WABCO Wins \$1.2 Billion in New Business in Past Four Quarters, Comprising \$746 Million Through 2021 Inclusive; Reiterates Long Term Sales Growth Is Expected to Outperform Market Growth

BRUSSELS, Belgium, April 13, 2017 (GLOBE NEWSWIRE) -- WABCO Holdings Inc. (NYSE:WBC) (www.wabco-auto.com), a leading global supplier of technologies and services that improve the safety, efficiency and connectivity of commercial vehicles, today disclosed that - from Q2 2016 to Q1 2017 - it has entered into contracts in local currencies with customers worldwide that total \$1.2 billion of expected cumulative incremental business. These awards include \$746 million in new business earmarked from 2017 through 2021 inclusive.

These contracts represent new incremental business for WABCO that is separate from replacement and renewal of existing contracts. It comprises orders for WABCO products that improve vehicle safety, efficiency and connectivity, such as transmission automation technologies, modular braking system platforms (mBSP™), electronic suspension systems, actuators and braking solutions, and fleet management systems on commercial vehicles, alongside vacuum pumps for passenger cars.

"These new contracts significantly contribute to WABCO's ongoing ability to generate sales growth that outperforms the commercial vehicle market relative to global truck and bus production," said Jacques Esculier, WABCO Chairman and Chief Executive Officer. "We expect to outperform our market on average from 6 to 10 percent through 2021, taking into account that future new truck and bus builds globally appear to remain sluggish."

"As further evidence of WABCO's growth in North America, nearly one third of this new business through 2021 is anchored in that region, marking more than a twofold increase from a year ago," said Esculier. "In addition, almost half of our new business over the next five years is grounded in emerging economies where WABCO is solidly the market leader and continuously augmenting WABCO content per vehicle."

About WABCO

WABCO (NYSE:WBC) is a leading global supplier of technologies and services that improve the safety, efficiency and connectivity of commercial vehicles. Founded nearly 150 years ago, WABCO continues to pioneer breakthrough innovations for advanced driver assistance, braking, stability control, suspension, transmission automation and aerodynamics. Partnering with the transportation industry as it maps a route toward autonomous driving, WABCO also uniquely connects trucks, trailers, cargo, drivers, business partners and fleet operators through advanced fleet management systems and mobile solutions. For five consecutive years, *Institutional Investor* named WABCO among the "Top 3" in its sector for "Best CEO." WABCO reported sales of \$2.8 billion in 2016. Headquartered in Brussels, Belgium, WABCO has 13,000 employees in 40 countries. For more information, visit www.wabco-auto.com

WABCO Forward-Looking Statements

This document contains certain "forward-looking statements" as defined by the Private Securities Litigation Reform Act of 1995 that are based on management's good faith expectations and beliefs concerning future developments. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "strategies," "prospects," "intends," "projects," "estimates," "plans," "may increase," "may fluctuate," and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward looking in nature and not historical facts. Actual results may differ materially from these expectations as a result of many factors. These factors include, but are not limited to, the actual level of commercial vehicle production in our end markets, adverse developments in the business of our key customers, pricing changes to our supplies or products, our ability to successfully integrate any acquired businesses or our acquired businesses not performing as planned, our ability to mitigate any tax risks, including, but not limited to those risks associated with changes in legislation, tax audits and the loss of the benefits associated with our tax rulings and incentives in certain jurisdictions, and the other risks and uncertainties described in the "Risk Factors" section and the "Information Concerning Forward Looking Statements" section of WABCO's Form 10-K, as well as in the "Management's Discussion and Analysis of Financial Condition and Results of Operations - Information Concerning Forward Looking Statements" section of WABCO's Form 10-Q Quarterly Reports. WABCO does not undertake any obligation to update such forward-looking statements. All market and industry data are based on company estimates.
