minimum tax withholding obligation shall not be added back to the share reserve to the extent in excess of such minimum tax withholding obligation.

[Table of Contents](#)

Notwithstanding the foregoing, the following shares will not be added to the shares authorized for grant under the Restated Equity Plan: (1) any shares tendered or withheld to satisfy the exercise price of an option or any tax withholding obligation with respect to an option or stock appreciation right, (2) any shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on its exercise, and (3) any shares purchased on the open market with the cash proceeds from the exercise of options.

The number of shares subject to the Restated Equity Plan, and the limitations on the number of shares subject to grants and awards under the Restated Equity Plan, may in the discretion of the plan administrator be adjusted to reflect changes in our capitalization or certain corporate events which are described more fully in the Restated Equity Plan, but include stock splits, recapitalizations, reorganizations and reclassifications. In the event of an equity restructuring, (1) the number and type of securities subject to each outstanding award and the grant or exercise price per share for each outstanding award, if applicable, will be proportionately adjusted, and (2) the plan administrator will make proportionate adjustments to reflect such equity restructuring with respect to the aggregate number and type of shares that may be issued under the Restated Equity Plan (including, but not limited to, adjustments of the number of shares available under the plan and the maximum number of shares which may be subject to awards to a participant during any fiscal year).

Not more than 500,000 shares may be subject to options or stock appreciation rights for any one individual per fiscal year. The Restated Equity Plan also has an individual award limit of 150,000 shares per fiscal year for grants of restricted stock, performance awards, dividend equivalents, restricted stock units and stock payments (except for grants made upon initial service of an employee, which has an award limit of 300,000 shares). In addition, the maximum aggregate amount of cash that may be paid in cash to any one person during any fiscal year with respect to one or more awards initially payable in cash shall be \$1,000,000.

Eligibility. Any employee, consultant or non-employee director selected by the plan administrator is eligible to receive equity awards under the Restated Equity Plan. The plan administrator, in its absolute discretion, will determine (1) among the eligible participants the individuals to whom awards are to be granted, (2) the number of shares to be granted, and (3) the terms and conditions of the grants. As of June 30, 2017, outstanding equity awards have been issued to 2,101 of our 4,791 employees, to one of our 53 consultants, and to all six of our non-employee directors as of that date under the Equity Plan.

Purchase Price of Optioned Shares. The price per share of the shares subject to each option is set by the plan administrator. However, the price per share cannot be less than fair market value on the date the option is granted. In the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat or any subsidiary or parent corporation of ViaSat, the price cannot be less than 110% of the fair market value of a share of common stock on the date the option is granted. On June 30, 2017, the closing price of ViaSat common stock on the Nasdaq Global Select Market was \$66.20 per share.

Terms of Options. The term of an option is set by the plan administrator in its discretion. However, the term of an option cannot exceed six years under the Restated Equity Plan. In the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat, the term may not exceed five years.

Exercise of Options. Upon the exercise of an option under the Restated Equity Plan, the optionee must make full cash payment to the Corporate Secretary of ViaSat for the shares with respect to which the option, or portion of the option, is exercised. However, the plan administrator may in its discretion allow various forms of payment, which are described in the Restated Equity Plan.

Other Stock Awards. The Restated Equity Plan allows for various other awards including restricted stock, performance awards, dividend equivalents, restricted stock units, stock payments and stock appreciation rights. Except as expressly permitted by the Restated Equity Plan, awards of restricted stock will have a minimum vesting schedule of three years (except for restricted stock performance awards, which will have a minimum

[Table of Contents](#)

performance period of one year). The term of a stock appreciation right cannot exceed six years under the Restated Equity Plan and the exercise price per share of a stock appreciation right cannot be less than fair market value on the date the stock appreciation right is granted. Dividends and dividend equivalents may not be paid on awards subject to vesting conditions unless and until such conditions are met. The Compensation and Human Resources Committee will also determine whether performance awards are intended to be performance-based compensation within the meaning of Section 162(m) of the Code.

Director Compensation. During the term of the Restated Equity Plan, a person who is initially elected to the Board of Directors and who is a non-employee director at that time is automatically granted 3,000 restricted stock units and an option to purchase 9,000 shares of common stock. At each subsequent annual meeting of stockholders, each non-employee director will automatically be granted 1,600 restricted stock units and an option to purchase 5,000 shares of common stock. The initial equity grants to non-employee directors vest in three equal annual installments on the first three anniversaries of the date of grant. The annual equity grants to non-employee directors vest in full on the first anniversary of the date of grant.

Performance-Based Compensation Under Section 162(m) of the Code. The Compensation and Human Resources Committee may grant restricted stock, restricted stock units, stock appreciation rights, dividend equivalents, performance awards, cash bonuses and stock payments to employees who are or may be “covered employees” (as defined in Section 162(m) of the Code) that are intended to be performance-based compensation within the meaning of Section 162(m) of the Code. The Compensation and Human Resources Committee will have the discretion to pay compensation that is not qualified performance-based compensation and that is not tax deductible. In order to constitute qualified performance-based compensation under Section 162(m) of the Code, in addition to certain other requirements, the relevant amounts must be payable only upon the attainment of pre-established, objective performance goals set by the Compensation and Human Resources Committee and based on stockholder-approved performance criteria. In asking our stockholders to approve the Restated Equity Plan, we are also requesting our stockholders approve the below performance criteria to extend the period during which we may qualify awards granted under the Restated Equity Plan as qualified performance-based compensation.

The Restated Equity Plan includes the following performance criteria that may be considered by the Compensation and Human Resources Committee when granting performance-based awards, any of which may be measured with respect to our performance or the performance of a division, business unit or an individual:

- net earnings (either before or after one or more of the following: interest, taxes, depreciation and amortization),
- gross or net sales or revenue,
- net income (either before or after taxes),
- operating earnings or profit,
- cash flow (including, but not limited to, operating cash flow and free cash flow),
- return on assets,
- return on capital,
- return on stockholders’ equity,
- return on sales,
- gross or net profit or operating margin,
- costs,
- funds from operations,
- expenses,

[Table of Contents](#)

- working capital,
- earnings per share, or
- price per share of ViaSat common stock.

The Compensation and Human Resources Committee shall select the performance criteria (and any permissible objectively determinable adjustments) for each performance award for purposes of establishing the performance goal(s) applicable to such performance award for the designated performance period. The Compensation and Human Resources Committee will define in an objective fashion the manner of calculating the performance criteria it selects to use for such awards. With regard to a particular performance period, the Compensation and Human Resources Committee will have the discretion to select the length of the performance period, the type of performance-based awards to be granted, and the performance goals that will be used to measure the performance for the period.

Minimum Vesting Requirement. The Restated Equity Plan contains a minimum vesting period which provides that no award agreements will provide for vesting of the award thereunder earlier than one year after the applicable grant date; provided, however, that the Compensation Committee may accelerate the vesting of an award in the case of a participant's termination of service, death or disability, or a Corporate Transaction or Change in Control (each as defined in the Restated Equity Plan or in the applicable award agreement), notwithstanding such minimum vesting provisions; and provided further that, awards granted after the effective date of the Restated Equity Plan that cover, in the aggregate, no more than 5% of the shares of common stock reserved for issuance under the Restated Equity Plan may be granted without regard to such minimum vesting provisions.

No Repricing. The Restated Equity Plan prohibits the repricing or other exchange of underwater stock options or stock appreciation rights for new awards or cash without prior stockholder approval.

Amendment and Termination of the Plan. The Restated Equity Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the plan administrator. However, without approval of the stockholders of ViaSat, (1) the Restated Equity Plan may not be amended to (a) increase the maximum number of shares issuable upon exercise of equity awards granted under the Restated Equity Plan, or (b) increase the annual award limits applicable to participants, and (2) no action of the plan administrator may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule. The Restated Equity Plan will continue until terminated by the plan administrator. No incentive stock options may be granted under the Restated Equity Plan after June 20, 2027.

Securities Laws. The Restated Equity Plan is intended to conform to all provisions of the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended, and any and all regulations and rules promulgated by the SEC thereunder, including, without limitation, Rule 16b-3.

U.S. Federal Income Tax Consequences

The following is a general discussion of the principal tax considerations for both ViaSat and the recipients of the various awards under the Restated Equity Plan, and is based upon the tax laws and regulations of the United States existing as of the date hereof, all of which are subject to modification at any time. The following discussion is intended for general information only. The tax consequences described below are subject to the limitations of Section 162(m) of the Code, as discussed in further detail below. Alternative minimum tax and other federal taxes and foreign, state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

Consequences to Employees: Incentive Stock Options. No income is recognized for federal income tax purposes by an optionee at the time an incentive stock option is granted, and, except as discussed below, no income is recognized by an optionee upon his or her exercise of an incentive stock option. If the optionee makes no disposition of the common stock received upon exercise of an incentive stock option within two years from

[Table of Contents](#)

the date such option was granted or one year from the date the option is exercised, the optionee will recognize capital gain or loss when he or she disposes of the common stock. This gain or loss generally will be measured by the difference between the exercise price of the option and the amount received for the common stock at the time of disposition. The exercise of an incentive stock option will give rise to an item of adjustment that may result in alternative minimum tax liability for the optionee. If the optionee disposes of the common stock acquired upon exercise of an incentive stock option within two years after being granted the option or within one year after acquiring the common stock, any amount realized from such disqualifying disposition will be taxable as ordinary income in the year of disposition to the extent that (1) the lesser of (a) the fair market value of the shares on the date the incentive stock option was exercised or (b) the fair market value at the time of such disposition exceeds (2) the incentive stock option exercise price. Any amount realized upon disposition in excess of the fair market value of the shares on the date of exercise will be treated as long or short-term capital gain, depending upon the length of time the shares have been held.

Consequences to Employees: Non-Qualified Stock Options. No income is recognized by an optionee at the time a non-qualified stock option is granted. In general, at the time shares of common stock are issued to an optionee pursuant to exercise of a non-qualified stock option, the optionee will recognize ordinary income equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. An optionee will recognize gain or loss on the subsequent sale of common stock acquired upon exercise of a non-qualified stock option in an amount equal to the difference between the selling price and the tax basis of the common stock, which will include the price paid plus the amount included in the optionee's income by reason of the exercise of the non-qualified stock option. Provided the shares of common stock are held as a capital asset, any gain or loss resulting from a subsequent sale will be short-term or long-term capital gain or loss depending upon the length of time the shares have been held.

Consequences to ViaSat: Incentive Stock Options. We will not be allowed a deduction for federal income tax purposes at the time of the grant or exercise of an incentive stock option. There are also no federal income tax consequences to us as a result of the disposition of common stock acquired upon exercise of an incentive stock option if the disposition is not a disqualifying disposition. At the time of a disqualifying disposition by an optionee, we will be entitled to a deduction for the amount received by the optionee to the extent that such amount is taxable to the optionee as ordinary income.

Consequences to ViaSat: Non-Qualified Stock Options. Generally, we will be entitled to a deduction for federal income tax purposes in the year and in the same amount as the optionee is considered to have realized ordinary income in connection with the exercise of a non-qualified stock option.

Restricted Stock. Generally, a participant in the Restated Equity Plan will not be taxed upon the grant or purchase of restricted stock that is subject to a "substantial risk of forfeiture," within the meaning of Section 83 of the Code, until such time as the restricted stock is no longer subject to the substantial risk of forfeiture. At that time, the participant will be taxed on the difference between the fair market value of the common stock and the amount the participant paid, if any, for such restricted stock. However, the recipient of restricted stock under the Restated Equity Plan may make an election under Section 83(b) of the Code to be taxed with respect to the restricted stock as of the date of transfer of the restricted stock rather than the date or dates upon which the restricted stock is no longer subject to a substantial risk of forfeiture and the participant would otherwise be taxable under Section 83 of the Code. ViaSat will be eligible for a tax deduction as a compensation expense at the time the participant recognizes ordinary income equal to the amount of income recognized.

Stock Appreciation Rights. A participant will not be taxed upon the grant of a stock appreciation right. Upon the exercise of the stock appreciation right, the participant will recognize ordinary income equal to the amount of cash or the fair market value of the stock received upon exercise. At the time of exercise, ViaSat will be eligible for a tax deduction as a compensation expense equal to the amount that the participant recognizes as ordinary income.

Performance Awards, Dividend Equivalents, Restricted Stock Units and Stock Payments. A participant will have ordinary income upon receipt of stock or cash payable under a performance award, dividend

[Table of Contents](#)

equivalents, restricted stock units and stock payments. ViaSat will be eligible for a tax deduction as a compensation expense equal to the amount of ordinary income recognized by the participant.

Section 162(m). Under Section 162(m) of the Code, in general, income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid in 1994 and thereafter) for certain executive officers exceeds \$1 million in any one taxable year. However, under Section 162(m) of the Code, the deduction limit does not apply to certain “performance-based” compensation established by an independent compensation committee which conforms to certain restrictive conditions stated under the Code and related regulations. Stock options and stock appreciation rights granted under the Restated Equity Plan may qualify as “performance-based” compensation under Section 162(m) of the Code. The Restated Equity Plan has been structured with the intent that other awards granted under the Restated Equity Plan may, in the discretion of the Compensation and Human Resources Committee, be structured so as to qualify for the “performance-based” compensation exception to the \$1 million annual deductibility limit under Section 162(m) of the Code. However, awards granted under the Restated Equity Plan will be treated as performance-based compensation under Section 162(m) of the Code only if the awards and the procedures associated with them comply with all requirements of Section 162(m) of the Code. There can be no assurance that compensation attributable to awards granted under the Restated Equity Plan will be treated as performance-based compensation under Section 162(m) of the Code and thus be deductible to us.

New Plan Benefits

The number of awards that an eligible individual may receive under the Restated Equity Plan is in the discretion of the Board of Directors or the Compensation and Human Resources Committee and therefore cannot be determined in advance. As noted above, the Restated Equity Plan provides for automatic grants of restricted stock units and stock options to non-employee directors. Other than these automatic awards, neither the Compensation and Human Resources Committee nor the Board of Directors has made any determination to grant any awards to any persons under the Restated Equity Plan as of the date of this proxy statement. For illustrative purposes only, the following table sets forth the aggregate number of shares subject to restricted stock units and stock options granted under the Equity Plan during the last fiscal year to the following individuals and groups.

- (1) This table shows beneficial ownership of our common stock as calculated under SEC rules, which specify that a person is the beneficial owner of securities if that person has sole or shared voting or investment power. Except as indicated in the footnotes to this table and pursuant to applicable community property laws, to our knowledge, the persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned. Unless otherwise indicated, the address of each person or entity named below is c/o ViaSat, Inc., 6155 El Camino Real, Carlsbad, California 92009.
- (2) In computing the number of shares beneficially owned by a person named in the table and the percentage ownership of that person, shares of common stock that such person had the right to acquire within 60 days after June 30, 2017 are deemed outstanding, including without limitation, upon the exercise of options or the vesting of restricted stock units. These shares are not, however, deemed outstanding for the purpose of computing the percentage ownership of any other person. References to options in the footnotes of the table include only options to purchase shares that were exercisable within 60 days after June 30, 2017 and references to restricted stock units in the footnotes of the table include only restricted stock units that are scheduled to vest within 60 days after June 30, 2017.
- (3) For each person included in the table, percentage ownership is calculated by dividing the number of shares beneficially owned by such person by the sum of (a) 58,011,009 shares of common stock outstanding on June 30, 2017 plus (b) the number of shares of common stock that such person had the right to acquire within 60 days after June 30, 2017.

