Internet Brands, a KKR Portfolio Company, Successfully Completes Cash Tender Offer for Shares of WebMD

NEW YORK, Sept. 15, 2017 (GLOBE NEWSWIRE) -- WebMD Health Corp. ("WebMD") (NASDAQ:WBMD) and Internet Brands, a KKR portfolio company, announced today the successful completion of the previously announced cash tender offer launched by its affiliates, MH Sub I, LLC ("MH Sub I") and Diagnosis Merger Sub, Inc. ("Diagnosis Merger Sub") for all of the issued and outstanding shares of common stock of WebMD at a price of \$66.50 per share, net to the seller in cash without interest and less any applicable withholding taxes.

The tender offer expired at 5:00 P.M., New York City time, on September 14, 2017. As of the expiration of the tender offer, a total of 30,583,187 shares of common stock of WebMD representing 78.69% of the issued and outstanding shares of WebMD (including restricted shares), were tendered into and not withdrawn from the tender offer. In addition, 2,392,131 shares of common stock of WebMD have been tendered by guaranteed delivery, representing approximately 6.16% of the then issued and outstanding shares (including restricted shares) of WebMD.

All conditions to the tender offer have been satisfied or waived and Diagnosis Merger Sub accepted for payment, and expects to promptly pay for, all shares validly tendered into and not withdrawn from the tender offer in accordance with the terms of the tender offer.

As a result of its acceptance of the shares tendered in the tender offer, MH Sub I has acquired a sufficient number of shares of WebMD's common stock to close the merger of Diagnosis Merger Sub with and into WebMD without the affirmative vote of WebMD's other stockholders pursuant to Section 251(h) of the Delaware General Corporation Law. The parties anticipate that they will complete the merger today. Upon completion of the merger, WebMD will become a wholly owned subsidiary of MH Sub I and WebMD's common stock will cease trading on the NASDAQ.
