inTEST to Participate in Investor Conferences in December 2015

MOUNT LAUREL, NJ -- (Marketwired) -- 11/25/15 --

- *2015 LD Micro Main Event Conference;*
- *Fourth Annual Midtown CAP Investor Summit 2015;*
- *Benchmark Micro Cap Discovery One-on-One Conference*

inTEST Corporation (NYSE MKT: INTT), an independent designer, manufacturer and marketer of temperature management products and semiconductor automatic test equipment (ATE) interface solutions, today announced that the Company's management will participate in the following three investor conferences scheduled to take place in December 2015: (i) the 2015 LD Micro Main Event Conference, (ii) the Fourth Annual Midtown Cap Investor Summit 2015, and (iii) the Benchmark Micro Cap Discovery One-on-One Conference. The presentation materials utilized during the conferences will be made accessible on the investor page of the inTEST Corporation website at www.intest.com.

2015 LD Micro Main Event Conference - December 2, 2015 (Los Angeles, CA)

Mr. Robert Matthiessen, president and chief executive officer, and Mr. Hugh Regan, Jr., chief financial officer, will present at the LD Micro Main Event Conference at 9:00 am PST, Track 1, on Wednesday, December 2, 2015. The conference will be held at the Luxe Sunset Boulevard Hotel in Los Angeles, California. Messrs. Matthiessen and Regan will be available at the conference for one-on-one meetings with investors. Investors who wish to view the live webcast, please access the following URL: <http://wsw.com/webcast/ldmicro9/intt>.

Portfolio managers and analysts who wish to request a meeting with the Company should contact their LD Micro representative directly.

Fourth Annual Midtown CAP Investor Summit - December 10, 2015 (New York, NY)

Mr. Robert Matthiessen will participate in the 4th Annual Midtown CAP Investor Summit 2015 being held December 10, 2015 at the Le Parker Méridien Hotel, New York, NY.

The Midtown CAP Summit is hosted by executive management from the following participating companies: Aehr Test Systems (AEHR), Axcelis (ACLS), Advanced Energy Industries (AEIS), Brooks Automation (BRKS), Camtek Ltd (CAMT), Cascade Micro (CSCD), Cohu (COHU), Electro Scientific (ESIO), FormFactor (FORM), inTEST (INTT), Intevac (IVAC), Mattson Technology (MTSN), Nanometrics (NANO), Rudolph Technologies (RTEC), Ultra Clean Technology (UCTT), Ultratech (UTEK), Veeco Instruments (VECO) and Xcerra Corporation (XCRA), and will feature a "round-robin" format consisting of a series of small group meetings. The conference is not webcast. The Midtown CAP Summit is by invitation only and is open to accredited investors and publishing research analysts. Hosts reserve the right to limit attendance as necessary.

Portfolio managers and analysts who wish to attend the Midtown CAP Summit, please contact: Laura J. Guerrant-Oiye / Guerrant Associates / Phone: (808) 882-1467 / Email: lguerrant@guerrantir.com.

Benchmark Micro Cap Discovery One-on-One Conference - December 10, 2015 (Chicago, IL)

Mr. Hugh Regan, Jr. will participate in the Benchmark Micro Cap Discovery Conference and will be available to meet with investors on Thursday, December 10, 2015 at the Palmer House Hilton in Chicago, IL. The conference is not webcast.

Portfolio managers and analysts who wish to request a meeting with the Company should contact their Benchmark Company representative directly.

About inTEST Corporation

inTEST Corporation is an independent designer, manufacturer and marketer of temperature management products and ATE interface solutions, which are used by semiconductor manufacturers to perform final testing of integrated circuits (ICs) and wafers. The Company's high-performance products are designed to enable semiconductor manufacturers to improve the speed, reliability, efficiency and profitability of IC test processes. The Company's products are also sold into the automotive, consumer electronics, defense/aerospace, energy and telecommunications industries. Specific products include temperature management systems, manipulator and docking hardware products and customized interface solutions. The Company has established strong relationships with its customers globally, which it supports through a network of local offices. For more information visit www.intest.com.