Business Overview and Fiscal Year 2017 Performance Highlights

We are an innovator in broadband technologies and services. Our end-to-end platform of high-capacity Ka-band satellites, ground infrastructure and user terminals enables us to provide cost-effective, high-speed, high-quality broadband solutions to enterprises, consumers and government users around the globe, whether on the ground, on the move or in flight. In addition, we develop and provide advanced wireless communications systems, secure networking systems and cybersecurity and information assurance products and services. Our product, system and service offerings are often linked through common underlying technologies, customer applications and market relationships. We believe that our existing portfolio of products and services, combined with our ability to effectively cross-deploy technologies between government and commercial segments and across different geographic markets, provides us with a strong foundation to sustain and enhance our leadership in advanced communications and networking systems. We are also investing heavily in our development of next generation broadband satellite technologies, to expand our addressable markets and help us realize our mission to become the first truly global internet service provider.

Performance Highlights

In fiscal year 2017, we delivered strong financial results and achieved key strategic and developmental objectives, including:

- Record revenue of \$1.6 billion (a 10% increase over fiscal year 2016), record cash flow from operations of \$411.3 million (a 39% increase over fiscal year 2016), and a record value of new contract awards of \$1.7 billion (a 12% increase over fiscal year 2016);
- Increased revenue and profitability of our government systems segment despite a challenging defense environment;
- Continued disruption of the in-flight connectivity market, with over 550 commercial aircraft in service utilizing our in-flight internet services as of the end of fiscal year 2017 and our in-flight broadband systems expected to be installed on approximately 800 additional commercial aircraft under existing agreements with leading airlines;
- Successful preparation for the launch of our ViaSat-2 satellite (which was launched in the first quarter of fiscal year 2018 and is currently in the process of orbit raising), which will provide more than two times the capacity and seven times the coverage area of our ViaSat-1 satellite.

Investing in our Future

We believe that our strong financial growth, our track record in our government systems segment, and our success in disrupting the in-flight connectivity market validate our unique business models, and the value and

effectiveness of our historical research and development (R&D) investments. As a result, we are currently making substantial R&D investments that we believe will sustain and accelerate our growth, cash flow generation and profitability in the years to come. To realize our vision to offer broadband on a global scale, we have significantly scaled our R&D investments, and in fiscal years 2017 and 2016, our R&D expenses increased by 68% (to \$129.6 million) and 65% (to \$77.2 million), respectively. These investments have allowed us to achieve key milestones in the development and construction of our global constellation of ViaSat-3 class satellites, with each satellite designed to deliver over 1 Terabit per second of high throughput broadband capacity to almost one third of the Earth. Each ViaSat-3 class satellite is also expected to have substantial advantages in geographic coverage relative to current generation satellites, and to offer the ability to flexibly allocate bandwidth in real-time to efficiently address the geographic markets with the greatest demand or strategic value.

As the capacity, data throughput speeds and geographic coverage areas of our satellite systems continue to increase with each generation of our high-capacity satellite design, we expect the addressable markets for our technologies, products and services (whether consumer, enterprise, commercial airline or government) to similarly expand. Higher capacity, more flexible satellites allow us to offer cost-effective services that allow greater data usage at faster speeds, thereby enabling us to better compete against other broadband technologies (including terrestrial technologies) over large geographic areas, including on a global scale once our ViaSat-3 class satellite constellation is complete. In addition, the coverage, density and dynamic bandwidth of our next generation broadband satellites will allow us to pursue attractive new opportunities, such as the maritime market (which shares many of the same characteristics as the commercial mobility market in which we have been successful) and shared community Wi-Fi hotspots wherever the constraints of terrestrial networks make access slow, expensive or unavailable. Although it will take a few years until we realize all of the benefits of these technology investments, we believe that they uniquely position us to capitalize on future opportunities to grow our business and create significant shareholder value.

Overview and Objectives of Executive Compensation Program

The objectives of our executive compensation program are premised on the following three fundamental principles, each of which is discussed below: (1) a significant portion of executive compensation should be performance-based, linking the achievement of company financial objectives and individual objectives; (2) the financial interests of our executive management and our stockholders should be aligned; and (3) the executive compensation program should be structured so that we can compete in the marketplace in hiring and retaining top level executives with compensation that is competitive and fair. Because our compensation program is designed to reward prudent business judgment and promote disciplined progress towards longer-term company goals, we believe that our balanced compensation policies and practices do not encourage unnecessary and excessive risk-taking by employees that could reasonably be expected to have a material adverse effect on us.

Performance-Based Compensation. We strongly believe that a significant amount of executive compensation should be designed to reward superior performance, and we believe that our executive officers should feel accountable for the overall performance of our business as well as their individual performance. To achieve this objective, we have structured our compensation program so that executive compensation is tied, in large part, directly to both company-wide and individual performance. For example, and as discussed specifically below, annual cash bonuses are based on, among other things, pre-determined corporate financial performance metrics and operational targets, and individual performance.

Alignment with Stockholder Interests. We believe that executive compensation and stockholder interests should be linked, and our compensation program is designed so that the financial interests of our executive officers are closely aligned with the interests of our stockholders. We accomplish this objective in multiple ways. First, our Named Executive Officer compensation is linked to achievement of rigorous financial and operational performance goals. Second, we have adopted stock ownership guidelines that require our executive officers to own a significant amount of ViaSat stock. While we consider total shareholder return in executive compensation determinations, we also recognize that, given the long-term nature of value creation in the satellite industry, our current investments may take several years before being reflected in our financial performance and share price.

Structure Allows Competitive and Fair Compensation Packages. We believe our success depends to a significant degree on our ability to attract and retain highly skilled personnel. Stockholders are accordingly best served when we can attract and retain talented executives with compensation packages that are competitive and fair. Therefore, we strive to create compensation packages for executive officers that deliver compensation that is comparable to the total compensation delivered by the companies with which we compete for executive talent.

Compensation Determination Processes and Criteria

The Compensation and Human Resources Committee is responsible for determining our overall executive compensation philosophy, and for evaluating and recommending all components of executive officer compensation to our Board of Directors for approval. The Compensation and Human Resources Committee acts under a written charter adopted and approved by our Board and may, in its discretion, obtain the assistance of outside advisors, including compensation consultants, legal counsel and accounting and other advisors. Each member of our Compensation and Human Resources Committee qualifies as an “outside director” within the meaning of Section 162(m) of the Internal Revenue Code, a “non-employee director” within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, and as independent within the meaning of the corporate governance standards of Nasdaq. A copy of the Compensation and Human Resources Committee charter can be found on the Investor Relations section of our website at investors.viasat.com.

In fiscal year 2017, the Compensation and Human Resources Committee again engaged Compensia, an independent compensation consultant, to provide insight and advice on matters relating to executive officer compensation and benefits practices. After conducting an evaluation using the factors established by the SEC and Nasdaq, the Compensation and Human Resources Committee determined that Compensia is independent and that there is no conflict of interest resulting from the engagement of Compensia during fiscal year 2017.

Because our executive compensation program relies on the use of three relatively straightforward components (base salary, annual cash bonuses and long-term equity awards), the process for determining each component of executive compensation remains fairly consistent across each component. In determining each component of executive compensation, the Compensation and Human Resources Committee generally considers each of the following factors:

- industry compensation data,
- individual performance and contributions,
- company financial and operational performance,
- company strategic positioning,
- total executive compensation,
- affordability of cash compensation based on ViaSat’s financial results,
- availability and affordability of shares for equity awards, and
- stockholder feedback, including the results of say-on-pay votes.

Industry Compensation Data. The Compensation and Human Resources Committee reviews executive compensation data of comparable technology companies and other companies which are otherwise relevant as part of the process of determining executive compensation. With the assistance of Compensia, the Compensation and Human Resources Committee identified a group of companies to reference as a peer group for compensation comparison purposes. For fiscal year 2017 compensation decisions, this peer group consisted of the following companies: Akamai Technologies, Inc., Arris Group, Avid Technology, Inc., CenturyLink, Inc., Ciena Corporation, Cree, Inc., EchoStar Corp., Equinix, Inc., Gogo Inc., Harris Corporation, Intuit Inc., Iridium Communications Inc., Mentor Graphics Corp., Nuance Communications, Inc., Polycom, Inc., Rockwell Collins Inc., T-Mobile US and TiVo Inc. The peer group was selected based on factors such as industry, revenue, business model and market capitalization. Additionally, the Compensation and Human Resources Committee

[Table of Contents](#)

believes that this group of companies provides an appropriate peer group because it is comprised of similar organizations against whom we compete to obtain and retain top quality talent. The Compensation and Human Resources Committee also reviewed market information from the Radford Global Technology survey, a nationally recognized compensation survey containing market information of companies in the high technology industry. This survey was not compiled specifically for ViaSat but rather represents a database containing comparative compensation data and information for a broad range of other high technology companies, thereby permitting the Compensation and Human Resources Committee to review pooled compensation data for positions similar to those held by each executive officer. The survey data provided to the Compensation and Human Resources Committee does not include the particular names of those companies whose pay practices are surveyed with respect to any particular position being reviewed. Unlike peer group compensation data, which is limited to publicly available information and does not provide precise comparisons for certain positions, the more comprehensive survey data can be used to provide pooled compensation data for positions closely akin to those held by each executive officer. In addition, the pool of senior executive talent from which we draw, and against which we compare ourselves, extends beyond the limited community of ViaSat's immediate peer group. Rather, this survey data includes a wide range of other organizations in the technology sector outside of ViaSat's traditional competitors. As a result, the Compensation and Human Resources Committee relies on a combination of industry survey data published by Radford and peer group compensation data in evaluating our executive compensation.

Individual Performance. The Compensation and Human Resources Committee makes an assessment of individual executive performance and contributions. The individual performance assessments made by the Compensation and Human Resources Committee are based in part on input from executive management. As part of our executive compensation process, our Chief Executive Officer and President provide input to the Compensation and Human Resources Committee on the individual performance and contributions of executives other than themselves. With respect to assessing the individual performance of our Chief Executive Officer, the Compensation and Human Resources Committee relies on an annual assessment completed by our Nomination, Evaluation and Corporate Governance Committee. In evaluating the performance of our President, the Nomination, Evaluation and Corporate Governance Committee relies on input from our Chief Executive Officer. While the Compensation and Human Resources Committee believes input from management and outside advisors is valuable, the Compensation and Human Resources Committee makes its recommendations and decisions based on its independent analysis and assessment.

Company Financial and Operational Performance. A major component of our executive compensation program is the belief that a significant amount of executive compensation should be based on performance, including company financial and operational performance. These financial and operational performance metrics are important factors considered by the Compensation and Human Resources Committee in determining base salary, cash bonuses and equity awards.

Company Strategic Positioning. Given the importance of the long-term performance of the company, the current strategic positioning of the company is also a significant factor in the assessment and determination of our executive compensation program. The Compensation and Human Resources Committee takes into account the strategic positioning of the company as a basis for determining annual cash bonus compensation and other executive compensation.

Total Executive Compensation. In addition to reviewing each component of executive compensation, the Compensation and Human Resources Committee also considers the total compensation of the executive. This review of total compensation is completed to assure that each executive's total compensation remains appropriately competitive and continues to meet the compensation objectives described above.

Affordability. Prior to completing the executive cash compensation (base salary and annual cash bonuses) process, the Compensation and Human Resources Committee confirms that the proposed cash compensation is affordable under and consistent with ViaSat's financial results. With respect to equity compensation, the Compensation and Human Resources Committee confirms the availability and affordability of shares prior to

granting the equity awards to executives. To the extent the Compensation and Human Resources Committee determines that a component of executive compensation is not affordable, appropriate adjustments to that compensation component are made prior to final approval by the Compensation and Human Resources Committee and any subsequent recommendation to the Board.

The Role of Stockholder Say-on-Pay Votes. At our most recent annual meeting of stockholders, we conducted a non-binding advisory vote on the compensation of our Named Executive Officers, commonly referred to as a “say-on-pay” vote. Our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with approximately 97% of stockholder votes cast in favor of our executive compensation program at our last annual meeting. As the Compensation and Human Resources Committee evaluated our executive compensation policies and practices throughout fiscal year 2017, they were mindful of the strong support our stockholders expressed for our compensation philosophy and objectives. As a result, the Compensation and Human Resources Committee decided to retain our general approach to executive compensation, with an emphasis on incentive compensation that rewards our most senior executives when they deliver value for our stockholders and, as a result, made no significant changes to our executive compensation program. The Compensation and Human Resources Committee will continue to consider the outcome of say-on-pay advisory votes and material investor feedback when making future compensation decisions for the Named Executive Officers.

Determination of Compensation. The Compensation and Human Resources Committee and the Board hold several meetings each year for the review, discussion and determination of executive compensation. The Compensation and Human Resources Committee determines (or makes a recommendation to the Board) the appropriate compensation for each individual executive officer after considering the factors described in the preceding paragraphs. We do not believe that it is appropriate to establish compensation levels solely by benchmarking. Instead, we rely upon the judgment of our Compensation and Human Resources Committee members in making compensation decisions, after reviewing the performance of the company and carefully evaluating an executive officer’s performance during the year against established goals, leadership qualities, individual contributions, operational results, business responsibilities, experience, career with the company, current compensation arrangements and long-term potential to enhance stockholder value. While competitive market compensation paid by other companies is one of the many factors that we consider in assessing the reasonableness of compensation, we do not attempt to maintain a certain target percentile within a peer group or otherwise rely entirely on that data to determine executive officer compensation. Instead, we incorporate flexibility into our compensation programs and in the assessment process to respond to and adjust for the evolving business environment.

We strive to achieve an appropriate mix between equity incentive awards and cash payments in order to meet our objectives and an apportionment goal is not applied rigidly and does not control our compensation decisions. Our mix of compensation elements is designed to reward results, align compensation with stockholder interests and fairly compensate executives through a combination of cash and equity incentive awards. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our executive officers to deliver superior performance and retain them to continue their careers with ViaSat on a cost-effective basis.

Components of Our Compensation Program

The components of our compensation program are the following: base salary, annual cash bonuses, long-term equity-based compensation and certain other benefits that are generally available to all of our employees.

Base Salary. In determining base salary, the Compensation and Human Resources Committee primarily considers (1) executive compensation survey results from Radford, which generally reports a compensation range for each position, (2) compensation data of our peer group companies prepared and analyzed by our independent compensation consultants, and (3) individual performance and contributions. In evaluating individual executive

[Table of Contents](#)

performance and contributions, the Compensation and Human Resources Committee also considers to what extent the executive:

- sustains a high level of performance,
- demonstrates leadership and success in contributing toward ViaSat’s achievement of key business and financial objectives,
- contributes significantly to the development and execution of ViaSat’s long-term strategy,
- has a proven ability to help create stockholder value, and
- possesses highly developed skills and abilities critical to ViaSat’s success.

