Under the terms of the amendment, the parties have agreed to reduce the price for each share of Rite Aid common stock to be paid by Walgreens Boots Alliance. The revised price will be a maximum of \$7.00 per share and a minimum of \$6.50 per share. In addition, Walgreens Boots Alliance will be required to divest up to 1,200 Rite Aid stores and certain additional related assets if required to obtain regulatory approval. The exact price per share will be determined based on the number of required store divestitures, with the price set at \$7.00 per share if 1,000 stores or fewer are required for divestiture and at \$6.50 per share if 1,200 stores are required for divestiture. If the required divestitures fall between 1,000 and 1,200 stores, then there will be a pro-rata adjustment of the price per share. Walgreens Boots Alliance agreement to divest up to 1,200 Rite Aid stores represents an increase of up to 200 stores over the 1,000 stores that Walgreens Boots Alliance had agreed to divest under the terms of the original agreement.

Additionally, Walgreens Boots Alliance and Rite Aid agreed to extend the end date under the previously announced agreement from 27 January 2017 to 31 July 2017 in order to allow the parties additional time to obtain regulatory approval.

The transaction is subject to approval by the holders of Rite Aid's common stock, the expiration or termination of applicable waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and other customary closing conditions.
