hhgregg Announces Appliance Sales for ENERGY STAR Appliance Rebate Program

Stores Open Early, Special Pricing for Broward and Miami-Dade Counties

INDIANAPOLIS--(BUSINESS WIRE)-- Indianapolis-based appliance and electronics leader hhgregg (NYSE: HGG) today announced that all appliances will be on sale Monday, September 26th at South Florida hhgregg stores to help customers maximize the savings available from two county appliance rebate programs. South Florida hhgregg's, including Hialeah, Pinecrest, Aventura, Pembroke Pines, Sawgrass and Fort Lauderdale will open at 6:00 a.m. on Monday, September 26th to help customers take advantage of the rebate programs being offered by Broward County and Miami-Dade County.

Combined with hhgregg's appliance sale, the county rebate programs make it an ideal time purchase an ENERGY STAR appliance. The Broward County Energy Sense Appliance Rebate Program is open to residents and small-to medium-sized businesses that replace old appliances with more energy efficient appliances. Up to \$400,000 is available in rebates to eligible participants who purchase qualified ENERGY STAR refrigerators, freezers or washing machines. The program begins on September 26th, and is available on a first-come, first-serve basis to residents who pre-register online and then mail in an application to the County postmarked no later than November 4th. The Miami-Dade Residential Appliance Rebate Program is also available to residents only through a pre-registration process on a first-come, first-served basis from September 26th — October 12th. Rebates include between \$150 - \$250 on refrigerators and \$150 on Energy Star clothes washers.

"hhgregg's wide selection of more than 500 appliances in stock every day, combined with our appliance sale and early store hours should make our South Florida stores the first stop for rebate program shoppers," said Jeff Pearson, vice president of marketing for hhgregg. "Our helpful sales staff can provide advice and expertise to help customers find the energy efficient appliance that is right for them."