In assessing individual executive performance and contributions during fiscal year 2016 for fiscal year 2017 base salary determination purposes, the Compensation and Human Resources Committee considered the individual contributions toward the achievement of key strategic objectives, such as the development and execution of strategies to facilitate global expansion, continued earnings growth of our Exede[®] residential broadband business, strong positioning and growth of our cybersecurity and information assurance products, performance and growth of in-flight connectivity services, key awards, and development progress on the ViaSat-2 and ViaSat-3 class satellites and associated ground technologies. In light of the foregoing, the Compensation and Human Resources Committee set new base salaries for each of the executive officers. The following table describes the base salaries for fiscal years 2016 and 2017 for each of our Named Executive Officers.

**Fiscal Year 2016 and Fiscal Year 2017
Base Salary**

<u>Executive</u>	<u>Fiscal Year 2016 Base Salary (\$)</u>	<u>Fiscal Year 2017 Base Salary (\$)</u>	<u>Percentage Increase (%)</u>
Mark Dankberg	1,025,000	1,100,000	7.3
Richard Baldrige	850,000	875,000	2.9
Shawn Duffy	450,000	490,000	8.9
Keven Lippert	500,000	550,000	10.0
Mark Miller	400,000	450,000	12.5

Annual Cash Bonuses. Consistent with our overall compensation objectives of linking compensation to performance, aligning executive compensation with stockholder interests, and attracting and retaining top level executive officers in our industry, our Compensation and Human Resources Committee approved annual cash bonuses for fiscal year 2017. Under our executive compensation program, target ranges for cash bonuses are established and actual award amounts are determined primarily based on the achievement of certain company and individual performance objectives. For fiscal year 2017, the range for the target bonus for each Named Executive Officer was determined by the Compensation and Human Resources Committee primarily based on industry compensation surveys and validated with compensation data from peer group companies. In determining the target bonus amounts, the Compensation and Human Resources Committee also considered the expected individual contributions of each executive toward the overall success of the company.

The executive bonus program does not have any pre-established minimum or maximum payout. While the Compensation and Human Resources Committee approves a targeted range of bonuses for executives for the fiscal year, the Board and the Compensation and Human Resources Committee also retain the discretion to take additional factors into account in determining final annual bonus awards (such as market conditions, key awards, total executive compensation, strategic positioning, additional company financial metrics or extraordinary individual contributions) and may make adjustments to executive bonus compensation to the extent appropriate.

[Table of Contents](#)

For fiscal year 2017, the metrics considered for determining annual cash bonuses for our Named Executive Officers included ViaSat’s annual financial performance and individual performance. The financial objectives were set at the beginning of fiscal year 2017 and were based on the year’s internally-developed financial plan, which was approved by our Board. The individual performance objectives for the executive officers (excluding the Chief Executive Officer and President) were determined by the Compensation and Human Resources Committee, with the objectives for the executive officers (other than our Chief Executive Officer and President) based on input and recommendations from our Chief Executive Officer and President. These individual performance objectives are qualitative in nature and each individual executive officer’s attainment of individual performance objectives, while made in the context of such pre-established objectives, is based upon a subjective evaluation of individual performance by the Compensation and Human Resources Committee. The annual performance metrics for determining annual cash bonuses, both financial and individual, are intended to be challenging and rigorous but achievable. The table below describes the company financial and individual objectives and weighting of each objective used for determining annual cash bonuses for our executive officers (other than our Chief Executive Officer and President) for fiscal year 2017.

For purposes of determining the annual cash bonus for our Chief Executive Officer in fiscal year 2017, the Compensation and Human Resources Committee relied on an assessment of our Chief Executive Officer's performance completed by the Nomination, Evaluation and Corporate Governance Committee. The criteria used by the Nomination, Evaluation and Corporate Governance Committee for our Chief Executive Officer's fiscal year 2017 evaluation included the following, with equal weighting (33%) applied to each of the three main categories:

- *Company Financial Performance* . Non-GAAP diluted net income per share attributable to ViaSat, Inc. common stockholders, Adjusted EBITDA, new contract awards, total revenues and net operating asset turnover (at the same levels as set forth in the table above).
- *Leadership* . Defining, managing and attaining corporate goals, exemplifying and promoting ethics and integrity throughout the company.
- *Strategic* . Industry positioning, short-term and long-term strategies, measurable progress in key business areas and effective pursuit of growth strategies.

As a result, the performance metrics for determining the annual cash bonus for our Chief Executive Officer consist of both objective and subjective criteria. Under the objective performance factors, the company must achieve quantifiable financial performance metrics, as described above. The attainment of our Chief Executive Officer's leadership and strategic individual performance factors, while made in the context of the company's achievement relative to the objective financial criteria described above, is based upon a subjective evaluation of his individual performance by the Nomination, Evaluation and Corporate Governance Committee. With respect to leadership performance, the Nomination, Evaluation and Corporate Governance Committee determined that Mr. Dankberg achieved, among other things:

- continued progress towards a global constellation of next generation broadband satellites, with the first two ViaSat-3 class satellites under construction,
- significant growth in ViaSat brand awareness across the industry, and
- continued commitment to a culture of ethical leadership with employee engagement at levels surpassing high tech industry benchmarks.

In terms of strategic objectives, the Nomination, Evaluation and Corporate Governance Committee noted the following achievements by Mr. Dankberg during fiscal year 2017, among other things:

- continued disruption of the in-flight connectivity market, with over 550 commercial aircraft in service utilizing our in-flight internet services as of the end of fiscal year 2017 and our in-flight broadband

- systems expected to be installed on approximately 800 additional commercial aircraft under existing customer agreements;
- improved network and beam efficiency for our ViaSat-2 satellite (which was successfully launched during the first quarter of fiscal year 2018 and is currently in the process of orbit raising);
 - growth in our government systems segment, including our cybersecurity and information assurance products, and tactical data links business; and
 - successful closing of a strategic partnering arrangement with Eutelsat S.A. to facilitate ViaSat's expansion into European markets.

The Compensation and Human Resources Committee considered the foregoing evaluations in determining Mr. Dankberg's final annual bonus award.

Based upon ViaSat's financial results for fiscal year 2017 relative to the pre-established financial objectives described above and the Compensation and Human Resources Committee's subjective evaluation of ViaSat's other corporate achievements during fiscal year 2017 and individual executive performance, the Compensation and Human Resources Committee, acting under delegation of authority from the Board, approved the cash bonuses in the table below for our Named Executive Officers for fiscal year 2017 (paid in fiscal year 2018). The Compensation and Human Resources Committee determined that the company's achievement relative to the pre-established financial objectives described above was approximately 108%.

In making its overall determinations relative to the individual component of each executive's bonus, the Compensation and Human Resources Committee placed special emphasis on the leadership provided by the executive team in the achievement of critical non-financial, operational and strategic business objectives during fiscal year 2017, specifically including each executive's contributions during the fiscal year to significant progress in the development and construction of our ViaSat-2 and ViaSat-3 class satellites (our second and third generation high-capacity Ka-band satellite designs, respectively), ViaSat's strategic role in the transformation of the in-flight connectivity market, continued growth in our government systems segment and overall strong strategic positioning, which resulted in the bonus awards reflected in the following table.

Fiscal Year 2017 Cash Bonuses

<u>Executive</u>	<u>Target Bonus Range As Percentage of Base Salary (%)</u>	<u>Actual Cash Bonuses (\$)</u>	<u>Actual Cash Bonuses As Percentage of Base Salary (%)</u>
Mark Dankberg	100-125	1,350,000	123
Richard Baldrige	100-125	1,150,000	131
Shawn Duffy	100-125	470,000	96
Keven Lippert	100-125	550,000	100
Mark Miller	50-100	375,000	83

Equity-Based Compensation. Consistent with our belief that equity-based compensation is a key component of an effective executive compensation program at growth-oriented technology companies, our Board approved (upon recommendation of our Compensation and Human Resources Committee) long-term equity awards to our executive officers in fiscal year 2017. Our Compensation and Human Resources Committee determined equity award levels for fiscal year 2017 in a manner consistent with the determination of base salary and annual cash bonuses. The Compensation and Human Resources Committee considered (1) the industry compensation data described above, (2) individual performance and contributions, (3) total executive compensation, and (4) the availability and affordability of shares for equity grants in determining equity

[Table of Contents](#)

compensation for executives. In determining the availability and affordability of shares for the 2017 equity incentive awards for the executive officers, the Compensation and Human Resources Committee also considered:

- the peer group data and compensation survey data from Radford,
- the number of shares available for issuance under our equity plan,
- the number of shares budgeted for non-executive equity grants,
- the expected future retention and new hire grants to executives and non-executives,
- annual dilution (burn) rate associated with the grant of equity awards,
- ViaSat's equity overhang levels,
- the estimated accounting expense of potential equity grants, and
- the tax consequences associated with the grant of equity awards.

Based on the factors discussed above, our Board (upon recommendation from the Compensation and Human Resources Committee) approved equity incentive awards in a combination of stock options and restricted stock units for our Named Executive Officers in November 2016. For more information on these equity awards, see the Grants of Plan-Based Awards in Fiscal Year 2017 table below.

Other Benefits . We provide a comprehensive benefits package to all of our employees, including our executive officers, which includes medical, dental, vision care, disability insurance, life insurance benefits, flexible spending plan, 401(k) savings plan, educational reimbursement program, employee assistance program, employee stock purchase plan, holidays and personal time off which includes vacation and sick days as needed. Certain executives also receive access to our sports and golf club memberships. We do not currently offer defined benefit pension or supplemental executive retirement plans to any of our employees.

Equity Grant Process

The company's practice is to grant equity awards in approximately 12-month cycles and awards are delivered in the form of stock options or restricted stock units. Grant approval for executive officers occurs at meetings of the Board. Because of the more extensive process for determining executive equity grants, executive equity grants are not always made at the same time as grants to all other eligible employees. Additionally, the timing of grants is not coordinated with the release of material non-public information. Stock option awards are priced at fair market value on the date of grant (as defined under our equity plan) and awards of restricted stock units are also made in accordance with the terms of our equity plan.

In addition to grants made as part of our annual equity grant process for our current employees, stock option and restricted stock unit grants may also be granted during the year to newly-hired employees as part of the in-hire package, as well as to existing employees for purposes of retention or in recognition of special achievements. In the event of newly-hired employees or retention and recognition awards to existing employees, those grants are generally made once per quarter. We do not grant "re-load" options, make loans to executives for any purpose, including to exercise stock options, nor do we grant stock options at a discount.

Stock Ownership Guidelines

To enhance our overall corporate governance practices and executive compensation program, our Board has adopted stock ownership guidelines for our executive officers. These guidelines are designed to align our executive officers' interests with our stockholders' long-term interests by promoting long-term ownership of ViaSat common stock, which reduces the incentive for excessive short-term risk taking. These guidelines provide

[Table of Contents](#)

that, within five years of his or her appointment as an executive officer, our executive officers should attain an investment position in shares of ViaSat common stock having a value not less than the amounts specified below:

<u>Executive Officer</u>	<u>Stock Ownership Guideline (as a multiple of base salary)</u>
Chief Executive Officer	Three times
President and Chief Operating Officer	Three times
Other Executive Officers	One time

Hedging, Short Sale and Pledging Policies

ViaSat’s policies prohibit all of our directors and officers from trading in put and call options and engaging in short sales with respect to shares of ViaSat common stock. ViaSat also strongly discourages any pledges of ViaSat common stock that could have any adverse impact on the company. Our policies require all pledges of ViaSat common stock by our directors and officers, including the establishment of a margin account containing ViaSat common stock, to be pre-cleared by our General Counsel.

Tax and Accounting Considerations

We select and implement the components of our compensation program primarily for their ability to help us achieve the company’s objectives and not on the basis of any unique or preferential financial tax or accounting treatment. In addition, Section 162(m) of the Internal Revenue Code generally sets a limit of \$1.0 million on the amount of annual compensation (other than certain enumerated categories of performance-based compensation) that we may deduct for federal income tax purposes for certain covered individuals. We have not adopted a policy requiring that all compensation be deductible, although the Compensation and Human Resources Committee will continue to review the Section 162(m) deductibility of our compensation arrangements in fiscal year 2018 and future fiscal years. The Compensation and Human Resources Committee retains the discretion to approve compensation that may not qualify for the compensation deduction if, in light of all applicable circumstances, it would be in our best interest for such compensation to be paid without regard to whether it may be tax deductible.

Compensation Committee Report

The Compensation and Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation and Human Resources Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

The information contained in this Compensation Committee Report shall not be deemed to be “soliciting material,” to be “filed” with the SEC or be subject to Regulation 14A or Regulation 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed to be incorporated by reference into any filing of ViaSat, except to the extent that ViaSat specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Potential Payments Upon Termination

ViaSat provides for certain severance benefits in the event that an executive's employment is involuntarily or constructively terminated within two months prior to or within 18 months following a change in control. We believe that reasonable severance benefits provide for a stable work environment by reinforcing and encouraging the continued attention and dedication of our key executives to their duties of employment without personal distraction or conflict of interest in circumstances which could arise from the occurrence of a change in control.

We have entered into change in control severance agreements (Change in Control Agreements) with each of the Named Executive Officers. Under each Change in Control Agreement, in the event an executive's employment is terminated by ViaSat without "cause" or the executive resigns for "good reason," in either case, within two months prior to or within 18 months following a "change in control" (as each term is defined in the Change in Control Agreement), the executive will be entitled to receive the following in lieu of any severance benefits to which such executive may otherwise be entitled under any severance plan or program:

- the executive's fully earned but unpaid base salary, when due, through the date of termination, plus all other benefits to which the executive may be entitled for such period,
- a lump sum cash payment based on a multiplier of the sum of the executive's then current annual base salary and target annual cash bonus (the multiplier used is 3.0 for the positions of Chief Executive Officer and President, and 2.0 for the remaining Named Executive Officers),
- continuation of health and other benefits for a period of 18 months following the date of termination, and
- full vesting of any outstanding equity awards.

As a condition to the executive's receipt of any of the post-termination benefits described above, the executive must (1) execute a written general release of all claims, and (2) execute an employee proprietary information and inventions agreement. The severance benefits payable under the Change in Control Agreements will be reduced by any severance benefits payable by us to the executive under any other policy, plan, program, agreement or arrangement. The Change in Control Agreements continue for successive one-year terms unless ViaSat or the executive provides notice of non-renewal.

[Table of Contents](#)

The following table sets forth the intrinsic values that the Named Executive Officers would derive in the event of a hypothetical termination of employment by ViaSat without cause or as a result of the Named Executive Officer's resignation for good reason within two months prior to or within 18 months following a change in control. The table assumes that the termination hypothetically occurred on March 31, 2017, the last day of fiscal year 2017, and that the Change in Control Agreements were in effect as of such date.

Members of the Board of Directors are reimbursed for expenses incurred in attending Board and committee meetings, and in connection with Board related activities.

To enhance our overall corporate governance practices and director compensation program, our Board has adopted stock ownership guidelines for our non-employee directors. These guidelines are designed to align our non-employee directors' interests with our stockholders' long-term interests by promoting long-term ownership of ViaSat common stock. These guidelines provide that, within five years of his or her first date of election to our Board, our non-employee directors should attain an investment position in ViaSat common stock having a value not less than three times the value of their annual retainer for general Board service.

