

## **New yrcregional.com Web Site Offers Convenient, One-click Access to Regional Shipping Expertise, Tools and Information**

### **Enhancements feature ability to track multiple Reddaway, Holland and New Penn shipments on the home page**

OVERLAND PARK, Kan., Sept 21, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- YRC Regional Transportation Inc., a subsidiary of YRC Worldwide Inc. (Nasdaq: YRCW), announced today the launch of an enhanced, new Web site, [yrcregional.com](http://yrcregional.com), replacing two of its former regional sites, [usfc.com](http://usfc.com) and [usfnet.com](http://usfnet.com). With just the click of a tab on the home page, customers can access applications and information across the three YRC Worldwide regional companies - Reddaway, Holland and New Penn - to track shipments, access service maps, obtain shipping forms, view transit times and more.

"While yrcregional.com has an updated look and feel, its core functionality maintains a very user-friendly interface that supports the strengths of our regional companies, including more next-day delivery options, high reliability and claim-free handling," said Greg Reid, executive vice president and chief marketing officer - YRC Worldwide. "These online enhancements bring our regional services closer together, making it easier for customers to find us and leverage our expertise in next-day, second-day and time-sensitive shipments."

The most notable new functionality is the ability for customers to track multiple shipments from a common home page using PRO numbers from Holland, Reddaway and New Penn.

In addition, by clicking on the Customer Service tab on the home page, customers can log in to their secure Holland, Reddaway or New Penn accounts to obtain personalized rate quotations, create bills of lading, view shipment tracking reports, view shipping documents, and more using their existing credentials for either [usfnet.com](http://usfnet.com) and [newpenn.com](http://newpenn.com). New customers can also setup new secure, online accounts by completing the appropriate registration form for instant access.

"We have the largest, most comprehensive transportation network in North America with local, regional, national and international capabilities," said Reid. "Today's launch of yrcregional.com is an additional step toward making all of the customer support tools and information we deploy equally comprehensive."
