Kratos Receives \$5 Million in Orders for Satellite Communication System and Other Hardware

SAN DIEGO, June 07, 2017 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (NASDAQ:KTOS), a leading National Security Solutions provider, announced today that its Modular System Division (MSD) recently received \$5 million in Orders for Specialized Satellite Communication Systems and other Hardware from U.S. National Security related customers. Kratos' MSD is a leading provider of hardware, equipment and systems that support satellite communications, unmanned aerial systems, missile, radar, high power directed energy and other National Security related programs. The products, hardware and systems to be delivered under these recent contract awards will be produced in a secure Kratos manufacturing facility. Due to customer related and other considerations, no additional information will be provided related to these recent contract awards.

Tom Mills, President of Kratos' Modular System Division, said, "Our entire organization is proud to support certain of the United States' most strategically important satellite communication, ballistic missile defense, unmanned system and other critical programs."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a mid-tier government contractor at the forefront of the Department of Defense's Third Offset Strategy. Kratos is a leading technology, intellectual property and proprietary product and solution company focused on the United States and its allies' national security. Kratos is the industry leader in high performance unmanned aerial drone target systems used to test weapon systems and to train the warfighter, and is a provider of high performance unmanned combat aerial systems for force multiplication and amplification. Kratos is also an industry leader in satellite communications, microwave electronics, cyber security/warfare, missile defense and combat systems. Kratos has primarily an engineering and technically oriented work force of approximately 2,900. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