**VIASAT, INC.
EMPLOYEE STOCK PURCHASE PLAN**

(AS AMENDED AND RESTATED EFFECTIVE SEPTEMBER 7, 2017)

ViaSat, Inc., a corporation organized under the laws of the State of Delaware (the “Company”), hereby adopts the ViaSat, Inc. Employee Stock Purchase Plan (the “Plan”). The purposes of the Plan are as follows:

- (1) To assist Employees of the Participating Companies in acquiring a stock ownership interest in the Company.
- (2) To help Employees provide for their future security and to encourage them to remain in the employment of the Participating Companies.

This Plan includes two components: a Code Section 423 Component (the “Section 423 Component”) and a non-Code Section 423 Component (the “Non-Section 423 Component”). It is the intention of the Company to have the Section 423 Component qualify as an “employee stock purchase plan” under Section 423 of the Code. The provisions of the Section 423 Component, accordingly, shall be construed so as to extend and limit participation on a uniform and nondiscriminatory basis consistent with the requirements of Section 423 of the Code. In addition, this Plan authorizes the grant of Options under the Non-Section 423 Component, which does not qualify as an “employee stock purchase plan” under Section 423 of the Code; such Options granted under the Non-Section 423 Component shall be granted pursuant to separate Offerings containing such sub-plans, appendices, rules or procedures as may be adopted by the Committee and designed to achieve tax, securities laws or other objectives for Eligible Employees and the Participating Companies in locations outside of the U.S. Except as otherwise provided herein, the Non-Section 423 Component will operate and be administered in the same manner as the Section 423 Component. Offerings intended to be made under the Non-Section 423 Component will be designated as such by the Committee at or prior to the time of such Offering.

For purposes of this Plan, the Committee may designate separate Offerings under the Plan, the terms of which need not be identical, in which Eligible Employees of one or more Participating Companies will participate, even if the dates of the applicable Offering Period(s) in each such Offerings are identical, provided that the terms of participation are the same within each separate Offering as determined under Section 423 of the Code.

1. DEFINITIONS

Whenever any of the following terms is used in the Plan with the first letter or letters capitalized, it shall have the following meaning unless the context clearly indicates to the contrary (such definitions to be equally applicable to both the singular and the plural forms of the terms defined):

(a) “Affiliate” means (i) any entity that, directly or indirectly, is controlled by, controls or is under common control with, the Company or (ii) any entity in which the Company has a significant equity interest, in either case as determined by the Committee, whether now or hereafter existing (which, for avoidance of doubt, shall include any Subsidiary).

(b) “Authorization” has the meaning assigned to that term in Section 3(b) hereof.

(c) “Board of Directors” or “Board” means the Board of Directors of the Company.

(f) “Company” means ViaSat, Inc., a Delaware corporation.

(g) “Eligible Compensation” means, with respect to any Offering Period, an Eligible Employee’s base pay or, for Participants in non-U.S. jurisdictions, equivalent amounts as determined by the Committee. (h) “Eligible Employee” means:

(i) an Employee (A) who does not, immediately after the Option is granted, own stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company, a Parent Corporation or a Subsidiary Corporation; and (B) who has been employed by a Participating Company for not less than five calendar days prior to a Grant Date (not including the Grant Date for purposes of such calculation).

(ii) For purposes of this paragraph (h), the rules of Section 424(d) of the Code with regard to the attribution of stock ownership shall apply in determining the stock ownership of an individual, and stock which an Employee may purchase under outstanding options shall be treated as stock owned by the Employee.

(iii) Notwithstanding the foregoing, the Committee may exclude from participation in the Plan or any Offering as an Eligible Employee:

(A) any Employee that is a “highly compensated employee” of the Company or any Participating Company (within the meaning of Section 414(q) of the Code), or that is such a “highly compensated employee” (1) with compensation above a specified level, (2) who is an officer and/or (3) is subject to the disclosure requirements of Section 16(a) of the Exchange Act, and/or

(B) any Employee who is a citizen or resident of a foreign jurisdiction (without regard to whether they are also a U.S. citizen or a resident alien (within the meaning of Section 7701(b)(1)(A) of the Code)) if either (1) the grant of the Option is prohibited under the laws of the jurisdiction governing such Employee, or (2) compliance with the laws of the foreign jurisdiction would cause the Section 423 Component, any Offering or the Option to violate the requirements of Section 423 of the Code; *provided* that any exclusion in clauses (A), and/or (B) shall be applied in an identical manner under each Offering to all Employees of the Participating Companies in such Offering, in accordance with Treasury Regulation Section 1.423-2(e).

(iv) With respect to the Non-Section 423 Component, all of the foregoing rules shall apply in determining who is an “Eligible Employee,” except (A) the Committee may limit eligibility further within a Participating Company so as to only designate some Employees of a Participating Company as Eligible Employees, and (B) to the extent the foregoing eligibility rules are not consistent with applicable local laws.

(i) “Employee” means an individual who renders services to a Participating Company in the status of an employee within the meaning of Section 3401(c) of the Code. “Employee” shall not include any independent contractor or director of the Company or a Participating Company who does not render services to the Company or a Participating Company in the status of an employee within the meaning of Section 3401(c) of the Code. A Participant shall be deemed to have ceased to be an Employee either upon the Participant ceasing to provide services as an employee or upon the Subsidiary Corporation or Affiliate employing the Participant ceasing to be a Participating Company. The Company shall determine in good faith and in the exercise of its discretion whether an individual has become or has ceased to be an Employee and the effective date of such individual’s attainment or termination of such status. For purposes of an individual’s participation in, or other rights under the Plan, all such determinations by the Company shall be final, binding and conclusive, notwithstanding that any court of law or governmental agency subsequently makes a contrary determination.

(o) “Offering” means an offer under the Plan of an Option that may be exercised during an Offering Period as further described in Sections 3 and 4. Unless otherwise specified by the Committee, each Offering to the Eligible Employees of the Company or a Participating Company shall be deemed a separate Offering, even if the dates and other terms of the applicable Offering Periods of each such Offering are identical and the provisions of the Plan will separately apply to each Offering. To the extent permitted by U.S. Treasury Regulation Section 1.423-2(a)(1), the terms of each separate Offering under the Section 423 Component need not be identical, provided that the terms of the Section 423 Component and an Offering together satisfy U.S. Treasury Regulation Section 1.423-2(a)(2) and (a)(3).

The designation by the Committee of Participating Companies and changes in such designations by the Committee shall not require stockholder approval. Only Subsidiary Corporations may be designated as Participating Companies for purposes of the Section 423 Component.

(cc) “Termination Date” means the date a Participant ceases to be an Eligible Employee.

2. STOCK SUBJECT TO THE PLAN

Subject to the provisions of Section 9 hereof (relating to adjustments upon changes in the Stock) and Section 11 hereof (relating to amendments of the Plan), the Stock which may be sold pursuant to Options granted under the Plan shall not exceed in the aggregate 3,650,000 shares, and may be unissued shares or treasury shares or shares bought on the market for purposes of the Plan. These 3,650,000 shares include 2,850,000 shares that were available but not used under the prior version of this Plan (i.e., the ViaSat, Inc. Employee Stock Purchase Plan as amended and restated effective September 16, 2015) as well as 800,000 additional shares that were made available for issuance for the first time as part of this amended and restated Plan. All or any portion of such maximum number of shares may be issued under the Section 423 Component.

3. GRANT OF OPTIONS

(a) General Statement. The Company shall offer Options under the Plan to all Eligible Employees in successive Offering Periods. Each Option shall be granted on the Grant Date of an Offering Period and shall expire on the Exercise Date immediately after the automatic exercise of the Option pursuant to Section 4(a) hereof. The number of shares of Stock subject to each Option shall equal the payroll deductions authorized by each Participant in accordance with subsection (b) hereof for the Offering Period (or, if applicable, the contributions by each Participant in accordance with subsection (d) or (e) hereof), divided by the Option Price, except with respect to fractional shares as provided in Section 4(a); provided, however, that the maximum number of shares subject to any Option shall not exceed 100,000. If by reason of the foregoing limitation any portion of the balance in a Participant’s account under the Plan is not applied to the purchase of Stock on an Exercise Date, the Company shall pay to the Participant such amount in cash in one lump sum within 60 days following such Exercise Date, without any interest thereon, unless otherwise required by local law for Participants in non-U.S. jurisdictions. Further, the Committee may limit the number or value of the shares of Stock made available for purchase in a qualified period (e.g., 12 month period) by Participants in specified countries or working for specified Participating Companies, if necessary to avoid securities law filings, achieve tax objectives or to meet other Company compliance objectives in particular non-U.S. jurisdictions, provided that any such limitation is imposed under the Non-Section 423 Component or, with respect to any Offering under the Section 423 Component, is imposed on an equal basis to all Participants under such Offering or as otherwise permitted in accordance with Section 423 of the Code.

[Table of Contents](#)

(b) Election to Participate; Payroll Deduction Authorization . Except as provided in subsection (d) or (e) hereof, an Eligible Employee shall participate in the Plan only by means of payroll deduction. Each Eligible Employee who elects to participate in the Plan shall deliver to the Company during the calendar month preceding a Grant Date and no later than five calendar days before such Grant Date (or such shorter or longer period as may be determined by the Committee) a completed and executed written payroll deduction authorization in a form prepared by the Company (the “Authorization”). An Eligible Employee’s Authorization shall give notice of such Eligible Employee’s election to participate in the Plan for the next following Offering Period and subsequent Offering Periods and shall designate such Participant’s payroll deduction election. The cash compensation payable to a Participant for an Offering Period shall be reduced each Payday through a payroll deduction in an amount equal to the stated withdrawal amount specified in the Authorization payable on such Payday, and such amount shall be credited to the Participant’s account under the Plan. Any Authorization shall remain in effect until the Eligible Employee amends the same pursuant to this subsection, withdraws pursuant to Section 5 or ceases to be an Eligible Employee pursuant to Section 6.

The Committee may adopt rules and procedures for the implementation and administration of payroll deduction elections and the grant and exercise of Options under the Plan, including the following:

(i) whether a Participant’s payroll deduction election may be stated in terms of a dollar amount on each Payday, a percentage of Eligible Compensation on each Payday or in any other manner; provided that, in the absence of any determination by the Committee, a Participant’s payroll deduction election shall be stated in terms of a percentage of such Participant’s Eligible Compensation on each Payday;

(ii) any minimum or maximum dollar or percentage limitations that apply to a Participant’s payroll deduction election; provided that, in the absence of any determination by the Committee, the minimum payroll deduction to be made by a Participant per Payday is \$10.00 (if a specific amount is selected) or 1% of Eligible Compensation (if a specific percentage is selected); provided, further, that in the absence of any determination by the Committee, the maximum payroll deduction to be made by a Participant per Payday is 5% of Eligible Compensation;

(iii) determination of the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars; and

(iv) determination of the date and manner by which the Fair Market Value of a share of Stock is determined for purposes of administration of the Plan.

All such actions by the Company with respect to the Section 423 Component shall be consistent with the requirement under Section 423(b)(5) of the Code that all Participants shall have equal rights and privileges within the meaning of such section, except for differences that may be mandated by local law and that are consistent with Section 423(b)(5) of the Code.

(c) \$25,000 Limitation . No Eligible Employee shall be granted an Option under the Plan which permits his or her rights to purchase Stock under the Plan and under all other employee stock purchase plans of the Company, any Parent Corporation or any Subsidiary Corporation subject to Section 423 to accrue at a rate which exceeds the \$25,000 limit set forth in Section 423(b)(8) of the Code. If by reason of the foregoing limitation any portion of the balance in a Participant’s account under the Plan is not applied to the purchase of Stock on an Exercise Date, the Company shall pay to the Participant such amount in cash in one lump sum within 60 days following such Exercise Date.

(d) Leaves of Absence . During a leave of absence meeting the requirements of Treasury Regulation Section 1.421-1(h)(2), a Participant may continue to participate in the Plan by making cash payments to the Company on each Payday equal to the amount of the Participant’s payroll deductions under the Plan for the Payday immediately preceding the first day of such Participant’s leave of absence.

[Table of Contents](#)

(e) Foreign Employees. Notwithstanding any other provisions of the Plan to the contrary, in non-U.S. jurisdictions where participation in the Plan through payroll deductions is prohibited, the Committee may provide that an Eligible Employee may elect to participate through contributions to his or her account under the Plan in a form acceptable to the Committee in lieu of or in addition to payroll deductions; provided, however, that, for any Offering under the Section 423 Component, the Committee must determine that any alternative method of contribution is applied on an equal and uniform basis to all Eligible Employees in the Offering.

4. EXERCISE OF OPTIONS; OPTION PRICE

(a) General Statement. Each Participant automatically and without any act on such Participant's part shall be deemed to have exercised such Participant's Option on the Exercise Date to the extent that the balance then in the Participant's account under the Plan is sufficient to purchase at the Option Price whole shares of the Stock subject to the Option. Any cash in lieu of fractional shares of Stock remaining after the purchase of whole shares of Stock upon exercise of an Option will be paid to such Participant in cash in one lump sum within 60 days after the Exercise Date. Fractional shares will not be issued.

(b) Option Price Defined. The option price per share of Stock (the "Option Price") to be paid by a Participant upon the exercise of the Participant's Option shall be equal to 85% of the lesser of the Fair Market Value of a share of Stock on the Exercise Date or the Fair Market Value of a share of Stock on the Grant Date.

(c) Delivery of Shares. As soon as practicable after the exercise of any Option, the Company will deliver to the Participant or his or her nominee the whole shares of Stock purchased by the Participant from funds credited to the Participant's account under the Plan. Shares issued pursuant to the Plan may be evidenced in such manner as the Committee may determine and may be issued in certificated form or issued pursuant to book-entry procedures. The Company may permit or require that shares be deposited directly with a broker designated by the Company or to a designated agent of the Company, and the Company may utilize electronic or automated methods of share transfer. The Company may require that shares be retained with such broker or agent for a designated period of time, and/or may establish procedures to permit tracking of dispositions of shares. In the event the Company is required to obtain authority from any commission or agency to issue any such shares, the Company shall seek to obtain such authority. The inability of the Company to obtain authority from any such commission or agency which the Committee in its absolute discretion deems necessary for the lawful issuance of any such shares shall relieve the Company from liability to any Participant except to pay to the Participant the amount of the balance in the Participant's account in cash in one lump sum.

(d) Pro Rata Allocations. If the total number of shares of Stock for which Options are to be exercised on any Exercise Date exceeds the lesser of (i) the number of shares of Stock that were available for sale under the Plan on the Grant Date of the applicable Offering Period or (ii) the number of shares remaining unsold under the Plan (after deduction of all shares for which Options have theretofore been exercised) on such Exercise Date, the Committee shall make a pro rata allocation of the available remaining shares in as nearly a uniform manner as shall be practicable and any balance of payroll deductions credited to the accounts of Participants which have not been applied to the purchase of shares of Stock shall be paid to such Participants in cash in one lump sum within 60 days after the Exercise Date.

5. WITHDRAWAL FROM THE PLAN

(a) General Statement. Any Participant may withdraw from participation under the Plan at any time except the Company may create an administrative rule that prohibits a Participant from withdrawing during the last ten days of any Offering Period (or such shorter or longer period as may be determined by the Committee). A Participant who wishes to withdraw from the Plan must deliver to the Company a notice of withdrawal in a form prepared by the Company (the "Withdrawal Election") prior to the Exercise Date and within the deadline established by the Company. Upon receipt of a Participant's Withdrawal Election, the Company shall pay to the Participant the amount of the balance in the Participant's account under the Plan in cash in one lump sum within 60 days. Upon receipt of a Participant's Withdrawal Election by the Company, the Participant shall cease to participate in the Plan and the Participant's Option shall terminate.

(b) Eligibility Following Withdrawal. A Participant who withdraws from the Plan and who is still an Eligible Employee shall be eligible to participate again in the Plan as of any subsequent Grant Date by delivering to the Company an Authorization pursuant to Section 3(b) hereof.

6. TERMINATION OR TRANSFER OF EMPLOYMENT

(a) Termination of Employment Other than by Death. If a Participant ceases to be an Eligible Employee other than due to death, the Participant's participation in the Plan automatically and without any act on the Participant's part shall terminate as of the Termination Date. The Company will pay to the Participant the amount of the balance in the Participant's account under the Plan within 60 days following the Termination Date. Upon a Participant's termination of employment covered by this Section 6(a), the Participant's Authorization, interest in the Plan and Option under the Plan shall terminate.

(b) Termination By Death. If a Participant ceases to be a Eligible Employee due to death, the executor of the Participant's will or the administrator of the Participant's estate by written notice to the Company may request payment of the balance in the Participant's account under the Plan, in which event the Company shall make such payment as soon as practicable after receiving such notice; upon receipt of such notice the Participant's Authorization, in the Plan and Option under the Plan shall terminate. If the Company does not receive such notice prior to the next Exercise Date, the Participant's Option shall be deemed to have been exercised on such Exercise Date and any cash remaining in such Participant's account thereafter shall be distributed in cash pursuant to Section 5(a) hereof.

(c) Transfer of Employment. A transfer of employment from one Participating Company to another shall not be treated as a termination of employment. If a Participant transfers employment from the Company or any Participating Company participating in the Section 423 Component to a Participating Company participating in the Non-Section 423 Component, he or she shall immediately cease to participate in the Section 423 Component; however, any Contributions made for the Offering Period in which such transfer occurs shall be transferred to the Non-Section 423 Component, and such Participant shall immediately join the then current Offering under the Non-Section 423 Component upon the same terms and conditions in effect for his or her participation in the Section 423 Component, except for such modifications otherwise applicable for Participants in such Offering. A Participant who transfers employment from a Participating Company participating in the Non-Section 423 Component to the Company or any Participating Company participating in the Section 423 Component shall remain a Participant in the Non-Section 423 Component until the earlier of (i) the end of the current Offering Period under the Non-Section 423 Component, or (ii) the Grant Date of the first Offering Period in which he or she is eligible to participate following such transfer. Notwithstanding the foregoing, the Committee may establish different rules to govern transfers of employment between companies participating in the Section 423 Component and the Non-Section 423 Component, consistent with the applicable requirements of Section 423 of the Code.

7. RESTRICTION UPON ASSIGNMENT

An Option granted under the Plan shall not be transferable other than by will or the laws of descent and distribution, and is exercisable during the Participant's lifetime only by the Participant. Except as provided in Section 6(b) hereof, an Option may not be exercised to any extent except by the Participant. The Company shall not recognize and shall be under no duty to recognize any assignment or alienation of the Participant's interest in the Plan, the Participant's Option or any rights under the Participant's Option.

8. NO RIGHTS OF STOCKHOLDERS UNTIL SHARES ISSUED

With respect to shares of Stock subject to an Option, a Participant shall not be deemed to be a stockholder of the Company, and the Participant shall not have any of the rights or privileges of a stockholder, until such shares have been issued to the Participant or his or her nominee following exercise of the Participant's Option. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein.

9. CHANGES IN THE STOCK; ADJUSTMENTS OF AN OPTION

Whenever any change is made in the Stock by reason of a stock split, stock dividend, recapitalization or other subdivision, combination, or reclassification of shares, appropriate action shall be taken by the Committee to adjust accordingly the number of shares of Stock subject to the Plan pursuant to Section 2 above, the maximum number of shares of Stock a Participant may purchase during an Offering Period pursuant to Section 3(a) above, and the number and the Option Price of shares of Stock subject to the Options outstanding under the Plan to preserve, but not increase, the rights of Participants hereunder.

10. USE OF FUNDS; NO INTEREST PAID

All funds received or held by the Company under the Plan shall be included in the general funds of the Company free of any trust or other restriction and may be used for any corporate purpose, except for funds contributed under Offerings in which the local law of a non-U.S. jurisdiction requires that contributions to the Plan by Participants be segregated from the Company's general corporate funds and/or deposited with an independent third party for Participants in non-U.S. jurisdictions. No interest will be paid to any Participant or credited to any Participant's account under the Plan with respect to such funds, except as may be required by local law in a non-U.S. jurisdiction. If the segregation of funds and/or payment of interest on any Participant's account is so required, such provisions shall apply to all Participants in the relevant Offering except to the extent otherwise permitted by U.S. Treasury Regulation Section 1.423-2(f). With respect to any Offering under the Non-Section 423 Component, the payment of interest shall apply as determined by the Committee.

11. AMENDMENT OF THE PLAN

The Board of Directors or the Committee may amend, suspend, or terminate the Plan at any time and from time to time, provided that approval of the Company's stockholders shall be required to amend the Plan (a) to increase the number of shares of Stock, or change the type of securities, reserved for sale pursuant to Options under the Plan, (b) to decrease the Option Price below a price computed in the manner stated in Section 4(b) hereof, (c) to alter the requirements for eligibility to participate in the Plan or (d) in any manner that would cause the Section 423 Component to no longer constitute an "employee stock purchase plan" within the meaning of Section 423(b) of the Code.

In the event the Board of Directors or the Committee determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board of Directors or the Committee may, to the extent permitted under Section 423 of the Code with respect to Offerings under the Section 423 Component, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(e) reducing the maximum number of shares of Stock a Participant may purchase during any Offering Period.

Such modifications or amendments shall not require stockholder approval or the consent of any Participant.

12. ADMINISTRATION BY COMMITTEE; RULES AND REGULATIONS

(a) Appointment of Committee. The Plan shall be administered by the Committee, which shall be composed of two or more members of the Board of Directors, each of whom is both a “non-employee director” as defined by Rule 16b-3 under the Exchange Act and an “outside director” for purposes of Section 162(m) of the Code. Each member of the Committee shall serve for a term commencing on a date specified by the Board of Directors and continuing until the member dies or resigns or is removed from office by the Board of Directors. The Committee at its option may utilize the services of an agent to assist in the administration of the Plan including establishing and maintaining an individual securities account under the Plan for each Participant.

(b) Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with the provisions of the Plan. The Committee shall have the power to interpret the Plan and the terms of the Options and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan. For the avoidance of doubt, the Committee shall also have the exclusive authority to determine which Participating Companies shall participate in the Non-Section 423 Component and which shall participate in the Section 423 Component.

(c) Majority Rule. The Committee shall act by a majority of its members in office. The Committee may act either by vote at a meeting or by a memorandum or other written instrument signed by a majority of the Committee.

(d) Compensation; Professional Assistance; Good Faith Actions. All expenses and liabilities incurred by members of the Committee in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers or other persons. The Committee, the Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee in good faith shall be final and binding upon all Participants, the Company and all other interested persons. No member of the Committee shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or the Options, and all members of the Committee shall be fully protected by the Company in respect to any such action, determination, or interpretation.

13. NO RIGHTS AS AN EMPLOYEE

Nothing in the Plan shall be construed to give any person (including any Eligible Employee or Participant) the right to remain in the employ of the Company, a Parent Corporation or a Subsidiary Corporation or an Affiliate or to affect the right of the Company, any Parent Corporation or any Subsidiary Corporation or Affiliate to terminate the employment of any person (including any Eligible Employee or Participant) at any time, with or without cause.

14. MERGER, ACQUISITION OR LIQUIDATION OF THE COMPANY

In the event of the merger or consolidation of the Company into another corporation, the acquisition by another corporation of all or substantially all of the Company’s assets or 50% or more of the Company’s then outstanding voting stock, the liquidation or dissolution of the Company or any other reorganization of the Company, the Exercise Date with respect to outstanding Options shall be the business day immediately preceding the effective date of such merger, consolidation, acquisition, liquidation, dissolution, or reorganization (or on such other prior date as is determined by the Committee) unless the Committee shall, in its sole discretion, provide for the assumption or substitution of such Options in a manner complying with Section 424(a) of the Code.

15. TERM; APPROVAL BY STOCKHOLDERS

This amended and restated Plan shall be effective on the date it is approved by the stockholders of the Company. The amended and restated Plan shall be submitted for the approval of the Company's stockholders within 12 months after the date of the Board's initial adoption of the amended and restated Plan. No Options granted under this amended and restated Plan shall be exercised, and no shares of Stock shall be issued hereunder, until this amended and restated Plan shall have been approved by the stockholders of the Company. In the event this amended and restated Plan shall not have been approved by the stockholders of the Company prior to the end of said 12-month period, all Options granted under this amended and restated Plan shall be canceled and become null and void without being exercised.

The Plan shall terminate upon such date as is determined by the Company in its sole discretion. The Plan shall automatically be suspended on the date on which all shares available for issuance under the Plan shall have been sold pursuant to Options exercised under the Plan pending approval of an increase in the number of shares available for issuance under the Plan. No Option may be granted during any period of suspension of the Plan or after termination of the Plan.

16. EFFECT UPON OTHER PLANS

The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company, any Parent Corporation or any Subsidiary Corporation. Nothing in this Plan shall be construed to limit the right of the Company, any Parent Corporation or any Subsidiary Corporation (a) to establish any other forms of incentives or compensation for Employees of the Company, any Parent Corporation or any Subsidiary Corporation or (b) to grant or assume options otherwise than under this Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of options in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, firm or association.

17. CONDITIONS TO ISSUANCE OF SHARES.

The Company shall not be required to issue or deliver any certificate or certificates for, or make any book entries evidencing, shares of Stock purchased upon the exercise of Options prior to fulfillment of all the following conditions:

(a) The admission of such shares to listing on all stock exchanges, if any, on which the Stock is then listed;

(b) The completion of any registration or other qualification or exemption of such shares under any federal, state, local or foreign law or under the rulings or regulations of the U.S. Securities and Exchange Commission or any other governmental regulatory body which the Committee shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any federal, state, local or foreign governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;

(d) The payment to the Company of all amounts which it or the employer is required to withhold under federal, state, local or foreign law upon grant, exercise of the Option or sale of shares of Stock; and

(e) The lapse of such reasonable period of time following the exercise of the Option as the Committee may from time to time establish for reasons of administrative convenience.

18. TAX WITHHOLDING

At the time a Participant's Option is granted or exercised, in whole or in part, or at the time a Participant disposes of some or all of the shares of Stock he or she acquires under the Plan, the Participant shall make adequate provision for the federal, state, local and foreign income, social insurance and other payroll tax,

[Table of Contents](#)

payment on account, withholding obligations and employer social contribution liability due from a Participant, if any, of the Participating Company Group which arise upon the grant or exercise of the Option or upon such disposition of shares, respectively. The Committee may implement appropriate procedures to ensure that such tax withholding obligations are met. Those procedures may include, without limitation, increased withholding from an employee's current compensation, cash payments to the Company or another Participating Company by an Employee, or a sale of a portion of the Stock purchased under the Plan, which sale may be required and initiated by the Company.

19. CONFORMITY TO SECURITIES LAWS

Notwithstanding any other provision of this Plan, the participation in this Plan and all elections thereunder shall be subject to, and may be limited by, such rules and restrictions as the Committee may prescribe in order to comply with all applicable federal, state, local and foreign securities or exchange control laws. Without limiting the generality of the foregoing, this Plan and participation in this Plan by any individual who is then subject to Section 16 of the Exchange Act shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

20. NOTIFICATION OF DISPOSITION

Each Participant who is a participant in the Section 423 Component shall give prompt notice to the Company of any disposition or other transfer of any shares of Stock purchased upon exercise of an Option if such disposition or transfer is made (a) within two years from the Grant Date of the Option or (b) within one year after the transfer of such shares to such Participant upon exercise of such Option. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Participant in such disposition or other transfer.

21. NOTICES

Any notice to be given under the terms of the Plan to the Company shall be addressed to the Company in care of its Secretary at the Company's principal executive offices and any notice to be given to any Eligible Employee or Participant shall be addressed to such Employee at such Employee's last physical address as reflected in the Company's records or to such Employee's Company-provided e-mail address. By a notice given pursuant to this Section, either party may designate a different address for notices to be given to it, him or her. Any notice which is required to be given to an Eligible Employee or a Participant shall, if the Eligible Employee or Participant is then deceased, be given to the Eligible Employee's or Participant's personal representative if such representative has previously informed the Company of his or her status and address by written notice under this Section. Any notice shall have been deemed duly given if personally delivered, sent by e-mail to an Employee as provided above or if enclosed in a properly sealed envelope or wrapper addressed as aforesaid at the time it is deposited (with postage prepaid) in a post office or branch post office regularly maintained by the United States Postal Service or other applicable governmental postal service in a non-U.S. jurisdiction.

22. HEADINGS

Headings are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

23. EQUAL RIGHTS AND PRIVILEGES

All Eligible Employees granted Options pursuant to an Offering under the Section 423 Component shall have equal rights and privileges so that the Section 423 Component of the Plan qualifies as an "employee stock purchase plan" within the meaning of Section 423 of the Code, except for differences approved by the Committee pursuant to Section 24 that are consistent with Section 423(b)(5) of the Code. Any provision of the Section 423 Component of the Plan that is inconsistent with Section 423 of the Code will, without further act or

amendment by the Company, the Board of Directors or the Committee, be reformed to comply with the equal rights and privileges requirement of Section 423 of the Code. Participants participating in the Non-Section 423 Component need not have the same rights and privileges as Employees participating in the Section 423 Component.

24. RULES FOR FOREIGN JURISDICTIONS

Notwithstanding any provision to the contrary in the Plan, the Committee may adopt such sub-plans or appendices relating to the operation and administration of the Plan as are necessary or appropriate to permit the participation in the Plan by Employees who are foreign nationals or employed in non-U.S. jurisdictions, which sub-plans or appendices may be designed to govern Offerings under the Section 423 Component or the Non-Section 423 Component, as determined by the Committee. The rules of such appendices or sub-plans may take precedence over other provisions of this Plan, with the exception of Sections 2, 11 and 15, but unless otherwise superseded by the terms of such sub-plan or appendix, the provisions of this Plan shall govern the operation of such sub-plans or appendices. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules and procedures regarding the exclusion of particular Subsidiaries from participation in the Plan, eligibility to participate, the definition of Eligible Compensation, handling of payroll deductions or other contributions by Participants, payment of interest, conversion of local currency, data privacy security, payroll tax, withholding procedures, establishment of bank or trust accounts to hold payroll deductions or contributions, determination of beneficiary designation requirements, and handling of stock certificates. The Committee also is authorized to determine that, to the extent permitted by U.S. Treasury Regulation Section 1.423-2(f), the terms of an Option granted under the Plan or an Offering to citizens or residents of a non-U.S. jurisdiction will be less favorable than the terms of Options granted under the Plan or the same Offering to Employees resident solely in the U.S. To the extent any sub-plan or appendix or other changes approved by the Committee are inconsistent with the requirements of Section 423 of the Code or would jeopardize the tax-qualified status of the Section 423 Component, the change shall cause the Participating Companies affected thereby to be considered Participating Companies in a separate Offerings under the Non-Section 423 Component instead of the Section 423 Component. The Committee shall not be required to obtain the approval of the stockholders of the Company prior to the adoption, amendment or termination of any such sub-plan, appendix, rules or procedures.

25. SECTION 409A OF THE CODE

The Section 423 Component of the Plan is exempt from the application of Code Section 409A and any ambiguities herein will be interpreted to so be exempt from Code Section 409A. The Non-Section 423 Component is intended to be exempt from the application of Section 409A of the Code under the short-term deferral exception and any ambiguities shall be construed and interpreted in accordance with such intent. In furtherance of the foregoing and notwithstanding any provision in the Plan to the contrary, if the Committee determines that an Option granted under the Plan may be subject to Section 409A of the Code or that any provision in the Plan would cause an Option under the Plan to be subject to Section 409A of the Code, the Committee may amend the terms of the Plan and/or of an outstanding Option granted under the Plan, or take such other action the Committee determines is necessary or appropriate, in each case, without the Participant's consent, to exempt any outstanding Option or future Option that may be granted under the Plan from or to allow any such Options to comply with Section 409A of the Code, but only to the extent any such amendments or action by the Committee would not violate Section 409A of the Code. Notwithstanding the foregoing, the Company shall have no liability to a Participant or any other party if the Option to purchase Stock under the Plan that is intended to be exempt from or compliant with Section 409A of the Code is not so exempt or compliant or for any action taken by the Committee with respect thereto.

26. TAX-QUALIFICATION

Although the Company may endeavor to (a) qualify an Option for favorable tax treatment under the laws of the United States or non-U.S. jurisdictions or (b) avoid adverse tax treatment (e.g., under Section 409A of the Code), the Company makes no representation to that effect and expressly disavows any covenant to maintain

[Table of Contents](#)

favorable or avoid unfavorable tax treatment, notwithstanding anything to the contrary in this Plan, including Section 25. The Company shall be unconstrained in its corporate activities without regard to the potential negative tax impact on Participants under the Plan.

27. REPORTS

Individual accounts will be maintained for each Participant in the Plan. Statements of account will be given to participating Eligible Employees at least annually, which statements will set forth the amounts of contributions, the Option Price, the number of shares of Stock purchased and the remaining cash balance, if any.

28. DATES AND TIMES

All references in the Plan to a date or time are intended to refer to dates and times determined pursuant to U.S. Pacific Time. Business days for purposes of the Plan are U.S. business days.

ARTICLE II. SHARES SUBJECT TO PLAN

2.1 Shares Subject to Plan.

The aggregate number of such shares which may be issued upon exercise of such options or rights or upon any such awards under the Plan shall not exceed 29,050,000. The shares of Common Stock issuable upon exercise of such options or rights or upon any such awards may be either previously authorized but unissued shares or treasury shares.

(b) Any shares subject to Options or Stock Appreciation Rights shall be counted against the numerical limit of Section 2.1(a) as one share for every share subject thereto. Any shares subject to Full Value Awards granted during the period beginning on September 22, 2010 and ending on September 19, 2012 will be counted against the numerical limit of Section 2.1(a) as 2.65 shares for every one share subject thereto. Any shares subject to Full Value Awards granted prior to September 22, 2010 and subsequent to September 19, 2012 will be counted against the numerical limit of Section 2.1(a) as 2 shares for every one share subject thereto. To the extent that a share that was subject to a Full Value Award is recycled back into the Plan under Section 2.2, the Plan will be credited with a number of shares corresponding to the reduction in the share reserve previously made with respect to such Full Value Award in accordance with this Section 2.1(b).

(c) The maximum number of shares which may be subject to awards granted under the Plan to any individual in any fiscal year, and the maximum aggregate amount of cash that may be paid in cash during any fiscal year with respect to awards designated to be paid in cash, shall not exceed the applicable Award Limit. To the extent required by Section 162(m) of the Code, shares subject to Options which are canceled continue to be counted against the Award Limit and if, after grant of an Option, the Company stockholders approve an option exchange program whereby the price of shares subject to such Option is reduced, the transaction is treated as a cancellation of the Option and a grant of a new Option and both the Option deemed to be canceled and the Option deemed to be granted are counted against the Award Limit. Furthermore, to the extent required by Section 162(m) of the Code, if, after grant of a Stock Appreciation Right, the base amount on which stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Company's Common Stock, the transaction is treated as a cancellation of the Stock Appreciation Right and a grant of a new Stock Appreciation Right and both the Stock Appreciation Right deemed to be canceled and the Stock Appreciation Right deemed to be granted are counted against the Award Limit.

2.2 Add-Back of Shares. If any award under this Plan expires or is canceled without having been fully exercised or paid, or an award is settled in cash without the delivery of shares of Common Stock to the award holder, the number of shares subject to such award shall, to the extent of such expiration, cancellation or cash settlement, again be available for future grants of awards and added back to the shares of Common Stock authorized for grant under Section 2.1(a) in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above with respect to such award, subject to the limitations of Section 2.1. Furthermore, any shares subject to awards which are adjusted pursuant to Section 10.3 and become exercisable with respect to shares of stock of another corporation shall be considered canceled and may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Notwithstanding anything to the contrary contained herein, the following shares shall not be added back to the shares of Common Stock authorized for grant under Section 2.1(a) and will not be available for future grants of awards: (i) shares of Common Stock tendered by an Optionee or withheld by the Company in payment of the exercise price of an Option; (ii) shares of Common Stock tendered by an Optionee or Grantee or withheld by the Company to satisfy any tax withholding obligation with respect to an Option or a Stock Appreciation Right; (iii) shares of Common Stock subject to a Stock Appreciation Right not issued in connection with the stock settlement of the Stock Appreciation Right on exercise thereof; and (iv) shares of Common Stock purchased on the open market with the cash proceeds from the exercise of Options. Shares tendered by a Grantee or a Restricted Stockholder or withheld by the Company to satisfy any tax withholding obligation with respect to a Full Value Award shall be available for future grants of awards under the Plan in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above; provided, however, that, notwithstanding the foregoing, in the event shares of Common Stock subject to a Full Value Award are tendered by a Grantee or a Restricted Stockholder or withheld by the Company to satisfy any tax withholding obligation at a tax withholding rate in excess of the employer's minimum statutory withholding rates for federal, state, local and foreign income

tax and payroll tax purposes, such shares of Common Stock tendered or withheld to satisfy the tax withholding at a rate in excess of the employer's minimum statutory withholding obligation shall not be available for future grants of awards under the Plan and shall continue to be counted against the share reserve in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above. Any shares of Common Stock forfeited by a Grantee or a Restricted Stockholder or repurchased by the Company under Section 6.6 or Article VII will again be available for awards in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above. The payment of Dividend Equivalents in cash in conjunction with any outstanding awards shall not be counted against the shares available for issuance under the Plan. Notwithstanding the provisions of this Section 2.2, no shares of Common Stock may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

ARTICLE III. GRANTING OF OPTIONS

3.1 Eligibility. Any Employee or consultant selected by the Committee pursuant to Section 3.4(a)(i) shall be eligible to be granted an Option. Each Independent Director of the Company shall be eligible to be granted Options at the times and in the manner set forth in Section 3.4(d).

3.2 Disqualification for Stock Ownership. No person may be granted an Incentive Stock Option under this Plan if such person, at the time the Incentive Stock Option is granted, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any then existing Subsidiary or parent corporation (within the meaning of Section 422 of the Code) unless such Incentive Stock Option conforms to the applicable provisions of Section 422 of the Code.

3.3 Qualification of Incentive Stock Options. No Incentive Stock Option shall be granted to any person who is not an Employee.

3.4 Granting of Options.

(a) The Committee shall from time to time, in its absolute discretion, and subject to applicable limitations of this Plan:

(i) Determine which Employees are key Employees and select from among the key Employees or consultants (including Employees or consultants who have previously received Options or other awards under this Plan) such of them as in its opinion should be granted Options;

(ii) Subject to the Award Limit, determine the number of shares to be subject to such Options granted to the selected key Employees or consultants;

(iii) Subject to Section 3.3, determine whether such Options are to be Incentive Stock Options or Non-Qualified Stock Options and whether such Options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and

(iv) Determine the terms and conditions of such Options, consistent with this Plan; provided, however, that the terms and conditions of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.

(b) Upon the selection of a key Employee or consultant to be granted an Option, the Committee shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition on the grant of an Option to an Employee or consultant that the Employee or consultant surrender for cancellation

some or all of the unexercised Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments or other rights which have been previously granted to him under this Plan or otherwise. An Option, the grant of which is conditioned upon such surrender, may have an option price lower (or higher) than the exercise price of such surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Option or other award; provided, however, except as permitted under Section 10.3 of the Plan, no Option or Stock Appreciation Right shall, without stockholder approval, be (i) repriced, exchanged for an Option or Stock Appreciation Right with a lower price or otherwise modified where the effect would be to reduce the exercise price of the Option or Stock Appreciation Right; or (ii) exchanged for cash or an alternate award under the Plan.

(c) Any Incentive Stock Option granted under this Plan may be modified by the Committee to disqualify such option from treatment as an “incentive stock option” under Section 422 of the Code.

(d) During the term of the Plan, each person who is initially elected or appointed to the Board and who is an Independent Director at the time of such initial election or appointment shall automatically be granted an Option to purchase Nine Thousand (9,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of such initial election or appointment, which Option will vest in three equal installments on each of the first three anniversaries of the date of grant, subject to the Independent Director’s continued service as a Director on each such vesting date. In addition, during the term of the Plan, each Independent Director shall automatically be granted an Option to purchase Five Thousand (5,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of each annual meeting of stockholders after his or her initial election or appointment to the Board at which directors are elected to the Board, which Option will vest on the first anniversary of the date of grant, subject to the Independent Director’s continued service as a Director on such vesting date; provided, however, that a person who is initially elected to the Board at an annual meeting of stockholders and who is an Independent Director at the time of such initial election shall receive only an initial Option grant on the date of such election pursuant to the preceding sentence and shall not receive an Option grant pursuant to this sentence until the date of the next annual meeting of stockholders following such initial election. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Option grant pursuant to the first sentence of this Section 3.4(d), but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Options as described in the second sentence of this Section 3.4(d).

ARTICLE IV. TERMS OF OPTIONS

4.1 Option Agreement. Each Option shall be evidenced by a written Stock Option Agreement, which shall be executed by the Optionee and an authorized officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of Options granted to Independent Directors) shall determine, consistent with this Plan. Stock Option Agreements evidencing Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Stock Option Agreements evidencing Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

4.2 Option Price. The price per share of the shares subject to each Option shall be set by the Committee; provided, however, that such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted and in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of

[Table of Contents](#)

Section 422 of the Code) such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

4.3 Option Term. The term of an Option shall be set by the Committee in its discretion; provided, however, that no Option shall have a term longer than six (6) years from the date the Option is granted and in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code) the term may not exceed five (5) years from the date the Option is granted. Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Committee may extend the term of any outstanding Option in connection with any Termination of Employment or Termination of Consultancy of the Optionee, or amend any other term or condition of such Option relating to such a termination.

4.4 Option Vesting.

(a) The period during which the right to exercise an Option in whole or in part vests in the Optionee shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. At any time after grant of an Option, the Committee may, in its sole and absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option (except an Option granted to an Independent Director) vests. The Committee may also provide that the vesting of an Option granted under the Plan which is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1.

(b) No portion of an Option which is unexercisable at Termination of Employment, Termination of Directorship or Termination of Consultancy, as applicable, shall thereafter become exercisable, except as may be otherwise provided by the Committee (or the Board, in the case of Options granted to Independent Directors) in the case of Options granted to Employees or consultants either in the Stock Option Agreement or by action of the Committee (or the Board, in the case of Options granted to Independent Directors) following the grant of the Option.

(c) To the extent that the aggregate Fair Market Value of stock with respect to which "incentive stock options" (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an Optionee during any calendar year (under the Plan and all other incentive stock option plans of the Company and any Subsidiary) exceeds \$100,000, such Options shall be treated as Non-Qualified Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options into account in the order in which they were granted. For purposes of this Section 4.4(c), the Fair Market Value of stock shall be determined as of the time the Option with respect to such stock is granted.

4.5 Consideration. In consideration of the granting of an Option, the Optionee shall agree, in the written Stock Option Agreement, to remain in the employ of (or to consult for or to serve as an Independent Director of, as applicable) the Company or any Subsidiary for a period of at least one year (or such shorter period as may be fixed in the Stock Option Agreement or by action of the Committee following grant of the Option) after the Option is granted (or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Stock Option Agreement hereunder shall confer upon any Optionee any right to continue in the employ of, or as a consultant for, the Company or any Subsidiary, or as a director of the Company, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Optionee at any time for any reason whatsoever, with or without good cause.

**ARTICLE V.
EXERCISE OF OPTIONS**

5.1 Partial Exercise. An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Committee (or the Board, in the case of Options granted to Independent Directors) may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

5.2 Manner of Exercise. All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Committee (or the Board, in the case of Options granted to Independent Directors) stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Optionee or other person then entitled to exercise the Option or such portion;

(b) Such representations and documents as the Committee (or the Board, in the case of Options granted to Independent Directors), in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act of 1933, as amended, and any other federal or state securities laws or regulations. The Committee or Board may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and book entries and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 10.1 by any person or persons other than the Optionee, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Committee (or the Board, in the case of Options granted to Independent Directors), may in its discretion, (i) allow a delay in payment up to thirty (30) days from the date the Option, or portion thereof, is exercised; (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock owned by the Optionee, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof; (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof; (iv) allow payment, in whole or in part, through the delivery of property of any kind which constitutes good and valuable consideration; (v) allow payment, in whole or in part, through the delivery of a full recourse promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee or the Board; (vi) allow payment, in whole or in part, through the delivery of a notice that the Optionee has placed a market sell order with a broker with respect to shares of Common Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price; or (vii) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii), (iv), (v) and (vi). In the case of a promissory note, the Committee (or the Board, in the case of Options granted to Independent Directors) may also prescribe the form of such note and the security to be given for such note. The Option may not be exercised, however, by delivery of a promissory note or by a loan or other extension of credit from the Company when or where such loan or other extension of credit is prohibited by law.

5.3 Conditions to Issuance of Shares. The Company shall not be required to issue or deliver any certificate or certificates, or make any book entries, for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

[Table of Contents](#)

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Committee or Board shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee (or Board, in the case of Options granted to Independent Directors) shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the Option as the Committee (or Board, in the case of Options granted to Independent Directors) may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

Notwithstanding any other provision of the Plan, unless otherwise determined by the Committee (or the Board, in the case of Options granted to Independent Directors) or required by any applicable law, rule or regulation, the Company shall not deliver to any Optionee certificates evidencing shares of Common Stock issued in connection with any Option and instead such shares of Common Stock shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

5.4 Rights as Stockholders. The holders of Options shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such holders or book entries evidencing such shares have been made by the Company.

5.5 Ownership and Transfer Restrictions. The Committee (or Board, in the case of Options granted to Independent Directors), in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Stock Option Agreement and may be referred to on the certificates or book entries evidencing such shares. The Committee may require an Employee to give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (i) two years from the date of granting such Option to such Employee or (ii) one year after the transfer of such shares to such Employee. The Committee may direct that the certificates or book entries evidencing shares acquired by exercise of an Option refer to such requirement to give prompt notice of disposition.

5.6 Limitations on Exercise of Options Granted to Independent Directors. No Option granted to an Independent Director may be exercised to any extent by anyone after the first to occur of the following events:

(a) The expiration of twelve (12) months from the date of the Optionee's death;

(b) The expiration of twelve (12) months from the date of the Optionee's Termination of Directorship, Termination of Consultancy or Termination of Employment by reason of his permanent and total disability (within the meaning of Section 22(e)(3) of the Code);

(c) The expiration of three (3) months from the last to occur of the Optionee's Termination of Directorship, Termination of Consultancy or Termination of Employment, unless the Optionee dies within said three-month period; or

(d) The expiration of six (6) years from the date the Option was granted.

**ARTICLE VI.
AWARD OF RESTRICTED STOCK**

6.1 Award of Restricted Stock

- (a) The Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) may from time to time, in its absolute discretion:
- (i) Select from among the key Employees, consultants or Independent Directors (including Employees, consultants or Independent Directors who have previously received other awards under this Plan) such of them as in its opinion should be awarded Restricted Stock; and
 - (ii) Determine the purchase price, if any, and other terms and conditions applicable to such Restricted Stock, consistent with this Plan.
- (b) The Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) shall establish the purchase price, if any, and form of payment for Restricted Stock; provided, however, that such purchase price shall be no less than the par value of the Common Stock to be purchased, unless otherwise permitted by applicable state law. In all cases, legal consideration shall be required for each issuance of Restricted Stock.
- (c) Upon the selection of a key Employee, consultant or Independent Director to be awarded Restricted Stock, the Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate.

6.2 Restricted Stock Agreement. Restricted Stock shall be issued only pursuant to a written Restricted Stock Agreement, which shall be executed by the selected key Employee, consultant or Independent Director and an authorized officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall determine, consistent with this Plan. The issuance of any shares of Restricted Stock shall be made subject to satisfaction of all provisions of Section 5.3.

6.3 Consideration. As consideration for the issuance of Restricted Stock, in addition to payment of any purchase price, the Restricted Stockholder shall agree, in the written Restricted Stock Agreement, to remain in the employ of, to consult for, or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after the Restricted Stock is issued (or such shorter period as may be fixed in the Restricted Stock Agreement or by action of the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) following grant of the Restricted Stock or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Restricted Stock Agreement hereunder shall confer on any Restricted Stockholder any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Restricted Stockholder at any time for any reason whatsoever, with or without good cause.

6.4 Rights as Stockholders. Upon delivery of the shares of Restricted Stock to the escrow holder pursuant to Section 6.7, the Restricted Stockholder shall have, unless otherwise provided by the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), all the rights of a stockholder with respect to said shares, subject to the restrictions in his Restricted Stock Agreement, including, subject to Section 10.14 and the last sentence of this Section 6.4 below, the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), any extraordinary distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 6.5. Notwithstanding the foregoing, with respect to Restricted Stock that is subject to vesting, dividends which are paid prior to vesting shall only be paid out to the Restricted Stockholder to the extent that the vesting conditions are subsequently satisfied and the share of Restricted Stock vests.

[Table of Contents](#)

6.5 Restriction. All shares of Restricted Stock issued under this Plan (including any shares received by holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Restricted Stock Agreement, be subject to such restrictions as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and vesting restrictions based on duration of employment with the Company, Company performance and individual performance; provided, further, that by action taken after the Restricted Stock is issued, the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the Restricted Stock Agreement. The Committee may also provide that the vesting of Restricted Stock granted under the Plan which is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Notwithstanding the foregoing, except as permitted under Section 10.3 of the Plan but subject to Section 10.13, shares of Restricted Stock will vest no more rapidly than ratably over a three (3) year period from the date of grant, unless the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) determines that the Restricted Stock award is to vest upon the achievement of one or more performance goals, in which case the period for measuring performance will be at least twelve (12) months. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire.

6.6 Repurchase or Forfeiture of Restricted Stock. The Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall provide in the terms of each individual Restricted Stock Agreement that the Company shall have the right to repurchase from the Restricted Stockholder the Restricted Stock then subject to restrictions under the Restricted Stock Agreement immediately upon a Termination of Employment, Termination of Consultancy or Termination of Directorship between the Restricted Stockholder and the Company, at a cash price per share equal to the price paid by the Restricted Stockholder for such Restricted Stock; provided, however, that provision may be made that no such right of repurchase shall exist in the event of a Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company or because of the Restricted Stockholder's retirement, death or disability, or otherwise. Unless provided otherwise by the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), if no cash consideration was paid by the Restricted Stockholder upon issuance, a Restricted Stockholder's rights in unvested Restricted Stock shall lapse upon the last to occur of Termination of Employment, Termination of Consultancy or Termination of Directorship with the Company.

6.7 Escrow. The Secretary of the Company or such other escrow holder as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Restricted Stock Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

6.8 Legend. In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall cause a legend or legends to be placed on certificates or book entries representing all shares of Restricted Stock that are still subject to restrictions under Restricted Stock Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

**ARTICLE VII.
PERFORMANCE AWARDS, DIVIDEND EQUIVALENTS,
RESTRICTED STOCK UNITS, STOCK PAYMENTS**

7.1 Performance Awards. Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted one or more

[Table of Contents](#)

Performance Awards. The Committee shall select the performance criteria (and any permissible adjustments) for each Performance Award for purposes of establishing the performance goal or performance goals applicable to such Performance Award for the designated performance period. The performance criteria that shall be used to establish such performance goals shall be limited to the following: (a) net earnings (either before or after one or more of the following: (i) interest, (ii) taxes, (iii) depreciation and (iv) amortization), (b) gross or net sales or revenue, (c) net income (either before or after taxes), (d) operating earnings or profit, (e) cash flow (including, but not limited to, operating cash flow and free cash flow), (f) return on assets, (g) return on capital, (h) return on stockholders' equity, (i) return on sales, (j) gross or net profit or operating margin, (k) costs, (l) funds from operations, (m) expenses, (n) working capital, (o) earnings per share, or (p) price per share of the Common Stock, any of which may be measured either in absolute terms or as compared to any incremental increase or decrease or as compared to results of a peer group or to market performance indicators. The performance goals for a performance period shall be established in writing by the Committee (or the Board, in the case of an award to an Independent Director) based on one or more of the foregoing performance criteria, which goals may be expressed in terms of overall Company performance or the performance of a division, business unit or an individual. In making such determinations, the Committee (or the Board, in the case of an award to an Independent Director) shall consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular key Employee, consultant or Independent Director.

7.2 Dividend Equivalents . Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted Dividend Equivalents based on the dividends declared on Common Stock, to be credited as of dividend payment dates, during the period between the date an Option, Stock Appreciation Right, Restricted Stock Unit or Performance Award is granted, and the date such Option, Stock Appreciation Right, Restricted Stock Unit or Performance Award is exercised, vests or expires, as determined by the Committee (or the Board, in the case of an award to an Independent Director). Subject to Section 10.14, such Dividend Equivalents shall be converted to cash or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Committee (or the Board, in the case of an award to an Independent Director). Notwithstanding the foregoing, no Dividend Equivalents shall be payable with respect to Options or Stock Appreciation Rights.

7.3 Stock Payments . Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may receive Stock Payments in the manner determined from time to time by the Committee. The number of shares shall be determined by the Committee (or the Board, in the case of an award to an Independent Director) and may be based upon the Fair Market Value, book value, net profits or other measure of the value of Common Stock or other specific performance criteria determined appropriate by the Committee (or the Board, in the case of an award to an Independent Director), determined on the date such Stock Payment is made or on any date thereafter. The Committee may provide that the vesting of Stock Payments granted under the Plan which are intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1.

7.4 Restricted Stock Units .

(a) Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted an award of Restricted Stock Units in the manner determined from time to time by the Committee. The number of shares subject to a Restricted Stock Unit award shall be determined by the Committee (or the Board, in the case of an award to an Independent Director). The Committee may provide that the vesting of Restricted Stock Units granted under the Plan which are intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Common Stock underlying a Restricted Stock Unit award will not be issued until the Restricted Stock Unit award has vested. Unless otherwise provided by the Committee (or the

[Table of Contents](#)

Board, in the case of an award to an Independent Director), a Grantee of Restricted Stock Units shall have no rights as a Company stockholder with respect to the shares of Common Stock underlying such Restricted Stock Units until such time as the award has vested and such Common Stock underlying the award has been issued.

(b) During the term of the Plan thereafter, each person who is initially elected or appointed to the Board and who is an Independent Director at the time of such initial election or appointment shall automatically be granted an award of Three Thousand (3,000) Restricted Stock Units (subject to adjustment as provided in Section 10.3) on the date of such initial election or appointment, which Restricted Stock Unit award will vest in three equal installments on each of the first three anniversaries of the date of grant, subject to the Independent Director's continued service as a Director on each such vesting date. In addition, during the term of the Plan thereafter, each Independent Director shall automatically be granted an award of One Thousand Six Hundred (1,600) Restricted Stock Units (subject to adjustment as provided in Section 10.3) on the date of each annual meeting of stockholders after his or her initial election or appointment to the Board at which directors are elected to the Board, which Restricted Stock Unit award will vest on the first anniversary of the date of grant, subject to the Independent Director's continued service as a Director on such vesting date; provided, however, that a person who is initially elected to the Board at an annual meeting of stockholders and who is an Independent Director at the time of such initial election shall receive only an initial Restricted Stock Unit award on the date of such election pursuant to the preceding sentence and shall not receive a Restricted Stock Unit award pursuant to this sentence until the date of the next annual meeting of stockholders following such initial election. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Restricted Stock Unit award pursuant to the first sentence of this Section 7.4(b), but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Restricted Stock Unit awards as described in the second sentence of this Section 7.4(b).

7.5 Performance Award Agreement, Dividend Equivalent Agreement, Restricted Stock Unit Agreement, Stock Payment Agreement. Each Performance Award, Dividend Equivalent, award of Restricted Stock Units and/or Stock Payment shall be evidenced by a written agreement, which shall be executed by the Grantee and an authorized Officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of an award to an Independent Director) shall determine, consistent with this Plan.

7.6 Term. The term of a Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment shall be set by the Committee (or the Board, in the case of an award to an Independent Director) in its discretion.

7.7 Exercise Upon Termination of Employment. A Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment is exercisable or payable only while the Grantee is an Employee, consultant or Independent Director; provided that the Committee may (or the Board, in the case of an award to an Independent Director) determine that the Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment may be exercised or paid subsequent to Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

7.8 Payment on Exercise. Payment of the amount determined under Section 7.1 or 7.2 above shall be in cash, in Common Stock or a combination of both, as determined by the Committee (or the Board, in the case of an award to an Independent Director). To the extent any payment under this Article VII is effected in Common Stock, it shall be made subject to satisfaction of all provisions of Section 5.3.

7.9 Consideration. As consideration for the issuance of a Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment, the Grantee shall agree, in a written agreement, to remain in the employ of, to consult for, or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after such Performance Award, Dividend Equivalent, award of

Restricted Stock Unit and/or Stock Payment is granted (or such shorter period as may be fixed in such agreement or by action of the Committee (or the Board, in the case of an award to an Independent Director) following such grant or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any agreement hereunder shall confer on any Grantee any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Grantee at any time for any reason whatsoever, with or without good cause.

ARTICLE VIII. STOCK APPRECIATION RIGHTS

8.1 Grant of Stock Appreciation Rights . A Stock Appreciation Right may be granted to any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director). A Stock Appreciation Right may be granted (i) in connection and simultaneously with the grant of an Option, (ii) with respect to a previously granted Option, or (iii) independent of an Option. A Stock Appreciation Right shall be subject to such terms and conditions not inconsistent with this Plan as the Committee (or the Board, in the case of an award to an Independent Director) shall impose and shall be evidenced by a written Stock Appreciation Right Agreement, which shall be executed by the Grantee and an authorized officer of the Company; provided, however, that no Stock Appreciation Right shall have a term longer than six (6) years from the date the Stock Appreciation Right is granted. The Committee, in its discretion, may determine whether a Stock Appreciation Right is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code and Stock Appreciation Right Agreements evidencing Stock Appreciation Rights intended to so qualify shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code, including providing that the vesting of such Stock Appreciation Rights shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Without limiting the generality of the foregoing, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a Stock Appreciation Right to an Employee, consultant or Independent Director that the Employee, consultant or Independent Director surrender for cancellation some or all of the unexercised Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, or other rights which have been previously granted to him under this Plan or otherwise. Subject to Section 3.4(b), a Stock Appreciation Right, the grant of which is conditioned upon such surrender, may have an exercise price lower (or higher) than the exercise price of the surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Option or other award.

8.2 Coupled Stock Appreciation Rights .

(a) A Coupled Stock Appreciation Right (“CSAR”) shall be related to a particular Option and shall be exercisable only when and to the extent the related Option is exercisable.

(b) A CSAR may be granted to the Grantee for no more than the number of shares subject to the simultaneously or previously granted Option to which it is coupled.

(c) A CSAR shall entitle the Grantee (or other person entitled to exercise the Option pursuant to this Plan) to surrender to the Company unexercised a portion of the Option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the Option exercise price from the Fair Market Value of a share of Common Stock on the date of exercise of the CSAR by the number of shares of Common Stock with respect to which the CSAR shall have been exercised, subject to any limitations the Committee may impose.

8.3 Independent Stock Appreciation Rights.

(a) An Independent Stock Appreciation Right (“ISAR”) shall be unrelated to any Option and shall have a term set by the Committee. An ISAR shall be exercisable in such installments as the Committee may determine. An ISAR shall cover such number of shares of Common Stock as the Committee may determine; provided, however, that unless the Committee otherwise provides in the terms of the ISAR or otherwise, no ISAR granted to a person subject to Section 16 of the Exchange Act shall be exercisable until at least six months have elapsed from (but excluding) the date on which the Option was granted. The exercise price per share of Common Stock subject to each ISAR shall be set by the Committee; provided, however, that such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the ISAR is granted. An ISAR is exercisable only while the Grantee is an Employee, consultant or Independent Director; provided that the Committee may determine that the ISAR may be exercised subsequent to Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company, or because of the Grantee’s retirement, death or disability, or otherwise.

(b) An ISAR shall entitle the Grantee (or other person entitled to exercise the ISAR pursuant to this Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the ISAR from the Fair Market Value of a share of Common Stock on the date of exercise of the ISAR by the number of shares of Common Stock with respect to which the ISAR shall have been exercised, subject to any limitations the Committee may impose.

8.4 Payment and Limitations on Exercise.

(a) Payment of the amount determined under Sections 8.2(c) and 8.3(b) above shall be in cash, in Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised) or a combination of both, as determined by the Committee. To the extent such payment is effected in Common Stock it shall be made subject to satisfaction of all provisions of Section 5.3 above pertaining to Options.

(b) Grantees of Stock Appreciation Rights may be required to comply with any timing or other restrictions with respect to the settlement or exercise of a Stock Appreciation Right, including a window-period limitation, as may be imposed in the discretion of the Board or Committee.

8.5 Consideration. As consideration for the granting of a Stock Appreciation Right, the Grantee shall agree, in the written Stock Appreciation Right Agreement, to remain in the employ of, to consult for or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after the Stock Appreciation Right is granted (or such shorter period as may be fixed in the Stock Appreciation Right Agreement or by action of the Committee (or the Board, in the case of an award to an Independent Director) following grant of the Stock Appreciation Right or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Stock Appreciation Right Agreement hereunder shall confer on any Grantee any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Grantee at any time for any reason whatsoever, with or without good cause.

**ARTICLE IX.
ADMINISTRATION**

9.1 Compensation Committee. The Compensation Committee (or another committee or a subcommittee of the Board assuming the functions of the Committee under this Plan) shall consist solely of two or more Independent Directors appointed by and holding office at the pleasure of the Board, each of whom is both a “non-employee director” as defined by Rule 16b-3 and an “outside director” for purposes of Section 162(m) of the Code. Appointment of Committee members shall be effective upon acceptance of appointment. Committee

members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

9.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of this Plan in accordance with its provisions. The Committee shall have the power to interpret this Plan and the agreements pursuant to which Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments are granted or awarded, and to adopt such rules for the administration, interpretation, and application of this Plan as are consistent therewith and to interpret, amend or revoke any such rules. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to awards granted to Independent Directors. Any such grant or award under this Plan need not be the same with respect to each Optionee, Grantee or Restricted Stockholder. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. To the extent permitted by applicable law, the Committee may from time to time delegate to a committee of one or more members of the Board or one or more officers of the Company the authority to grant or amend awards to Participants other than (a) senior executives of the Company who are subject to Section 16 of the Exchange Act, (b) any Employee who is, or could be, a “covered employee” within the meaning of Section 162(m) of the Code, or (c) officers of the Company (or members of the Board) to whom authority to grant or amend awards has been delegated hereunder. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation, and the Committee may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section shall serve in such capacity at the pleasure of the Committee.

9.3 Majority Rule: Unanimous Written Consent. The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

9.4 Compensation: Professional Assistance: Good Faith Actions. Members of the Committee shall receive such compensation for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of this Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company’s officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Optionees, Grantees, Restricted Stockholders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to this Plan, Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

**ARTICLE X.
MISCELLANEOUS PROVISIONS**

10.1 Not Transferable.

(a) Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments under this Plan may not be sold, pledged, assigned, or transferred in any manner other than by will or the laws of descent and distribution or pursuant to a QDRO, unless and until such rights or awards have been exercised, or the shares underlying such rights or

awards have been issued, and all restrictions applicable to such shares have lapsed. No Option, Restricted Stock award, Restricted Stock Unit award, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment or interest or right therein shall be liable for the debts, contracts or engagements of the Optionee, Grantee or Restricted Stockholder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

(b) During the lifetime of the Optionee or Grantee, only he may exercise an Option or other right or award (or any portion thereof) granted to him under the Plan, unless it has been disposed of pursuant to a QDRO. After the death of the Optionee or Grantee, any exercisable portion of an Option or other right or award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Stock Option Agreement or other agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Optionee's or Grantee's will or under the then applicable laws of descent and distribution.

10.2 Amendment, Suspension or Termination of this Plan. Except as otherwise provided in this Section 10.2, this Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board or the Committee. However, without approval of the Company's stockholders given within twelve months before or after the action by the Board or the Committee, no action of the Board or the Committee may, except as provided in Section 10.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under this Plan or modify the Award Limit, and no action of the Board or the Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, or the rules and regulations of any stock exchange or national market system on which the Common Stock is then listed. No amendment, suspension or termination of this Plan shall, without the consent of the holder of Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, alter or impair any rights or obligations under any Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments theretofore granted or awarded, unless the award itself otherwise expressly so provides. No Options, Restricted Stock, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments may be granted or awarded during any period of suspension or after termination of this Plan, and in no event may any Incentive Stock Option be granted under this Plan after June 20, 2027.

10.3 Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.

(a) Subject to Section 10.3(d), in the event that the Committee (or the Board, in the case of awards granted to Independent Directors) determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property) (other than normal cash dividends), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company (including, but not limited to, a Corporate Transaction), or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event (other than an Equity Restructuring), in the Committee's sole discretion (or in the case of awards granted to Independent Directors, the Board's sole discretion), affects the Common Stock such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, Restricted Stock award, Performance Award, Stock Appreciation Right, Dividend Equivalent, Restricted Stock Unit award or Stock Payment, then the Committee (or the Board, in the case of awards granted to Independent Directors) shall, in such manner as it may deem equitable, adjust any or all of:

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend

Equivalents or Stock Payments may be granted under the Plan, or which may be granted as Restricted Stock (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued, adjustments of the Award Limit and adjustments of the manner in which shares subject to Full Value Awards will be counted),

(ii) the number and kind of shares of Common Stock (or other securities or property) subject to outstanding Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, or Stock Payments, and in the number and kind of shares of outstanding Restricted Stock, and

(iii) the grant or exercise price with respect to any Option, Restricted Stock Unit, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment, and

(iv) the number and kind of shares of Common Stock (or other securities or property) for which automatic grants of Options and Restricted Stock Units are subsequently to be made to new and continuing Independent Directors pursuant to Section 3.4(d) and Section 7.4(b), respectively.

(b) Subject to Sections 10.3(b)(vii), 10.3(d) and 10.3(e) in the event of any Corporate Transaction or other transaction or event described in Section 10.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Committee (or the Board, in the case of awards granted to Independent Directors) in its discretion is hereby authorized to take any one or more of the following actions whenever the Committee (or the Board, in the case of awards granted to Independent Directors) determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any option, right or other award under this Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of the agreement or by action taken prior to the occurrence of such transaction or event and either automatically or upon the optionee's request, for either the purchase of any such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or any Restricted Stock or Restricted Stock Unit for an amount of cash equal to the amount that could have been attained upon the exercise of such option, right or award or realization of the optionee's rights had such option, right or award been currently exercisable or payable or fully vested or the replacement of such option, right or award with other rights or property selected by the Committee (or the Board, in the case of awards granted to Independent Directors) in its sole discretion;

(ii) In its sole and absolute discretion, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event that it cannot be exercised after such event;

(iii) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event, that for a specified period of time prior to such transaction or event, such option, right or award shall be vested and/or exercisable as to all shares covered thereby, notwithstanding anything to the contrary in (i) Section 4.4 or (ii) the provisions of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award;

(iv) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide,

either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event, that upon such event, such option, right or award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, or Stock Payments, and in the number and kind of outstanding Restricted Stock and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future;

(vi) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee may provide either by the terms of a Restricted Stock award or by action taken prior to the occurrence of such event that, for a specified period of time prior to such event, the restrictions imposed under a Restricted Stock Agreement upon some or all shares of Restricted Stock may be terminated, and, some or all shares of such Restricted Stock may cease to be subject to repurchase under Section 6.6 or forfeiture under Section 6.5 after such event; and

(vii) None of the foregoing discretionary actions taken under this Section 10.3(b) shall be permitted with respect to awards granted to Independent Directors to the extent that such discretion would be inconsistent with the applicable exemptive conditions of Rule 16b-3. In the event of a Change in Control or a Corporate Transaction, to the extent that the Board does not have the ability under Rule 16b-3 to take or to refrain from taking the discretionary actions set forth in Section 10.3(b)(iii) above, each award granted to an Independent Director shall be vested and/or exercisable as to all shares covered thereby upon such Change in Control or during the five days immediately preceding the consummation of such Corporate Transaction and subject to such consummation, notwithstanding anything to the contrary in Section 4.4 or the vesting schedule of such awards. In the event of a Corporate Transaction, to the extent that the Board does not have the ability under Rule 16b-3 to take or to refrain from taking the discretionary actions set forth in Section 10.3(b)(ii) above, no Option granted to an Independent Director may be exercised following such Corporate Transaction unless such Option is, in connection with such Corporate Transaction, either assumed by the successor or survivor corporation (or parent or subsidiary thereof) or replaced with a comparable right with respect to shares of the capital stock of the successor or survivor corporation (or parent or subsidiary thereof).

(c) Subject to Sections 10.3(d) and 10.7, the Committee (or the Board, in the case of awards granted to Independent Directors) may, in its discretion, include such further provisions and limitations in any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit agreement or certificate, as it may deem equitable and in the best interests of the Company.

(d) With respect to Incentive Stock Options and awards intended to qualify as performance-based compensation under Section 162(m), no adjustment or action described in this Section 10.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code or would cause such award to fail to so qualify under Section 162(m), as the case may be, or any successor provisions thereto. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Committee (or the Board, in the case of awards granted to Independent Directors) determines that the option or other award is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any option, right or award shall always be rounded to the next whole number.

(e) In connection with the occurrence of any Equity Restructuring, and notwithstanding anything to the contrary in Sections 10.3(a) and 10.3(b):

(i) The number and type of securities subject to each outstanding award and the exercise price or grant price thereof, if applicable, shall be equitably adjusted. The adjustments provided under this Section 10(e) shall be nondiscretionary and shall be final and binding on the affected holder and the Company.

(ii) The Committee (or the Board, in the case of awards granted to Independent Directors) shall make such equitable adjustments, if any, as the Committee may deem appropriate to reflect such Equity Restructuring with respect to the aggregate number and kind of shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued under the Plan or the Award Limit and adjustments of the manner in which shares subject to Full Value Awards will be counted).

10.4 Tax Withholding. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Optionee, Grantee or Restricted Stockholder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting, exercise or other taxable event related to any Option, Restricted Stock, Restricted Stock Unit, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment. The Committee (or the Board, in the case of awards granted to Independent Directors) may in its discretion and in satisfaction of the foregoing requirement allow such Optionee, Grantee or Restricted Stockholder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Option or other award (or allow the return of shares of Common Stock) having a Fair Market Value equal to the amounts required to be withheld. For avoidance of doubt, the Committee (or the Board, in the case of awards granted to Independent Directors) may determine the fair market value of the shares of Common Stock for tax purposes upon settlement of an award using such methodology as may be required by applicable laws or as appropriate for administrative reasons. The number of shares of Common Stock which may be so withheld or returned shall be limited to the number of shares of Common Stock which have a fair market value on the date of withholding or return no greater than the aggregate amount of such liabilities based on the minimum statutory withholding rates for federal, state, local and foreign income tax and payroll tax purposes that are applicable to such supplemental taxable income (or, to the extent provided by the Committee (or the Board, in the case of awards granted to Independent Directors), such higher withholding rate that is in no event greater than the maximum individual statutory tax rate in the applicable jurisdiction at the time of such withholding (or such other rate as may be required to avoid the liability classification of the applicable award under generally accepted accounting principles in the United States of America)).

10.5 Loans. The Committee may, in its discretion, and to the extent permitted by law extend one or more loans to key Employees in connection with the exercise or receipt of an Option, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment granted under this Plan, or the issuance, vesting or distribution of Restricted Stock or Restricted Stock Units awarded under this Plan. The terms and conditions of any such loan shall be set by the Committee (or the Board, in the case of awards granted to Independent Directors). No loans will be made to key Employees if such loans would be prohibited by Section 402 of the Sarbanes-Oxley Act of 2002.

10.6 Forfeiture Provisions. Pursuant to its general authority to determine the terms and conditions applicable to awards under the Plan, the Committee (or the Board, in the case of awards granted to Independent Directors) shall have the right (to the extent consistent with the applicable exemptive conditions of Rule 16b-3) to provide, in the terms of Options or other awards made under the Plan, or to require the recipient to agree by separate written instrument, that (i) any proceeds, gains or other economic benefit actually or constructively received by the recipient upon any receipt or exercise of the award, or upon the receipt or resale of any Common Stock underlying such award, must be paid to the Company, and (ii) the award shall terminate and any unexercised portion of such award (whether or not vested) shall be forfeited, if (a) a Termination of Employment, Termination of Consultancy or Termination of Directorship occurs prior to a specified date, or within a specified time period following receipt or exercise of the award, or (b) the recipient at any time, or during a specified time

period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Committee (or the Board, as applicable).

10.7 Limitations Applicable to Section 16 Persons and Performance-Based Compensation. Notwithstanding any other provision of this Plan, this Plan, and any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment granted, or Restricted Stock or Restricted Stock Unit awarded, to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan, Options, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, Stock Payments, Restricted Stock and Restricted Stock Units granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule. Furthermore, notwithstanding any other provision of this Plan, any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, Stock Payment, Restricted Stock or Restricted Stock Unit intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and this Plan shall be deemed amended to the extent necessary to conform to such requirements.

10.8 Effect of Plan Upon Options and Compensation Plans. The adoption of this Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in this Plan shall be construed to limit the right of the Company (i) to establish any other forms of incentives or compensation for Employees, Directors or Consultants of the Company or any Subsidiary or (ii) to grant or assume options or other rights otherwise than under this Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

10.9 Compliance with Laws. This Plan, the granting and vesting of Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments under this Plan and the issuance and delivery of shares of Common Stock and the payment of money under this Plan or under Options, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments granted or Restricted Stock or Restricted Stock Units awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan, Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

the award agreement evidencing such award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and award agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee (or the Board, in the case of awards granted to Independent Directors) determines that any award may be subject to Section 409A of the Code and related Department of Treasury guidance (including Department of Treasury guidance), the Committee (or the Board, in the case of awards granted to Independent Directors) may adopt such amendments to the Plan and the applicable award agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee (or the Board, in the case of awards granted to Independent Directors) determines are necessary or appropriate to (a) exempt the award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance.

10.13 Award Vesting Limitations. Notwithstanding any other provision of the Plan to the contrary, but subject to Section 10.3 and the last sentence of this Section 10.13, Options, awards of Restricted Stock, Performance Awards, Dividend Equivalents, awards of Restricted Stock Units, Stock Payments or Stock Appreciation Rights granted under the Plan shall vest no earlier than the first anniversary of the date the award is granted and no award agreement shall reduce or eliminate the minimum vesting requirement; provided, however, that, notwithstanding the foregoing, awards that result in the issuance of an aggregate of up to 5% of the shares of Common Stock available pursuant to Section 2.1(a) as of the Restatement Effective Date may be granted to any one or more Employees, consultants or Independent Directors without respect to and/or administered without regard for this minimum vesting provision. Nothing in this Section 10.13 precludes the Committee (or the Board, in the case of awards granted to Independent Directors) from taking action, in its sole discretion, to accelerate the vesting of any award in connection with or following a Grantee's, Optionee's or Restricted Stockholder's death, disability, Termination of Employment, Termination of Consultancy, Termination of Directorship or the consummation of a Corporate Transaction or Change in Control.

10.14 Dividend Limitations. Notwithstanding any other provision of the Plan to the contrary, dividends and Dividend Equivalents with respect to an award that is subject to vesting that are based on dividends paid prior to the vesting of such award shall only be paid out to the Restricted Stockholder or Grantee, as applicable, to the extent that the vesting conditions are subsequently satisfied and the award vests.
